A GRAND RALLY.

Hosts Attend the Christian Endeavor Convention.

Meetings Held Simultaneously in Many Places—Annual Report of the Secretary Shows Some Wonderful Results.

Boston, July 12.—The greater meetings of the Christian Endeavor convention began under favorable conditions. The sky was cloudy, but did not threaten rain. A larger part of the immense crowd that attended the meeting went to Mechanics' hall while the others were about equally divided between Tents Williston and Endeavor on the Boston Common. It is estimated that 24,000 delegates attended the meetings, which were held simultaneously.

The annual report of John Willis Baer, general secretary, was read simultaneously by Secretary Baer in Mechanics' building, by Rev. John Bar-

PRESIDENT CLARK.

stow, Medford, Mass., in Tent Williston, and by Mr. J. E. Chessman, Cleveland, O., in Tent Endeavor.

The Report in Part.

"Every useful wheel must have its hub. Every hub, to be useful, should have its wheel. Figuratively speaking Christian Endeavor is a useful wheel; certainly Boston is the Hub. As we are in the Hub let us turn the wheel upon its axis, and from the hub view its revolutions. Its circumference equals that of the globe, and its spokes number thousands upon thousands. Last year our wheel was strengthened by 7,700 new spokes (or 'spokes', if you please). This is the largest increase for any one year since the 'wheel' commenced revolving, fourteen years ago.

"Spoke" after "spoke" passes our vision rapidly in this whirl of inspection. In all 41,222 of these 47,122 are from other lands, the United Kingdom heading the list with 2,645, which figure includes 180 from Wales, 112 from Scotland and 30 from Ireland. Australia now has no less than 1,569; Africa, 30; China, 22; France, 64; India, 117; Japan, 59; Madagascar, 93; Mexico, 25; Turkey, 26; West India Islands, 63, and so on until every country is represented, save five, Italy, Russia, Iceland, Sweden and Greece.

"And now the spokes of the Dominion of Canada come into view. Ontario, with her remarkable growth of the last year, leads with 1,695; Nova Scotia, 388; Quebec, 264; New Brunswick, 192; Manitoba, 156; Prince Edward Island, 82; Assiniboia, 53; British Columbia, 42; Alberta, 15; Saskatchewan & a half, counting 5 in Newfoundland, 2,105, an increase of 1,223 during the past year.

"And now our view from the 'Hub' discloses the balance of the wheel, all bearing the familiar colors of the Stars and Stripes. Pennsylvania still leads with 4,130; New York next, with 3,832; Ohio, 2,787; Illinois, 2,440; Indiana, 1,763; Iowa, 1,563; Massachusetts, 1,309; Kansas, 1,247; Missouri, 1,183; Michigan, 1,082; New Jersey, 1,041, etc. In all, from the United States, 32,412, as against 25,692 last year.

Thousands of Junior Societies.

"In addition to the 8,850 Junior 'spokes' from the United States there are 850 from Canada and 224 from other lands, making in all 9,924 Junior societies, with a membership of 99,000. Pennsylvania still leads the Juniors, with 1,033; New York, not very far behind, with 920; Illinois next, with 746; Ohio, 623; Indiana, 470; California, 414, etc.

"And now we have counted the 'spokes' as they have swept by our vision. A total of 41,222 societies, with an individual membership from every clime and every nation, with skins of varying color, of which 460 are red, 20,500 are yellow, 106,400 are black and 2,843,500 are white; in all, a grand interracial brotherhood of 2,674,770.

"We have reached the rim of our wheel, the felly. Our felly is made up of the fellowship of over thirty evangelical denominations. In the United States the denominations are represented in the following: The Presbyterians still lead, with 5,233 Young People's societies and 2,269 Junior societies; the Congregationalists have 3,990 Young People's societies and 1,808 Junior societies; the Disciples of Christ and Christians, 2,877 Young People's societies and 922 Junior societies; the Baptists, 2,666 Young People's societies and 801 Junior societies; Methodist Episcopal, 81 Young People's societies and 81 Junior societies; Methodist Protestant, 583 Young People's societies and 37 Junior societies; Lutherans, 798 Young People's societies and 246 Junior societies; Cumberland Presbyterians, 699 Young People's societies and 281 Junior societies, and so on through a long list.

Chicago Loses Its Banner.

"The Chicago union has had its possession for a year the banner awarded at Cleveland for the most aggressive Christian citizenship warfare. Chicago's record this year is even more worthy than her last. It has been decided, however, after careful deliberation, that the report made by the Syracuse union entitles them to the custody of the Christian citizenship banner for the coming year.

"The crown of the movement is our beloved inter-denominational fellowship. In all, 32,185 have joined the churches since the last convention. In 1890, 70,000 new church members were reported; in '91, 82,500; in '92, 120,000; in '93, 158,000; in '94, 183,000, and now, in '95, 202,185. In the last six years, 813,825.

After the adjournment at noon of the three great meetings about fifty half-hour evangelistic services were held by Endeavorers in churches, public buildings, places of business and in the open air throughout the city.

The Third Day.

Boston, July 13.—The third day of the fourteenth international Christian Endeavor convention opened Friday with ideal weather. Despite the immense amount of energy expended by the delegates at the great meetings of Thursday and the greater meetings of the evening, thousands of them were up almost with the sun Friday morning, making their way to thirty churches in the city and vicinity, to

attend the early prayer-meetings that began at 6:30 o'clock a. m. and lasted forty-five minutes.

All of the churches were filled at the early meetings, and it is estimated that fully 30,000 persons participated in them. Besides the delegates, many residents of the city attended before beginning their labors for the day. After the church meetings rallies and song services were held in the streets in many parts of the city, and hundreds of people on their way to work stopped to participate in them.

For a World-Wide Movement.

In the afternoon, 1,000 of the most prominent delegates met in the Auditorium to consider the formation of a World's Endeavor society. The general sentiment was favorable to the plan, and it was voted to temporarily organize and to appoint a committee of five to formulate plans of organization and report at Washington next year. The name decided on was the World's Christian Endeavor union, its officers to be representatives of the unions of each nation. Temporary organization was effected by the election of Dr. Francis E. Clark, president; John Willis Baer, secretary, and William Shaw, secretary.

The Fourth Day.

Boston, July 15.—Saturday, the fourth of the great Christian Endeavor conference, was designated as "international citizenship day." At all the meetings of the forenoon the reports, addresses, presentations and songs trended toward the subject, and leading speakers of the day were men whose fame was the result of their efforts for municipal and state reform.

Dr. Clarke's Ten Commandments.

Dr. Clarke announced that he had prepared a new series of ten commandments, that are as follows:

1. Thou shalt be an intelligent citizen, acquainting thyself by full and fair investigation with the issues of every campaign.
2. Thou shalt be a virtuous citizen, regarding principle as the best policy and imparting thy virtue to the public fund.
3. Thou shalt be an active citizen, esteeming indifference to public interests and neglect of public duties as forms of treason.
4. Thou shalt employ thy voice and thy pen as truly as thy vote, for however strong the principles are, thou must stand for them or they will fail.
5. Thou shalt cast thy ballot in caucus, primary convention and at the election, for that white slip is a public trust conveyed to thee, a weapon for good government placed in thy hands, and the ballot box is the ark of a new covenant.
6. Thou shalt be the inveterate foe of social inequity and dishonesty, and all forms of political corruption.
7. Thou shalt resist all phases of lawlessness, believing that the decay of the authority of the law and its violation with impunity is perilous to a republic.
8. Thou shalt not be a slave to thy party, coerced by its tyranny to vote against thy conscience, but maintain that patriotism is superior to partyism, and principle to both.
9. Thou shalt protect our American institutions, the free press, the free schools and the freedom of religion against all assaults of foreign or sectarianism, for they are the citadels of our national strength.
10. Thou shalt battle against the tyranny and infamy of the liquor traffic, that is the pregnant source of industrial depression, political corruption, social vice, and indeed, the most universal and colossal evil in our country, and thou shalt not sheath thy sword until it bears the laurels of a splendid victory.

Saturday evening was devoted to state receptions, which were held at the respective headquarters, with the exception of those of Massachusetts and Pennsylvania.

The Convention Ends.

Boston, July 15.—The most successful convention in the history of the Christian Endeavor society and the largest religious gathering in the world's history was brought to a fitting close last evening with three great meetings and two big overflows, and fully 60,000 voices were raised in singing "America" and other patriotic songs.

Can't Get a Postmaster.

WASHINGTON, July 16.—Orders have been issued by the post office department abolishing the post office at Pisgah, Morgan county, Ill., no one having been recommended to fill the vacancy caused by the resignation of the last postmaster, who could not be induced to submit the reports required by the department. As soon as some applicant is found satisfactory the post office will be reestablished.

Killed Her Two Children.

SHEFFIELD, Ill., July 13.—Mrs. J. De bay, of Annawan, in a crazy fit, killed her two children, aged 3 and 5 years, by clubbing their skulls with a hatchet. Mrs. De bay had recently been liberated from an insane asylum. She and her husband had trouble, and it was when angry at her husband that she did the terrible deed. She is under arrest.

Lost Mind and Money.

STILLMAN VALLEY, Ill., July 16.—Miss Cora Peterson saved \$1,000 by years of work as a servant. She never went out of Stillman Valley until last week, when she took her money out of the bank and went to Sycamore. She returned penniless in a few days and has lost her mind as a result.

Fast Mile at Davenport.

DAVENPORT, Ia., July 13.—Five thousand people witnessed the closing races of the July meeting here Friday. In the free-for-all pace Fido broke the race record of the season, covering the mile in 2:05 1/2. This clips five seconds off his record and breaks the stallion record of Iowa.

Provision Exports.

WASHINGTON, July 12.—The exports of provisions during June amounted to \$11,134,867, a loss for the month of about \$6,250,000. For the entire year the exports of provisions amounted to \$159,169,448, a loss of about \$15,000,000.

Heavy Failure.

CHICAGO, July 13.—The Campbell Commission company, with branch offices in St. Louis, Kansas City and Omaha, failed for \$850,000.

SEVEN ARE SLAIN.

Awful Result of a Cyclone in New York and New Jersey.

Several Towns Suffer Severely from the Wind—A Total of Seven Lives Lost—A Great Many Persons Are Injured.

New York, July 15.—New York and New Jersey were swept by a death dealing cyclone Saturday afternoon. Seven persons are known to have been killed and scores were hurt. One of the dead, Mrs. Louisa Kretzschmar, was killed in East New York. All of the other victims lived in and about the little village of Cherry Hill, N. J., and Woodhaven, L. I. The dead are:

The Victims.

Ahrens, Frank H., aged 8 months, child of Mr. and Mrs. William Ahrens.
Fischer, Anton, employed as a laborer by August Mond.
Friedman, Conrad, proprietor of the Cherry Hill hotel.
Kretzschmar, Mrs. Louisa, of Third avenue, near Rockaway.
Krog, Tony.
Two unidentified laborers, who had taken refuge in a barn at Cherry Hill.

Kills Four Outright.

In sweeping over the little village of Cherry Hill, N. J., the tornado killed four persons outright and rendered about twenty families homeless. The storm center was about 3,000 feet in width and the strip over which it passed is a mass of ruins. Not a building in its path was spared.

A Village Wrecked.

At the hamlet of Fairmount, a few miles from Cherry Hill, six houses were blown down and a dozen persons injured. As yet no fatalities have been reported. The storm swept from Cherry Hill to Andercliff. There its effects were not so disastrous, for it merely grazed the village. Many houses were unroofed and trees were uprooted.

Two Killed, Many Hurt.

Woodhaven and Union Course on Long Island suffered almost as much as did Cherry Hill, N. J. Houses were unroofed and blown down. Two fatalities have been reported and sixteen are injured. The storm at these points was like that of Cherry Hill, a whirlwind. Houses were blown down and trees uprooted. The tract over which it swept was a mile long by an eighth of a mile wide.

TORIES MAKE BIG GAINS.

Great Excitement in London Over the Result of the Elections.

LONDON, July 16.—The total results of the parliamentary elections for which returns have been made are as follows: Conservatives, 151; liberal unionists, 21; liberals, 23; Parnellites, 4; McCartneys, 4; labor, 1. Total, 204.

As compared with the parliament which has just been dissolved, returns show twenty-four seats gained for the unionists and five for the liberals. There is intense excitement in London streets as a result of the elections.

News of the election of John Burns, the labor leader who recently made a tour of America, was received with tremendous cheers. The announcement that Henry M. Stanley, the African explorer, was elected was received with enthusiastic cheering by conservatives.

Must Leave the Orders.

CHICAGO, July 15.—The papal decree against the Odd-Fellows, the Sons of Temperance and the Knights of Pythias was promulgated Sunday in the Cathedral of the Holy Name. Its purpose is peremptory and takes effect at once. All Catholics, it says, connected with any of the orders under the papal ban will have to withdraw at once or suffer the extreme penalty of the Roman Catholic church.

Death of a Missionary.

OAKLAND, Cal., July 13.—A dispatch was received here Friday by Mrs. Marion A. Cheek, informing her of the death of her husband, who went to Siam from North Carolina as a missionary twenty-two years ago, and died there. He was one of the king of Siam's intimate advisers.

Silver Men Win.

ST. LOUIS, July 16.—By a vote of 12 to 2 the democratic state central committee, in session Monday at the Southern hotel, decided to call a state silver convention similar to that recently held in Illinois. The convention will be held at Perte Springs. The date fixed was August 6.

Fasted Sixty-Eight Days.

TOPEKA, Kan., July 13.—A. M. Kennedy, 71 years old, died Friday after a sixty-eight-day fast. He had paralysis and was visited by physicians from far and near, who could not account for his prolonged life. He could write regarding his symptoms up to two days ago.

Railways Consolidate.

CINCINNATI, July 13.—The Cincinnati, Hamilton & Dayton, Cincinnati, Dayton & Ironton and Cincinnati, Dayton & Michigan railroad companies were consolidated into one company to be known as the Cincinnati, Hamilton & Dayton Railroad company.

Manufacturing Concern Assigns.

COURTLAND, N. Y., July 13.—The Hitchcock Manufacturing company Monday went into the hands of receivers. The liabilities amount to \$190,000; assets, \$280,000. The Hitchcock Manufacturing company is one of the largest in the state.

CITY CENSUS OF 1895.

Population for the Principal Towns for This Year.

CHICAGO, July 13.—The Tribune, through its correspondents, has collected figures giving the present population of many of the larger cities of the country and the increase or decrease over last year's estimates. The percentage of increase is the proportion which would come to a thriving community by natural development. Few towns show a boom condition. Following are the figures:

CITY.	1894.	1895.
New York	1,955,640	1,977,053
Chicago	1,608,000	1,635,000
Philadelphia	1,183,844	1,199,467
Brooklyn, N. Y.	1,110,000	980,000
Baltimore, Md.	629,294	601,278
St. Louis, Mo.	603,837	596,117
Pittsburgh	493,000	475,500
San Francisco, Cal.	360,000	360,000
Cincinnati, O.	350,000	350,000
Cleveland, O.	350,000	344,555
Buffalo, N. Y.	348,475	341,000
Milwaukee, Wis.	375,000	375,000
Washington	282,229	282,229
Detroit, Mich.	266,544	258,254
Newark, N. J.	215,799	213,100
Kansas City, Mo.	203,925	197,000
Louisville, Ky.	212,964	201,999
St. Paul, Minn.	190,000	190,000
Rochester, N. Y.	192,967	191,542
Indianapolis, Ind.	149,833	142,950
Omaha, Neb.	139,188	143,380
Atlanta, Ga.	108,518	103,179
Richmond, Va.	91,000	86,000
Charleston, S. C.	55,143	1,000
Hartford, Conn.	65,042	63,508
Galveston, Tex.	54,492	56,473

*New York figures are based on a proportion of 5 to 1 for each name in the city directory—a much larger multiple than that used by any other city. New York's health board estimate for 1895 is only 1,849,906, less by many thousands than the directory estimate for 1894, and 150,000 less than the directory estimate for 1893.

The figures of Pittsburgh and Allegheny City cannot be separated and those given represent the combined population of the two cities.

No estimate for 1894. (Charleston, S. C. had no estimate in 1894, but the census of 1890 gave 54,899.)

COUNTERFEITERS CAUGHT.

An Italian Gang Arrested by Secret Service Officer.

CHICAGO, July 16.—As a result of raids made at an early hour Monday morning by Capt. Porter, of the United States secret service, assisted by six officers, Pasquella Garofalo, his son, Matta Marro, Gerlando Diefeco, and Michael Ambrosia, members of an extensive counterfeiting gang, are under arrest. The raid came about through a talk which Capt. Porter had last Thursday night with Constable Bergamo, an Italian, who said he had discovered a gang of Italian counterfeiters who made money like merchandise, and that the "mint" was located in the northwest part of the city. The first arrest was made at 135 Ewing street, where Diefeco was gathered in, and a spurious quarter of a dollar found. At 529 Clark street Ambrosia was captured. The best evidence, however, was obtained at 1243 West Nineteenth street. In the attic was found a portion of the plant. It had been dismantled and some of the material, finished coins and part of the molds had been destroyed. In a closet was found plaster of paris and on a shelf a handful of genuine coins, all marked with bits of plaster, indicating that they were the pattern pieces. Garofalo, his son and Marro were about to leave the place when the officers arrived.

SWUNG TO A TREE.

Negro Murderer Taken from Jail at Piedmont, S. C., and Lynched.

GREENVILLE, S. C., July 15.—Ira Johnson (colored), who killed a young white man named Longford in a quarrel at Piedmont on the 7th inst., was taken from the county jail at 3 o'clock Monday morning by a mob of 100 men, who carried him outside the city limits, swung him to a tree and killed his body with bullets. The lynching was accomplished quietly and few of the citizens knew anything about it until daylight. The crime is greatly deplored in the community, especially as court convened Monday and the negro would have been given a speedy trial. There was no doubt as to his guilt.

STEAMER BURNED.

LEADSTONE, N. Y., July 15.—The large passenger steamer Cibola, of the Niagara Navigation company, was burned here, the loss being \$350,000.

Farmer's

We have put a new department in the Journal, wholly in the interest of the farmers. It is headed "Farmers Wants" and it is intended solely for farmers, to let their brother farmers know what they have for sale, want to buy, or have to exchange for something else, we have made a special rate for these ads. Consult it this week for bargains and for terms of advertisements and if you have anything to sell, or exchange, or want to buy anything from pickets, cornstalks or straw, to a farm, try this column. We think that being classified and set apart as it will be easily found and the convenience of this column as a means of exchange, will be appreciated.

The alarm of fire Monday was caused by the grass on the prairie west of the village burning and endangering the adjacent houses. The fire department made a very quick trip. Geo. Taylor's team ran over the fire wagon and drove it into the street.

Thursday afternoon the young people held a picnic tea at Cheesman's grove in honor of **ARTHUR M. BARBER**, of White Pigeon. Mrs Obenauer and Miss Ruby Hine, of Detroit, and Miss Allie Crambich, of Gd. Rapids. Twenty-five young people enjoyed a very merry afternoon.

An exchange says: When the breezy blooming bloomers are universally the go, how will tailors press creases in them, I should like to know? When the baby's head is nodding and wants to take a nap, how can mamma lull her darling in a bifurcated lap! How can Bridget nook the chickens with no skirt to flop and ring, when the creatures go a grubbing in the garden in the spruce? But the question most annoying that our speculations catch: Can she vie with men in action when she goes to strike a match?

Would it not be a good idea for the school board to engage a competent teacher and give instructions in short hand writing to all the pupils? It is a study could not be expected to rank with a good amateur. He was head and shoulders above the rest of the team, according to the game they were playing. Bases were stolen with impunity, but this was not Barber's fault. It was due to the most stupid and infelicitous error in Grand Rapids.

The Herald-Deacon Ellis put young Barber, the Lowell amateur, down and out for the backstop. He proved to be an excellent backstop, but should either learn to throw at the base or to quit. Barber, the Lowell amateur, was throwing at all until his arm was being too strong. Otherwise there is no doubt that Ellis has found a "find", for the young man threw a ball so accurately that it will come only with work and practice. A large number of Lowell "fans" were in the audience.

Manager Ellis' newest find, the Lowell amateur, Barber, will rank with the best in the company this year, with experience in the Western League next year and be plenty fast enough for any of them.

The Democrat-"Billy" Barber, the Lowell catcher, who was given a trial with the Gold Bugs yesterday, is a first class player. He is a good fellow and townsmen, several of whom were "rooting" for him in the grand stand, and their idea was generally endorsed by the spectators. Of course there were a few against him, but most of them had a quarter of a dollar bet on the game and were sore on every body. Barber showed up in good form and did his best in the grand stand. He is not so much of the club, but his work was better than that of any other catcher in the league. He will do, but he and Bumpus have no license to win with such support as they were given yesterday.

THE REASON WHY

Everyone is so well pleased with the **Alaska Refrigerator** is because they will

Keep Provisions Longer and Use Less Ice than Any Other

The ice rests on a corrugated galvanized iron rack, which is so constructed as to leave an air passage under the iron.

The warm, damp air in the provision chamber rises through the flues at each end of the ice chamber comes, in contact with the ice at the central opening in the lid flue, becomes colder and drops under the ice rack—where all the moisture is condensed—and falls through the central opening under the ice into the provision chamber, COLD and DRY. No other system keeps the air so long in contact with the ice as this.

LITTLE "BILLY" BARBER

Is Given a Trial With Bill's Gold Bugs.

Last Wednesday Deacon Ellis telephoned to Billy Barber to come to Gd. Rapids and catch for them, as their regular catcher was sick. Billy left on the 11:20 and a full delegation of Lowell fans went down to see the boy play, but Zahner had recovered sufficiently to catch the game, so the Lovellites failed to see their idol work.

On Tuesday he was put in the game and he put up a game to the entire satisfaction of the admirers.

The following are the comments of the press regarding his work:

Evening Press—Barber, the amateur backstop from Lowell, was widely applauded at every moment of his play. He could not be expected to rank with a good amateur. He was head and shoulders above the rest of the team, according to the game they were playing. Bases were stolen with impunity, but this was not Barber's fault. It was due to the most stupid and infelicitous error in Grand Rapids.

Billy left on the 11:20 and a full delegation of Lowell fans went down to see the boy play, but Zahner had recovered sufficiently to catch the game, so the Lovellites failed to see their idol work.

On Tuesday he was put in the game and he put up a game to the entire satisfaction of the admirers.

The following are the comments of the press regarding his work:

Evening Press—Barber, the amateur backstop from Lowell, was widely applauded at every moment of his play. He could not be expected to rank with a good amateur. He was head and shoulders above the rest of the team, according to the game they were playing. Bases were stolen with impunity, but this was not Barber's fault. It was due to the most stupid and infelicitous error in Grand Rapids.

The Herald-Deacon Ellis put young Barber, the Lowell amateur, down and out for the backstop. He proved to be an excellent backstop, but should either learn to throw at the base or to quit. Barber, the Lowell amateur, was throwing at all until his arm was being too strong. Otherwise there is no doubt that Ellis has found a "find", for the young man threw a ball so accurately that it will come only with work and practice. A large number of Lowell "fans" were in the audience.

Manager Ellis' newest find, the Lowell amateur, Barber, will rank with the best in the company this year, with experience in the Western League next year and be plenty fast enough for any of them.

The Democrat-"Billy" Barber, the Lowell catcher, who was given a trial with the Gold Bugs yesterday, is a first class player. He is a good fellow and townsmen, several of whom were "rooting" for him in the grand stand, and their idea was generally endorsed by the spectators. Of course there were a few against him, but most of them had a quarter of a dollar bet on the game and were sore on every body. Barber showed up in good form and did his best in the grand stand. He is not so much of the club, but his work was better than that of any other catcher in the league. He will do, but he and Bumpus have no license to win with such support as they were given yesterday.

NEIGHBORHOOD NOTES.

Alton.
Mrs Fred Sayles is on the gain.
The dry weather still continues and is by far the longest drouth ever known in this vicinity. Corn will hold up a few days yet, potatoes are suffering, pastures are entirely dry and wheat is about arrested with an average yield of five or six bushels less than in 15 or years. Farmers have every reason to feel blue, in many places the failure of water for stock is severely felt.
Miss May Aldrich, of Grand Rapids, visited Alton relatives two days last week and reports her father's, James A., health as very poor and even critically so.
John Miller, leader of the Swiss band went to Smyrna, Sunday to make arrangements for sending and getting twelve new pieces for the new band at Smyrna.
Ed Condon and family, of Otisco, visited David Condon, Sunday.
Mrs Orin Trumbull went to Ewart, Thursday for a visit with her son, Frank. She will go to Ewing, U. P. to visit Capins Trumbull and family and will return in October.
Mrs M. V. Lander, of Benton Harbor, brought the remains of her mother, who died about four years ago and buried her beside her husband, Philip Aldrich, in the Alton cemetery, where he was buried about forty-four years ago. Mrs Lander returned home, Friday.
Dr. Beckwith and family, of the Iowa Prison, are camping on the island in Nagler's lake.
Mrs Eva Dickens, of Smyrna, visited her mother, Mrs E. Y. Mosher, last week.
The two days W. M. meeting was quite well attended. Those from a distance were, Sam'l Fletcher and wife, Mr Watson and wife, Chas. Cornell and wife, of the Moffitt Charge, Father Grant, of Ada, and Mr and Mrs Orville Reynolds, of West Lowell.
Mrs Frank Tarleton, of Lowell, Sunday with her sister, Mrs Kate Godfrey.
Mr and Mrs Ed Godfrey visited her grandmother, at Chadwick, Saturday and Sunday.
Elder Smith, of Gd. Rapids, preached Sunday. He is 70 years old, forty eight years ago he held meetings with Elder Howe, of Orleans, in the Barto Dist., in a log school house, also at the Mason school. The country was at that time a wilderness and now none of the oldest settlers, who located land there are living, the Barlo's, Murrays', Francisco's, Ford's and Godfrey's excepting S. D. Godfrey are all in the land of the blest.
Mrs Morse, of Lowell, Sunday with Mrs Orrin Ford.
Dept. Sheriff, Ben Morse, of Lowell, visited J. G. Hateman, Sunday.
Dell Condon is moving his grainery from his old place to the Geo. H. Godfrey place.
Mrs A. S. Holmes and two grandson's visited Mrs Helena White, Sunday.
Miss Sarah White has gone to Traverse City for a couple of weeks.

Fill your coal bins and put in some for another year. \$5 a ton, is E. R. Quick & Co's price.

Down the River.

Ed Alger, wife and daughter, Ina, of Vergennes, visited his brother, Fred, and family Wednesday.
L. A. Carter and family visited at Alva Boff's in West Lowell, Thursday.
Ed Story and wife entertained Eugene Lee and wife Sunday.
L. J. Robinson and wife, of Vergennes spent Sunday with Henry Epley and wife.
Frank Pant, wife and baby, Mrs F.

Fairchilds and Mrs Elmer Ward, of Vergennes, were recent visitors at Thos. Pant's.

Mrs L. Austin.
Mrs Luma Austin died at her home in Vergennes, Thursday, July 11th, of typhoid pneumonia, aged 69 years. She had been sick only ten days and the Tuesday before her death she was stricken with paralysis. The funeral was held Saturday and was largely attended by mourning friends and relatives.
Harriet N. Hefflin was born July 12th, 1826, the youngest of eleven children; was married at Franklin, Vt., Jan. 5th, 1842, by Rev. O. C. Kimpton, to Luma Austin—her life partner; they lived at Chataugay, N. Y., twelve years and moved from there to Lamont, Mich., residing there ten years, moving to the present home in 1865.
She became a member of the M. E. church at Franklin, Vt., Jan. 28th, 1843, her old certificate of membership signed those many years ago by Alpheus Wade. Preacher, she has carefully preserved. But to those who knew her best no written certificate was necessary to prove her christianity. Her kind loving nature led her to minister to the wants of others; with an unselfish, happy disposition she enjoyed life best when she had made others happy. Never being physically strong, she always realized it was but a step to the other shore, and in her family record, many years ago, she wrote:
"Jesus can make a dying bed feel soft as downy pillows fair.
While on his breast I lay my head and breath my life out there."
While her life has been a quiet, home one, we cannot but feel how much better the world is for her having lived in it and that such lives as hers makes us all better. She died as she wrote there years ago, gently breathed her life away.
She was the mother of Mrs Silas Braated, who, with the grandchildren, sincerely mourn the loss of one whose place can never be filled, one of the kindest, and most lovable women whom it has ever been our lot to know. We mourn with them and extend our most sincere sympathy.
At the request of many of my customers in the country who did not get the notice of my former special sale of pictures in time, I have decided to make another sale, which will be on Saturday, July 27, when I will offer the finest assortment of pictures ever offered in Lowell. Have just received a fine lot of pastels, which I shall offer at prices to astonish you.

TEN DAYS IN A TREE.
With Nothing But Chinese Medicine and a Pair of Boots to Eat.
A Chinese miner, who, with a companion, was lost in the snow amid the rugged mountains of Plumas county, has been found, nearer dead than alive. For ten days, says the Oroville Mercury, he lived in a hollow tree, with nothing to eat but some Chinese medicine and scraps of leather cut from his boots. When rescued by a party of white miners his feet, from which he had cut the boots for food, were terribly frozen, and he was so weak he could hardly move. The searchers could find no trace of his companion, who is certain to have perished.
There was a large number of Chinese mining at Brown's Hill, and February 25 two of the number left the camp to go to La Porte, a distance of sixteen miles, to procure some Chinese medicine, for the use of the members of the camp. Then the weather was good, and the two Chinese proceeded safely over the snow to La Porte, procured the medicine, stayed over night and started back the next morning. During their trip back on the 26th a snowstorm came up and the Chinese became bewildered and hopelessly lost in the rough, mountainous country. They each had different ideas as to which direction to take, and finally quarreled and separated. One of them had not gone far before he found a hollow tree, wherein he was somewhat sheltered from the storm. He had matches with him and built a small fire, and, crouching over that, he lived for ten days. When their companions did not return to Brown's Hill the Chinese became alarmed and went to La Porte, where they ascertained that they had been there and started back. Then the white men about Cascade and Lumpkin were notified and search parties went out.
The other day John Kitrick, while searching with a companion for the lost man, noticed smoke down in a canyon.

He went down there, and in a tree found the poor Chinese nearly dead. Leaving him there, Mr. Kitrick went for help, and the unfortunate man was taken to the settlement on a sled.
His experience during those ten days had been fearful. As the pangs of hunger came upon him he took off his boots, parched them over the fire, and ate them and drank the medicine. When he found his boots were all gone and his feet frozen and he was so weak he could not stand, he had given up all hope. So grateful was he that when camp was reached he gave his rescuers fifty dollars in gold dust, all that he had. He will recover.
THE MALARIA MICROBE.
An Individual Organism of Independent Growth.
An eminent Italian scientist, who is an acknowledged authority on malaria and its causes, tells us that no matter how saturated with moisture soil may be, it is not of necessity unhealthy. The malarial microbe is not a production of the soil, neither is it the cause or effect of decaying vegetable matter. It is an independent organism, and has as much an individual growth and development as sheep and cattle. It must be present in the soil in order to bring about those conditions known as malarial. It is an established fact that this microbe exists, as it has been cultivated and carefully observed. For its perfect growth and increase, a temperature of about sixty-eight degrees Fahrenheit is necessary, and there must be a certain amount of humidity in the soil as well as free atmospheric action. Perfectly dry soil, or even that which is only slightly damp, will not present a favorable breeding-ground for malarial germs, and they either perish altogether or remain dormant until moisture puts the earth into more favorable conditions. The favorite and predisposing situations for malaria, then, are low places where there is stagnant water. The colony once well established, the broiling sun of summer and the continuous and steamy moisture cause these small but mighty creatures to multiply with amazing rapidity, and the atmosphere becomes literally charged with them. To remain in these localities is to inhale and absorb them by the million. There is one saving possibility in the situation, and that is the cultivation and drainage of the soil. Malaria will not flourish on a thick sod, therefore a liberal sowing of grass and a reasonably thorough system of drainways and ditches are the safest remedies for this evil. Tree-planting is useless; even the eucalyptus has no preventive or counteractive quality whatever. To sum up the whole case, a good hay crop is the best anti-malarial agent that can be applied to low ground; for where grass roots form a thick mat, there is little or no atmospheric action on the soil, and, consequently, no microbes of this much-dreaded sort.
USE OF OLIVE OIL.
In Ancient Times It Was Employed in Various Ways.
It is a curious and interesting fact that those fruits which in time past came to us from over the ocean, bathed in the atmosphere of the enchanting orient, are now acclimated upon the western coast of our own country. Of these one of the most noteworthy and picturesque is the olive. To all appearances one orange tree is precisely like its neighbor. But not so with the olive. No two are alike. Slow of growth, indescribably tortured and wrung by the elements, clinging to life with intense persistence, it wrests from earth and air that rich oil that fills a place subordinate to no other material.
In the days of old it was used for sacrificial libations, as well as for anointing the person and hair; for food as a vehicle for preparing other foods. In the days of Roman splendor olive oil was used much as we use butter. Like the Greeks the Romans believed that the frequent anointing of the body was favorable to vigor and suppleness. With both nations it was an indispensable adjunct to the bath. Olive oil ranked next to breadstuffs in value as an agricultural production.

"The Crack Train of the World."
A prominent New York merchant and importer of leather goods said in our hearing the other day, "I have traveled all over Europe and America and I consider the train which leaves Chicago every day at 6:30 p. m. for St. Paul and Minneapolis, via the Chicago, Milwaukee & St. Paul Railway, 'The Crack Train of the World.'"
In which statement thousands of others heartily concur.
Home industries are what build up a town and for that reason alone you should patronize them, especially when they do the best work, such as is done by Chas. Severy at the Banner Laundry.

BROWN & SEHER.
We find great pleasure in announcing to our readers that Chas. B. Lewis, the famous "M. Quad," has resumed his former place upon The Detroit Free Press. Since his retirement from The Free Press four years ago Mr Lewis has been writing for one of the leading syndicates. His preference for direct newspaper work, however, led him to abandon that connection, and hereafter his popular writings will appear only in The Free Press. Mr and Mrs Bowers, Brother Gardner, Arizona Kicker, Zeb White, Abe Crofoot, Chas. Gallup, and many new characters, will appear regularly.
The publishers are making a special four months' trial offer of the Semi-Weekly Free Press for 25c to introduce their paper to new readers, and we would advise those looking for a great bargain to send in their subscription at once. The offer is good only until August 1st.
