## A CLOSE WATCH.

### To Be Kept Upon Cuban Filibuster Expeditions.

#### Cruiser Atlanta Ordered South—With Other American Warships She Will Aid the Enforcement of the Neutrality Laws.

WASHINGTON, June 25.—The cruiser Atlanta is under orders to leave New York harbor to-day to enforce the neutrality laws in Cuban waters. She will first stop at Port Au Prince, Hayti, and when she leaves there her movements are apt to be somewhat perplexing to filibustering expeditions menacing the south coast of Cuba. After cruising as long as her coal lasts the Atlanta will go into Santiago de Cuba and lie there until her bunkers are replenished, being held in readiness to go out and give chase to any expedition that may be reported.

#### Spain's Rights to Be Observed.

This new duty of the Atlanta, together with that of the Raleigh, along the gulf coast of the United States, indicates the determination of the administration to give Spain no opportunity of accusing this government of negligence. While it is believed in official circles that the reports alleging violations of neutrality have been to some extent exaggerated, other American warships will be sent to the Gulf of Mexico if it should be demonstrated that the Atlantic and Raleigh are unequal to the task assigned to them.

The cruiser Montgomery, which recently went to Colon and after spending a week there has now returned to Graytown, had orders to keep a sharp lookout for sympathetic movements in Central America in which Americans might be involved. Several expeditions from Costa Rica and other Central American ports are known to have left for Cuba, and at least one of them has landed on the island. As far as known the United States was not concerned in them, but the Montgomery will continue vigilant until she returns to Mobile, early in July.

#### Cruise of the Raleigh.

WASHINGTON, June 25.—The United States steamship Raleigh sailed from Key West at 11 o'clock on Monday for a cruise at sea between Cuba and the gulf states. It is not known whether her commander has instructions to look out for any filibustering expeditions, but there is no doubt she will endeavor to intercept any unlawful vessels.

#### Counterfeiters Caught.

CHICAGO, June 24.—A gang of four counterfeiters were arrested Saturday at the Hotel Imperial. They are Patrick Gorin, Robert Evans, Charles Burch and Lawrence Guinan, the latter being arrested on suspicion of being a member of the gang. The party was caught while making a deal with Inspector Mercer, who was supposed to be an Iowa farmer with \$300 cash to exchange for green goods.

#### Missing with a Big Sum.

SPRING VALLEY, Minn., June 24.—A. R. Holman, a prominent attorney of this place, has been missing since June 1. He had with him a large amount of money that had been entrusted with him for the payment of taxes. There is also a bogus check of \$1,300 awaiting his attention here. It is believed that Holman has made away with \$40,000 and that he is hiding in New York.

#### Hard Lines for Liquor Sales.

DUBUQUE, Ia., June 24.—The mulct tax law is driving many liquor dealers in Iowa's upper forty-nine counties out of business. This is shown by the meager returns to collectors for the renewal of government licenses expiring June 30, when the first quarter of the mulct license will also expire.

#### Big Find of Treasure.

NEW YORK, June 24.—A cable from Panama says it is reported from the Isla de Coco, near Vera Cruz, the department of Panama, that an immense find of treasure has been made. It is said that Spanish gold and silver coin to the value of more than \$1,000,000 has been discovered.

#### Brothers Killed by the Train.

PHILADELPHIA, June 24.—Henry Neff, aged 22 years, and his brother, Frank Neff, were instantly killed Saturday by a Royal Blue express train on the Philadelphia & Reading railroad at Bethayres, near Jenkintown. They tried to cross the track as the train passed.

#### Vetoed.

SPRINGFIELD, Ill., June 25.—Gov. Altgeld gave out three veto messages Monday. One kills the local gas bill, one the bill providing for the formation of a board for the examination of horseshoers and the third kills the bill relating to fire escapes.

#### Will Be Sent Back.

WASHINGTON, June 25.—Chinese men who reached New York on Monday, claiming to have been residents of New Orleans, were ordered reported by Secretary Cass on receiving the information.

#### Child Crushed to Death.

COLUMBUS, O., June 24.—A four-year-old child was crushed to death by a West Union, O., while men were digging on a hillside a large stone which loosened rolled down the hill and crushed to death a four-year-old child of James Baumgardner.

#### Death of a Noted Man.

FOND DU LAC, Wis., June 24.—Rev. Father Francis P. Hass, founder of the St. Francis monastery and of the Capuchin church in America at Mount Calvary, east of this city, died at the convent of St. Agnes Monday night at the age of 69.

## FOR A DEEP WATERWAY.

### Preparations Under Way for a National Convention.

CHICAGO, June 25.—The executive board of the International Deep-Waterway association meets this morning at the sanitary district offices and will continue in session for two or three days. This board consists of seventeen members distributed from Boston to Winnipeg on both sides of the chain of great lakes and two-thirds of the members have signified their intention of being present.

This organization is the outgrowth of the Toronto convention held September last, which declared in favor of ocean navigation of a depth of not less than 26 feet into the great lakes. In compliance with the action of this convention congress authorized a commission to examine into the matter, with power to cooperate with a similar commission to be appointed by the dominion of Canada.

The states of Minnesota and Wisconsin have each passed a bill providing for cooperation and promotion of the deep waterway idea. The waterway bill recently passed by the general assembly of Illinois specifically authorizes the waterway commissioner to promote the same object. The province of Ontario has also taken action on its own account.

The special object of the present meeting of the board is to arrange for the holding of a convention in September next. Cleveland, Detroit and Chicago are suggested as places of meeting. It is proposed to make the convention a deliberative body, delegates from the various trade and municipal organizations to be selected on account of their special knowledge. Topics, covering all phases of the question from the transportation, commercial and engineering standpoint, will be arranged and specialists assigned for their discussion, so that the literature of this convention will be exhaustive of the subject matter.

## ROBBED A BANK.

### Bandits Carry Away \$30,000 at Rainy Lake City, Minn.

DULUTH, Minn., June 22.—A messenger came in from Rainy Lake City Friday night and reported the robbery of the Bank of Rainy Lake City, on the Canadian border, by two masked men who, after holding up and knocking senseless the cashier and binding the teller, robbed the bank of some \$30,000 and made their escape.

The bank is the only one in Rainy Lake City, and has been running since the incorporation of the town. It will not be materially affected by the robbery, as the proprietors of it are all very wealthy men and can replace the money without even inconveniencing themselves.

## HAWAII'S LEGISLATURE.

### Holds Its First Session at Honolulu—Policy of the Government.

HONOLULU, June 24.—The first legislature under the republic was called together on the 11th inst. The president's message deals with many questions of local interest. In speaking of annexation to the United States the president says: "While the annexation of this country to the United States of America has not yet been accomplished it still remains the policy of the government. Its consummation will be earnestly sought, with an abiding faith that such a result will be of great and lasting benefit to our country."

## To Be a Great Convention.

DENVER, Col., June 22.—Superintendent J. C. MacNeill, of the Kansas City public schools, treasurer of the National Educational association, is in Denver, concluding arrangements for the annual convention to be held here July 5-12. He says that never in the history of the association have the prospects been so good for an immense gathering and he estimates an attendance of 20,000.

## To Use Women as Jurors.

LOUISVILLE, Ky., June 22.—Judge M. C. Sanderly will try at the next term of the Garrard circuit court an action for breach of promise brought by W. C. Strivers against Miss Katherine West. Judge Sanderly proposes to try the case before a jury of women, which he can do under the constitution. He suggests that if he cannot secure a jury in Garrard county he will send to Mercer for one.

## Car Load of Dynamite Explodes.

BURNSVILLE, June 24.—The Herald's correspondent at Rio Janeiro telegraphs that a carload of dynamite exploded in the streets of the town of San Paulo, Brazil, Friday. Fifty persons were killed or wounded and many houses were destroyed.

## Fire in Kenosha, Wis.

KENOSHA, Wis., June 24.—The plant of the Chicago Bedding company was destroyed by fire Sunday night. It is believed to have been an incendiary blaze, and Bernard Rosenow, of Chicago, is under arrest charged with arson. Loss, \$50,000.

## Two Drowned.

PEORIA, Ill., June 24.—By the capsizing of a small boat on Peoria lake at noon Sunday Harvey H. Noble and Fred Joyslin were drowned. Noble was a single man. His unfortunate partner leaves a widow and five small children.

## Barrages of Diphtheria.

GENNELL, Ia., June 25.—William Case has buried five children within two weeks. Diphtheria was the cause of death in each case. The father is blind and the five children constituted his entire family.

## Four Men Killed.

LITTLE ROCK, Ark., June 24.—Joseph Collins and three brothers named Brent were killed by an explosion of a boiler in Moses' sawmill at Spring Hill. Many others were severely injured.

## REPUBLICAN CLUBS.

### End of the National League Convention at Cleveland.

#### Gen. McAlpin, of New York, Elected President—All Resolutions Are Referred to the National Convention of 1896.

CLEVELAND, O., June 21.—The work of the eighth convention of the National League of Republican Clubs was practically ended yesterday when the committee on resolutions finished its deliberations and formulated its address. A resolution presented to the convention this morning is as follows: "Whereas, Section 13 of the constitution of the republic league of the United States says 'this league shall not in any manner endeavor to influence the action of any national state, county or municipal convention,' the delegates of the republic league of the United States, in convention assembled, do hereby renew their allegiance to the principles of the republican party and pledge their best efforts for the success of the candidates of that party. Believing that this convention has no instructions from the republicans of the United States or jurisdiction under our constitution to frame or enunciate party platforms, we hereby refer all resolutions in relation to public questions to the republican national convention of 1896, with entire confidence that its action will redound to the prosperity of the people and the continued glory and advancement of the country."

#### Gen. McAlpin Elected President.

The league proceeded to the election of officers. George E. Green, of New York, nominated Adjt. Gen. E. A. McAlpin for the presidency. The mention of Gen. McAlpin's name was the signal

GEN. EDWIN A. McALPIN.

for tremendous cheering. Numerous seconds followed, and the rules were suspended and the election made unanimous.

Milwaukee was chosen as the next place of meeting.

#### The Closing Session.

CLEVELAND, O., June 22.—At the closing session yesterday of the National League of Republican Clubs M. J. Dowling, of Minnesota, was elected secretary. All resolutions presented were referred to the national convention of 1896.

#### Big Plot of Incendiarists.

NEW YORK, June 22.—A confession secured by the police discloses the fact that for five years there has existed a company organized for the purpose of burning buildings to secure the insurance money. It is confessed that as the direct result of the operations of the conspirators seventy-five fires have been deliberately set win the last two years, and the insurance companies have thereby been swindled out of nearly \$1,000,000.

## Complimented Our Ships.

WASHINGTON, June 25.—Secretary Herbert received a telegram Monday from Admiral Kirkland, commanding the squadron at Kiel, in which he says that the German emperor visited the cruiser New York on Sunday. The emperor complimented the United States squadron and the New York particularly. He asked the admiral to thank the president of the United States for sending such fine specimens of the American navy to the opening of the canal.

## Sale of a Chicago Newspaper.

CHICAGO, June 25.—The Chicago Evening Mail was sold Monday afternoon to George G. Booth, of Detroit, who assumed immediate control. Mr. Booth is also general manager of the Detroit News and principal owner of the Evening Press, of Grand Rapids, Mich. He will have associated with him W. H. Turner, of Grand Rapids, who will have the general management of both the Mail and the Evening Press.

## Receives a Rebuke.

MILWAUKEE, June 24.—F. B. Lurton, professor of history in the West Side high school, who achieved notoriety by writing an article derogatory of the American revolution, has been reduced from a professor to an assistant teacher on account of the article. Many of the school board were in favor of dispensing altogether with his services.

## Gold Reserve Above \$100,000,000.

WASHINGTON, June 25.—Although the books of the treasury department do not show it the gold reserve was practically above the \$100,000,000 mark Monday for the first time since last December, when it was forced to that point as a result of an issue of gold bonds.

## Put to Death.

PEZEMYSL, Austrian Galicia, June 25.—A court martial sitting here convicted twenty-six hussars of the murder of a quartermaster and three noncommissioned officers. Ten of the convicted men were selected by lot and sentenced to death. They were shot Monday. The other sixteen were sentenced to life imprisonment.

## COLUMBIA WINS.

### Result of the Four-Mile College Crew Boat Race.

POUGHKEEPSIE, N. Y., June 25.—Almost in the face of a stiff wind and in water so rough that the boats of her two opponents filled and swamped, one before and the other after the finish line was passed, Columbia rowed steadily on to victory Monday evening in the fast time of 21 minutes and 35 seconds. Cornell was second, seven lengths back. Her time was 21 minutes and 48 3/4 seconds. Pennsylvania's evil luck lasted to the end. Her shell, smashed by the waves from Gov. Morton's tug last Friday and patched up till it was practically as good as new, went down over a mile from the finish. The Cornell boat was swamped just below her own boat-house, after the race was over, by swells from other boats.

## TRIPLE TRAGEDY IN MISSOURI.

### Man at Webster Grove Kills Two Women and Commits Suicide.

ST. LOUIS, June 24.—At Webster Grove, a suburban town 10 miles west of the city, between 3 and 4 o'clock Saturday afternoon, Dr. Frank Seitle shot and instantly killed Mrs. Jane Peterson, his sister-in-law. Mrs. Peterson's sister, Mrs. Horish, attempted to stay his murderous arm, and Seitle leveled the revolver at her and fired. She fell with a bullet in her breast. Seitle then pressed the muzzle of the weapon against his temple and sent a bullet into his own brain. He dropped dead. They had quarreled over a trivial division of property.

## Mining Party Massacred.

DEMING, N. M., June 21.—A party of eight Americans who have been mining gold on the Yaqui river, in the state of Sonora, were butchered by Indians two weeks ago. A meagre report of the crime has reached here. The names of the dead men are not given. It is known, however, that they had been very successful in obtaining gold, and it is supposed that robbery was the motive for the killing.

## A Long Ride.

CHICAGO, June 24.—Private Alfred Matthey, of the United States army, bearing dispatches from Gen. Miles at Fort Hamilton, N. Y., to Gen. Wesley Merritt, of this city, arrived yesterday, having made the trip of over 1,200 miles by bicycle in 13 days, 7 hours and 45 minutes.

## A Big Fee.

WASHINGTON, June 24.—John W. Foster, ex-secretary of state, who went to China last December as legal adviser to China in the peace negotiations with Japan, received from China a fee of \$250,000.

## Filled with Water.

RED LAKE, S. D., June 25.—A dry lake bed here containing 3,500 acres was filled with water to the depth of 8 inches by a cloudburst.

BASE BALL

The Pawman's Fall Victims to Our Own Club.

The Pawman's were ever victims last Friday and got it "eter the chickens" too easy. McLaughlin started to catch but seeing that the team was weakened retired in the third and Giles went in. Score in the following: Pawman 4 2 2 0 0 1 1 0 10 12 11

Page Fence Giants. The first game with the Giants was played yesterday afternoon and after the second innings our boys put up a pretty good game. The Giants are altogether too swift for such a club as ours, but our own showed up as well as their best friends could expect.

High School Boys at Smyrna. The High School club went up to Smyrna, Saturday and administered the second defeat to the Smyrna's. The boys got home about seven o'clock very enthusiastic over their success. The people in the vicinity of Smyrna turned out en masse, the wrens band discoursed music, and the ladies gave the boys a picnic supper.

THE FATAL GAME. (AN EPIGRAM.) You ask what makes the Smyrna's week? What she likes the others are not. The wild birds were singing in the morning. And the myrtle and the ivy were in bloom.

CANDID CRITICISM.

It was a little hard on the President...

Impressionism in art is roughly speaking, the reaction against the use of excessive and careful detail; it consists in representing nature as it appears, and as she appears to the poet's eye. Yet such an interpretation of art does not admit of carelessness any more than the microscopically faithful method; and when its devotees allow themselves the slightest indulgence of line and color in their painting, they are no longer artists, they are no longer apostles of the truth.

It appears that in Japan one factor entering into the problem of the cholera of a daughter-in-law is her skill in raising silkworms. The thread spun by the silkworm is said to be regular and even in proportion as the worm has been regularly and carefully fed, and minutely examines the evenness of the cocoon of a daughter-in-law before giving her assent to the betrothal.

Twenty-four-karat gold is all gold; twenty-two-karat gold has twenty-two parts of gold, one of silver and one of copper; eighteen-karat gold has eighteen parts of pure gold and three parts each of silver and copper in its composition; twelve-karat gold is half gold, the remainder being made up of three and one-half parts of silver and eight and one-half parts of copper.

The Deering Ideal Mower,

with Ball and Roller Bearings and Adjustable Drag Bar, so constructed that a farmer can at his will always keep the cutter-bar in perfect line with the pitman.

This wonderful invention prevents side draft and bending of the knife head or pitman when the mower becomes slightly worn. It also forms a perfect protection to the pitman.

The Deering is the only mower manufactured with Ball and Roller Bearings and Adjustable Drag-Bar.
