Spring had officially arrived, the temperature was near 75 degrees, the girls Dorothy and Kim were attired in shorts, but the only known snow-man in the area was still around, at 3186 Behler, Cascade. Dorothy Gabriz on the left, and Kim Zimmer, right, just had to keep winter with us as long as possible, but they acted very happy to be in shorts and free of heavy coats as the snow-man melted in the warm spring sun.

Delegates chosen for Girls' State

Kim Fisher, 7129 Leyton, SE, has been selected to attend Girl's State in June on the Michigan State campus at East Lansing. The alternate will be Jane VanderStoep of 4084 Knapp Street.

The girls were selected by Mr. Van Overing and his staff at Forest Hill's High School and will be sent to Girls State by the American Legion Auxiliary No. 451 of Cascade.

Estelle Crane dies after long illness

Mrs. Estelle A. Crane, 69, passed away Sunday morning of a lingering illness at the home of her daughter, Mrs. John (Phyllis) Hamer of 6460 Burton, SE, Cascade.

Also surviving are two other daughters, Mrs. Mark (Peggy) Urka of Sutton Bay, and Mrs. Wayne (Betty) Franke of Wyoming; two sons, Mark of Wyoming and Walter of El Paso, Texas; 18 grandchildren; and one sister, Mrs. Alanson (Myra) Thompson of Flint.

Funeral services were held Wednesday with Rev. Raymond Gaylord officiating. Interment in Oakhill Cemetery.

Newest to the Crib Crowd

A son, Timothy Scott, was born to Mr. and Mrs. Floyd Averill, of 6546 Wendell Street SE, at Butterworth Hospital, on Wednesday, March 29.

Rev. and Mrs. Richard Gilaspay of 1185 Oakburn SE are the proud parents of a baby girl, Joy Margret, born March 23.

You can have confidence in Lowell Granite Co.

We do!

It's the best qualified company in town to help you choose a cemetery memorial — and the one company we entrust as an Authorized Representative for Sealmark Rock of Ages Memorials. We respect their judgment. You can, too.

Lowell Granite Co.
306 East Main St., Lowell
Ph. TW 7-7191

This message is sponsored by the Rock of Ages Corporation, Barre, Vermont to recognize the public-spirited service offered by one of its outstanding Authorized Dealers.

"The King and I" is big success

Upon entering the Multi-purpose building you immediately feel as if you are entering an oriental theater, with the subdued lighting you are put in the appropriate mood for the play to be presented. Friday and Saturday evening the entire cast and crew were given a standing ovation for a most enchanting production.

Mr. Lamain as director and producer has added another orchid to his crown after his tremendous success last year with "The Sound of Music." Each year he is making it more difficult for the next year's production.

The crew members did a highly professional job for high school students. The audience was not aware of any sound with the moving and rapid changes of scenery, much of which was heavy and complicated. The Stage Manager, Dave Byerly is to be congratulated for surrounding himself with such efficient crew members.

The Scenery chairman, Gretchen Elwell, displayed her artistic talents in the supervision of her scenery crew, each change of scenery, was well coordinated and very artfully planned. The lighting under the direction of Jack Breidenfeld and his student crew members was timed perfectly. The audio was also very professional with everyone in the audience able to hear each word of dialogue and the musical numbers came over perfectly. The music was furnished by Mr. Cogswell at the organ and Chris Drumm and Dave Dunlap at the piano.

Bob Cornelisse, Russ Hoffman, Kai Sorensen, Gwen Reges, Dan Silver, Doug Dykhouse, all made the production a success with their excellent portrayals.

Don't despair if you didn't catch one of the first performances, the production will be given again Friday, April 7 and Saturday, April 8, and there are still a few tickets available for the remaining nights. If you haven't already reserved your seat for the next two performances, please call the school office and they may still have some reserved tickets available.

This should really be a must on your weekend schedule, the students have been working on this since early fall, they have expended their excess energy in a very worthwhile project.

Day nursery to enlarge

In order to meet an increasing need for a day nursery program in the area for pre-school toddlers, the Cascade Christian Day Nursery will move this coming fall from two different sessions to three. This will make it possible for the nursery to accommodate about fifty children instead of the present 34.

Operated on a non-profit basis, the Cascade Nursery has had a phenomenal growth, with a long waiting list. At present, only a few places remain for children this fall. Interested persons should contact the nursery business manager, Mrs. John Titsworth at once if they are interested in registering a child. Contact her at 949-1466. The nursery is state-licensed.

For many years, the nursery has operated two different morning sessions—on Tuesday and Thursday and Wednesday and Friday. As of this fall, the nursery board—with the permission of the Cascade Church,

L. M. Verspoor buried Monday

Leonard M. Verspoor, 53, of 9650 Bailey Drive, Ada, passed away early Saturday morning. Surviving are a daughter, Mrs. Gordon (Marcia) Wilcox of Lowell; a son, SFP 3 Frederic W. Verspoor with the U. S. Navy; two grandchildren; a sister, Mrs. Clarence (Ann) Zylstra; 2 brothers, Adrian of Grand Rapids, Neil of Jackson; several nieces and nephews.

Funeral services were held Monday at 3 p. m. Bernard J. Cotton officiating. Interment at Ada Cemetery.

Jets to use Kent County airport

At the recent Cascade Businessmen's Association meeting, Robert Ross discussed the new twin-jet air line planes scheduled to begin flight from the Kent County Airport. Although scheduled for this summer, they may be late, he said, because of the priority of planes being manufactured for Viet Nam.

North Central has ordered DC-9 Douglas medium planes and United has ordered the new 737 Boeing medium planes. DC-9 jet planes have flown in and out of the Cascade Airport on charter flights.

The C-141 Starlifters that picked up motors at the airport two weeks ago are the largest jet transports used by the Air Corps. The wing span of these planes is over 159 feet and extended beyond the runways on each side.

Grand Rapids Offers
It was at the same meeting that the recent offer of the City of Grand Rapids to provide water and sewer services to the Township of Cascade was announced. Thus far details of the services and provisions under which they would be extended have not been discussed between the city and township officials.

Obviously these services could be important to future development of the industrial park around the airport as well as other sections of the Township.

Other Business
Cascade Businessmen's Association members voted to use \$100 to again support a little league team at Lions Park.

CBA members extended an invitation, at the meeting, to any resident interested in Cascade and surrounding community to attend a CBA meeting. This is an excellent opportunity especially for new residents to become acquainted with the many Cascade activities. CBA offers an associate membership to interested residents without local business affiliations who wish to participate in the many Association community activities and improvements.

The CBA is also considering a Women's auxiliary for wives of members. Anyone wishing to visit a noon dinner meeting, call the president, Bud Vierson. Meetings are held each month on the second Wednesday at 12 noon in the Cascade Christian Church Fellowship building.

Mary Judy plans July wedding

Mr. and Mrs. Robert Judy of Ada announce the engagement of their daughter, Mary, to Thomas Seaver, the son of Mr. and Mrs. Clare Seaver of Montague.

The prospective bride and groom are graduates of Central Michigan University and teach at Alma and Greenville, respectively.

A July 29th wedding is being planned.

Card of Thanks
Mrs. Charles Powell wishes to express her gratitude to her many friends and neighbors, who showed their kindness in her recent bereavement.

Baseball season opens April 11

The 1967 Forest Hills Rangers varsity baseball team will open their 17 game schedule season in the O.K. League Red Division, next Tuesday, April 11, with a non-league tilt against the Rockford Rams of the Tri-River league.

This year's varsity and JV teams are coached by Chuck Mathews and Ed Bowser respectively. Mr. Mathews is new to Forest Hills as the baseball coach, but he is not unfamiliar in the wrestling circles as he was the coach and led the grapplers to a highly successful season. Mr. Mathews is a physical education instructor at Forest Hills and former coach at the Greenville High School and also last summer was coach of the semi-professional Wyoming Colts in the United Baseball League.

The varsity and J.V. baseball teams have been practicing and working hard for the last three weeks and they are gradually progressing and improving with each day's practice.

The varsity still has a lot of work to do and they are in the process of rebuilding their team as they are a young team and only have six boys returning from last year's squad.

The Rangers have nothing to do but improve as they failed to win a game last year.

This is the smallest squad Mr. Mathews has ever had in baseball but there is good material to work with and the nineteen members are learning fast.

Returning veterans from the varsity include seniors, Tim Moore and Greg Leach as the pitchers, Jim Koert at second base, John Gromer in the infield and Randy Ashley at first base. The only other returning member is sophomore pitcher-firstbaseman, Scott Wingier.

The rest of the team includes seniors, Scott Weaver and Randy Bruwer both at first base, juniors, Dan Bell second base, Jeff Krueer first base, Mike Hoover, outfield and Ryan Ashley at third base. The talented young sophomores include catchers, Jim Olson and Randy Simon, shortstops, Bob Sullivan and Stanley Grochowalski and outfielders Dave Sherwood and Gary Gromer. The only freshman on the varsity is Jim Eardly who plays third base.

The pitching duties will be performed by fireballers Wingier, Moore, Leach and Grochowalski.

The positions are not all set yet and during the season quite a few boys may be seeing action at different positions or else some of them may be seeing double duty and don't be surprised if you see the lineup vary from game to game.

The Rangers are looking forward to the coming season and you can be promised that when you watch them play you will see a scrappy hardworking, efficient, hustling ballclub, because this is coach Mathews' style of playing ball.

The Ranger varsity baseball team would like to acknowledge the fact that there is no charge for the home baseball games played on the Forest Hills diamond so that means that you loyal baseball fans will be able to watch our "Hustlin' Rangers for free.

Scott Weaver,
Student Reporter

CARD OF THANKS

I want to thank all of my many friends who have heard about my little business venture and have shown in so many ways their thoughtfulness. Stop by and have coffee with us anytime.

"Would you believe" Saturday

Would you believe that in this community there is a nine acre park that has a picnic area and a boys' baseball program that doesn't cost the taxpayer a penny?

Would you believe that interested citizens and the Thornapple Valley Lions Club, organized the only youth summer recreational program for this area in 1956?

Would you believe that this park has trees, shrubs, grass, picnic tables, ball diamonds, etc., that are not maintained by taxpayers money?

Would you believe that the Thornapple Valley Lions would like to add a community shelter house, tennis courts and possibly a pool to this park area?

Would you believe that the Thornapple Valley Lions is the only service club in this area and all of its projects are for sight conservation and community service?

Would you believe that on Saturday, April 8, 1967, the Lions will have one thousand bags of charcoal to sell?

The Lions Club believe they will sell all one thousand bags of charcoal. DON'T YOU? Help the Lions serve the community on Saturday, April 8.

Local girl honored at Wilson College

Marjorie Beth Schaafsma of Ada has been elected to membership in the Silver Key Club, a voluntary service organization at Wilson College.

Miss Schaafsma is a freshman at the four-year college for women at Chambersburg, Pennsylvania, and is the daughter of Dr. and Mrs. B. R. Schaafsma, 3920 Rix Street, Ada.

Members of the Silver Key act as campus guides to prospective students, their parents, and other visitors. The new members will assume their duties in April.

July wedding planned by Frances Bittle

Mr. and Mrs. Leon Bittle of Ada announce the engagement of their daughter, A.2C Frances Roberta Pearson of Carswell Air Force Base, Texas, to A.2C Richard Dale Rowell of Bosier City, Louisiana, who is also stationed at Carswell Air Force Base.

The wedding will take place on the base on July 8th.

Frances is a graduate of Forest Hills High School and went to Junior College one year before entering the Air Force.

Cascade Township sets plans for addition to fire station

Plans for an addition to Cascade Township Fire Station were announced to the electors at the annual meeting held Saturday, April 1. The building, designed by McMillen-Palmer Architects will provide office space for township officials, allow future anticipated expansion of the Township fire department and will have a board meeting room on the lower level.

The two-level structure, will be attached to the existing Cascade Township fire station, will front on Orange Street, and will also serve as a voting station for precinct two. Funds for the project are at hand in the Township's Building and Site Fund.

Cascade Township Hall, originally constructed in 1898 and in constant use since that time has been renovated recently and will continue to function as a community meeting center and for the general meetings of the electors. Bid advertisements on the new office unit is expected to be published soon.

Next week's Suburban Life will publish architects' sketch of the addition.

A resolution was adopted, acknowledging the many years of dedicated service of Mrs. Edna Osmer, former clerk, treasurer and trustee, the resolution was carried by a rising vote of the assembly.

Maple Grove facility approved by voters in Ada and Cascade

Kent County voters overwhelmingly approved a tax of 1 mill for four years to construct a new medical care facility costing an estimated \$5 million. Voters in Cascade and Ada Townships favored the proposal. Cascade voters approved the added millage 382 yes to 99 no; Ada voters 234 yes to 89 no.

In the vote for judges of circuit court and probate court, Roman Snow won the circuit court job; Cascade voters gave Snow 251 and Miller 264; in Ada Snow received 182 and Miller 180.

John P. Steketeer won the probate court race; Cascade electors gave him 354 votes and DeYoung 115; Ada gave Steketeer 239 and DeYoung 111. There were 522 voters in Cascade and 370 in Ada.

CASCADE TOWNSHIP ZONING NOTICE

PLEASE TAKE NOTICE that the Cascade Township Planning Commission will hold a public hearing on Monday, May 8, 1967, at 8:00 P. M. on said date at the Cascade Township Hall in the Village of Cascade in said Township, upon the following proposed amendment to the Cascade Township Zoning Ordinance and Land Use Map, viz:

AMENDMENT TO CASCADE TOWNSHIP ZONING ORDINANCE
The Township of Cascade Ordains

That the Zoning Ordinance of Cascade Township, Kent County, Michigan of December 1, 1962, as amended, shall be and hereby is further amended so as to provide the following additional terms and conditions:

That the property described as that part of the west fractional 1/2 of the southwest fractional 1/4 lying southerly of Creekside Plat and southwesterly of the southwesterly line of I-96 except the south 40 acres and except the west 640 feet of the remainder; also that part of the northeast 1/4 of the southwest 1/4 lying southwesterly of the southwesterly line of I-96, Section 7, town 6 north, range 10 west to be rezoned from R-2 residential to B-5 Industrial Park with the additional requirement that all yard areas shall be maintained in neat and orderly condition.

Wednesday, April 12, Snow W.S.C.S. will serve a Roast Beef dinner, country style, at the Snow Christian Center, 3211 Snow Avenue. Serving starts at

Cascade Twp. Notice

CASCADE TOWNSHIP ZONING NOTICE

PLEASE TAKE NOTICE that the Cascade Township Planning Commission will hold a public hearing on Monday, April 10, 1967, at 8:00 p. m. on said date, at the Cascade Township Hall, in the Village of Cascade in said Township, upon the following proposed Amendments to the Cascade Township Zoning Ordinance and Land Use Map, viz:

AMENDMENT TO CASCADE TOWNSHIP ZONING ORDINANCE

The Township of Cascade Ordains That the Zoning Ordinance of Cascade Township, Kent County, Michigan of December 1, 1962, as amended, shall be and hereby is further amended so as to provide the following additional terms and conditions:

AMENDMENT 1 R-3 SPECIAL RESIDENTIAL DEVELOPMENT

SECTION 1 DESCRIPTION AND PURPOSE. It is the intent that this zone be provided for the development of land for residential use not suitable for conventional subdivisions by virtue of rugged or unusual terrain or special soil conditions.

SECTION 2 USE REGULATIONS. Lot dimensions in the R-3 Residential Zone shall conform to the following schedule, provided the number of residential lots shall be no greater than it would be if the property in question were developed according to the standards of the R-1 zone, as set forth in Chapter 9.

(a) The maximum density for residential development shall be 1.0 dwelling unit per acre (excluding roads).

(b) Lot widths shall not be less than 90 feet on the building line.

(c) Recorded lot depths shall not be less than 130 feet.

(d) Lot depths may be reduced to not less than 110 feet when such lots border on land dedicated to the common use of the subdivision, as provided for in the following Sections 3, 5 and 6.

(e) Rear yards shall not be less than 40 feet when rear yards border on land dedicated to the common use of the subdivision, as provided for in the following Sections 3, 5 and 6.

(f) All uses to which said Common Open Area may be put and all improvements made thereon shall first be submitted to the Planning Commission for approval and the Planning Commission, before giving its approval shall consider the likelihood of residents or the developer, as the case may be, of the Planned Residential Development to first complete the improvements and thereafter to maintain them so that they shall not become the responsibility of the Township under Secns. 6 and 7 hereof.

(g) The side yard requirements in this zone shall be the same as those of the existing residential zone in which this development is located and if not located in an existing residential zone, the side lot requirements shall be those of the R-1, Residential Zone, and if located partially in two different residential zones the requirements will be those of the more restrictive of the zones.

(h) All requirements of R-1 residential district, including but not limited to those of land use and buildings, except as such are modified by the terms of this chapter, and except uses for the land dedicated to the common uses as set out in the instrument of dedication thereon and approved by the Township Board shall apply to the R-3 Residential Zone.

SECTION 3 COMMON LOT AREA REQUIREMENTS.

(a) For each square foot of land gained under the provision of this chapter, through the reduction of lot sizes below the minimum requirements of the R-1 Residential Zone, equal amounts of land shall be dedicated to the common use of the lot owners in the subdivision in a manner approved by the Township Board upon recommendation of the Planning Commission.

(b) No area to be dedicated for the common use of the subdivision shall in any case be less than two acres in area, exclusive of roads, provided, a parcel divided by a stream shall be considered as one parcel.

(c) Access shall be provided to areas dedicated for the common use of the subdivision for those lots not bordering on such dedicated areas by means of streets or pedestrian access ways.

SECTION 4 BASIS OF APPROVAL. In approving the application for a "Planned Residential Development," the Planning Commission shall consider in making a recommendation to the Township Board the following:

(a) To provide a more desirable living environment by preserving the natural character of open fields, stands of trees, brooks, hills and similar natural assets.

(b) To encourage developers to use a more creative approach in the development of residen-

tial areas, thereby designing safety into the street pattern.

(c) To encourage a more efficient, aesthetic and desirable use of open area while recognizing a reduction in development costs and by allowing the developer to bypass natural obstacles on the site.

(d) To encourage the provision of open space within reasonable distance of all lots forming a part of the subdivision & to further encourage the development of recreational facilities and areas.

SECTION 5 PROCEDURE

The owner or owners of any parcel or parcels of land may make application to the Planning Commission for a change of zoning to the R-3 Special Residential Development Zone. Such application shall be accompanied by a development plan which includes a topography map showing contour lines at five-foot intervals, a plot plan showing the location of all proposed buildings, all non-enclosed uses, all drainage, parking and traffic-handling facilities, all sanitation and water supply facilities and other proposed utility facilities, one or more of the preceding requirements of the development plan may be waived by the Planning Commission if it finds that the same would be unnecessary and serve no useful purpose. It shall also indicate all screening and other landscaping, all exterior lighting and signs. It shall also include floor plans and elevation drawings showing architectural style of all buildings it is proposed to erect on the land to be dedicated to the Common Use except where the Planning Commission and Township Board shall expressly waive the requirement of floor plans and elevation drawings.

(b) Application for approval shall be first made to the Planning Commission. The application may request Preliminary Approval or Final Approval. The Planning Commission shall send to the Township Board its recommendations as to each application and state its reasons therefor.

1. Preliminary Approval

When an application for preliminary approval is made the same procedures of review, study, publication, public hearing and recommendations to the Township Board shall be followed as in the case of an amendment to the Zoning Ordinance and such shall not be considered granted until passed by the Township Board. The purpose of granting a Preliminary Approval shall be to permit the applicant to determine whether the requested zoning change will be granted and to encourage investment in preliminary planning and development to the benefit of the public health, welfare and safety.

The grant of Preliminary Approval shall state the conditions, specifications and all other requirements which must be met to obtain Final Approval and if such requirements are met before expiration of the Preliminary Approval, such Final Approval shall not be denied.

Preliminary Approval shall be granted for a period of not more than two (2) years and upon request to the Township Board with favorable recommendation from the Planning Commission may be extended for an additional period of one (1) year.

If Final Approval is requested when no Preliminary Approval has been granted, it shall be granted in accordance with the procedures for amending the Zoning Ordinance.

If Final Approval is requested following grant of Preliminary Approval, application therefor shall be made to the Planning Commission which shall then carefully review the steps taken by the applicant to comply with the terms and conditions of the Preliminary Approval. The burden of proving compliance shall be upon the Applicant. If it determines there has been compliance with these terms and conditions of the

SECTION 6 MAINTENANCE OF COMMON OPEN AREA. In the event that the Organization established to own and maintain Common Open Space, or any successor Organization, shall at any time after establishment of the Planned Residential Development fail to maintain the Common Open Space in reasonable order and condition in accordance with the Plan, the Township may serve written notice upon such Organization, or upon the residents of the Planned Residential Development, setting forth the manner in which the Organization has failed to maintain the Common Open Space in reasonable condition, and said notice shall include a demand that such deficiencies of maintenance be cured within 30 days thereof, and shall state the date and place of a hearing thereon which shall be held within 14 days of the notice. At such hearing the Township may modify the terms of the original notice, as to the deficiencies, and may give an extension of time within which they shall be cured. If the deficiencies set forth in the original notice, or in the modifications thereof, shall be cured within the said 30 days or any extension thereof, the Township, in order to preserve the taxable values of the properties within the Planned Residential Development & prevent the Common Open Space from becoming a public nuisance, may enter upon said Common Open Space and maintain the same for a period of one year. Said entry and maintenance shall not vest in the public any rights to use the Common Open Space except when the same is voluntarily dedicated to the public by the owners and the Township shall have agreed to accept it. Before the expiration of said year, the Township shall, upon its initiative or upon the request of the Organization theretofore responsible for the maintenance of the Common Open Space, call a public hearing, upon notice to such Organization or to the residents of the Planned Residential Development, to be held by the Township, at which hearing such Organization of the residents of the Planned Residential Development shall show cause why such maintenance by the Township shall not, at the election of the Township, continue for a succeeding year. If the Township shall determine what such Organization is ready and able to maintain said Common Open Space in reasonable condition, the Township shall cease to maintain said Common Open Space at the end of said year.

If the Township shall determine such Organization is not ready and able to maintain said Common Open Space in a reasonable condition, the Township may, in its discretion, continue to maintain said Common Open

Space on a year to year basis until at a public hearing held pursuant to notice as provided in this Section, which meeting is called either by the Township or upon the request of the Organization, the Township shall be satisfied that the Organization is ready and able to maintain said Common Open Space. The decision of the Township in any such case shall constitute a final administrative decision.

The cost of such maintenance by the Township shall be assessed ratably against the properties within the Planned Residential Development that have a right of enjoyment of the Common Open Space, and shall become a tax lien on said properties. The Township, at the time of entering upon said Common Open Space for the purpose of maintenance, shall file a Notice of such lien in the office of the Kent County Register of Deeds, upon the properties affected by such lien within the Planned Residential Development. The costs assessed by the Township pursuant to this Section shall be billed with and become due and payable with the annual taxes levied by the Township of said properties.

SECTION 7 CLOSING OF STRUCTURES. In the event that Township shall assume the maintenance of any Common Open Area pursuant to Section 6 of this chapter, the Township, at its election, shall have the right and power to cease the operation of and to close any structures or other improvements on said Common Open Area. All expenses incurred by the Township in ceasing the operation of or closing of any such structures or improvements shall be at the expense of the properties within the Planned Residential Development having a right of enjoyment of the Common Open Area.

AMENDMENT II D-1 SPECIAL DEVELOPMENT ZONE

SECTION 1 DESCRIPTION AND PURPOSE. A zone which will be established only upon application by the owner of the property for special uses such as residential developments not otherwise provided for by the Cascade Zoning Ordinance, multi-family, extraction of natural resources, shopping centers, industrial parks, and recreational areas and combinations of such developments when such combinations form part of a single plan of development, which developments may require special treatment with regard to screening or setbacks, and side and rear yards, or which may generate special situations, water problems, health problems or special traffic or other public problems. This zone shall also be available for areas where problems of terrain, access roads or location in multiple zones may require special treatment of matters of setback, or side and rear yards, or land use or area restrictions, or it is in the best interest of public health, welfare or safety to permit developments not otherwise permitted in any one zone.

SECTION 2 USE REGULATIONS AND PROCEDURE.

(a) The owner or owners of any parcel or parcels of land which is not substantially fully developed or on fully developed land on which it is proposed to raze buildings and redevelop, may make application to the Planning Commission for a change of zoning to the D-1 Special Development Zone. Such application shall be accompanied by a development plan which includes a topography map showing contour lines at 5-foot intervals, a plot plan showing the location of all proposed buildings, all non-enclosed uses, all drainage, parking, loading and traffic-handling facilities, all sanitation and water supply facilities and other proposed utility facilities. One or more of the preceding requirements of the development plan may be waived by the Planning Commission if it finds, because of the nature of the proposed use, that the same would be unnecessary and serve no useful purpose. It shall also indicate all screening and other landscaping, all exterior lighting & signs. It shall also state in detail the proposed use or uses to be made of the land. It shall also include floor plans and elevation drawings showing architectural style of all buildings except where the Planning Commission and Township Board shall expressly waive the requirement of floor plans and elevation drawings. Where the proposed development includes extraction of natural resources, a plan shall be presented indicating the proposed final contours of the land and quantity of material to be removed.

(b) Application for approval shall be first made to the Planning Commission. The application may request Preliminary Approval or Final Approval. The Planning Commission shall send to the Township Board its recommendations as to each application and state its reasons therefor.

1. Preliminary Approval

When an application for preliminary approval is made the same procedures of review, study, publication, public hearing and recommendations to the Township Board shall be followed as in the case of an amendment to the Zoning Ordinance and such shall not be considered granted until passed by the

Township Board. The purpose of granting a Preliminary Approval shall be to permit the applicant to determine whether the requested zoning change will be granted and to encourage investment in preliminary planning and development to the benefit of the public health, welfare and safety.

The grant of Preliminary Approval shall state the conditions, specifications and all other requirements which must be met to obtain Final Approval and if such requirements are met before expiration of the Preliminary Approval, such Final Approval shall not be denied.

Preliminary Approval shall be granted for a period of not more than two (2) years and upon request to the Township Board with favorable recommendation from the Planning Commission may be extended for an additional period of one (1) year.

If Final Approval is requested when no Preliminary Approval has been granted, it shall be granted in accordance with the procedures for amending the Zoning Ordinance.

If Final Approval is requested following grant of Preliminary Approval, application therefor shall be made to the Planning Commission which shall then carefully review the steps taken by the applicant to comply with the terms and conditions of the Preliminary Approval. The burden of proving compliance shall be upon the Applicant. If the Planning Commission determines there has been compliance with these terms and conditions of the Preliminary Approval, it shall so state to the Township Board and recommend the grant of Final Approval and the fact of such action shall be published before the Township Board acts on the same. If the Planning Commission determines that there has not been compliance with all of the terms and conditions of the Preliminary Approval, it shall so inform the Applicant and the Township Board and it may refuse to recommend the grant of Final Approval, giving its reasons therefor, and such shall be published before the Township Board considers the Planning Commission's recommendations.

After expiration of a Preliminary Approval the entire matter shall be treated as if no request had ever been made. If the request for Final Approval is submitted in writing to the Planning Commission before the expiration date of the Preliminary Approval, it shall be considered timely even though the hearings, recommendations and grant by the Township Board shall occur after the expiration date. In such case the Planning Commission must give its recommendations within sixty (60) days of such written request.

An Applicant may terminate a Preliminary Approval at any time by so notifying the Plan-

ning Commission in writing. During the period of Preliminary Approval is in effect, neither the Planning Commission nor the Township Board shall recommend or grant any zoning in the area covered by such Preliminary Approval.

(c) The Final Approval of any application shall be in the form of an amendment to this Ordinance and shall incorporate the development plan by reference. It shall also specify the permitted use in detail which shall exclude any other use. It shall also specify side yards, front yard, building height, lot area requirements and such other areas as the Planning Commission shall deem proper and may include minimum building site requirements, and shall meet the following requirements:

1. Such greenbelt as the Planning Commission shall deem necessary to protect the adjoining properties not to exceed 150 feet in width.

2. Such setback from the right-of-way as the Planning Commission shall deem necessary to protect the market value of adjoining premises and for the protection of the public health, safety, and general welfare.

3. Such yards and open spaces as the Planning Commission deems necessary under the circumstances of the particular case to protect the health, safety, and general welfare of the public.

4. Streets, pedestrian walkways and related means of access as are deemed necessary under the circumstances to protect the health, safety and general welfare of the public and residents.

(d) At the time application for Final Approval is made, the instruments or instruments covering the uses, terms and conditions by which the common area is dedicated and governing its use, maintenance and administration by the landowners having rights therein shall be submitted to the Planning Commission and it shall be the duty of the Planning Commission to submit the same to the Township attorney for a written opinion thereon which opinion shall be submitted to both the Planning Commission and the Township Board. Final Approval shall not be given unless the Township Board is satisfied that the instruments adequately protect the people of the Township against uses or administration of the common area which would be detrimental to their health, welfare or safety.

SECTION 3 LOCATION OF SPECIAL DEVELOPMENT ZONES. Such zones devoted entirely to residential uses or to a combination of residential and recreational uses may be located in any R-1 or R-2 Residential Zone and in any Agricultural Zone, or any combinations of these zones within the Township and all restrictions not specifically provided for in the Final Approval shall be those of the most restrictive of the zones in which located.

Such zones devoted solely to recreational use or to a shopping center alone or in combination with residential or light industrial uses may be located in B-1, General Business, B-2 Special Business or Agricultural Zone in the Township or in any combination of these zones.

Such zones devoted solely to industrial park uses may be located in any B-1, General Business

Zone, or in any combination of these zones. Such zones devoted solely to industrial park uses may be located in any B-1, General Business

(c) The Final Approval of any application shall be in the form of an amendment to this Ordinance and shall incorporate the development plan by reference. It shall also specify the permitted use in detail which shall exclude any other use. It shall also specify side yards, front yard, building height, lot area requirements and such other areas as the Planning Commission shall deem proper and may include minimum building site requirements, and shall meet the following requirements:

1. Such greenbelt as the Planning Commission shall deem necessary to protect the adjoining properties not to exceed 150 feet in width.

2. Such setback from the right-of-way as the Planning Commission shall deem necessary to protect the market value of adjoining premises and for the protection of the public health, safety, and general welfare.

3. Such yards and open spaces as the Planning Commission deems necessary under the circumstances of the particular case to protect the health, safety and general welfare of the public.

4. Such area for parking motor vehicles on private property of the applicant not to exceed in area a ratio of three square feet of building area devoted to the specified unique use.

5. Streets, pedestrian walkways and related means of access as are deemed necessary under the circumstances to pro-

tect the health, safety and general welfare of the public and users of the special development.

6. The location of signs shall be governed by the Cascade Township Sign Ordinance as applied to the most similar use defined by other chapters of the Cascade Township Zoning Ordinance.

If an amendment approving a D-1 Special Development Zone application shall not specially provide for each of said requirements, the requirement of the least restrictive zone in which such use is otherwise permitted shall apply.

SECTION 3 LOCATION OF SPECIAL DEVELOPMENT ZONES. Such zones devoted entirely to residential uses or to a combination of residential and recreational uses may be located in any R-1 or R-2 Residential Zone and in any Agricultural Zone, or any combinations of these zones within the Township and all restrictions

Road projects are announced

Start of work on three projects in five counties with total contract cost of \$119,457 was reported today by the State Highway Commission.
 Projects include the Ionia Kent and Newaygo counties for removal of 576 trees on M-21 from 1-96 east to Muir and on M-37 from White Cloud north to Lilley in Newaygo County. Contractor on the \$23,481 project is the Bichler & Son Tree Experts of Grand Rapids.
 Bids were taken in February of this year and completion is scheduled in May.
 The project is financed entirely with state funds.

Announce engagement of Barbara Lee to Lee Duane Quint

Mr. & Mrs. Robert J. Lee, Engleside, SE, announce the engagement of their daughter, Barbara Jane to Lee Duane Quint, son of Mr. and Mrs. Peter Quint of Lovett, SE.

Miss Lee graduated from Forest Hills High and attended Western Kentucky University where she was affiliated with the Sigma Kappa Sorority.

Her fiancé graduated from East Grand Rapids High School and will graduate from the University of Michigan in April.

They will be married on June 3.

 SUNDAY SCHOOL — 11:15 A.M.

Immortality

We mortals are subject to death. The word "mortal" comes from the Latin word for deaths—"mors." Mortals are those who are destined to die. It is no wonder that one of the meanings of "mortal" is "human" for it is appointed unto all men to die.
 The good news which comes to believers from the gospel of the resurrection of Jesus Christ from the dead is that He has brought life and immortality to light. 2 Timothy 1:10. Immortality is, of course, the exact opposite of mortality. Literally it means that the believer is no longer subject to death. Death always means separation. Because of Christ's atonement the child of God is freed from eternal death. Spiritual death, or separation from God, is vanquished more and more in this life, and completely when the Christian departs from this earth in bodily death. And though the believer must experience physical death, which is the separation of body and soul, it is for him a wonderful transition to be with the Lord.
 The immortality which Jesus brought to light through the gospel is not just endless existence, but everlasting life with God in Christ who is THE LIFE. Immortality, according to the Bible, means imperishable salvation for both soul and body. Has Christ brought this light to you?

How can you...

Buy a last-minute present without money?
 Get your TV repaired without money?
 Buy a steak dinner without money?
 Order a load of lumber without money?
 Even get cash without money?

"Charge-It"

The new family charge card with a bank behind it.

Here's a master credit system for family shopping that gives you thousands of charge accounts all over the midwest... places where you could never charge before.

All you'll need is a single "Charge-It" card. It gives you unquestioned credit because there's a bank behind it. It's yours free, and there are no annual fees or dues.

"Charge-It" also simplifies your money management. No matter how many places you use your card, you'll get only one itemized bill each month. One card, one monthly bill, one payment. You have 25 days to pay—or you can pay just a portion each month, like a budget charge account.

You can even use your "Charge-It" card to get cash. Just walk into the bank, show your card, walk out with \$50 to \$100. It might come in handy just before payday! No loan application needed.

Who can apply? Men and women 21 or over. You don't have to be a bank customer, and you don't have to have a big income. For more information, mail the coupon or call 538-8100 today.

Union Bank & Trust, N.A.
