Kreskin Depends On Audience

one brother, Jason of Lowell; and 16 grandchildren.

Take the provocative subject of E.S.P. and hypnotic suggestion, add a dash of mysticism, mix some astonishing feats of memory and telepathy with comedy and superb showmanship and the electrifying result is "An Evening with Kreskin."

The "Amazing Kreskin" who has commanded the attention of capacity audiences across the country will appear in Hastings' Central Auditorium on Friday, February 9 at 8:15 p.m. The seasoned performer engages in gymnastics of the mind designed to make the think-ing man think harder. He goes out of his way to make it perfectly clear that he is not a psychic person, has no prenatural skills and depends on no subtle trickery. Both as an entertainer and as a scientific experimen-

ter, he works with only a highly developed sensitivity. For this reason, he calls himself a mentalist. He is a man professionally interested in the mysteriousness of human communication in areas of thought and feeling. A frequent guest on television shows hosted by peo-ple like Mike Douglas, Merv Griffin and Johnny Carson,

Kreskin has a flare for making every performance unique and special. He has risked monetary loss to assure himself and his audiences that his theories are worth the faith he places in them. One of his favorite experiences is to let the sponsoring organization hide his check anywhere in the audience. Tickets can be ordered by mail by sending check or money order to Kreskin, Hastings Area Chamber of Commerce, Hastings, 49058. Lowell Baptist To Show 'His Land'

Across a barren land, scarred by centuries of war and neglect, the spectres of ancient Israel appear, hover, and fade away. Suddenly there is movement of a different sort, and slowly, steadily, a startling transformation begins to take place.

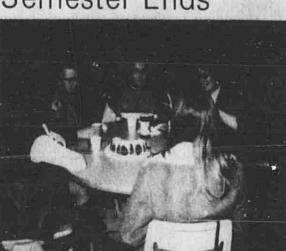

Thus begins "HIS LAND," the thrilling story of Israel from ancient to modern times. "HIS LAND," a onehour color feature motion picture, takes you on a journey through space, time and current events. You see graphically, the fact that Israel today is a living testimony to the words of the prophets when they proclaimed that Israel would take her place among the na-

"HIS LAND," rich in color and authentic sights and sounds, with a popular musical score composed and arranged by Ralph Carmichael has been called a musical journey into the soul of a nation, and will be shown on Sunday, January 28 at the First Baptist Church of

In the company of Cliff Barrows and Cliff Richard, England's popular star, who sings a number of new Ralph Carmichael songs, some of which were actucally written on location, you travel the vibrant streets and lonely solitary paths of this nation whose destiny is daily discussed in the counsels of governments all over the world . . . the same paths taken by Jesus and the prophets: Galilee . . . the wilderness . . . Jerusalem . the Mount of Olives . . . mingle with the people of modern Israel as they work, play and build a nation.

Words of Scripture come to life as the two men reflect upon the events that in recent years have confirmed much of the ancient prophecies. You are witness to the fact that out of death and desolation is emerging a new Land . . . a "Land of milk and honey," where the future climatic events of history will take place.

#### Rotary Notes

# The Bug And The Beetle

Rotary President, Charlie Doyle, led in singing "America." The Rev. Erwin Hyde led in prayer—and the January 17 Rotary meeting was off to its usual start. This was followed by a sing-a-long with Dr. Bob Kyser, and introduction of guests: Stanley Reed, brought by John Jones; Bill McPherson, Drew Condon, and Phil Gerard, Jr. Rotarians.

King Doyle and Stan Gardner discussed their plans for Farmer's Day. Al Hermans then introduced the program that was suggested by George Vogt last summer out on the golf green. Bob Goebel, supervisor of Ed. & Training at General Motors discussed the problem of air pollution and what General Motors is trying to do

Also, he showed a company film, "The Bug and the omobiles competing with American made cars, and what General Motors is trying to do about that. Dick Norton was projectionist for the movie.

The Door Prize went to Mrs. Rommie Moore. You might like to know that our average attendance for the first three meetings of January is a fantastic 86%. If we can keep this up-we may just take a big jump in the attendance ratings for Rotary Clubs in the District.

Thanks to you, it's working. Thanks to you, more than 1,800 residents of the Lowell area were helped to overcome their problems last year. These people receive ed help from the 53 agencies supported by the Kent County United Fund-and that means supported by you. Your gift to the United Fund enabled these agencies to reach out and touch the lives of individuals in the community who may have had nowhere else to

Your gift helps a child learn to walk . . . shows an elderly person that someone does care . . . enables a troubled youth to find peace with himself and those around him . . . places a baby in the arms of adoptive parents . . . brings a troubled family back together . . gives the gift of hearing to someone who had heard only vague murmurs before. One gift does all these things, and has done them time and time again, through the United Fund.

You have given something of value to us, and now it's our turn to give something to you-our heartfelt thanks for chances at a better life. United Fund Thank You week, January 26 to February 3, is our opportunity to thank you, the people of Kent County, who have reached out to touch your neighbors' lives. The planned opening of the first YMCA-Fitness Finders class in Lowell was announced today by Rommie Moore, program director for the Lowell YMCA. The YMCA-Fitness Finders program is a proven, plan-

ned, physical fitness program of exercises developed to help individuals pursue and achieve their own goals of physical fitness. The "Fitness Finders" program is unique in that it overcomes the one major obstacle that often stands in the way of most individuals wishing to start a program of exercise-the YMCA-Fitness Finders way of exercising is fun instead of fatiguing. Also, sessions are held in pleasant meeting rooms in YMCA's, churches, schools, commercial buildings, temples and other meeting facilities in neighborhoods conveniently reached by participants

According to Harold Barnes, Fitness Finders, Inc. was first started in the Washington, D.C., and Allentown-Bethlehem-Easton, Pennsylvania, areas by noted physical fitness authorities. These authorities joined with the Rodale Press, Inc., publishers of such health magazines as Fitness For Living and Executive Fitness Newsletter. Together they founded Fitness Finders and started to help people discover the scientific fun way to trimmer, healthier bodies. Later, Fitness Finders, Inc., worked out a joint agreement with the YMCA and pilot tested the program in the 26 YMCA's in the Great Lakes

Commenting on the physical fitness program, Harold Barnes said, "YMCA-Fitness Finders isn't just exercise. In the weekly sessions, participants also hear lectures on diet, biology, psychology of exercise, how exercising helps the heart. And they play games, too-games that

were designed to help them feel better and look better.' Mr. Barnes has taken the training necessary to lead Fitness Finders Classes and is a certified Fitness Finders In-

# Spoke and Spark Plug Awards

One of the goals that Jaycees strive to reach during each year in the Jaycees is the "Spoke" or Spark Plug

and !

The "Spoke Award" is earned only in a Jaycee's first year. The winning of this award is determined by fulfilling a number of smaller but important goals during the year, such as chairmanship of a project or simply making sure he is a registered voter. When a member earns his "Spoke" award, he has

truly been an all around Jaycee. The Spark Plug award is given to members in their second and continuing years for fulfilling the same

type of individual goals. Recently, seven members of the Lowell Area Jaycees were honored for their achievements in winning the Spoke or Spark Plug award, in the present Jaycee year. Spoke awards were received by Randy Johnson and Ron Raymor, with Ray Jones, Dean Collins, Barry Emmons, Ed Ridgway and Ben DeAmicis earning Spark

Lowell's freshman coach, Bob Copeland, draws Lakewood as their head coach, Mickey Noble, right, and freshman coach, Rolly Krauss, center, look on.

WHO? WHAT? WHERE?

WHEN?

--- Read This Publication---Every Week. The 1973 Lakewood Freshman Basketball Tournament starts Saturday, February 3, and continues on the following two Saturdays, February 10th and February 17th. There are two sessions each Saturday. In the afternoon there will be two games, one at 1:30 and one at 3. In the evening, the teams will play at 6:30 and 8. Eight area 9th grade teams are entered in this year's tourney and the public is cordially invited.

The drawing was held on January 17th and the schedule for the first Saturday looks like this: Belding

plays Pewamo-Westphalia at 1:30 p.m., and Portland plays Greenville at 3 p.m. In the evening, Ionia plays Hastings at 6:30, and Lowell plays Lakewood, the defending Champion, at 8 o'clock.

On the following Saturdays, Winners play winners, and losers play losers. Every team plays three games. Admission price at each session is \$1 for adults and 50 cents for students. Pre-schoolers will be admitted free. Last year's tournament proved to be successful and with the addition of Hastings and Portland in place of the two Lansing schools this year, Coaches Mickey No-ble, Terry Gale, and Rolly Krauss are quite optimistic

that the tourney will be a continuing success.

# Arrows Take Non-Leaguer

Last Tuesday, Lakewood broke Greenville's winning streak, and took over first place in the Tri River Basket-ball League, while Lowell took a non-league win from Carson City-Crystal, 98-52.

The first quarter saw the Red Arrows score 26 points, adding 27 in the second to hold a 53-26 lead in CCC made attempt to overcome the wide margin, but the taller Arrows put up a defensive shield that

could not be penetrated. The Arrows were quick to grab 52 rebounds off the backboards, missing only 28 claimed by CCC. Sparking the game was the double figure scoring of Dan Murphy, who hit for 26 points. Murphy, who has hit in the double column in almost every game this sea-

son, also took the game's top scoring honors.

Aiding Murphy and boosting Lowell's winning score with double figures were Kris Kropf with 17, Ken Kropf with 14, and Joe Ellis with 12.

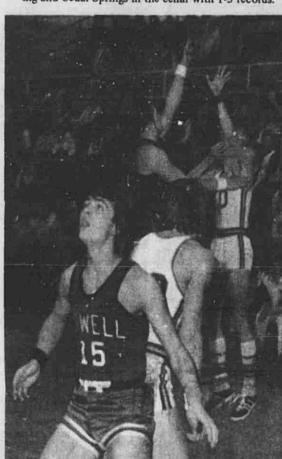

Lose To Broncos

Lowell Dropped into a third place tie with Coopers-ville Friday night following their basketball encounter, which saw the Arrows succumb to the Broncos, 78-75. The Arrows tallied 22 points each in the second, third and fourth quarters, but a frigid two for 22 shooting performance in the opening period shot down the Arrows as Coopersville got back on the winning road.

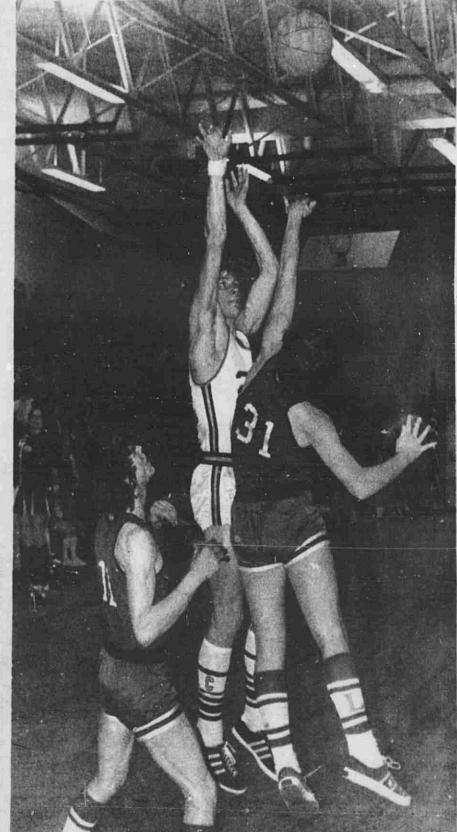

Lowell managed to creep to within a point of Coopersville with 3½ minutes left to play, but a turn over sealed Lowell's fate. The fine 1-3-1 defense of the Broncos held Lowell's scorere down.

Ken Kropf and Rusty Steffens top the scoring for Lowell with 16 points each. Dan Murphy came through with 15. The game's high scorer was Coopersville's Fred Holmes who basketed 27.

After Friday night's play in the Tri-River league, Lakewood (6-0) held the lead, with Greenville (5-1) following a close second. Lowell and Coopersville both claimed third palce, while Sparta settled in fourth, Belding and Cedar Springs in the cellar with 1-5 records.

Under the basket, Ken Kropf (15), waits to retrieve a Bronco shot. Kris Kropf's block attempt failed.

Leaping high, Rusty Steffens misses a block, as Dan Murphy waits for the rebound.

# **Matmen Sneak Past Greenville**

Lowell grapplers continued their winning ways in conference play as they sneaked past Greenville last

In the opening match of the evening, Greenville showed that they had come to Lowell to win as their 100 lbs. contestant recorded a pin, but Gary Weimer made it clear that the Arrows were there for the same reason, as he destroyed his 107 pound opponent 23-5. Dale Dawson then defeated his challenger 9-0 but Jim Rykstra lost in a close 6-7 decision and left the Jackets in the lead 7-9.

Lowell then took the next three matches with Bob Helmer winning 13-1, Jerry Gauger 4-3 and Jerry Kropf 9-1. This put the Arrows out in front 17-9. Ron Lyons, 147 lbs., wrestled to a tough 7-7 tie

and 157 lb. Bob Ignasick was beaten 3-6. As a result Lowell was still in the lead 19 to 14, with only three John Curtis boosted the Arrow's lead to eight points with an 8-7 decision, only to see it slashed in two as the Yellow Jackets scored a pin in the 187 lb.

With the outcome of the match on his shoulders, HWT Mark Nauta, brought the Red Arrow fans to their feet as he preserved the win for Lowell with a

The final score was Lowell 24, Greenville 22.

Second In Tourney

Lowell closed out their busy week of wrestling last Saturday as they won the second place honors in the Michigan Center Wrestling Tournament.

The following are those who placed in the tournament: Gary Weimer, who has a winning streak of 18-0, took first place in the 107 lb. division, 114 lb. Dale Dawson took the third place honors, Bob Helmer took a second place medal at 128 lbs., Jerry Kropf won first place honors in the 134 lb, class and 147 lb. Ron Lyons received a third place medal.

Of the 16 schools that entered, the top four were Jackson, 77½, Lowell 61½, Oscoda 52, and Lakewood

Going for the take-down Dawson out-scored his opponent and won the match 9-0.

Gary Weimer of Lowell works his opponent from Greenville into a very awkward position and achieved a win.

# **Leading Wrestlers**

A weekly list of the areas leading high school wrestlers, based on won-lost-tied percentages, last week named five area wrestlers to be honored. Gary Weimer of Lowell with a 13-0 record was listed

as the top wrestler in the 105 pound weight class. Craig Neidenthal (15-2-1) of Forest Hills Central was fifth. An 18-0-0 record held by Tom Sypien of Forest Hills Central put him in the lead in the 112 pound classification. Dale Dawson of Lowell (9-2) was fifth. At 126 pounds, Forest Hills Northern's Steve Afen-

doulis with an 8-2-1 record held down second place.

# MRI Chapter Starts Project

What does MRI stand for?

This is a Jaycee Chapter within the walls of the maximum security prison in Ionia. This club, ranging in membership from 35 to 45 members was chartered by the Lowell Area Jaycees April 11, 1972

The very first project that a group of young men starting a Jaycee chapter take on is always the charter night banquet. And their banquet was a great success. They fed and entertained over 100 people from all over Michigan and some from out of state. It was indeed a night to remember.

This was their beginning and they have continued to build a strong, worthwhile and busy club. At the present time they are running several projects that are focused on improving their walled community, and giving all inmates a chance to participate in programs and win prizes, etc. All the money that the chapter makes must come from outside the walls.

This is a rule of the Michigan Penal System. For this reason it sometimes becomes a necessity for them to enlist outside help. They have just started a leather craft project in which they buy raw materials and then handcraft them into some of the finest belts, wallets, watchbands, etc., that money can buy. All the items are priced at or below similar mass-produced items available in the stores and are of far better quali-

# Unprofound Thoughts On **Profound Subjects** Guilty

According to a recent report from Washington, home heating oil will remain in short supply for the remainder of the winter season despite relaxed import quotas for imported oil. News sources say the reason for the scarcity of heating oil is due to the failure of big refineries to turn out more heating oil—because there is a bigger profit margin on gasoline for automobiles. A heavy demand for gasoline last summer and

fall has been a factor in the present lack of heating fuel. I can believe it-but I didn't think "They'd" notice! But last summer, our car and our friends' pick-up, each pulling a travel trailer, seemed to have an unquenchable thirst for gas. Between stops for coffee for us, and gas for the vehicles, we checked out quite a number of stations—for one reason—or another. I felt like the Duncan Hines of the rest room set.-But my point is, that we, plus thousands more, helped create the fuel shortage. I knew we were making many stops but didn't think we were accomplices to a national tragedy...

Little drops of water do not a lake make—but, they can make quite a puddle!

#### For Posterity

Think it should be mentioned here (in the interest of posterity)-that the Inauguration of President Richard Nixon took place on Saturday, January 20. As I watched the ceremonies, I wondered what Pat Nixon was thinking as she looked on-Did she nag her husband in a wifely manner to "please put on a coat, Dick, be-fore you catch pneumonia," or are such womanly prerogatives usurped by a committee on domestic affairs?

What Else Is New?

The weather is phew!-it's time to think about making out that income tax for the year-and wondering where all the money went-Oh yes, the football season is officially over, but take heart men, spring training for baseball is about to begin. (It might behoove we wives to gently hint that there are some little odd jobs that could be done before the baseball season begins) ... which reminds me-there's this leaky faucet ...

#### In Naval Program

Midshipman Craig G. Walenga, son of Mr. and Mrs. Raymond J. Walenga of 822 Michigan Street, participated in the Naval Academy's Operation Information designed to interest qualified young men in investigating opportunities at Annapolis, Maryland.

He and other selected midshipmen volunteered to use part of their Christmas leave making personal appearances on radio, TV, high schools, and civic organizations explaining admission procedures and other facts of Naval Academy life.

Upon graduation from the Academy in Annapolis, Maryland, he will be commissioned an officer in the Navy or Marine Corps.

#### Professional Counseling Offered At Lowell Community Center

Kent Oaks Hospital has assigned Jack Boss, Social Worker, to be at the Lowell Community Center, 10763 Grand River Drive, every Thursday afternoon, 1 to 4 p.m. The service is presently free to anyone who is unable to afford a private counselor, or who would not have insurance to pay.
