Orville B. Snow Candidate For Twp. Supervisor

The first contest in recent history of Cascade township for the office of Township Supervisor is in the making this year as Orville B. Snow, 2551 Cascade Springs Drive, SE, announced that he will be a candidate to oppose veteran Supervisor Gerrit Baker, who has served the past 17 years.

Mr. Snow, District Manager of Scott Paper Company, a widower with two daughters, Sandra, 20, in college, and Karen, 17, a senior at Lowell High School, is well known for his activities in worthy causes of this area. He has headed the Community Chest Drive, Red Cross, Boy Scouts, Lions Club and trade associations.

Gerrit Baker, Real Estate and Insurance broker, has served in township offices for the past 30 years. He has been supervisor 17 years—before that clerk, treasurer, and justice of peace.

Petitions by Dec. 29

Candidates for offices in Cascade township office must file petitions with the clerk by 4 p. m. Monday, December 29, to have their name on the primary ballot. Petitions are available from the township clerk, Martin VanderVeen or the county clerk's office.

Christmas Eve and Christmas Services

St. Roberts Catholic Church

There will be a midnight mass at St. Robert's Catholic Church at Ada on Christmas Eve, December 24, beginning at 11:30 p. m.

Ada Christian Reformed Church

The Ada Christian Reformed Church will hold their Christmas worship service on Christmas morning at 9:30 a. m. The Sunday School will present its annual program immediately following the worship service.

Cascade Christian Church

The Cascade Christian Church will hold two Christmas Eve worship services. The first will be at 7:30 p. m., and the second at 11 p. m. Everyone in the community is invited to attend either or both of these services.

First Congregational Church of Ada

Special Christmas services will be held at the First Congregational Church at Ada on Sunday, December 21, at 9:30 a. m. There will be a special program of music given by the choir, and Dr. White will present a Christmas meditation.

Eastmont Reformed Church

The Eastmont Reformed church will hold a worship service on Christmas morning at 10 a. m. All in the community who have no church home are invited to worship with the Eastmont congregation.

Forest Hills Rangers Seek First Win In Game With Marne Friday Night

Forest Hills Basketball team are pictured here before their first game last week, left to right, back row: Mike Ruffin, Mgr., Tommy Ray, Fred Keller, Nick Duiven, Bill Crawford, Roger Grimes, Dave Atkinson, Mike Reed, Jerry Flynn, Tom Patterson, Ferris Post, Coach. First row: Harold Bailey, Dick Pauuwe, Louis Schub, Jerry Boomers, Phil Pryor, Eddie Robinson, Dick Schroeder.

After dropping two close games last week to Hudsonville and Kelloggsville, the Rangers may be after their first win on Friday, December 19, when they entertain Marne. This marks the last game for the Rangers until after the Christmas holidays, when they travel to Caledonia on January 13.

Coach Ferris Post has juggled his starting lineup in an effort to gain a better scoring punch.

Hudsonville 42-Forest Hills 39

In the Hudsonville contest the Rangers battled to a slim 17 to 16 lead at the half way point, due mainly to the outcourt shooting of Jerry Boomers. Falling behind 29 to 27 at the end of the third quarter the Rangers tied the score at 39 all, with one minute left to play.

who scored 9 points.

Boomers led the Rangers with 12 points, followed by Roger Grimes

Kelloggsville 39-Forest Hills 28

With Kelloggsville the Rangers moved to a 10 to 4 lead at the end of the first stanza and held on to a slim 16-13 advantage at half time. Kelloggsville rallied and tied the score at 23 all at the ¾ mark. The fourth period was nip and tuck until the Rangers lost two regulars, Roger Grimes and Fred Keller via the fault route. Jerry Boomers and Nick Duiven paced the Rangers with six points each.

Freshmen Win Two

Coach Jerry Dangl's freshman team opened their season with two victories, beating Hudsonville 39-19 and edging Kelloggsville 21-19.

In its opener the Freshmen had little trouble in downing Hudsonville. Dennis Graham and Bob Hughes led the Rangers with 11 and 10 points respectively.

Against Kelloggsville, the Freshmen came from behind to notch their second straight victory.

Trailing 6-4 at the end of the 1st quarter, Forest Hills had a slim 13-12 lead at the half. They maintained a slight 3 point advantage at the end of the third quarter and held on for a 21-19 win. Don Stites led the winners with seven points.

Forest Hills School Christmas Assembly

The Forest Hills High School will hold a Christmas Assembly in the gymnasium at 10:30 a. m. on Tuesday, December 23.

The assembly is under the direction of a student, Miss Connie Simons, and the music is under the direction of Carroll MacInness.

ST. ROBERT'S GRADE SCHOOL CATECHISM GROUP

The Grade School Catechism group of St. Robert's will receive Communion on Saturday, December 20 at 7:45 a. m. Mass, after which they will be served breakfast in the basement.

Santa Claus will present each child with a gift.

ADA CHRISTIAN SCHOOL CLOSED FOR HOLIDAYS

The Ada Christian School will be closed at noon on Tuesday, December 23, after each room has their individual parties. School will reconvene on January 5.

CUB PACK NO. 2334 TO MEET DECEMBER 19

The Cascade Cub Pack No. 2334 will hold their Cub Meeting at the Fellowship Hall on Friday, December 19, at 7:30 p. m.

Children's Movie At Ada Town Hall

The Civil Defense will sponsor a movie on Saturday, December 20, at the Ada Town Hall at 2 p. m.

The movie will be a Stan Laurel and Oliver Hardy comedy, called "Bonnie Scotland." There will also be two cartoons shown.

The price is 20 cents and popcorn will be sold.

Class In Electronics Underway at Honey Creek

Roger Vogelsang, Honey Creek resident, has informed us that approximately seven children are interested in electronics and aircraft parts and that they will hold their classes at the Honey Creek school on Thursday evenings, from 7 to 9 p. m.

This class, started by the request of several interested persons, is open to all boys and girls from twelve and up. There is no fee charged for joining, but this project is being offered as a service to the community.

Several subjects will be under discussion and studied. If anyone in the community is interested, you may contact Mr. Vogelsang by calling OR 6-4277 after 6 p. m.

The average check-up runs into a hold-up, it seems.

Kindergarten Children at Martin See Model Safetytown in Forest Hills

First to view the model safety town has been Martin School Kindergarteners who have been given the opportunity to learn traffic safety with their own traffic signals and street models. This display was built by Carl Behnke, Grand Rapids Insurance man, who assist in teaching safety.

The intersection, complete with model cars, policemen, pedestrians, buildings and street islands, can be used to demonstrate how traffic moves, what the lights mean, how and when to cross the streets at intersections and other basic safety information.

Martin school kindergarten who have had the model to use said, "We enjoyed your town very much, Mr. Behnke, and want to thank you for lending it to us. We think you have helped us. We wonder if you would like to name your town either 'Safetyville' or 'Safetytown'." Signed The Afternoon Kindergarten, Martin School.

Behnke is particularly interested in having a duplicate model made by manual training classes of schools to present as a permanent tool in the education of kindergarten children in each school. This has been done he said in many of the schools that the display has visited.

This week the display is at the Cascade School and will circulate through the Forest Hills schools until all the beginning classes have seen it.

Murphy School Yule Program

The Murphy School will hold their Christmas program on Friday evening, December 19, at 8 p. m.

The program will open with carol singing by the children and the community, accompanied by Mrs. Lenore Rose at the piano, and directed by Robert Lee.

Mrs. George Woodall's room will present a Christmas scene from Holland, and Mrs. Teunis' room will present a Spanish scene.

The last portion of the program will be the Bethlehem scene, with the children singing "Away in a Manger" and "Silent Night."

Refreshments will be served by the Community Club.

HOLD CHRISTMAS PROGRAM AT THE ADA SCHOOL

The Ada school will have their Christmas program at the school on Tuesday morning, December 23, at 9:30 a. m. The parents are invited to attend.

The P. T. A. is furnishing a treat for the children. Mrs. Marie Somerville, Mrs. Don DeVos, and Mrs. Robert Bushouse have charge of the treats.

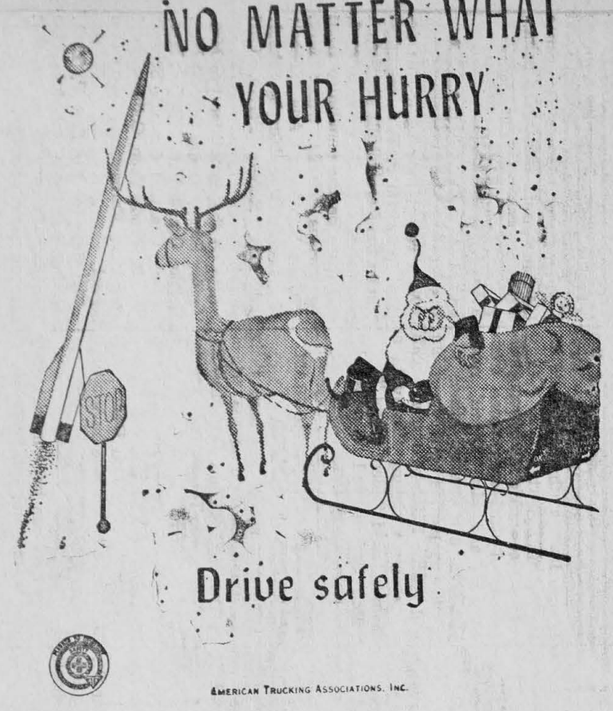
A person can have more money than brains, and still be broke.

Forest Hills P.T.A. Organized

At a recent meeting it was decided to form a P. T. A. organization in the Forest Hills district. A nominating committee was formed, and those on the committee from the various schools were: Mrs. William VanStrein, Ada School; Mrs. Lenore Rose, Murphy School; and Mrs. Robert Perrin, Carl School.

Also on the committee are Mrs. Vander Stoep, Knapp School; Mrs. Meinke, Orchard View School; Mrs. R. Dale Charters, Cascade School; Mrs. R. VanderVeen, Collins School and Mrs. Farnsworth, Martin School.

The date for the first P. T. A. meeting has been scheduled for Thursday, January 29, so put that date on your calendar.



The peaceful setting of "A Visit from St. Nicholas" is not duplicated outside of the home on our streets and highways, according to J. Robert Cooper, president of the Michigan Trucking Association.

Speaking in connection with the state trucking industry's December safety campaign, "Holiday Hazards," Cooper warned both drivers and pedestrians that the number of traffic deaths per hour is twice as great between 6 p. m. and midnight on Christmas Eve than it is during the next 24 hours.

"That this should happen in a period dedicated to 'Peace on Earth, Good Will to Men' is indeed ironic," Cooper declared. "Most of it is caused by two things—people in a hurry and people staggering. Investigation has shown that, during the last Christmas holiday, excessive speed was a factor in 72 percent of the fatal accidents. Drinking drivers were involved in 55 percent of the fatal accidents.

"Take it easy this Christmas," Cooper urged. "When you go to that Christmas party, take it easy at the punch bowl. Even one drink can adversely affect your ability to drive safely. Each additional drink increases your chances of being involved in an accident.

"Be sure you leave in time to go home at a safe pace, making allowances for traffic conditions, and the conditions of weather, road, your car, and, most important of all, your own condition," he concluded.

Experts Reveal How to Silence Squeaky Floors

Repeal put an end to the "speakeasy," but the squeakeasy" is still irritatingly around.

So, if easily squeaking wooden floors are robbing you of snoozetime this winter, there may be a non-medical cure for your insomnia because squeaky floors can be silenced, says a University of Michigan wood technologist.

Prof. Stephen B. Preston, chairman of the Department of Wood Technology, U-M School of Natural Resources, admits that he too, has fought the battle of squeaky floors. He explains:

"Wooden floors, even those with good finishes, are constantly picking up and losing moisture in the atmosphere."

Nails hold the floor tightly to the joists during the summer because of swelling pressure of the wood against its fastenings, says Preston. "As the wood dries in winter, however, the pressure is released and the floor becomes free to move slightly when it is stepped upon," he adds.

Cracks in hardwood flooring also appear in winter because of contraction and add their share to creaking and squeaking, Preston says. "These problems are especially noticeable in new homes which are exposed to furnace heat for the first time."

Professor Preston has handled the problem in his own home and suggests: "Proper nailing at the time the house is built will help minimize squeaky floors. Nails with grooved shanks are much more effective than others because they anchor the wood more securely."

Secondly, he suggests the use of dry lumber for the sub-flooring, joists and hardwood flooring. "If you're building your own home, ask your lumber dealer for dry wood. Most lumber yards now have moisture meters which indicate the wood's dryness. If you're having your house built, ask the builder to use dry lumber. Of course, lumber should be stored in a dry place at the building site."

If squeaks should develop however, Preston advises that the floors be re-anchored. There are two ways of doing it:

1. Go below the floor and drive a screw up through the corner of the joist, or

2. Nail or screw through flooring at the joist from the top and then fill the hole with plastic wood filler.

New Control For Problem of Apple Scab

A new fungicide which promises to take some of the critical timing worry out of apple scab control has been developed by American Cyanamid Company. It will be introduced to the trade under the brand name Cyprex (dodecylguanidine acetate) and will be available to growers in the major fruit areas early in 1959.

Cyprex was formerly known under the experimental number E. F. 5223 and underwent three years of field testing by leading plant pathologists in federal and state experimental stations. Those directly involved with the field testsing have acclaimed Cyprex as approaching the ideal apple fungicide.

Apple scab is one of the greatest problems to fruit growers, and it is against this disease that Cyprex has been most widely tested. Under the most severe scab conditions (high moisture and mild temperatures) the new fungicide has given near-perfect control, outperforming both standard and experimental materials by substantial margins.

THINGS TO COME

Got the itch? A new itch-relieving drug, taken orally, is available on prescription only.

Pyroceram, first devised for use in missile nose cones, is being introduced in cooking utensils; it's said to be lighter than aluminum and sturdier than plate glass.

A permanently rechargeable flashlight weighing three ounces and small enough to fit the palm of the hand is now on the market.

Rare Young Bird

One of the more rare and impressive birds in Michigan is the bald eagle. This youngster was captured on film in a nest in northern Michigan. Estimates indicate there are some 50-100 breeding pairs of bald eagles in the state. Like hawks and owls, all eagles are protected from hunting.

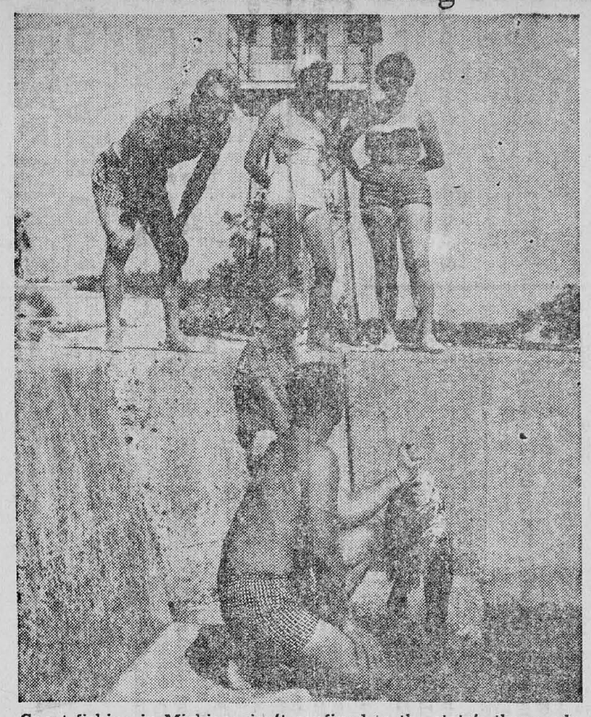
Great Lakes Fishing



Sport fishing in Michigan isn't confined to the state's thousands of lakes and streams; in fact, countless residents and tourists do all their angling in the Great Lakes. This proud fisherman displays a string of lake sheepshead, caught off a pier on Lake Michigan.

Michigan Soldiers' Nights Brightened During Civil War; Letters Disclose

Two "night scenes" from Civil War letters in The University of Michigan Historical Collections afford such vivid pictures of a soldier's life they could well be painted in oils.

One scene is illuminated by lightning, the other by firelight.

Frederick N. Field, Company A, First Michigan Cavalry, Grand Rapids, wrote to his brother on July 24, 1862 from Camp Johnson, Virginia: "We were ordered to march from Culpepper to Orange Courthouse, a distance of 22 miles. We started about 3 p. m., marched until dark and halted at Rappadan Station overnight.

"It rained a perfect torrent all the way and continued so for the greater part of the night. Such a perfect deluge of rain I never saw in my life. The road was a running stream, in many places a foot deep, and in other places the way was almost impassable for the mud.

"It had been our intention to go right on to Orange Courthouse that night but owing to the rain having swelled the Rappadan River to almost double its usual depth it was thought best to wait until morning in hopes that by that time the stream would have lowered somewhat. It was necessary to swim the river to cross, the Rebels having destroyed the bridge.

"So we went down into a wheat field, and each man selected a wheat shock and sat down on it to pass the night in gloomy solitude, dripping from head to foot. Some occupied themselves with pulling off their boots and pouring out the water while others were so overcome with fatigue and from being up for two or three nights previous, that they would fall sound asleep for from five to ten minutes.

"Then they would be awakened by a crash of thunder which would shake the ground like an earthquake and cause the horses (accustomed though they are to firing) to give a start and jerk the riders, holding them by the reins, nearly from the ground.

"Towards morning the rain ceased and at daylight we fell into line and began crossing but the current ran so swift that many of the horses and riders were carried some fifty or sixty rods down stream and several were upset and the horses nearly drowned."

William Fleming Breakey, from Ann Arbor, who was assistant surgeon with the 16th Michigan Infantry, wrote to his father-in-law September 5, 1862, from Halls Hill, Va.: "You can judge how welcome the mail was when I tell you that it was the first mail matter of any kind I had received since the morning after leaving Harrison's landing. And could you have seen our camp last night about nine o'clock, after the mail had been distributed, and watched the eager faces of the earnest groups of tired and war-worn men and boys, as they were gathered in silence around the blazing camp fires—made bright for the purpose—anxiously reading long-looked-for letters and papers from home—the eager eye—the absorbed air—the impatient stopping to put on wood—the hushed stillness—the whole thing so unusual in camp at that hour—could you have looked in on us, the sight would have shown you, at least, that soldiers appreciate news from home."

Breakey continues: "I was very busy yesterday. Everyone has more leisure than the doctor! I had been to see the new director of the division at work and did not get my camp patients seen to and had to overlook my mail till the boys were all in bed. Then, with an old barrel for a candle, a box for a chair, I began the pleasant task—adding stave after stave as the blaze got low, till I came to the hoops and bottom 'ere I had finished the pile of letters."

My Neighbors

"Oh, just barely enough to pay my taxes . . . why?"

Drama, History Join Music on Records for Gifts

There probably isn't a person on your Christmas list whose interests can't be found with one of today's modern high fidelity recordings. This year, the range of records for gift-giving is more varied in appeal than ever before, reported Sarah Chrouch of Radio Service Co.

Although we naturally think of music when it comes to recorded sound, there are many "specialty" discs available to please the ears of almost every individual.

There are history-making speeches of great men. The "Hear It Now" albums have preserved the sounds of important events from eras long past. Leading figures in the theater have recorded all the well-known soliloquies of Shakespeare.

Hear Favorite Actors

Even complete dramatic plays, such as "Death of a Salesman" and "Medea," are available in their entirety. Now, aspiring thespians can actually read famous scenes with their favorite actors in albums complete with script and timed pauses.

And, for the person who hasn't yet been exposed to the wonders of today's recordings, what could be more welcome than their own phonograph. Your choices can range from the simplest 45 r. p. m. portable to an elaborate 4-speed combination, including a tape recorder, short wave and AM-FM radio bands.

To start off the new fan of high fidelity, there are recordings of television spectaculars, hit Broadway musicals, Hollywood film scores and a variety of background mood music.

The original sound tracks of Disney's "Snow White," "Pinnochio" and Dumbo, unavailable for years, have been released to delight a whole new generation of youngsters.

The outcome of most marriages and businesses depends on the income.

Los Angeles is the world's largest city—in area. It covers 457 square miles, or about half the area of Rhode Island.

Personalize Your Yule Food Gifts

If you're giving homemade cookies, fruit cake or similar delicacies to your friends at Christmastime, put a bit more ingenuity into these personalized gifts by designing your own containers and wrappings for them.

It is a nice way to show your creative ability without straining the pocketbook.

For instance, shoeboxes and shirt boxes, worn cake tins and bread pans may well be articles you no longer use. Simply by lining them with fresh tissue or foil these containers may be just the right things for gifts of food.

Your wrappings can be "different," too. Colorful shelf and drawer linings, for example, make novel wrapping materials.

Some materials come with an adhesive backing which is ideal for covering odd shaped containers. Just cut out the pieces needed to cover the area, remove the paper backing to expose the adhesive and press the material into place.

The grasshopper has two pairs of wings—one pair is held in place, firmly, like airplane wings, and the other pair vibrates, and serves as propellors, during flight.

TV News

OLD MOVIES PAY OFF

Barrie Chase reveals that her favorite Saturday afternoon pastime as a youngster was watching reissues of old Fred Astaire movies. Barrie said she invariably sat through two shows, arrived home late for dinner and was greeted by an irate father. But it paid off in the long run—Barrie was a smashing success as Fred Astaire's partner in, "An Evening With Fred Astaire."

SENTIMENT MAKES CENTS

Danny Thomas, who is known as a "sentimental" comedian, reports the secret of his success; ". . .we don't set out to be funny or sad or corny or sentimental or even abreast of the times. Real families don't go around all day screaming with laughter or crying. So we tell a story and let the comedy fall where it may."

TV BRIEFS:

Edward R. Murrow: "The trouble with television is that it is rusting in the scabbard—during a battle for survival."

Danny Thomas: "Why, I'm so sentimental I cry at basketball games."

Oliver Parmer, a member of the original Arizona Rangers on whose exploits TV's "26 Men" is based: "The reason there was only 26 of us was because the Territory couldn't afford no more."

Donna Reed whose new TV series has been having rating problems: "I guess the only sure thing for television is a Western."

MERRY WIVES EXTENSION CLASS MEETS DEC. 11

The Merry Wives Extension met with Mrs. Arthur Canfield December 11.

Mrs. Gerald VanderLaan gave a very interesting lesson on the choosing and care of hard surface floor covering.

At the close of the meeting the hostess served a nice lunch.

We will have our Christmas party and cookie exchange Tuesday at the home of Mrs. Lyle Krick. Our next meeting will be January 8, with Mrs. Lewis Dewey.

HOLD REHEARSAL FOR CHRISTMAS PROGRAM

There will be a rehearsal for the Christmas program to be held at the First Congregational church at Ada on Sunday, December 21.

The rehearsal is at 4 p. m., Friday, December 19, for grades one through seven.

Then there was the moron who thought steel wool was the fleece from a hydraulic ram.

PVT. RONALD STUIT HOME FOR CHRISTMAS

Pvt. Ronald Stuit, husband of the former Miss Donna Thompson, 4251 Cascade Rd., will return home on Friday, December 19 for a 17-day leave from Fort Leonard Wood, Missouri.

The couple will stay at the Thompsons during his leave.

Ada Residents Raise Needed Funds For Ice Skating Rink at Village Common

Ada—The residents of the area contributed more than $1,000 in a drive just completed to provide an ice skating rink on the village common.

In previous years, members of the Ada Athletic Association have worked all through the night in the coldest weather to flood the area with inadequate equipment.

This year a group of interested citizens ventured to help the Ada Athletic Association raise funds with which to install a new well, pump and other facilities.

Chairman of the committee, Dr. Howard O. Messmore, told Suburban Life reporter this week, "The well is now in and the new pump will be operating this week. If the cold weather continues, we should all be enjoying excellent skating for the holidays for the young men of the association are anxious to begin making ice with the new equipment."

Dr. Messmore continues, "Everyone has cooperated most generously. The committee extends their grateful thanks to all who have helped to put this worthwhile project across. It should be a comfort to all to know that they have helped to provide the means to enjoy a fine winter sport in safety."
