1,400 Student Enrollment; 53 Teachers As Forest Hills Schools Open Sept. 5

Forest Hills Schools are about to begin their second year of consolidation, September 5 according to Harold S. Chambers, Superintendent and with fewer problems than were being faced last year. He is optimistic about the future years since the bids for the new High School are scheduled to be let the last of September, and this will

give ample time to complete the classrooms and perhaps the gym, during the year.

All the teachers for this year have been hired—53 in all—with 21 new ones. About 1,400 students will be enrolled besides the 10th, 11th, and 12th grades which will continue in neighboring high schools. Many new people have moved into the district but with the cooperation of the churches and the use of two former one-room schools, the average class load in the elementary grades will be about 29.

A bus schedule and other important information has been sent to all parents. The attendance at the school will be about the same as last year with but few changes, and all parents have been advised of these changes.

Important to All

Children will start to school on Thursday, September 5. They will return home after about 2 hours. There will be school all day beginning Friday. Most schools will operate from 9 a. m. to 3:30 but transportation problems may force some changes. Parents will learn from their respective schools.

Little Leaguers Plan Benefit Game On Labor Day

On Labor Day, Monday, September 2, all four of the Thornapple Valley Little League Teams will engage in a doubleheader starting at 1:30 at the Lions Park.

It is to be a benefit game for eight-year-old Steve Oatis who is recovering from leukemia.

Everyone is invited to come and see two fine games and all contributions will be used to help Steve.

Boy Scout Troop To Meet Sept. 9

Cascade Troop No. 334, Boy Scouts of America, will have the first meeting of the fall on Monday evening, September 9th at 7:00 p. m. in Fellowship Hall of the Cascade Church.

Any boy over eleven years of age is welcome to come to the organizational meeting that evening, and join the troop.

The Explorer Scouts will meet on the same evening, but at 8:00 p. m. at the same place. Any boy who has reached the age of fourteen is eligible to become an Explorer Scout, and is invited to join this group. To be an Explorer, you do not have to be a Boy Scout already.

Snow Church Service Hours to Be Changed

Beginning, Sunday September 1st, the Snow Methodist Church will hold their church services at 10:00 p. m. and Sunday school at 11:00 a. m.

VISITORS FROM MIAMI

Mr. and Mrs. Leon Slater, of Miami, Florida have been visiting their friends and relatives in Cascade the past week. While here they are staying at the home of Mr. and Mrs. Fred Geib of Thornapple River Dr.

GET A CHEST X-RAY

Chest x-rays will be offered to the residents of Ada and vicinity on Tuesday, September 3 at the Ada Hardware, 577 Ada Drive from 9:00 to 11:30 a. m. and at the Cascade Pharmacy, 6859 Cascade Road on the same day between 1:00 and 4:00 p. m. This service will be rendered in

the Christmas Seal X-ray bus of the Kent County Tuberculosis Society and is open to anybody in Kent County. "Everybody must first register inside the store at each location and have a tuberculin skin test" states Blanche H. de Koning, R. N., Executive Secretary of the TB Society.

Two Little Boys Future Citizens

These two little boys, Terry Alan, 11 months old, and his brother Alfred John, 2 years old, are sons of Mr. and Mrs. Alfred Thorington of 3161 Jeanlin Dr., SE, Grand Rapids. They are too young to tell us their dreams and desires but are having a lot of fun together while they are growing up. They especially like to go to visit their grandmother in Mancelona and to go boating with their uncle.

Aside from that their activities are mostly play at home, but who knows, they may develop into great scientists, or some other profession, or industrial giants. That is one of the interesting things we note in children, they grow naturally, go to school, and all the things the others do, and what each will be when they attain their goal is really something to watch with increasing interest.

Governor Williams Asks For Parks Conference

Governor G. Mennen Williams this week asked conservation commissioners to meet with him Tuesday afternoon, September 3, to "discuss parks."

What direction the discussion will take remains to be seen, but state parks are still a red-hot issue.

Director Named in CROP Campaign

Donald Oosterhouse, local attorney with the firm of VanderVeen, Freihofer, Cook and Bryant, at 320 Fulton Street East, has been named director of the 1957 CROP Campaign for Kent County.

In making this announcement, Richard VanderVeen, chairman of the Kent County CROP Association, stated that the 1957 CROP Campaign, which will be conducted during the week beginning September 22, has set a minimum goal of \$4,000 in contributions of farm foodstuffs and cash for overseas relief. The CROP Association is under the sponsorship of the Kent County Council of Churches.

Donald Oosterhouse is a graduate of Christian High School and Calvin College in Grand Rapids and of the University of Michigan Law School in Ann Arbor. He is a veteran of two years' service in the Army, eighteen months of which were spent with the Provost Marshall's Office of the U. S. Army in Germany. He resides with his wife and one child at 45 Mayfield Avenue, N. E., in Grand Rapids.

RESUMING ACTIVITIES, C. W. F. MEETS TUESDAY

The Christian Women's Fellowship of the Cascade Christian Church will resume their monthly meetings, after a two months vacation, on Tuesday, September 3rd. The meeting will be held at the home of Mrs. Roger Wykes, jr., on Thornapple River Drive, with dessert at 1:00 p. m.

Softball Team Goes Into Semi-Finals

The Softball Team of the Cascade Christian Church is now going into the semi-finals of the Tournament.

On Wednesday, August 28th at 6:45 p. m. they played the Grandville Ave. Christian Reformed Church Team. The game was played at the Christian Youth Center on 28th Street.

State Police Plan To Reduce Toll Over Labor Day

The target of the Michigan State Police over the Labor day week end will be to reduce the toll of one highway death every three hours, which has been the average of Labor day week ends the last five years.

The accident record is computed from 6 p. m. Friday to midnight Monday, a period of 78 hours. Because the Labor day holiday is the last long holiday week end of the summer, the troopers are bracing for an unusually heavy flow of traffic, which will be increased by a number of vacationers returning from summer camps so that children may re-enter school.

Although encouraged by the fact that highway fatalities in the state are substantially below the number that occurred up to the same date in 1956, there will be no relaxation in enforcement efforts. Again an intensified patrol will be in effect from noon Friday, August 30, to midnight Monday, September 2.

All pass days have been cancelled and more than a thousand state police officers will be on duty. Traffic patrols will work 10 hour shifts, assisted by 134 National Guardsmen. Sheriffs have been assigned 116 Guardsmen.

The state police will use marked, semi-marked and unmarked cars, including the plain cars of detectives who will be on desk duty to relieve uniform men for patrol. The department's two planes will be aloft for aerial traffic observation and congestion control.

Last year 24 were killed over the Labor day week end. The high was in 1952 and 1953, when 22 met death each year. The low was in 1951, with 14 fatalities.

"Although our death total is down this year, the Labor day week end will be a test as to just how great the improvement in driving has been," said Commissioner Joseph A. Childs. "And we'd like to remind drivers that they can be safe by being courteous and following the rules of the road. They shouldn't make the last days of summer the last days for themselves."

KENT HIGHWAY JOB GETS SPOT ON FILM

Road building by the Kent county road commission will have a bit part in a 30-minute motion picture on modern highway construction being filmed by an independent firm of Hollywood, Calif.

Leonard E. Kaufman, road commission secretary said the blacktop surfacing project by the road commission on Veterans Memorial dr., SW., was filmed, and the picture will be shown to luncheon clubs

It took Washington and the members of the Constitutional Convention 96 days to frame the Constitution.

Burglary Suspect Fails to Appear

On Monday, August 26th, John E. Miller, 34, of Mundelein, Ill., was to appear for trial in Circuit Court before Judge Dale Souter, but he failed to put in an appearance. Miller and his companion, Patrick J. Dwyer, 35 of Mt. Prospect, Illinois, were charged with the attempted burglary of the Ace Plating Co. owned and operated by William Lester Johnson and sons, Fay and Bill, on the evening of April 27th.

They were taken into custody that night and Dwyer pleaded guilty and is out on \$10,000 bond, pending sentence. Miller pleaded not guilty and asked for trial. Assistant Prosecutor Richard Loughrin asked that Miller's bond of \$10,000 be estreated. The bond was furnished by the Allegheny Mutual Casualty Co. of Detroit, a bonding firm, who have 10 days in which to produce Miller or forfeit the bonds. A bench warrant was issued for Miller's arrest.

Exchange Student Begins Trip Home

Joan Bishop, Lowell's exchange student who is in Remscheid, Germany this summer will be returning home in a couple of weeks.

On August 25, she spent the last with her German family, Mr. and Mrs. Busch and sister and brother; and for three days in Bremen with the rest of the students in Germany. She will sail to Rotterdam and they expect to start home the 31st and arrive in Quebec, September 9th.

During her trip, Joan visited Dusseldorf, Koln, Bonn, Recklinghausen, Aachen, and also Hamburg, where she met Elke. She went to some of the important cities in Holland and Brussels, Belgium with her family.

Joan tells us about her family. "My German father has an exporting business. My mother's parents live in the same house with us and are a sweet couple. Our house in Remscheid is an average home in the city and my father's business is in a building right behind the house. We have a little back yard and my Oma (grandmother) has a few chickens. Behind our house are some large apartment houses.

"All of the cities have such beautiful buildings and are so different. Germany is really a beautiful country and everyone has been so nice to me that I know I shall always remember every moment of this wonderful summer."

From Joan's comments we can see that this A.F.S. program is a tremendous success. What better opportunity do we have for promoting good friendship and understanding between nations?

Supervisors Bid Early For Board Chairmanship

With the April meeting—when a chairman of the Kent county board of supervisors is chosen—still months away, at least three candidates for the position already have begun campaigning.

Three supervisors who have advanced their names in hopes of gathering support from fellow board members are Gerrit Baker of Cascade township; Al VanderLaan of Caledonia township, and Fred M. Pattison of Bowne township.

"He thinks he owns the world and has a fence around it" was spoken at my house of a young veteran of the wars who got married at twenty.

BENEFIT GAME IS HUGE SUCCESS

The Dickie DeBryant benefit game played by the Ada All Stars and the Red Rockets was a huge success. The boys on the team all wish to thank the folks for coming out and showing them that you are solidly behind them in this most worthy venture. It was a most interesting and exciting game, the score being Ada All Stars 9, Ada Rockets 12. The boys played a very good game.

ATTENTION— FOOTBALL PLAYERS

August 27 at 7 p. m. physical examinations will be given at the Collins school. Football equipment will be issued to the ninth Graders at this time.

The Forest Hill Boosters have installed showers in the basement of the Collins school.

A practice field to the south of the school is in readiness for all football players.

FAREWELL TO SUMMERS

The members of Vesta Chapter, Order of the Eastern Stars had a potluck dinner to bid farewell to the Summers, Orville, Erma and children, Larry, Judy and Gregg.

The past Matrons presented Erma with a gift, and also a beautiful gift was presented to her by the chapter. Forty friends were present to bid them farewell. We will all be missing them. Be sure to come back and see us, won't you?

In the absences of the Worthy Matron, Barbara Coger, Ruth Bates and Anne Hayes acted as hostesses.

OBITUARY

Mary Ellen Lincoln

Ada has lost two of her older citizens in the death during the past few days. Funeral services were held for Mary Ellen Lincoln, age 70, of Ada, formerly of Grand Rapids, Tuesday afternoon at 1:30 p. m. at the Arsulowicz Funeral Chapel, Rev. Ralph White, officiating. NEW JERSEY CALLING

The Don Stites of Grand River dr., traveled to New Jersey to visit their daughter and son-in-law, Mr. and Mrs. Robert Tusch.

They visited many places of interest, a day in New York sounds wonderful, a visit to Beacon Beach, Radio City Music Hall and a sight that is always beautiful to see at any time of the year, for it is constantly changing. Niagara Falls. Then too, a trip to the Seaport, to see the beautiful Ocean Liner, the Queen Mary.

A wonderful and interesting time was had, however, the lights of home were good to see.

Senator Potter reports

... the latest news from Washington of special interest to Michigan ...

Chills and Fever, with pains in head, back and legs, are the first signs of Asiatic flu. Raging across Africa, the Middle East and South America, epidemics have prostrated millions and by the first of June flu was seeping through windowcracks and doorsills of the United States. The Asiatic type is not too severe but the Public Health Service believes many unrecognized cases are occurring here. Authorities are battening down the hatches, readying a new simple,

fast test to identify flu viruses, and releasing first shipments of preventative vaccine. In the absence of such protection, experts say 17 to 34 million Americans could come down with Asiatic flu this fall.

Priority for Michigan on vaccine is my goal. I've written Surgeon General Leroy Burney, reminding him that our densely populated industrial centers constitute real danger areas for spread of infection. Michigan's key transportation position and her port-studded coastline

provide natural entry-points for the disease. I've also offered to assist PHS in publicizing the immunization drive through my radio and television reports, carried over virtually every Michigan station.

Michigan's Fairest flew into Washington last week to thump tubs for the home state. Blonde, blue-eyed Valerie Joy Strong of Traverse City, sponsored by the Greater Muskegon Junior Chamber of Commerce, charmed official Washington from Vice President down. She was chaperoned by another beauty, Capital Airlines hostess Sandra Buhl of Belleville. The girls helped me present the first "Passport to Pleasure in Michigan's Water Wonderland" to Vice President Nixon. The "passport", which I've sent to every Senator and Cabinet member, carries about thirty dollars' worth of complimentary trips, tours, meals and other Michigan attractions and even includes use of a new car while in the State. With adjournment almost here, I expect the passports, developed by our alert tourist as-

sociations, to lure quite a few officials into Michigan for vacations, or at least encourage them to make our State a stopping-off point.

Forty Million of us who own television sets have invested our money on the assumption that we could settle down in our living rooms and dial programs without further charge except an occasional payment to the TV serviceman. Now come the "toll TV" boys, wanting to make slot machines out of our sets. On the Senate floor last week, I pointed out the dangers: "Pay TV" would enable a few sharpies to clean up financially by using broadcasting channels—a resource belonging to all the people. I'm opposed to it. I can foresee the day when political conventions, inaugurations and great sports events will be denied those without the price of "admission" to their own TV sets. It will be sad indeed when a citizen has to drop money in a slot to see and

get to know candidates for public office.

Pequaming is Indian for "wooded peninsula", but the village was laid out in 1879 by an Englishman, Charles Hebard, who patterned it after the suburban villages of his native country. The Hebard, father and son, operated a sawmill and erected the Union Church Building so that they could attend services with their mill hands.

Best wishes,
CHARLES E. POTTER,
U. S. Senator

Take it Easy, Traveler!

When vacationing this summer, don't try to pack too many miles into each day's travel. Fun, not mileage should be the goal of a vacation, says Clare Gunn, Michigan State University tourist and resort extension specialist. If the number of miles you cover is the important part of your trip, tension and short tempers are liable to be the result.

Belding Centennial Begins Friday

A Centennial, that momentous event that signifies a hundredth birthday, is truly a "once in a lifetime" experience.

This Ionia county community, once known as the Silk Center of the world, has an illustrious past, all of which will be unfolded before the very eyes of Centennial-goers during three performances of the Centennial Pageant, the highlight event in Belding's Centennial celebration, and the 52nd Annual Homecoming.

According to Centennial program chairman Gilbert Sutphen, Friday, August 30 will be designated as Old Timers' Day. Festivities will begin at 10 a. m. when the Old Timers will be invited to register at the city hall starting at 10 o'clock and continuing until noon. Coffee and donuts will be served free during that time.

The official opening of the program will be at 2 p. m. on Friday with opening exercises in front of the city hall. The exercises will include the flag raising by Belding Boy Scouts, an invocation by a local minister, and an address of welcome by Mayor Merritt Bryant. Following will be the presentation of Centennial farm plaques and certificates, the burial of a time capsule, a Centennial fashion review, and judging of the beard contest. In the evening a balloon ascension, street dancing and the Centennial pageant.

Saturday has been designated as Kiddies Day, according to Centennial Chairman Ray Young. The youngsters, led by TV cowboy star Buck Barry, will parade at 2 p. m., with Buck putting on a free show at the end of the parade. The Belding Rookie Leaguers will meet the Ionia Little Leaguers in an all star game at Demorest field after the parade. The evening's entertainment will include the pageant, and a Centennial Ball, in the high school gym at 9 p. m.

Sunday's program will be under the sponsorship of the Ministerial Association with open houses being scheduled in all the churches during the morning and afternoon, and a union service to be held on the Centennial stage at the athletic field at 8 p. m. Featured speakers at the union services will be George Bennard, author of the famous hymn, "The Old Rugged Cross", and Rev. Warner Cole, pastor of the Covenant Baptist

church in Detroit. Another Sunday feature will be a canoe race, with teams starting at Greenville at 2 p. m. and racing down Flat river to Belding on a time basis.

Monday constitutes the Labor Day celebration, with the annual parade, beginning at 10 a. m. Featured in the parade will be about 40 antique cars, several bands, floats featuring the Michigan Dairy Princess and Miss Jean of the Romper Room television show, and other attractions. A tractor pull will be held in the afternoon and the Gooding Amusement Company will provide the midway attractions. The final performance of the Centennial Pageant will begin at 8 p. m. at the athletic field.

During the four day celebration, there will be numerous other events which will keep the celebration interesting.

Several exhibitions will be offered free of charge including industrial and art exhibitions, and Palmer's Oxen will be roaming the streets to add an antiquated air.

The city of Belding welcomes you to dress up in your Centennial finery and rub elbows with 5,000 Beldingites who are proud of their 100-year history.

Many celebrities will be there to welcome you, including U. S. Representative Alvin M. Bentley, who will crown Miss Rosemary Shindorf, Belding's Centennial Queen; State Treasurer Sanford A. Brown; and a number of others.

Housing for Married Couples Started at MSU

Contracts have been let for construction of 800 new apartments in the married housing project on the western edge of the Michigan State University campus.

Completion of the 800 units will bring to 1,940 the number of apartment units constructed by the university for use by married students. There will be 2,500 such units when the project is finally completed.

LAST RITES MONDAY FOR HARRY E. HERRICK, 61

Funeral services were held Monday afternoon at the Cross-Miller Funeral Home in Caledonia for Harry E. Herrick, 61, who passed away Friday morning at his home in that village.

Surviving are his mother, Mrs. Sophia Herrick and three sisters, Mrs. Norman Swainton and Mrs. Wilfred Belanger, both of Grand Rapids; and Miss Irene at home.

Cherry Producers Progress Lauded

Directors of Great Lakes Cherry Producer Marketing co-operative of Traverse City, Friday called their first season a "successful one" which saw the group's membership increase to 1,700 growers.

Directors of the five-state cherry bargaining group met recently in Grand Rapids to review progress made this year and to map plans for continued growth of the groups. A September 9 meeting has been planned for the start of an extensive membership drive.

Expect 60 Out For 1957 Football

Forty-five Juniors and Seniors will report for their physical examinations to Lowell doctors this week, coach Jack Howe reported, the football team will begin practice on Monday, Sept. 2 with sessions at 8 a. m. and at 4 p. m.

Nineteen lettermen are returning among them several boys that made great improvement during 1956 season. There are some good Sophomores coming up the coach reported and with this potential a fine team.

Last year's team, Jack Howe's first varsity team, made a slow start losing the first three games then came back to win 5 and tie one in the last six games.

The opening game will be on Friday, September 20 when Lowell will meet Ionia here at Recreation Park.

Traffic Safety Subject of New College Publication

The Highway Traffic Safety Center of Michigan State University this month has begun publication of a newsletter to be known as the M.S.U. Center Letter.

The four-page newsletter, to be issued 10 times a year, is designed as a service publication for all those having an interest or responsibility in Michigan's traffic safety.

It will provide continuing information on Center activities, short courses and conferences, as well as a catalog of educational aids and materials available for safety programs.

The Center Letter is available free to Michigan officials and others in traffic safety work. Requests should be mailed to the Highway Traffic Safety Center, Michigan State University, East Lansing.

LOWELL HIGH SCHOOL Opens Tuesday, September 3

All grade pupils and high school students who ride the buses should report at 1:00 P. M. All Others at 2:00 P. M.

The Lowell Board of Education invites pupils of the surrounding territory who have an eighth grade diploma to attend Lowell High School. Those who will enroll in the high school for the first time and those who wish to make changes in their schedules are urged to do so on Friday, August 30 or Saturday, August 31. The office will be open on Friday night, August 30 for those who cannot come during the day.

The Lowell High School is accredited by the University of Michigan and the North Central Association for the maximum periods—the highest recognition given to any high school in Michigan.

REQUIREMENTS FOR GRADUATION

- Two years of Physical Education will be required. Senior Band 9th or 10th grades, may count as a year of Physical Education. Athletics also counts as Physical Education credit.
- All subjects in capitals are required. A course in Algebra or Business Mathematics is required.
- Sixteen credits are required; a credit is given for the successful completion of one subject for one year. Not more than 2 credits in music, or 2 credits in shop will be allowed towards graduation, that is, not more will be counted as part of the 16 credits.
- No credit for academic courses is given unless courses are completed in a satisfactory manner. Any one year subject is a unit course. Two years of a foreign language is a unit course. Students who expect credit in shorthand must also secure credit in type-writing.

SUGGESTIONS TO STUDENTS IN ELECTING COURSES

- We believe that the purpose of the high school is two-fold: (1) to offer something of interest to those who will not complete the four years of work and for those who will not continue their education upon graduation, and (2) to act as a college preparatory school. Students and parents should plan courses accordingly.
- No student can take more than four subjects without permission.
- All elections are subject to the approval of the superintendent or principal.
- Students should elect their subjects according to the number of years they have been in high school.
- Students who are not enrolled in the commercial course may take a subject in this course if the class is not too large.
- It is recommended that students who have completed one year of Algebra should complete one year of Geometry. Those who plan to take Chemistry or Physics should take Algebra and Geometry.
- It is recommended that all boys take at least one year of shop and girls at least one year of home economics.
- All students who plan on attending college should complete four years of English.
- Those interested in Engineering should plan to complete the following credits: English 3 or more, laboratory science 2 or more and all mathematics. (Language recommended). Three majors and one minor are desirable.
- Those interested in nursing should plan to complete the following credits: English 3 or more, laboratory science 2 or more. Type-writing is desirable. (Language recommended).
- Those interested in medicine or dentistry should plan to complete 2 years of Latin, 2 years of another foreign language, Chemistry, Physics and Biology.
- Students who plan to enter college should attempt to determine just what courses they will pursue at college and they should learn just what the college will demand of them for entrance.

COLLEGE ENTRANCE REQUIREMENTS

Many colleges require sixteen credits including two major and two minor sequences for entrance and at least a "C" average*. A major sequence consists of three credits in any one academic field, and a minor sequence consists of two credits in any one academic field. Only the following subjects count as sequences:

Academic Field	9th Gr.	10th Gr.	11th Gr.	12th Gr.
English	English	English	English	English
Mathematics	Algebra	Geometry	Alg. 3 Geo. 3	Trig. Physics
Social Science		Eur. Hist.	U. S. Hist.	*Economics Government
Science		Biology	Chemistry	Physics
Language**	Latin	Latin	French	French

* Some colleges will accept credits in World Geography, Social Problems or World Civics as part of the sequence.

**Some colleges will accept only one language sequence.

**Some colleges no longer demand the sequences, but insist on certain academic courses and better than average grades.

A 'Sauna' Bath for Every Six Finns

One of the most quaint European traditions is the Finnish "Sauna" bath. Finland is said to have over 500,000 private Saunas and there are about one for every six Finns. Practically every house has some form of it in the backyard or on the shore of one of their 100,000 lakes. This tradition, no doubt, makes the Finns the cleanest people in Europe.

Although there are many different kinds, most Saunas have a stove which heats a large number of rocks and also water; non-finished wooden walls which quickly absorb steam; and searol rocks that ascend toward the ceiling and are used to sit or lie upon.

The first one we tried, we expected to be our last. As the attendants threw water on the red hot stones, the temperature rose to 180 degrees. It is difficult to breathe, but as soon as one becomes accustomed to the heat, breathing is easy. After sitting for 10 to 15 minutes, a birch whisk is handed to the bather and he proceeds to switch himself; a complete sud-sing follows the switching. After rinsing, we stepped out to swim for a few minutes and then the whole process is repeated.

Some Saunas are heated to 230 and 250 degrees. From this unbearable heat, many a Finn will plunge into city water or rub snow over his body experiencing an environmental change of nearly 200 degrees. Although the obvious result of this would seemingly be lowered resistance, the Finns claim this builds up their resistance to colds.

We heartily agree that this has a vigorous and refreshing physical effect coupled with a complete mental relaxation. It is for this reason that the Sauna has remained an unchanged tradition in Finland for 1,000 to 2,000 years.

We are very impressed with the friendliness of the Scandinavians in Helsinki, Stockholm and Copenhagen. Their standard of living is quite high and they are satisfied with their democratic-socialistic government. Communism is highest in Finland—about 10 to 14 percent, and thanks to some of the land-grabbing tactics of Russia, the Finns will never be Communist. Inside them burns a fierce patriotism and spirit of independence. Their Political neutrality now is expediency; it is best not to jab a sleeping bear if you must lie next to his cage.

We have just finished eating in a Danish Cafe. The Danes serve everything from a single large tray. After finishing our salad, we noticed a waitress staring at our salad plate; we must say that the Danish ash tray closely resembles a salad plate.

Easy to Plan Picnics With Nutritional Foods Plus Old Standbys

Everyone loves a picnic—somehow food seems to taste so much better when you eat it outside! But, remember, that even a picnic should meet the food needs of your family.

It's so easy to pack up hotdogs, buns, potato chips, pickles, frosted cake and cokes and head for the local park. But you'd be surprised how the nutritional value of your meal goes up if you add some vegetables like carrots and celery sticks; and if you use milk or fruit juice for a beverage.

You have planned your outdoor meal well if it is well balanced, is suited to the available cooking facilities, easy to pack and carry and easy to clean up afterwards. It will be well balanced if it has a protein food as the main dish meat, fish, cheese, eggs or baked beans and if it includes fresh fruits or vegetables, a breadstuff, a beverage and a simple dessert.

Michigan Bell Service Rate Change Announced

The rate for two and four party residence telephone service at Lowell will go up ten cents a month under last week's order by the Public Service Commission, it was announced today by Kenneth L. McKee, manager here for the Michigan Bell Telephone Company. Business service and one-party residence service rates will remain unchanged, he added.

"Even with this increase, rate changes since 1940 have raised our revenues only 31 per cent. During the same period, the prices of other goods and services have almost doubled and our own costs of providing service for each telephone have also nearly doubled," he said.
