### **Board's Decision** Fires Woolworth

In unprecendented action, the Lowell Board of Education has fired a tenured teacher, agreeing with charges that he refused to follow orders, is incompetent, can't control students, would not discuss "deficiencies"

and lost the confidence of his students.

The teacher, Gilbert Woolworth, 53, of Greenville, said he "absolutely" will appeal to the state Teacher Tenure Commission. Rejection there, he said, would be

"tantamount to ending my eareer."
"I was expecting it," said Woolworth, a high school social studies instructor eight years with the district and Montcalm County's Republican Party chairman. He accused the board of making up its mind before the lengthy series of hearings began. They were public

at his request.

In announcing the decision, Dr. Robert Reagan, board president, said that he was confident that each member of the board came to the decision based on the testimony and evidence presented during the lengthy hearing and that all were extremely guarded

against any influence outside of the actual testimony.

The charges against Woolworth which the board felt were proven and justified dismissal were: Inability to maintain proper discipline and control of students in his charge; Inadequate teaching techniques, procedures and methods; Inability to gain the confidence of the students in his classroom; Refusal to discuss with his supervisors methods and means of correcting deficiencies set forth in formal written evaluations, even though requested to do so, and Inability and refusal to follow administrative direction and control.

Only five of the seven board members voted on the teacher's dismissal, all for it. A sixth member was disqualified for allegedly making a biased statement about the case and another member was elected after the hearings were underway.

The board dropped two charges against Woolworth: that he was rude to parents and students and that he criticized other staff members in front of students and school employees. Reagan said the administration did not submit enough evidence to convince the board.

He said board members met informally when the 731-page transcript of the hearings was available, "to compare notes." However, he said, he did not poll the board until a public meeting at Lowell High School, a few feet from the ousted teacher's classroom.

Woolworth, a 20-year career U.S. Navy sailor before he turned to teaching, said the adverse publicity and circumstances of his dismissal and the flooded teacher job market make it impossible for him to get another

# Lowell Day '74 Is Saturday

Aside from being spectacular, Lowell Day '74, to be held this Saturday, will be 'fun for everyone,' with a day full of activities planned to officially start off a chain of pre-Showboat events.

Getting underway at 9 a.m., the day's events will end with the huge amateur talent show at the new amphitheatre at 8 p.m. Dr. Clark Vredenburg, Lions Club chairman of the talent show, has revealed that 50 acts have registered for the show, which is expected to last until 11 p.m.

According to Vredenburg, 12 acts will be selected to appear on this year's show-two nightly. A selected panel of judges will have the tough job of making the final choice.

Admission to the talent show has been lowered this year, Vredenburg added, it will be one dollar for adults and fifty cents for children under the age of 12.

Early morning activities will include a pancake breakfast, open to all, at the old junior high school grounds on North Monroe Street. The menu will include pancakes, sausage, syrup, coffee or milk. For \$1 it will be all you can eat for the adults. Children under 12 will be charged seventy-five cents.

At 12:30 action will switch to the amphitheatre, where Lowell's first "Rock Festival" will take place. Featured will be a group called the "Stillwater," composed of all Lowell Residents. This popular group has just completed a year's engagement at the Candlestone Inn in Belding, and currently are playing six nights a week at Stephanie's Lounge in Grand Rapids.

Second on the billing for the festival will be a group presently playing the Mid-Villa Inn in Middleville,

Michigan, "The Proper Strangers." According to the committee-in-charge, several other groups are expected to be on hand for the three hour music-fest. Admission will be two dollars for adults, children under 12 free.

Beginning at 2 p.m. in the parking lot at the Lowell Showboat Restaurant on East Main Street, Lowell's first annual Showboat "Ox-Roast" will be held. Serving will be made until eight in the evening. In case of rain, this event will be held in the exhibition building at the Lowell 4-H Fairgrounds.

A race of all races will take place at 4:30 p.m., when the Flat River will be invaded by canoists who will be taking part in the canoe race. The starting point will be the dam north of Lowell, with the finish line being drawn at the Showboat Amphitheatre. There will be no entry fee for the contestants. The first to cross the finish line will receive two free tickets to a Showboat performance. The contest is being chairmaned by

Around 7:30 p.m. a boat parade will begin at the Showboat dock on North Riverside Drive, ending at the amphitheatre. Persons with watercraft are urged to take part, there will be no entry fee, all you have to do is decorate your boat, raft, etc.

Three prizes-first, second and third-will be awarded to the best decorated boats. After the finish, at the amphitheatre, the bike and trike-a-thon prize winners will be awarded, prior to the start of the amateur night

It'll be a big day for all the workers, winners, and everyone who has come out for a 'big day of fun.'

### Area Crash Kills Grand Rapids Couple

An elderly Grand Rapids couple apparently on a pleasure ride were killed July 4 in a Vergennes Township auto crash.

Kent County sheriff's deputies identified the vic-tims as Herman G. Schichtel, 74, and his wife, Frances, 72 72, of 612 Lincoln Ave. NW. Their auto was struck by a car a car driven by Richard Snay, 18, of Loweil, deputies

The Schichtels were westbound on Two Mile Rd. NE and apparently had stopped at Parnell Ave. NE and then pulled in front of Snay's northbound vehicle, deputies said. Dr. Raymond Lang, Kent County Medical Examiner, ruled death was caused by massive head and chest injuries.

Snay and a passenger, Scott Jager, 18, of 7340-20th St. Jenison, were treated at the Grand Rapids Osteopathic Hospital for minor cuts to the face and arm.

Mr. and Mrs. Schichtel are survived by two sons, Rev. Kenneth Schichtel, pastor of St. Patrick's Catholic Church, Parnell, Donald of Grand Rapids; a daughter, Mrs. Ted (Geraldine) Grala of Grand Rapids; 10 grandchildren and one great-grandchild. Mrs. Schichtel is survived by a sister, Mrs. Mary VanDreumel of Grand Rap-

Mr. Schichtel retired from McInerney Spring & Wire Co. in 1965 and was a member of UAW Local 687. He and his wife were members of St. Mary's Church.

# Siegle Is New Board President

Dr. R. D. Siegle was unanimously elected new president of the Lowell Board of Education at the board's organizational meeting for the new school year Monday night. He was nominated by former president Dr. Robert Reagan who has served in that capacity for the past

Dave Miller will be the new vice-president, Harold Metternick will continue as secretary and Phil Kropf will fill the treasurer's slot.

In another move, the board voted to hold its regularly scheduled meetings on the second Monday and fourth Monday of each month rather than switching to Tuesday nights for the second monthly meeting as they have in the past. It was felt that it would be less confusing for the public to remember that the meetings always fall on a Monday and more local residents might remember to attend.

The meetings will continue to be held in the Middle School Cafetorium beginning at 7:30 p.m., and ending at 10 p.m. Two exceptions will be the meetings scheduled for Alto Elementary on October 28 and March 24.

In other board action it was decided to have a student advisory member on the board for the coming year. A non-voting member, the student would sit with the board during all regular meetings in order to present the students' view on any pertinent issues.

It was suggested by High School Principal Dennis McMahon that the student be named by the Student Congress from within its membership soon after the start of the school year.

New Board member Orion Thaler suggested that definite rules governing the student participation be established before the appointment is made.

Board members Blanche Mullen and Phil Kropf were

appointed to serve as a negotiations committee for a new secretary salary schedule and Kropf will also serve in that capacity with the custodians.

A budget workshop was scheduled for 7:30 p.m., Monday, July 15 in the superintendent's office.

A request was received from the Class of '46 to display the honor roll of War Dead. A short discussion was held regarding the possibility of a display area being set up near the old school bell when it is placed in the high school courtyard.

A request was also submitted for a contribution to the Lowell Police Rescue Unit but the board felt that it could not legally contribute.

Board members went on record for the second time expressing their appreciation and commending former board member Dave Wingeier for the many hours of service he has given to the Lowell Schools.

### Small Children Should Wear Flotation Device

For the millions of youngsters who this summer will be joining in the nation's most popular sports-swimming and boating-mere seconds of inattention could be fatal, the American Red Cross has warned.

"Lack of responsible supervision is a major cause of drowning among small children," said David F. Clark, volunteer Water Safety Chairman for Kent County Red Cross. "Even though they know how to swim, your children in and around the water should always wear some sort of personal flotation device."

He added that in a boat, a youngster can sometimes slip overboard even with good supervision. "Sixty percent of the persons who drown annually fall into the water accidentally," Clark said. If a youngster is wearing some sort of flotation device—preferably a life jack-et—his chances of coming out of the water unharmed are considerably better," he said.

Drownings in Michigan nearly doubled this year, ac-

cording to a State Police report showing 31 persons died of drowning accidents as of April 30, compared with 16 reported drownings for the same time period in 1973. The number of persons injured in water accidents also increased, up to 18 persons injured from last year's

Clark stressed that every parent, especially those who live close to a natural body of water, should be sure their children know the fundamentals of swimming as well as the ways in which water accidents can

A former Lowellite, Ernestine (Althaus) Stauffer of Belding has written the following poem about Bennett School. This old Country School was the Bennett School

that used to stand at the corner of Vergennes Road and Cumberland Avenue where now there is a gravel THE OLD COUNTRY SCHOOL

I took a journey, one bright autumn day, Down an old country road through woods so cool. Many were the times I had walked that way To my first place of learning, the old country school. I recalled the day when, all dressed in pink,

I met my first teacher, that mean Mr. Jewell, He spanked me on my - - - -, what do you think? On my very first day at the old country school. I thought I could hear the five-minute warning, Let's see now, what was that old rule?

Oh yes, the first child to arrive in the morning. Got to ring the bell at the old country school. Did I hear the children out in the yard Playing the game they called, "prisoners' goal?" Was that the boy that hit the ball so hard?

My very first beau at the old country school. There was a pretty girl who never could spell, She spent lots of time on the dunce's stool, I heard that later she married "quite well," She was my best pal at the old country school. I think that was where we hunted wild flowers,

There by that muddy little pool, Our teacher went with us during noon hours, -On the first days of spring at the old country school. I was just thinking of the fun we all had Playing jokes on the teacher for April Fool.

We all played together at the old country school, As I drew nearer, I looked all around, How could time have played a trick so cruel? All I saw was gravel and a hole in the ground, I've had my last look at the old country school.

Big kids, little kids, good ones and bad,

### Raises For Unemployed Are Now In Effect

As a result of action taken earlier by the Legislature, many unemployed Michigan workers now are finding increases in their unemployment compensation

Some, too, will be getting those checks for a longer period of time, as a result of Legislative approval of Senate Bill 741, which was passed and signed by the governor earlier. While the bill was given immediate effect, some provisions of it did not take effect until a few

Essentially, the measure increased maximum jobless pay benefits by \$11 to \$14 a week, or between 15 to ilmost 20 percent. Unemployed workers with no dependents were in-

creased from \$56 to \$67 a week; one dependent from \$66 to \$77; two dependents from \$77 to \$89; three dependents from \$85 to \$98; and four or more dependents from \$92 to \$106 a week. The increases are expected to increase benefits by

\$45 million in the next year to help cover increases n the cost of living. This means that, as a result of the measure whose orimary sponsor was a Republican Senator, almost

\$900,000 a week is going into the hands of Michigan workers, who also are consumers and probably will add that much each week to the state's economy.

### Poetry Reader **Entertains Kids**

John Berfanger kept these children well entertained last Monday morning when he read stories and poems y James Whitcomb Riley at the Lowell Public Library. Mr. Berfanger is an excellent reader of Riley's native

tongue and style of writing. Monday morning, July 15, at 10 o'clock, Ronald Moore will entertain children interested in strange mon-sters and other colorful creatures. Ron is particularly interested in the Lock Ness Monster of Scotland. After doing his program for groups in the Middle School last year, Ron promises to be a very interesting entertainer. A film "Creature from the Lagoon" will also be shown. All summer programs at the library are free and all children are welcome.

### BITS O' BUSINESS

Automakers say they're confident recent price increases on '74 models and higher price tags on '75's will orighten their earnings picture in the second hali. Industry analysts, however, are concerned about the consumer reaction to the price boosts on new models . . Some companies, reluctant to borrow money at current high interest rates to expand facilities, are attempting to raise prices enough to raise the needed capital.

### Lower Waters Makes For Better Fishing

The Michigan Department of Natural Resources reports this week in Michigan, the rivers are starting to return to normal, making for improved fishing conditions. Inland lakes are still quite high and cold with bluegills bedding varying from just starting to having been completed, depending on lake temperatures. It appears as if summer weather will finally arrive hopefully by the 4th of July and vacationing will again seem

PANFISH Perch are doing fair off the piers at Holland, Grand Haven, Muskegon and Whitehall, with better catches coming as the weather warms. For specks and gills, try White and Muskegon Lakes in Muskegon County, the Grand Haven bayous, Big and Little White Fish Lakes in Montcalm County and Camp and Wabasis Lakes in Kent County. Best baits remain worms and poppers as these fish are still pretty much in the shallows.

BASS AND PIKE: White and Bear Lakes in Muskegon County are producing good catches of large mouth bass on night craw-

lers, real or artificial. Also good are Stearn's and Pottawattomie Bayous, Big White Fish Lake in Montcalm County, Lincoln and Reeds Lake in Kent County, Pike are doing fair to good on the rivers, particularly on the Grand, Rogue and Thornapple. The Grand and Flat Rivers are also very good for bass with small mouths being very abundant in both rivers. TROUT:

Trout and salmon along the Lake Michigan shoreline are scattered and in deep water in excess of 200 feet. Lake trout and chinook salmon are well scattered over a large area about 80 feet down. When the wind blows from the east, it is worth while to fish for them even though no great catches are being taken. Inland on the rivers trout are still biting good after or during rain storms, which is most any day recently. Trout on inland lakes are doing real well at the present time fishing at night with wigglers, corn or small minnows. Best lakes are Crockery Lake in Ottawa County, Half Moon in Muskegon County, Lime Lake in Kent County and Derby and Nevins Lakes in Montcalm County.

# Loggins And Messina Live

Kenny Loggins and Jim Messina's latest effort, a two-album live set called "On Stage," is probably the best live recording so far this year. It contains stage versions of "House on Pooh Corner," the top 40 hit "Your Mama Don't Dance," L&M's version of Anne Murray's "Danny's Song" (which Loggins wrote), and my all-time favorite by Loggins and Messina, "Long Tail Cat," All four sides feature some of the best music these

two have ever done, on the stage, in the studio, or anywhere else. Another good live LP or the market right now is a double-album set by Van Morrison called "It's Too Late to Stop Now." Included are the mid-60's teen anthem "Gloria," which Morrison recorded as lead singer for them, and a fine rendition of bluesman Son-

ny Boy Williamson's "Help Me." War has released a live set which I consider to be a waste of money. I don't like War's music, be it live or .. studio. Paul Simon's new live one, "Live Rhymin," isn't anything to write home about, either.

Humble Pie is going straight downhiff. Frampton is gone and Marriott can't decide whether he'd rather sing blues, rock or soul, so he tries to sing all three at once. The end result is called "Thunderbox," a new LP with maybe two or three good songs to offer. If you're stroyed the World," featuring Johnny Winter, Leslie West, Carlos Santapa and John McLaughlin. "The Best of Bread-Volume II" is really a disap-

pointment; several of the songs here are from "Guitar Man," and the ones that aren't don't really show the true talents of Bread's members. Leader David Gates has gone solo, and his first effort, titled simply "First," is pretty good.

Aretha Franklin has released a sensational new album called "Let Me In Your Life," which includes her

recent hit "I'm in Love," with Don y Hathaway on piano. Several other fine backup musicians participate on the LP, including Eurnir Deodato of "Also Sprach Zarathustra" fame. Anyone who's into knocking three times on the ceiling and tying yellow ribbons/around old oak trees

should enjoy "Dawn's New Ragtime Follies Featuring Tony Orlando." Orlando, Telma Hopkins and Joyce Vincent Wilson have put together a beautiful album, with songs like "Steppin' Out, I'm Gonna Boogie Tonight," and "Say, Has Anybody Seen My Sweet Gypsy Rose?" I'm not saying I like it, but anyone who likes

To all the parents and children who love to see a greased pig run and possibly die from a heart failure, suggest a better target-grease one of the children and let all the other children who love the sport chase him or her, whichever. If that's too distasteful to the parents then why not

Ada, Mich. AN OPEN LETTER TO SCOTT WOLFE

Dear Scott, Yours was the opportunity to become involved, and you did not let that precious moment slip by!

Because of your quick response a human life was The same newspaper that carried the news of your good deed, later carried the story of several dozen people in Chicago who ingnored a woman's plea for help-

not wanting to become involved. In this day of robot-like machines, mechanical servants attending to our needs, etc., it is easy to slip into the lazy attitude that we are so very independent that we do not need anybody else. The philosophy of "I don't need anybody to help me, so why should I become involved to help anyone else," is all too common

Actually when automated machines, computers, etc., threaten to take over much that was done by our human efforts before, the only way left for us to retain our humanity is the God-given command to help our neighbors (anyone who needs us)-to get involved when the opportunity comes our way-to respond to the screams for help for a little girl about to drown. May God bless you, Scott.

### Ladies Make Bid For First Place Slot

The Lowell Ladies' softball team, sponsored by Arnie's Standard Station, defeated Swat Golf last Wednesday, June 26. Coach Terry Smith attributed the 10-8 win to the overall teamwork by her squad. Because this is the first year Lowell has participated in the Rockford League, she feels this win over the first place team is a very significant victory. Delores Peckham's home run spurred the team to

another victory in a playoff game against Wilson Harley Davison July 3rd. Arnies' is trying to capture the league's first place slot and be their representative to the Michigan State Olympics.

### Mint Appeal For Return Of The 'Penny'

I'm calling on every American, especially young peo-ple, to get the penny back in circulation and keep it there, Mrs. Mary Brooks, Director of the Mint, said today. I'm calling on the banking industry to welcome the return of pennies during the month of June. I'm urging schools, chur hes, charities, retail establishments and others to examine ways and means to involve their members in collecting pennies for deposit.

The price of copper has retreated, closing at \$1.10 per pound on May 24. There will be no aluminum penny. The 62 billion pennies produced during the past 15 years have no numismatic value and because of the huge mintage they will never attain great value. Nevertheless, speculators and hoarders of pennies have caused what seems to be a shortage of pennies in

certain areas of the country. But there is no shortage of a supply of pennies. Creating a shortage where it does not exist can adversely affect every public spirited citizen, taxpayer and conservator of the earth's resources. It is inflation ary should merchants start to round off sales to the next nickel due to lack of pennies to make change. Again, I'd like to emphasize. There are plenty of

pennies. But they are in the wrong places. It is estimated that over 30 billion pennies are in circulation-doing the job for which they were intended. Somewhere in this vast country of ours, however, in excess of 30 billion pennies are in hiding. These are the pennies I'm looking for. They are in dresser drawers, shoe boxes, pickle jars; most anyplace you can think of that will get them out of pocket and out of

sight. They are unwanted, unused and unappreciated. For the Mint to be forced to continue increasing it's penny production to meet the current extraordinary demand is wasteful. Wasteful of a natural resourceopper-that cannot be replenished by man. And wasteul of the taxpayers' hard earned money. One billion pennies returned to circulation will save the taxpayers \$10,000,000.

The current price and supply of copper allows us to continue production and distribution of the copper bearing cent. During the past 15 years, the Mint has pumped out over 62 billion pennies using some 202,-000 tons of copper in their manufacture.

This year alone the Mint expects to use 33,000 tons of copper in cent production-making about 35 million permies each working day. If just 15 billion pennies could be lured out of hiding, the Mint, at current production figures, wouldn't have to make pennies for almost 2 years and it would repre-

sent a saving of \$150 million. Fifteen years ago, the reverse design of the Lincoln cent was changed from wheat to a view of the Lincoln memorial. The Mint produced 25.7 billion Lincoln wheat pennies during a 50 year period.

The Lincoln wheat pennies do enjoy collector interest-some years commanding more numismatic value than others. Rarity is one of the determinants in establishing value of almost any collectible item. Especially this holds true for coins. A general rule of thumb is the lower the mintage of a given coin, the higher the numismatic value. Coin collecting is a very wholesome hobby. I'm happy to have young people looking at their coins.

Sixty-two billion pennies of identical design, however, can never qualify as numismatic rarities and so cannot ever reach great numismatic value. The true collector knows this and collects only those pennies needed to complete his coin collection sets. The true collector likes bright, uncirculated coins also. Not the dull and discolored ones, unless they are rare.

For every \$25, or more, worth of pennies cashed in at a bank, the Treasury Department is prepared to issue a special citation to the individual or group responding to the penny drive.

Obviously, this campaign to get the penny back in circulation will require the cooperation of the banks and others in forwarding the names to be cited for an award to Mary Brooks, Director of the Mint, 55 Mint Street, San Francisco, California 94175.

Truly this is a challenging project for anyone who participates. It will give every American family a chance to help control inflation, protect the environment and cut government expenses.

### Hawaiian Family Reunited In Lowell

Four members of the Zoilo Mira family were reunited Wednesday, June 26, at the home of Ms. Nancy Parrish, 2055 Enid, in Lowell.

Sgt. Jeffrey Mira and his fiance A1C Cheryl Snellink, the daughter of Ms. Parrish, drove up from Phoenix, Arizona, for their wedding on June 30th. T/Sgt. and Mrs. Zoilo Mira flew in from the island of Kauai, of the Hawaiian Islands, for the occasion. Sgt. Tony Mira drove up from Dayton, Ohio to be his

brother's best man. The Mira's are life-long residents of Kauai. This is Mrs. Mira's and Jeff's first visit to the Midwestern States. Mrs. Mira brought over thirty dozen Hawaiian flowers to Lowell for the wedding. They were contributed by relatives and neighbors. Included were anthuriums,

ndrobium and vanda orchids. Mrs. Mira made two leis of vanda orchids which came from her back yard. Each lei takes approximately 350 blossoms and takes an experienced person about two hours to make. The Mira's visited many points of local interest and

thoroughly enjoyed their visit to Michigan.

### Political Figure George W. Welsh, Succumbs At 91

George W. Welsh, 91, one of the most controversial but respected political figures in local and state history, died June 29 at his home, 5396 Michigan St. NE., Ada.

His death marks the passing of a man who in a sense was Grand Rapids. Although his health began to succumb to old age a few years ago, he never lost his interest in politics and his vision for the way he thought things should be.

Born in Glasgow, Scotland, in 1883, his family came to the United States when he was eight years old and settled in Montague. Orphaned soon after, Mr. Welsh was virtually raised on newsprint. At 12 he was earning \$2 a week running dispatches from the Associated Press off to The Evening Press city editor, selling papers and performing other errands.

At the time of his death, Mr. Welsh was the publisher of the Interpreter newspaper in Grand Rapids.

He is survived by a daughter, Mrs. Jean W. Weldon, who lived with her father; two granddaughters, Mrs.

Shirlie Boughner and Mrs. John (Joan) Rose, both of

Grand Rapids, and six great-grandchildren.
Funeral services were held at 1 p.m. last Tuesday at
Metcalf Funeral Chapel, with Dr. David Otis Fuller, retired pastor of Wealthy Street Baptist Church, tentatively scheduled to officiate. Burial services were privately held at Oakhill Cemetery.
