Why Lilloukalani Refused Amnesty to Her Enemies.

Dole and His Comrades Marked for Decapitation—President Cleveland Transmits the Hawaiian Correspondence to Congress.

WILLIS INSTRUCTED TO WAIT. WASHINGTON, Jan. 15.—President Cleveland has transmitted to congress all correspondence relating to Hawaii since his last message. The message transmitting additional Hawaiian correspondence is as follows: "To the congress: I transmit herewith copies of all dispatches from our minister to Hawaii, except such as have been previously transmitted to congress."

The correspondence follows: Mr. Willis to Mr. Gresham. LEGATION OF THE UNITED STATES, HONOLULU, Nov. 18, 1892.—Sir: In the forenoon of Monday, the 18th inst., by prearrangement, the queen, accompanied by the royal chamberlain, Mr. Robertson, called at the legation. No one followed her to the room, and she remained in the room until she had been escorted to the front of the house, to prevent interruption. After a formal greeting the queen was informed that the president of the United States had important communications to make to her and she was asked whether she was willing to receive them alone and in confidence, assuring her that this was for her own interest and safety. This she answered in the affirmative. Presented Cleveland's Regrets.

word of the American government upon this subject. This conviction is emphasized by the favorable expression of American statesmen over a long period in favor of annexation, conspicuous among whom are the names of W. L. Marey, William H. Seward, Hamilton Fish and James G. Blaine, all former secretaries of state, and especially so by the action of your last administration in negotiating a treaty of annexation with this government and sending it to the senate with a view of its ratification.

"We shall therefore continue the project of political union with the United States as a conspicuous feature of our foreign policy. Your information that the president of the United States expects this government to promptly relinquish to the ex-queen her constitutional authority might well be dismissed in a single word, but by the circumstances that your communication contains, as it appears to me, misstatements and erroneous conclusions based thereon, that are so prejudicial to the government that I cannot permit them to pass unchallenged. We do not recognize the right of the president of the United States to interfere in our domestic affairs. Such right could be conferred upon him by the action of this government and by that alone.

In conclusion, President Dole says: "I am instructed to inform you, Mr. Minister, that the provisional government of the Hawaiian Islands respectfully and unhesitatingly declines to entertain the proposition of the president of the United States, that it should surrender its authority to the ex-queen. Regarding the right of the United States to interfere, Mr. Dole says: "The treaties between the two countries confer no right of interference. Upon that point, Mr. Minister, does the president of the United States base his right of interference?"

Latest Instructions to Willis. The last instructions to Minister Willis are dated January 12 and are as follows: "To Willis, Minister to Honolulu: Yours No. 14 is received. It is inclosed to you herewith a copy of the correspondence with the ex-queen which you have discharged the onerous task of in the conclusion which his sense of right and duty and a due regard for our national honor constrained him to reach and submit as a measure of justice to the people of the Hawaiian Islands and their deposed sovereign.

"While it is true that the provisional government was created to exist only until the islands were annexed to the United States; that the queen finally but reluctantly surrendered to an armed force of this government illegally quartered in Honolulu, and representatives of the provisional government, which realized its impotence and was anxious to get control of the queen's means of defense, being assured that the world would read her case would be subsequently considered by the United States, the president has never claimed that such action constituted him an arbitrator in the technical sense authorized him to act in that capacity between the provisional government and the queen. "You made no such claim when you requested that government with the president's decision. The solemn assurance given to the queen has not been referred to as authority for the president to act as arbitrator, but as a fact material to a just determination of the president's duty in the premises. The substitution of the Hawaiian government by an abuse of the authority of the United States was in plain violation of international laws and required the president to disavow and condemn the act of our offending officials and within the limits of his constitutional power to endeavor to restore the lawful authority.

Mr. Willis is at this point acquainted with the submission to congress of Blount's report and all other correspondence. The letter concludes: "Your report shows that on further reflection the queen gave her unqualified assent in writing to the conditions suggested and that the provisional government refused to acquiesce. The matter now being in the hands of congress, the president will keep that body fully advised of the situation and will lay before it from time to time the reports received from you, including your No. 6 heretofore withheld, and all instructions sent to you. In the meantime, while keeping the department fully informed of the course of events, you will further notice consider that your special instructions upon this subject have been fully complied with."

Will Offer No Resistance. SAN FRANCISCO, Jan. 15.—The City of Peking arrived from Honolulu bringing the following advice: "HONOLULU, Jan. 5.—Since our last news, sent per Warrimo on the 1st, all has been quiet. The government has removed all the sandbags from the verandas of the executive building, whence sharpshooters were to pick off attacking naval forces. Should congress order the queen restored by force no resistance would be attempted. The sandbag defenses on the ground are left against a possible royalist insurrection. The government has small fear of such an attempt, but remains on the alert." Made a Few Exceptions. "It is learned from a prominent royalist that after United States Minister Willis had made his demand upon the provisional government, he heard that the ex-queen intended to except several individuals from her guaranty of amnesty. It is reported that thereupon the American minister spent a portion of the evening in question at Washington place, arguing with the ex-queen and trying hard to change her opinion. It is said that she refused to do this and that she excepted from amnesty President Dole, W. O. Smith, attorney general; Chief Justice Judd and several others.

A MOB'S WRATH.

It Is Visited in a Summary Manner Upon Three Kansans.

J. G. Burton, William Gay and His Son, Charged with Murder and Horse Stealing, Become the Victims of Angry Citizens. A KANSAS LYCHING. RUSSELL, Kan., Jan. 15.—For two horses, a saddle, a watch, some clothes and \$50 four lives have been given. The first was that of Frederick Dinning, whose disappearance last summer aroused the whole country. The other three were taken by lynch law Sunday morning. These were: William Gay, a settler, aged 60; his son John, aged 30, and half-witted; and J. G. Burton, a bachelor and stock dealer living near Lucas, ten miles northeast. A mob of one hundred determined men entered the jail here between 9 and 3 o'clock Sunday morning, took out the three prisoners and hanged them to a small railroad bridge a short distance east of the depot in this city.

Murder of Fred Dinning. The crime for which they were lynched was the killing of Fred Dinning in July last on the Burton place, 30 miles northeast of this city. Inquiry regarding a draft payable to Dinning and his mysterious disappearance led to an investigation and the arrest of Burton. When closely questioned as to the whereabouts of Dinning Burton said he had gone to Oklahoma with a young man named Gay. A few weeks ago young Gay returned and was at once arrested. For Self-Protection. Doubtless one of the causes that led to this taking of the law into their hands was the fact of an organized gang of thieves, of which these persons were supposed to be members, and Burton one of the leaders among them. It would be easy to procure any testimony that might be needed to clear them. Stockmen especially have been suffering from the depredations of this gang for several years past by the frequent loss of horses, cattle, grain and other property, and it was not considered safe for any person to cause the arrest and conviction of any member of this gang. Lynched in Ohio. WEST UNION, O., Jan. 12.—Roscoe Parker, a shiftless colored boy of 16 years, was lynched early Friday morning for the murder four weeks ago of Pit Rhine and his wife, an aged couple living at West Union, who were murdered in their cabin for \$10—all they had. A heavy club and a butcher knife had been used.

FOUL MURDER AT ST. LOUIS. Four Negroes Kill an Aged Couple for Their Money. ST. LOUIS, Jan. 12.—Thursday night four negroes entered the home of Frederick Benny, a farmer living half a mile south of Florissant, a suburb of this city, and made a demand for money, which they believed was concealed in the house. The demand not being acquiesced in the quartette beat Benny, who is over 70 years old, and his wife, aged 65, so severely that the latter is dead and the former cannot recover from his injuries. A hired man, hearing the screams of the old couple, ran to their assistance and was himself beaten into insensibility. The negroes then secured \$300 and fled.

Post Office Destroyed. UNIONVILLE, Mo., Jan. 16.—Fire caused by an explosion destroyed the post office block on the south side of the square Monday morning. The loss was \$30,000, with at total insurance of \$14,500. The post office was completely gutted, with several hundred dollars' worth of stamped envelopes, postal cards and wrappers burned. All outgoing mail deposited from Saturday afternoon until Sunday evening was destroyed, as was the mail in private boxes. The loss to Uncle Sam is about \$5,000.

Charge with Misappropriation. CHICAGO, Jan. 16.—G. M. Bogue, for many years favorably known as a real estate dealer and as the moving spirit in numerous important enterprises, is charged with being a defaulter to the Presbyterian hospital to the extent of \$75,000, and to have been derelict in various other trusts in which he has hitherto had the confidence of his friends and associates.

Springfield, Mo., Jan. 16.—Constable Tony Arnold and his deputies shot and killed John Johnson on one of the principal streets of this city while the latter was resisting arrest. Johnson and his accomplice, who escaped, had stolen a horse and wagon and had the property with them at the time.

Whole Towns Down with the Grip. CONCORD, N. H., Jan. 15.—A terrible epidemic of the grip is reported from Pittsburg and Stewartstown. Nearly the whole adult population of both places is prostrated with the disease and eight deaths have occurred within a few days. Thirty men are sick in their camps at Perry and Indian streams, and four deaths have already occurred there.

World's Fair Awards. WASHINGTON, Jan. 15.—John Boyd Thacher as chief of the bureau of awards of the Columbian exposition says in his report to the national commission that there were 65,482 individual exhibitors, and the judges made awards to 21,000 individual exhibitors.

TRIPLE SUICIDE IN PARIS.

Tired of the Struggle for Bread M. Caubet, His Wife and Daughter Die.

PARIS, Jan. 16.—The city is stirred by news of the suicides of M. Caubet, brother of the late chief of police, his wife and daughter. Caubet was 63 years old, his wife of about the same age and his daughter 23. They lived in a pretty and comfortable flat in the Rue des Martyrs. Recently Caubet had lost heavily in business. The daughter had tried to support the family by giving music lessons, but could not earn enough for them. As matters grew worse all three resolved to die. They sold some of their furniture and used the money to buy a sumptuous dinner. After eating they paid and dismissed their one servant. They signed a paper explaining their troubles and their motives in taking their lives, then pasted papers over the cracks in the doors and windows and lighted two charcoal fires. Each swallowed a vial of laudanum.

MONUMENT TO SPINNER.

Women Place a Memorial to the Late Treasurer.

WASHINGTON, Jan. 15.—The women of Washington have raised \$9,000 to erect a monument to Gen. Francis Spinner, formerly treasurer of the United States, who was the first official to give women employment in the government service, and they want \$1,000 more. There are now over 5,000 women employed in this city by the government alone and probably 30,000 throughout the country. In 1863 there were none. Thirty years ago the sphere of woman was limited to the kitchen and school and the sewing-room, and it is largely due to Gen. Spinner that they have been admitted to business employment. The committee in charge of the erection of the monument ask that those who are enjoying the benefits of his example contribute one dollar or more to complete their fund.

TEN LIVES LOST.

Terrible Result of a Railway Collision in New Jersey.

NEW YORK, Jan. 16.—By a rear-end collision on the Delaware, Lackawanna & Western railroad at 8:15 o'clock Monday morning ten persons either were killed outright or died a few minutes after the crash; thirty-eight were so badly hurt that several probably will die, and twenty-five others received painful shocks, burns, cuts and contusions, from which they will suffer for many days to come. The accident occurred just west of the long Hackensack river drawbridge, between Harrison station and Hoboken, and about a half mile beyond the west entrance to the tunnel, the eastern terminus of which is in Hoboken and only four or five minutes' run from the Hoboken ferry station.

MURDER AND SUICIDE.

Edward Lewis Kills His Wife and Then Fatally Shoots Himself.

CINCINNATI, Jan. 12.—Edward Lewis, a young carpenter, murdered his wife in a hallway and then turned his revolver upon himself and ended his own life. The couple frequently quarreled and finally Mrs. Lewis had her husband arrested for beating her. She was on her way to the police court, supposing he was locked up. As she descended the stairs and near the street door in the hallway Lewis caught her by the throat and fired a ball through her head. He immediately shot himself and fell across her dead body. Jealously was at the bottom of the trouble.

Took a Big Risk.

WARREN, Pa., Jan. 16.—An insurance agent of this place last week wrote policies for the largest amount of insurance taken out by one concern in the history of fire insurance. The amount was \$15,000,000 and covers the property of the United States Leather company, which owns all the great tanneries in the hemlock belt of Pennsylvania. The risk was taken by two companies.

Charge with Misappropriation.

CHICAGO, Jan. 16.—G. M. Bogue, for many years favorably known as a real estate dealer and as the moving spirit in numerous important enterprises, is charged with being a defaulter to the Presbyterian hospital to the extent of \$75,000, and to have been derelict in various other trusts in which he has hitherto had the confidence of his friends and associates.

All of our correspondents are requested to mail or send their items so they will reach us not later than Tuesday noon. This is a matter of importance to us, so please be prompt.

### Grattan Gatherings.

A real blizzard tried to reign, last Thursday, but spring like weather soon gained supremacy.

Miss Cora Holmes, of Belding, visited Miss Minnie Lesiter, last week, returning home Saturday.

Mr and Mrs Bert Lesiter have just returned from a pleasant visit with our old time friend, Wm. Bigler, of North Oakland.

Grattan Chapter O. E. S. held a social with Mrs H. West, Thursday night, which was very successful considering the weather.

Sickness does not seem to decrease, there are many new patients under Dr. Spencer's care. "Grandma" Sears still lingers at the point of death.

The Grattan and Oakfield L. A. S. will hold their next social with Mrs Geo. Ashley, Jan. 19th evening. Oyster supper; if you are fond of them or a good cause come.

The Teachers Association held an all day monthly session at the Union school house, Jan. 13th, with picnic dinner. These meetings are not only interesting but profitable to mental culture and are attracting outside visitors, ever welcome.

Mrs C. Close is now in Belding with her only remaining child, Mrs C. Eddy. Her grand daughter, Mrs E. E. Lesiter, visited her, Saturday, and, we regret to say, found her in poor health. All were vain hopes the change might prove beneficial.

A card from W. S. Fuller gave us the welcome news, Saturday, that he is able once more to go outside in the open air, that his daughter, Mrs Frank Thompson, of Cascade, will stay with them some time, for we regret to say Mrs F. is not as well as usual.

Mrs M. A. Lesiter returned from her Gd. Rapids visit, Jan. 10th, to find her sister, Mrs P. McCauley, dangerously sick from heavy chills, nervous prostration and other trouble. Dr. Spencer was summoned and today, Jan. 15th, her case looks better, although she cannot even sit up in bed.

Thomas J. Hulbert became a resident of Grattan last August and we have only just learned a little of the history of his service in the Army of the Potomac for over four years. He enlisted in Co. C, Fourth Mich. Inf. and was in fifty-six battles that are known on history's pages as hard fought, and while destruction of human life was appalling he escaped with only flesh wounds, clothing was riddled with bullets. Does he receive a good pension? No, nor never has. While he has a good army record he has no hospital record and bravery is seldom rewarded.

E. Allen and several gentlemen have been very sick, while our beloved pioneers are steadily dropping from the ranks, as, Sunday, those remaining paid the last tribute of earthly honor to the late John M. Brown, at the Otisco church. The deceased was contemporary with a number of our first settlers, going on a fine farm over the line of Grattan in Otisco, on the state road. He ever held the highest respect of the old, and gained a large circle of younger friends. We can only add "God pity the aged wife and children in their loss of him who was their earthly all in all even at the advanced age of 77 years."

A goodly number of our citizens were in Grand Rapids, last week, and the few that attended the Farmers Institute held at Greenville felt more than repaid for so doing.

The school rally held under the auspices of the Teachers Association, at the Grattan church, Friday night, was a complete success, the only thing lacking being the presence of Superintendent J. Hamlin Smith. The choir, P. D. Cornell and daughter, Miss May, as organist and alto singer, Mrs E. E. Lesiter and Miss Permelia Randall opened the exercises with "Come to the Greenwood" and "I Dreamed of Thee My Childhood Home," a piece of beautiful sentiment. Prof. C. gave an interesting address on "City and Country Life Compared" and at dismissal each one reading papers were requested to copy them for filing with our Superintendent.
