CONGRESS CLOSES.

The Special Session Is Now a Thing of the Past.

Failure to Agree on the Urgent Deficiency Bill—Hornblower Not Confirmed—Resume of the Extra Session's Work.

STATESMEN OUT.

WASHINGTON, Nov. 4.—Both branches of congress, in special session, adjourned sine die at 3 p. m., on Friday. In the senate the house bill in aid of the world's fair prize winners' exhibition in New York city was, on motion of Senator Harris (dem., Tenn.), taken up and passed. After the usual vote of thanks to the vice president and to Senator Harris, president pro tem. of the senate, an executive session was held lasting until the hour for adjournment had arrived. When the doors were reopened Senator Ransom (dem., N. C.), from the committee to wait on the president, reported that the committee had performed that duty and that the president had no further communication to make. The vice president then arose and in a brief speech declared the senate adjourned sine die.

House Proceedings.

The house failed to agree to the clause in the urgency deficiency bill providing back pay for senators' clerks, and the measure went over until the regular session. Mr. Springer (Ill.) made an ardent appeal in the interest of Mrs. Potter Palmer's proposition awarding diplomas to designers, artisans and others who had contributed toward making the Columbian exposition a success. This proposition was taken out of the urgent deficiency bill and started on a new tack as a joint resolution and went through the house. It was sent over to the senate, but it was too late, and will have to be hung up until December.

The house also failed to agree to the senate amendments to the bill authorizing a rebate of half the duties imposed upon such foreign exhibits in the Columbian exposition as may be sold and a rebate of all the duties on such imported exhibits as may be donated to or purchased by the Columbian museum of Chicago. A conference committee was appointed. It reported just before adjournment recommending an agreement with the senate amendment remitting the duties only on such exhibits as the world's fair as may be donated or purchased for the Columbian museum, and the house accordingly accepted the amendment and the bill went to the president. At 3 p. m. Speaker Crisp in a few words announced a sine die adjournment.

Work of the Extra Session.

At the extraordinary session sixteen joint resolutions and seventeen bills became laws. Three of these joint resolutions were signed Friday and nine of the bills. The last proposition to become law was the joint resolution amending the act approved April 25, 1890, relating to the admission of articles intended for the World's Columbian exposition. Other bills signed Friday were as follows:

Transferring the model battleship Illinois to the state of Illinois as a naval armory; donating abandoned cannon to the U. S. A. R. at Pittsburgh, Pa.; act amending the Geary Chinese law; to regulate terms of the United States circuit and district courts in the state of South Dakota; increasing the number of officers of the army and navy to be detailed to collectors; to regulate the fees of the clerks of the United States court for the Indian territory; amending an act to provide for holding terms of United States court in Idaho and Wyoming; amending section 2284 of revised statutes relating to mining claims; providing for the construction of steam revenue cutters for service on the great lakes; and an act in regard to the world's fair prize winners' exhibition to be held in New York city.

Additional important bills which were signed by the president during the extra session included the famous silver bill repealing the purchasing clause of the Sherman act. Also the following:

Authorizing acknowledgments to the various foreign governments who participated in the commemoration of the discovery of America by Christopher Columbus; for the reporting, marking and removing of derelicts; act in aid of the California Midwinter International exposition; act to extend the time for completing the work of the eleventh census; act amending the act to repeal timber culture laws; several bills relating to the Cherokee outlet, and a bill to settle the Mormon church fund.

Laid to White Caps.

BROOK HAVEN, Miss., Nov. 7.—The courthouse here was destroyed by fire yesterday and all the records were burned. There were about seventy-five indictments pending against white caps, and they were charged with burning the building.

Issue a Silver Address.

WASHINGTON, Nov. 6.—An address on the silver question—denouncing the repeal of the coinage clause of the Sherman act has been issued by five senators and a dozen congressmen, nine of the signers being populists.

Stole Their All.

LEADVILLE, Col., Nov. 4.—Three masked men forced entrance into the home of Joseph Miscenta near this city and secured \$1,000 in cash and jewelry, representing the earnings of years.

Business Failures.

NEW YORK, Nov. 4.—There were 338 business failures in the United States in the seven days ended yesterday, against 346 the week previous and 238 in the corresponding time in 1892.

Stricken with Paralysis.

MEXICO, Mo., Nov. 7.—While at the breakfast table, Sunday morning, ex-Congressman Buckner suffered a stroke of paralysis. It is doubtful if he will recover.

Watching for Cranks.

WASHINGTON, Nov. 5.—Extra precautions were being taken to prevent cranks from getting into the white house, caused by a threatening Idaho man.

A MASK TORN AWAY.

A Respected Cleveland Woman Proves to Be a Notorious Shoplifter.

CLEVELAND, O., Nov. 7.—The police department of Toledo has made an arrest which lifts the scales from a devoted husband's eyes and which will astonish west side residents of this city. Word was received here Monday from Toledo that Mrs. Arthur Young was held there on a charge of stealing a pocketbook containing \$187 in a millinery store in that city. Her husband hastened to her assistance and to him she denied her guilt, claiming that it was another woman whom she had accompanied to the store who committed the theft. Her husband believed her and engaged an attorney to defend his wife. Later in the day, however, his hopes were shattered. His wife's room was searched and the pocketbook containing the \$187 was found concealed beneath the carpet.

Mrs. Young turns out to be no less a personage than the notorious "Mother Hubbard," whose sneak-thieving propensities are known to the police throughout the country. Her picture adorns the rogues' gallery in many of the larger cities. For years she has lived a dual life. While at her home in this city she appeared to her acquaintances to be the soul of honor, and she was greatly respected. It was noticed, however, that Mrs. Young often left home, remaining away for weeks at a time. Nothing strange was thought of this, however, as it was always believed that she was away visiting friends or relatives.

Mr. and Mrs. Young have lived in Cleveland for several years, their home being at 14 Fulton street, west side. They have enjoyed the highest esteem of all who knew them, and it is believed that Mr. Young was completely ignorant of his wife's real character.

MUST LIVE CHEAPER.

Pennsylvania Workingmen Discuss Methods of Economy.

NEWCASTLE, Pa., Nov. 7.—Delegates from twenty labor organizations in this city met Monday to discuss some method by which the workingmen could live cheaper. The wages of the men have been cut down from 30 to 40 per cent, and it was the sense of the meeting that landlords, grocers, butchers and other merchants should make some cut in prices. A cooperative scheme was strongly urged at first, but it was decided to appoint one member from each organization represented, the whole to constitute a committee whose duty it will be to visit the merchants and make a canvass to see which firm will make the greatest discount to the workmen represented by the labor organizations. It was decided to select one grocer, one butcher, one clothing man, etc., and throw all the trade to them, provided, of course, that they will make a reasonable discount. In case this is not done the men will start cooperative stores.

SEEKING STATEHOOD.

Oklahoma's Representative Talks of Her Claims.

WASHINGTON, Nov. 7.—There is now pending before the house committee on territories the bill introduced by Delegate Flynn for the admission of Oklahoma, but there are two factions interested in this question for and against Indian territory as a portion of the state of Oklahoma. Speaking of the rights of Oklahoma to statehood, Mr. Flynn said there is a population of 700,000 in Indian territory and Oklahoma, and in Oklahoma alone a population of 300,000, all first-class citizens. He thinks it would be a great injustice to the people of Oklahoma to deny them admission as a state.

THE OLD STORY.

Children Locked in the House by Their Parents Burn to Death.

KENNEDY, Ala., Nov. 4.—Friday morning Henry Weir and wife locked their house, leaving four children inside, and started for the field to work. In some unknown manner the house caught fire and three of the children were burned to death. The eldest child succeeded in escaping.

Took His Own Life.

DENVER, Col., Nov. 5.—Hon. George Symes, ex-congressman, a prominent attorney, one of Colorado's pioneers and one of Denver's most prominent citizens, lies at the morgue. Mr. Symes killed himself yesterday, presumably while laboring under pain so intense that his reason was temporarily affected. He was elected to congress in 1884 as a republican and served two terms.

An Appeal for Aid.

WASHINGTON, Nov. 7.—Miss Clara Barton, president of the American Red Cross society, pleaded here last night for assistance for the unfortunate people of the sea islands off the coast of South Carolina. She said 30,000 of the people were homeless and without the bare necessities of life.

Chinese Will Be Set at Liberty.

SAN FRANCISCO, Nov. 6.—United States District Attorney Carter received instructions from Washington to release all Chinese sentenced to deportation under the Geary act, except in cases of convicted felons. All of the Chinese affected with the exception of two were sentenced by United States Judge Ross at Los Angeles.

Great Catch of Whales.

SAN FRANCISCO, Nov. 4.—The whaling bark Alaska got in from the Arctic Friday morning with news from the fleet up to October 8. The report by the Alaska shows that never in the history of the world has the present catch been equalled. The total number of whales captured by the fleet up to the date named was 339.

FIRE ON OUR FLAG.

The Stars and Stripes Insulted in Honduras Waters.

For Refusing to Surrender a Passenger Seven Shots Are Sent After the Steamship Costa Rica, with Our Minister Aboard.

OLD GLORY INSULTED.

LA LIBERTAD, Honduras, Nov. 7.—Honduras fired upon the American flag Monday morning. By the alleged orders of President Vasquez and the express command of the commissioner of the port of Amapala seven cannon shots were fired after the Pacific mail steamship Costa Rica, flying the stars and stripes, as she steamed away because she refused to surrender one of her passengers to the Honduras government. United States Minister Baker was on board the Costa Rica at the time.

Cause of the Trouble.

The passenger about whom the trouble arose is Policarpo Bonilla, who recently led the revolution in Honduras, but was defeated by Gen. Vasquez. He then fled to Nicaragua, and with 300 of his adherents joined the army of President Sacasa, who was engaged in an attempt to quell a rebellion. Bonilla had decided to leave Nicaragua. He therefore sailed from Corinto for Guatemala on November 4 on the Costa Rica. American Minister Baker and more than 100 other persons were his fellow passengers. They arrived Sunday morning at Amapala, a port of entry of Honduras on the Pacific coast, and at 9 o'clock in the afternoon the commander of the Port Villilla demanded that Capt. Dow should surrender Bonilla. Seven shots were fired after the Costa Rica, although she flew the American flag. None of the shots struck her, however, but it is feared the steamship City of Panama, of the same line, which was lying in the port, may have been injured, because the firing continued for some time after the Costa Rica was out of range.

BARN BURNERS LYNCHED.

Three Men and a Woman, All Colored, Hanged Near Lynchburg, Tenn.

NASHVILLE, Tenn., Nov. 6.—A Fayetteville dispatch to the Banner says: At 7 a. m. Saturday on the farm of Jack Daniels, near Lynchburg, Ned Waggoner, his son Will and daughter Mary, and his son-in-law, Motlow, were found hanging to one tree. All the parties are colored, and the only cause at present assigned for their fate is that they were supposed to have been implicated in the numerous barn-burnings which have taken place in Moore and Lincoln counties recently. There is no clew as to the perpetrators of the deed.

HE GAVE BAIL.

Judge Jenkins Furnishes Bonds for \$20,000 Under an Indictment.

MILWAUKEE, Nov. 7.—Just before the municipal court met Judge Jenkins, of the United States circuit court, appeared in the clerk's office and signed bonds aggregating \$20,000 for his appearance under the old and new grand jury indictments charging him with embezzlement and illegal banking. His sureties are R. K. Miller, Sr., and F. G. Bigelow. Judge Jenkins was a director in the Plankinton bank, which failed last July, but he paid no attention to the affairs of the bank.

ORIGIN OF A BIG BOSTON FIRE.

Youthful Incendiary in Jail Confesses to Having Set It.

BOSTON, Nov. 6.—Louis A. Wright, an 18-year-old lad of Newton, Mass., now in jail as an incendiary, has confessed to having set the big fires in Boston last spring which so startled Boston and caused a wholesale jump in insurance rates. His fires included the Hecht building, the Ames, Lincoln, Brown, Durrell and other buildings burned in the so-called Lincoln street fire, besides sundry other buildings. His work caused a loss of property of \$3,000,000 and eight deaths.

Rise in Rivers Proves Beneficial.

PIITTSBURGH, Pa., Nov. 7.—The slow but steady rise in the Allegheny and Monongahela rivers enabled the shipment of about 1,000,000 bushels of coal in light river craft Monday afternoon and evening. There are in this harbor awaiting shipment to points on the lower Ohio river between 25,000,000 and 30,000,000 bushels of coal.

Relief Train Sent to Georgia.

NEW YORK, Nov. 7.—The World's special southern relief train, consisting of eleven freight car loads of provisions contributed by generous people of New York and vicinity for the sufferers at Brunswick, Ga., and the Sea Islands, left Jersey City Monday night at 9:15.

BLOODSHED IN OHIO.

Charles Manning Kills His Wife, Her Cousin and Himself.

TOLEDO, O., Nov. 7.—At Elyria, O., Monday night Charles Manning shot and instantly killed his wife and her cousin, Mrs. W. R. White, and then put a bullet in his own brain, dying almost instantly. Manning had been sued for divorce and was crazy drunk at the time of the crime. The deed was premeditated, as he left a card for publication.

Its Last Session.

CHICAGO, Nov. 7.—The World's Columbian commission adjourned sine die. Its next regular meeting should be in April, 1894, but it adjourned subject to the call of President Palmer, with the understanding that there should not be another meeting until after all the reports from the bureau of awards and committee on history, as well as those of the director general and department chiefs, shall be ready for presentation. Monday's session really marked the close of the labors of the commission.

Ohio Gas Wells Falling.

UPPER SANDUSKY, O., Nov. 4.—Upper Sandusky is a natural gas town no more. The gas company refuses longer to supply the city. This is owing to the fast and sure failure of the northwestern Ohio wells. The event was anticipated, however, and no one was caught unprepared. One hope is left yet, and that is the possibility of artificial fuel gas. A company is already seeking to construct a plant.

OUR LOCAL POETS.

What Man Wants.

William Wiley is my name,
Where I came from the state of Maine
Money I have and land beside,
But what I want is just a bride.

Who will be the girl to wed me there,
I have popped the question I do declare
Some one that's nice and one that's witty
Some one tall and very pretty.

This is the kind I want to wed,
Not one to earn her daily bread
Buy one to play the piano for me,
To we can always and ever agree.

So make my home so very rare,
That I shall always be found there
My wife, my children around my hearth
The dearest place for me on earth.

Grand Annual Business College.
 No. 90 Euclid Avenue, Cleveland, Ohio.
 The Greatest Business University in America.
 Over 1,500 students attended last year, more than twice as large an attendance as all other Business Colleges in Cleveland combined; more than 1,000 students who attended last year are now holding good positions. The Euclid Ave. Business College employs a corps of forty men, nearly one half of whom have formerly been college presidents. With a faculty like this it is no wonder that its graduates are sought by business men. 133 Graduates received diplomas at our last graduating exercises; of that number 175 were holding good positions within 30 days from that date. Nearly 300 will receive diplomas at our next annual commencement. Send for circulars or call at the main office, 90 Euclid Ave. Telephone No. 532. M. J. CATON, President.

Fred Yeiter, wife and little girl from Kingman Co., Kan., are visiting the home of his boyhood and shaking the hands of old time associates. Fred has not been home for a number of years, he looked boyish when he went away but a number of years of successful farming in Kansas have made quite a staid citizen of him and his top knot portrays skillful, domestic management quite as faithfully as does that of your humble scribe.

Masters S. E. Hull and Fred Calkins came out from Gd. Rapids last Thursday morning loaded with shot gun, rifle and plenty of cartridges prepared to paint the autumn forest with gore. They were successful they exploded most of their shells, tramped the woods faithfully while doing so and Saturday night counted up two red squirrels, one woodpecker, and one blue jay. Calkins got a bullet stuck in his Flobert rifle and not knowing it kept right on shooting until he got the butt end of his gun barrel so full of bullets that he could not stick in another shell. In this dilemma Dr Curtis was called on to prescribe. He at once proceeded to perform a skillful operation on that gun barrel. The gun-barrel survives the shock, but is now suffering from general debility and an accumulation of pure worthlessness.
