Budget, Burning And Bouquets, The Loss Of Natalgia

An estimated budget of $337,140 was adopted by a recent meeting of the Village Inn and Charles Budget. The budget is the result of a budget appointed the board meeting on the 15th. The budget was discussed in detail at the meeting, and a final budget will be adopted at the next meeting.

Henry Phillips of the Lowell Cafe, noted objections to the new budget. He felt that the budget did not take into account the recent increase in the cost of living. He suggested that the budget be revised to reflect this increase. The board agreed to consider this suggestion at the next meeting.

City Manager Blaine Bacon read a letter from Jerry Fland that the board was considering a new ordinance prohibiting all open burning within the city. The ordinance is intended to protect the environment and the health of the residents.

The ordinance was discussed at length, and a final decision will be made at the next meeting. The residents are encouraged to voice their opinions on the matter.

The budget was approved by the board, and a copy will be sent to the residents for their information.
