

# HAIR!

## LONG or short?

Hair ye, hair ye, hair ye, seems to be the cry of the administrative staff of the Lowell High School since the opening day of the 1971-72 school year with enforcement of the school dress code.

Young men returning from a lazy hairfree summer have suddenly become very hair-conscious as suspensions for violations of the "code" continues to put students out of school.

Suspensions are difficult for students to understand when they are confronted by teachers whose hair is as long or longer than theirs.

The code states: "Hair is to be kept neat and clean at all times. Boys' hair that falls over the ears, eyebrows, or collar is not acceptable." Please note the parenthesis - (The students proposed allowing hair to the center of the ear - a difficult line.)

The established code was a result of a survey of the students with parenthetical insertions made by "somebody" for the purpose of clarifying reversals of proposals that were not acceptable to "somebody."

Lowell is the only school in the Kent County Intermediate School district making suspensions for violations of hair grooming.

The history of hair has been one of continuous change. In the past few years we have become conscious of a change that has brought out a maze of conflicting opinions that is only now beginning to work itself clean from the stigma of sub-cultures and hippism.

Hair styles have taken a plunge deep into our ancestral past. Present styles show a movement towards hair fashions that were popular on the American scene between 1620 and 1824.

These styles are on the verge of becoming general with the younger, population of this country.

If we continue to look at the changing hair scene in America we will see that between 1820 and 1865 another change took effect. The hair was shortened, but still worn moderately long - over the ears.

After the Civil war hair was shortened even farther. Styles took a turn towards looks like the pompadour. It no longer

flowed over the ears. Often it was parted and the part was worn high, sometimes directly down the crown of the head.

With the commencement of the Great Wars the Government lent its hand to the styling scene. Recruits were issued brush cuts for reasons of sanitation. Strangely enough the style took hold, and it was not long before Americans were described as being short-haired gum chewers.

Now we are experiencing another change. Rather than continue with short hair, or progress farther, say towards shaving our heads, we are turning towards longer fashions.

History has proven, unquestionably, that hair styles are a matter of fashions, and fashions change.

It seems unreasonable to think that Lowell High School should be exempt from the rules of fashion.

Parke Benjamine told us in 1852:  
"Oh fine it is to be the slave  
Of fashion! Mighty fine it is to brave  
Old Common Sense, that antiquated snob,  
Mix in gay crowds, and mingle with the mob . . ."

Hair is not a matter of discipline, as one administrator seemed to believe it was. It is not a matter of - When can I do as I please. Hair does not reflect impertinence on the part of the wearer. It reflects fashion.

School systems should not have to determine the length of a student's hair. Restrictions on hair can, and should be made by the parents - in the home. Those parents that pass it on to the school system are passing the buck.

And those school systems that accept this responsibility are only letting themselves in for a lot of nuisance trouble.

School systems that try to dictate fashions can only subtract from the time available to them to give our youngsters an education of quality.

The suspension of students for wearing their hair in a way that is currently stylish and fashionable can only lead to embittering their attitudes towards a system that is already overstrained by extraneous issues that are secondary to our more pressing social problems.

### Above The Board

(Ed. Note: This column will appear after every School Board meeting to keep those who cannot attend the meetings informed on what is happening in the business end of the Lowell Schools.)

"I don't know who's right but I'm darned glad we finally have a School Board that cares about both the kids and the taxpayer," one of 18 spectators remarked as he left Monday night's heated Board of Education meeting.

The hassle between board members began when Phil Kropf took exception to the proposed purchase of two new school buses. "I've never been asked or consulted on this and I don't know how much study has gone into it but I feel that we told the public we would have to double-run our present buses because if we didn't we would have to buy new buses and we couldn't afford it," Kropf said. "We're running 17 regular buses plus two specials and have five extra to use in emergencies . . . not only that but we just sold three we said we didn't need . . . I'm convinced this purchase would be wrong and a waste of money."

Superintendent Leonard Sinke then explained the reasons for the purchase saying, "To begin with, we did not go on a complete double-run basis. The board chose, instead, if you remember, an alternate plan with only partial double-runs and therefore allowed for the purchase of three new buses in this year's budget. True, the buses were to be purchased at a later date through normal bid channels, but when a company that has two buses left over comes to you with a much better deal than you could ever hope for, then the time to save money is now . . . not next December."

"As a matter of fact," Sinke added, "we did go to other companies to see what buses are coming in at and they were all much higher. One local company was as much as \$1,000 more per bus."

Dr. Siegle then called for an opinion of the immediate on-the-road situation whereby Bus Supervisor John Vos said his department was in good shape on the southern routes but in real trouble to the north.

Board Member Dave Miller then interjected, "in agreeing to buy these two buses you may be in violation of our policy which says to take bids."

Vos insisted, "We have bought buses in the past like this . . . this is nothing new," whereby Miller retorted, "Then you better revise your policy."

Supt. Sinke again spoke up saying, "I think you're right, Dave, from that standpoint, but these people were trying to save money."

Dr. Donald Gerard finally suggested that the board temporarily table any action and get on with the rest of the meeting. He maintained that no decision could be reached until all the facts were presented clearly to both sides.

The site for the new building program did not come in for much public discussion other than a board report from the architect stating that of two sites under consideration, one would

cost from five to ten thousand more to build on as far as foundations, etc., are concerned because they would have to be wider and deeper, however, this cost would be compensated by the cost of running sewer and water into the other possible site.

St. Mary's has requested an answer on whether or not the Board is still interested in property owned by the church located near the present Bushnell Elementary. Another offer has been made but the church wanted to make certain that the school was not interested. It was felt by Board members that perhaps the other interested party might not require all 12 acres and it might be possible to purchase a small strip as a buffer zone between Bushnell and whatever company builds there.

The State Aid will be slightly more this year than anticipated. This, coupled with the freeze on teachers' salaries, should make for a sizeable savings this year.

Dave Miller suggested, and Superintendent Sinke agreed, that a special budget meeting should always be held to thoroughly acquaint the board with all phases of the budget.

It was requested that Dr. Reagan obtain a legal opinion on the limitations for placing the money received through the sale of bonds while it is waiting to be used in the new building program. The money will be available within the next two weeks and the board wants to place it where it will draw the most interest.

Dr. and Mrs. Robert Kyser appeared before the board to seek action on providing transportation for those more than 30 students attending Kent Skill Center. At the present time these 17 and 18 year-olds are driving to the Center themselves and with that many on the road the danger of accident and serious injury is much greater than if one bus took them all in, Dr. Kyser said.

High School Principal Dennis McMahon said he has received many phone calls regarding this problem and Assistant Superintendent Donald Kelly said he felt that as long as Lowell School is providing this type of activity for its students, it should also consider transportation. Mr. Kelly also brought to the board's attention that only one out of nineteen districts were planning to provide such transportation. Superintendent Sinke told the board that the decision to have the students provide their own transportation was made long before he became head of the system but that he will look into the situation immediately and to see if some type of transportation can be provided. He also added that, as of this week, it has been agreed that the State will provide some reimbursement to all the sending schools providing transportation.

Two high school students, together with their parents, appeared before a closed session of the Board to seek re-admission to school. One was granted immediate re-admission and the other was tabled for further study.

At the close of the meeting, after carefully studying all the facts and figures, it was decided to purchase two buses from Burch Body for a total of \$19,400 . . . \$9,700 each.

... then there was the Bushnell First Grader who, on opening day, looked enviously at all the bus students with their bus numbers tagged to their clothes, and unhesitatingly told his teacher that he too rode bus 23. So he was tagged and sent around the whole route before the harried driver discovered he lived four blocks from school.

... and how 'bout Sandy VanWeelden's Junior High Student who, when asked the definition of the word "Knight" wrote "when it's dark at the castle."

### Register For Scouting

Register for Scouting Now, in Boy Scout Troop 102, Cub Scout Pack 3102 and Cub Scout Pack 3188.

A registration meeting will be held this Thursday, September 16, at the Runciman All-purpose building from 7:30 to 8:30 p.m.

All boys who want to join the scouting movement are required to bring your parents and sign up, if you are eight years old (or soon will be) or older.

### 'Round-Up'

The annual Lowell Area Girl Scout Round-up will be held at Lowell's St. Mary's School at 7:30 p.m. on Thursday, September 23.

All Brownies, Juniors, Cadettes and all second through ninth grade girls interested in joining the Girl Scouts are urged to be in attendance, accompanied by one parent.

Further information may be secured by calling Mrs. Scheidel at 897-9090.

### Constitution Week Proclamation

Governor Milliken has proclaimed the week beginning September 17 and ending September 23, 1971, as Constitution Week in Michigan. The Sophie de Marsac Campau Chapter DAR is sponsoring activities to commemorate Constitution Week.

The Proclamation reads:  
"As we near the 200th anniversary of the birth of this nation, we, as citizens of this great nation, must be constantly aware of our own priceless heritage and the freedom and ideals set forth in the United States Constitution - a living set of principles upon which every proud and patriotic American patterns his life.

The Constitution was signed on September 17, 1787, and has stood as the pillar of freedom throughout the world since that time.

The United States Congress has designated the week of September 17 of each year as Constitution Week, in order that all citizens might rededicate themselves to, and reacquire ourselves with, the basic and fundamental tenets guaranteed by our Constitution."

Therefore, I, Harold F. Jefferies, Mayor of the City of Lowell, urge all area citizens to observe this week with appropriate ceremonies in our churches and schools, and other suitable places, in order that we all might become better aware of the rights and responsibilities of citizenship outlined in the United States Constitution."

Harold F. Jefferies  
Mayor

Ever wonder which way you'll be detoured the next time you take a trip down town?

Several complaints have stemmed out of the fact that the north portion of Riverside Drive, adjacent to the Lowell Light and Power Plant, has been closed to thru-traffic for a considerable length of time . . . progress has been so "slow" on the demolition of the old Masonic Temple on East Main Street, that residents are beginning to wonder if the ugly rope and dented barrels are going to become permanent fixtures in the 300 block . . .

But the road obstruction will not end there, as residents traveling north out of the city via Lincoln Lake Road, will be detoured commencing this week due to the widening of the roadway.

The Lowell Community Center which had set up temporary offices in the quonset building at Recreation Park will move to their new headquarters this week.

Donated the facilities of the old West United Brethren Church on Grand River Drive, the community center will be open on Tuesday mornings only from 9 a.m. until 12 noon.

Next Thursday, Friday and Saturday, along East Main Street, in front of the Lowell State Savings Bank, the Automobile Dealer's Association of Lowell, will have on display their new 1972 models.

Watch next week's paper for full details.

Also, let's not forget the Lowell Area Chamber of Commerce's annual Home-Sport, Auto Show, September 30, October 1 and 2 . . . the Red Arrow's opening non-conference game against Ionia this Friday night . . . Arrowhead Golf Course's annual open tournament Sunday, September 19 . . . and the drive for new Christmas Decorations Along Main Street, being co-sponsored by the Lowell Area Chamber of Commerce and service organizations.

At the September 7 meeting of the Lowell City Council, City Manager Blaine Bacon released the tax rate to be levied for Lowell Area Schools in 1971 is 30.9 mills, compared with 27.4 mills last year.

This is an increase of \$3.50 per \$1,000 valuation. The Kent Intermediate School District rate has been set at 2.415 mills, up from 1.45 mills last year, or an increase of 96% per \$1,000 valuation.

The County rate, however, should be down some because of the expiration of a voted bonding levy.

O. E. Bieri and Sons are rapidly completing their contract for construction of Gee Drive. Sand, sub-grade and gravel are being placed on the road's surface at this time.

City crews will soon begin sodding and seeding.

### Motorcycle Fatality

WILLIAM BAILEY

A Lowell High School student, William Bailey, 16, of 9963 Five Mile Road, Grattan, was fatally injured September 7 when the motorcycle he was riding collided with a car at the intersection of Knapp St. and Grand River Dr., N.E. Kent County deputies reported that a car driven by Covert DeJong, 67, of 4950 Knapp Street, N.E., was completing a left turn to go south on Grand River Drive, when the cyclist struck the right rear fender of the turning vehicle.

Employed as an on-the-job student at the King Milling Company in Lowell, Bailey was the son of Mr. and Mrs. Robert Bailey.

Besides his parents, he is survived by four sisters, Maurine, Mary Jo, Linda, and Jane; and four brothers, Robert, Charles, Patrick and Daniel, all at home; his grandparents, Mrs. Joseph Maciejewski and Marwood Bailey, both of Grand Rapids; and several aunts, uncles and cousins.

Funeral Mass was held Friday morning at 11 o'clock at St. Patrick's Church, Parnell, with interment following in the church cemetery.

### Saranac Offers Adult High School Program

Offered again this Fall at Saranac High School is the opportunity for adults in the Lowell-Saranac area to complete work on their high school diploma. More than ever, the need for a diploma is at an all time high.

The Saranac program is set up in the evenings, with a varied and interesting curriculum designed to serve adults. Many adults are eligible to receive credits toward the diploma from outside work experience, military experience or through completion of the G.E. D. test.

Saranac is also under the Veterans' training facility program which will pay veterans to attend night school. The entire program is free to any adult without a high school diploma.

For those wishing to receive more information, please call Eric Smith at 642-9186 or 642-9232, in Saranac.

### Child's Immunization Survey To Be Taken

A number of families in this area will take part in the 1971 National Immunization Survey to be conducted the week of September 20 by the Bureau of the Census, according to Robert G. McWilliam, Director of the Bureau's regional office in Detroit.

The annual immunization survey is part of a national program coordinated by the U. S. Public Health Service to determine the number of children and teenagers who have been immunized against influenza, smallpox, polio, diphtheria, whooping cough, tetanus, and measles.

The questions on immunization will be in addition to the usual ones asked in the Bureau's monthly survey of employment and unemployment conducted for the U. S. Department of Labor. Results of this monthly survey provide a continuous measure of economic conditions in the country.

Facts supplied by individuals participating in this voluntary survey are kept strictly confidential by law and results are used only to compile statistical totals.

Interviewers who will visit families in this area are: Mrs. Lucy Hall, 3046 Knapp, N.E., Grand Rapids, Michigan 49505.

### 'Hello Dolly' Annual Contest

Dolls of all descriptions are needed by the Camp Fire groups of Lowell, as they plunge head-long into their annual "Hello Dolly" Contest.

During the month of October, the Camp Fire entrants will be required to dress a doll. In the project, the girls may not spend over \$1 for materials and supplies to outfit their contest entry.

The dolls will be judged in several categories - baby, child, adult and character. Ribbons will be awarded to the overall winners at a Camp Fire tea on November 20.

The decorated dolls will then be donated by the Camp Fire girls to the local Moose Lodge's annual Operation Santa Claus project.

If you have a doll that you would like to donate to the contest, which in the end will make some under-privileged child a nice Christmas present, you can do so by contacting Mrs. Juanita Baker at 704 N. Monroe Street, Lowell (897-8279), or by calling Mrs. Marilyn Keim at 897-9886.

### Cascade Building Permits

Twelve new homes were included in the total building permits issued for the Township of Cascade, during the month of August. The August permits, totaling \$365,900, will boost the Township's permit issuance to a new high.

To-date, January through August, the Township permits total \$3,348,300.

### Brower Retires . . .

Hubert W. Brower, Cascade Springs Drive, S.E., retired on August 31 after serving 16 years as resident vice-president in charge of the Michigan Mutual Liability Company's Grand Rapids headquartered Michigan Region.

**Accountants' Chapter To Hear Senator Vander Laan**

The Grand Rapids Chapter of the National Association of Accountants will hold their first meeting of the 1971-1972 chapter year at the Comet Restaurant on Tuesday, September 21, 1971.

Senator Robert VanderLaan, Republican Majority Leader in the Michigan Senate will speak on "Legislative Review of 1971," with emphasis on fiscal matters.

Senator VanderLaan is Chairman of the Legislative Council and Vice-Chairman of the Senate Business Committee. He also serves as Vice-Chairman of the Executive Committee of the Council of State Governments and is a Past President of the Mid-western Conference of the Council.

There will be a fellowship hour at 6 p.m. Dinner is at 6:30 p.m. followed by the meeting at 7:30 p.m. Reservations for members and their guests can be made by calling Richard Van Dyke at 245-2179.

**Around The Area**

Mrs. Milton Heaven, 7249 Denison Drive, S.E., is confined to her home with illness. She would love to hear from her friends.

Ray Mieras, a former Sales Executive with the Sortex Company of North America in Lowell, has joined the industrial sales staff of the Purchase Electric Supply Company in Grand Rapids.

The Kent County Military Waiting Wives Club will meet September 28, at 7:30 p.m. at the Red Cross Building, 1050 Fuller, N.E., Grand Rapids.

Wives of servicemen currently away from home are invited to join this club. For further information, please call the American Red Cross.

Mrs. Juanita Rich, who resides at 1451 Deborah Drive, Lowell, visited her son, Airman Gary Rich at Seymour Johnson Air Force Base in North Carolina, over the Labor Day week end.

Mrs. Rich was accompanied on the trip by her daughter and son-in-law, Mr. and Mrs. Daniel Moore of Saranac. They also visited relatives in High Point, North Carolina. Needless to say, they had a very enjoyable trip.

**The Last Lawn Mowing Season**

Don't give your lawn a close shave just before you put the lawn mower away for the winter, warns a Michigan State University turf specialist.

According to Robert Shearman, mowing the grass too short can damage the lawn. "Enough leaf surface must be left so that the plants can continue to make food and remain healthy right up until grass growth slows down for the winter months."

Close mowing also leaves the grass open to disease and insect attacks.

"For the average lawn, the mower cutting height should not be changed for the last time around the yard in 1971," says Shearman. "A height of one and one-half to two inches should be maintained throughout the entire growing season."

For low-profile, creeping-type grass varieties, such as bent-grass, the mower can be set at lower cutting heights if the lawn has been well fertilized and watered throughout the growing season.

According to Shearman, a good rule of thumb is: "Never cut off more than one-quarter to one-third of the grass blade length."

**25th Open House**

A 25th wedding anniversary open house honoring Mr. and Mrs. Jeff Gelderema will be held at their home, 1148 Belding Road, on Sunday, September 26, from 1-4 p.m.

Hosting the event will be the Gelderema's daughter, five sons, and a daughter-in-law.

All friends, neighbors and relatives are cordially invited to attend.

**'Cures For The Crises'**

State Board of Education has just taken the most far reaching action ever undertaken by adopting contemporary and comprehensive common educational goals for Michigan that provide "Cures for the Crises" in our schools and our society. Of particular significance, in view of today's monetary crisis, is that the fundamental educational goals don't cost any more money, according to James F. O'Neil, Member of the State Board of Education.

The first goal is the most simplistic, fundamental and crucial in developing "Cures for the Crises" in our schools and society—Citizenship & Morality. It calls for the development of youth as citizens who have self respect, respect for others and respect for the law. (It is this basic lack of respect for one's self, others and the law that is causing the major problems in our schools and society). This goal calls for the development of mature and responsible citizens with a sense of social awareness and moral and ethical values. (Schools and society must expeditiously inject large quantities of this cure if we are to resolve the crises of increasing demonstrations, disorders and disturbances which threaten to destroy our schools and society).

The second goal—Democracy and Equal Opportunity—calls for an educational system and environment which advances the principles of democracy by recognizing the worth of every individual and by respecting each person's right to equal educational opportunity. (This goal recognizes that the door to equal educational opportunity is the door to all other opportunity). It calls for equality in the allocation of educational funds and a greater parental participation in the education and development of their youth. (This latter pointer is directed toward the so-called generation gap—which is basically a communications gap).

The third goal—Student Learning—calls for each individual to acquire a positive attitude toward school in order that he or she may A) achieve optimal personal growth, B) progress in a worthwhile and rewarding manner, and C) render valuable service to society.

The goals were initially developed by a Citizens Advisory Committee which included students and parents as well as educators. The Board reviewed, revised and made revisions to the committee's recommendations. Extensive public meetings were then held throughout Michigan to provide an opportunity for everyone to participate in the development of the new educational goals. Additional revisions were made to the goals as a result of these public meetings. The goals have now been formally adopted by the State Board of Education and are being presented to the schools and society.

The third goal—Student Learning—calls for each individual in Education are the contemporary and comprehensive "Cures to the Crises" of our schools and society. It is now the responsibility of each one of us individually and collectively to implement them wherever we are and wherever we are: youth, parents, teachers, principals, school board members, legislators and representatives of the news and communications media.

**electricity and your environment**

Electricity performs many tasks to provide cleanliness and comfort. Electric heating, air conditioning, humidifiers and de-humidifiers enable you to live in a cleaner, more comfortable indoor environment. A variety of air cleaning devices, such as filters in heating and air cleaning systems and electronic air cleaners, remove smoke, dirt, pollen and other impurities from the air you breathe.

In many ways, electricity has improved the quality of our lives. Electricity and electric appliances have relieved many people of drudgery. Electricity has given us more time to think, to engage in cultural pursuits, and generally to live longer, more productive, more satisfying lives.

In the future, electric automobiles and electrified rapid transit systems may remove much of the pollution now created by internal combustion engines. Electric energy will be increasingly used to dispose of waste, re-cycle waste, remove salt from sea water and treat sewage.

Clean electricity is—and will continue to be—an aid to a better environment.

**Weddings**

**METTERNICK-BOGERD**

Miss Barbara J. Bogerd and Steven Metternick were married Saturday, September 4, in the First Congregational Church of Ada.

Parents of the couple are Mr. and Mrs. Donald Bogerd of Ada and Mr. and Mrs. Matt Metternick of Alto.

Venue lace accented the collar, hemline, sleeves and bodice of the gown selected by the bride. A pearl and petal headpiece secured her shoulder-length veil.

Maid of honor was Miss Gail Stenard. Bridesmaids were Miss Susan Metternick, Miss Cheryl Bogerd and Cynthia Colvin. Jill Bogerd was flower girl and Jeffrey Washburn, ringbearer.

Patrick Hobbs was best man, Richard Shoak and Richard Bogerd acted as groomsmen.

Shady Acres was the setting for the reception which followed.

**GAGE-NELSON**

Married August 20 in the Alton Bible Church were Miss Carolyn Nelson and Glen Gage.

Parents of the couple are Mr. and Mrs. William Nelson of Lowell and Mrs. Roy Gage of Lowell.

**CLARK-VENEMA**

Alaska, Michigan, will be the home of Mr. and Mrs. Gregory D. Clark following their marriage Friday evening in the Reorganized Church of Jesus Christ of Latter Day Saints.

The bride, the former Miss Barbara Venema is the daughter of Mr. and Mrs. Willis Clark, also of Alto.

The bride chose an alenon lace and organza gown with a tiered skirt, bishop sleeves and Victorian styling. A pearl and petal headpiece held her finger-tip veil.

Matron of honor was Mrs. Donald Dobreck. The Misses Laura Waldeck, Cynthia Venema, Debra Clark, Sherrin Venema and Patricia Venema were bridesmaids. Flower girl and ringbearer were Angela Jasema and Eric Demutz.

Best man was Eric Clark. Lloyd DeVormer, Mark Clark, Mark Barnowski, William Bravada, and Thomas Ellis ushered.

The couple are on a Northern honeymoon.

**KOERT-BANTA**

The wedding vows of Miss Mary Janet Banta and James M. Koert were exchanged on the afternoon of September 4 in the Cascade Christian Church. The Rev. Raymond Gaylor was the officiating clergyman.

Mr. and Mrs. James Banta, Spaulding Avenue, S.E., and Mr. and Mrs. Martin Koert, N.E., are the couple's parents.

For her wedding, the bride chose an ivory over Peau de Ange lace skimmer with high neckline and Bishop sleeves. The high rise waist, neckline, cuffs and hemline were circled with scrolled Venice lace. Matching lace edged the double tiered floor-length illusion veil, secured over a small pillbox headpiece.

Rosemary Smith was the maid of honor. Bridesmaids were Sue and Lori Koert.

A wedding reception on the church lawn followed the open church ceremony.

Mr. and Mrs. Koert took a motor trip to San Francisco, California, where they will reside while the groom attends graduate school.

**Storing Glads Cannas, Dahlias**

It's time to start digging if the glads in your garden are showing a hint of yellow in the leaves.

According to Michigan State University horticulturists, gladioli must be dug before a hard frost comes.

Handle the glads gently and store them in a warm, dry place for several weeks. Next, clean the canes and remove the tops. Save any small cormels that develop—they can be planted next year to produce new corms.

Put the corms and cormlets in an open paper bag or tray for winter storage and place them in a cool, dry room.

**CANNAS AND DAHLIAS**

These flowering plants should get attention after the first few frosts have frozen back the tops, say MSU experts. (First freeze is about September 15 in lower Michigan.)

Prune the tops at the soil line and then remove the roots being careful not to cut or damage the fleshy roots.

For storage of cannas and dahlias, place the roots in paper-lined baskets or boxes and cover them with soil or peat. The soil is a must to keep the roots from drying out and the paper provides some insulation.

Cool temperatures are important to storage. The roots keep best at a temperature of about 50 degrees.

**Garden Contest Winners**

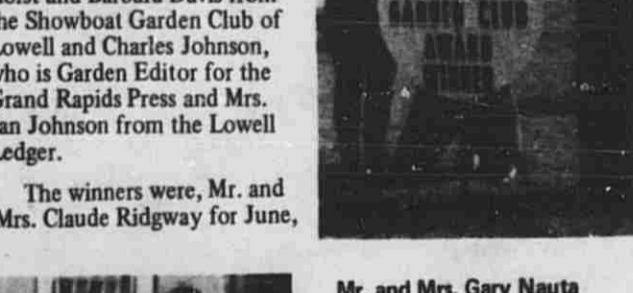

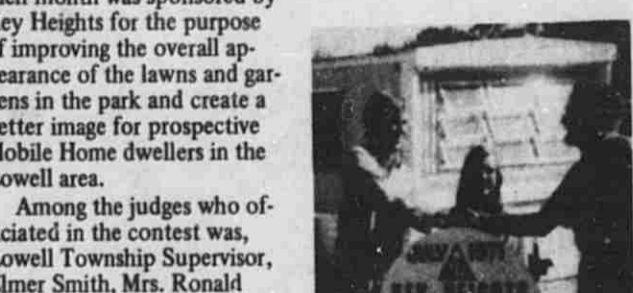

Key Heights Mobile Home Co-op Village in Lowell has completed their summer long Garden and Lawn contest with the winners receiving two months rent each, as first prize.

The contest which ran June, July, August with winners for each month was sponsored by Key Heights for the purpose of improving the overall appearance of the lawns and gardens in the park and create a better image for prospective Mobile Home dwellers in the Lowell area.

Among the judges who officiated in the contest was, Lowell Township Supervisor, Elmer Smith, Mrs. Ronald Holst and Barbara Davis from the Showboat Garden Club of Lowell and Charles Johnson, who is Garden Editor for the Grand Rapids Press and Mrs. Jan Johnson from the Lowell Ledger.

The winners were, Mr. and Mrs. Claude Ridgway for June, and Mr. and Mrs. Gary Nauta for July and August.

To celebrate the occasion and thank those who participated Key Heights hosted judges and winners to dinner at the Fox Head Restaurant in Ada, September 7th.

Mr. and Mrs. Gary Nauta

Mr. and Mrs. Claude Ridgway

Mr. and Mrs. Wm. Uyterschout

**Controlling Rats**

With cold weather approaching, neighborhood rats may be thinking about moving into your home for the winter.

Michigan State University wildlife experts offer the following advice that can help to prevent rats from invading houses.

**DON'T LET 'EM IN**

The old saying, "An ounce of prevention is worth a pound of cure," applies to rat problems as well as the common cold.

—Keep the area around the house free from suitable rat hiding places.

—Don't pile coal, wood, straw or similar materials against outside walls.

—Close all unnecessary openings with concrete or sheet metal.

—Don't allow litter to build up on the floor behind sinks, stoves or cabinets.

—Keep food supplies (pet foods too) in closed containers to shut off the rats' food supply.

—Screen or cover floor drains.

**TRAPPING**

Rat traps are still one of the most effective methods of control once the pests invade a house.

—Use 10 or 12 traps to do a good job.

—Make the trap's trigger bigger by adding a one inch square piece of wire screen or cardboard.

—Place each trap where the rat will have to cross it.

**POISONS**

Poisons offer the best bet for controlling rats, but they can be dangerous if small children or pets are near. Since the poisons are dangerous, MSU experts don't recommend them unless there are a lot of rats in the house.

—If poisons must be used, buy a poison of the type called emetic. These poisons cause vomiting in cats, dogs and humans and thus is the safest type to use. Rats lose out with emetic poisons because they can't vomit. Check the label carefully before buying—it will tell you if the poison is the emetic type.

—For extra safety, place the poison where children and pets can't get to it.

—Be sure to follow the directions on the package carefully.

**World's Deepest Well**

**Fresh Bartlets Brighten Slaw**

Give old-fashioned cabbage slaw a new look with fresh Bartlet pears. Juicy chunks of pear are folded into shredded cabbage along with grapes and crunchy cashews. A creamy dressing made with sour cream and mayonnaise coats and blends the ingredients.

Luscious fresh Pacific mountain Bartlet pears are on the market from late August through October. If the pears are underripe when purchased, they quickly turn juicy and sweet if left at room temperature a few days.

Whether eaten fresh off the core or baked into a tasty dessert, the refreshing flavor of Bartlet pears is enjoyed by all. Keep a good supply on hand throughout this year's bountiful season.

**Creamy Pear Slaw**

1/2 cup mayonnaise  
1/2 cup dairy sour cream  
1/2 tablespoon lemon juice  
1 cup halved and seeded grapes  
2 teaspoons sugar  
1/2 teaspoon salt  
Parley, for garnish  
cashew nuts

Core pears and cut several wedges for garnish. Dice remaining pears. Toss diced pears with cabbage, grapes and nuts. Combine remaining ingredients, except parsley, and toss lightly but thoroughly with slaw. Garnish with pear wedges and parsley. Makes 6 servings.

**World's Deepest Well**

3. All resolutions and parts of the resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.  
Ayes: Members Gerard, Kropf, Miller, Wingeier, Siegle, Metternick, Reagan.  
Nays: Members None.  
RESOLUTION DECLARED ADOPTED.

### NEW BUSINESS

1. Motion by Metternick, seconded by Siegle, to adopt the revised Bus Drivers Policy.  
Ayes: 7 Nays: 0 Motion Carried.

2. Motion by Siegle, seconded by Gerard, to establish the following tax levies for the 1971 school year:

## 50th Anniversary

For 49 of their 50 married years Mr. and Mrs. Peter Mulder have resided in Lowell. Their present home being at 932 Lincoln Lake Avenue.

On Sunday, September 26, in commemoration of their golden wedding anniversary, the Mulders will be the honored guests at an open house to be held at the home of Mr. and Mrs. Donald Beachum, 1051 Beach Street, Lowell.

The Mulders were united in marriage on September 27, 1921, in Wixom, Michigan, and moved to Lowell the following year. Mr. Mulder is a retired Lowell businessman.

No formal invitations to the open house, which will be held from 2 to 5 p.m., have been issued, but all of the Mulder's friends, relatives and neighbors are cordially invited to attend. They have requested "no" gifts, please.

## LEGAL NOTICES

**MORTGAGE SALE**

Default has been made in the conditions of a mortgage made by Henry Koster and wife, Cornelia Koster of 3288 Ottawa S.W., Grandville, Michigan to Grand Valley National Bank, a National Banking Association, Mortgagee, dated December 1, 1967, and recorded January 20, 1968, in Liber 1877, on page 1189, Kent County Records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of Twenty-two thousand five hundred and 89/100 (\$22,578.89), including interest at seven (7%) percent per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by sale of the mortgaged premises, or some part of them, at public venue, at the East door of the Hall of Justice, City of Grand Rapids, Michigan, on November 16, 1971 at 10:00 o'clock in the forenoon. Said premises are situated in the City of Grandville, Kent County, Michigan, and are described as: Lot 29 Sunny Acres Addition No. 1 according to the recorded plat thereof.

The length of the period of redemption from such sale will be six months.

835 W. Main St., Lowell  
Phone 897-9253

## Water Color Class For Beginners

Water color classes for beginners in "still life" and landscape painting on Thursdays from 9:30 a.m. to 11:30 a.m. will be conducted by Mrs. Phillip (Jan) Johnson of Lowell.

Mrs. Johnson will conduct her classes at the East Grand Rapids Community Art Center, at Bretton Village Shopping Center, Burton and Bretton Streets, in Grand Rapids.

The series of Hobby Art instruction classes offered by the Art Center are open to adults, teenagers, and children. For information and enrollment in the program call CH 3-7737.

## How To Dry Gourds

Gourds can add a colorful touch to decorative arrangements or center pieces throughout the year, but they must be dried before they can be expected to last more than several weeks.

Michigan State University horticulturists offer the following gourd drying tips:

First, wash the gourds with a household disinfectant to help reduce the chances of spoilage.

Large or immature (green) gourds will dry faster if a one-quarter inch hole is drilled through the bottom of the gourd. Make sure the hole penetrates well into the seed cavity. The best guarantee of successful drying, however, is to use only mature gourds.

For drying, place the gourds on screens or in mesh or cheese cloth bags and hang them in a cool well ventilated place. A garage is often a good place. The drying process takes about two to four weeks.

After drying, wash the gourds again with a household disinfectant to prevent mold.

Dried gourds may be finished and polished with a good floor wax, furniture polish or clear varnish. Don't use shellac for this. It can shorten the life of the dried gourd.

## Ford Reveals Availability Of Military Academy Appointments

One appointment to the U. S. Military Academy at West Point and two appointments to the U. S. Air Force Academy at Colorado Springs are available to young men of Kent and Ionia Counties, Congressman Gerard R. Ford announced today.

These all-expense college scholarships are open to high school seniors and graduates who are interested in careers in the armed services of the United States. In addition, applicants must be U. S. citizens, under 22 years of age, unmarried, and able to pass the physical and scholastic requirements.

Applications for those positions may be obtained from Jerry Ford's office at 425 Cherry Street, S.E., in Grand Rapids (telephone 456-9607) and from his Washington, D. C., office. The deadline for filing the applications is September 25.

## Water Color Class For Beginners

Water color classes for beginners in "still life" and landscape painting on Thursdays from 9:30 a.m. to 11:30 a.m. will be conducted by Mrs. Phillip (Jan) Johnson of Lowell.

Mrs. Johnson will conduct her classes at the East Grand Rapids Community Art Center, at Bretton Village Shopping Center, Burton and Bretton Streets, in Grand Rapids.

The series of Hobby Art instruction classes offered by the Art Center are open to adults, teenagers, and children. For information and enrollment in the program call CH 3-7737.

## How To Dry Gourds

Gourds can add a colorful touch to decorative arrangements or center pieces throughout the year, but they must be dried before they can be expected to last more than several weeks.

Michigan State University horticulturists offer the following gourd drying tips:

First, wash the gourds with a household disinfectant to help reduce the chances of spoilage.

Large or immature (green) gourds will dry faster if a one-quarter inch hole is drilled through the bottom of the gourd. Make sure the hole penetrates well into the seed cavity. The best guarantee of successful drying, however, is to use only mature gourds.

For drying, place the gourds on screens or in mesh or cheese cloth bags and hang them in a cool well ventilated place. A garage is often a good place. The drying process takes about two to four weeks.

After drying, wash the gourds again with a household disinfectant to prevent mold.

Dried gourds may be finished and polished with a good floor wax, furniture polish or clear varnish. Don't use shellac for this. It can shorten the life of the dried gourd.

## LEGAL NOTICES

**MORTGAGE SALE**

Default has been made in the conditions of a mortgage made by Henry Koster and wife, Cornelia Koster of 3288 Ottawa S.W., Grandville, Michigan to Grand Valley National Bank, a National Banking Association, Mortgagee, dated December 1, 1967, and recorded January 20, 1968, in Liber 1877, on page 1189, Kent County Records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of Twenty-two thousand five hundred and 89/100 (\$22,578.89), including interest at seven (7%) percent per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by sale of the mortgaged premises, or some part of them, at public venue, at the East door of the Hall of Justice, City of Grand Rapids, Michigan, on November 16, 1971 at 10:00 o'clock in the forenoon. Said premises are situated in the City of Grandville, Kent County, Michigan, and are described as: Lot 29 Sunny Acres Addition No. 1 according to the recorded plat thereof.

The length of the period of redemption from such sale will be six months.

Dated: August 8, 1971

## City of Lowell Council Proceedings

Regular meeting, August 16, 1971 in the council room of the city hall.

The meeting was called to order by Mayor pro tem Herbert M. Reynolds at 8:01 p.m. and the roll was called:

Present: Councilmen Anderson, Mueller, Reynolds  
Absent: Mayor Jeffries, Councilwoman Myers.

IT WAS MOVED by Councilman Mueller, supported by Anderson, that the minutes of August 2, 1971 be approved, as amended by the City Clerk.

Yes: All  
No: None

IT WAS MOVED by Councilman Mueller, supported by Anderson, that the bills payable, copies of which were presented Council members with the agenda and totals of which are listed herewith, be approved for payment:

Equipment Fund	\$138,163.82
General Fund	242,611.41
Storm Sewer Fund	4,000.00
Agency Fund	2,576.57
Water Fund (Customer)	54.00
Sewer Fund	1,741.36
Water Receiving	938.98
Major Street Fund	71.07
Local Street Fund	26.69

IT WAS FURTHER MOVED that the \$15.00 item under discussion on the Vander Veen, Frelhofer invoice be allowed (included in General Fund total listing).

Yes: Mueller, Reynolds, Anderson  
No: None

## NEW BUSINESS

1. Consideration of approval of proposal for Feasibility Study of future sewer service areas west of the City. Lowell Township Supervisor Smith was present, pledged payment of \$1,000 for the Study. Manager Bacon stated that the City had already had received from J. B. Zetter, owner of Key Heights Mobile Home Park, (See MOTIONS-RESOLUTIONS).

2. Jack Beggs, President of Lowell Chamber of Commerce, was present beseeching a contribution from the City for purchase of new Main Street Christmas decorations. Planned purchases of the decorations, to be used from Jefferson Street to Amity Street, will cost \$5,712.00. Beggs related that the Chamber of Commerce plans to defray one-half of the cost, asked if the City could pay for the other half, in three-year installments. Manager Bacon stated that all anticipated revenue of the City had been budgeted, including the Lee Fund dividends, and it is a problem for the City to "make ends meet." He cited the additional cost of raising the building which has been condemned - an unplanned budget item. The Manager offered to review the budget, attempt to find some items which might be eliminated, and report to Council. (See MOTIONS-RESOLUTIONS).

3. David Miller of 224 Riverside Drive asked Council to have the fire siren moved from its present location to a building owned by King Milling Company. He cited excessive noise in that locality as the reason for his request. Manager Bacon agreed to check with the manufacturer of the siren and related equipment to determine what costs might be involved in such a move and to determine whether placement at a greater height would be more effective. He will report his findings to Council.

## COMMUNICATIONS

1. Williams & Works reporting the fact that Well No. 5 is drawing air, causing a cloudiness in the water. Their recommendation is that both wells Nos. 4 and 5 be tested, the pumps inspected and corrections made as found necessary. The Manager recommended that in October Council consider awarding a contract for such recommended work, estimated at \$3,000.

2. Communication from Oral J. McKay, M.D., urging the City to purchase his building at 311 East Main Street, either to use, or for credits for urban renewal. No action.

3. Copy of letter written by Kent County Department of Public Works to HUD with accompanying application for federal grant for the storm sewer-sanitary sewer separation program.

4. Read, Engineer C.R., of Williams & Works, present at the meeting, stated the City's joining the Kent-Ottawa Regional Planning Commission would be helpful in procuring the grant. He also stated that the City's water improvement request for funds had been referred by HUD to the FHA, therefore, both requests are progressing as he had hoped.

4. Grand River Watershed Council letter re the planned Interim Water Quality Management Plan. Read.

## MANAGER'S REPORT:

a. Meeting in Lowell on August 19 of the Southern Michigan Public Works Forum.

b. Re the removal of damaged and/or dead walnut trees at Oakwood Cemetery. Professional tree service personnel will advise on removal and replace with new trees.

c. A progress report on the status of the annual financial audit of the City and on the seal coating program.

d. Owner's offer to sell to the City the buildings immediately south of the City garage. No action.

## MOTIONS AND RESOLUTIONS

IT WAS MOVED by Councilman Anderson, supported by Mueller, that the City enter into agreement with Williams & Works for a Feasibility Study of future sewer service areas west of the City.

IT WAS FURTHER MOVED that the Clerk and Mayor pro tem be and hereby are authorized to sign said Agreement.

Yes: Anderson, Reynolds, Mueller  
No: None

IT WAS MOVED by Councilman Mueller, supported by Anderson, that the request of Lowell Chamber of Commerce for City participation in the cost of Christmas decorations for Main Street, be tabled until the September 7, 1971 meeting of Council to permit the Manager to make an analysis of some possible cut in the budget to allow a possible contribution.

Yes: All  
No: None

Gilbert McGregor of Parnell Avenue and a member of the Lowell Airport Association, was present to complain about the Airport management. Manager Bacon explained that the management of the airport had been assigned by the City to Specialist Aviation, Inc. and he was referred to Stephen Erwin, Manager.

## YMCA Director Bambrick

was present to inquire if the "Y" could expect a \$1,400 subsidy from the City for the fiscal year. Manager Bacon stated that the budget included \$1,000 as a "Y" donation but reminded Bambrick that the City did not have the painting of the building. He added that the budgeted \$1,000 would be among the September 7 bills presented for payment.

County Board Commissioner Clancy made a routine visit to the Lowell Council meeting. He stated that the County will operate on 4.8 mills during fiscal 1971-72, will replace no personnel displaced during this time. He also informed Council of the planned clean-up of "junk" cars during the week of August 23-27 - a program

# Community Calendar

## THURSDAY, SEPTEMBER 16

A Community Garage Sale, sponsored by the Alton Ladies Aid Society, will be held September 16, 17 and 18, at the Adelbert Ford home at 12183 4th Mile Road, N.E. (Thursday and Friday, 9 a.m. until dark, and Saturday, 9 a.m. until 9 p.m.) Proceeds will benefit the Alton Cemetery Land Purchase Fund.

**Kill Weeds Now!**

Spray lawns now for weed control, advises William Meggitt, Michigan State University crop scientist.

"If you spray your lawn between now and October 15, before the ground freezes, any weeds that are killed will be replaced by grass which is growing at its best this time of year," explains Meggitt.

"Delaying your spray program until next summer will mean that the dead weeds may be replaced with crabgrass or other annual weeds."

Meggitt also points out that fall spraying is better from the standpoint of ornamental plants which might be in the way of chemical drift. "It is still necessary to use caution with 2,4-D and related materials adjacent to desirable plants," he says.

Those homeowners who don't get their spraying job done before the ground freezes can take the chore in early spring. At this time, shrubs haven't yet budded out and most weeds can be stopped before they really get started.

In both fall and spring, use the amine salt form of 2,4-D for best results. Meggitt warns homeowners not to use the ester form of this chemical.

If chickweed and clover are a problem, mix in some silvex or mecoprop with the 2,4-D. A pound of each per acre — or about four teaspoons of each per 1,000 square feet — will do the trick.

The chemical should be mixed with about a gallon of water for each four teaspoons for spraying purposes.

# GOLF

## Arrowhead Tournament

A Golf Tournament, open to three classes of competition will be staged this Sunday at the Arrowhead Golf Course, 2170 Alden Nash Avenue, N.E.

Elsewhere in this issue, an entry blank for men, women and children is available, or participants may sign up at the golf course prior to tournament day.

Staged as an annual all-day event, tee off times will be assigned after the entries have been closed, and contestants are urged to call the club house (897-7264) for their starting time.

Entry fees are \$5 for men, and \$4 for women and children. After the green fees have been deducted, the additional monies will be designated as prize money.

If additional information is required, call either Gene or Vince, at the club house. Be sure your entry has been filed before Sunday's starting time.

\*\*\*  
A unanimous vote of the quorum present, elected Al Hackett as the president of the Moose Golf League for the 1972 season.

Hackett's election was made at the league's year-end banquet Saturday night in the Moose Club Rooms.

Aiding Hackett in his official duties will be the league's new secretary, Gene Morris, and board members, Roy Green, Orison Abel, Carl Jackson, Bernie Pankowski, and David Blair.

Starting off with a cocktail hour, the catered banquet preceded a trophy awarding business session.

Len Kerr topped the 1971 league's competition, which saw 48 golfers enrolled.

# Saturday Morning Quarterback..

Who are they? What are their desires, expectations these men behind the scenes, as they struggle week to week putting every effort into their struggle to make young men want to be a winning football.

This week we will introduce the Lowell Red Arrow Football Coaching Staff:

Al Rowe, 38, Head Varsity Football, married, graduate of Bowling Green State University Ohio, Phys. Ed.  
Ken Ackers, 23, Assistant Varsity Football, married, graduate of Central Michigan University, Math.

Ken Ackers, 23, Assistant Varsity Football, married, graduate of Western Michigan University, Special Education.  
Al Eckman, 28, Assistant Varsity Football, Graduate of Grand Rapids Junior College, single.

Charles Rostrom, 24, Head J. V. Football, Track, married, graduate of Western Michigan University, Phys. Ed.  
Craig Huizien, 25, Assistant J.V. Football, married, graduate of Western Michigan University, Math.

Mike Clark, 25, Head Freshmen Football, J. V. Basketball, married, graduate of Western Michigan University, Math.  
Zoltan Kosonody, 24, Assistant Freshman Football, Track, single, graduate of Western Michigan University, History.

After the Arrow's first week of conditioning and the second week of practice including light scrimmages, they journeyed to Northview High School for an evening of good stiff competition which included the High School of Lowell, Northview, West Ottawa, and Grand Haven.

Coach Rowe was pleased with most of the scrimmage, but stated that this week's work-outs would have to improve somewhat before Friday evening's encounter with a tough Ionia squad.

Red Arrow football fans are in for a real treat this season. Why not plan to attend Friday night's opener and give our coaching staff and these superb young men all the encouragement and support they well deserve. Remember, Friday night, Recreation Park - Ionia vs. Lowell.

A Tip to Rowe's Raiders  
In an interview, Calvin Hill, Dallas Cowboy running back, was asked what bothered him most last year when he was benched most of the season: "The worst part of it is waking up on Monday morning and not aching. You feel you haven't done anything."

# Rangers Host Wyoming In Grid Opener

The Forest Hills Varsity football team boned up for their September 17 home opener against Wyoming Park last Friday night. The annual scrimmage of the Hills, Forest vs. Ottawa, witnessed a quick, thick-muscled Ranger squad in a two hour dual with an Ottawa team blessed by possession of one of the city league's most deceptive backs, a third year QB, and a hard-nosed stunting and slanting defensive line.

The Rangers made the only sustained drive of the evening clicking with a solid running attack climaxed by Scott Vashaw's off tackle score. Vashaw then sliced into the end zone for the imaginary (remember, this is a scrimmage) two-point conversion.

Head coach Frank Rosengren said his offensive line did their job in picking up Ottawa's stunts and slants, making the proper blocking adjustments. The running of Vashaw and Tim Beckett impressed the coach along with the quarterbacking of juniors, Dick De Vos and Randy Lanning.

The Ranger's defense showed healthy signs in recovering two fumbles and intercepting three passes. The interior of the defense line cracked pads in a definitely coach soothing manner. Rosengren wants to see more movement from his linemen, though he liked the play of Bill Heneveld at his linebacking slot. The pass defense shook at times and the open field tackling left room for improvement, but the Ottawa halfback who swept the ends so skillfully is perhaps the city's best.

Rosengren added, "Overall we're pleased with many of the things we saw. There are normal improvements to be made next week, and we're going to make them."  
Wyoming Park would be smart to show up with more than shiny shoes for this week's game.

### Lowell Harriers Win Triangular

The Lowell Harriers began their season with two impressive victories during a triangular Cross-Country meet at Lakewood. The Arrow Runners secured a 16-49 win over the Ionia team and forced a 44-25 defeat on Lakewood.  
Don Richard and Steve McArthur of Lakewood placed one and two with times of 13:36 and 13:54, respectively. Close behind the two Lakewood runners were Lowell seniors, Jim Perkins, placing 3rd (14:40) and Ron Anderson taking 4th one second behind Perkins.  
Teammates, Jeff Brower and Jerry Batterbee, landed five and six places for Lowell.  
The first Ionia opponent finished a minute behind Perkins to take 7th.  
The Arrow thincilds will hold another non-conference meet against Portland this Thursday at 4 p.m. at Fallsburg Park.  
Their first conference meet will be next Tuesday, September 21, against Belding on the home course at Fallsburg.

Wednesday Lowell's team will face Belding at Morrison Lake for the Conference opener.  
Friday the Arrows will meet a strong test of ability when they take on last year's second in conference team, Greenville.

"At The Lively End of Town"

The Grand Rapids Chapter of the National Association of Physically Handicapped will be the benefactor of the polo game receipts, scheduled for this Sunday at the Kentree Polo grounds.

Playing for the charitable organization, the Kentree teams will be putting their best hoofs forward to make the afternoon a profitable one for the handicapped.

The benefit games will commence at 3 p.m., and all spectators who enjoy the sport of polo, or who have always wanted to watch such an intriguing game of superior horsemanship and maveric-craftsmen of the mallet are urged to visit Kentree this Sunday.

The winning team will be the recipients of the cup-trophy, that is traditionally made at the annual event.  
Last Sunday, the Michigan State Polo Championship match in Detroit was forced to cancellation due to rain. According to Kentree authorities the final leg of the championship will be rescheduled for sometime in October. Watch the paper for more pertinent details.

University of Michigan is picked by sportswriters, Big Ten Coaches, and other experts to win the Big Ten Title this year. WMAX-1480 AM will carry U of M's action filled schedule of 11 games.  
Tom Hemmingway, widely known and respected play by play announcer, will again this year bring all the excitement to WMAX listeners.

### Kentree Poloists Ride For The Handicapped

The Grand Rapids Chapter of the National Association of Physically Handicapped will be the benefactor of the polo game receipts, scheduled for this Sunday at the Kentree Polo grounds.

Playing for the charitable organization, the Kentree teams will be putting their best hoofs forward to make the afternoon a profitable one for the handicapped.

The benefit games will commence at 3 p.m., and all spectators who enjoy the sport of polo, or who have always wanted to watch such an intriguing game of superior horsemanship and maveric-craftsmen of the mallet are urged to visit Kentree this Sunday.

The winning team will be the recipients of the cup-trophy, that is traditionally made at the annual event.  
Last Sunday, the Michigan State Polo Championship match in Detroit was forced to cancellation due to rain. According to Kentree authorities the final leg of the championship will be rescheduled for sometime in October. Watch the paper for more pertinent details.

## Arrowhead Golf Tournament

For Men, Women & Children  
Sunday, September 19, 1971

**Tournament Entry Form**  
Fill out and return to Arrowhead Golf Course, 2170 Alden Nash Road, Lowell, Michigan, 49331 or sign up at the Club House prior to Tournament Day:

# Alumni All-Stars Score Upset

In the first annual Alumni Cross-Country Meet held last Friday at Fallsburg Park, north of Lowell, the Lowell Alumni, recent graduates of Lowell High School, came out of retirement to score an upset victory over this year's Red Arrow Harriers.

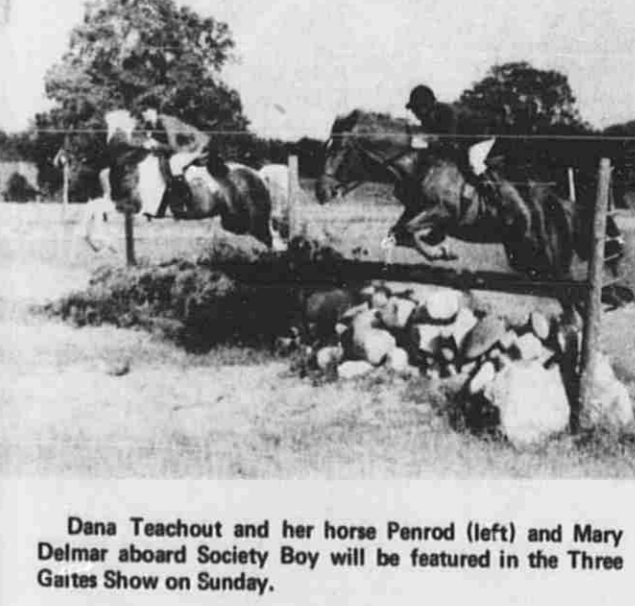

Jim Perkins was clocked at 13:55, establishing a record for the meet. He was followed closely by Ron Anderson, running the 2½ mile course in 13:56.  
But the Lowell Alumni, preferring to be called the All-Stars, took the next four places to score a close 28 to 27 win to hand the young Harriers their first loss of the season.

The All-Stars were paced by Co-captains, Craig Wittenbach and Blake Johnson, finishing three and four respectively, followed by Bob Bewell's 5th and Mark Murphy 6th. Dale Kroff finished 9th and Dale Triplott 11th to the All-Stars scoring.

According to the All-Star's coach, Tom Townsend, and Assistant coach and trainer, Rick Seese, the team will go back into retirement until next year's Alumni Meet.

The scoring is as follows, with the lowest score being the victor.

1 Jim Perkins (L)	3 Craig Wittenbach (A)
2 Ron Anderson (L)	4 Blake Johnson (A)
3 Jerry Batterbee (L)	5 Bob Bewell (A)
7 Mark DeForest (L)	6 Mark Murphy (A)
10 Jeff Brower (L)	9 Dale Kroff (A)
28	27

## English Western Horse Show

English and Western classes will be featured in the horse show scheduled for this Sunday, September 19, at the Three Gaites Stable, 9300 Vergennes, S.E. Ada.  
English classes will start at 9 a.m. and will be judged by Wayne VanderYacht of Holland. There will be halter, hunter, jumper, equitation and barrel race classes.

Western classes will start at 10 a.m. and will be judged by Sandy Rone. The Western program will include both horse and pony classes, in three different age groupings. There will be halter, horsemanship, pleasure, barrel race, trail and reining. Trophies and six ribbons in every class will be awarded. High point trophies will be awarded in the Western division, English performance and English equitation.

This is an English/Western Horsemanship Association approved Show. Entry fee is \$1 per class; spectators are welcome free of charge. Further information may be obtained by calling 676-9335.

## Fifty Try Out For Cross-Country Squad

For the first time in the history of cross-country participation at Forest Hills High School nearly 50 boys have turned out, and Coach Larry Wilson will have to cut down the squad's prospects.

Wilson's looking for an excellent season, rests his hopes on the shoulders of his returning lettermen and some new runners that have shown great improvements during practice sessions.

A good balanced squad, should bring Forest Hills out into the open as a strong competitive contender in the OK League, in the Cross-Country division of the Fall sports schedules.

## Ranger Golf Begins First Fall Season

Golf has always been a Spring event in school sports, but for the first time this year, the OK Red Division will play golf as a Fall sport.

Annually a golfing power in the OK Red Division, Forest Hills will again be a title contender when the Fall season opens. A strong roster of returning veterans, plus a line-up of hopefuls will be added to Coach Dan Puel's powerful squad.

Mark Flasherty, one of the better golfers in the league, is a senior at Forest Hills, and a returning letterman. Another returning letterman will be senior Ted Zuiderveen, and sophomore, Gordy Ouman.

**\$140 TO SOLO**  
IN A CESSNA 150  
★ Solo: \$15.00 - Dual: \$19.00  
★ approximately

Double riding is dangerous! (And against the law), but it's one way to get to the ole fishing hole.

Look, mom. "No hands." I like being a back seat driver.

A safety signal is a good precaution with making a turn.

Ever wish you were a kid again?

## It's A Bicycle World

In the year of the biggest bicycle boom in history, the increasing number of cyclists seen on the streets of Lowell and the surrounding areas, proves that you don't need an automobile to get somewhere.

Not only is cycling healthy, economical and fun — to say nothing of tradition — it makes a positive contribution to the environment.

Bikes don't pollute; and it gives the cyclists one more good reason to get the old or new two-wheeler, three-wheeler, or what have you, ready for the colorful fall season of riding.

Nationwide statistics show that more than eight (8) million bikes will be brought before year's end, with some 75 percent of them going to youngsters in the 5-15 age bracket.

Statistics also show that cycling is a comparatively safe activity. The average cyclist rides his bike about 300 miles a year, and would ride it 24 years before having an accident that required medical treatment.

Hi, high there, how are things up there? Having any trouble keeping your balance?

## Moose Women Meet

The first monthly meeting of the Lowell Women of the Moose, Chapter 1388 was held Monday evening, with the publicity committee under the chairmanship of Ardieth Hodge in charge.

The club members in attendance heard guest speaker, Carol Sebastian reveal the necessity of getting effective publicity; how it should be approached, and the detailed ending of getting the most out of every word.

Senior Regent, Virginia Will, conducted the ritual meeting after which a lunch was served.

The next meeting of the Chapter, on the business-side, will be held Monday evening, September 20, in the club rooms at 8 p.m.

"One hundred percent" that's the theme for the September 20th meeting, as the Club's officers are striving to get the members to take an active part in the forthcoming meetings and projects.

Is your membership attendance up-to date? If not show your interest in your Chapter by attending the regular monthly meetings.

## Symphony Seeks Players

The Grand Rapids Symphony will hold auditions for all sections of the orchestra on September 26, 27 and 28 at the St. Cecilia Music Building, 24 Ransom Street. Conductor Millar and the first chair players will hear all auditions.

The critical need is in the strings and woodwind and percussion.

The orchestra will play seven subscription concerts and three young people's concerts.

All interested players are invited. Phone the Symphony office 454-9451 for an appointment.

## Silo Gas Warning

"Treat every silo like it had poisonous silo gas — nitrogen dioxide — for two to three weeks after filling," warns Richard Pfister, Michigan State University safety engineer.

The best bet is to stay away from the silo for that first couple weeks, he says. If you can't, a self-contained breathing apparatus (Scuba type) provides the best protection if you have to enter with toxic levels of silo gas present.

Pfister says basic precautions include removing chute doors at silage level so the chute will exhaust this heavier-than-air gas. Also, look for dead birds that have gone into the silo chute at night for warmth.

Keep children away from the silo, open the windows and close the door on silo rooms attached to barns.

Operating the blower for 10 to 15 minutes before entering the silo will help exhaust gas, if lowest chute doors are removed.

"Farmers who develop a cough with phlegm or experience shortness of breath after working around the silo should get immediate medical advice," advises Pfister. "Several farmers died from silo gas last year and many more received lung damage. We expect more problems this year because of drought and stunted silage corn."
