## **Ada Grocery Changes Hands**

The former Ada IGA changed hands January 6, 1976. Don Puhalski is the new owner and the store will now be a Spartan Store. It will be known as the Ada Supermarket. Don has big plans for the store which includes a 4,000 sq. ft. addition. This additional space will offer a wider range of grocery items and a larger non-food inventory.

Don also owns another grocery store in Grand Rapids on Leonard St. at Muskegon Avenue. The running of both stores will be a real family operation. Don's son, Paul will be the manager of the Ada store and his daughter Donlynn Olivier will be the head cashier and bookkeeper. Don's son-in-law. Ernie Olivier will manage the Leonard Street store and Nanette, another daughter, is the head cashier and bookkeeper there. Don's wife, Maxine will work both stores providing relief for Donlynn and Nanette. Another son, Patrick is the non-foods merchandiser for both stores. And David the youngest, at only 13 is getting an early start in the business working as a stockboy

Best wishes on your new venture to you and your entire family,

### **Lowell Man In Fair Condition Following Shooting, Sunday**

Wilcox, 51-years-old, of 121

In a report released by the

Michigan State Police Post at

Rockford, the shooting occurred

following an argument between

Mr. Wilcox, his wife, and

According to the report, Mr.

and Mrs. Wilcox were overnight

guests at the Flanagan home,

and the disagreement began

Wilcox, reportedly left the

Armed with a 20-gauge shot-

gun, he returned to the scene of

the argument around 8:40 a.m.

where he found Flanagan asleep

Wilcox fired one shot, which

struck Flanagan in the left leg.

Upon arrival of the state police,

Flanagan was rushed to Butter-

worth Hospital where he under-

went immediate surgery.

Flanagan residence and

turned to his home.

in his bedroom.

Flanagan.

Lincoln Lake Avenue, N.E., has

been placed on a \$2,500 bond.

A 44-year-old Lowell man was still listed in fair condition at Butterworth Hospital in Grand Rapids Tuesday following a shooting early Sunday morning. January 11, north of Lowell.

Wounded in the assault was Harvey Flanagan of 12935 Vergennes Road, N.E.

Arraigned before Judge Joseph B. White, January 12 in the 63rd District Court, on a charge of assault with intent to do great bodily harm, less than murder, was Harley Wilcox.

### Snowmobilers Off The Trail **Cause Complaints**

This ideal weather for the sport of snowmobiling, has become somewhat of a headache for the Lowell Police Department as numerous complaints flood their office, from citizens who do not find the sport so enjoyable.

Most of the complaints, according to Chief of Police Barry Emmons, are coming from citizens adjacent to the state snowmobile trail which runs through the City of Lowell on the fringes of the East side.

The complaints, mainly concern riders who have wandered off the marked trail or are lost and trying to get on the right track again.

One such rider, who lost her way, was suddenly halted when her machine sank in a pond on South Division Street.

The DNR's snow trail which runs from Wabasis Lake, north of Lowell to the Gun Lake area, south of here, is open to all snowmobilers. All who ride the trail are urged to stay on the trail.

Other complaints received by the Lowell Police involve snow mobilers riding within the City Limits of Lowell, going across people's property, riding in the early morning hours, etc.

Chief Emmons, says he will approach area snowmobile clubs and ask their complete cooperation in helping to control the

Taken into custody by the Royal Canadian Mounted Police in London Ontario, Canada was Jerry Godden of Lowell. Godden is to be returned to the Kent County Jail after abscounding from justice 11/2 years ago following a conviction on arson charges in

& SONS BOOK BINDERY

SPRINGPORT, MICHIGAN

Four property damage accidents were investigated last week by the Lowell Police Department. Last Wednesday afterroon Mark Billock backed out in front of an auto driven by Mrs. Sandra Meredith on Riverside Drive and Maureen Mikulski made a left turn in front of Darroll Kelly. Thursday, a car driven by a juvenile failed to stop at a posted intersection, slid on the ice, and hit a car driven by Mrs. Eunice Kooiman. Friday, Kenneth Granger of Lowell hit a utility pole after being passed and crowded off the highway on North Hudson Street.

New landfill permits for 1976 are now in effect. In order for Lowell City residents to use the landfill, you must stop in at City Hall and purchase the permit, and receive the new blue and white sticker. No one will be admitted to the landfill with any other color sticker. The landfill is open Tuesdays, from 9 a.m. to 12 noon, Thursdays, from 1 p.m. to 4 p.m., and Saturdays from 9 d.m. to 12 noon, and 1 p.m. to 4 p.m.

Santa Claus made his final departure from the City of Lowell Monday morning, when a City crew removed the red-suited gentleman from the light posts along Main Street.

Again a familiar sound along Main Street is the whistle toots from the Superior Furniture Company. The whistle which has been out of commission for some time is used to begin a day's work at 7 a.m. It is also blown at the noon hour and at departure

Ice skating enthusiasts are reminded that the outdoor rink, maintained by the City of Lowell, is now open. Anyone wishing additional information about the rink, which is located at the south end of Recreation Park, can call the Lowell City Hall at

Lowell City refuse collectors were a mite surprised at one collection made on Main Street last Friday morning, that of a colored television set from in front of Art's TV Service. To make a long story short, the console set, painted in a variety of hues, to make it colored, was won recently by Attorney Fred Althaus at the Charter Night proceedings for the Alto Lions Club, as a gag gift. Wishing to share his winnings with other Main Street merchants. Althaus passed the set along Main met its final ending.

State Highway officials are expected to make a recommendation to Gov. William G. Milliken soon that will help finance a more balanced transportation program for Michigan. It calls for a raise in license plate and diesel fuel taxes. The proposal will call for a flat rate license plate tax of \$30 to replace the current levy, which is based on vehicle weight. The same flat rate would also apply to 1/2 and 1/4-ton pickups, as well as automobiles.

Congratulations to the Harold Zeigler Ford Dealership at 11979 East Fulton Road, who will this Friday, January 16, hold their Grand Opening Celebration.

### Hopes Fade In '76 Completion Of Saranac's Grand River Bridge

At Monday's meeting of the Saranac Village Council, representatives from Williams and Works explained that there was very little hope in completing the proposed Grand River bridge during the 1976 construction season. Due to many unexpected delays a construction contract will probably not be let until June of this year. Since this is the case, Saranac will be without any bridge at all from June 1976 until June of 1977. The alternative to this is a temporary structure that would cost approximately \$250,000.00. This was figured into the original estimate of 1.7 million dollars, now the Village must decide if they want to pay their share of this which would amount to roughly \$25,000.00 or go without a crossing for a year. Another problem that was brought up is that the scales at the Saranac Elevator are encroaching on the road right-of-way and will probably have to be relocated when construction starts. Williams and Works also stated that in all probability, their design will be for one large bridge of over 500 feet and the second bridge will

The Village Board requested that Williams and Works estimate costs for supplying sewer to the new REM plant now under construction. Because of the low elevation of the building, either a grinder pump or a lift station will have to be incorporated. Estimated cost for the grinder pump was \$16,000.00 and \$31,000.00 for the lift station. The lift station would have a much larger capacity and would allow for fature

Representatives from the Sheriff's Department agreed to enforcing Saranac's ordinance which prohibits parking on the Village streets from 2:00 a.m. through 6:00 a.m. to allow for snow removal. First offenses will receive a warning and second offenders will be ticketed and their vehicle removed from the

### Lowell Twp. **Takes Survey**

Very shortly the citizens of the Township of Lowell will be receiving a "Community Attitude Survey" questionnaire.

In just ten years, between 1960 and 1970, the Township of Lowell increased in population by more than thirty-eight (38) percent. Current estimates indicate that this trend is continu-

The character of the Township, therefore, may be changing from a rural status to

Although such a shift in character may not completely change the Township for many years, the Township Development and Planning Commission is interested now in finding out the attitude of the residents toward such change.

From the results of the answered questionnaires they receive, the Commission will formulate goals for the future of the Townships. They will rely on these goals when making decisions related to Township growth and development.

The Township is asking residents to take a few minutes of their time to complete the questionnaire when it is received. They hope to receive a large number of responses so that the goals developed will truly reflect the attitudes of the majority of

## Joseph P. Billinger, 87, Passes Suddenly In Florida

The Saranac Community was saddened to learn of the death Saturday, January 10 of Joseph P. Billinger at Bradenton,

Mr. Billinger was born June 12, 1888 in Keene Township, to Mathias and Catherine (Krupp) Billinger and spent his youth on his parent's farm. In 1912 his father sold the farm and entered he and Joe operated a Standard Oil service station and garage. Through the years the business

ran a blacksmith shop. After his father's death, Joe operated the business until 1970, when he

In 1912 Mr. Billinger and the former Sadie Vaughn were married in Saranac. In 1972 the couple celebrated their golden wedding anniversary and the following year Mrs. Billinger passed away in February while they were wintering in Florida.

"Joe" as he was known to everyone in Saranac, served 22 years as Village President, from 1937 until 1959. He was a Past Master of the Saranac Masonic Lodge as well as being a member of the Saranac Oddfellow Lodge, the Ionia Elks and Saranac Community Church. He was one of the founders of the local Congregators Club, and was also active in many other community activi-

After Joe's retirement, he continued a very active life and spent much time golfing on area links as well as in Florida where he spent his winters.

Funeral services for Mr. into business in Saranac where Billinger were held Wednesday, January 14 at 2:00 p.m. from Roetman funeral home in Saranac. Burial was made in Saradealt in buggies, Ford cars, nac cemetery.

The East Grand Rapids Library, a member of the Kent County Library System, is a 746 Lakeside Dr. S.E.

The flying squirrel is one of found in Michigan. This animal is also one of the hardest to observe because of its quickness and preference for night activi-

Flying squirrels actually do not have wings but large flaps of skin that connect their forelegs and hindlegs. These large flaps are used to form a type of parachute that allows the squirrel to glide swiftly in the air. The flying squirrel has a flat tail that is used for steering much like a rudder.

Seeds, buds, nuts, fruits insects, bird's eggs and possibly young birds make up the diet of this animal. The squirrels large eyes are ideal for night activities. Occasionally they may be seen darting from tree to tree in

The distance traveled during

flight depends upon the height of launching and the height of landing. Ernest Seton, a wellknown naturalist, described th flight this way: "Occasionally, in the evening twilight or or moonlight nights, a flying squirrel may be seen sailing in a gentile downward curve from one tree to another, the start being made from well toward the top of one tree, and the place of alighting at a much lower point on the other. There is something ghostlike in this gliding flight. It is so unlike that creatures. There is not only an absence of fluttering wings, but complete silence."

Flying squirrels are found in wooded areas throughout Michigan. Sometimes they are considered pests as they seek a warm home in an attic.

### **Marriage Vows Spoken**

Wearing a bridal gown and veil which she designed and made Jeanne L. Allan of Lowell, became the bride of Capt. Merle D. Perrine of Ogden, Utah, on Saturday, December 13, in the Rives

The Rev. Wayne H. Ritchie of Davison and the Rev. G. Allan Jennex read the rites uniting the couple in Holy Matrimony.

The bride is the daughter of Mrs. Minnie M. Klink of 321 Donna Drive, Lowell. The Captain, serving with the United States Air Force, is the son of Mr. and Mrs. Leonard H. Perrine of Jackson, Michigan,

Satin and lace formed the bridal gown, accented by a headpiece bordered with orange blossoms and seed pearls.

The bride was given in marriage by her minister, the Rev. Earl

### WARMWATER FISH REGULATIONS

Schoolcraft County; Murphy Lake, Tuscola County and Bankson Lake, Van Buren County.

The Natural Resources Commission, at its meeting on August 15, 1975, under authority of Act 230, P.A. 1925, as amended, amended the August 11, 1972, order regarding warmwater fish regulations to read as follows effective January 1, 1976. It shall be unlawful to take the following named species except during the open seasons and daily limits prescribed (statewide regulations apply unless otherwise restricted):

Statewide open seasons on all waters not otherwise closed to fishing shall be from the Saturday preceding Memorial Day through December 31 on largemouth and smallmouth bass; May 15 through February on walleye, sauger, northern pike, and muskellunge (including tiger muskellunge). The daily catch limit shall be 5 singly or in combination for largemouth and smallmouth bass, walleye, sauger, and northern pike; 1 muskellunge (including tiger muskellunge).

The above regulations apply except that walleye and sauger may be taken at any time from the Detroit and St. Clair rivers, Lake St. Clair, and Lake Erie; and that muskellunge in Lake St. Clair, St. Clair and Detroit rivers may be taken only from the first Saturday in June through December 15 of each year.

## Two Skating **Powers Meet**

Lowell's senior goaltender. John Pollice, clearly had the East Grand Rapids Pioneers on the ropes last Thursday night, stopping their best offerings in an exemplary performance which spurred East's Coach Ken Dutkiewicz to declare, "after tonight, 'm convinced he's (Pollice) the best in the league"

As the two undefeated powers of the high school Suburban Ice Hockey League met at center ice last Thursday evening, each knew (nly one would remain on top of the standings.

At the end of the second period, it looked as though the Lowell Red Arrow skaters would stay in first place, and the mighty East Grand Rapids squad would fall. But, in the end, it was East over Lowell 6-5.

Lowell's center, Mark Ries retaliated and tied the score at 1-1. Larry Fosburg put the Arrows ahead, followed closely by another Ries' goal. At the end of the second period. Lowell led 5 to 3 after

East Grand Rapids started the scoring in the first period, but

seemed to lose their vigor and team play. The third period was all East Grand Rapids as they soon tied the score 5-5 and in the final 59 seconds went ahead by one, and

repeated goals by Fosburg and Ries, but the Arrow skaters

on to victory. The Red Arrows went to the shower rooms with a 5-1-2

record hanging overhead.

PLUMBING & HEATING

Insulation is the greatest protection your home can have from the needless waste of energy and money. It keeps the cool

in your refrigerator-the heat in your oven. Installed in your home, it provides a double benefit. It keeps the warm air in during the winter and the hot air out in summer. Insulation is the key to saving scarce energy and dollars on your heating and cooling bills.

How much insulation should you have? At least six inches of quality insulation in the ceiling of your home. Also, to increase your savings of energy and money, install storm doors and windows, weather-strip and caulk cracks.

\* For more ideas on how to save scarce energy and heating and cooling dollars, call or stop in for our free booklet, "Why Insulate?"

The energy you save is everyone's. The money you save is your own.

### Assessment Testing In Lowell Schools Is Proving To Be More Meaningful

1975-76 Michigan Educational Assessment testing results have been the topic of many staff meetings recently in the Lowell Area Schools. Local educators feel that for the first time since the Department of Education started testing seven years ago, the results are truly meaningful to our teachers and children.

By name and intent, the Michigan Educational Assessment testing is meant to assess the needs of children, NOT evaluate children, teachers, or schools. This year we are doing this. We are able to correlate results of the tests directly to the adopted mathematics performance objectives and soon will be able to correlate the test results with reading performance objectives that are being adopted.

For the past three years only the MEAP test has remained in similar form, providing a vehicle for some comparisons. It is very important that when we compare, we recognize what we are comparing. The overall results in Lowell have shown a continuing improvement in both reading and math at both the and his next assignment is to fourth and seventh grades; (incidentally, this is all that the MEAP tests). The overall results in Lowell for this year are right on target with the State averages as released by the Department

What does all of this mean? Is each of the classes a little brighter than the previous class? Are teachers doing a better job? Are we teaching the test better? Is Lowell changing and now finding the objectives adopted by Michigan important, and teaching that way? Each of these is a legitimate question, but certainly not the most important thing to come from the results.

While these results compare the accomplishments of groups of children in terms of successful achievement (80% or better) on questions testing various objectives, the important information is that which shows us what each child can do and in what areas of learning the child needs help. We are now able to identify these needs and provide specific learning opportunities to correct the deficiencies. All the test results in the world are useless unless the child, the parent, or the teacher knows where and how to improve the instructional program for the child. In Lowell, we are trying to do this.

MIXING FUEL AND OIL The typical two-cycle snow mobile engine depends for its

lubrication on oil pre-mixed with the gasoline supply. Snow mobile oils are specially com-pounded with additives that minimize combustion chamber deposits, reduce varnish accumu ation on rings and piston and help protect against plug fouling, pre-ignition and corro-sion. In short, oil fulfills a criti-

So it's important, say the snowmobile engineers at Mer adopt careful habits in preparing their fuel supplies.

er's recommendations on the oil to be used and the ratio of gas 2) Store gas only in a clean,

red metal container with "gaso-

printed on the side. 3) Pre-mix carefully by first filling the gas tank partially with fuel, then adding the rec-ommended amount of oil. Shake the can vigorously before adding the rest of the fuel. Shake again. (Do this in a separate container, not in the snowmobile gas tank.)

4) Pour from the container

nto the snowmobile through a funnel with a fine screen. This will filter out dirt, rust particles, etc.
5) Never add fuel while your snowmobile is running. 6) In very cold weather warm the oil to room tempera

### THANK YOU

I wish to thank my relatives, neighbors, and friends for the flowers, plants and cards sent to me while I was ill. And to our family for food brought in. Also for my beautiful plant. May God bless you

A sincere thank you to all who in any way showed their love and respect for Wally at the time of his death. Mrs. Veneitta Gillette

The Administration and Staff at Cherry Creek Nursing Home wish to say a public Thank You to those in the area who joined together to make Christmas a merrier one for the patients at the nursing home. Church groups, school groups, and other organizations, along with many individuals who gave gifts, sang carols, gave special presenta-tions, along with the gift of their time during a very busy season, are greatly appreciated.

We wish to thank all the friends, relatives and neighbors for the flowers, cards and expressions of sympathy at the death of our wife, mother and grandmother, Hilda Shores, and to especially thank Dr. Chadwick Lampkin and the Rev.

The Family of

### Legal **Notice**

COMMISSION ACTION (Under authority of Act 230,

P.A. 1925, as amended) **BOBCAT HUNTING REGU-LATIONS FOR 1976** 

The Natural Resources Commission, at its meeting on June 13, 1975, under the authority of Act 230, P.A. 1925, as amended, in regards areas. to bobcats declared no open season in Zone 3, abridged the open and required a permit to hunt in Zone 2 and on Bois Blanc Island of Zone 1. The seasons and regulations shall be as follows:

Zone 1: No closed season, except on unless he properly wears the back Bols Blanc Island where the season tag provided with his license. and regulations shall coincide with those of Zone 2.

Zene 2: January 1 through February 29, in Emmet, Cheboygan, Presque Isle, Otsego, Montmorency, and Alpena Counties. Hunting by permit Zone 3: No open season.

Application Procedure A free permit is required of all persons hunting bobcats in Zone 2.

Application must be made in person or by mail as follows:

1. Applicants may appear in person at the Gaylor District Headquarters or at the Atlanta, Indian River, or Millersburg field offices of the department of Natural Resources. Such application must be made during regular working hours. No application is to be made prior to December 1, 1975.

2. Application by mail must be made individually on a government postal card. The applicant shall address the card to himself, typing or printing his name and address on the postage side of the card. The applicant shall then mall the card in an envelope addressed to: Bobcat Permit, P.O. Box 576, Department of Natural Resources, Gaylord, Michigan 49735. Applications must be postmarked no earlier than

December 1, 1975.

There is no limit to the number of permits that will be issued. There will be no charge for the permit. The permit authorizes the bearer to hunting during the entire two-month season in the designated open

No person shall hunt under authority of his permit unless he has signed it in ink and carries it on his person along with his 1975 small game or sportman's license, and
