CABINET CHANGES.

The President Announces the Choice of New Members.

Richard Olney Will Fill the Office of Secretary of State—Judge Judson Harmon, of Ohio, Named as Attorney General.

WASHINGTON, June 8.—At 5 o'clock Friday afternoon the following appointments were announced at the white house: Secretary of state, Richard Olney, of Massachusetts; attorney general, Judson Harmon, of Ohio.

The appointment of Judge Harmon to succeed Mr. Olney was a veritable surprise, and had not been considered in the discussion concerning the probabilities of cabinet changes resulting from Mr. Olney's change of desks. The few who speak of the appointee are not lax in their encomiums upon the nomination. It was a surprise to everybody, but when his name and career were looked into, genuine endorsement was in evidence everywhere.

Judge Harmon Accepts.

CINCINNATI, June 8.—The news that Judge Judson Harmon had been appointed attorney general by President Cleveland did not become known on the streets till after 5 o'clock Friday afternoon, but it spread so rapidly that before 6 o'clock his office in the St. Paul building was besieged with callers. A more popular man does not live in Ohio.

A Surprise.

When seen at his office by a United Press representative, Judge Harmon was engaged upon a letter to the president. A few hours previously he had accepted the offer by wire. He was naturally feeling good and his appearance indicated it. He stated that until during the morning he had not the remotest idea that he was being considered for the place. The first intimation he had was a message from the president, received about 10 o'clock, asking if he would accept the position. He consulted his partners and his wife and wired his acceptance.

The New Attorney General.

Judge Judson Harmon is the senior member of the firm of Harmon, Colston, Goldsmith & Hoadley, who probably have the most lucrative law practice in Cincinnati. He is one of the "young men" of the Queen City, though born February 2, 1848. He is about 47 years of age, of a pleasant and well-preserved countenance, though his hair is slightly tinged with gray. In any assembly he would attract attention. He is regarded by the bench and bar of Hamilton county as an able, broad and learned man, whose appointment is taken by all as a compliment to the state and bar as well as being a recognition of the worth of one of the soundest lawyers in the state. Personally Judge Harmon is a charming man. Democratic to the core, he has never had the slightest patience with anybody or anybody in the smallest degree tainted with "topper."

Judge Harmon comes of old New York stock, and members of his branch of the old family still live in and around Jefferson county in that state. Others more remote live at Sheffield, Conn. The father of the new attorney general, Rev. E. P. Harmon, moved to Ohio in the early forties. Judson was born in this (Hamilton) county February 2, 1848. He attended the schools of this county and city, then went to Denison university, a Baptist school at Greenville, O. In 1866 he was graduated from there and three years later was graduated from the Cincinnati law school. He immediately formed a partnership with R. T. Durrell and practiced law till 1874, when he was elected judge of the common pleas court. He served on the bench for four months when he was succeeded in favor of Judge Cox by the Ohio senate, before which a motion was made. He returned to his practice, forming a partnership with Judge S. N. Maxwell. In 1878 he was elected a judge of the superior court of Cincinnati and in 1883 was re-elected. In March, 1887, he resigned when ex-Gov. Hoadley and Judge Edgar M. Johnson went to New York and formed the firm of Harmon, Colston, Goldsmith & Hoadley, as successors to Hoadley, Johnson & Colston. In June, 1870, he was married to Miss Olive Scooby, daughter of Dr. W. H. Scooby, of Hamilton county. He has two children.

Secretary Olney.

The newly appointed secretary of state was born in Oxford, Mass., September 13, 1839; graduated from Brown university, Providence, R. I., in 1861, attended the Harvard law school for three years and was admitted to the bar in 1865. Secretary Olney has been continuously in the practice of law for the past thirty-six years, and in 1882 was appointed attorney general by President Cleveland.

Mr. Olney is a gentleman of fine literary attainments and tastes. Although a close student he is a lover of outdoor sports and is a good horseman, an enthusiastic tennis player and a skillful angler. He is a man of medium height and robust form, and in general appearance conveys the impression of intense vitality and physical endurance beyond that of any man who has occupied the position of secretary of state in recent years.

Took the Oath.

WASHINGTON, June 11.—Mr. Olney Monday became secretary of state, succeeding Walter Q. Gresham. Chief Justice Fuller, who had come to Washington from Richmond, administered the oath of office to the secretary in the diplomatic room at the state department.

OUR FINANCES.

Treasury Receipts Keep Pace with Business Revival.

Officials Account for This by the Belief That Business Is Adjusting Itself to the Tariff Conditions—Interesting Statement.

WASHINGTON, June 11.—The treasury receipts are partaking of the general business revival, and while they do not as yet quite reach to the point of equalizing the expenditures, are getting nearer striking an even balance each day. For the ten days of June the receipts have aggregated \$8,455,000, or \$1,000,000 a day, Sundays excluded, and the expenditures have been \$10,004,000, or only \$1,469,000 in excess of receipts. The deficit will be wiped out before many days and the end of June is likely to show for the month an excess of \$2,000,000 or \$3,000,000 receipts over expenditures, a condition not reached in any month for several years by the treasury. The deficit for the year, which now stands at \$48,326,000, will be reduced to \$45,000,000 or below by June 30. This turn in affairs in the treasury's condition is accounted for by the fact that business is adjusting itself to tariff conditions and that large revenue is now being received from articles that heretofore yielded little as they were in "stock."

With all the principal lines of business adjusting themselves to the present tariff conditions and with an increased volume of business apparent, still the revenues of the government are not quite sufficient to meet fixed expenditures. The increased revenue of \$40,000,000 or \$50,000,000 provided by the senate over the house tariff act, principally on the items of sugar, iron ore and coal, makes the deficit just so much less, but leaves the treasury still short by about \$23,000,000 or \$30,000,000 a year of equaling expenditures. This will have to be provided for by the next congress.

I do not believe there is any necessity for a convention at this time; on the contrary, I am of the opinion that to call one would be harmful to the best interests of the country and prejudicial to the welfare of the democratic party."

Farmer's!
We have put a new department in the JOURNAL wholly in the interest of the farmer. It is headed "Farmers' Wants" and it is intended solely for farmers, to let their brother farmers know what they have for sale, what to buy, or have to exchange for something else, or have made a special rate for these ads. Consult it this week for bargains and for terms of advertisements and if you have anything to sell, or exchange, or want to buy anything from pickets, cornstarks or straw, to a farm, try this column. We think that being classified and set apart so it will be easily found and the convenience of this column as a means of exchange, will be appreciated.
