Rangers defeat Bulldogs 69-61

Forest Hills avenged an earlier defeat at the hands of Byron Center by downing the Bulldogs 69-61.

The defending league champions found the pressing defense and fast break offense to potent to be off-set by the Bulldogs rebounding advantage.

Team Effort

The Rangers again showed a great deal of scoring balance. Through a great team effort, the Rangers were able to overpower the strong Byron Center team. The Forest Hills attack was paced by junior Tim Williams.

Big Tim tossed in 16 points to finish second in the games individual scoring. Mike McCormick added 14 valuable points to the Ranger total and Jim Jones tallied 9 to round out the top Forest Hill scorers.

Byron Center's Delmar "Bug" Hibbits was high point man

for the Bulldogs and the game. His 17 points and Doug Boer's 14 points accounted for more than half of Byron Center's offensive punch.

Grab Early Lead

The Rangers jumped off to an early lead 19-7 first quarter lead. In the second, Byron Center fought back and at half time held a 31-30 lead.

Forest Hills regained their lead in the third period. The Rangers sparked by Bif Freeman, stole passes and ran fast breaks to build up a 51-41 lead. In the fourth quarter, the Rangers held on to their lead and posted a 69-61 victory.

Face Lee, Lowell

The Rangers travel to Lee this Friday to take on the second place Rebels.

They return home Saturday to play undefeated Lowell.

Buth asks points for juvenile drivers, too

State Representative Martin D. Buth, R-Comstock Park, has introduced a bill which would bring juvenile drivers under the point system for traffic violations.

In introducing the measure, Rep. Buth said, "Since 16 year olds are allowed to drive, they should be made subject to the same standards as adult drivers."

"Presently, while adults may lose their licenses under the point system, juveniles convicted of the same violations may still be on the road," he pointed out, adding that "this situation is not conducive to traffic safety."

Technically the bill removes jurisdiction over misdemeanor motor vehicle offenses by persons under 17 years of age from the juvenile division of the probate court, thus making them subject to the point system.

Four similar bills were introduced last year, two in the House and two in the Senate. One measure passed the House, but died in the Senate Judiciary Committee. Governor Romney recently urged such legislation in his special message on traffic safety.

Rangers to face undefeated Red Arrows Saturday

The Forest Hills Rangers with a 7 won, 5 loss season record will entertain the undefeated Lowell Red Arrows who are 12 and 0 for the season, Saturday night.

The Lowell Red Arrows, coached by Jack Kempker, are ranked third in the State in Class B.

The Lowell Red Arrows are an extremely tall team featuring Tim Nelson at 6' 7", Duane McIver at 6' 5" and Bob Elzinga, the leading scorer, at 6' 2".

The Rangers do not have the height to match Lowell, but Coach Don Kemp will depend on speed and hustle to upset the highly favored Red Arrows.

The game will be played in the spacious Forest Hills gym beginning at 8 p. m. The reserve teams will play a preliminary at 6:30.

Athletic Director Ed Shy of Forest Hills is anticipating one of the largest crowds to ever witness a high school game in the Forest Hills gym.

Folks used to worry because they couldn't take it with them. In today's tax climate their only worry is whether it will last as long as they do.

For every man who lives to be 85, there are seven women—but by then it's too late.

How quickly can you spot the changes 11 years have brought to Michigan's automobile license plates? Most noticeable is the changed slogan. The 1954 plate, above, held by Charmagne Kitzmann, Automobile Club of Michigan travel counselor, was the first to use "Water Wonderland." The legend on the 1965 plate reads "Water-Winter Wonderland." The new plate is shorter by 1 1/2 inches—the present 6 by 12 size having been adopted in 1956 in a national move to make all state licenses uniform. Did you get these other changes since 1954? Main letters and numerals have been reduced a half-inch; the dash-break between numerals is eliminated; Michigan is shortened to Mich., and the year to 65. The year's position also is moved toward the center. There is one similarity with 1954—the maize and blue colors. The 1954 plate is now a collector's item, but plenty of the 1965 variety are available. If you don't have yours yet, Auto Club suggests you act at once—the deadline is Feb. 28, but the last day of sale is Saturday, Feb. 27. A reminder—you don't need your title this year; just your registration.

Henry DeYoung expires at 62

Funeral services were held at the VanStrien-Alman Mortuary in Grand Rapids on Tuesday morning for Henry DeYoung.

The 62-year-old Ada resident, 8881 Two Mile Road, NE, passed away Saturday evening, February 6, at the Pine Rest Sanitarium.

Officiating at the services was the Rev. Truman Raak of the Knapp Street Reformed Church. Burial was made in Mason Cemetery.

Mr. DeYoung is survived by two sisters, Mrs. Rachel Underwood of Billings, Montana, and Mrs. Susie Ronda of Kalamazoo; a brother, Richard DeYoung of Grand Rapids; and several nieces and nephews.

COMMUNITY CLUB WILL SERVE POTLUCK LUNCHEON

Sunshine Community Club will serve a potluck luncheon at 1 p. m. on February 16 in the home of Mrs. Merton Alderink, 560 Forest Hills Road, SE.

Cancer pads will be sewn in the afternoon.

Grapplers grab win over Rogers

The Forest Hills wrestling team was victorious over Rogers last Thursday with a score of 28 to 11.

Jeff Clapp obtained Forest Hills' only pin. Winners by decision were Mark Smith, Gary Crinion, Mike Smith, Steve Bigelow, Mark Richards, Rod Wilbur, and Tommy Clark. Jim Hill tied his opponent.

Coach Bill Bucy said that the team is progressing quite rapidly and that the individual members are beginning to look like veteran wrestlers.

Meet Wyoming Park

The Forest Hills wrestling team, riding a two match winning streak, will face the league leading Wyoming Park Vikings in the Ranger gym Thursday night at 7.

The locals are fresh from a surprising 28-11 victory over Rogers last week.

The Rangers, competing for the first year, are a tremendously improved squad, and they expect to give the Vikings plenty of trouble.

Ada Christian school news

On Tuesday, February 16, at the Ada Christian School, a hot lunch will be served to the children at noon. The price will be forty cents.

The PTA of Ada Christian School will meet on Thursday, February 11, at p. m.

The program for the evening will be the showing of a film dealing with artificial resuscitation.

All parents are urged to attend.

OPEN FOR BUSINESS

The Thornapple Coffee Nook opened this week for business, after completely remodeling the interior.

Miss Dorothy Roeters of 48th Street, Cascade, is the new owner. She will feature the best home cooked food in town.

The Thornapple Coffee Nook, formerly Annie's Grill, will be open week days 7 a. m. till 4 p. m. and Fridays until 9 p. m.

SUBURBAN LIFE RETURNS FROM CALIFORNIA

Mr. and Mrs. John Kwekel, 2444 Irene, S. E., have returned home from a month's vacation in California.

Mr. and Mrs. Kwekel visited many points of interest including Santa Cruz, San Francisco, Mt. Shasta, Yosemite and the Grand Canyon.

FEBRUARY 14 HELP

Newfoundlanders have a lively way of speech. A kiss is "a taste of your face."

"Marriage may be inspired by music, soft words and perfume, but its security is manifested in work, consideration and well fried bacon."

Fire ruins Ada home

The home of Allen DeVol, Jr., 712 Ada Drive, was badly damaged by fire Monday night. Mr. and Mrs. DeVol and their seven children were all home; several of the children were already in bed, but all escaped the burning house without injury.

The fire was discovered by Jim DeVol about 9:30 in an upstairs bedroom. The flames had spread into the walls and roof by the time the firemen arrived.

The fire took several hours to bring under control. Howard Butts, Ada Fire Chief reported, and is believed to have started from faulty electrical wiring. Damage was estimated by the chief at \$8,000 to the house and contents.

Cascade Fire Department assisted the Ada department and over 1,350 gallons of water was trucked in to extinguish the fire.

Darwin Nellist, Ada Fireman, suffered an arm injury while working in the upstairs of the burning building. He was taken to the hospital for x-rays.

Christian school banquet speaker

Richard De Vos, President of Amway Corporation in Ada, will be the main speaker at the annual banquet of the Ada Christian School Association.

He will address the supporters of the school on the topic, "Selling America." He has lectured widely on this topic before civic, business, and religious groups.

Also on the program will be the Ada Folksingers, a trio composed of Ron Boersma, Jean Rockett, and Bob Homkes. Ted Vander Veen will be the master of ceremonies.

The annual affair will be held at the Forest Hills High School on Thursday, February 18, beginning at 6:30 p. m. It is sponsored by the Board working in cooperation with the Mothers' Club of the school.

Its dual purpose is to raise funds for the support of the school and to provide a social hour for the members of the association. The proceeds of the evening will be applied toward the cost of a new well recently installed at the school at a cost of over \$1,000.

For the first time a special effort is being made to invite all alumni of the school to attend. The members of the graduating classes of 1952-1959 will be seated at special tables, and the program will feature pictures of its members.

All those not yet contacted by the Reservations Committee are urged to contact the chairman, Mr. Cooper, by calling 676-1780.

Patricia Cole is bride-elect of Stephen Jacobitz

Miss Patricia Cole, daughter of Mr. and Mrs. Roland J. Cole, Behler Drive, S. E., and Stephen Jacobitz, son of Mr. and Mrs. Donald Jacobitz, Banner Street, S. W., are engaged as announced by the parents of the bride-elect.

Miss Cole attended Graceland College, Lamoni, Iowa, last year and is attending Central Michigan.

Her fiancé attends Grand Rapids Junior College, and will continue at Michigan State University next year.

No definite wedding plans have been made by the engaged couple.

Hospital notes

Mrs. Leon Halladay, Engleside Drive, is in Butterworth hospital undergoing surgery.

Thornapple Extension holds holiday party; study marriage

The Thornapple Extension Group had a combined late Christmas party and lesson at the home of Mrs. Peter Paap Thursday evening, February 4.

The leaders Mrs. Laurence Scott and Mrs. Marinus DeGood presented the lesson which was on "Why Marriages Fail."

There was much discussion in answer to the outline questions which were asked. We all agreed the thing we valued most in marriage was the companionship in doing things together, but yet it is important that we do not depend too much on each other because if we were left alone, the adjustment might prove too great.

After the lesson, we spent the evening in playing games and had an exchange of gifts, which was followed by a candlelight luncheon served by the hostess Mrs. Peter Paap and her co-hostess Mrs. John Nederhoed.

The others present for the evening were Mrs. Kathryn Sytms, Mrs. R. Timmer, Mrs. S. Osmolinski, Mrs. A. Penninga, and Mrs. H. Stukkie, sr.

Mr. Vanderhyde succumbs at 78

Ernest A. Vanderhyde, aged 78, of 6400-28th Street S. E., formerly of Battle Creek, passed away early Monday morning at Grand Rapids Osteopathic Hospital.

Rev. Douglas Vanderhey officiated at the funeral services Wednesday in the Sullivan Funeral Home. Interment was made in Chapel Hill Memorial Gardens.

Mr. Vanderhyde is survived by two sons, Harold W. and Clare E., both of Grand Rapids; three grandchildren; three sisters, Mrs. Bertha Rapp, Mrs. Anna Hauser and Mrs. Gertrude Verburg, all of Grand Rapids; and a brother, John Vanderhyde of Grand Rapids.

A survey to determine if there are enough interested parents to conduct a program for topical fluoride treatments to prevent tooth decay is currently being made. Although the program will not be set up this year by parents from Cascade School, the treatments will be given at our school.

The program will get underway in early Spring with Mrs. Waldron and Mrs. Troll in charge. Appointment slips have been sent home with the children and will be collected this Friday.

A series of four applications of sodium fluoride reduces tooth decay by as much as forty percent. Treatments are recommended at about three year intervals to help safeguard new teeth that have been replacing the primary teeth during those years.

Mr. Rood has placed an order for the playground equipment requested by the January PTA meeting.

The order includes bats, volleyball, softballs, a basketball, a soccerball, bases and utility balls, and total \$60.90.

The open house and book fair was well attended and enjoyed. The afternoon kindergarten takes top honors in getting mom and dad to school, so the attendance banner will remain in Mrs. Lane's room.

Our thanks go to the teachers, room mothers and executive board for their greetings in the rooms and the delicious variety of cookies served, and also to the sixth graders who showed us how capably they can serve refreshments and wash dishes.

Mrs. Belding, aided by her Library Committee, was responsible for the lovely array of books in the halls. A preliminary accounting of books purchased totaled approximately 20, which netted the PTA treasury \$60. This does not include late orders placed the following day.

Watch Suburban Life Want Ads for 'top grade' buys every week.

Cadet week Feb. 7-13

The week of February 7 to 13 has been designated Cadet Week by the Calvinist Cadet Corps, an international organization of Calvinist Cadet Clubs found in some 300 churches in the United States and Canada.

Calvinist Cadet Clubs are open to boys 10 through 15 years of age. The motto of the Cadet Clubs is "Living for Jesus." The program of Cadeting is built around the development of the boy physically, mentally, socially and spiritually.

For the boys physically development there is an extensive program of hiking and camping. The primary goal is not the boy's entertainment but his development as a potential Christian leader.

The Counselor is instructed to make the campout experience a rich spiritual experience so that the boy will learn to see, feel and hear God in nature.

The Cadet Corps merit badge program is geared to develop the boy mentally. Before he can achieve a higher rank, the boy must complete his badges which deal with Bible study, missions, calvinism and 48 other merit badge requirements, which challenge his Christian mental development.

Since the Christian social development of the boy is also of major importance, they are shown that the muscles of their bodies are to be dedicated to God just as truly as his mind.

Through game time activities Christian sportsmanship is used as an important step on the road toward future Christian leadership.

The boy's spiritual development is an important part of every club meeting. Every meeting has its Bible Study time during which the Counselor guides, but the Cadets are expected to carry on the discussion.

This trains the boy to study his lesson, to pray for guidance to teach the lesson, and to become accustomed to giving leadership in the church.

There are active Calvinist Cadet Clubs in the Ada, Cascade and East Paris Christian Reformed Churches.

Denyes-Pryor rites performed

Miss Beverly Jean Denyes became the bride of Phil Pryor on January 29 in the Remembrance Reformed Church in Grand Rapids. The officiating minister at the double-ring ceremony was the bridegroom's uncle, Dr. Carl E. Martenson of Port Huron.

Mrs. Gene Jones was the organist and Mrs. Milton Heaven was the soloist.

Mr. and Mrs. James Denyes of Remembrance Road, NW, are the parents of the bride, and the bridegroom's mother is Mrs. Lucille M. Pryor of Kate Avenue, SE.

The bride chose for her wedding a gown of peau taffeta with a long train. Her chapel-length veil had an amazon lily at the forehead, and she carried a cascade-style bouquet of white amaranth lilies, white feathered carnations and yellow roses.

The maid of honor was Miss Marty Phillips. She wore a floor-length gown of yellow chiffon styled with a high empress waistline. Her circular bouquet was made of white pompons and yellow satin ribbons.

The bridegroom's best man was Roger Grimes, and the ushers were David Denyes and Paul Denyes.

Following the wedding, a reception was held in the church parlors with Mr. and Mrs. Chris Klostra, aunt and uncle of the bride, as master and mistress of ceremonies.

The couple are students at Western Michigan University. Their home address is 5101 Stadium Drive, Kalamazoo.

Sp5 Frederick Hoffman takes welding course

Specialist Five Frederick L. Hoffman, son of Mr. and Mrs. Fred C. Hoffman, 9300 Verjennes Rd., Ada, completed an 11-week welding course at the Army Ordnance Center and School, Aberdeen Proving Ground, Maryland, February 5.

Specialist Hoffman was trained in oxyacetylene, arc and metal inert gas welding.

The 21-year-old soldier entered the Army in June 1962 and was last stationed at Fort Leonard Wood, Missouri.

He was graduated from Lowell High School in 1962.

Lawyer's mother passes Thursday

Mrs. Gladys C. Price, 85-year-old widow of John P. Hyde Price, passed away early Thursday morning, February 4, after a lingering illness.

She is survived by one son, Peter P. Price, 1845 Buttrick Avenue, Ada, Michigan; two grandchildren, Susan and John Price; two sisters and one brother, all in England, and another brother in Canada.

Funeral services were conducted Saturday morning in the Metcalf Mortuary after which she was taken to Millbrook, New York, for interment in Washington Hollow Cemetery.

Michigan State University scientists have used the principle that apples float and bob up and down in water to develop a new apple sizing and sorting system called "Hydro-Handling."

Kate Duberville passes suddenly

Mrs. Cornelia (Kate) Schlietz Duberville of Ada, formerly of Grand Rapids, passed away suddenly Sunday evening, February 7, at the age of 85.

Funeral services were held Wednesday afternoon in the DeVries Funeral Home with Elder Lloyd DeVormer of the Reorganized Church of the Latter Day Saints at Alaska, Michigan, officiating.

Mrs. Duberville is survived by two sons, Floyd Schlietz of Ada and Harold Priddy of Cuyahoga Falls, Ohio; four daughters, Mrs. Tanetta DeVormer of Ada, Mrs. Abram (Margie) VanderKlip of Grand Rapids, Mrs. Leonard (Louise) Sparks of Holland and Mrs. Fred (Alberta) Plasman of Grand Rapids.

Also surviving is a stepdaughter, Mrs. Amy Weeks of Northville; eighteen grandchildren; forty-nine great-grandchildren; and one brother, Henry Fase, sr., of Ada.

Cascapers' square dance

The next Cascapers Dance will be Saturday, February 13, at 8 p. m. in the Ada School gym.

Hostesses for the evening will be Elaine and Paul Gabriz, Phyllis and Mike Myckowiak, and Frances and Harold Buttrick.

If you like to square dance, a cordial invitation is extended to you by the Cascapers to join them.

Congressman Jerry Ford reports

Republican health plan for senior citizens explained

For two weeks the House Committee on Ways and Means has been considering in executive session H. R. 1, a 132-page bill relative to hospital insurance, social security and public assistance. Unfortunately no public hearings have been scheduled and there may be none. The provisions relating specifically to changes in the Social Security Act are similar but not identical to those contained in the "Social Security Amendments of 1964" which passed the House last July and which I supported. The hospital insurance provisions, the so-called "medicare" or King-Anderson proposals, have been widely discussed inside and outside the Congress.

The Administration's Medicare

H. R. 1 provides that persons age 65 or older who are receiving or are eligible to receive social security or railroad retirement benefits may obtain the following four types of service:

1. Sixty days of hospital care in a given period but under a formula which would generally mean not more than 12 days per year; the patient must pay the first \$40 of the cost.

2. Care up to 60 additional days following hospitalization in a nursing home with which the hospital has an agreement to transfer patients.

3. Visits at home by a qualified nurse of up to 240 calls a year.

4. A limited amount of outpatient diagnostic service at the

hospital. This so-called medicare plan pays no doctor bills or surgeon's fees, nor does it cover the cost of drugs and medicine unless one is in the hospital.

Persons not covered by social security or railroad retirement may benefit if they reach 65 by 1968, or reaching age 65 after 1967 they have three quarters of coverage for each year after 1965 and before reaching age 65.

To meet the cost of this program for those over 65, President Johnson's plan calls for an increase in the social security payroll tax on all employees, employers and self-employed persons. The worker now paying \$174 a year in social security taxes will pay \$238 in 1966. This will go to \$280 in 1968 and to \$291 in 1971. These are the scheduled increases. If they do not meet the costs or if the program is expanded the payroll taxes will skyrocket with increasing tax burden on those presently employed.

The social security payroll tax advocated by the Democrats is a "regressive tax" which places a greater burden on those less able to pay. Under President Johnson's proposal the \$238 tax is 4.25 percent of the wages of a worker earning \$5,600. But a person making \$30,000 pays exactly the same tax which is only eight-tenths of one percent of his income.

An Alternate Proposal

As a substitute for an increase

in payroll taxes and as a means to provide a program covering hospital and nursing home care, doctor's bills and surgeon's fees, nursing service and drugs and medicines, 6 of the 8 Republicans of the Committee on Ways and Means in the House of Representatives are sponsoring H. R. 4351. This comprehensive, voluntary plan will take care of most of the hospital and medical needs of all persons over 65. The cost will be shared by those who participate and by the federal and state governments. Uncle Sam's contribution will come from the general fund, primarily from income taxes which are based on the ability to pay.

This Program of Comprehensive Health Insurance for the Aged will pay the first \$1,000 for room and board in a hospital or nursing home plus 80 percent of any balance. This is the equivalent to 50 days in the hospital or 100 days in a qualified nursing home without any deduction to be paid by the patient. In addition the Program would pay 80 percent of all other hospital, surgical and medical expenses, after a deduction of \$50. This includes surgical fees, doctor's calls at home, office or hospital, nurse's services, and the cost of prescribed drugs and medicines.

The Program would be voluntary, not compulsory for those over 65 years of age. Persons who do not need this sort of health insurance or who are adequately supplied by a group

plan or a plan established by their former employers or others would not be required to participate. Those who have conscientious objections to compulsory plans will welcome the voluntary Republican proposal.

Those who wish to take part and be eligible for benefits would make a contribution to the Program based on their ability to pay. The participant's monthly contribution would vary from \$4 a month for the individual receiving the minimum (currently \$40) in social security benefits to \$11.50 for the family receiving the maximum (currently \$190). The average premium contribution will be \$6 per month. The premium for persons eligible for social security benefits and who wish to participate but whose incomes exceed the earning limitation would be paid for them from the social security fund. Persons not covered by social security or railroad retirement can participate by paying the proper premium which will never exceed the maximum set for social security beneficiaries. The Program further permits each state to cover its more needy citizens by paying the premium for them.

It seems to me that this voluntary Program covering doctor bills, medicines and drugs as well as hospital care should be thoroughly considered by the Congress and the American people before the Administration's compulsory, very limited medicare plan is adopted.

Republicans elect Buth assistant majority leader

The Republican members of the Michigan House of Representatives have elected State Representative Martin D. Buth (R-Comstock Park) Assistant Minority Leader.

Buth, who represents the 90th District, is starting his fourth term in the Legislature. In his new position he will play a major role in presenting the Republican position on legislation and will represent his 37 Republican colleagues in conferences with Governor Romney and members of the State Senate.

His election took place at a Republican organizational caucus last week just before the opening of the 73rd Session of the Legislature.

The 90th District is in Kent County and includes the townships of Ada, Algona, Alpine, Cannon, Cascade, Courtland, Nelson, Oakfield, Plainfield, Solon, Sparta, Spencer and Tyrone and the cities of Grandville, Rockford, Walker and Cedar Springs.

Builders can reduce costs in residential building by applying time study methods, according to the Michigan State University forest products department. The department says there is no factual basis for the contention that industrial engineering principles and techniques are not applicable to house construction.

Have any idea what it would cost to do a sound job of managing Michigan's natural resources during the 1965-66 fiscal year? The minimum figure, in the most realistic thinking of the Conservation Department, is about \$32.1 million. If that figure sounds high, consider: Management of state forests generates about \$70 million of new income for Michigan each year; spending by state park visitors totals almost another \$50 million annually. And they're just part of the conservation picture. As this pie chart shows, a big slice of the \$32.1 million appropriation sought from the State Legislature this year would be used for state park development and maintenance. The next largest category—miscellaneous—contains more items than can be shown here. A few of them cover wildlife research, payments of bounties and taxes for state lands, recreation resource planning, engineering, and nuisance animal control. Increases are recommended for: Law—to boost enforcement coverage, mostly in southern Michigan. Fish—to intensify work on Great Lakes sport fishing, step up lake and stream inventories, improve maintenance of access sites, etc. Game—to construct wildlife floodings, improve deer ranges. Forest Fire Control—to replace worn-out and obsolete equipment and open remote areas with roads and bridges. Geology—to expand geologic mapping and iron ore investigations, accelerate water resources studies.—Mich. Dept. of Conservation

Emancipation

Abraham Lincoln is famous in the history of our country not only because he was the sixteenth President of the United States, but because he issued a proclamation emancipating the slaves. On Jan. 1, 1863 he proclaimed that "all persons held as slaves... shall be then, thenceforward, and forever free." The process of emancipation continues in our time by means of Civil Right legislation, and attendant activities, but we must not fail to pay homage to Abraham Lincoln, the Great Emancipator.

Many centuries before that time Moses spoke in the name of God to Pharaoh, saying "Let my people go!" God freed His people, who were the slaves of the Egyptians, by means of the ten plagues. Of that emancipation God reminded them and us in the preface to the Ten Commandments: "I am the Lord thy God, who brought thee out of the land of Egypt, out of the house of bondage."

The Greatest Emancipator is Jesus Christ. He sets men free from the slavery of sin. Wherever the Gospel is preached the good news of emancipation from the guilt and the power of sin is proclaimed. Has Christ set you free or are you still a slave of sin and Satan? Come to church and hear Christ's emancipation proclamation! —John Guichelaar

Newest to the Crib Crowd

Mr. and Mrs. Gerrit Rozeboom, 1459 Spaulding, S. E., are the proud parents of a son, Dale Edward, born January 31, at Blodgett Memorial Hospital.

You can buy and sell anything with Suburban Life Want ads.

Overheard at a society luncheon: "I have a simply wonderful new diet doctor. He lets you eat anything you want, as long as you pay your bill!"

What's cookin'

Carrying out the theme of National Cherry Month, two of our readers submitted recipes to brighten your meals with nature's most colorful fruit.

Try this easy-to-make cherry cobbler, your whole family will love it.

Cherry Cobbler

- 2 No. 303 cans red cherries
- 1 1/2 c. sugar
- 3 tbsp. cornstarch
- 6 drops red food coloring if desired
- 2 tsp. lemon juice
- 1 1/2 c. prepared biscuit mix
- 2 tbsp. sugar
- 1 egg
- Light cream—sugar

If sweetened cherries are used decrease the sugar to one cup, and the cornstarch to 2 tablespoons.

Combining cornstarch and sugar; add cherries and cook until mixture thickens. Add food coloring and lemon juice. Pour into 8 1/2 x 2 inch baking dish. Mix biscuit and sugar. Break egg into measuring cup and beat slightly. Add cream to biscuit and stir to moisten flour. Spoon over hot fruit. Sprinkle with sugar.

Bake in moderately hot oven, 400 degrees, 25 to 30 minutes. This recipe makes 8 servings and is delicious served with cream.

Many contests have been won with a perfectly baked cherry pie. One of the secrets of perfection is a filling of just the right consistency. For this purpose it is wise to choose a thickener such as quick-cooking tapioca so that the filling will be not too thick and not too thin.

Cherry Criss Cross Pie

- 2 one-lb. cans pitted red cherries
- 4 tsp. quick-cooking tapioca
- 1 c. sugar
- one-eighth tsp. salt
- 1/4 tsp. almond extract (optional)
- 1 tbsp. butter

Pastry for two-crust 9-inch pie, made from a mix or favorite recipe.

Drain cherries, reserving 1/2 cup of the juice. Thoroughly mix tapioca, sugar, salt, cherries, measured juice, food coloring, and extract. Let stand about 15 minutes.

Roll half of the pastry one-eighth of an inch thick; line a 9-inch pie pan and trim pastry 9-inch pie pan and trim pastry at edge of rim. Roll remaining pastry one-eighth inch thick; cut into 1/2-inch strips.

Fill pie shell with cherry mixture. Dot with butter. Moistened edge of bottom crust. Adjust pastry strips in lattice across top of pie. Press ends to edge of bottom crust. Flute edge.

Bake at 425 degrees for 50 minutes, or until crust is golden brown and pie filling bubbles near the center.

AN ARTIFICIAL NOSE, developed by City College of New York, is able to distinguish between various odors via a measurement of current. It will be used as a research tool in fields such as pollution control, medical diagnosis, odor control, air conditioning and testing for alcoholic intoxicants.

the Eventh pin

This week began the first week of the Lowell Women's City Tournament, with the team event being bowled. The team of Dykhouse and Buys placed first in this event with a handicap total of 2915.

The members of this team are Mary Bancroft, Doris Vandawater, Sharon Dintaman, Barbara Fosburg and Jean Wilcox, all of Alto. Next week, the double event will be rolled.

For the men, in regular league, it was Al Seelye with a high game of 253, and 631 series, and Len Kerr had a 648 high series.

In the Jackpot Sunday night, it was Al and Len Kerr winning first place squad prize, Cal and Evelyn Pinckney placing second, and Marilyn and Phil Kropf in third place. The Jackpot now stands at \$45.40.

FOUR HUNDRED MILLION hair-thin copper wires have been placed in orbit around the earth by the U.S. Air Force. These copper dipoles function as a passive reflector for radio waves in the communications experiment. The belt will remain intact for about three years.

Dissatisfied with your silhouette?

Dissatisfied with your silhouette? Want to improve your appearance and protect your health against diseases caused by overweight?

Mary Coleman, foods instructor at Michigan State University, says the most important step in achieving and keeping a pleasing figure is to acquire better eating habits.

Miss Coleman stresses that you can lose weight safely and comfortably without starvation methods or drugs.

It's the extras—that you eat, but don't need—that cause the extra pounds, she says. Calories must be reduced, but essential nutrients, such as proteins, minerals, and vitamins, should not be sacrificed.

It is important to start the day with a well-balanced and adequate breakfast, she continues. This will help you to resist that mid-morning snack.

She notes that the American Dietetic Association list several proposals for better menu planning:

A pint of whole milk is acceptable for adults. A pint of skim or non-fat dry milk, however, may be substituted since it contains only half as many calories as whole milk.

Vegetables selected from the following group are especially low in caloric value: Asparagus, broccoli, carrots, green beans, kale, squash, spinach, turnip greens, lettuce, and other greens, tomatoes, celery, cucumbers, beets, cabbage, eggplant, onions, rutabagas, cauliflower and turnips.

A realtor was doing his best to sell a Southern prospect a \$100,000 estate.

"This is the one house in this exclusive sector," he asserted, "that positively does not have any flaws in it."

"No flaws?" echoed the southerner, "Then what do you-all walk on?"

Serious illnesses start as colds

Dr. W. B. Prothro, City-County Health Officer, cautioned that an illness starting out like a cold may turn out to be scarlet fever or strep throat which can result in serious damage.

Dr. Prothro advised parents that if their children have an illness which hangs on for more than 24 hours or seems to be particularly severe, with a pronounced sore throat, get in touch with your family doctor.

Dr. Prothro said strep throat is among the more dangerous forms of upper respiratory ailments since it may ignite an attack of rheumatic fever, a leading cause of heart damage in children.

If your physician diagnosis a case of streptococcal infection, scarlet fever or septic sore throat in your family, it might be wise to consult with him as to whether or not your children should be given prophylactic treatment to prevent the spread within both the family and community.

State Health Department regulations require cases to be isolated until recovery, but in no event shall isolation be terminated until seven days from the onset of the disease.

Dr. Prothro strongly urged parents to ask and accept medical advice for any illness that doesn't respond promptly to bed-rest or other approved medical techniques.
