## **Memorial Day Parades Set**

will convene at Richard's Park at 9 a.m. and proceed through Main Street, stopping for a few moments at the bridge for the traditional presentation of flowers in memory of those who gave their lives at sea. Then on to Oakwood Cemetery to pay honor to all American servicemen who have given their lives

The Rev. Ervin Hyde of the First Congregational Church of Lowell will give the memorial address at the cemetery. All veterans participating in the parade are requested to meet at the V.F.W. Hall at 8:30 a.m. (in uniform).

Cascade's annual Memorial Day services are also scheduled for Monday, May 29, at 9 a.m. at the monument by the bridge

Lee Patterson, Cascade Township Supervisor, will speak and will be assisted by the Rev. John Guichelaar, pastor of the Cascade Christian Reformed Church.

Members from the Forest Hills High School band will offer special music and the color guard and rifle squad will be provided by the MacDonald-Osmer American Legion Post.

Memorial Day originated during the Civil War when Southern women chose May 30 to decorate the graves of both Union and Confederate soldiers. It is believed that a Virginia woman of French origin was largely responsible for choosing May 30, because in France, this date was "The Day Of Ashes," commemorating the return of Napoleon Bonaparte's remains to

Major General John A. Logan, in 1868, named May 30, as a special day for honoring the graves of Union soldiers. Northern states celebrate May 30 as Memorial Day, but most southcrn states have their own days for honoring the Confederate dead. Logan served as Commander and Chief of the Grand Army of the Republic, an organization of Union Civil War veterans. They had charge of Memorial Day celebrations in the northern states until after World War I when this duty was taken over by the American Legion.

Originally, Memorial Day honored the men who have given their lives in the Civil War, but now honors all those who have given their lives in any war-delcared or un-declared.

In recent years, it seems as though anything that smacks of patriotism has become either unfashionable or unpatriotic; however, you can help to refute that belief by attending this year's Memorial Day celebrations in your area.

So, get out the sed, white and blue crepe paper, decorate the kids bikes, and let the sounds of the marching band stir within us a deep respect for those who gave their lives for this

## Second Annual Flea Market

Gape when she became a resident of Lowell lest October. Her next door neighbors, who were total strangers, put themselves out to assist her in getting 'moved in' to her modest dwelling, and she told her long-time song-writing partner, Carl O. Bergner of Belmont, that, quote "We must write a Lowell song to show that Lowell peoples' kindness is appreciated."

Together they wrote "Hello Lowell," and Mr. Bergner wrote the arrangement for the 75-piece Lowell High School Band. Str. Bergner has been a professional musician, song-writer and radio and TV entertainer for many years. Beside writing "There'll Never Be Another You," he wrote "Johnny The Jumper" for the members of his 'outfit' the 505 Parachute In fantry commanded by General James Gavin in World War II.

Several citizens of the community who listened to the tap-ed recording this week, expressed their views that they hoped the high school band would start using this as a march for local parades, and some said it would be the most appropriate tune for upcoming Memorial Day event.

## Fifth District Residents Reject Unconditional Pullout

Fifth District residents responding to Rep. Gerald R. Ford's 1972 questionnaire reject an unconditional pullout from Vietnam and endorse the basic terms of President Nixon's latest peace proposal.

Ford made this report today as he amounced the tabulation of his questionnaire results. More than 20,000 Kent and Ionia County residents sent back com-

On Vietnam, Ford gave his constituents a choice between the referendum question on the November 2, 1971, Grand Rapids ballot and a withdrawal from Vietnam tied to release of U.S. prisoners of war, an Indochina ceasefire, and the holding of an internation ally supervised election in Vietnam.

President Nixon's latest peace offer calls for withdrawing all American ground troops from Vietnam within four months after an Indochina ceasefire and return of U.S. war prisoners. He has dropped the elec-

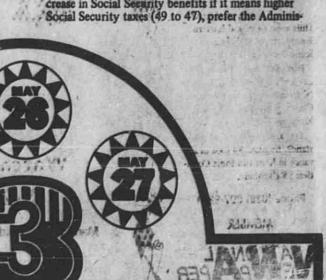

Fifth District residents voted 68 percent in favor of withdrawal tied to an Indochina ceasefire and return of American POWs and only 22 percent for the referendum proposal.

The referendum question, which had passed by a large margin, urged that the U. S. "declare a ceasefire within the nation of Vietnam and immediately withdraw all American military personnel therefrom."

Ford said he believes his questionnaire results show conclusively that Fifth District residents prefer a withdrawal linked with return of American POW's and declaration of an Indochina ceasefire by both sides. Ford drew up his questionnaire so that newly eligible voters, 18 through 20 years old, could have their views tabulated separately from those of persons 21 years and older. On Vietnam, the 18-20-year-olds voted 53 percent in favor of the Administration's peace

plan and 27 percent for the referendum proposal. The percentages do not add up to 100 because the emainder did not answer the question one way or an-

Summing up the questionnaire results, Ford found that the Fifth District residents responding favor a moratorium on forced busing to achieve racial balance coupled with special Federal aid to disadvantaged schools (64 percent to 31), favor Federal revenue sharing with the states and local units of government (63 to 28), favor an increase in military spending to offset advances made by the Soviet Union (52 to 43), favor continuing price and wage controls until inflation is curbed (82 to 13), favor—slightly—a substantial increase in Social Security benefits if it means higher Social Security taxes (49 to 47), prefer the Adminis-
