#### is costing the taxpayers thousands of dollars. Fatal Accident

Takes 16-Year-Old A mishap Friday night claimed the life of a 16-yearold boy as he was pushing his motorcycle on Burton Street near San Marie Drive, Kyle Scott Pincelli, of 6072 Del Cano S.E., died one hour after the accident despite efforts of an intern and doctor at the scene to

Dale VanderVeen, 18, of 2630 Kraft, was unable to see the youngster as he pushed his motorcycle on the traveled portion of the road. Evidently the lack of lights or reflectors kept VanderVeen from seeing the boy until he was too close to avoid the accident. He stated that he was traveling between 35 and 40 MPH when he hit the youngster and motorcycle.

Pincelli died of neck fracture and head and chest injuries at 9:40 Friday night. Scott was to have been a junior at Forest Hills High School.

He is survived by his parents, Mr. and Mrs. Gabriel Pincelli; two brothers, Frank of Door, and Daniel, at home; two sisters, Mrs. Connie Cline of Lansing and Mrs. Linda Hall of Guatamala City, Guatemala; and several aunts and uncles.

Services were held Tuesday at the First Congregational Church of Rockford. Interment in Rockford

Oh, My, It's Muggy-Periods of thunderstorms and the sighting of one tornado last week, southwest of Lowell, has prompted area residents to seek the cooler side of life, as the humidity continues to make life just plain miserable. Friday night's storm saw several trees fallen, people left without electricity, and many taking shelter in their basements.

Friday afternoon a tornado was sighted over Campau Lake, south of Alto, with other areas reporting heavy rains and hail.

## Jabber . . . by Jane

The late Eleanor Roosevelt once had a syndicated newspaper column called "My Day" in which she wrote about many interesting and exciting experiences which would occur in the course of her daily life.

Now, I would not presume to compare this column with Eleanor's "My Day," or the interesting days in her life with the usual events in my days.

A good day is waking up in the morning and finding the sun is shining-an exciting day might be, after a second look, discovering the horses have broken out and are quietly munching their breakfast in the yard. It makes a nice pastoral scene-but at 6 o'clock in the

However, every once in a while and when you least expect it, the unusual does happen.

On a Friday, I learned that a Mr. Robert Carroll, Jr., a writer for the "Lucy" show starring Lucille Ball, was here visiting relatives in the area. The "Boss" said, "Why don't you talk to him-even if it's only by 'phone." Which sounded like a fine idea, as I had just washed my hair and had a head full of curlers. Several telephone calls later, I was able to reach Mr. Carroll and he graciously offered to meet with me the next'week.

Carroll is married to the former Norma Jean Haglund of Lowell and he and daughter, Chris, were visit-

ing Norma's mother, Mrs. Orma Barber of Lowell, and her sister, Mrs. Fred (Lorraine) Stover of Grand Rapids.

My two acquaintances with celebreties of any calibre consist of Jack Paar's autograph on a paper napkin and being in Grand Rapids the same day that Richard Nixon was there-I didn't see him-but we were both there!

In anticipation of interviewing Mr. Carroll, I began to think of questions I might want to ask-and frankly, just how did one conduct an interview?-being the some kind of sub-cub reporter that I am.

Sunday dawned warm and sunny. A good day. I decided I had better, again do something about my hair. The humidity had created a disaster in that area. So, it was up with the curlers once more.

About 3 o'clock in the afternoon, my hair in curlers, dressed in faded shorts and barefooted, I saw approaching a strange gentleman in a bright red shirt making his way through the dogs and cats across the lawn.

Some premonition told me this was Mr. Carroll and I dashed quickly upstairs and was frantically removing curlers when a family member informed me that what I feared was true. It was, indeed, Mr. Carroll. However, calm was restored when he sent a message telling me not to worry about the curlers and, besides, "he had already used the 'caught with the curler' bit in five epi-

sodes of "lucy" already."

Around the kitchen table, Robert Carroll and I had our "interview." An assortment of people kept coming in and out but mostly they remained to listen as we were given a sometimes serious, but more often humorous, key-hole view of what writing for television is really like.

With a ruddy complexion, blue eyes, wavy reddish grey hair and a well-trimmed beard to match-an interesting face-but also the face of a man who has suffered. Stricken with osteomyelitis of the hip at the age of twelve, he had spent much time in bed over a period of years and during which time he underwent thirty operations on his hip. He started writing to while away the hours spent in bed. Now, apparently cured, the slight limp that remains only adds to a certain uniquesness of

Carroll's wife, Norma, was at one time a secretary for Paul Henning, creator of the "Beverly Hillbillies," and the first "Bob Cummings" show. She later became

Carroll's first job was as an usher at CBS before the

start of his writing career. He writes with a partner, Madelyn Davis, with whom he has been associated for 25 years. Together they have written 752 scripts for both radio and television.

When asked about the mechanics of writing, he said, "We sit at our desks facing each other-hoping for an idea-you get up and walk around the room, look at your watch-and hope it's lunch time."

"It takes about two days to write a script and you always try for a laught in the third or fourth line. And sometimes it may take three days to get that funny line." He also noted that names, addresses and phone numbers must always be ficticious.

There are 24 episodes of the "Lucy" show with three groups of two writers-each group writing eight or nine episodes. All scripts must be submitted to Lucille Ball for her approval. They shot for four weeks and then a week off, completing about March or April.

Mondays take up writing and re-writing - Tuesdays, a full dress rehearsal with costumes and props and Thursday is filming day. Carroll has the highest regard for Gale Gordon who plays "Harry" on the "Lucy" show and who, he says, is

the greatest comic reactor in the world. Only three episodes of next season's Lucy Show had been filmed when Lucy broke her leg. The accident presented a problem for the writers, for as he said, "What are you going to do for 30 minutes with Lucy in a cast—in bed?"

Carroll has also written for Dinah Shore Specials and for the Debbie Reynolds Show-"until it folded," he said, raising those expressive shaggy brows, which could say more than words.

A writer is never really away from his work for there is the never-ending search for new ideas and new situa-

tions, whether he's in California or Switzerland, a place he loves.

"Though Madelyn and I have more fun working than any people I know, I think my ultimate reward would be to be able to live six months in Switzerland and six months in the Caribbean when I retire-in a few years-hopefully. In the meantime I'll just enjoy every minute of every day."

The interview was over but before he departed I received a kiss on both cheeks and on the hand-a memory I shall tuck away along with Jack Paar's autograph.

I waved good-bye wondering how I could wash the dishes without getting my right hand wet. AND THAT WAS MY DAY.

Michigan schools are not adequately preparing their students for the world of work, according to a report ssued by the Michigan State Chamber of Commerce. With a little reorganization in personnel and curri-culum, schools could cut the number of drop-outs and increase the number of jobs their graduates find right out of high school, the report says. Today's schools are not making adequate provisions for the 60 to 70 per-cent of their graduates who do not go on to college or the 28 percent that eventually drop out. This-and-That

Emphysema (pronounced em-fih-SEE-ma) is a disease which causes the lungs to become enlarged. The name is a Greek word meaning inflation. Although recording procedures vary in different states, it is estimated that over 16,000 Americans die of this disease each year. In Michigan in 1970, 1,384 deaths were caused by emphysema. And it was the ninth leading cause of death in the state.

Gosney Is Honored

Actively Engaged In Church Work . . . At 90

The 90th birthday anniversary of the Rev. Hartwell Gosney, associate minister of the First United Methodist Church of Lowell, was recognized recently at a re-

The event took place in the church's fellowship hall following the worship service and was hosted by the United Methodist Women. Birthday cake, punch and coffee were served to the members and friends of the church by Evelyn Barnes, Marian Krebs, Ann Mulder and Lila Thaler.

Special guests in addition to the Rev. Gosney were his son and daughter-in-law, Mr. and Mrs. John Gosney, and the Robert Webber family, all of Grand Rapids. Mr. Gosney has been preaching since 1933, when he became a lay minister after many years' work in the re-tail business. His appointments included churches in Marne, Nunica and South Wyoming.

As associate minister in the Lowell Church, he serves as worship assistant each Sunday morning and occasionally fills the pulpit. Several times a year he is called on to substitute in one or more of his former churches. In addition, he spends many, many hours in hospital and

For a number of years, he and his late wife, Georgia, were the official Nursery Home Visitors for the church, calling on families with new babies or small children. As a result, Mr. Gosney is a very popular visitor in the nursery and kindergarten Sunday School classes, where he is enthusiastically greeted as "my grown-up friend." On the day of his reception this incredible man not only preached at the two church services but drove through the early morning fog to a breakfast at the John Potter home, where he gave the devotional meditation for the Three M's Adult Fellowship.

The community joins with the church members in congratulating Rev. Gosney and extending best wishes

He is survived by his three children, Mrs. Leo K.
(Marion) Silcox of Grand Rapids, Harold and Mrs. Watkin A. (Maxine Wittenbach) Ravell, both of Belding,
15 grandchildren; 22 great-grandchildren and many nieces, nephews and cousins

Funeral Mass was said Tuesday at 11 o'clock at St. Patrick's Church, Parnell. Interment St. Patrick's Ceme-

Following a brief career as a farmer, Mr. Weekes pioneered in automobile mechanics. He learned the business at the Reo factory in Lansing in 1918-1919, after which he and his brother-in-law, Eugene Hoppough, operated a garage in Orleans, Michigan. About 1924 he opened his own garage behind the blacksmith shop in the now non-existent Village of Moseley on Four Mile Road north of Lowell.

From his youth he played baseball, managing and catching for the Smyrna Baseball Team from 1912 to 1925 when he became manager and catcher for the Parnell Baseball Team on which the late, great Jerry Byrne began his pitching career, before attending Michigan State University.

- (b) Outdoor accessory uses are permitted only when the area of the lot exceeds wenty thousand (20,000) square feet. The area devoted to outdoor accessory use in such cases shall not exceed five thousand (5,000) square feet.

This Ordinance shall be published in the manner required by law and shall become effective ten (10) days after the date of said publication.

IT WAS MOVED by Councilman Hall, supported by Mueller, that the proposed amendment to the C-1 Limited Highway District be adopted. Unanimously carried.

The City Manager then read the proposed amendment to the Subdivision Ordinance.

A discussion followed as to setting a minimum size requirement, and possibly extending the Planned Unit Development Program to include all new subdivisions

to make sure of open space requirements.

IT WAS MOVED by Councilman Hall, supported by McCambridge, that the proposed amendment to the Subdivision Ordinance be adopted as follows:

#### **ORDINANCE NO. 67** THE CITY OF LOWELL ORDAINS:

That Section 23-107 of the Code of Ordinances of the City of Lowell is hereby amended to read as fol-

Section 23-107. Public Site.

(a) Where a proposed park, playground, school or other public use shown in the Master Plan is located in whole or in part within a subdivision a suitable area for this purpose may be dedicated to the public or reserved for public pur-

(b) Whenever such Master Planned public open space is only partially within a particular sub-division, open space shall be dedicated proportionately to the ratio of acreage within the subdivision to the total acreage within the af-fected neighborhood as established in said duly adopted Master Plan.

(c) In the absence of a specifically Master Planned park, school site, or other public open spaces, the subdivider shall dedicate five-hundredths (.05) acre for every three (3) lots.

(d) If, within two (2) years of plat recording, the purchase is not agreed upon, the reservation may be cancelled or shall automatically cease

This ordinance shall be published in the manner required by law and shall become effective ten (10) days after the date of said publication. Unanimously carried.

The Planning Commission's recommendation for vacation of certain streets in Boynton's addition was read. Councilman McCambridge offered the following resolution and moved its adoption, supported by Mueller: WHEREAS, Lowell area Housing, Inc. has petitioned the City Council for vacation of certain streets in Boynton's Subdivision of Blocks 8 and E of Snell's Addition to the Village (now City) of Lowell; and

WHEREAS, the Lowell City Planning Commission Citizen's Advisory Committee has recommended that those certain streets be vacated,

BE IT RESOLVED, that all that part of John Street in the City of Lowell, Michigan, lying south of the south line of Ottawa Street; also all that part of Myrtle Street south of the south line of Ottawa; also that part of Grand Street not previously vacated, lying west of the west line of lot 21 of Boynton's Subdivision, all be-ing a part of Boynton's Subdivision of Blocks 8 and E, Snell's Addition to the Village (now City) of Lowell be vacated.

BE IT FURTHER RESOLVED, that the City of Lowell, Lowell Light and Power be granted permanent easements for their existing facilities located in the area va-

Unanimously carried. Mr. Kenneth Anderson of Williams and Works, reported on current engineering activities, stating that the City should file application to the Michigan Water Resources Commission for 70 to 80% of federal housing for the required sewage treatment facilities before September 15, 1972. He also stated that the City is under Court Order to take Phosphates out of sewerage by December of this year. He then stated Lowell must decide whether to connect into the Grand Rapids System. which has been discussed, or for Lowell to build their own treatment system to perhaps include surrounding

The following resolution was offered by Councilman Mueller for adoption, supported by Hall: WHEREAS, the City of Lowell wishes to construct a sanitary sewerage treatment facility and collection system, the cost of which has been estimated at \$2,000,-

000.00; and WHEREAS, said project is believed to be eligible for federal and state financial aid under the provisions of the Federal Water Pollution Control Act (Public Law 84-660, amended, and by the Michigan Act No. 329, Public Acts of 1966 as amended).

WHEREAS, the City of Lowell has been notified by the Michigan Water Resources Commission that applications for aid from funds appropriated for fiscal year 1974 are being received up to and including September 15 for the treatment facilities.

NOW, THEREFORE BE IT RESOLVED, that the Council of the City of Lowell hereby authorizes Blaine E. Bacon, City Manager to file such application in accordance with procedures prescribed by the Michigan Water Resources Commission and the U. S. Environmental Protection Agency. BE IT FURTHER RESOLVED, that if a federal and state grant for the project is made, the City of Lowell

agrees to pay the remaining cost of the approved project, and to provide proper and efficient operation and naintenance of the approved project after the completion of construction BE IT FURTHER RESOLVED, that the City of

Lowell agrees to comply with Title VI of the Civil Rights Act of 1964 (Public Law 88-352) and the Regulation issued pursuant thereto and states that the Com-pliance Report (Title VI Civil Rights Act of 1964) which is attached, applies to this project.

The Manager then read a resolution from the City

of Kentwood in reference to proposed legislation which would abolish municipal courts. No action was necessary on this matter. Manager's and Departmental Reports. Manager Ba-con read a letter from Representative Gerald R. Ford to Mayor Anderson regarding the Storm Sewer Project. He then announced that the last day to file petitions for local issues for the November ballot would be Sep-

The Street Department, Police Department, and Fire Department Reports for the month of July were read. There were no remarks from the audience.

Council Reports and Remarks. Councilman McCambridge stated that he had been asked by Lowell Showboat, Inc. to request permission to tie the Showboat to pilings between the Levee Restaurant and Wepman's Clothing Store, to keep vandalism down. It was noted that this is not City owned property, therefore the City has no authority to grant permission.

Councilman Hall then asked when the special trash pickup day is, and if it could be published in the local paper each month, also, he asked how much outside townships pay the City of Lowell for fire department assistance. He also wished that it be noted in the record that he was in full support of the LP Gas Fire Training, and thinks it is an excellent idea.

Manager Bacon answered that the special trash day is the first Thursday of each month, but that due to the growth of the City, the trash ordinance should be revised. It has not been since 1955. He also stated that the County pays several firemen for each rural fire. Lowell Township is paid up to date, but, Vergennes Township has not paid their share for last year.

Manager Bacon then stated that he had received a phone call from Larry Wittenbach, to Council, that Lowell Showboat, Inc. is willing to replace either sod or concrete at the City parking lot on Main Street where the ticket booth was located.

IT WAS THEN MOVED by Councilman McCambridge that the meeting be adjourned. Meeting adjourned at 9:20 p.m. Approved: August 21, 1972.

Mom Calls

Lowell Ledger-Suburban Life, August 24, 1972

Hello from Yugoslavia!

At last I arrived in Skopje! My family is so beautiful! Georgie is 12 years old, speaks little English, Marica, 17, is the interpreter for the entire family, including Mom and Dad. Marica is coming to the United States as an Exchange Student this summer. She told me that she got my name, application and picture Wednesday, the day I left America, but they had known for some time that they would get an exchange stu-

My father is a financial director for one of the large department stores about a block from our apartment. My mother is very important in electronics of a steel company. Mom calls me "baby" because I am so small as compared to them. My father is 6' 3", balding red hair and blue eyes, my mother is 5' 8" tall and has dark curly hair and a wonderful smile! Marcia is tall, 5' 6", and looks like her father. Georgie (Geoko) is 5' 5" and only 12 years old. So you can see why the nickname when I'm only 4' 10"!

Where I am living is in the province of Macedonia. There is a lot of construction of very modern buildings because on July 26, 1963, at 5:17 a.m. most of the town of Skopje was destroyed by an earthquake. There are only a few remaining buildings left. The town clock stands though and it says 5:17.

We live in a four-room apartment. I have a terrace outside my bedroom. I can see a building across the street that is being built.

At 2 p.m. all work stops and you go home for lunch which is usually soup, bread, meat, potatoes, goulash, and a salad! I can never finish! Afterwards you get a drink of either mineral water (carbonated water that tastes like alka-selzer) or milk which has chunks of cottage cheese floating on top.

During the day my sister and I tour the town. The town is very large over 4 million people. Because it was once ruled by Romans, Serbos, Turks, Bulgarians, and Germans, you see many different things. Some of the old parts of the city not destroyed by the earthquake are interesting. Across from my apartment house is the river where peasants from the country come for a bath or to wash their clothes in it. On the opposite bank there is a Turkish castle in which Marica says were many battles. There is a great wall of stone surrounding it for the ruler always had a harem of women and these women were never to be seen by a common man!

There faces were always covered! At night everyone either walks around town or entertains guests in their homes. The young people go to the "K" or center of town and sit on huge steps that are built along the river. It looks like a rock concert should be going on but here you just meet friends and talk. On the average there are two thousand kids here at a time!

My sister and I discuss America a lot, she expresses a dislike for our place in Viet-Nam. Kennedy is the family idol. Marica has the impression that a lot of riots go on in our country, that the black and white are divided, she was surprised to see black students in our school

I spoke my first word "Debro" which means good. to my mother because she asked me if I liked the food. My whole family clapped and laughed! I will close now and write again soon! I want to

thank everyone who helped make this fantastic trip Most sincerely, Melissa Lake

A record number of fish, 238, were caught by participants in the Moose Civic Affairs annual children's fishing derby Saturday morning at Smit's pond.

Casting off at 9:30, some 30 eager anglers fished for two hours. Tom Alexander caught the smallest fish, 31/4 inches, and Dave Adrianse and Ray Alexander tied for catching the most fish-each got 30.

Catching the largest Blue gill was Phillip Kline, 8".
Ray Alexander's 12" perch was the largest in that category, and Steve Novall's 9" bass was big enough to win

The derby, under the chairmanship of Red Baker was planned and set up by Ed Stormzand and Merle (Snowball) Alexander.

As the fish were measured and counted, the anglers waited in anticipation for the Moose Chuck wagon to arrive. Loaded down with goodies, the Women of the Moose joined the crew in serving hotdogs, pop, etc. Reviving a past project of the Moose Civic Affairs Committee, plans are already being made for a bigger,

Caution Against Rabies

Incidence of rabies increases in the summer because more people spend time outdoors. Take care to know the prevention, symptoms and treatment of rabies. Be wary of unusually affectionate or irritable animals, especially dogs, skunks and foxes, which are prone to the disease, Keahey warns. A rabid animal also shows these symptoms: he wanders restlessly, snap-ping or biting at moving objects. He refuses food, swal-lows with difficulty and salivates. He urinates often and undergoes a voice change. If you suspect an animal is rabid, stay away from

If bitten by an animal you suspect is rabid, see your doctor immediately. If the animal is alive, it must be penned for observation. If it has died, have your doctor send it for analysis to a Michigan Department of Public Health rabies lab in Lansing, Houghton, Powers or Grand Rapids. Depending upon time and the nature of the bite, the physician will then either wait for the lab analysis or be-

gin rabies treatment immediately. While the shots may

#### Judith Kennedy Remains In Critical Condition

Bainard Sheller, 37, of 1855 Junewood Ct., Lowell, was slightly injured following a mishap on M-21 near Watrous Avenue

Judith Kennedy, of 7352 Driftwood Drive, SE, remained in critical condition Monday with broken ribs and lacerations suffered in the accident. Judith's busband, Bruce, was unable to avoid the Sheller vehicle which swerved over the center line as it rounded a

Heather, 9, daughter of the Kennedy's, was treated and released with minor injuries.

Two doctors were summoned to the accident and treated the victims on the way to Blodgett Hospital.

#### Summer Milk Squeeze

Soft drinks tend to squeeze milk out of children's diet during the summer, and this can be harmful. When other drinks replace milk, diets lose their best source of calcium as well as some high quality protein and important viatmins.

To work calcium back into the diet serve cottage cheese on fruit salads, for example. One and one-third cups of cottage cheese supplies about the same amount of calcium as one cup of milk.

Or serve cheeseburgers instead of plain hamburgers. One and one-third ounces of American cheese or one ounce of Swiss cheese can substitute for a cup of milk with regard to calcium.

Chilled milk soups, milk shakes, and milk puddings are other good substitutes. Somewhat less caloric than milk shakes and pudding, but comparable in calcium, are yogurt and buttermilk. A cup of either provides the same amount of calcium as a cup of milk.

Eggnogs or milk shakes with scoops of ice cream are other easy ways to include milk during the summer. One and one-half cups of ice cream have the same amount of calcium as a glass of milk.

## Thought Only Bears Slept In Caves!

From my hometown of Rio with a population of 4½ million people to another state of Minas Gerais, where my brother, Paulo and I spent a few days in the city of Pocos Oe Caldas.

School is about to begin and they decided for one last "Get-Away From it all.!" This time we went to Gruta do Presidente (Petropolis-city) - (Rio-state).

We got to Petropolis at 8 where we had a big 4-hour ourney to walk. It was a dirt winding road with adobe homes along the way. Then we had a little hill climbing; and the brush, etc., was taller than us, but we walked on. Many times I grew tired and wanted to stop and turn back, but the place we spent five days at was Breathtaking.

A huge cave in which we slept, and flat ladened rocks in which many small falls flowed; mountains sur-rounded us, mountains so big that clouds came in contact with them. Miles of the most beautiful creations of nature, vines covered the trees, making them look as one huge tree from the top of the cave.

I sat for hours on the top of this cave just looking at

# Mini Bike Driver Is Traffic Fatality

Ionia County recorded its eighth highway fatality of the year, and a passenger was seriously injured Saturday afternoon around two o'clock.

State Police of the Ionia Post said the mini-bike collided with a passenger car at the intersection of Petrie and Clarksville Roads. Taken to a Lansing Hospital was Mark Allen, 13, of Portland. He died of his injuries at 5:25 that afternoon.

Riding on the bike, as a passenger was Ronald Smith, 15, of Portland. He was hospitalized in a Lansing hospital in serious condition.

Investigating officers said the two boys were riding the mini bike on Petrie Road when they struck a car in the left front, which was traveling east on Clarksville Rd.

Driver of the car was William McClure, 31, of Elm-dale. Riding with him were Jim Allen of Portland and David Evans of Alto.

According to police there was a yield right-of-way sign on Petrie Road, at the intersection. The driver of the bike was thrown approximately 50 feet after the im-
