Where's my morning coffee?

Massive power failure hits area

Residents of the area will especially remember Saturday, January 29, 1966, as the day of the Big Deep Freeze for Kent County, especially the Suburban Life area, where 3,000 homes were affected for various times by from one hour to nine hours of no electrical power, which meant no heat for most residents.

The Cascade area was without power for approximately 1 hour, the Ada area southwest of M-21 for 2 hours, and the area north of M-21 from 8 to 9 hours.

Mrs. R. L. Blundell of 8162 Bailey Drive had the scare of her life Saturday morning at 4:30 as she was on her way home from work in Grand Rapids. As she approached the bridge on M-21 a power pole fell almost in front of her. She slammed on her brakes, and just sat there for a minute.

As she looked around it was as if hundreds of fireworks had been set off. Her first thought was that something had happened at Amway.

Mrs. Blundell regained enough composure to call the Sheriff's Department and waited until they arrived.

Consumer's Power was called immediately. They determined that due to the extreme cold, which hit a record -16 below, the pole froze to brittleness then a tug of the lines brought it tumbling down as the line contracted and became exceptionally taut.

Upon reaching home Mrs. Blundell found herself still shivering from her experience. Her husband drained the water pipes to keep them from breaking and they bundled the children in the car and rode around for a couple hours thinking it would soon be restored.

They returned home to a rather cool house and climbed into bed, piled high with covers until noon. They decided they couldn't stay in bed all day and proceeded to get along as best they could without the convenience of electricity.

Cascade residents hardly knew there was a power failure, as they were out approximately 1 hour; however, those with electric blankets did wake up cold. Rev. and Mrs. Guichelaar of Cascade Christian Reformed Church became cold and thought something was wrong with their blanket, but upon investigating discovered the source of trouble, and about then the power came back on.

Mr. and Mrs. Robert DeKam of Wendell Street, SE, wouldn't have noticed it all, except Mrs. DeKam got up to let the dog out and noticed the clock had stopped. They have a gas furnace without a blower, but Mr. DeKam's worry was that he wouldn't get his morning coffee, but the power was restored just in time for him to en-

joy that first cup as usual.

The Ada residents, southwest of the river, felt it a little more as they were without electricity for about two hours.

The Bruce Phillion's became cold and when Mrs. Phillion checked the house she found that it wasn't the furnace, but the electricity. Once again the head of the houses first concern was his morning cup of coffee.

Many first comments were "do we have oil," "of all times for something to go wrong with the furnace," "did you pay the electric bill?" "I will have to run the water so the pipes won't freeze" forgetting that water only runs out this way with the help of electricity.

It seems that no water was the one thing that proved the most inconvenient. No water, no coffee, no morning shower, no shaving, no bathroom facilities.

We all are inclined to sit smugly by thinking how we well can get along by ourselves until something like this happens and those in the suburbs suddenly discover how dependent we are on the public utilities.

Weaver's Market had people waiting in line for Orin at the door that morning for charcoal and packaged fireplace logs. Gas stations couldn't pump gas, but there were few customers who wanted gas, just service calls to get their cold cars started as they refused to turn over, as many people couldn't get away from home for warmer places without cars.

The Alexanders of 512 Pine-land Drive commented that it wasn't too bad. They managed to keep some heat through the fireplace, and they had a bottle gas camp stove and got their meals. The power was restored about 1:45, but they were without water until seven p. m. Their house has water radiant heating and either when the electricity went off, or on, something happened to the pump; once again for an old fashioned hand pump.

F. G. Budnick of 955 Honey Creek upon asking his comment he stated "This was really a day. To start with something happened to my pump Friday night at 5 o'clock, so he had Saturday's work planned, but upon awaking, he didn't feel so bad because the pump wouldn't have worked anyway.

The Budnicks built fires in both fire places & managed to keep quite warm. After experimenting they managed to make toast in the fireplace without burning it. The inside temperature dropped to about 40. Mr. Budnick then tried to start his one car and then another, and no luck with either, so the over worked service men were again called. All in all the Budnick family didn't think it was too bad, in fact they found themselves having fun cooking and huddling around the cozy fireplace.

The Don Atchison family of 188 Pettis seemed to have fun in spite of the cold. They soaked up the heat from the fireplace and roasted wieners, marshmallows and made coffee in the fireplace, just like the pioneer families that use to live out this way.

The Don Van Aartsens of Pineland Drive were lucky on the water as he had a good supply ready to take to the Thornapple Ski slopes so they could have hot coffee and tea, and

Mrs. Van Aartsen always keeps her teakettle full, so water was no problem there. They used the fireplace to keep warm and their Coleman stove to cook on. When the power was restored at 1:15, it took until 7 to get the house back to its normal temperature.

The K. B. Andersons of 1879 Honey Creek took their children to their grandparents close by who still have a coal furnace. Then they went on and did their grocery shopping and took their time doing it. This is their first year to have an oil furnace, but even so they decided it wasn't too bad and wouldn't want to go back to coal as this would probably never happen again.

The Matt Soykas of Bailey Drive kept warm by the fireplace and friends brought them coffee. They made their meals in the fireplace and found that the toast made thus to be better than that made in a toaster. The family bundled up and the children thoroughly enjoyed the whole affair.

Not so for Mrs. Soykas. Saturday was Mr. Soykas' birthday and a dinner party was planned, but whenever she would start to panic she would think "it will be restored any minute." Just as she began to seriously consider calling the party off, for reasons beyond her control, power was restored & Mr. Soykas had a happy birthday, but one he probably won't forget for a few years, as the coldest birthday ever.

The E. E. Randall's of 822 Fero went without breakfast, but they kept warm by the fireplace and had homemade bread and milk, but not that morning cup of coffee. They didn't have any pipes in the house freeze but the water pipes in the barn broke.

The Matt Verhill's of Bennett Road, took their children next door where they had a coal furnace. Mrs. Verhill could cook as she has a bottle gas stove and they kept the burners going and so kept somewhat warm, however Mr. Verhill couldn't get the car started, but he just joined the large group that found that cars are wonderful when they start and a terrible nuisance when they won't.

Mr. Verhill, sr., just stayed in bed all day until the heat came back on and was very comfortable, guess he had the right idea.

The general consensus of opinion was that it really wasn't too bad and people found themselves making old fashioned Yankee ingenuity work and cooking and getting along as they never thought they could, they all hope it never happens again. As do the workman from Consumer's power who were out there working in temperatures reported as low as -25.

Mr. Miller of the Kent County Chapter of the American Red Cross was in close touch with the Sheriff's Department and Consumers Power and they were all set to move in for emergency housing for those without heat and small children, but the Consumers Power had no real emergency calls, so it was deemed unnecessary, but it is nice to know they were ready and willing to help out if the need had arisen.

Square dance February 12

Plans have reached the final stage for the big Ada Community Association Square Dance, Saturday, February 12, at 8:30 in the Egypt Valley Grange.

There will be a big Mystery dance. Mid-way through the evening with a prize for the winner, will be awarded. You don't have to be good to be a winner; it will be a laugh for all taking part.

Get into your ho-down clothes and come join the fun. If you wish to get tickets in advance call Mel Kooistra at OR 6-1135, or Rich DeGreen at OR 6-2002.

General Chairman is Mel Kooistra, assisted by Mr. and Mrs. James Rooker and Mr. and Mrs. Rich DeGreen. All the posters have been made by Wendy Elwell, our Miss Thornapple Valley Queen, whom the association sponsored in the Miss Michigan Pageant.

Boy Scout Sunday February 6

Boy Scouts, Cub Scouts and Explorers of the Cascade area are cordially invited to attend Sunday Services, February 6 at 10:30 at the Cascade Christian Church.

February 13 is the official Boy Scout Sunday but due to other plans by the troop of Cascade Church it will be held February 6. All Scouts of the area are cordially invited to attend this worship service.

Take 3rd place with dog sled

Winning third place out of a field of over 60 dog sled teams in the annual Klondike Derby held at Johnson Park on January 15, has brought an invitation to the state races for the Flying Eagles.

Mike Vekasi, Boy Scout Master of Troop 334 in Cascade made the announcement recently that the members of the team will attend a Roundup next week where more information on the locale and regulations will be given to them.

Members of the successful Flying Eagles are: Mike Martin, Tom Dygert, Jim Dygert, Steve Banta, Doug Boynton, Bill Vekasi, Ted Zuiderveen, & Craig Chandler.

Men's Fellowship to hear Matthews

Buck Matthews of WOOD—Radio and T.V. will be the guest speaker at Cascade Christian Church Men's Fellowship meeting, in Fellowship Hall, Tuesday, February 8, at 8 p.m.

Mr. Matthews will give a talk on his experience as a radio and television announcer. All men of the church and of the community are cordially invited to come and hear Buck speak. Refreshments will be served by members of the Mary Martha Guild.

Board of Education outlines policies for use of school buildings

The Board of Education recently passed its policies governing the use of the school buildings. In general these policies were revised with the philosophy of making our facilities available to civic organizations in the Forest Hills school district.

It was necessary to set rental scales to cover costs of utilities for all groups not directly benefiting the youth of the school district. There is also a charge of the hourly rate paid to custodians and cooks when they must work extra time because of a special function.

The use of school facilities will be limited to organizations within the school district. They may not be used by individuals nor for private parties. The policy also denies the use of the facilities to small groups which could meet in private homes. Arrangements for the use of the schools by civic and business organizations in the district should be made with the building principal.

Pack meeting held January 26

Cub Pack 3290, met Wednesday evening at Ada Congregational Church. Boys receiving awards were: Tim vanderWulp, a Lion Book; Jim McCall his Bear Badge and a Lion book; Jef DeLeeu, Bear Book; John Pollice, a new member, a Wolf book; Danny Landis a Lion Book; and Don Cheseboro his Wolf badge.

James Rooker, cub master, presented Den 5 the award for the month for having the most parents and cubs present at the pack meetings. This is a new award and each month the den with the largest percentage of parents and cubs present will receive the award.

Plans have been made for the annual Blue and Gold Banquet to be held February 26 at the Ada Congregational Church.

Bill Wood has set up an exchange program for uniforms. If you have a boy who has outgrown his, please turn it into Bill and he might have one on hand that would fit your boy, this is an exchange program and should benefit the pocketbook of parents of cub scouts. Just call Mr. Wood at 676-1776 and state the size you have or need.

Church expresses appreciation

At the annual meeting of the Ada Congregational Church on January 17, Gordon Campau, right, was presented with a framed, engraved certificate in appreciation of his devoted service as Treasurer of the Ada church for the past eleven years. Francis Magatti, center, Chairman of the Board of Trustees, and The Reverend Lee Dalrymple, left, make the presentation. Mr. Campau will continue to serve the church as a trustee. Other newly elected officers include: Moderator, Dr. Roger Spring; Clerk, Mrs. Orison Weaver; Treasurer, George Leestma; Financial Secretary, Mrs. Robert Dangl; Church School Superintendent, Thomas Johnson; Historian, Mrs. Merie Cramton; Board of Trustees, Mrs. Ronald Collins. Board of Deacons and Deaconesses, Wayne Harris, James Rooker and Mrs. Rolf Sodergren.

F. H. Music Assn. will meet February 7

The Forest Hills Music Association will meet Monday, February 7, at 8 p. m. in the B. Building at the Forest Hills High School.

It is rather hard to come up with new projects when the Association has a monthly attendance of 8 or 10 people out of approximately 200 or more families who have students in the Music Department.

Won't you join us Monday evening and bring some new ideas. The Association needs your support.

Chris Weaver air policeman

Airman Christopher L. Weaver, son of Mr. and Mrs. Erick E. Weaver, 1538 Seminole, SE, Grand Rapids, has been selected for training at Minot Air Force Base, North Dakota, as an Air Force air policeman.

The airman, who attended Ottawa Hills High School, recently completed basic training at Lackland Air Force Base, Texas.

County Guides available

"The Visitor's Guide to Kent County" is now available for distribution, according to an announcement by Noel K. Black, Chairman, Tourist Promotion Committee of Greater Grand Rapids Chamber of Commerce. Prepared under the sponsorship of the Chamber, this 60-page booklet contains information on the recreational, social, and cultural activities available to the tourist in the Kent County area.

In addition to describing the many advantages of a vacation in Kent County, the booklet contains information on various services available to make a vacation more pleasant and complete. Information is contained on Michigan hunting and fishing laws, all county parks, special festivals, and other related information. Large, clear maps showing the location of tourist attractions, motels, hotels, restaurants, etc., further add to the usefulness of the books.

Ada has a two page spread describing the facilities of the area. Lowell is also featured in the booklet.

Copies of the booklet are available free of charge at the Chamber offices, at the offices of the West Michigan Tourist Association, and through other regular tourist information centers.

School Board says 'No Secrets'

(Our thanks to Mrs. Peter Price for personally bringing the following letter and minutes to the Suburban Life office this week.)

We are glad to print both the letter and the minutes in their entirety, as this will give the people of Forest Hills school district a complete and comprehensive coverage of the January 18 Board of Education meeting, which is our primary purpose.)

Letter to the Editor
January 28, 1966
THE EDITOR
SUBURBAN LIFE

Dear Sir:

The article about the Forest Hills School board meeting which appeared in your January 27, edition was so strongly slanted in its headline, introductory paragraphs and comment throughout that the School board feels it may mislead your readers who do not know the facts.

Accordingly, we are enclosing a copy of the minutes drafted for the meeting in question, with the request that you print them in full, so that people may judge for themselves the work done and the decisions made at this rather full session of the Board.

We have customarily adjourned into Committee of the Whole (or "executive session") on all occasions when personnel matters had to be discussed, and then reconvened in open session for the purpose of recording the decisions reached and the reasons behind them. This is a matter of consideration to the individuals involved, and was specifically requested on this particular occasion. We also thought it proper to extend the same courtesy of a discussion off the record to the real estate developer who was obligating enough to come in to our meeting and discuss his plans well in advance of the date for public announcement. This was done at the suggestion of the undersigned, who is responsible for Board procedures and who made the announcement in the meeting, not the Superintendent of Schools, as indicated in your article.

We do not feel that these well-recognized and necessary procedures warrant the criticism you have published.

Full information about School Board activities and the administration of our school is always available at the administration office to citizens of our district; and we hope that the same will also be available to them in your columns, in this instance, by publication of this letter and the enclosed minutes without deletions or change.

Very Truly yours,
Niel A. Weathers,
President, Board of Education, Forest Hills Public Schools.

Minutes of January 18

The Board of Education of the Forest Hills Public Schools met in regular session the evening of January 18, 1966. Members present were Banta, Colvin, Price, Seidman, Sysma, Weathers and Zoellmer. Also present were Superintendent Masten, Assistant Superintendent Price, Principals Dalman, Boerman, Popma, & Bruckman, Supervisor DeArmond, & faculty members, Charles Taylor and John Miller, Phillip Pemberton and Bruck Ambs, field representative of the M. E. A.

Mr. Ladd, who is going to develop a subdivision in Forest Hills, was introduced to Board members and guests. Mr. Ladd informed the Board that he has plans to develop a 350 acre site between Ada Drive and the Grand Trunk railroad tracks, north of Ada Drive and east of the present Junior high school site. He hopes to build 5 or 6 furnished model homes beginning about May 1, 1966. It is his intention that this development will contain 3 and 4 bedroom homes, valued somewhere between \$20,000.00 and \$27,000.00. It is his present plan to build approximately 100 homes per year on this site with lot lines a minimum of 90 feet wide and varying depths.

By mutual agreement, the Board adjourned to have pictures taken and for a committee of the whole meeting with Mr. Ladd.

Upon reconvening the regular Board meeting, it was moved by Fred Sysma, seconded by James Banta, that the minutes of the December 21, 1965, meeting be approved as submitted by mail. Motion carried.

Moved by James Banta, seconded by Fred Sysma, the approval of payment of bills as presented by mail, in amount of \$96,999.43 from the General Fund, and \$82,301.16 from the Building and Site Fund. Motion carried.

Moved by William Zoellmer, seconded by William Colvin, that the low bids submitted by Alberda-Shook Chevrolet for chassis and Hoekstra Truck Company, Inc., for body specifications be accepted for 2 buses to be delivered immediately and 3 for delivery for use next fall. Motion carried.

The president announced that communications had been received from Phillip Pemberton of the Junior High School stating his desire to meet with the Board concerning his employment. Upon Mr. Pemberton's request for a private hearing, it was moved by James Banta, seconded by William Colvin, that the Board adjourn to a committee of the whole meeting. Motion carried.

Upon reconvening the regular Board meeting, it was moved by Fred Sysma, seconded by Sarah Seidman, that the school district, having acted in reliance on Mr. Pemberton's resignation.

Monday, February 7, at 7:15, the Family night program will be held; 8:30 choir practice.

St. Robert's Catholic Church

Thursday, February 3, this is the Feast of St. Blaise, a physician in Armenia. He perceived that the ills of the soul are infinitely more grievous than those of the body. He was ordained a priest, but God permitted this healer of souls to retain the power of healing bodies. He performed many miracles and is invoked for the protection against diseases of the throat. There will be blessing of throats after the 9 a. m. Mass on Thursday and again at 7:30 p. m. St. Robert's.
Friday, February 4, First Friday of the month. Mass will be at 6 p. m. Confessions will be heard one hour before Mass.
Saturday, February 5, 8 p. m. Catechism for grade school at Ada School. 9 p. m. Dance in the Parish hall.
Sunday, February 6, 8 a. m. Mass, servers, Captain Tim Johnson, T. Doyle, S. Johnson, B. Johnson and Jack Krue. 11 a. m. Mass, servers Captain Jeff Krue, Jim Krue, M. Laird, G. Witte, R. McCormick. Ushers for February: 8:00 Mass, John Pellerito, Donald Straziar, George Grochowalski and Steve Haarman. 11:00 Mass, Edward Bunda, William Pullen, Frederick Shorey and Fred Beahan.
Monday, February 7, 7:30 is high school catechism. Monitors are: William Hakeem and Thomas Harrall.

St. Michael's Episcopal

Sunday, February 6, Week of Third Sunday before Lent. Service at 11 a. m. Frank Elles will usher and Jim DuVall and Kris Fisher will be acolytes. Mr. and Mrs. William Gingrich will host the coffee hour after the morning service.
Good food and fellowship were the ticket last Friday evening when Dr. H. A. Carpenter and Robert Cooper hosted a stag party at Coopers for the 1966 ushers and choir members of St. Michael's Mission. Dr. Tepe joined the men for relaxing evening of no meeting, no business, discussions and no collection.
Don't forget to bring your rug hooking or busy work and join us at the Mission for the workshop at 9:30 Tuesday, February 8 and 15. Coffee and babysitter will be on hand.

R. L. D. S. at Alaska

Thursday, February 3, at 7 p. m. the Skylarks will meet at the church; 7:30 p. m. the Zions League will meet at the home of Marvin LaLone.
Sunday, February 6, 11 a. m. worship service High Priest Dirk Venema will deliver the communion message. This is a very important ordinance of the church. At the 7 p. m. service, teacher Robert Loesch will bring the message. It will be "A Hundred Percent Latter Day Saint."
Monday, February 7, 7:30 the Zioncers will meet at the church.
Tuesday, February 8, 7 p. m. the Field School continues its lessons concerning the survey of the Old Testament.
Wednesday, February 9, at 7 p. m. Priest Kenneth Colburn brings the message for the worship hour. The topic will be "He Requires a Reasonable Servant."

Named delegate to spend six months in Nepal

A 1963 graduate of Lowell high school is among the five Michigan International Farm Youth Exchange (IFYE) delegates for 1966. The program exchanges young men and women from the United States with those of other participating countries for four to six months.
Marjory McPherson, daughter of Mr. and Mrs. Donald A. McPherson of Route 1, Lowell, will spend from September to April in Nepal. She is a junior at Michigan State University.
The IFYE program is devoted to world understanding by providing first hand experiences for young men and women both here and abroad. Together, IFYE's and their hosts seek to establish understanding about people by sharing cultures.
During the last 17 years, Michigan has sent 83 delegates from all over the state to 46 countries. During that same period, 163 foreign exchangees have lived with nearly 450 host families in the state.
IFYE's must be between the ages of 20 and 30, single and in excellent health, with a rural background and at least a high

BOY SCOUT WEEK

FEB. 7-13

that studies are being continued concerning a possible program for economically & educationally deprived children which could utilize the \$30,000.00 that is available under Title I of the above act.
Mr. Dalman reported that February 24, 1966, has been set as the date for a 20 man visiting team to inspect Forest Hills high school for accreditation by the North Central Association. A meeting will be held on that date at 3:30 p. m. for the visiting team to report to the faculty administration, and to Board members. The administration has been notified by North Central Association that all of the staff of the Forest Hills system meet the qualification requirements of that association.
A building report on the high school indicates that sinks only are still needed in the Art room, the machines are being wired in the Machine Shop, and that electrical wiring and lighting fixtures are being installed in the new Music Facilities at the high school.
Superintendent Masten reported that an open house will be held on January 30, from 2 to 6 o'clock in the junior high school with a dedication ceremony scheduled for 3:30 that afternoon.
Superintendent Masten reported that two meetings have been held by the negotiating team of the Board of Education & the negotiating representatives of the MEA bargaining unit. The first meeting resulted in the approval of an organizational pattern for bargaining and negotiations. This agreement is outlined in the minutes of the Forest Hills Bargaining Committee meeting under that date. A second meeting was held at which the M. E. A. bargaining representatives presented a proposed agreement which, as yet, contains no salary provisions nor tenure evaluation provisions. The Board representatives will presently present counter proposals.
There being no further business, the meeting was adjourned.

Mary Helen Price, Secretary of the Board of Education

When IFYE's return they start the second phase of their experiences. They report their impressions to others. Delegates use both mass media and personal contact in reporting in order to promote better understanding between people in their own communities and those of other nations.
Each IFYE delegate is available for talks and discussion groups. These "grass-roots ambassadors" make hundreds of such appearances each year.

school education. Membership in 4-H or rural youth organization experience is also very helpful. Knowledge of a foreign language is preferred but not essential.

Situation

We do not think of the situation as it IS, but as it OUGHT to be. Christians are always deeply concerned with ethics. Today certain movements deny the validity of the laws of God, and indeed of all law. Many believe that a man's decision must arise spontaneously from his inner sense of what the moment demands. This approach has been criticized, and rightly so, because it leads to anarchy or lawlessness. This is described in the Bible, book of Judges, in these plain words that every man did what was right in his own eyes. God condemns this lack of ethics in Isaiah 53:6 "All we like sheep have gone astray; we have turned every one to HIS OWN WAY; and the Lord hath laid on him (Jesus) the INIQUITY of us all."

The latest form of "ethics" is situation ethics which admits only one absolute: love. The only question is: "What does God's love demand of me in this particular situation?" This appears to be in line with the summary of God's law, which is love. But just what is love? WHO determines what is the way of love in a particular situation? How shall we distinguish love from mere self-interest? The Bible tells us that God is our Lawgiver. Therefore we are not a law to ourselves. Jesus told His disciples: "If ye love me, keep my commandments." John 14:15. In every situation obey God!

New heights reached for airport facility

The 1965 year end totals in all phases of activity at the new Kent County Airport showed that new heights had been reached for the facility, and that it kept pace with the phenomenal national trend of the air transportation industry. The last month of 1965 showed a new record of 11,420 passengers who boarded airline aircraft at the new air terminal. This monthly record contributed to a new annual record of 125,213 enplaned passengers, an increase of 9,576 passengers or 8.3 percent over 1964. Deplaning passenger figures equalled the enplaning record resulting in a total of more than a quarter of a million airline users passing through the new terminal in 1965. It was estimated further that the approximate 3,000 private and executive aircraft that used the airport in 1965 brought to the greater Grand Rapids area an additional 15,000 air travelers.

Total aircraft movements during the 1965 period increased by some 16,000 operations or a 17 percent increase over 1964. The major increase came in the itinerant general aviation movements which totaled 6,000 more than in the previous year.

Total air cargo increases over 1964 showed an overwhelming 41 percent increase with six million eight hundred thousand pounds of cargo being enplaned at the port. These figures show this to be an increase of almost two million pounds over the total cargo carried from the airport a year ago. Comprising this total were 614,585 pounds of air mail, a 14 percent increase over the 1964 totals in this category. In December of 1965 alone a total of 78,775 pounds of air mail was enplaned to establish a new monthly record for the port.

Passenger traffic, cargo and aircraft operations through the new Kent County Airport again are predicted to increase in 1966, indicating a continued and growing contribution by the aviation industry to the economy of the community.

CORRECTION FOR LAST WEEK'S SUBURBAN LIFE

The King and Queen and the court picture for the boys was in error, so sorry, the boys in the back row were Dick Ridings, Tim Williams, whose name was omitted; King, Bob Beahan; Bif Freeman; Bob Connors; and John Titsworth.

Shown film on Red China

Saturday evening, February 5, at 8 p. m. sharp, the second program of the "Travel and Adventure" series will be shown at the Forest Hills High School Multi-purpose room.

The film to be shown, "Red China", was taken last summer by Bathie Stuart who will be here to narrate her latest adventure. Miss Stuart was born in New Zealand and has traveled in and photographed parts of Asia several times. She had been advised that she would not be allowed to enter Red China at this time but she managed to gain permission to tour the country for a four weeks visit. During her stay she traveled all over and photographed many interesting sights in this little-known and mysterious country. Included will be views of large cities, communes, the Great Wall, and the people at work and play.

Single admission tickets are available at \$1.50 for adults and \$1.00 for children 12 and under. Season tickets are still available for just \$5.00 for 6 admissions to be used at any of the remaining five programs as you choose, you can reserve your single admission or sea-

son ticket by calling Mrs. Ron Collins, OR 6-2631, or purchase them at the door. The series is being sponsored by the Congregators of Ada Congregational Church with proceeds to go toward the church building fund.

Set aside the evening of February 7 right now. Plan to come to Cascade School for an Open House and a Book Fair. Everyone will have an opportunity to see his child's room and some of his work as well as make a tour of the lovely new addition. On display and for sale will be books of interest for all ages—from pre-school-

ers to adults. In the multi-purpose room coffee and cookies will be served. Let's all support our children and the PTA by coming to Cascade School February 17, 7 to 9 p. m.

Hospital notes

Mrs. Clair Waite of 7558 68th Street, Alaska, is a patient in St. Mary's Hospital.

Mrs. Florence Wiersma of 6734 Burton Street, SE, is a surgical patient at Butterworth Hospital.
