## **Fund Drive Is Half Over**

Volume 3, Issue 48

Lowell Showboat President, Chuck Lippert accepts a check for \$500 from Lowell Lions Club Treasurer Ron Holst. The money is a donation to the "ReFloat the Lowell Showboat" fund and was unanimously approved by the Lowell Lions Club Board.

The general meeting of the Lowell Area Arts Council will be held on Thursday, October 12 at 7:30 p.m. at Lowell City Hall, 301 E.

Cliff Brody, Kent County CETA artist will be exhibiting his photography, which will include Fallasburg Festival photos, prior to the business meeting. Final arrangements will be made for the puppet show which will be held at the Alto Area Elementary School on November 4. After the meeting refreshments will be served at the home of Mary Ann Kellogg, 423 Howard Street, Lowell.

### SUPERSTITIOUS?

If you find youself ready to call it quits before you even get out of bed on Friday, blame it on the calendar. It's Friday the 13th.

### PARADE PLANNED

December 2 at 2 p.m. is the date and time set for Lowell's Christmas Parade by the board of directors of the Lowell Area Chamber of Commerce.

Clubs and merchants are urged to enter a float this year. Plan on it! Then call or stop in the Chamber Office at That SPECIAL Place.

### TIRE FENCING BRINGS CHARGES

David F. Fuss, Alto, charged with receiving and concealing eight stolen tires valued at \$520, waived 63rd Distric: Court examinati Judge Joseph White released him on personal recognizance bond.

### MARKET FINED

Michigan Department of Agriculture's Bureau of Consumer Protection in Lansing reported the conviction of Johnson's Thrift-T Foods, Inc., Lowell, on a charge of offering for sale less than quantity represented on prepackaged meat. District Judge Gerald H. Shouse, Grand Rapids, fined the market \$100 with \$25 cost upon their guilty plea.

### BUSY WEEK!

October 8-14 marks the annual observation of National Newspaper Week. This year it is being called "INFO '78" because of the wealth of information newspapers provide their readers. Take an editor to lunch.

Also this week, fire service and police officers at the state and local level are observing Fire Prevention Week, focusing on arson as the fastest growing crime in Michigan. Take a fire chief to lunch. October has also been proclaimed International Month, this year honoring Australia. Take a kangaroo (or Tom LaBelle) to lunch.

### **GIRL INJURED**

Injured Sunday evening, Oct. 1, near Valley Vista Dr. on West Main St. was a 9-year-old girl when she ran into the path of a car driven by Kim Arnold of Grand Rapids.

Myne Kingdom, Lowell, was involved in a property damage accident Tuesday, Oct. 3, when she pulled from a parking space on East Main St. and struck a car driven by Carl Kerr, Lowell.

### KIDS CAUGHT

Three juvenile boys were apprehended Wednesday, Oct. 4 by Johnson Thrift-T Market employees.

### CYCLE TROUBLE AGAIN

A 15-year-old youth from 36th Street, Lowell, was caught last Wednesday evening, Oct. 4, as he drove his motorcycle on Shepard Dr. hill, tearing up lawns.

### **School Board Is Concerned** With Election

The coming November state and township election got a lot of attention at Monday night's Lowell Board of Education

In addition to the election of officials, from the governor on down, 11 proposals will be on the ballot, three of which are of vital concern to schools throughout the state.

While it was obvious that the local board was not really in favor of any of the three, the discussion mainly took the form of how to best handle the public.

Supt. Donald E. Kelly reported that from meetings he has attended, school districts are somewhat divided on the role of their boards of education in the pre-election period.

Although Kelly said that many districts are coming out strongly against the proposals (particularly the Voucher and Tisch propositions), he indicat-ed that he himself preferred to merely inform the voting public thoroughly of the issues with a list of pros and cons that would result from their passing. In this way the voter will know the issues and, hopefully, will rea-

lize the pitfalls. Proposals E, H, and J are the At a Monday, October 9 meeting of the Re-Float the ones affecting state education and Kelly warned, "A shocking thing to consider is that all three Lowell Showboat Committee, it could conceivably pass since the public is all psyched up over mark in either cash already reduction of taxes and, at least banked or in the form of very at this point, most voters don't understand the proposals and don't realize that some will actually increase their present ready surpassed its goal of Therefore in Kelly's estimation, the best tack to take would be to make certain that goals, hoping to attain them by ed and then rely on them to

# **PP&K Winners Announced**

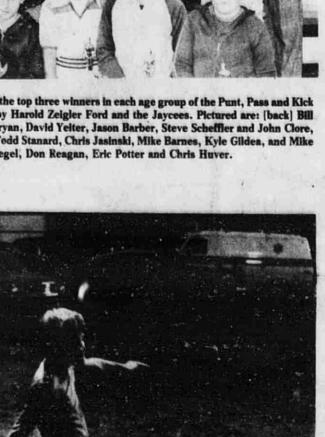

Trophies were awarded Friday to the top three winners in each age group of the Punt, Pass and Kick Competition in Lowell, sponsored by Harold Zeigler Ford and the Jaycees. Pictured are: [back] Bill Green, Jaycee coordinator, Lance Bryan, David Yeiter, Jason Barber, Steve Scheffler and John Clore, Zeigler Ford coordinator; [middle] Todd Stanard, Chris Jasinski, Mike Barnes, Kyle Gildea, and Mike Rivers; [front] Paul Feurig, Dale Fegel, Don Reagan, Eric Potter and Chris Huver.

# Attwood Buys Fla. Company

Attwood Corporation President Donald Rocheleau announced today the acquisition of Viking Products, a manufacturer of lightweight aluminum anchors based in Riviera Beach. Florida. Viking was a subsidiary of Brunswick Company.

In making the announcement, Rocheleau said that Viking's entire inventory and tooling have been purchased. He also added that Attwood will eventually move the Florida manufacturing operation to Attwood's Lowell headquarters.

Attwood Corporation is the world's largest manufacturer of marine hardware and accessories, and Rocheleau said that the acquisition of Viking Products will expand even further the Attwood marine products line, already the broadest and most complete in the industry.

Chris Schroeder, age 9, of Lowell "kicked off" the Punt, Pass and

Twelve area youngsters have advanced to the regional Punt, Pass and Kick competition this Saturday at Kelloggsville High School, 48th St., Grand Rapids,

at 2 p.m. Six first place winners in the Lowell competition at the 4-H Fairgrounds last Wednesday will proceed to the regionals. Sponsors of the annual event in Lowell were Harold Zeigler Ford and the Lowell Jaycees. Trophies were presented Friday to the first, second and third place

winners in each age category. Winners in the 8-year-old bracket are Kyle Gildea (1). Mike Rivers (2), and Paul Harris (3). In the 9-year-old group it was Todd Stanard (1), Chris Huver (2), and Paul Fourig (3). For 10 year olds it was Chris Jasinski (1), Mark Spencer (2) and Mike Barnes (3). Elevenyear-old winners were Don Reagan (1), Steve Scheffler (2), and Dale Fegel (3). David Yeiter (1), Dennis Kelly (2) and Vicky Harris (3) won in the 12-year-old group. For the 13 year olds, Jason Barber (1), Eric Potter (2) and Lance Bryan (3) took hon-

Barber had the longest punt of the competition at 86'. There was a tie for longest kick of 651/1' between Dale Eckman and Dale Pegel. Eric Potter had the longest pass with 891/4".

Lowell Jaycees were presented with a Certificate of Appreciation by Harold Zeigler Ford for their continued involvement with the program. The co-sponsors noted that 45 youngsters competed this year compared to 20 last year.

Six other Ionia County youths won in their competition held last Saturday at the Ionia Free Fairgrounds, sponsored by their local Ford dealership and Jaycees. Over 85 competed there.

Mike VanderLind of Saranac won in the 11-year-old class. Longest kick in the Ionia event was by Ryan Murphy, 13, of Saranac with a 69%' kick.

# 72 Years And Still Together

Today, October 11, is the 72nd wedding anniversary of Anna and E. M. Hamilton, formerly of Lake Odessa, now of Cumberland Manor, Lowell.

E. M. Hamilton, age 94, and Anna, aged 95, were married in Adrian, Michigan in 1906. The wedding was to take place in the parsonage of their church, however, after they arrived they found that no one had a key. Consequently, they were wed in Evelyn's brother's home.

The Hamiltons moved to Lake Odessa in 1937 where he worked at the Lake Odessa Canning Co. firing the boiler. They have two children, three grandchildren, 13 great-grandchildren and two great-grandchildren

An anniversary celebration is to be held this evening at Cumberland Manor where the Hamiltons and their daughter, Mrs. Grace Saunders, reside.

And this proposal will bring back many of the same problems which Prohibition created in the 20's and 30's. Proposal D would drive young adults out of licensed and supervised establishments...and into cars and parking lots. Before you vote on Proposal D — take a close look at

FACT: Young Adults Are NOT Involved In An Unusual Number Of Accidents! Actually, according to official Michigan statistics taken from the State Police "Michigan Traffic Accident Facts," the percentage of 18- and 19-year-old drivers involved in automobile accidents has decreased significantly since 1966! Secretary of State Richard Austin has stated that there is no basis in traffic statistics for raising the drinking

FACT: The Drinking Age Has Already Been Raised To 19! Effective December 3, 1978, a new law makes it illegal for anyone under the age of 19 to buy or consume alcoholic beverages...thus preventing legal drinking by high-school-age youths. Let's give this new law a chance.

FACT: Young Adults Are Responsible! Certainly, no one becomes an adult overnight, but 19- and 20-year-old adults are out of school, holding down good jobs, marrying and starting families, voting, and serving in the armed forces. They are adults in every legal sense. Recognizing this, 80% of our states have drinking ages under 21. Yet Proposal D would strip them of a very basic right. Proposal D is PROHIBITION, pure and simple.

LOOK AT THE FACTS STOP PROHIBITION Vote "NO" On Proposal D

Paid for by the Michigan Committee For The Age Of Responsibility P.O. Box 17071, 408 West Hillsdale, Lansing, Michigan 48901

### SOMETHING BIG! the Grand Rapids Public Muse-East Building Multipurpose Room at 7:30 p.m. Wednesday. 30, 40, and 50 years ago... October 18. It is open to the public without charge. ten years ago The Ledger highlighted some of the construction going on around town pointing out the major street and sewer work on North Hudson, building at Root Lowell's new facility, and the construction of the State Savings Bank's new drive-in office. John Paul Jones is hired as the city's new planning consultant, replacing Scott Bagby and Associates. Lowell gridders suffer a dismal 53-6 loss to defending league champion Rockford. The loss is Lowell's fourth **BIG SELECTION!** Rev. Keith McIver preaches his last sermon here as pastor of the First Baptist Church of Lowell. twenty years ago The Lowell Village Council announced that it might curtail the annual Christmas project of lighting Main St. The project annually costs the city about \$1,000 and because of the city's current financial state the program will be dropped unless there is a great public outcry.

# VERGENNES TOWNSHIP PROPOSED ZONING ORDINANCE

The Vergennes Township Planning Commission has prepared and drafted a comprehensive new Zoning Ordinance.

The proposed draft is available in complete form for review and inspection at the Township Hall, included for your information is a large portion of the new proposed ordinance. The proposed ordinance will be discussed in detail at the Public Hearing October 25, 1978 at 8 p.m. Roger Odell, Chairman

**Vergennes Township Planning Commission** 

ARTICLE III ZONING DISTRICTS

3.01 DIVISION OF TOWNSHIP

The Township of Vergennes shall be divided into zoning districts, as hereinafter described, within which districts no buildings or premises shall be used and no building shall hereafter be erected, altered, or located except for the uses and purposes exception uses" under each such zoning district classification: subject, however, to such prior approval as is hereinafter re-quired to be obtained from the Zoning Board of Appeals for such special exception uses. The following districts are hereby established:

- Medium Density Residential Mobile Home (a special district within R-2)
- 3.02 USE DISTRICT BOUNDARIES AND ZONING MAP

lished in the township shall be shown on a map entitled Zoning Map of Vergennes Township and said map, section, or portion thereof, together with all notations, dimensions and other data shown thereon, are hereby made a part of thi Ordinance to the same extent as if the information set forth on said map were fully described and incorporated herein.

C. Such Zoning Map may be amended from time to time corded to scale on duplicate copies of the original official Zoning Map and shall be accomplished by written legal de-scriptions in appropriate amending ordinances.

3.03 INTERPRETATION OF ZONING DISTRICT BOUNDARIES

Where uncertainty exists as to the boundaries of any of the

A. Zoning district boundary lines are intended to be parallel or perpendicular to street or lot lines, unless such district boundary lines are fixed by dimensions, as shown on said Zoning Map. B. Where district boundaries are indicated as approximately following street lines or proposed street lines, such lines shall be construed to be such boundaries.

C. Where district boundaries are so indicated that they approximately follow lot lines and are not more than 25 feet distant therefrom, such lot lines shall be such

property or where a district boundary divides a lot, the location of any such boundary, unless the same is indicate by dimensions shown on such maps, or described in the text

3.04 "R-A" RURAL-AGRICULTURAL DISTRICT

A. Statement of Purpose. Rural-Agricultural Districts are those open areas of the township where farming, dairying, forestry operations and other such rural-type activities exist and should be preserved or encouraged, and where woodlot, wetlands, wildlife and open space contribute to the natural beauty

Although the demand for other uses in these districts may ultimately outweigh their use as zoned, any such zoning changes should be made cautiously with the realization that adequate food supply and protection of the air, water and other natural re-

3.06 "R-2" MEDIUM DENSITY RESIDENTIAL DISTRICT

A. Statement of Purpose. This district classification is designed to permit the greatest density of residential uses appropriate to the Township, together with other residentially related facilities designed to service the inhabitants of the

- Medical clinics and doctors' or dentists' offices for the treatment of human beings, provided that they are constructed in appearance as a residence
- C. Special Exception Uses:
- Hotels, motels and other transient-type residential buildings
- 4. Boarding and lodging houses
- Establishments for the retail sale of meals, provided that the same are constructed in appearance as a
- Parming and agricultural operations, together with a reasonable number of accessory buildings, and the right to sell products, poultry or animals produced, raised or grown upon the premises

(i) Single Family Dwellings. The minimum lot area for use in this District shall be seventeen thousand (17,000) square feet, for a single family dwelling, with a minimum lot width of one hundred (100) feet; provided, that in any platted zone the minimum lot area for any particular single family dwelling shall be fifteen thousand (15,000) square feet so long as the average lot area of the lots within the platted zone shall be not less than seventeen thousand (17,000) square feet. For purposes of determining the average lot area hereunder, lots in an area contiguous to the platted zone, which area is owned and proposed for future platting by the owner of the platted zone, may be considered if the Zoning Board of Appeals determines that the owner has a bona fide intention of platting and developing the contiguous area in the future.

(ii) Two-family Dwelling. The minimum lot area for use in this District shall be twenty-five thousand (25,000) square feet for a two-family dwelling with a minimum lot width of one hundred (100) feet.

P. Set Back and Side Line Spacing. No building or structure, nor the enlargement of any building or structure, shall be hereafter erected unless the following set back and side line spacing requirements are met in connection with the lot or parcel on which such building, structure or enlargement is located:

Side Line Spacing. There shall be a space of not less than 10 feet from the interior side line of the lot to the building, structure or enlargement, except on corner lots where there shall be a set back of not less than 35 feet from all street right-of-way lines.

- G. Floor Area Requirements. All one story or one and one-half story (tri-level) dwelling units hereafter constructed shall contain not less than 900 square feet of first-floor living space as measured around the exterior of said dwelling. All two-story dwelling units hereafter constructed shall contain not less than 750 square feet of first-floor living space as measured around the exterior of said dwelling.

- 3.07 "MH" MORILE HOME DISTRICT

A. Statement of Purpose and Description. In recogni-tion of the growing trend toward mobile homes and mobile home parks and the need for well-located and properly developed areas to accommodate them, this district is designed to pro-vide for such use under appropriate construction and develop ment standards to promote the health, safety, and general welfare of the residents of such areas as well as the residents of adjoining and neighboring premises. An MH Mobile Home District shall be established only upon appliction by the owner of property within an R-2 District for approval of a planned mobile home park. To be eligible to be zoned for such purposes, an area must be able to accommodate the increased traffic generated from such developments as well as the sanitary requirements of the same. Such area must also be suitable for residential use and must be so located as not to impede other more conventional residential developments in the vicinity.

B. Procedure for Creation of District. The owner of any parcel of land within an "R-2" District which is not substantially developed or the owner of developed land which is proposed to be redeveloped after razing the building or buildings thereon, may make application to the Zoning Board of Appeals for a change of zoning to a Mobile Home District. Such application shall be accompanied by a site development plan for the entire site which shall state in detail the proposed use or uses to be made of the land and shall include a topographical map showing contour lines at five-foot intervals, a plot plan showing the location of all proposed mobile home sites, all buildings, all non-enclosed uses, all drainage, parking, and traffic-handling facilities. The site development plan shall also indicate all screening and other land-scaping, all exterior lighting and signs. It shall also include floor plans and elevation drawings showing the architectural style of all buildings except where the Zoning Board of Appeals shall expressly waive the requirement of floor plans and elevation drawings.

The procedure for considering an application shall be the same as that provided for amendments to this Ordinance, and the approval of any application shall be in the form of an

The Township Board shall not approve any such applica-tion unless it shall find that all of the following conditions exist, and shall further find that the proposed site develop-ment plan for the mobile home park meets all of the applicable Special Conditions and Limitations for Mobile Home Parks set forth in Section 3.07 D. below:

- concentration of population in a given area with insufficient police and fire protection facilities being available.
- Sufficient sanitation facilities are available or planned to serve the proposed mobile home park ade-quately in accordance with Act 243 of the Public Acts of 1959 as amended. Sufficient public utilities are available to serve
- the proposed mobile home park adequately in accordance with Act 243 of the Public Acts of 1959 as Existing and proposed streets are suitable and ade-quate to carry anticipated traffic within the pro-posed district and in the vicinity.
- Sufficient school facilities are available or planned for the foreseeable future to accommodat the residents of the proposed mobile home park.

C. Permitted Uses. Mobile home parks, together with accessory buildings and uses customarily incident thereto, including a residence for the mobile home park owner or operator and his family, but excluding any retail sales of mobile homes unless the same are located upon a developed mobile home site; subject, however, to the rules and regulations promulgated by the State Mobile Home Park Commission AND to the following conditions and limitations,

D. Special Conditions and Limitations for Mobile Home

All mobile home parks shall comply with the require ments imposed by Michigan Public Act 243 of 1959

2. A 10-foot wide planting strip shall be provided around all front, side and rear lines of any mobile home park in which there shall be planted trees and shrubs not less than 3 feet in height at the time of planting and which contain foliage throughout the calendar year, sufficiently compact in nature to form a natural buffer or screening

and any and all amendments thereto except as such provisions are modified herein.

in nature to form a natural buffer or screening between the mobile home trailers and adjoining premises. In addition to the foregoing, an artificial fence which cannot be seen through may be constructed not less than 5 feet in height within said area, commensurate with the character of the adjoining development, which shall be main-tained at all times in a neat and attractive man-

The mobile home park shall be located on a well-drained site and shall contain appropriate drainage structures to accomplish such drainage as may be approved by the Township Planning Commission.

5. No mobile home space shall be less than 2,100 square feet in area, nor less than 30 feet in width. The boundaries of every mobile home space shall be clearly defined and not more than one mobile home shall be located on any individual mobile home space. Each mobile home space shall contain a concrete slab not less than 4 inches thick and not less than the width and length of any trailer located thereon, upon which the mobile home shall be parked. The balance of the mobile home space shall be landscaped with either natural or artificial improvements of a dust-free and attractive nature. No mobile home and accessory buildings shall occupy more than 25% of the area of the mobile home site on which it is located.

line of the individual trailer space, nor closer than 10 feet to the remaining three boundary lines of such trailer space.

. All mobile home spaces shall abut a driveway of not less than 36 feet in width as measured from back to back of curb, which shall contain a curb, drainage structures, a 2-inch bituminous plant mix surface constructed upon not less than a 6-inch compacted gravel base, and shall have unobstructed and safe access to a public street or highway. Where sidewalks are provided paralleling said driveway, the same shall be in addition to the foregoing driveway width.

Not less than 2 paved parking spaces for sutemobile 10 feet by 20 feet each in size, shall be provided within the mobile home park for every mobile home.

- 18. Every park shall be equipped at all times with fire extinguishing equipment in good working order, of such type, size and number so located within the park as to satisfy applicable regulations of the fire department. No open fires shall be permitted at any place which may endanger size or property. No fire shall be left unattended at any time. Fire extinguishers shall bear the Underwriter's label and be of such a type approved for such service by the commissioner of the state police. Each fire extinguisher shall be periodically examined and kept at all times in useable condition, in compliance with regulations of the fire department. The topography, soil composition, water table and drainage potential are suitable for the proposed mobile home park. 7. The landscaping, architecture and placement of the
  - 20. Each mobile home park shall be provided with a custodian's office where each mobile home entering the park shall be assigned to a lot location, given a copy of the mobile home park regulations and registered according to the prescribed form. Registration shall include the name and address of every
    - tion shall include the name and address of every occupant of the mobile home, the license number of the mobile home and accompanying vehicle, and the state issuing license. The management shall keep a registry of all children of school age occupying mobile homes in the mobile home park. The registry shall be signed by an occupant of the mobile home cognizant of all facts contained in the registration. Any person furnishing misinformation for purposes of registration shall be deemed to be guilty of a misdemanor. The registration records shall be neatly and securely maintained, and no registration records shall be destroyed until 5 years have elapsed following the date of registration. The registry shall be available at all times for inspection by law enforcement officers.

Each mobile home space shall be provided with electric service of not less than 100-amp capacity, located underground. All electrical wiring and installation shall comply with the Township building code. Any electrical connections to mobile homes shall be so located as to avoid the extension of electric lines across sidewalks or driveways or in any manner which would be a hazard to persons or

approval. Fuel oil tanks shall be provided on each site by the proprietor and shall be located below grade level. Tanks shall not be used to service more than one mobile home. Any propane gas tanks shall be Underwriters Laboratory approved and shall be so located and constructed as to not constitute a fire hazard. All gas tanks above grade level shall be screened from adjoining premises.

All water supply and sanitary sewage systems shall be located underground and in such a manner as to prevent freezing during the winter months. Connec-tions to the same shall be provided at each trailer

approved sanitary connection to a trapped sewer, at least 4 inches in diameter as to sanitary sewers. All such connections shall be adequate to furnish all normal required water within the mobile home and to receive all normal waste from

nected to discharge the mobile home waste into a public sewer system, if available, or into a private sewer and disposal plant of a septic-tank quality or better and in such a manner as will present no

An approved type of sewer connection shall be used for each mobile home which shall be odor-tight and free from leakage. The proprietor of the mobile home park shall be responsible for the connection of all trailers to such water and sewer systems and for

closed in a proper manner as will prevent the emana tion of odor or any unsanitary condition therefrom.

No mobil: home shall be allowed to be located with-in a mobile home park unless the same is a "self-contained trailer coach" and is connected to the water and manitary sewer facilities required at each

15. No animal or car washings or other activities involving quantities of water shall be carried on in any mobile home park unless within an area within said park set aside for such activities containing adequate drainage facilities.

16. No domestic animals or house pets shall be allowed

17. All grass and shrubbery within a mobile home park shall be kept mowed and landscaped in a neat and

19. The Township reserves the right to inspect any mo

- No mobile home park shall be developed or operated with less than 25 mobile home sites nor upon less than a 10-acre tract of land under the ownership of
- 22. All mobile homes shall be securely fastened to the pad upon which located by not less than 8 turn buckle cables attached to the frame of the mobile home or by not less than 2 straps extending over the super-structure of the mobile home and fastened to the pad at opposite sides of the mobile home.
- 23. All mobile homes shall be skirted within 60 days following their placement within the mobile home park with standard skirting material or material of equal quality for both sesthetic purposes and to lessen heat loss.
- 3.08 "FR" PLAT RIVER DISTRICT

A. Statement of Purpose and Description. The "PR"
District is established to protect the natural beauty, water
quality and recreational value of the Flat River by regulating the use of land along that waterway. This District consists of that land lying within 300 feet from the ordinary
high water mark on each side of and paralleling the Flat

- Single or two-family dwellings as permitted in the soning district immediately adjacent to and abutting the portion of the "FR" District in which the par-ticular use is proposed.
- Any use permitted in the soning district immediately adjacent to and abutting the portion of the "FR" District in which the particular use is proposed, EXCLUDING, HOMEVER, any commercial, industrial or mining operations, and EXCLUDING ALSO harns, stables silos, animal feedlots and piggeries.

E. Lot Area. The minimum lot area for use in this District shall be not less than the minimum lot area of the soning district immediately adjacent to and abutting the portion of the "FR" District in which the particular use is proposed; provided that in those portions of the "FR" District adjacent to and abutting the "R-2" District, the minimum lot area shall be twenty thousand (20,000) square feet.

P. Set Back and Side Line Spacing. The set back and side line spacing requirements in this District shall be not less than the set back and side line spacing requirements of the soning district immediately adjacent to and abutting the portion of the "FR" District in which the particular use is proposed, AND IM ADDITION, the following special requirements shall apply:

1. Building Set Back From River. There shall be a set back of one hundred (100) feet from the ordinary high

water mark or twenty-five (25) feet from the identified 100-year floodplain line, whichever feaults in the greatest distance from the edge of the water, provided, however, that the following special exceptions to the set back requirement may be permitted as special exception uses in any part of the "FR" District adjacent to or abutting an "R-1" or an "R-2" District:

a. The minimum set back for buildings may be reduced by five (5) feet for every five (5) feet of rise in river bank height from the water's edge to a bluff; provided, that the minimum set back shall not be less than seventy-five (75) feet from the ordinary high water mark or twenty-five (25) feet from the identified 100-year floodplain line, whichever results in the greatest distance from the edge of the water, and provided further, that the set back shall not be less than fifty (50) feet from the edge of the bluff nearest the river.

(75) feet from the ordinary high water mark or the identified 100-year floodplain line, whichever results in the greatest distance from the edge of the water, or (ii) in area or plants, by five (5) feet for the creation of a natural vegetation strip consisting predominantly of trees, not less than twenty-five (25) feet wide, and by five (5) feet for each five (5) feet of additional coniferous or deciduous tree plantings added to the natural vegetation strip; provided, however, that the set back shall not be less than seventy-five (75) feet from the ordinary high water mark or an identified 100-year (loodplain line, whichever results in the greatest distance from the edge of the water. For purposes of this subparagraph, the tree plantings shall be of a type and variety natural to West-Central Michigan, and the trees shall be planted in appropriate density to provide an additional greenbelt or natural vegetation strip along the river.

Sanitary Facilities Set Back From River. All septic

4. Access to and Use of Property for Recreational Purposes. Development and use of private land along
the Flat River and its tributaries for recreational
purposes such as hunting, fishing, camping and picnicking shall be at the discretion and under the cotrol of the owner of the land subject to the condicraft shall be permitted to operate in or from this District without the prior written consent of two-thirds (2/3rds) of the owners of land in this District as determined from the Township tax roll. Any such proposed use shall be desmed a special exception use and shall be subject to the special exception use at an about the special exception use this Ordinance.

5. Advertising Signs and Billboards Prohibited. No

A. Statement of Purpose. This district is designed to provide retail sales and commercial service uses catering to the general public as distinguished from industry or general

9. Any uses allowed as permitted or special uses in any zoning district classification hereinbefore set forth

D. Reight. No building shall exceed the lesser of 35 feet or two and one-half stories. E. Lot hree, Set Back and Side Line Spacing. All of the lot area, set back and side line spacing requirements as hereinabove set forth for the "R=2" District shall apply and be binding for any residential use in this "C" District. In addition, the following requirements shall apply to any permitted or special exception commercial uses.

or storage of automobiles and vehicles outside buildings or structures of not less than 25 feet; provided, however, that in any such districts where there are commercial and industrial build-ings (other than private residences or buildings

amending Ordinance, on the side of the street between 2 intersecting streets, the minimum set back for buildings on such side of the street between line. In no event, however, shall vehicle parking be allowed on private premises closer than
25 feet to the street right-of-way line abutting
such premises except where such parking is presently
being conducted on the effective date of this Ordinance, and no other parking area on the premises is
available which would permit parking beyond said
25-foot set back requirement. There shall be no
side or rear line restriction from interior lot
lines for commercial and industrial buildings
within such commercial and industrial districts
unless otherwise specified in this Ordinance.

unless otherwise specified in this Ordinance. Any residential buildings, however, constructed within said district shall be set back not less than 5 feet from such interior, side and rear lot

2. It is further provided that notwithstanding anything Nerein contained to the contrary, the minimum set back line shall be 15 feet for gasoline pumps, display racks, air pumps, and other equipment) 75 feet for cars, stored or placed upon property used for storage of, or occupancy by, junk cars or used cars for the purpose of sale of parts or junk therefrom; and 25 feet for cars and other vehicles on property used for the sale of used cars. The minimum set back line for poultry or animal shelters, coops, barns, or sheds shall be 75 feet; provided, however, that in platted property no such structure shall be erected closer than 20 feet to the interior side line of the lot upon which such structure is located.

which such structure is to be placed; provided, how-ever, that such structure shall not be erected closer than 25 feet to any building being used as a permanent

4. A 10-foot wide planting strip shall be provided around the interior side and rear lines of any commercial property abutting residential property in which there shall be planted trees and shrubs not less than 3 feet in height at the time of planting and which contain foliage throughout the calendar year, sufficiently compact in nature to form a natural buffer or screening between the commercial property and adjoining premises. In lieu of or as a supplement to the foregoing, an artificial fence which cannot be seen through may be constructed not less than 5 feet in height within said area, commensurate with the character of the adjoining mensurate with the character of the adjoining development, which shall be maintained at all times in a neat and attractive manner.

3.10 "I" INDUSTRIAL DISTRICT

A. Statement of Purpose. This district is designe or manufacturing, assembling and fabricating businesses

- 1. Any use permitted in the "C" District
- 2. Any kind of industrial manufacturing operations and operations for the servicing, compounding, assembling, or treatment of articles of merchandise which does not emanate noise, vibration, odor, smoke, dust, dirt, noxious gases, glare, heat or psychological ill effect to such an extent as would be a nuisance or annoyance to owner or occurate of surrounding presides.

C. Height, Lot Area and Set Back and Line Spacing.
All of the height, lot area, set back and line spacing re

of administration and implementation of various requirements applicable in the roning districts. The Bulk Table supplement but does not supplant any of the specific provisions of this Ordinance. In the event of any ambiguity or uncertainty concerning the provisions of the Bulk Table, or any real or apparent conflict between the Bulk Table and any specific provision of this Ordinance, the specific provisions of this Ordinance shall at all times control.

The her strictly wis special beloging GENERAL AND SPECIAL REGULATIONS

These Regulations have general application throughout the Township and unless otherwise specifically stated, apply in all Boning Districts in the Township. 4.02 ACCESSORY BUILDING OR USE PROHIBITED WITHOUT A PRINCIPAL BUILDING OR USE

No accessory building or use shall be used or engaged in prior to the establishment of the principal building or use upon the prem-iess except as a construction facility for the principal building. Such construction facility use shall terminate upon completion of the principal building or buildings upon the premises. 4.03 ADVERTISING SIGNS AND BILLBOARDS

A. No advertising signs or billboards of any kind or nature shall be erected in an "R-1" or "R-2" District except that in an "R-1" District a name plate not exceeding one square foot in area containing the name and home occupation of the occupant of the premises and a temporary sign pertaining to the construction, lease, hire or sale of a building or premises not exceeding 8 square feet in area may be installed or contructed. B. In an "R-A" District a sign not exceeding 18 square feet in area sdvertising permitted services rendered or offered upon or from the premises where the same is situated (except for home occupation and temporary signs which may be governed by (A) above) may be constructed provided it is located not less than one-half the required building setback distance from the street right-of-way line abutting the property; does not constitute a traffic hezard; is of a subdued no use commensurate with the residential or agricultural character of the neighborhood; is maintained in a neat and attractive manner; contains no neon or intermittant lighting or other bright or glaring lighting which would be a nuisance or annoyance to a neighborhood or which would create any electrical disturbance therein; and if projecting from a building or located over a sidewalk or passway is not less than 11 feet above such sidewalk or passway.

C. None of the foregoing signs shall be erected or in-stalled until a permit is first obtained from the Building and Zoning Inspector of the Township.

- D. Billboards may be erected in a "C" or "I" District provided they do not exceed 500 square feet in area; are set back not less than 75 feet from any abutting street right-of-way line; do not constitute a traffic hazard; are maintained and attractive manner; do not create a nuisance or annoyance by reason of lighting, electrical disturbance, or otherwise; and are not installed or constructed until a permit therefor has been received from the Building and Zoning Inspector of the Township.
- E. Advertising signs, advertising goods, products, services or activities sold, produced, rendered or available from or upon the premises where the same are located, may be installed or constructed within a "C" or "I" District provided they are located not less than 10 feet from the side line of the property and not less than one-half the required building setback distance from the abutting street right-of-way line; in no manner constitute a traffic tard; are not less than 11 feet above any sidewalk or passway for pedestrians or vehicles beneath the same; are not a nuisance or annoyance by reason of lighting, electrical disturbance, or unreasonable size, and are not constructed or installed until a permit has first been obtained therefor from the Building and Zoning Inspector of the Township.
- F. No advertising sign or billboard permit shall be issued until the Bullding and Zoning Inspector is satisfied the sign to be constructed complies with the provisions of this Ordinance and will be constructed in a safe, sturdy, and durable manner with proper bracing, anchorage, and
- G. Signs within business, commercial or industrial areas, as defined in the "Highway Advertising Act of 1972" (1972 PA 106) bordering interstate highways, freeways, or primary highways as defined in said Act, shall be regulated and controlled by the provisions of such statute, notwithstanding any contrary provisions of this soning Ordinance. 4.04 ANIMAL AND PET RESTRICTIONS IN RESIDENTIAL AREAS

for a period of 4 months after birth except that no more than 2 such litters shall be allowed on the aforedescribed premises within any consecutive 12-month period.

No structure, the major portion of which consists of a sement, shall be occupied for living and/or sleeping purposes human beings.

Any building erected as a garage or in which the main por-tion is a garage shall in no case be occupied for dwelling pur-poses unless it is auxiliary to a residence already being oc-cupied upon the premises and unless it also complies with all the provisions of this Ordinance relating to buildings for

4.06 CLEAR VISION CORNERS

maintained with a clear unobstructed vision corner extending not less than 20 feet from all right-of-way line intersections along said right-of-way line in the form of an isosceles triangle, within which no vehicle parking or obscuring structures, storage, growth or displays shall be located or allowed.

DISHANTLED, NON-OPERATING OR UNLICENSED MOTOR VEHICLES, SCRAP AND EQUIPMENT

A. No person, firm or corporation shall store, place or permit to be stored or placed, or allowed to remain on any parcel of land for a period of more than 10 days in any one year a dismantled, partially dismantled or inoperable motor vehicle, any scrap, litter, garbage, refuse, trash, used equipment, junk, unless the same is kept in a wholly enclosed structure, or is located in an approved junkyard by special exception as herein provided, or unless a special exception therefor is first obtained from the Loning Board of Appeals to be granted only in special hardsnip cases beyond the control of the applicant, where peculiar circumstances exist, where no adjoining property owner is adversely affected exist, where no adjoining property owner is adversely affected thereby, and where the spirit and purpose of these regulations

B. No person, firm or curporation shall park or store upon premises within the Township a motor vehicle in operating condition which is not regularly used for the purpose for which it was manufactured or designed unless the same is kept within an enclosed building, approved junkyard, or unless a special exception is first obtained therefor from the Board of Appeals, to be granted only in special hardship cases become the control of the applicant, where usefullar circumbeyond the control of the applicant, where peculiar circum-stances exist, where no adjoining property owner is adverse-ly affected thereby, and where the spirit and purpose of these regulations are still observed.

C. The purpose of these regulations is to limit and restrict the outdoor storage or unreasonable accumulation of junk cars, unused cars, stock cars, dilapidated non-operat-ing motor vehicles, scrap, litter, garbage, refuse, trash, used equipment or junk upon any land in the Township except within areas where a junk dealer is permitted to operate or the area is zoned for such purposes.

D. These provisions shall not be construed as repealing any Ordinance now in effect or hereafter made effective relating to rubbish, litter, garbage, refuse, trash or junk but shall be construed as supplementary to any such Ordinance as well as any statutes of the State of Michigan relating

All driveways must abut the road at right angles, with clear traffic vision, and the first 25 feet of the driveway from the road shall not be at a grade greater than 5 percent. Before a building permit will be issued for any homesite, or other structure to which driveway access is to be provided, a driveway permit must be obtained from the Kent County Road Commission.

It shall be unlawful to permit waste water from sinks or similar drains or sewage to drain or fall onto the land from dwellings or any other structures and accessory buildings, and it shall be unlawful to drain any waste water, or sewage, raw or Michigan, upon any land or place unless such place has been designated as a disposal area by the Township, and as provided by Act 87 Public Acts 1965, State of Michigan.

4.10 EARTH REMOVAL, QUARRYING, GRAVEL PROCESSING, MINING AND RE-LATED MINERAL EXTRACTION BUSINESSES

Prior to the approval by the Zoning Board of Appeals of a special exception use for earth removal, quarrying, gravel processing, mining and related mineral extraction businesses in any area of the Township, said board shall be satisfied the following conditions and limitations are, or shall be, strictly complied with, in addition to any other requirements contained in this Ordinance or in any other Township Ordinance controlling such operations:

1. All such operations shall be located on a primary road, as defined by the County, for ingress and egress thereto, or on a road which does not create traffic through an area developed primarily for residential purposes. Where necessary, the Zoning Board of Appeals may require the applicant to construct and/or improve a road to accommodate the truck travel necessitated by the operations as a condition to such operations, and for the purpose of routing traffic around residential areas and preventing the breaking up of existing roads which

Sufficient setbacks shall be provided from all property lines and public highways to assure adequate lateral support for adjacent public and private property. No such excavation operation shall be permitted closer than 150 feet to interior boundary lines of the property or such larger setback as may be required by the Zoning Board of Appeals to adequately protect adjoining properties. However, if the adjoining property is also used for such mining and excavation operation, then the Board of Appeals may reduce or eliminate the required setback from that interior boundary line. In addition, such setback may be temporarily reduced to 50 feet if reclamation of the land is promptly effected to increase the setback to at least 150 feet in accordance with a reclamation plan approved by the Zoning Board of Appeals and adequate lateral support is at all times maintained.

4. Any permanent processing plant and its accessory structures shall not be located closer than 250 feet from the interior property lines and adjoining public rights-of-way and shall, where practicable, be located at a lower level than the surrounding terrain to lessen visual and noise impact. In addition, the foregoing setback and height requirements shall apply to digging or excavating apparatus and to stockpiling or loading of materials as well as to the location of transportation equipment.

5. No such excavation operation shall be located within 300 feet of the banks of any stream or waterway
unless previously approved, in writing, by the
Michigan Water Resources Commission, or such other
state commission having jurisdiction thereof. No
such mining operations shall interfere with the
natural establ/ hed flow of surface waters to the
detriment or damage of adjoining public or private
properties.

Sight parriers shall be provided along all boundaries of the site which lack natural screening conditions through existing contours or evergreen growth. Such barriers shall consist of one or more of the follow-

a. Earth berms constructed to a height of 6 feet above the general level of terrain along interior property lines, as the case may be. Such berms shall have slopes that are not in excess of one foot vertical to three feet horizontal and shall be planted with grass, trees or shrubs.

shrubbery in rows parallel to the boundaries of the property, not less than 4 feet in height at the time of planting and which grow to not less than 6 feet in height at maturity and sufficient-

fences made of uniform new materials, con-structed to a height of not less than 6 feet and maintained in good repair.

of modern equipment designed to accomplish such minimization and by the proper use of berms, walls, and natural planting screens. All equip ment shall be maintained and operated in such a manner so as to eliminate, as far as practi-excessive noise and vibrations which are no

2. Air pollution in the form of dust and dirt shall be minimized by the use of modern equipment and methods of operation designed to avoid any exces-sive dust or dirt or other air pollution injurious

 Hours. The operation shall be restricted to the hours of 7:00 o'clock a.m. until 7:00 o'clock p.m. and no operations shall be allowed on Sundays

areas, banks or slopes shall be fenced and posted with signs around the perimeter thereof and main-tained to prevent injury to children or others, and shall be eliminated as expeditiously as possible

1. Reclamation and rehabilitation of mined areas shall be accomplished as soon as practicable following the mining or excavation of an area. Rehabilitation and reclamation shall be commenced immediately upon the termination of the mining or excavation opera-tions in any area consisting of one acre or more. Substantial completion of reclamation and rehabilita-tion shall be effected within one year after termination of mining or excavation activity. Inactivity for a period of twelve (12) consecutive months shall constitute, for this purpose, termination of mining

2. The following standards shall control reclamation

a. All excavation shall be either to a water-producing depth of not less than 5 feet below the average summer level of water in the excavation, or shall be graded or back-filled

(i) that the excavated area shall not

(ii) that the surface of such area gently rolling surface that will minimize wind and water erosion, and which will be

b. The banks of all excavations shall be sloped to the waterline in a water-producing excavation, and to the pit floor in a dry opera-tion at a slope which shall not be steeper than

improvements are to be completed within a one-year period. Where used, top soil shall be ap-plied to a minimum depth sufficient to support vegetation, but not less than 4 inches in any d. Vegetation shall be restored by the appropriate seeding of grasses or the planting of trees and shrubs to establish a permanent

e. Upon cessation of mining operations by adandonment or otherwise, the operator, within a reasonable period of time not to ex-ceed 12 months thereafter, shall remove all reclamation plan and which can be lawfully used under the requirements of the zoning district in which they will be located under such plan

Township Clerk to insure the proper rehabilitation and reclamation of the mined and excavated areas be mined or excavated in the following 12 months" period and which has previously been mined or ex-cavated during any preceding period and not reclaimed and rehabilitated in accordance with this Ordinance and the applicant's filed plan. Mined areas resul vertical shoreline thereof and to the extent of the shoreline where the same has been sloped to a grade of not more than I vertical to 3 horizontal, for the purpose of this financial guarantee. Such financial

Submission of Operational and Reclamation Plans No earth removal, quarrying, gravel processing, mining and related mineral extraction businesses shall be allowed or commenced until a site plan has been submitted to the Zoning Board or Appeals disclosing compliance with all of the provisions of the within Ordinance or the manner in which compliance will be secured by the applicant.
 Such site plan shall include, among other things:

a. A contour map of the tract of land involved in the operations, including dimensions of the same, access thereto abutting public streets, and whether or not the same are "all weather" roads, additional roads, if any, to be constructed, and the location and nature of abutting improvements on adjoining

b. The number of acres and the location of the same proposed to be operated upon within the following 12-months' period after commencec. The type of mining or processing equipment proposed to be conducted and the na-ture of the equipment to be used. d. The location of the principal pro-cessing plant and the distance of any proposed excavation or mining from the boundaries of the site.

e. Soil boring tests shall be made around the perimeter of the excavation site in the event excavation or activities are to conducted cloner than 150 feet from the boundaries of the site, said soil boring tests shall disclose conditions satisfactory for lateral support of adjacent premises as determined by a qualified professional engineer. The written consent of the owners of all adjoining premises and of the Zoning Board of Appeals shall be required if mining operations shall be closer than specified in the within Ordinance to the boundaries of the site.

f. A map or drawing disclosing the final grades and elevations to be established follow-ing the completion of the mining operations, in-cluding the proposed uses then contemplated for the land, future lakes and roads and such other matters as may evidence the bons fide nature of the reclamation and rehabilitation plans and the fact that the land will not be devastated

 After receiving an application for the grant of a special exception permit for an earth removal, quarrying, gravel processing, mining, and related mineral extraction business accompanied by the re-quired plans and specifications and permit fees, the Zoning Board of Appeals shall hold a public hearing upon such application, preceded by not purpose of such hearing to each owner of property adjoining the proposed site as shown on the last tax roll of the Township, as corrected by known transfers since the preparation of the same, by First Class Mail, and such other notice as may be

Following such hearing, the Zoning Board of Appeals shall grant or deny the application and set forth its reasons for its decision. Such decision shall be based upon the criteria set forth in the within a. The most advantageous use of the

c. Conservation of property values,

The keeping of pigeons having free access outside their cages, or the keeping of poultry, pigs, hogs, horses or livestock or more than three dogs or cats is prohibited within or upon any platted properties or subdivided areas used primarily for residential purposes or within or upon any area located within 150 feet of such platted properties or subdivided areas; provided, however, that any litter of dogs or cats which causes the aforesaid limit of 3 to be exceeded shall not constitute a violation of this provision . All driveways and sidewalks within the park shall be illuminated with not less than 2500 fumen lights spaced not more than 300 feet apart or equivalent lighting approved by the Township Planning Commis-3. Rear Line Spacing. There shall be a space of

e. The scarcity or value of the minerals' sought to be mined as compared with the effect upon the adjacent community of the proposed operations.

f. Mhether or not the operations were reviously in existence prior to the adoption of the taxt provision concerning the same and the extent and character of such previous oper

g. In making any decision, the Soning Board of Appeals shall have the right and au-thority to impose such additional conditions and safeguards as it deams necessary for the protection of the health, safety and general welfare of the neighborhood and of the adjoin-ing residents and property owners. It may also limit the length of time its special exception permit is to be effective and may provide for a periodic review of the proposed operations to ascertain compliance with the conditions and limitations imposed upon the same. It shall be empowered to renew or extend a special exception permit where all standards and conditions are complied with and may revoke or refuse to renew the same where non-compliance drights. No revocation

where non-compliance exists. No revocation or failure to renew or extend a permit shall release the applicant from the duty of rehal ilitation and reclamation of said mined or A permit shell not be revoked or renewal thereof denied except on thirty [30] days written notice of any violation forming the basis of such revocation or denial of renewal, and unless the violation has not been cured within such thirty (30) day period. All permits shall be feviewed by the Toning Board of Appeals annually.

The operator shall be required to pay such annual fee to cover the cost of inspec tions and additional meetings of the Eoning Board of Appeals as may be established by

G. Liability Insurance

All operators shall be required to carry personal injury and property damage insurance while any unreclaimed
or unrehabilitated area exists, in the amount of not less
than \$100,000 for each person or property injured or damaged
and not less than \$300,000 for injury or damage to more than
one person or one person's property arising out of one occurrence. Such insurance shall cover injury or damage occurring
upon the site of the operations as well as upon properties
adjoining thereto, as a result of conditions or activities
existing upon the site. A copy of the policy shall be filed
with the Township Clerk.

4.11 ESSENTIAL PUBLIC SERVICES

It shall be lawful-for essential public dervices to estab-lish and conduct themselves in any district of the Township: provided that the erection or construction of any or all devices and structures for such services shall be designed and exected and structures for such services shall be designed and erected to conform harmoniously with the general irchitecture and plan of such district in which they are to be srected, shall not interfere with the planned use of such district, and shall be subject to the prior approval of the Zoning Board of Appeals. Plans and specifications for such services shall be tendered to the Building Inspector and the Zoning Board of Appeals as prefrequisite of such approval; furthermore, the Zoning Board of Appeals as a prefrequisite of such approval; furthermore, the Zoning Board of Appeals as a prefrequisite of such approval; furthermore, the Zoning Board of Appeals shall have the power to perfilt any essential public service or erect and use an essential service device or structure in any permitted district, to a greater height or of a greater area than the district requirements established; provided such board shall first find such device or structure necessary for public convenience and necessity.

4.12 GRADE LEVELS

All dwellings or other structures shall observe all established and determined grade levels. In areas where there are
more dwellings or other structures in any one block, the average
of the grade level thereof shall datermine the grade level for
that area, and in all areas where no grade level has been determined or established by buildings thereof, before any building or
structure shall be placed thereon, a grade level shall first be
determined by the Rent County Road Commission for that area.
shall be unlawful to erect or commission for that area to

with the plates thereof, more than 24 inches above the established
or determined grade level embert that where the building is set
back further than the required distance an edditional rise of 1.0
foot for each additional 15 feet of setback shall be permitted.

4.13 LIGHTING AND SCREENING REQUIREMENTS

A. All lighting upon any premises in any soning disduce any glare which is a nuisance or annoyance to residents or occupants of adjoining premises or to the traveling public on public highways.

B. Except as otherwise provided in this Ordinance, all premises used for bisiness, commercial ma houserist purposes and located within a "T" or "I" District shall be screened from adjoining premises located in an "R-2" District or higher district classification by any of the following:

A natural compact planting area of avergreens or shrubbery which maintain their density and screening effect throughout the calefdar year, not less than 4 feet in height at the time of planting and maintained in a neet and attracti

An artificial wall or fence of sufficient density or compactness to screen the structures and activities of the business from the view of occupants or adjoining premises, not less than 5 feet in height and maintained in a nest and attractive manner, observate with the adjoining residential district.
 No such planting area, wall or fence shall be closer than 10 feet from any adjoining street right-of-way, line.

C. In the event of any controversy as to the adequacy of any proposed or existing screening or the creation of any nuisance or annoyance by artificial lighting; the foning Board of Appeals shall have the right and is hereby given the authority to determine whether the same is in violation of these screening and lighting provisions and the purpose herein sought to be accomplished of the screening of abutting business and residential properties and the prevention of nuisance from artificial lighting.

No dwelling unit shall be built on a lot unless the lot abuts upon a public street or upon a permanent unobatructed access easement of record to a public street. Such easement of record shall have a minimum which of 33 feet if the easement serves no more than two dwelling units, or 65 feet if the easement serves more than two dwelling units. All regulations contained in this Ordinance shall apply to such dassments of record in the rase manner as if the same were decleated streets.

4.15 OFF-STREET PARKING OF MOTOR VEHICLES

A. Off-street parking shall be prohibited in the areas between buildings and the abutting street line or lines within the "R-A", "R-1", "R-2" and "NH" Districts except for temporary parking within private driveways not exceeding 20 feet in width upon such properties.

B. Every property owner shall provide and salutain at all times an adequate number of off-atreet parking spaces, and the necessary loading and unloading facilities associated thereto in each district for all occupants, employees and

C. A plan showing the required parking and loading spaces including the means of access and interior olroulation, except for one-family and two-family dwellings, shall be provided at the time of application for a building permit for the eraction or enlargement of any building.

D. Parking of motor vehicles in remidential districts shall be limited to passenger vehicles, and not more than one commercial vehicle of the light delivery type not to exceed 3/4 ton. The parking of any other type of commercial vehicle, or buses, except for those parked on school property, is prohibited in residential districts.

E. Requirements for all parking spaces and parking lots: Lach automobile parking space shall be not less than 200 square feet and not less than 10 feet wide, exclusive of driveway, space.

2. All off-street parking facilities shall be drained so as to prevent damage to abutting properties or public streets and shall be constructed of material which will have a dust-free surface resistant to

Any lighting fixtures used to illuminate any off-atreet parking area shall be so arranged to reflect the light away from any edjoining residential lots.

No parking space shall be closer than 5 feet from

Off-street parking facilities in non-residential areas shall be effectively screened on any side which adjoins or faces property in any residential area by a wall, fence by compact planting not less than 4 feet or more than 8 feet in height. Plantings shall be maintained in good condition and not encreach on adjoining property. Screening shall not be so placed or maintained as to provide a traffic hazard through obstruction of visibility.

All off-street parking areas that make it necessary-for vehicles to back out directly into a public read are prohibited, provided that this prohibition shall not apply to off-street parking areas of one or two-

Space for all necessary loading and unloading opera-tions for any commercial, industrial or other use must be provided in addition to the required off-street parking spaces. All loading and unloading operations must be carried on entirely within the lot area of the use it serves and shall not interfere with pedestrian or vehicular movement.

The requirement for the provision of parking facilities with respect to 2 or more property uses of the same or different types may be satisfied by the permanent allocation of the requisite number of spaces for each use in a common parking facility, cooperatively established and operated, provided that the number of spaces designated is not less than the sum of individual requirements and provided further that the other requirements of this Ordinance are complied with.

The number of parking spaces required for land or buildings used for two or more purposes shall be the sum of the requirements for the various individual uses; parking facilities for one use shall not be considered as providing the required parking facili-ties for any other uses

F. Minimum Required Parking Spaces:

Apartment houses: 2 parking spaces per family unit. office buildings. 1 parking space for each 200 feet of floor space utilized for work space for employees

Retail stores, super markets, department stores, personal service shops, and shopping centers: 1 parking space for each 100 square feet area in the basement and on the first floor used for retail sales; 1 space for each 150 square feet of floor area on the second floor used for retail sales; 1 space for each 100 square feet of floor area on the third floor used for retail sales; and 1 space for each 400 square feet of any additional floor used for retail sales.

Manufacturing buildings: 1 parking space for each 3 amployees on the maximum shift. Libraries, museums and post offices: 1 parking space for each 100 square feet of floor area.

6. Bowling alleys: 3 parking spaces for each alley. 7. Motels and tourist homes: 1 parking space for

9. Dance halls, assembly halls and convention halls without fixed seats: 1 parking space for each 100 square feet of floor area if to be used for dancing or assembly. Restaurants and night clubs: 1 parking space for each 100 square feet of floor area.

Roadside stand: 2 parking spaces. Schools, private or public elementary and junior

Senior high schools and institutions of higher learn-ing: 1 parking space for each employee normally en-gaged in or about the building or grounds and one ad-ditional space for each 5 students enrolled in the

Other uses not specifically mentioned: in the case of buildings which are used for purposes not specifically mentioned in this Section, the provisions for a use which is similar in terms of parking demand

Mixed used in the same building: in the case of mixed uses in the same building, the amount of parking space for each use specified shall be provided and the space for one use shall not be considered as providing required spaces for any other use, except as to churches and auditoriums incidental to public and parochial schools.

No parking area, parking space or loading space which exists at the time this Ordinance becomes affective or which thereafter is provided for the purpose of complying with the provisions of this Ordinance shall be religiouslyed or reduced in any manner below the requirements established by this Ordinance unless additional parking area or space is provided sufficient for the purpose of complying with the provisions of this Ordinance within 300 feet of the proposed or existing uses for which such parking will be available.

4.16 ONE DWELLING PER LOT; OPEN SPACE

Not more than one detached dwelling shall be constructed on No single family, two-family or multiple family dwelling or dwellings together with buildings accessory thereto shall occupy more than 30% of the ground area of the lot or parcel upon which

4.17 PRIVATE STABLES

In any residential district, a private stable shall not ! located less than 150 feet from any adjoining property line,

As a result of the lack of zoning for industrial and commercial uses prior to the adoption of this Ordinance, some residential dwellings have been constructed and located within areas that are predominately commercial or industrial. In order to protect such existing dwellings from new commercial or industrial activities or field MGN-COM structures, no new commercial or industrial activities or structures shall hereafter be located closer than 100 feet to any such existing dwelling which is occupied for residential purposes. Any such the follower commercial or industrial structure or activity shall be screened wises in exist from such adjoining dwelling in accordance with the provisions set forth under the Commercial and Industrial districts sections of this Ordinance.

The foregoing provisions shall not operate to reduce the us-able area of the adjoining commercial or industrial property under bone fide separate ownership on the effective date of this ordinance below 50%. If the foregoing provisions would cause such a result, the residential buffer area shall be reduced accordingly to permit such 50% use.

1.19 SANITARY FACILITIES REQUIRED

Every structure hereafter erected for dwelling purposes shall be provided with running water, adequate inside water closet accommodations and sanitary or sawage facilities which shall meet the requirements and specifications prescribed by the Kest County Health Department, as evidenced by a permit issued by such Department. do outside toilets shall hereafter be erected except such as may temporarily be needed during construction on the premises.

Swimming pools may be installed in any district as an accessory use. All pools must meet the following conditions:

A. Pools may be installed in the side or rear yards of a lot in residential and agricultural districts. Motels and hotels may install pools in the front yard.

8. A good quality, permanent fence not less than four feet in height shall be required. Fence posts shall be apaced at intervals of not more than eight feet, and the fence shall ...

C. Every gate or other opening in the fonce shall be designed and maintained to prevent entry of persons except as permitted by the cuner. D. Pools shall not be erected closer than five feet to the rear and side property lines of the let. In the cas of corner lots, the pool shall not be located closer than 2 feet from any property line abutting any street.

E. Pools may not occupy more than 40 percent of the area of the yard. In computing such area all other access structures shall be excluded.

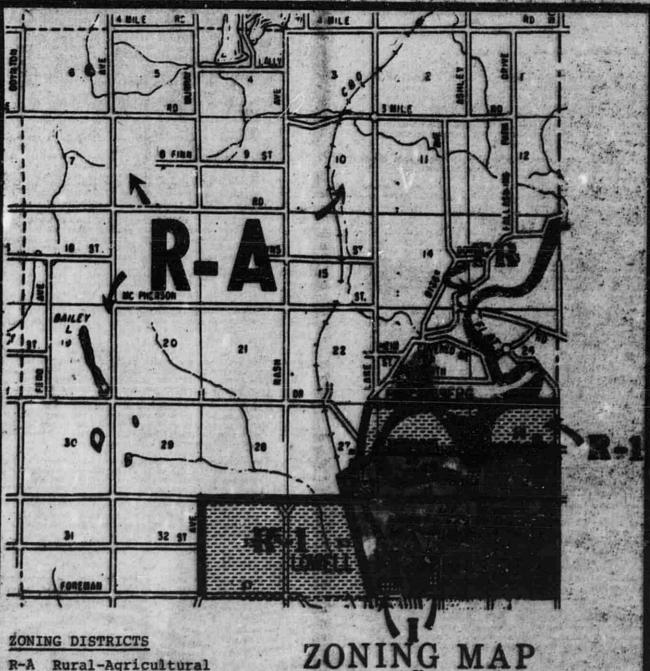

P. If a public water supply system is available, only public water shall be used to supply water for the pool. G. The inlet of the water supply system shall be above the overflow level of the pool and fitted with an antisiphon

H. The pool shall be chemically treated in a manner sufficient to maintain becterial standards established by the provisions of the Department of Health relating to public swimming pools.

TENTS AND TRAVEL TRAILERS: MONTLE MONES . . . . . .

A. Tents, motor homes, travel trailers and/or eyecmobile trailers shall not be used for dwelling purposes within the Township limits; provided, that travel trailers or
automobile trailers may be used for temporary dwellings for
a total period of not more than 14 days in any one year when
incidentel to a permanent dwelling and upon premises Kawing wrunning water and sewage facilities, and provided further the
automobile trailers and travel trailers ray be occupied for
temporary dwelling purposes within duly licensed travel
trailer camps.

B. Mobile homes shall not be used for dwgling purposes within the Township unless located within a mobile home park in an MH District or unless used for temporary residence purposes as hereinafter provided. A permit may be secured from the Ioning Board of Appeals to use a mobile home as a tuporary residence for a period not to exceed one year provided that the ability and intent to erect a house on the premises is shown; provided that the mobile home is located with is shown; provided that the mobile home is located upor ises having running water and sewage facilities; and pr

further that upon expiration of the one-year period, the Zon-ing Board of Appeals may renew the permit for an additional period of one year upon sufficient showing that the house con-struction could not be completed within one year but has suo-stantially programsed during the period. Said Board may re-quire a Performance bond, in an amount satisfactory to said Board, conditioned upon the removal of the mobile name from the premises on expiration of the temporary pecuit.

C. The Zoning Board of Appeals is further given the right to authorize the location of not to exceed one mobile hame upon any tract of land not less than two and one-half acres in area, where the mobile home is provided with running watch, and adequate facilities of a septic-tank quality or batter and is incident or accessory to a permanent dwelling upon the premises and so located as to be screened from adjoining dwellings and public streets.

tence at the time of passage of this Ordinance may be con-tinued but shall not be extended, added to or altered unless each such extension, alteration or addition is in conformity with the provisions of this Ordinance.

B. If the cost of repair or replacement of a non-conforming use or structure which has been destroyed by reason of windstorm, fire, explosion or any act of God or public memy exceeds 50 of the total replacement cost of the use or structure shall not be continued or rebuilt except in conformity with the provisions of this

C. If the non-conforming use of any land or structure shall terminate for a continuous period of one year or more, such use shall not be reestablished and any future use of land and structure shall be in conformity with this Ordinance

A. Purpose of Special Exception Uses. In order to make this Ordinance a flexible zoning control and still afford protection of property values and orderly and compatible development of property within the Township, the Zoning Board of Appeals, in addition to its other functions, is authorized to approve certain uses designated as Special Exception Uses within the various zoning Districts set forth in the Ordinance.

Standards for Approval of Special Exception Uses.

. In determining whether to approve a proposed Special Ex-ception Use the Ioning Board of Appeals shall consider the

The public health, safety, peace and comfort and general welfare of the community, including: a. The addressibility of the property in question to fire and police protection and to public utilities and other essential public

The Gascattbility of the proposed use (including the type and kind of buildings and structures to be exected), with the use or development of adjacent or nearby properties, including the safety, welfare and convenience of the occupants of such adjacent or nearby properties.

The extent to which the proposed use may decrease or impair the value or marketability of adjacent or hearby properties, whether improved or unin-

Moderaths fanding shything herein to the contrary, opera-tions in connection with any proposed use shall not create or manner more noise, fumes, air or water pollution, vibra-tion or artificial lighting than operations of any use per-mitted in the District in question, and no Special Exception (Use Persit shall be issued for any property in respect of which there is an existing violation of this Ordinance.

in the Township unless a special Exception Use Permit covering the proposed use shall have first been issued by the Zoning Board of Appeals, after consideration of the application for the proposed use in light of the foregoing standards. The hunder of establishing the feasibility and permissibility of a Special Exception Use under the foregoing standards shall be upon the applicant. The following procedures shall govern all special exception use applications:

All applications for Special Exception Use Permits shall be filed in writing with the Township Clerk and shall include all pertinent plans, specifications, and gther data upon which the applicant intends to rely in requesting a special Exception Use Permit. Upon receipt of an application the Township Clerk shall endorse the date of receipt therein.

2. The Zoning soard of Appeals shall, upon receipt of the application in proper form, submit the same to the Township Planning Commission for its review and recommendation. The Planning Commission for its recommendation within a period not exceeding thirty (10) day from the date the application is submitted to the Township Clork. The Planning Commission may in its discretion and within such thirty (10) day period schedule and hold a hearing upon the application which shall he preceded by sowen (7) days written notice to the applicant and to the owners and occupants of all property contiguous to any parcel of land directly affected by the proposed special use. The Planning Commission shall make its recommendation in writing to the Zoning Weard of Appeals and shall ociefly state the reasons for its recommendation. In making its fectomendation, the Planning Commission shall consider the standards for approval of Special Exception Uses hereinshows set forth. If no recommendation is received from the Planning Commission within said thirty (10) way period, the application shall be considered to have been approved by the Planning Commission.

At the next regularly scheduled marting of the Zoning Board of Appeals following reactive by said seard of the Planning Commission's recommendation (or after expiration of the thirty (30) day period if no recommendation is theretofore received), the Zoning Soard of appeals shall in writing either grant or deny a permit for the proposed Special Exception Use. If the application for permit is device, the Board shall briefly state its reasons for such denial.

All conditions, limitations and requirements upon which any Special Exception Use Permit is granted shall be specified in datail in the Permit, and the Permit shall be filed with the minutes of the Youing Scard of Appeals with a copy to the suilding and Zoning Enspector of the Township.

The Boning Moard of Appeals shall have the right to limit the duration of a Special Exception Use Permit where the proposed use is of a temporary incurs or is approved only as a temporary Special Exception Use. The Board may also reserve the right to review annually the permitse's compliance with the conditions and limitations imposed in the Permit shall fail to roughly with any conditions and Imitations of a Permit she Boning Board of Appeals may revoke the permit after a hearing called upon the Sand's com initiative or upon application of any apprisered party. Upon a finding by the Zoning Board of Appeals that there has been a violation of any term, condition or limitation of a Special Exception Use permitted thereby shall the reupon cease to be a lawful use.

6. In the event that any property which is the subject

of a Special Exception Usa Permit has not been used for the purposes for which such permit was granted for a period of six (6) months or more (except where such non-use is shown to be due to causes or circumstancer beyond the owner's control), the Special Exception Use Permit shall be subject to revocation on written notice by the Zoning Board of Appeals to the holder of the Permit. Following such revocation, the special exception use permitted by the revoked Permit shall cease to be a lawful.

D. Site Development Plan Review Procedures.

 A site development plan drawn and submitted in accordance with this Section shall be required in connection with any application for a Special Exception Use Permit for a platted subdivision, an earth removal, quarrying, gravel processing, mining or related business, or a commercial or industrial establishment. In addition, when the mines that a site development plan is necessary to properly consider and evaluate an application for any other proposed Special exception Use, a site development plan may be required in connection with such application. Where a site development plan is not expressly required hereunder, the applicant for a Special Exception Use Primit shall be advised by the Zoning Board of Appeals of the need for submission of such a plan within thirty (30) days after the filing of his initial application.

2. In any case where a site development plan is either expressly required or deemed nacessary hureunder, the time periods for action by the Zoning Board of Appeals and the Planniny Commission on an applica-tion for a Special Exception Use Permit shall com-mence to run upon faceipt by the Zoning Board of Appeals of a suitable plan. The applicant shall be responsible for proper preparation and submis sion of a suitable plan.

Optional Sketch Plan Review. Preliminary sketches of proposed site and development plans may be sub-mitted for review to the Zoning Board of Appeals prior to final approval. The purpose of such pro-cedure is to allow discussion between an applicant and the Zoning Board of Appeals or the Flanning Commission to better inform the applicant of the acceptability of his proposed plans prior to in curring extensive engineering and other costs which might be necessary for final site development plan approval. Such sketch plans shall include as a minimum the following:

a. The name and address of the applicant or developer, including the names and addresses of any officers of a corporation or partners of

b. A legal description of the property c. Sketch plans showing tentative site development plans.

The Toning Board of Appeals and the Planning Commission shall not be bound by any tentative ap-proval given in connection with the review of an Filing Requirements. When a final site development plan is required hereunder the applicant shall file the following:

> a. A review fee as determined by resolution of the Township soard based upon the cost Three copies of the completed applica-tion form for site plan review which shell con-tain as a minimum the following:

(ii) the legal description of the subject parcel of land.

(iii) the area of the subject parcel of land stated in acres or, if less than an acre, in square feet.

(iv) the present zoning classifica-tion of the subject parcel. (v) a general description of the proposed development.

c. Three copies of the proposed site relopment plan which shall include as a minima the following: a scale drawing of the site and proposed development thereon, including the date, name and address of the preparer; the topography of the site and its relationship to adjoining land; existing man-made features; adjoining land; existing man-made features; dimensions of setbacks; locations, beights and size of structures and other important features; percentage of land covered by buildings and that reserved for open space; dwelling unit density where pertinent; location of public and private rights-of-way and easements contiguous to and within the proposed development which are planned to be continued, created, relocated, or abandoned, including grades and types of construction of those upon the site; curb-cuts, driving lanes, parking and loading areas; location and type of drainage, sanitary sewers, storm sewers, and other facilities; owers, storm sewers, and other facilities fences; landscaping; screening; proposed eart; changes; environmental impact of the project; signs and on-site illumination; and any add or nearby properties and the general public as may be requested by the Zoning board of Appeals or by the Planning Commission.

5. Action on Application and Site Development Plan

a. Upon receipt of the application and site development plan, the Township Clerk shall record the date of the receipt thereof and shall transmit one copy to the chairman of the Zoning Board of Appeals; one copy to the Township Planning Commission and one copy to the Yownship Building and Zoning Inspector.

b. Upon receipt by the Township Clerk of the final site development plan, the ap-plication for the Special Exception Use em-bodied in the plan shall be in final form and shall be acted upon in accordance with the Procedures for Obtaining Special Exception Use Permits set forth in paragraph 5.02 C.

In addition to its other powers, the soning Board of Appeals shall have the authority to approve, disapprove or modify the proposed site development plan in light of the standards for Special Exception Uses set forth in this Ordinance together with such other general or special regulations as may apply to the proposed Special Exception Uses. Any required modification shall be stated in writing, together with the reasons therefor, and delivered to the applicant. The Soning moard of Appeals may either approve the final site development plan contingent upon the making of required modifications, or may require a further review of the plan after the modifications have been incorporated in the proposed

o. One copy of each approved final site development plan shall be maintained as part of the Township records for future review and enforcement. One copy shall be returned to the applicant. Each copy shall be signed and dated with the date of approval by the chairman of the Ioning Board of Appeals so as to facilitate identification of the finally approved plan.

E. Criteria for Review of Site Development Plan. In reviewing a site development plan submitted in connection with an application for a Special Exception Use Permit, and in approving, disapproving or modifying the plan, the Zoning Board of Appeals shall consider the Standards for Approval of Special Exception Uses set forth at paragraph 5.02 B. above, shall consult and be bound by other pertinent provisions of this Ordinance, and in addition shall be governed by the following criteria:

That there is a proper relationship between the
existing streets and highways and proposed deceleration lanes in the vicinity of the proposed
site development so as to service drives, entrance
and exit driveways and parking areas to assure the
safety and convenience of existing and anticipated
pedestrian and vehicular traffic.

That the buildings, structures and entryways there-to proposed for the site development are so situated and designed as to minimize adverse effects upon owners and occupants of adjacent and nearby proper-

3. That as many natural features as possible of the landscape in the site development area shall be re-tained where they furnish a barrier or buffer be-tween the proposed site development and adjoining properties used for dissimilar purposes and where they assist in preserving the general appearance of the vicinity or help control erosion or dis-charge of storm waters.

4. That any adverse effects of the proposed site development and any noise, light or activities expected to emanate therefrom upon adjoining residents or owners shall be minimized by appropriate

5. That all provisions of this Ordinance are complied with unless an appropriate variance therefrom been granted by the Zoning Board of Appeals.

6. Yeat all buildings and structures are accessible

 That sanitary facilities have been provided for which meet the requirements and specifications prescribed by the Kent County Health Department, as evidenced by a permit issued by said Department

8. That the plan as approved is consistent with the intent and purpose of zoning to promote public health, safety, morals and general welfare; to encourage the use of lands in accordance with their character and adaptability; to avoid the overcrowding of population; to lessen conjestion on the public roads and streets, to reduce hazards to life and property; to facilitate adequate provisions for a system of ".nsportation, sewage disposal, safe and adequate. after supply, education, recreation and other public requirements; and to conserve the expenditure of funds for public improvements and services to conform with the most advantageous uses of load resources. the most advantageous uses of lend, resources and properties; to conserve proper values and natural resources; and to give reaso-sole con-sideration to the character of a particular area, its poculiar suitabilit, for particular uses and the general and appropriate trend and character of land, building and population development.

F. Conformity to Approved Site Development Plan. 1. Property which is the subject of an approved site

2. If construction and development does not conform with the approved plan, the Special Exception Use Permit on which the plan is based shall be forthwith revole: by the Loning spard of appeals by written notice of rowocation posted upon the order ses involved and relief to the applicant in the last known address. Epon such revocation all ther contract address. Lyon such revocation all ther contruc-tion activities shall cease upon the site, other than for the purpose of correcting the violation. However, the Zoning sound of Appeals may, upon prop-er written application by the applicant and after a hearing, approve a man fination in the site plan to coincide with the downlawn's contruction pro-vided such construction complies with the criteria contained in the site plan approval provisions and with the spirit, purpose and intent of this Ordi-nance.

Approval of the site development plan small be valid for a period of one year after the date of approva If a Special Exception Use Permit has not been ob-tained and on-site development actually commenced within such one-year period, the Special excepti Use Permit embodying the plan shall become void and a new application for Special Exception use Permit shall be required before any construction or develo

G. Amendment to Site Plan.  $\lambda$  proposed amendment, modification or alteration to a previously approved site development plan shall be submitted to the Zoning would of Appeals for review in the same manner as the original application was

A. The Zoning Board of Appeals shall have the power to authorize, upon appeal in specific cases, such variances from the provisions or requirements of this Ordinance as will not be contrary to the public safety or interest. A variance be authorized only where the board finds that owing to special conditions pertaining to a specific piece of property, the literal enforcement of the provisions or requirements of this Ordinance would cause undue or unnecessary hardsnip, and only where the Board fines:

stances or conditions applying to the property in question or to the intended use of the property that do not apply generally to other properties or types of uses in the same zoning District; 2. That such a variance is necessary for the preserva

tion and enjoyment of a substantial property right-possessed by other properties in the same zoning District and in the vicinity. The possibility of increased financial return shall not of itself be deemed sufficient to warrant a variance; 3. That the authorizing of such variance will not have a substantial adverse impact on the value or enjoyment of adjacent property and will not materially impair the spirit or purposes of this Ordinance or the public interest; and

the Flat River District of any use which is not permitted by right within that District. b. will relate only to property under

**Ballet Classes Start** c. will not materially increase the risk of fire, flood or similar dangers, d. will not materially increase traffic

e. will not produce nuisance conditions to occupants of nearby premises, whether by reason of dust, noise, fumes, odor, vibration, smoke

f. will not otherwise inpair the public health, safety, comfort or the general welfare of the residents of the Township. B. Under no circumstances shall the loning Seard of Appeals:

Grant a variance to allow a use not authorized under the terms of this Ordinance in the zoning district involved, or any use expressly or by implication prohibited by the terms of this Ordinance in said district. The Zoning Board of Appeals shall not use its variance authority to accomplish what would, in effect, be rezoning.

Grant a variance to allow construction of a building on or development of a lot of less lot area than
the minimum requirement for the soning District in
question, even though such lot existed at the time
of passage of this Ordinance, if the owner or members of his immediate family then or thereafter
owned adjacent land which could without undue hardship be or have been included as part of the lot.

This is a dip that's easy to take and even easier to This is a dip that's easy to take—and even easier to make. Just mix five readily available ingredients and it's set to be served. The seasoning is all-in-one—a quick measure of Lea & Perrins sauce, the original Worcestershire. This sauce supplies a mellow blend of soy, vinegar, molasses, oniona, garlic, anchovies, tamarind and a collection of spices. If you're lucky enough to have a food processor, the preparation is even quicker and easier yet. And, of course, a dip of this type, designed for crisp, raw carrots, cucumbers, celery, zucchini, snap beans or tomatoes, promotes healthful snacking. This particular recipe can be made days shead and refrigerated—ready for instant entertaining.

nstant entertaining. DEVILED CHEESE DIP 1 package (8 oz.) cream cheese, softened 2 tablespoons milk 1 can (4-1/2 oz.) deviled ham 1 tablespoon minced onion
1-1/2 tablespoons original Worcestershire sauce
Assorted raw vegetables

amooth. Stir in deviled ham, onion and Worcestershire space. Serve as a dip for raw vegetables such as zucchini and carrot slices cut on the diagonal, celery sticks, cherry pes, etc. Yield: 1-1/2 cups.

an Eagle Scout, the highest rank Scouting on Sunday.

and the son of Mr. and Mrs. Charles King, Ada. George is the second Eagle Scout in the family. His brother

Charles is a freshman at Grand Rapids Junior College this year and made Eagle rank in August, 1975. King is the sixth Scout to make Eagle rank this year from Troop 334.

#### BOOMERANG WORKSHOP FOR CHILDREN IN PUBLIC MUSEUM

A workshop, for "Making Australian Boomerangs" will be held in the Grand Rapids Public Museum Saturday, October 14 at 1:30 p.m. It is open to children between the ages of 8 and 12.

The workshop is in conjunction with the Museum's Australian Aboriginal Art exhibit which also features some boomerangs.

The fee is \$5.50. For a reservation, call the Scheduling Office in the Museum at 456-

## **Alto Moms** Host Drug **Abuse**

Speaker

The entire Alto community. including Middle and High School students, are invited to listen to Sgt. Heiner of the Sheriff's Department September 17 at 8 p.m. at Alto School. Sergeant Heiner will present the program for Alto Mothers Clubs' monthly meeting. He will speak on current drug abuse and its wide-spread problems. Samples of the illegal drugs will be shown.

Mother's Club is also plan-ning their annual Book Fair for October 26 and 27.

Remember, the October 17 meeting is open to the public."

# The Back Page... **Calvary CRC Dedication Set**

Dedication services are planned for 10 a.m. Sunday, Oct. 15. for the newly enlarged and remodeled Calvary Christian

Reformed Church of Lowell. Rev. Morris Faber of Grand Rapids will deliver the sermon of dedication. Rev. Richard VandeKeift, pastor of Calvary Church, will lead the congregation in a litany of dedication. William Boersma of Boersma Bros. Construction will present the keys of the building to John DeVries, Chairman of the Build ing Committee.
