

School To Sell Koewers House Ada To Get City Water If Rate Is Right

If anyone is in the market for a good deal on a house, the Lowell Area Schools' Board of Education is temporarily in the real estate business.

Seven years ago the school purchased a three bedroom home at 327 Avery Street in anticipation of expanding the Runciman playground area. Now about ready for the expansion, the house must be moved.

Sealed bids will be sought for anyone interested with the stipulation that nothing will be accepted under \$7,800. The buyer must also be responsible for moving the house off from the property.

Seeking of the bids will be advertised in the Ledger and Buyers' Guide so that all who are interested will have an opportunity to bid and, as one board member put it, will preclude any individual saying, "They never let anyone know about these things, I would have bought it if I had only known."

In the event that satisfactory bids are not received, the board will probably move the house from the property and keep it as a rental unit until it can be sold.

Request Approved . . .

An earlier request for the use of a school bus by senior citizens on weekends and during vacation periods was okayed Monday night. However, board members regretfully ruled that they must charge approximately 54 cents a mile in order to compensate for the amount that the State will deduct from bus reimbursement which is the policy on all trips not directly connected with transporting students.

It was suggested that the new Community-School-Adult Education coordinator could work on this particular problem and that, perhaps in the foreseeable future, the cost could be absorbed by his department.

Trips that will be planned by the group will be to areas like the Grand Rapids Museum, Ludington Power Plant, the State Capitol, etc., and none will be over 100 miles away since school buses are built more for safety than long distance riding comfort.

Meet With City . . .

Superintendent Leonard Sinke reported briefly on a recent meeting held between the board and the Lowell City Council.

The two governing bodies are discussing the possibility of a joint building venture to house administrative offices of both the school and the City. With the tentative location set for the area of the old Showboat stands, there are several possibilities to be explored from one group building the building, and leasing space to the other, to both groups building it for joint ownership.

For Parents . . .

A concentrated effort will be made this year to establish parent-teacher organizations in the system. Nancy Kehoe, Supt. Sinke and Bushnell Principal Dave Burdette are working on setting up a series of important short, interesting and informative programs for parents to attend throughout the year.

Citizens Group . . .

A citizens' committee for curriculum and adult education study will also begin meeting this fall. Citizens' study groups are felt by the board to be extremely worthwhile and are being used more and more frequently to bring about a closer involvement of the community with the schools.

Any resident of the school district who is interested in serving with the group is requested to contact the superintendent's office.

New Teachers . . .

Two more new teachers were approved for the high school. Susan Schrauben will teach math and assist in the girls' athletic program and Michael Richardson will teach history and English.

Coaching Staff . . .

The following coaching positions were approved by the board for the coming year: Football Head Coach

Al Rowe assisted by Dick Brennan and Al Eckman; J.V. Football, Charles Boström assisted by Kim Lathwell; Freshman Football, Mike Clark assisted by Gail Hirshey; Head Basketball Coach Jerry Meredith; JV Basketball, Kim Lathwell; Freshman Basketball, Head Wrestling Coach, Gary Rivers; JV Wrestling, Tom Harper; Head baseball Coach, Gary Rivers; JV Baseball, Bob Copeland; Tennis, Mark Weber; Head Track Coach Charles Boström assisted by Richard Brennan; Golf, Jerry Meredith and Cross Country, Tom Stahr.

Senior High Girls' coaches will be Sue Schrauben, basketball; Judy Ekkens, track and tennis, and Sue Schrauben, gymnastics if gymnastics is approved for the high school. Virginia Thome will be the varsity cheerleading coach and Connie Molesta will handle the JV cheerleaders.

In the Middle School, Ken Akers will handle the eighth grade A basketball team and John Sterly the "B"; Al Eckman will coach the seventh grade "A" team and Arnie Kimball the "B". Other positions will be Craig Smith, wrestling; Ken Akers, golf; John Sterly, track; Jim White, tennis, and Nancy McMahon and Maura Kunst, gymnastics.

Ada Contestants In United Fund Contest

This happy pair, Delores Haggard, left, who works for Daverman Associates, Incorporated, and Marcia Mead, from the Kent County Health Department, represented Ada in the 1974 Miss United Fund contest. Contestants were chosen by their employers for the annual event, where judges base their decision on poise and understanding of United Way goals. The winner was announced August 28.

Makes First Recording

A former Lowell man has just completed a tremendous recording session in Nashville, Tennessee, home of the Grand Ole Opry.

Recording for American Sound Records was Max Cheesbro, now of Dyer, Indiana.

While at the Opry House, Cheesbro appeared backstage with the popular and lovely country-western female vocalist, Jeannie Pruitt.

Cheesbro's first recording included "Don't Be Angry" and "We Could." According to a news-clip from the paper of the stars, "both should be hits."

The new country-western singer is the son of Mr. and Mrs. Lawrence Cheesbro of Lowell.

Getting Senior Citizens Registered To Vote

A statewide registration and "get out the vote" drive will be conducted September 9-13 among the patients and residents of nursing homes and long-term care facilities in Michigan, it was announced today.

Patrick J. Callihan, President of the Health Care Association of Michigan, said officials at the association's 280 member facilities will make arrangements with city and township clerks to conduct the drive in their respective facilities during the period of the drive.

"We want to ensure that all eligible voters among the thousands of patients and residents at both our member and non-member facilities are registered and have the opportunity this November to exercise their prerogative at the ballot box," Callihan said.

He explained that applications for absentee ballots would be available at each facility during the voter registration drive. Eligible voters 62 years of age and older may apply for an absentee ballot under a bill signed in June by Governor William G. Milliken and given immediate effect.

ANNUAL BRIDGE WALK

The 17th annual Labor Day morning Mackinac Bridge Walk is scheduled to begin at 7:30 a.m. on September 2, 1974.

Some 20,000 to 25,000 persons are expected to participate in this once a year opportunity to walk across the beautiful Mackinac Bridge over the historic Straits of Mackinac.

Ada To Get City Water If Rate Is Right

Grand Rapids will sell water to Ada Township. But, the remaining question is rate—will it be wholesale or retail?

To iron out that detail, involving some thousands of dollars, the Grand Rapids City Commission will meet at 7 p.m. Wednesday, August 28, with the Ada Township Board to settle the issue.

The meeting was proposed by 3rd Ward Commissioner Harold Dekker when fruitful discussion ran dry in the Committee of the Whole last week.

"We've committed ourselves to sell water to Ada," said 2nd Ward Commissioner Abe Drasin. "All we have to decide is whether it's wholesale or retail."

John Forshar, Ada Township supervisor, was upset because the city manager's staff has apparently ignored his requests for a wholesale water rate.

"We feel the city staff has closed their door to us," said Forshar. "All we are trying to find out is whether or not we can buy water on a wholesale basis and run our own show, if the rate isn't way out of line with what others are paying."

If Ada Township received water from Grand Rapids under the retail system, the city would own, control and operate all water facilities in the township. Under the wholesale arrangement, the city would deliver water to the Ada boundary line and the township would have control of the rest.

All municipalities currently obtaining water from the Grand Rapids system, with the exception of East Grand Rapids, are under retail contracts.

"As far as the future of this area is concerned, we would like the chance to examine the options of a wholesale contract and a retail contract," said Forshar.

Although the city hasn't offered a wholesale rate to Ada Township, City Manager Joseph Grassie reaffirmed the city's advantage in any negotiations: "We can give water away at any rate we like."

"If the city is saying no, then OK—let's go with it (retail contract)," said Forshar. "It seemed to us that maybe the door was open to wholesale."

So far, the city has only offered Ada Township the regular retail water rate given other area municipalities, twice what Grand Rapids charges its residents. Included in the higher tab are construction and maintenance costs.

"It's a matter of controlling and planning our own system," said Forshar. "We want to be directly responsible to our own people."

The likelihood that Ada would receive a wholesale bid was dimmed by a city staff report indicating it would be unfeasible for the city to make a wholesale water offer.

The report, prepared for the City Commission by the City engineer's office, showed an unusual phenomenon—it would cost the city more to supply water to Ada Township wholesale than it would if the same amount of water were retailed. According to the report, which covers five years, water at a wholesale rate would cost more than \$121,000 more, a difference of 25 percent.

"It appears to me that the least cost to all concerned would be a retail contract, because it would eliminate the duplications required in a wholesale contract, such as in pumping, storage facilities and installation of water pipes," said City Engineer John Hornback.

If Ada Township was under the wholesale system, both that water line and the one presently in Cascade Township would both be "dead-end" lines, reported Hornback. If Ada received city water under the retail arrangement, the city could build a loop line, using the Cascade facilities.

"A loop line can carry four times the quantity of water as a dead-end line," said Hornback, equating the inefficiency of a dead-end line to the cost difference between wholesale and retail.

The report also shows it will cost the city an average of \$1,068 per million gallons to supply water wholesale, compared to \$826 per million gallons at a retail rate.

"It's hard for me to rationalize this \$1,000 per million (gallons)," said Drasin. "That's three times as much as Wyoming charges Grandville (for wholesale water)."

Actually, Grand Rapids' proposed cost in supplying wholesale water is 425 percent more than the \$251 per million Grandville is charged by Wyoming.

Forshar was also skeptical of the report presented the City Commission.

"I'm not trying to accuse anyone, but I took it to our engineer and there are some things we don't understand. If I had all the City's available talents and abilities, I could make a report to justify wholesale."

Offer College Credit Classes

Classes for college credit will again be offered by Grand Rapids Junior College here at Lowell High School. The program is designed to provide college classes in Lowell so people who want them don't have to drive to the campus. Class offerings are dependent upon a sufficient number of people signing up, so those who are thinking about it should make sure they sign up at the high school during the signup time, September 4 and 5th from 7-9 p.m.

Classes offered are English 101, on Monday nights from 7-10 beginning September 9 and Psych 201 on Tuesday nights from 7-10 beginning September 10. Those who are looking for a good way to spend a night out and at the same time improve your knowledge are urged to consider GRJC classes at Lowell High School. For further information call the Student Services Center, Lowell High School, 897-9202.

Always keep in mind that the Ledger, your hometown newspaper, is ever-ready for tips on news stories, features, letters to the editor and/or pictures. Just call 897-9261, it's that simple!

Despite a post-"energy crisis" upsurge in Michigan tourism this summer, motorists are expected to drive four percent fewer miles this Labor Day weekend than during the same holiday in 1973.

The average price for a gallon of regular gas in Michigan, 58.8 cents, is now 40 percent higher than the average price last year.

The 78-hour holiday will run from 6 p.m. on August 30 to midnight, September 2.

All the pertinent information regarding the September 3 opening of Lowell Area Schools, can be found elsewhere in this edition.

Tuned-In Elton John's "Caribou"

Elton John is back again, this time with an LP titled "Caribou" so named because it was recorded at Jim Guercio's Caribou Ranch in Colorado. The album contains 12 new originals by Elton and Bernie Taupin, with the usual fine instrumental and vocal accompaniment of Davey Johnstone, Nigel Olsson and Dee Murray.

My favorite cut from "Caribou" is "Ticking," with some great vocal work by Elton and synthesizer by Dave Hentschel. Many other musicians get into the act on this LP: Carl Wilson (of the Beach Boys) and Dusty Springfield provide vocal backing on some tunes, with the Tower of Power taking care of horn arrangements.

It's hard to compare "Caribou" to other Elton John LP's, mainly because of the horn work which isn't present as much on, say, "Madman Across the Water," which is still my favorite album by Elton. The writing and singing styles haven't changed much, though, and it looks like Elton has another hit on his hands.

The newest LP by John McLaughlin and the Mahavishnu Orchestra, "Apocalypse," is absolutely beautiful. The Mahavishnu Orchestra is joined by the London Symphony Orchestra, conducted by Michael Tilson Thomas, and the result is smashing. Jean Luc-Poncy gets into some fantastic violin, and McLaughlin's writing is at its best. A delight from beginning to end.

The following is a list of what I consider to be the ten best albums ever made. Trying to choose ten albums from the thousands that have been produced wasn't easy, but this is what I came up with.

- "Tapestry" by Carole King.
 - "The Allman Brothers Band" by the Allman Brothers Band.
 - "Let it Bleed" by the Rolling Stones.
 - "America" by America.
 - "The Siegel-Schwali Band" by the Siegel-Schwali Band.
 - "BS&T No. 4" by Blood, Sweat and Tears.
 - "Madman Across the Water" by Elton John.
 - "Deja Vu" by Crosby, Stills, Nash and Young.
 - "Quadrophonia" by the Who.
 - "Dark Side of the Moon" by Pink Floyd.
- It might be interesting to make up a list of your own and compare your results to mine.

Plymouth Satellite:
The Happy Medium.

We call our Plymouth Satellite the Happy Medium, because it's sized big enough for comfort, but small enough for economy. And a lot of people agree with us. In just the past three years, over a quarter million people have switched to Satellite from other makes of cars. And remember... '75 prices will go up. So now is the time to get a great clean-up price on our successful Satellite. C'mon in. You'll see what we mean.

Kindergarten

Kindergarten sessions will begin on Tuesday, September 3. Please pin a tag on your child the first day giving his or her name, address, phone number, building and teacher assignment.

If you have not registered your child, call the Bushnell School at 897-9471, or the Runciman School at 897-9257 for the Lowell area. Call the Alto School at 868-6111 for the Alto students. If you have questions about the busing of your child, please call our bus supervisor Mrs. Collins at 897-9353.

Thank you for your cooperation.

Health Requirements

Parents of kindergarten children are reminded that ALL children entering kindergarten must have their green sheets with the physical, dental, immunizations, and vision test completed. The child's birth certificate must also be presented if it has not been checked previously.

Michigan State Law requires that all students from first grade through senior high entering the Lowell Area Schools from out of state must bring a doctor's certificate showing proof of all immunizations, including a tuberculin test.

Mrs. Noah, our school nurse, may be reached at the following numbers: Middle School, 897-9223; High School, 897-9202; Runciman 897-9257.

The play area has been crowned and seeded. The Bushnell and Alto Elementary playgrounds are also being moved so that those buildings can be enlarged.

One of the major improvements is the addition of David Burdette as the full time principal of the Bushnell School and the full time assignment of Roger Buck as the principal of Alto.

This will greatly reduce operational problems and aid the implementation of the additions to these two buildings.

The teaching staff is completed and everyone is anxiously anticipating another exciting school year.

CLASSES OFFERED BY GRAND RAPIDS JUNIOR COLLEGE AT LOWELL HIGH SCHOOL

Monday evening — English 101. Tuesday evening — Psychology 201.

Registration at Lowell Senior High School on September 4 and 5. Classes begin September 9.

Adult Education Classes Offered

"You Can" earn your high school diploma, learn to repair a car, paint, sew, cook, improve reading or math skills, and make friends while learning through enrollment in the community education program of the Lowell Area Schools and the Lowell YMCA.

For those who are interested in finishing high school, there will be nineteen courses, listed in ad below.

Anyone who is interested in talking about any of those courses, knowing what the requirements for a diploma are, or in signing up for any of the high school completion courses should stop in to the high school counseling office or give them a call at 897-9202.

The fee for taking any of the high school completion classes if one has graduated is \$17.50. For those who have not graduated, there is no fee.

The YMCA will be offering many leisure time courses this year along with the high school completion courses. For those who are interested in taking any of the leisure time classes the fees vary according to whether or not one is a Y member. For more information about leisure time classes, call the Lowell YMCA office at 897-3735.

It is estimated that throughout the state of Michigan, there are over 720,000 persons who have not been granted high school diplomas. Statewide this year school districts are making cooperative efforts such as those going on between the members of the Kent Regional Community Education Association to make a significant impact in decreasing that number. The Lowell Area Schools is proud to be a part of the effort.

Back to School

Troy Hall and Tom Caldwell, above pose at the entrance of Middle School about to take their second big step in education. Last year they were the "big kids" in Runciman and Bushnell Elementary buildings, but now they're back to being the youngest element entering a whole new world as fifth graders.

Beginning their third and final divisional step up the local education ladder, Kathy Dorn and Glenn Bailey, above, look to each other for reassurance as they, too, leave the secure feeling of being Middle School VIP's and somewhat apprehensively enter Senior High as lowly freshmen.

Warm Welcome To New Church Secretary

A new voice will now be heard answering the Cascade Christian Church phones and a new face will be greeting visitors in the church office. The voice and the face will be that of Mrs. Harold (Leah) French who lives at 2308 Holtman NE in Grand Rapids. A native of Grand Rapids and a high school graduate of Wayland, Mrs. French is a housewife and the mother of three children. She has had much business training and experience, including many years in the capacity of church secretary. Mrs. French was employed nearly five years at Central Christian Church in Grand Rapids—and more recently was the secretary of the Grandville United Methodist Church. A warm welcome to the new secretary.

OPEN LETTER from

DAVID GERST

Dear Friends,
At a funeral, well-meaning friends may only increase the isolation caused by grief when they encourage the bereaved person "to be brave," "to not cry," or "to not speak of the deceased." Persons express their sorrow in different ways, but express it they must. It is most wholesome to weep profusely or to talk at length about the deceased if the bereaved is so inclined, and such grieving should not be discouraged.

Respectfully,

David Gerst

Choir Rehearsal To Begin Soon At Cascade Christian

Robert Achterhof, Minister of Music at Cascade Christian Church, is calling the first rehearsal of the new season for Thursday, September 5 at 8 p.m. in the choir room (basement of new sanctuary). New choir members are sought. Senior high youth are more than welcome in the choir.

Cherub Choir

Mrs. Alecia Woodrick, director of children's music in the church, is announcing the first rehearsal of her Cherub Choir for Friday, September 6 at 3:45 in the choir room.

Children from kindergarten through second grade are included and welcomed to participate as singers in this choir of small children.

The church bus will pick children up at Thompase School immediately following the dismissal of school there.

Children's Choir

Also under the direction of Mrs. Robert Woodrick, the children's choir is for those in the third-sixth grade levels. The first practice is to take place on Friday, September 6 at 4:30.

We hope for a large number of children this year. If you have questions, concerning either of these choirs, feel free to call Mrs. Woodrick at 676-9822.

Fall Schedule For Congregationalists

The 1974 Fall worship schedule for the First Congregational Church of Lowell, has been announced, after much discussion by the Board of Christian Education, Deacons, Deaconesses, and Trustees.

Effective Sunday, September 8, the church's morning worship service will begin at 10 a.m. Two sessions of church school classes will be conducted—one beginning at 10 a.m., and one at 10:25 a.m.

Following the morning worship, which will last until 11 a.m., will be a Coffee Hour, hosted by various members, each Sunday.

Volunteers Needed...

Dedicated volunteers, interested in helping others learn the English language, are being sought by St. Joseph's Community Center, 327 Rumsey St. S.W., Grand Rapids, for their tutorial program for non-native residents of the area. It is not necessary that volunteers be able to speak any foreign language.

Classes will begin Monday, September 9, from 9 a.m. to 12 and 1-4 p.m., Monday through Friday and Monday through Thursday, 6:30 p.m. to 9:30 p.m. There will be a tutor training session Thursday, September 5 from 6 p.m. to 9:30 p.m.

The program is sponsored by the Grand Rapids Board of Education and the VISTA program. For further information, call 454-5151.

SMOKING WITHDRAWAL CLINIC

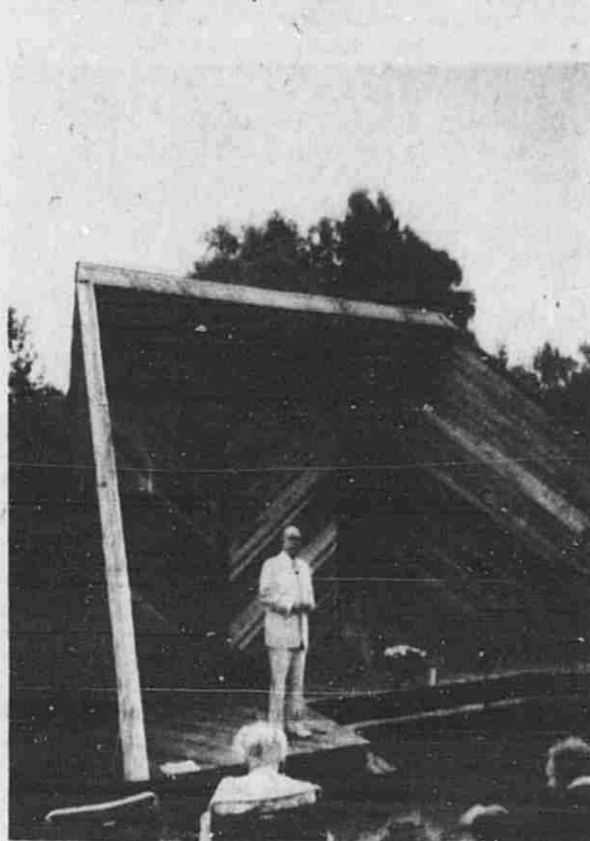

A "Five-Day Plan" to help people stop smoking will be held September 9th through September 13th from 7:30 until 9 p.m. at the Tuberculosis, Health and Emphysema Society, 822 Cherry S.E. For further information, call 456-1471 or 534-6606.

Memorial Dedication For New Facility

Sunday, August 4, was another of those memorable days for Cascade Christian Church—and the Charters, in particular. It was on that day the new recreational facility at our Camp Gay-ton, in memory of the late Roy Charters, was dedicated. The family is seen above. Below, R. Dale Charters (father of Roy) is seen bringing remarks at the service of dedication in the chapel there. Camp Gay-ton is operated and owned by our Cascade Church and is located at Hart, Michigan. The new facility will accommodate such sports as: tennis, volleyball, basketball, badminton, etc. It was built through the generosity of many.

Oldsmobile Increases Emphasis On Smaller Car Market

Oldsmobile has announced that its 1975 model line-up includes 35 models with increased emphasis on the smaller car market.

Four new entries in Oldsmobile's small car line give the division the widest range of models and the broadest market coverage in the automaker's long history. The nation's oldest existing manufacturer of automobiles now offers models with wheelbases ranging from the new small-size Starfire at 97 inches to the family size Ninety-Eight at 127 inches.

In addition to the Starfire, three new entries in the compact Omega series have been introduced featuring luxury interiors and appointments not formerly available in this series.

STARFIRE—Oldsmobile's Starfire is an all-new car for the division and features comfortable 2+2 interior seating and sporty exterior design. It is available in one body style, a sport coupe.

OMEGA—The compact Omega series has been expanded to six models for 1975 with the addition of the Omega Salon available in the same three body styles as the base Omega—coupe, hatchback coupe and sedan.

CUTLASS—Oldsmobile's mid-size Cutlass line-up in 1975 offers 11 models in four body styles—two colonnade hardtop coupes, a colonnade hardtop sedan and station wagon.

The 1975 Cutlass series includes the base Cutlass, Cutlass S, Cutlass Supreme, Cutlass Salon and Vista Cruiser.

For increased fuel economy, the 250-cubic-inch L-6 engine and three-speed synchromesh transmission with column shift are standard on all Cutlass models except the Delta and station wagons.

DELTA 88 AND NINETY-EIGHT—The Delta 88 and Delta 88 Royale continue to be offered in a hard-

top coupe, hardtop sedan and town sedan body styles with a convertible available in the Delta 88 Royale.

Hardtop and town sedans feature new uppers with more side glass for better visibility. The hardtop sedans have a new triangular shaped window in the rear quarter sail panel and the town sedans have an additional window in the rear door.

TORONADO—The front-drive Toronado has two models this year—a Custom coupe and a Brougham coupe. Both have a new reclining opera window in the rear quarter sail panel for added luxury and more privacy for rear seat passengers.

The Brougham features loose-pillow look interiors on standard 60/40 divided front seats with dual controls. The interior trim is available in a variety of velour coverings or doeskin vinyl in white or silver.

FULL-SIZE OPTIONS—Several new options are available on the 1975 Oldsmobile full-size models. A new remote controlled left hand outside mirror with lighted integral temperature indicator is available on all full-size models. The intensity of the light can be controlled with the light switch in the same manner as the instrument panel lighting.

Another new option is a theft deterrent system that features flashing exterior car lamps and rapid horn blowing in the event of an attempted forced entry. The system is armed by locking the door with the key and detects an attempted improper opening of the trunk, hood or doors.

A new convenience option available on all full-size cars except the Toronado is the lighted door lock package. Pushing the door handle activates a light in the handle illuminating the lock cylinder and turns on the interior lights for about 30 seconds, enabling the driver to unlock the door, enter the car, buckle up and insert the key in the ignition before the lights automatically go off.

Oldsmobile's Starfire Sport Coupe for 1975, shows some unique changes in styling.

No Need To Idle Land In 1975

It should not be necessary to idle land in 1975 under the Wheat and Feed Grain Programs according to Walter Wittenbach, Chairman of the Michigan State Agricultural Stabilization and Conservation Committee. Secretary of Agriculture Earl Butz lifted all acreage set aside provisions for 1974 programs in July, 1973. At that time the grain production and demand outlook indicated a need for full production in 1974. The present grain production and demand outlook again reflects a need for continuation of a full production policy in 1975. Conserving base requirements were dropped for 1974 and the following three crop years, 1975, 1976 and 1977.

Wittenbach stated that there are two main reasons why we should be able to continue a "hands off" policy in farmers' production plans. First, the Department plans to keep the Government out of the commodity business and leave stocks in private hands. This will result in less Government interference in the market place, lower cost to taxpayers, and greater dependence on the market—not Government—by farmers for their incomes. The other reason is the continuing high demand for U.S. agricultural products both at home and abroad.

Wittenbach said that Federal costs have been greatly reduced as a result of market oriented farm programs. The farm program share of the USDA budget dollar has dropped from 40 cents to an estimated 5 cents for the current budget. A National wheat allotment of 53.5 million acres has been established for 1975. This is 1.5 million acres less than the 55-million-acre allotment for 1974. This was due to an expected decline in the total wheat outlook and an expected increase in wheat yields. However, the allotted wheat acreage places no limit on production. It is used to determine what payments to growers if the National average price falls below the \$2.05 per bushel level.

Rotarians Hear Joe Kinnebrew

Joe Kinnebrew, addressing the Lowell Rotary Club last Wednesday, confirmed that most of his work was to provide distinguished architectural design for civic groups and of the fun he is having making things more beautiful.

Introduced to the Rotarians by Jim Gober, Kinnebrew explained the fish ladder now under construction on the Grand River in Grand Rapids.

He stated a million fish could climb the ladder, erected among pleasant surroundings, planned and laid out by himself.

Visiting the Rotary's noon luncheon to hear Kinnebrew speak were Dave Frey, Dave Burdette, Charlie Cooley, Norton Avery, Russ Davis and Reid Walif.

At the short business session, the acceptance of two assignments made by vice-president Dennis McMahon were announced. Stan Gardner and Rommie Moore will direct the 1974 United Fund campaign collections. Mr. Gardner will take charge of canvassing the business area, with individual contributions being conducted by Mr. Moore.

This week's noon gathering will feature this district's state Legislator, Martin Butz, who will give an interesting and informative "Legislative Report," including a segment on state finances.

On September 18, the Rotarians will be in for a special treat when Leg Lampkin, will present a "Rotary Safari."

Each Rotarian is urged to bring their wives and other guests for this outstanding multi-continents tour and its pictorial account. Mr. and Mrs. Harold Maurer are the travelers and narrators.

Letter Policy

The Ledger welcomes all letters from the community and other interested citizens. Some restrictions must be made, however, for reasons of space and time.

Letters should be less than 300-350 words, preferably neatly handwritten or typed.

Letters that are malicious, libelous or otherwise damaging without support will not be run. All letters "must" be signed with a name and an address.

If an individual "does not" want his or her name printed for a good reason, the Ledger will print the letter unsigned.

All letters must be in by 4 p.m. Friday for publication the following Tuesday.

Ends Season With A Flair

A special 'welcome' awaited Arnie's softball team and pitcher, Carol Gildes at Fables Restaurant in Big Rapids.

Arnie's ladies softball team had a tough break August 3 when they had to forfeit their first game in the Big Rapids Invitational due to lack of players.

When it came time to play their second game they had found their teammates and were ready to play. It was a closely matched game, but in the end Arnie's found themselves with the loss. This ejected them from further play in the double elimination tournament.

Arnie's ended its season with a flair Monday, August 17. After taking two losses; one to Squires 5-10 on August 5 and the other to Swat Golf 9-8 on August 12, they pounded Parnell 16-5 in five innings. Arnie's finished their Rockford league season with a 5-3.

Again this year, Arnie DeLoof, owner and operator of Arnie's Standard Station sponsored the Lowell community's ladies softball team. He should be applauded for his civic leadership. Arnie's team members give him a very grateful "thanks" for his support.

Fun Day...

Horseback riding and fun in the water were the chief attractions at the Lowell YMCA Fun Day Saturday, August 17. Nearly fifty Lowell area youth enjoyed riding the scenic horse trails in Yankee Springs State Park and swimming and riding the Y Kayaks in YMCA Camp Manitou-Lin's swimming area.

NOTICE OF HEARING ON

Special Assessment Improvement

BY GRATTAN TOWNSHIP BOARD

To the owners of the following described property:

Areas around Causeway Drive, Island Park Murray Lake, Sec. 33, Grattan Township, Kent County, Michigan, beginning at the Y and continuing north around the circle.

Please take notice that the township board of Grattan Township, Kent County, Michigan has tentatively declared its intention to improve public streets and roads serving the above described premises and has tentatively designated the special assessment district against which the cost of said improvement is to be assessed as consisting of all the lands set forth above.

Plans and specifications have been prepared and are on file with the township clerk for public examination at 7146 Lincoln Lake Avenue, Belding, Michigan, by appointment.

The township board will meet on the 7th day of September, 1974, at 2 o'clock p.m., at the township hall, Grattan, Michigan for the purpose of hearing any objections to the petitions to the improvement and to the special assessment district therefore.

More Of The Life Of Dr. Ruth Herrick

CONTINUED FROM LAST WEEK

These excerpts from the life of Dr. Ruth Herrick of Lowell, were written and compiled by O. Joe Olson for the Dolphin News, the official Greenwood, Indiana, publication.

50,000 Patients in 42 Years

Patients call her "Dr. Ruth" with an affection nurtured by a patient-doctor association that spans four generations. Ruth Herrick, M.D., is a skin specialist, a board certified dermatologist.

For 35 years, the 5-foot 1-inch physician had offices in the Medical Arts building in Grand Rapids. When parking became a problem, she moved out of the downtown area, just as other doctors were doing, only she moved farther, 17 miles east to Lowell.

Many thought that patients wouldn't follow her to the "boondocks," but Dr. Herrick's practice grew. She added nearly 6,000 new patients starting in 1961. They came from many surrounding cities. "They enjoy the ride out," said Dr. Herrick.

A graduate of Rush Medical College, Dr. Herrick didn't start out to be a doctor. She worked at Walter Reed hospital in Washington during the first influenza epidemic in 1917-18. She was a laboratory technician. It was while she was helping with autopsies that doctors began to encourage her to go into medicine.

Dr. Herrick selected Grand Rapids for medical practice "because I liked what the doctors were doing there," she said. There were three or four women doctors and two women dentists in Grand Rapids when she came. "We were very congenial," she recalled. "We ate at each other's homes, but we didn't talk medicine."

During her career, she saw many changes including the virtual disappearance of certain diseases because of new treatments. She also saw the rise and decline of the X-ray. At the start, every doctor thought it necessary to get a machine. Later, precautions and limits were adopted.

Early Years in Lowell

When she opened an office at Lowell, several myths sprang up. "They thought my former housekeeper was my daughter and that we were Indians," she laughed. "They even called me 'the little old Indian doctor in Lowell.'"

While Dr. Herrick has a strong interest in Indian lore and archeology, she is "just plain Yankee." She was born in 1895 in Granville, Ohio, and later moved to Chicago with her family.

Her excavating started years ago, at the sites of old Indian villages and burial grounds. Then she progressed to old Indiana glass factory sites. Her favorite became the Greenwood factory that burned in 1903. It was through her book and research that Greenwood, Indiana "got on the map."

When Dr. Herrick retired from the practice of medicine in July 1973, she estimated she had seen more than 50,000 patients in her 42-year career.

Upon being interviewed, she noted especially that the pace of medicine had changed since she began. She said she missed the "gabfests" so common years ago with other doctors. "There's no time for that now."

She was relieved to depart from a regular schedule and happy at the prospect of spending more time on glass collecting and in the private museum she opened in Lowell in 1969. She said she planned to return to "Indian lore—the love of my life."

BIRTHS

Steve and Carol (nee Clemenz) Narin announce the arrival of an 8 lb., 13 oz. daughter, Nicole Marie, born August 22nd at McLaren Hospital in Flint, Mrs. Victor Clemenz of Lowell and Mr. and Mrs. J. B. Narin of Flint are the proud grandparents.

Congratulations to Mr. and Mrs. Clare Carr (and the grandparents, Mr. and Mrs. Fred Carr) on the birth of a son, Jack Allen, who was born Sunday, August 18, at Butterworth Hospital.

The Kitchen Almanac

Bet you didn't know dept. — popcorn contains more food energy than 96 percent of all edible foods... Barbecue Cue: Charcoal should be "ash white" hot before you begin cooking.

Ann Johnson of Chicago sends along her favorite recipe for Blueberry cake. It makes a mighty good dessert and we're happy to pass it along.

Blueberry Cake One package yellow cake mix 1 teaspoon vanilla 1 can (1 lb. 5 oz.) Blueberry Pie Filling 2 eggs, beaten

Using a large mixing bowl, combine all ingredients until well-blended. Pour into a 9 1/2" x 13 1/2" greased cake pan and bake at 350° for 35 minutes or until cake is done when tested. Frosting? Your favorite white!

Staggering Statistics: About three billion pounds of fish and shell fish are caught commercially for food in the U.S. annually.

Love Italian food and watching your weight? Use ricotta cheese in place of cottage cheese and mozzarella cheese in place of processed cheddar when making lasagna. You'll really cut down on calories...

When "washing" fruit — it's a good idea not to let the fruit stand in water. Some lose food value and flavor that way and others get "water soaked."

Perhaps the only thing better than a cup of freshly brewed coffee is a cup of freshly brewed coffee freshly ground. A coffee mill—say KitchenAid researchers—releases the full-bodied flavor of coffee when you want it... Remember, most dark green and deep yellow vegetables excel as inexpensive and dependable sources of vitamin A.

Plan some "freeze it" meals. Cooked turkey or chicken casseroles freeze well. Matter of fact, any type of cooked meat used in combination with vegetables will freeze well. Flaky pastry makes a good topping before freezing.

Walters - Metsker Rites Performed

Wedding vows were exchanged Saturday, August 17 at 7 p.m. candlelight service at East Congregational Church in Grand Rapids, between Julie Beth Walters and Peter L. Metsker. The ceremony was performed by the Reverend Donald Hoffman.

Parents of the couple are Mr. and Mrs. Glenn Walters and Mr. and Mrs. L. S. Metsker both of East Grand Rapids.

For her wedding the bride chose a gown of Quiana jersey with an empire waistline and an attached Watteau sweep train. The slim sleeves reflected its simple lines. She completed her outfit with a matching chiffon hood flowing softly from the back to a chapel train. She carried a bouquet of phalaenopsis orchids, white roses, stephanotis, light blue baby breath and cascading ivy.

Attending her sister as matron of honor was Mrs. Michael Reidy of Eugene, Oregon. Bridesmaids included Ellen Walters, Sue Walter, Mihoko Furuya and Jeanne Metsker, all of East Grand Rapids. The attendants wore multi-colored full length dresses and carried white baskets of multi-colored flowers.

Serving the groom as best man was Bob Dittmar of Grand Rapids. Seating the guests were Steve Walters, George Clark, Al Tolle and Arthur Lewis.

Mr. and Mrs. Victor Leslie presided as master and mistress of ceremonies. Following the ceremony a garden reception was held at the home of the bride's parents.

After a honeymoon trip in Canada the couple will reside on Parnell Road, Ada.

Mrs. Florence Goff Passes In Florida

Mrs. Herold (Florence) Goff passed away Sunday, August 25, in Dade City General Hospital in Florida. She is survived by her husband, Herold; one son, Ken; one daughter, Helen, both of Saranac; two grandsons; and one great-granddaughter. One son, James, preceded her in death in 1949.

Funeral services for Mrs. Goff were held Wednesday at the Morris-Roetman Funeral Home in Saranac.

CANINES MAY BE USED TO DETECT GYPSY MOTH

If a Michigan State University entomologist's idea works, the gypsy moth may find itself "treed" in more ways than one.

Dr. William E. Wallner, extension specialist, is hoping to train two German Shepherds to "sniff out" gypsy moth egg masses, larvae, pupae and living female moths.

"Right now we are working with a theory. First you have to determine if the procedure is feasible then prove that it's workable," Wallner says.

He reasons that if canines can be trained to detect conifer and bomb, they might be able to detect pheromone, a female moth breeding secretion.

Forest Hills' Sno-mobilers Hold 'Family' Picnic

The Forest Hills Sno-Mobile Association held their family picnic, Saturday, August 24, at Townsend Park. There were games for all ages, lots of good food, and the day was topped off with the rematch of the Yamadoos and the Jetcats playing into extra innings of softball with the Jetcats winning 14 to 11. Much fun was had by all with the day ending just before dark.

Marcia Sandy Weds Edward John Knott

Miss Marcia Dee Sandy and Edward John Knott, jr., exchanged their vows of Holy Matrimony Friday evening, August 23. The eight o'clock ceremony was performed at the home of the groom's parents, the Rev. and Mrs. Edward J. Knott, sr., of 1345 Powers, N.W., Grand Rapids.

The bride is the daughter of Mr. and Mrs. Kenneth Sandy of 3611 Hilton Avenue, Lowell. For her wedding, the bride chose an off-white floor-length seersucker gown enhanced with old-fashioned lace on the fitted bodice, on the sleeves and at the hemline of the skirt. A Juliet cap of matching lace secured her elbow-length veil of illusion. The bride's sister, Mrs. Richard Lyon, was the matron of honor. Fred Knott, brother of the groom, was best man. Following a reception, the couple departed for a honeymoon in Northern Michigan. Upon their return, they will make their home in Kentwood.

Some people believe that if you wear a buzzard feather behind your ear, you'll never suffer from rheumatism!

Errors Greatest Cause Of Accidents

All safety devices and tests notwithstanding, by far the greatest cause of accidents in Michigan is driver error.

Of cars equipped with seat belts, only 18.6 percent inspected by state police were being used.

The 15 to 24 age group represents 25.7 percent of the total licensed drivers in Michigan but last year 36.9 percent were involved in all fatal accidents.

Irresponsible attitude, lack of skill, inattention, fatigue, physical impairment, lack of knowledge, and failure to drive defensively are the principal accident-producing factors.

In all fatal accidents where drinking condition was reported last year, alcohol was a factor in accidents 49.1 percent of the time.

These and many other interesting findings highlight the Michigan State Police's 1973 Traffic Accident Facts booklet made public recently.

The 58-page booklet is packed with findings about traffic accidents from all angles—the driver, condition of the car, condition of the highways, location of the highways, type of highways, the number of accidents by months and by days, the economic loss involved and hundreds of other interesting facts.

By the time a person finishes reading the booklet, he or she should know just about everything there is to know about vehicular accidents in Michigan in 1973.

Although 2,213 persons were killed and 169,485 were injured in 350,864 accidents in Michigan in 1973, the figures do not seem overwhelming when measured against the fact that 5.75 million licensed drivers drove an estimated 59 billion miles on Michigan highways and streets last year.

The value of a life—or 2,213 lives—cannot be measured easily, but the economic loss of Michigan traffic accidents last year has been set at an estimated \$730 million.

Other findings in a nutshell include:

One person was killed every 3 hours and 57 minutes and one was injured every 3 minutes and 6 seconds in a traffic accident in Michigan last year. For each person killed, 75.6 were injured.

Excessive speed, or speed too fast for conditions, was indicated in 43.3 percent of all fatal accidents.

Of all fatal accidents, 26.1 percent occurred at intersections.

While 65.2 percent of all accidents occurred in urban areas, 68 percent of all traffic deaths occurred in rural areas.

Objects most frequently struck by vehicles include street lights, utility poles, ditches, embankments, streams and trees. Interestingly enough, 271 traffic accidents last year involved vehicles striking overhead fixed objects.

Not one of the state's 83 counties went through 1973 without a single fatality. Alger county in the upper peninsula recorded only one traffic death. As may be expected, Wayne led in traffic deaths with 415.

BITS O' BUSINESS

American exports of bituminous coal totaled 28 million tons during the first half of this year, up 15.7 percent from the same period in 1973. Japan was our biggest customer, taking 12.2 million tons. Canada was second with 6.3 million. . . . New York had the highest per capita income in 1972 of any metropolitan area—\$6,102. San Francisco was in second place with \$5,879; lowest was Atlanta with \$4,793.

VFW DELEGATES OPPOSE AMNESTY

About 4,000 delegates to the Veterans of Foreign Wars convention here have voted unanimously to oppose amnesty for draft dodgers and deserters—just a day after President Ford told the group he favored leniency on the issue. The convention Tuesday urged that draft dodgers and deserters be "required to stand trial for their crimes . . ."

In Stockholm, meanwhile, Mike Powers of New York, speaking on behalf of 350 American deserters in Sweden, rejected President Ford's suggestion and demanded universal and unconditional amnesty.

BENEFITS FOR MATERNITY LEAVE

Female employees forced to take maternity leave are entitled to unemployment compensation benefits, a federal judge has ruled.

U.S. District Judge Charles Joiner recently declared unlawful the practice of denying benefits under the Michigan Employment Security Act (MESA) to women workers forced off their jobs solely because of mandatory maternity leave policies or similar clauses in their contracts.

CONGRESS VOTES TO END WINTER DAYLIGHT-SAVING

Both the Senate and the House of Representatives have approved legislation to return the U.S. to standard—rather than daylight saving—time.

The 381-to-16 House vote came Monday on a bill to end daylight saving time from October through February.
