## FROM WASHINGTON.

The Second Session of the Fifty-Third Congress.

Daily Summary of the Proceedings in Senate and House—Measures Discussed, Bills Passed and Others Reported.

WASHINGTON, Dec. 5.—In the senate yesterday a resolution was adopted calling for the official letters of Admiral Walker while in command of United States naval vessels at Hawaii. There was the usual deluge of bills and petitions incident to the opening days of a session, none of them, however, being of public importance.

WASHINGTON, Dec. 6.—Mr. Vest addressed the senate yesterday in advocacy of a change in the rules by which debate could be closed. Mr. Peffer's resolution calling for information regarding the issuance of bonds was adopted. Bills were introduced for the free coinage of silver, making the silver dollar to consist of 413 1/4 grains of standard fineness; to form the state of Indiana out of portions of the Indian territory, and for an amendment to the sugar clause in the present tariff law striking out all the provisions except that to remove the one-eighth differential on sugar.

WASHINGTON, Dec. 7.—Senator Turpie spoke in the senate yesterday in favor of the election of United States senators by direct vote of the people. Bills were passed exempting from duty foreign exhibits at the Portland (Ore.) exposition, and for the national dedication of the Chickamauga and Chattanooga national park on September 10 and 20, 1895. Adjourned to next Monday.

WASHINGTON, Dec. 11.—In the senate yesterday a resolution was offered calling on the president to begin negotiations to secure the independence of Cuba. Senator Morgan spoke in favor of the Nicaragua canal bill.

WASHINGTON, Dec. 6.—In the house yesterday a bill for the establishment of a national park on the site of the battle of Shiloh was passed.

WASHINGTON, Dec. 6.—A resolution was introduced in the house yesterday repealing section 2 of the act providing for the resumption of specie payment, which authorizes the secretary of the treasury to sell bonds.

WASHINGTON, Dec. 7.—In the house yesterday a joint resolution was introduced proposing an amendment to the constitution making the president ineligible to a second term. The bill making appropriations for fortifications and other works of defense for the fiscal year 1895-96 (\$7,857,703) was reported.

WASHINGTON, Dec. 8.—In the house yesterday the greater portion of the session was devoted to a continuation of the discussion on the bill to amend the interstate commerce act to permit railroad companies to pool their earnings.

WASHINGTON, Dec. 10.—In the house on Saturday bills were introduced to permit the mailing of second-class matter elsewhere than at the place of publication; to provide for the appointment of a currency commission to consider the past and present condition of the currency of the United States and the necessity for increasing its volume or changing the banking laws now in force. The military academy appropriation bill (\$457,676) was reported and the railway pool measure was defeated.

WASHINGTON, Dec. 11.—Bills were introduced in the house yesterday to annex that portion of Arizona north of Colorado river to Utah; to prohibit the printing of any words or devices upon the American flag by individuals, and to provide for the settlement of labor troubles by arbitration.

### Of Interest to Veterans.

ROCKFORD, Ill., Dec. 11.—Commander in Chief Lawler of the G. A. R., has received official notice that the dedication of the national park at Chickamauga and Chattanooga will be held September 19 and 20 next. The council of administration, which meets in Louisville December 14, will arrange the next national encampment just prior to the dedication, so that veterans can take in both events at the same time.

### An Iowa Jeweler Robbed.

OSWEGO, Ia., Dec. 11.—Henry Boise, of Fayette, the leading jeweler of this part of the state, is lamenting over a bold robbery which took place Monday morning at 3 o'clock and makes him minus \$12,000 worth of watches and silverware and \$600 in money. Boise carries a large stock and had been receiving his holiday goods in large quantities.

### Money for Fire Sufferers.

DULUTH, Minn., Dec. 8.—The state relief commission will ask the state legislature, when it convenes this winter, to make an appropriation of \$100,000, which sum is considered necessary to tide the Hinckley and Virginia fire sufferers through the winter.

### Hanged for Murder.

HAWLINS, Wyo., Dec. 8.—Charles F. Howard was hanged here yesterday for murdering Charles Horn last New Year's eve at Dixon during a quarrel about a dissolute woman.

### May Join Secret Societies.

ST. PAUL, Minn., Dec. 8.—The Roman Catholics in Archbishop Ireland's diocese are being permitted to join any secret society excepting the free masons.

### Stole Many Horses.

CROWN POINT, Ind., Dec. 7.—John Hoffman, 75 years old, who says he has stolen 500 horses, was arrested here while making away with a team.

## COUNT DE LESSEPS DEAD.

Distinguished French Financier and Engineer Passes Away.

PARIS, Dec. 8.—Count Ferdinand de Lesseps, who has been one of the most prominent characters in France for more than a quarter of a century, is dead. The end of his life came after a protracted illness, induced and aggravated by the severe strain to which

FERDINAND DE LESSEPS.

the distinguished man was subjected during the Panama canal scandals, trials and results.

(Ferdinand Marie, Viscount de Lesseps, was born in Versailles, November 11, 1803. He received his early education in Paris, but finished it with his father, a consular agent, and lived with him in Philadelphia in 1819-23. He was consular agent at Lisbon in 1823 to 1827, and served afterwards at Tunis, Alexandria, Cairo, Rotterdam, Malaga and Barcelona. He was then appointed successively minister to Spain and to Rome. While on a visit to Egypt in 1854 he disclosed the project of a Suez canal to Said Pasha and two years later secured the desired concession. The canal was opened for steamers of light draught in 1869, and the full plans were carried to completion in 1869. Since 1873 Count de Lesseps has concentrated his attention to the Panama canal.)

## BUSINESS OUTLOOK.

But Little Change in the Situation Is Apparent Up to Date.

NEW YORK, Dec. 8.—R. G. Dun & Co.'s weekly review of trade says:

"It is difficult to detect any change in current business. Prospects for business after January 1 are quite generally considered more hopeful in some branches. There are larger orders and the west-bound shipments of merchandise are larger. But the working force is naturally diminished near the end of the year, and the holiday traffic brings just now a temporary activity which is not of much general significance. The meeting of congress and the announcement of the new currency plan and of various bills proposed have not affected the situation perceptibly. Payments for bonds have been completed without disturbance, but did not prevent the shipment of some gold to Europe Friday. On the whole, agricultural products are scarcely stronger, and wages of labor do not advance, but there is reason to expect the employment of a somewhat larger working force after the holidays."

"The liabilities in failures for the last week of November were \$2,688,467, against \$2,904,478 for the same week last year, but the decrease was wholly in manufacturing liabilities, \$427,644, against \$1,078,027 last year, while trading liabilities were \$3,327,486, against \$3,149,449 last year. For the four weeks of November the aggregate was \$10,561,873, against \$10,541,621 last year. The failures this week have been 335 in the United States, against 325 last year, and 49 in Canada, against 42 last year."

## COST FIVE LIVES.

Terrible Result of a Boiler Explosion Down South.

RALEIGH, N. C., Dec. 11.—A special from Washington, N. C., says: Mayor Short's steam sawmill was wrecked Monday morning at 7:30 o'clock by the explosion of one of the four big boilers that furnished steam to the big mill and its six big dry kilns. The bursting boiler was blown into a thousand pieces. Mr. Short had just gone into the boiler room to find the reason for the lack of steam. The water was low and the engineer turned on cold water, and the explosion was instantaneous. Mr. Short, the engineer, two firemen and a drayman were killed and two other operators were injured. The bodies of two of the dead men were terribly broken and mutilated. About 500 men are thrown out of employment.

## Lake Navigation Closes.

CHICAGO, Dec. 10.—The end of lake navigation for the season in the sailing of the last of the grain fleet Sunday will be viewed with general satisfaction by vesselmen. Taken as a whole the vessel owners have made but little money this season. Business was poor up to September, but from that time on free shipments of iron ore and coal made matters a little better.

## D. F. Beatty Falls from Grace.

NEW YORK, Dec. 10.—Daniel F. Beatty, at three different times mayor of Washington, N. J., and whose career as a millionaire organ speculator dazzled the country from 1878 to nearly 1893, has been convicted of using the United States mails for fraudulent purposes by a jury at Montpelier, Vt.

## Ives the Champion.

CHICAGO, Dec. 10.—For the second time in a month Frank C. Ives has shown himself the master of Jacob Schaefer at billiard-line billiards, with the anchor nurse barred. At the conclusion of the tournament the score stood: Ives, 3,600; Schaefer, 2,831. Schaefer was beaten 769 points.

## Official Vote in Iowa.

DES MOINES, Ia., Dec. 11.—The state canvassing board completed its count yesterday of the vote cast at the last election: Total, 421,730; McFarland (rep.), 229,870; Dale (dem.), 149,980; Crane (pop.), 34,907; Mitchell (pro.), 7,457. Republican plurality, 79,338.

KANSAS CITY, Mo., Dec. 11.—Judge Joel K. Goodin, one of the pioneers of Kansas, and one of the first justices of the peace in Kansas territory, died at the home of his son in Ottawa Monday, aged 70 years. He emigrated to Kansas in 1854.

## LABOR LEADERS.

Annual Session of the American Federation of Labor.

President Gompers Makes His Report—He Touches Upon Features of Interest to All Classes of Toilers and Advises Loyalty.

DENVER, Col., Dec. 11.—The American Federation of Labor began its fourteenth annual convention in the old chamber of commerce Monday.

After reading the call the report of President Gompers was presented. Its main points are as follows:

"We meet in convention under most inauspicious circumstances, and at a time when the workers are still suffering from the paralysis of industry resulting from the incompetency of our modern captains of industry. In the midst of these adverse circumstances that the trade union has maintained its existence speaks well for it. The wrongs of the past and the errors of the present may be dashed to death at the foot of the mighty Rockies where we are now assembled, and labor, inspired by hopes of success yet to come and humane conditions yet to be achieved, may overcome all obstacles in its way and establish peace on earth and good will among mankind.

"In regard to the miners' strike it is not too much to say that it was the industrial stagnation from which the country was suffering that robbed the miners of a deserved victory."

President Gompers spoke at length on the big railroad strike. He freely criticized President Cleveland for ordering out the federal troops. On this point he said: "The much-vaunted rights of the states to autonomous government were set at naught, and, despite the protests of the governors into whose states the federal troops were sent, a haughty and disdainful contempt for their authority was the only answer vouchsafed. The president of the United States has no more right to violate the constitutional guarantee to the people than has the humblest citizen."

The action of the American Federation in refusing to order a strike at the request of Eugene V. Debs was defended on the ground that Mr. Debs practically admitted that the strike was lost at the time that he asked for relief. President Gompers demanded that the convention either endorse or condemn the action of the executive committee in refusing to help the American Railway union.

Speaking of the programs submitted by the last convention to the affiliated unions for discussion, Mr. Gompers strongly opposed any movement looking to independent political action by organized labor at present. Results of local attempts in this line were cited to show the disastrous effects.

Regarding immigration the present laws as a whole were commended. Government ownership of the telegraph was advocated and the Phillips bill for a labor commission of inquiry endorsed. With proper concerted efforts Mr. Gompers thought the eight hour day could be achieved by 1896. He opposed compulsory arbitration on the ground that the only way a judgment against the laborer could be enforced would be equivalent to chattel slavery. The first step must be organization; the second, conciliation; the next, possibly, arbitration, but compulsory arbitration, never." In conclusion, he said:

"Let me remind you that in no convention of the American workers have the eyes of the civilized, the thoughtful, been so concentrated as upon this gathering. I hope the trust placed in us will find an abiding place in our minds and hearts, and that we shall prove ourselves loyal and true, devoted to the interests of our fellow workmen which are in our keeping."

## BIG VOTE IN WISCONSIN.

Upham's Plurality, 53,990.—The Total Vote Was 375,449.

MADISON, Wis., Dec. 8.—A remarkable fact in connection with the recent election, as developed by the official canvass of the votes, is that there were no stay-at-home voters in Wisconsin, the aggregate vote polled being larger than ever before in the history of the state. The total vote is 375,449, or 3,868 greater than at the presidential election two years ago. Upham's plurality for governor is 53,990 and his majority over all the other candidates 17,056. The people's party on the vote for governor gained 15,904 over the vote two years ago, getting 25,504 this year. The prohibitionists, with 11,240 this year, lost 2,025 from their vote two years ago.

## Death of a Naval Veteran.

DENVER, Col., Dec. 11.—Commodore W. E. Trufant died at his residence in this city Monday morning of pneumonia. He had been ill but a few days. Commodore Trufant was born in Bath, Me., in January, 1838, and was 57 years of age. He served under Admiral Walker in the Atlantic squadron during the war of the rebellion in many naval engagements. He leaves a wife and two children well provided for.

## Insane from Carrying a Hod.

BALTIMORE, Md., Dec. 10.—W. W. Randall, a hod carrier, became insane and was sent to Bay View asylum. His insanity is peculiar, for, according to an expert, the man has become mentally deranged by carrying the hod. The heavy weight constantly affected the shoulder nerves. This was communicated to the brain, and the result is insanity in a dangerous form.

## Death of an Artist.

FOND DU LAC, Wis., Dec. 7.—Mark Robert Harrison, the celebrated artist, died at his home in this city Thursday, aged 78 years. In 1848 Mr. Harrison painted "The Death of Abel," which attracted much attention in this country and in Europe.

## Condition of Crops.

WASHINGTON, Dec. 11.—The government crop report announced the December condition of wheat as 80 per cent, and the area as 103 per cent of last summer's winter wheat area at harvest. This makes the growing area 84,234,000 acres.

**FRICHTFUL ACCIDENT.**

Mrs. Ross Kinyon and Little Daughter Terribly Harmed by a Gasoline Explosion.

Last Wednesday a most horrible accident occurred to Mrs. Ross Kinyon and her little daughter, aged three years, from which they will probably lose their lives.

Mrs. Kinyon and baby were in the cellar sorting potatoes, preparatory to marketing them, they had filled a bag which Mrs. Kinyon was carrying, with a jug of gasoil, which she had overturned, and the gasoil was broken, spattering the gasolene over Mrs. Kinyon and the child and breaking the lantern, which they had for light, an explosion instantly followed.

Mrs. Kinyon and the baby were wrapped in flames. Mrs. Kinyon dropped the potatoes and rushing into the flames grabbed the child, calling to her to follow her, she ran with the child to the water trough and extinguished the fire on her, then ran back after her wife, who, overcome by the flames, had been unable to follow him out and had fallen back in the fire, and taking her in his arms rushed a second time out of the flames. Mrs. Kinyon is terribly burned and has been lying in bed ever since, the clothes she was wearing were entirely burned from her, only the portion remaining being the waist bands of her dress and skirts, portions of the flesh was burned so badly that it fell away and there is no part of her that is not burned but one foot the other foot being badly burned although the shoe was not burned off. It seems as though her recovery were an impossibility and her death has been expected from hour to hour, the suffering she endures is terrible and nearly unbearable. The baby is terribly burned about her upper part of the body and head, her face is swollen full, even with her nose and her eyes are swollen shut so that it is impossible to tell whether she is blind or not.

Mrs. Kinyon's face and hands are badly burned and it is quite possible that he will always be crippled as a result of his terrible experience.

The section men of the D. G. H. & M. Ry were at work opposite the house at the time of the fire and the house was burned to the ground. The baby was terribly burned about her upper part of the body and head, her face is swollen full, even with her nose and her eyes are swollen shut so that it is impossible to tell whether she is blind or not.

LATER: Now the baby daughter of Mr. and Mrs. Ross Kinyon died this morning at 5 o'clock. She was born Dec. 12, 1891 and was three years and 12 days old.

At the election of Chas. R. Perry Camp No. 8, O. V. the following officers were elected for the ensuing year:

Sherman; Cornet, E. H. Hickox and Geo. Morse; Trombone, J. A. Matern; Bass, Geo. Wilson; Piano, Lelia Farlin.

The Madam Fry Concert Co. played to a fair house at Music Hall last night. The first time Madam Fry was here she had a splendid company of seven artists but each time since she has brought less people and last night had three besides herself. Persons who heard her on her earlier visits were rather disappointed although the concert was very good.

Any person who has any old, white cloth will do a humane act by leaving them at the JOURNAL office. It requires a great many cloths to dress the raw surfaces of Mrs. Kinyon and her baby who were so badly burned and we will see that all such cloth left here reach them.

In last week's Journal a ludicrous typographical error occurred in the item regarding Thanksgiving services. The copy said, "The singing was by the Baptist choir and was fine, especially the anthem which was very fine indeed. The church was cold." etc but the types had it "The singing was by the Baptist choir and was cold." Some very peculiar things creep into a paper some way and it is only by constant vigilance that so few do come to the notice of the public.
