SCORES DROWNED.

Italian Steamers Collide in the Gulf of Spezia.

One Hundred and Forty-Eight Persons Lose Their Lives—Most of the Unfortunates Were Asleep When the Crash Came.

LA SPIZZIA, Italy, July 23.—A terrible accident, resulting in the loss of 148 lives, occurred near the mouth of the Gulf of Spezia. At 1:30 a. m. the steamers Ortigia and Maria P. ran into each other and the latter vessel was so badly damaged that she sank in a very short time. The Maria P. had on board, in addition to her crew, 178 passengers, bound from Naples for the River Plate, by far the larger part of whom were emigrants. The night was pitch dark when the collision occurred and the scene on board the sinking steamer almost defies description. Most of the passengers were asleep in the bunks at the time, and were awakened by the crashing of the steamer's plates, deck beams and deck planks. They were panic-stricken and rushed pell-mell on deck, where they ran hither and thither calling upon the saints to save them.

Went Down Quickly.

From the reports of the disaster received here, it is impossible to determine whether any attempt was made by the Maria P. to clear away and launch her sailboats, to attempt to rescue the passengers, but, judging from the accounts given by the excited survivors, it is surmised that the steamer went down too quickly to allow of this being done, though one boat got away. The blackness of the night added to the terror of those on board, and it is understood that some of the passengers, crazed with fear, jumped overboard.

Collision Was Terrible.

The force of the collision was terrific. The Ortigia struck the Maria P. squarely on the starboard side and her stem penetrated the ill-fated steamer to a distance of 18 feet. When she backed out a great volume of water poured through the orifice and the vessel began almost immediately to settle. No mention is made of the Ortigia lowering boats to attempt to rescue the imperiled people on the Maria P. Whether the former vessel was damaged or not is not known. The survivors are in such a mental condition that it is impossible as yet to get any connected story, but from the statements of some of the crew it appears that the disaster was the fault of the Ortigia. The crew of the Maria P. numbered seventeen. Of this number fourteen were saved in the boat that got clear of the ship. The boat also saved the thirty passengers who escaped drowning.

STAMBULOFF IS DEAD.

The Bulgarian Ex-Premier Succumbs to His Ailments.

SOFLA, July 19.—Stefan M. Stambuloff, ex-prime minister of Bulgaria, died at half-past 3 o'clock Thursday morning from the effects of the wounds inflicted upon him Monday evening when he was returning to his home from the Union club.

Only 40 years of age, he had earned for himself the title of the "Bismarck of Bulgaria," and his last words were: "God protect Bulgaria." His death has intensified the bitter feeling that exists between his partisans and the supporters of the present government, and it has been freely charged that Prince Ferdinand and his ministers were directly responsible for his assassination.

GOLD IN ALASKA.

The Precious Metal Found in Paying Quantities.

SAN FRANCISCO, July 23.—The schooner Elwood arrived Monday from Alaska with a cargo of gold. Capt. Weyman reports startling discoveries of gold in Alaska. He says that he has been in Tunograin, in Cooke's inlet, and that rich indications of the precious metal have been found there. There are at present about 250 miners engaged in working various claims, and as a rule, they have been successful. Capt. Weyman brought with him several samples of ore that appear to be very rich.

Minnesota Claims 208,242.

MINNEAPOLIS, Minn., July 23.—The count of the names in the city directory has been completed, showing there are 92,552 names in the entire book, not counting removals and deaths. On the basis of 2 1/2 per cent. this shows a population of 231,180 persons within the city limits. In order that the estimate may be of the most conservative character possible the City Directory company has decided to use only the multiple of 2 1/2, which would place the population at 208,242.

Her Name Is Marion.

BUZZARD'S BAY, Mass., July 20.—The president and Mrs. Cleveland have named the little girl, now thirteen days old, Marion Cleveland. As in the case of Ruth and Esther, no middle name is given. The announcement was made Friday afternoon by Private Secretary Thurber.

No Need to Worry.

NEW YORK, July 23.—The wealthy friends of Mrs. Kate Chase Sprague in this and other cities have raised a sum sufficient to maintain her in comfort for the rest of her life. It is said the amount is \$50,000.

Population of Germany's Capital.

BERLIN, July 23.—The industrial census gives Berlin a population of 1,616,851, against 1,734,819, the figures given by the local statistical bureau.

YOUNG BAPTISTS.

Fifth International Convention Held in Baltimore, Md.

BALTIMORE, Md., July 20.—The proceedings of the second day of the Baptist Young People's convention began with six sunrise prayer-meetings in various parts of the city. These were held at 6:30 and were largely attended. The union elected the following officers for the ensuing year: Presidents, John H. Chapman, Illinois; vice presidents, P. F. Bothong, New Jersey; J. E. Shenstone, Toronto, Ont.; George B. Taylor, D. D., West Virginia; recording secretary, Rev. H. W. Reed, Illinois.

The afternoon was devoted to twelve workers' conferences in the various Baptist churches on the general topic, "Young People's Society as a Working Force." These conferences began at 2:30 o'clock. Addresses were made in each church by prominent speakers from various parts of the country.

An enormous crowd gathered for the evening session, and thousands were unable to enter the giant canvas. Christian culture banners for senior work were awarded as follows: Bible readers' course, Dearborn street Baptist church, of Buffalo; missionary course, First Baptist church, of Quincy, Ill.; sacred literature course, First Baptist church of Amherst, N. S.

The board of managers met Friday night and selected Milwaukee, Wis., as the location for the convention in 1896, and Brooklyn, N. Y., for that of 1897.

BALTIMORE, Md., July 23.—Sunday was the closing day of the great convention of the Young People's Baptist union. The services included the convention sermon and the annual address of President Chapman. After consecration service at night the convention adjourned sine die. Every session and meeting held since last Thursday morning, about 100 in number, have been attended by large audiences and marked by an enthusiasm and earnestness which bodes well for the future growth and prosperity of the union.

COL. DAVIS REPORTS.

Director General of the World's Fair Completes a Big Job.

CHICAGO, July 23.—In compliance with the act of congress creating the World's Columbian commission and enacting other world's fair legislation, Col. George Davis, of this city, who was director general of the exposition, has presented his final report to President Cleveland and his official duties end there. The report gives a history of the inception, organization and administration of the great enterprise. It is a plain business document. It describes purposes, processes and events so as to set them clearly in array, especially before such as may hereafter become interested in the solution of similar problems. Although written and edited with the purpose of securing the utmost brevity consistent with the production of a complete and intelligible narrative, the work is necessarily voluminous. It takes about 3,500 pages of printed and typewritten matter, mostly the latter, illustrated by 2,000 photographs. It is bound in twenty volumes, in addition to the catalogues of exhibits, consisting of nearly 2,400 pages double column, nonpareil type. The catalogue is made part of the report.

LOST IN A CLOUDBURST.

Father and Three Sons Perish on Their Way to Oklahoma.

ST. PAUL, Minn., July 23.—A telegram has been received announcing the death of four persons who recently left Black River Falls, Wis., to seek a home in the Indian territory. Last spring John McCollum sold his farm in Wisconsin, packed up part of his worldly possessions, and started with ten horses and covered wagons for the Indian territory. He had with him three grown-up sons, leaving his wife and five small children until he could get located. The report is that while encamped on the banks of the stream in Missouri there was a cloudburst, and McCollum and his sons, wagons, teams and everything, were washed into the stream and lost.

BEATS CHICAGO.

A Couple Divorced at Munich, Ind., in Less Than an Hour.

MUNCIE, Ind., July 20.—Friday afternoon Mrs. Clark, wife of Rev. S. S. Clark, who was recently asked to resign as pastor of the First Baptist church, made application in court for a divorce. Within fifty minutes after the complaint was filed, Rev. Clark had made answer, the case had been tried and the divorce granted. The court gave the wife \$2,000 alimony, the custody of the children and Clark must pay her \$25 per month. Clark was known as the Parkhurst of Muncie.

Acquitted.

MILWAUKEE, July 22.—The arguments in the trial of Robert Luscombe for the murder of Emil Sanger closed Saturday morning and Judge Wallbur charged the jury, which retired at 1 o'clock. At 2:30 p. m. the jury returned a verdict of acquittal.

Two Murderers Hanged.

GREENSBORO, Pa., July 19.—William Freeman and John Good (colored), were hanged here yesterday. Freeman murdered Gertrude Smith, July 23, 1894. Good killed a man named McSlaughter in a gambling row.

Famous Chief Dies.

TOPEKA, Kan., July 22.—The famous chief, Benjamin Pikey, who had held every important office in the gift of the Choctaw nation, died at his home near Mico.

STATE OF TRADE.

Less Activity Reported in the Business World.

Much of the Future Depends on the Crop Yield—An Abundance of Money Noted—Further Advances in Wages—Strikes More Numerous.

NEW YORK, July 20.—R. G. Dun & Co.'s weekly review of trade says: "The week's news is not entirely encouraging, but is all the more natural because there are signs of midsummer dullness. Wheat prospects are not quite so good as last week, but still there are lower prices, as corn and cotton have been lowered. The exports of gold and the less favorable treasury returns for July are not unexpected and mean nothing as to coming business. There is a perceptible decrease in the demand for most manufactured products and the actual distribution to consumers naturally lessens in midsummer. There are still numerous advances in wages, but strikes grow more numerous and important.

Plenty of Money.

"Money is still abundant, and while there is much more activity in commercial loans, it is not what would appear if all industries were fully employed. The volume of exchanges continues nearly as large as in 1892, because of the delay in spring operations, and, though rapidly shrinking to summer proportions, is 27 per cent larger than last year.

Depends on the Crops.

"The future turns on crops, and the market reflects a prevailing belief that the crops are to be fair. Stocks carried over are such that a yield of 7,000,000 bales of cotton and 100,000,000 bushels of wheat would meet all needs, but lower prices prophesy larger yields, and of corn probably the largest on record.

"Western receipts of wheat, not half last year's, express disappointment at prices, while exports for the week, about a quarter of last year's, show that foreign dealers are not regarding the situation with anxiety. No do British accounts indicate any anxiety about cotton, while efforts are reported by some American mills to sell part of the large stocks taken some months ago, apparently exceeding their needs for the year. If unfavorable to some extent in price, the same, and additional indications, for it is better to have fair crops than to get higher prices for what remains.

The Failures.

"Failures in eleven days of July show liabilities of \$1,000,000 this year against \$2,500,000 last year. Failures for the week have been \$100,000 in the United States against \$200 last year, and \$25 in Canada against \$4 last year."

Bradstreet's View.

Bradstreet's says: "All the previously reported favorable industrial and commercial features are continued this week, the endurance of the revival in demand for iron and steel, the further advance in price of the same, and additional increases of wages of industrial employes, being the most significant.

"Notwithstanding the season of prevailing midsummer quiet in some lines of general trade, the volume of general business throughout the country is largely in excess of that one year ago. The only decreases in prices of importance noted are in wheat, flour, corn and lard, while previous advances are firmly maintained by closing quotations for leather, iron, steel rails, print cloths, wool, woolsens, pork, coffee, sugar and live stock.

Situation at Many Points.

"The expansion of industrial activity at Chicago, St. Louis, Louisville and Cleveland stimulates the distribution of merchandise staples generally. Country buyers are present in unusually large numbers. In Nebraska the corn crop will be very large and in South Dakota the crop prospects are as nearly perfect as possible. Duluth's lumber mills are largely sold up. All central and northwestern cities report merchants counting on a large volume of fall trade. Pacific coast advices are that the California wheat crop is thrashing out poorly, but in the northwestern spring wheat states, the prospects for a crop are bright. Nebraska is expected to produce an unexpectedly large crop of Indian corn, and the total yield of corn in the country will probably exceed even previous large crop years."

A HEROINE'S FATE.

Emma Swan Saves Six Lives But Loses Her Own.

FAIRFIELD, Ill., July 22.—Miss Emma Swan, a photographer and prominent member of the Methodist Episcopal church, was drowned in the Little Wabash near Massillon bridge in an attempt to rescue six young ladies of this city who were with a camping party at that point. Misses Lulu Porterfield, Grace Mastin, Sadie Summers, Annie Jessop and Carrie Jessop were unconscious when rescued, but all were soon restored except Miss Porterfield, who remained unconscious for about three hours.

Cozey for Governor.

CHICAGO, July 23.—A special from Springfield, O., says: Jacob S. Cozey, the commonwealth reformer, will be the populist nominee for governor. So said T. J. Creager, of this city, chairman and member of the people's party state executive committee. Mr. Cozey will be nominated by acclamation. The convention will be held at Columbus September 1 and 2.

To Boycott Bank Notes.

WASHINGTON, July 19.—Grand Master Sovereign issued a manifesto to the Knights of Labor reciting the wrongs of the masses and calling for a general boycott on national bank notes in all dealings between individuals, the boycott to go into effect September 1.

Reign of Terror.

LIVE OAK, Fla., July 23.—Rev. D. W. Gillislee, of this place, reports a reign of terror among the negroes of Lafayette and Taylor counties. He says their churches are being raided by white men, congregations dispersed and pastors driven away.

Can't Buy Hay for Their Stock.

MADISON, Wis., July 20.—The long drought has ruined pastures and put the price of hay higher than it has been for years. As a consequence farmers are selling their stock.

Gold Mine Burned.

SAN FRANCISCO, July 23.—At Angel's Camp the Utica mine, which had been yielding \$500,000 worth of gold every month, was damaged by fire to the extent of \$250,000.

Domestic Parliament Frogsawed.

OTTAWA, Ont., July 23.—The Dominion parliament was prorogued Monday afternoon, his excellency, the governor general, delivering a speech from the throne.

SILVER LEADERS.

They Urge the Establishment of Bimetallic League.

CHICAGO, July 22.—The national silver committee, composed of one representative from each state and territory, and appointed at the Memphis silver convention, finished its work Friday.

Resolutions were adopted declaring that the paramount issue in American politics to-day is "between the gold standard, gold bonds and a contracting currency on the one side and a bimetallic standard, no bonds and a sufficient currency on the other," and that this issue must be decided by the people at the election in 1896. Those who favor the bimetallic standard should make it a common cause and should unite their efforts to secure the establishment of the principles they advocate. To this end the committee urges the organization of bimetallic leagues throughout the entire country which all those who believe in the restoration of the free and unlimited coinage of silver at the existing ratio of 16 to 1 independently of the action of any other nation shall be invited to join.

A FATAL STORM.

Two Persons Killed and Others Injured at an Ohio Camp Meeting.

ZANESVILLE, O., July 22.—A fatal windstorm, accompanied by a heavy rainfall, burst upon the campgrounds near Roseville, O., Sunday afternoon, uprooting trees and overturning buggies. The storm was cyclonic in fury, and before it had spent itself two persons were killed and several others seriously injured. The storm, accompanied by a roaring sound burst over the camp ground about 4 o'clock while services were being held in the tabernacle, and was all over in a few seconds. A large tree was blown over, demolishing one corner of the tabernacle, instantly killing Mrs. Clement Wilson, of Zanesville, her skull being crushed in. Patrick Deselm, of Zanesville, was caught by the falling tree and his breast crushed. He died an hour afterward. Miss Clea Ansel, of Saltville, had her left leg crushed. Lydia Jenkins, aged 16, of Zanesville, was struck on the head by flying timber and seriously injured. Several other persons received slight injuries. The dead and injured were brought to this city.

FREED THE BIRDS.

Over 25,000 Feathered Songsters Liberated in Ohio.

CINCINNATI, July 23.—Since June 23 last, Game Warden Stun has caused to be arrested twenty-eight people who have violated the game laws by caging birds of the red species. It is not generally known that it is unlawful to keep any native song bird in confinement. Mr. Stun has several deputies at work all over the state, and more arrests will follow. It is estimated that over 25,000 birds have been given their freedom within the past year.

Prize Fighter Killed.

MILWAUKEE, July 23.—Louis Schmidt, Jr., died Monday afternoon as the result of a blow received in a prize fight with Frank Klein Saturday night at a road house near this city. Klein was arrested.

IT GROWS.

Quintessence of the strike among millers.

REARVIEW, July 20.—The Negroes and laboring strikers visited the Concord square, 5 miles from the city, Thursday night, and commended all the men employed there to quit work.

About 300 men are working on the range, and the business came to town Friday morning and joined the strikers.

Work in all mines in Marquette county, except Chippewa and Iron, has stopped.

NEGROES STRIKE. The Negroes strikers held demonstrations again Friday. Over 1,000 marched to the park, but no material change in the situation has thus far developed.

The men from both cities, accompanied by four bands, went to Ishpeming at the conclusion of the mass meeting displaying banners, flags, etc.

The business men of Ishpeming, with few exceptions, came out voluntarily and addressed the miners at a mass-meeting. They all volunteered to help the strike.

One merchant said he would contribute \$100 a day for the cause. Others also offered liberal donations.

The strikers now feel more confident of success than at any time since the walkout.

With the business men at their backs they can remain out some time.

KILLED HERSELF.

Suicide of Mrs. Porter, a prominent Detroit lady.

DETROIT, July 19.—Mrs. Theresa M. Porter, wife of Edward W. Porter, committed suicide by hanging herself Sunday morning at her home, 33 Winder street.

Mrs. Porter had been in ill-health for two years from nervous prostration resulting in neuritis which took the form of melancholia in an incurable degree.

Mrs. Porter was 54 years of age and had been associated with the business philanthropic workers of Detroit during the past fifteen years, resigning only when ill health made active work impossible for her.

She was for many years president of the Women's Foreign Mission union for the district covering Michigan, Indiana, Ohio, and was president for three years of the Industrial School association.

A TOWN'S HEAVY LOSS.

Fire Destroys the Best Part of Bolton Muskegon County.

MUSKEGON, Mich., July 23.—A fire which broke Sunday at Bolton, Muskegon county, with a population of 10,000, was destroyed by fire. The losses were \$1,000,000.

The fire started in the lumber yard and hotel; Kingstadt's store, Thompson's blacksmith shop and house, Dr. Block's office, L. P. Murphy's store, the city hall, etc.

The fire was a heavy loss to Bolton, Michigan, and the surrounding country.

REMARKABLE ESCAPE.

Miners Buried by a Cave-In Are Rescued Alive.

IRON MOUNTAIN, July 20.—A cave-in on the first level of the Iron Mountain mine late Wednesday afternoon buried nine men in the debris.

Rescuers went to work at once to try and reach the men. The rescue work was completed at midnight Thursday and was released, none of them being injured.

The escape is considered the most remarkable one in the history of mining.

FATAL WINDSTORM.

Storm Wrought at St. Clair, Mich., by a Cyclone.

St. Clair, Mich., July 23.—A fatal wind storm, accompanied by a heavy rainfall, burst upon this city Sunday afternoon.

Several persons were killed and property destroyed. The city hall was partly demolished, hundreds of trees were blown down, roofs were taken off buildings by the dozen, two large craft were blown around in the river and general confusion reigned.

The 11-month-old child of Elmer E. Black was killed instantly by the overturning by the wind of the Black home. There were four other children in the house at the time but they escaped without a scratch. The children were alone in the house.

The horse of Joseph Ham was blown into the river and in attempting to rescue it Mr. Ham sustained injuries that are serious.

Julius Belluga was blown into the river, together with a shed which the wind took a fancy to shed in Pine river.

Summary of International Politics.
First Great Power—Halt! or I let loose the dogs of war. As one of the great powers of the world and in the name of humanity, civilization and progress, I protest against your seizure of that little island whose inoffensive people are unable to protect themselves.
Second Great Power—I'll give you half.
First Great Power—All right. Go ahead.—Life.
A Sad Case.
Hostess—My dear count, you must pardon me, but I have such a very poor memory of names, it's a real affliction. I have forgotten yours.
The Count—You should consult a specialist on mental diseases, my dear madame, you really should. My name is Kuskowakischniffinglosk.—N. Y. Weekly.
Bouttown's Singular Power.
Prof. Steele—By simply holding a bright object before a person's eyes for five minutes I can hypnotize him, and make him do anything I wish.
Bouttown—That's nothing. By holding a bright object before a restaurant waiter's eyes for three-quarters of a second I can make him my slave.—N. Y. Weekly.
In Doubt.
"Say!" yelled the foreman of the Plunkville Bugle to the suffering editor, "you have got too much stuff this week for the woman's page. Which shall I leave out—the article on cranberry jelly or the one on 'Woman's Place in Statecraft'?"—Indianapolis Journal.
His Favorite Season.
Teacher—What season do you like best?
Boy—Summer.
"So do I. And why do you love summer?"
"Cause there ain't any school."—Good News.

Lowell and Hastings trains connect with D. L. & N. at Elmdale for C. & W. M. Ry., D. G. H. & M. or L. & H. agents can get seats in parlor cars or berths in sleepers reserved by telegraphing to J. S. Hawkins, Agent, C. & W. M. Ry. Grand Rapids. We have first class, convenient service and ask your patronage. GEO. DEHAVEN, G.P.A.
Last June Dick Crawford brought his twelve-months-old child, suffering from infantile diarrhoea, to me. It had been weaned at four months old and had always been sickly. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the father to giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used a marked improvement was seen and its continued use cured the child. Its weakness and puny constitution disappeared and its father and myself believe the child's life was saved by this Remedy. J. T. MARLOW, M. D., Tamaroa, Ill. For sale by L. H. Hunt & Son.
