Ionia Free Fair Gets Under Way

Singer Kenny Rogers will appear before capacity grandstand shows at 7 and 9:30 p.m., August 6, at the Ionia Free Fair. All reserved seats for the Rogers shows are sold out, however, general admission tickets will go on sale at the box office beneath the grandstand two hours before each show. Free Fair officials rate the advance sales for Rogers the largest for any performer in the 64-year-old history of the outdoor event.

BARGAINS GALORE

Lowell's annual Sidewalk Sales are slated for this Thursday, Friday and Saturday, Aug. 2, 3, 4 beginning at 9 a.m. Most of the merchants on Lowell's Main Street will have season-end merchandise and specials on items they need to move to make room for new items on their shelves. Remember that there are merchants on the far east end of Main to the far West end of Main, including Nature's Emporium. In case of inclement weather, merchants will move the merchandise, if not the sidewalks, inside.

FOUND ITEMS

Several items were turned in to the Lowell Police Department during Showboat Week and can be reclaimed there. Found were a pair of glasses, playing cards, keys, combs and a sweater.

SHORTER HOURS

Riverside Fireplace Shop will have shorter hours on Saturday, Aug. 4 through Saturday, Aug. 11. During those days they will be open from 10 a.m. to 2:30 p.m. so that owner Stanley Johnson can man his display at the Ionia Free Fair. He will be closed on Thursdays and Sundays as usual.

SPIFFY

Paul Erickson put the finishing touches on his Showboat Restaurant last week. The Mansard roof, new siding and sign make it one of the best looking eateries in town. The Radio Service store and Hill's Shoe Store both sport fresh coats of paint. Lowell got all spiffed up in time for Miss Leslie Uggams and Showboat Week. It looks great, y'all.

EXAM TIME

Physical examinations for athletes for the 1979-80 school year have been scheduled. Exam cards must be picked up at the high school office and signed by parent or guardian before the exam. The boys' exam will be Friday, Aug. 10 at 7 p.m. and the girls' exam will be Friday, Aug. 17 at 7 p.m. Freshmen will not be examined. They should go to their family physician.

POSTPONED

The Synchronized Swim Show has been postponed from August 2 to Monday, August 6 at 6 p.m. The public is invited to view the water ballet set to music from the 50s.

PRIZED POSSESSION

Thelma Estes, 2966 Thorncrest Dr. SE, Cascade, is an antique doll collector. She tells the Ledger that she has former President Jerry Ford's baby dress which was worn at his baptism. She has the baptismal gown on an antique doll and claims it is her most prized possession.

OFF THE BLOTTER

Melvin Shields of Ada collided with Leonard Bridge of Grand Rapids at Main and Amity Streets on Monday, July 23, about noon as Shields attempted to turn off Amity on to Main.

A stone was thrown through a window of Lipperts Pharmacy early Thursday morning, July 26. Lowell police feel it might have been an attempted breaking and entering, and are continuing investigation.

James Dart escaped injury last Friday evening, July 27, when the motorcycle he was riding hit the rear of a pick-up truck driven by Selah VanderPon of Grand Rapids on Main Street near Amity.

Eastgate Sale

A Real Grand Slam

Residents of Eastgate are happily proclaiming their "Grand Slam Garage Sale" a success. Many are talking of making it an annual event. Several are thinking of reviving the former Eastgate Association.

Residents remarked how considerate the "garage sale-ing" guests were. Most came from Lowell. Traffic was steady but not jammed. Litter was no problem. Even the weather cooperated! The ice cream truck completely sold out twice by mid-afternoon and the Calvary Christian Reformed Church sold over 500 hot dogs.

Seventy sale sites were counted Friday with many more opening Saturday. Most sales had two or more families selling. Relatives came with their junk from as far as Battle Creek. Eastgate home businesses made sales and greatly increased their exposure.

Cathy Garnast, event coordinator, thanked the Grand Valley Ledger for the front page articles and the printing of the maps. Also thanked are the many cooperative businesses in Lowell and the Showboat ticket office for the display of advertisements and maps. Many people plan to keep these maps for future use.

Eastgate gave a special thanks to Ed Benjamin from Westdale Co. for his fine support in advertising and foot work to make such a community benefit possible.

Beltline Nears Completion

Construction of the \$7,439,183, four-lane, divided East Beltline from just north of Cascade Road south to Lake Eastbrook Boulevard SE "is moving ahead pretty much on schedule," reports Roger VanderMeulen, Grand Rapids district construction engineer for the State Department of Transportation.

The 3.2-mile-long project is slated to be completed late this year if there are no delays, he states.

Concrete for the southbound lanes between Burton and the boulevard, and in the Cascade Road area has been laid. These lanes between Burton and the boulevard will be in use soon.

"When they are opened to traffic, crews then will be relocating utility lines and installing drainage structures before the concrete is poured for the northbound lanes," he states.

Curbs and gutters are being put in, much grading and filling are continuing and drainage units are being installed at different locations, VanderMeulen adds.

Chain Saw Sculptor Delights Visitors

Visitors to Lowell's Showboat last week were treated to the talents of Don Harvey who is a very special kind of craftsman. He creates nearly life-size sculptures from wood stumps with a chain saw.

Harvey usually does his thing at his "Stittville Stump Art-Shop", 14 miles northeast of Lake City, Michigan. His business started about 18 months ago and he's sold 200 one-of-a-kind figures since. Working at the old Showboat dock last Wednesday, Thursday, Friday and Saturday evenings, Harvey turned a huge log into a peg-legged riverboat captain. He fashions the figures, most of them whimsical, almost entirely with a chain saw. He used a chisel only for a few facial details. The "Captain" can be seen at City Hall on Lowell's Main Street.

Harvey sort of stumbled into the chain saw sculpture by accident. Fooling around while cutting firewood, he made an owl and sold it to the first person who saw it. After that, word-of-mouth advertising created a demand he can barely keep up with. He quit his job as general manager of a paint factory and now works for himself and for Lowell's newest industry, the Grand Old Decoy Co., 319 E. Main. Harvey is a master decoy carver. His limited edition Canadian geese, worked feather by feather with a fine wood burning pen, are already collectors' items.

A New York art gallery recently purchased one of his animal carvings for \$1,000. A Dansville, Ill., businessman paid him \$1,500 for a grizzly bear and now Harvey is working on a snow leopard for a Grand Haven customer.

According to Jim Taber, co-owner of the decoy company, Harvey is the best of all the carvers making master models and will soon be the best in the world. "The key to good carving is its natural, unstilted attitude," says Taber, "and Don is able to conceive and carry that through to perfection."

Auto Club Unit Visits Lowell

Automobile Club of Michigan's 32-foot mobile display unit promoting Michigan travel, gas-watching and highway safety will visit Woodland Mall in Grand Rapids Aug. 6-7.

The mobile display unit also will participate in the Kent County 4-H Fair at Lowell Aug. 8-9.

The 1,630 cubic foot walk-through unit houses many exhibits and a wide range of literature. "The display unit, developed in cooperation with Champion Home Builders Co., will tour 40 Michigan festivals and major events this summer," said Terrence Fenech, Auto Club's Grand Rapids-North branch manager.

Among the exhibits on board the Michigan-made unit are: "Mr. Think Tank," a six-foot mannequin which greets visitors as they enter to explain what they are about to see; two "hands on" displays testing brake reaction and night vision; two General Motors Corp. mini-theaters, one with a message on highway safety and seat belts, the other a Triple-A message on fuel economy, and "Alex the Talking Bike" with a message to young cyclists.

Don Harvey sculptured this peg-legged riverboat Captain last Wednesday, Thursday, Friday and Saturday evenings, at the old Showboat dock. The "Captain" can be seen at City Hall, 301 East Main Street.

Weather Changes Mar Showboat

Mother Nature couldn't make up her mind what kind of weather to dish up for Showboat Week so she evidently decided to have a real variety. The only thing it didn't do last week is snow.

After a nearly sellout opening during beautiful weather on Monday night, Showboat suffered oppressive heat and tornado sightings on Tuesday; a warm, clear evening on Wednesday; a constant mist on Thursday; a frightening lightning storm and deluge on Friday; and back to perfect weather for Saturday's closing performance.

Headliner Leslie Uggams carried on throughout the changes saying, "I can certainly say this week has been an experience!" She wowed the audience as she sang and danced. The dramatic portrayal of an aging Kizzy from the acclaimed "Roots" quieted the entire Riverside Amphitheatre and brought her a tumultuous ovation at each performance.

Adgates Is Robbed

Owner Bernard Adgate came to a rude awakening Sunday morning, July 29, when he discovered the safe at his Adgate's store in Saranac had been broken into and a large amount of money was taken.

The burglary is still under investigation by the Ionia Police of the Michigan State Police.

During Friday night's downpour, Miss Uggams performed under a tarp held aloft by local stagehands until the danger of mixing lightning and electrical sound equipment forced the close of the performance. She quipped as she ran for cover, "I've never done my act under a Baggie before but if they can stand to sit there in the rain and listen, I can stand out there and give them a show."

Attendance during the six days of Showboat week was still being tallied as the Ledger went to press but it is estimated that 13,500 saw the gala with its selected dancers, ventriloquist, amateurs, orchestra, chorus and Endmen. Nearly 4,500 programs were sold during the week and 1,224 dinners were served to visitors at Deer Run Golf Club. Forty-six buses brought approximately 1,750

people from all over Michigan during the week.

Final figures were not available at press time but Showboat officials feel that Showboat 1979 will probably more than break even.

In the eyes of this community and for most of the visitors, the new Robert E. Lee was the co-star of the week. It made the nightly trip on the Flat with only minor "hang-ups" and became an impressive backdrop after docking.

Appearing on the "Tonight" show on Monday, July 30, with host Bill Cosby, Leslie Uggams had high praise for the little town that put an entire riverboat together in time for its annual Showboat production. The said she thinks maybe Lowell has "747 size bugs" but that she found the community warm and friendly.

4-H Fair Begins Monday

It's 4-H Fair time! Six big days of activities, exhibits, and fun for everyone are coming your way at the forty-fifth annual Kent County 4-H Youth Fair, beginning in Lowell on Monday, Aug. 6, and running through Saturday, Aug. 11. Over 1,800 Kent County 4-H members between the ages of 9 and 19 will climax the year's club work with the projects and animals they will enter.

Take part in the fun and excitement of each day at this year's fair. Mark your calendar now and don't miss the following events:

Monday: Exhibits will be arriving with crafts, photography, wild flowers, and conservation projects being judged. Horse and pony projects will also be judged.

Tuesday: The midway will be in full swing along with the demonstrations, public speak-

if it fitz'

By Jim Fitzgourd

"I couldn't blanch my asparagus," my wife complained. "How do you blanch asparagus?" the husband asked. "You talk to it like Marlon Brando," the son chimed in. The wife didn't understand her son's joke. She has forgotten Brando in "A Steeple Named Desire." Oh well. Brando isn't John Wayne. God is...
"You blanch asparagus by dropping it in boiling water for 3 minutes," the wife explained. "I couldn't blanch my asparagus because there was no water."
The subject of conversation was an apartment living. For the first 21 years of their marriage, the husband and wife lived in a conventional house with basement and mortgage in a small town. For the past 3 years they've lived on the 26th floor of a big-city apartment building. They often discuss how their lifestyle has changed since they went up in the world.
"Who cares about lousy asparagus?" the husband discussed. "I couldn't shave or shower or flush the toilet."
"Two hours later, the toilet wouldn't stop flushing," the son noted.
"And that night, after midnight when I was sound asleep, a strange man wanted to come into my bedroom," the wife recalled. It had all begun in the morning when, with no advance notice, some unseen repairman hidden in the bowels of the apartment building turned off all the water. The husband was caught with shaving soap on his face and the wife was left holding a bag of unblanched asparagus.
A phone call to the landlord revealed that the plumbing system had been shut down so it could be cured of an illness contracted the last time the water disappeared, a week earlier. Tenants hadn't been warned to fill their bathtubs with water to see through the drought because there hadn't been time. A needed piece of pipe, had arrived unexpectedly and had to be screwed into place immediately before it escaped.
The soapy husband was assured the water would be turned back on "in 20 minutes." Twenty minutes is the estimate most commonly given to impatient tenants by harried landlords. Ten minutes is too Pollyanna to be believed, and 40 minutes is too long to ask an angry man to stay soaped. Twenty minutes seems about right.
Through years of carefully observing his wristwatch, the husband has discovered an interesting thing about this 20-minute estimate. It means anything from 60 minutes to 60 days. It never means 20 minutes.
Also, the root source of the 20-minute estimate is never the landlord. The original estimate is always made by an unseen repairman hidden in some bowels somewhere. The landlord relays the estimate to the tenant. Later, when the tenant asks the landlord why the estimate was 3 months short of reality, the landlord simply blames the repairman. There is no recorded instance of a tenant ever finding and killing a repairman hidden in bowels.
In the case of the unblanched asparagus, 20 minutes was 90 minutes. Not bad. The husband knew the water was back on when he heard his toilet flushing. Whenever his water service is resumed, his toilet heralds the occasion by flushing continually for several hours. The husband has no idea why this happens. He is afraid to ask.
At 1:45 o'clock the next morning, a frightening zap on the door brought news of more water trouble. A repairman, come out of the bowels, reported water was leaking into the apartment below. He wanted to search the husband's apartment for the source of the leak.
While the husband was advising the wife to pull up the covers because a repairman would soon be passing her bed on his way to the bathroom, the search was suddenly called off. The repairman said he'd decided the water leaking into an apartment on the 25th floor was coming from an apartment on the 27th floor. The husband, who rents the space between, now fears he's living in a funnel.
That afternoon, a letter arrived from the landlord. It announced a \$350-per-month raise in rent. The husband blanched.

USDA PROPOSES LIMIT ON "JUNK FOOD"
The U. S. Department of Agriculture has defined "junk food," at the urging of Congress, and proposed a regulation to ban sales of candy, chewing gum, frozen desserts and sodas in most schools before the last lunch period.
Junk foods, as defined by the USDA, are "foods of minimum nutritional value." Foods fall into this category if one serving, or a portion with 100 calories, contains less than five percent of the recommended daily allowance of any one of eight basic nutrients.
The regulation would take effect next January 1 in nearly 98 percent of the schools serving federally subsidized lunches. Vending machine distributors, the food industry and the public, including students, will have 60 days to comment on the proposed law.
USDA hopes that schools and vending machine distributors will offer more fruits, vegetables, fruit juices and nuts as snacks to students.

Potpourri... "Action Line"

Michigan residents can gain free telephone access to their state Senator by calling the Michigan Senate's new toll free "Action Line."
Messages received on the toll free number, 1-800-292-5893, Monday through Friday between the hours of 9 a.m. and 5 p.m., will be forwarded to the Senators' offices several times a day. Senators and their staff will then be able to respond to the constituent request on existing state WATS lines.

Bats Are Unique
In Michigan bats are the wild animal most commonly diagnosed as rabid. This doesn't mean, however, that every bat you know about or come in contact with has rabies. In fact, the frequency of rabies in the total bat population seems to be very low.
Anyone bitten by a bat should kill it and immediately take it to a diagnostic laboratory. Rabies testing. You should also see a physician at once.

YMCA Adds Swim Classes

There are many August swim classes available for all ages at the King Memorial Pool. The YMCA has added new classes to the swim schedule to accommodate the many children in the area.
There will be a fifth session of Water Babies and Tadpole lessons for 3-8 year olds added. It is scheduled for August 13-24 from 11-11:30 a.m.
Adult Swim had lived in the pool from 12 to 1:30 p.m. This time is also available for adults' Recreational Swim for 50c. Youth Recreational Swims continue daily from 1:30 to 3.

Obituaries...

KLAHN - Irah Klahn, aged 67, of 8986 Cascade Rd., passed away Tuesday morning, July 24, 1979.
She is survived by her husband, Clarence; her children, Pamela and Randall Mack of Dutton, Bond and Connie Klahn of Alto; a sister, Irene Buth of Eastmanville; and six grandchildren.
Funeral services were Friday, July 27, at Roth-Gerst Funeral Home, Rev. Martin Fox officiating; Interment Merriman Cemetery.

VANDEN BERG - Frank William Vandenberg Jr., aged 18, of 455 Fourth St. NW, Grand Rapids, passed away Sunday, July 29, of accidental drowning.
Surviving are his mother, Mrs. Otto (Elsie) Moore, with whom he resided, and his sister, Frank Vandenberg Sr.; three sisters and one brother, Mrs. Gene (Theresa) Debra, Susan, James and Patricia Vandenberg; two step-brothers and two step-sisters, David Moore, Thomas Moore, Mrs. Michael (Kathryn) Worden.

ROSEY - Mrs. Susan Rosey, aged 69, of 644 N. Jackson, Ionia, passed away Thursday, July 26, at the St. Mary's Church in Ionia.
She was born April 5, 1910 in New York to the parents of Oliver and Helen (Johnston) Stout Sr. Mr. Stout had lived in the Ionia area since 1906 and was a member of St. Johns Episcopal Church and was a Blue Lodge Mason. He married Edith Rosenberg July 23, 1932 in Pennsylvania.
Besides his wife, he is survived by three sons, Donald of Florida, Gregory of Ann Arbor, and Bruce of Saranac; one daughter, Stuart of New York; and two grandchildren.
Memorial services were held Monday, July 30, at St. Johns Episcopal Church, Father Ray E. Roberts Jr. officiating.

ENGLE - Mrs. Barbara Lee Engle, 24, of 5704 Lincoln Lake, Belvidere, passed away Saturday, July 28, 1979 of accidental injury.
She is survived by her children, Daniel Thomas and Joseph Michael; her parents, Marvin and Donald R., both of Lowell; a sister, Wanda Sue, at home; grandparents, Grand Rapids; former husband, Tom Engle; in-laws, Mr. and Mrs. Clayton R. Engle; and two good friends, Mark Armstrong and Deborah Paetschow.
Funeral services were held Wednesday, August 1, at the Roth-Gerst Funeral Home, Rev. Richard Vandekieff officiating. Interment in Pinckney Cemetery.

BRIGHT IDEA
The corner of Euclid and East 105th Street in Cleveland, Ohio, became the first intersection to sport an electric traffic light on Aug. 5, 1914. Both red and green lights and a buzzer system - one long for Euclid, two long for 105th - were used to regulate traffic.

SUMMER TRAVEL TIPS
Summer time is travel time. Even with the gas shortage, there's still that urge to get away and enjoy the warm summer weather.
Pack only products that can be used for more than one purpose. This will cut down on the number of bottles and jars that are typically bulky and heavy.
Your suitcase will be lighter - no more struggling to carry a heavy bag. You will have extra room to tuck in souvenirs, too.

SPECIAL MILK PROGRAM
Schools and child care institutions will receive increased payments for milk served under the special milk program. The new rate is in effect from July 1, 1979 to June 30, 1980.
The rate of reimbursement has been increased 6.75 cents to 7.75 cents per half-pint of milk served to children. Schools and institutions that elect to provide free milk will continue to be reimbursed the full cost of each half-pint without charge to needy children.

COZY corner

By Roger Brown
As a director of the Lowell Showboat, I'm taking the liberty of answering some of the questions most often asked by the Lowell Showboat work force. By answering these questions in this column, the Showboat Board will be saved the hassle and expense of writing several hundred letters to all the Showboat employees concerned.
TICKET BOOTH: Your request for air conditioning has been considered and approved. However, in light of President Carter's recent call for restricted air conditioning usage, we feel that now is not the time to go ahead with this project and it has been shuffed back into the pile of long range goals.
USHERS: Your request for clamp-on car protectors such as those worn by airport ground crews, has been denied. Not only can we not afford them, we feel that it is not in the best interest of Showboat for you to avoid the barrage of complaints on rain nights wearing larger body of water or even if we could get the river dredged, we would then see our way clear to grant your request.
STAGE CREW: We have checked with Hans Fischer and other piano experts and have found that there is just no such thing as a bals wood piano. We're sorry, but it looks like you're just going to have to keep on living with that half ton baby grand.
MOTOR MEN: Your request for four 150 horsepower Mercury outboards equipped with high speed props and assorted water sking paraphernalia is out of the question. If Showboat were on a larger body of water or even if we could get the river dredged, we would then see our way clear to grant your request.
SECURITY: We realize that there are many problems connected with your job and that it is sometimes difficult to get a crowd of people to do as they are supposed to, but we just simply cannot grant your request for twelve Colt 3.57 magnum revolvers. Do you realize that those babies cost over three hundred dollars each? We are however, looking into the possibility of obtaining a dozen army surplus .45 automatics.
PARKING: Your request for 2,000 parking meters shows some thinking in the right direction, and that is more profit for Showboat. However, we discovered that by multiplying 25 cents by six for each night of Showboat and then dividing the cost of the meters by that figure, it would take 200 years to recoup our costs. After some discussion, we decided that was just too long.
CHORUS: Your request for 105 rocker-recliners is completely out of the question. They take up much, much more room than the standard folding chairs that you are currently using and we find that there wouldn't be any room left on the stage for the orchestra, an endmen, or other performers that we feel are also essential to a Showboat production.
ENDMEN: We are pleased to announce that we will indeed find funds to replace your 1932 edition of Ernie Compostra's "Jokes Thomot From the Depression" with something a bit more up to date. In fact, the board felt so strongly about this, that we agreed to dig into our own pockets if the Showboat doesn't show a profit this year.
TO ALL SHOWBOAT EMPLOYEES: We have decided upon a 12 percent cost of living increase for you. We do realize that nothing increased by 12 percent is still nothing but feel that is beside the point. Also in addition to the normal paid holidays such as Christmas, New Years Day, Thanksgiving, etc., we will consider your birthday a paid holiday unless it falls within six weeks of Showboat week. As for health care benefits, yes we do feel that you should benefit from the fact that we do care about your health. Heck, if you weren't all healthy, who would run the Showboat?
Sincerely, I would like to extend my personal thanks, congratulations and admiration to all those involved in Showboat 1979. Considering the total loss of the boat, damage to the figure, it would take 200 years to recoup our costs. After some discussion, we decided that was just too long.
amphitheatre, cancellation of Della Reese as the headliner and other smaller problems too numerous to mention, the fact that there was a Showboat 1979 is at least a minor miracle.

VFW Auxiliary Starts Busy Year

July started a new year of activities for the VFW Auxiliary Post 8303, Lowell, with new officers: Pres. Marilyn Hendrick, Sec. Vice Pres. Gladys Miller, Sec. Lucille Adriane, Treas. Virginia Tischaar, Chaplain Virginia Steveson, Pastors: Instructor Violet Miller.
The week of Showboat started on Monday with the serving of hot dogs, potato chips, punch and home made pie for 37 veterans from the Veterans facility and 35 children from the VFW National Home at Easton Rapids, MI.
Wednesday night, a buffet dinner was served to 75 veterans and their wives including the State Commander John Konicki and members of the Showboat Board of Directors.
On Sunday, July 29, the 8th District planning committee met at the Lowell Post with a lunch served by the Auxiliary.
Plans are being made to have Bingo at the 4-H Fair by the Post and Auxiliary each day 11 a.m. 'til!

Society Notes...

Fallsburg Reunion Planned

The annual Fallsburg School Reunion picnic will be Saturday, Aug. 11, with dinner at 12:30. Tables are reserved just inside the arch, south of the drive. Those attending should bring their own table service, drink and a dish to pass. All former teachers, students and neighbors are cordially invited.

WEDDING INVITATIONS
And Naples, available at the Grand Valley Lodge, 105 N. Broadway, Lowell.

McCallum, Wyman Are Wed

Deborah Jean Wyman and Daniel Craig McCallum were married by Rev. Daryl Kaufman June 16 at the Lakewood Baptist Church in Lake Odessa. Parent of the bride is Joe E. Wyman of Saranac and parents of the groom are Mr. and Mrs. Alfred Thomas of Casper, Wyo.

The bride carried an arm bouquet of yellow roses and baby's breath.

The bride wore a gown of organza and lace with a train matching the fingertip veil. Bridesmaids wore rainbow colors with hand baskets of sweet peas and daisies.

Plan Fall Wedding

Jennifer Wyman, sister-in-law of the bride, was maid of honor. Susan Talcott, cousin of the bride; Carolyn Wyman, sister-in-law of the bride; and Terri McCallum, sister-in-law of the bride were the bride's attendants.

Ada Man Gets Promotion

Richard Doczema, Sales Director for Nu-Cure Plant Food Company of Marion, Ohio announces the promotion of John E. Linton, 52nd Street, Ada, to Regional Manager for Western Michigan.

Linton has been associated with Nu-Cure for several years both as a customer and as a salesman. In 1977 Linton became Area Supervisor for several counties in Central Michigan. He will assume his new duties in September.

Linton was born and has always lived in Cascade Township. He and his wife, Ardis, have four children: Sheryl of Rhode Island, Susan of Grand Rapids, James and Jean at home.

Ada Man Gets Promotion

Linton has been associated with Nu-Cure for several years both as a customer and as a salesman. In 1977 Linton became Area Supervisor for several counties in Central Michigan. He will assume his new duties in September.

Linton was born and has always lived in Cascade Township. He and his wife, Ardis, have four children: Sheryl of Rhode Island, Susan of Grand Rapids, James and Jean at home.

Completes ROTC

Cadet Paul R. Willard, son of Mr. Bonnie Kay Batterbee and Mr. Chris Meiste has announced their engagement and plans for a September wedding.

Parents of the happy couple are Ethel Batterbee of Lowell, Marvin Batterbee of Mancelona, and Mr. and Mrs. Julius Meiste of Bourbonnais, Illinois. Bonnie is a graduate of Lowell High School and attended Olivet Nazarene College in Kankakee, Ill.

Charles F. Kettering patented his "automobile electric self-starter" on Aug. 1, 1915. The labor-saving device was first offered to the public since 1911 by the Cadillac Motor Co. It came about because a friend of Kettering's, John J. Goette, had died from complications after being hit in the jaw with a substitute crank on a typical car of the day. Kettering was asked to come up with a solution. Motorists today can thank him for the comfort of in-car starting.

Engagement Announced

Victoria Timaskis and Patrick Howitt

Mr. and Mrs. Peter P. Timinski of Lowell are proud to announce the engagement and forthcoming marriage of their daughter, Victoria Kathleen, to Patrick Stephen Howitt. Howitt is the son of Mrs. M. Donaldeen Howitt of Hastings. He is a graduate of Battle Creek Central High School and attended Michigan State University. Howitt has a B.A. in Criminal Justice.

Victoria is a graduate of Lowell Senior High School, and is currently attending Olivet Nazarene College in Kankakee, Ill.

July Birthdays Celebrated

Celebrating their July birthdays at a party on July 19 at Cherry Creek Care Center were: Edith Vouburg, 1; Louise Ruslowicki, 12; Gilbert Wynkoop, 18; Howard Trempo, 19; Grace Hedderow, 21; Ken Hale, 25; Nelson Jared, 28; and Bonnie Morris, 30.

The cake for the birthday party was furnished by St. Mary's Altar Society.

HOMESPUN DEVOTIONS

by Pauline E. Spray

God is my strength and power... (I Samuel 22:33)

When we were youngsters we used to spend many enjoyable hours lying on the front lawn watching the cars go by. We entertained ourselves by playing a game in which we claimed by turns the automobiles as they passed by. The youngster with the most late models to his credit won.

A battered jalopy and the sleekest late model convertible do not look alike, but they have at least one thing in common. Without a motor, neither of them could run. The motor is the most essential part of an automobile, regardless of the make or model. Many cars have fine looking bodies, but their exteriors profit them little if the motor is not in running condition.

Like automobiles, it isn't the outward appearance of humans that counts most. When Samuel was about to anoint an earthly king for the children of Israel, the Lord reminded him that He didn't look on the outward appearance of an individual but on the heart. It's having Christ within that makes a difference in our lives. He gives us the "strength and power" to go places and do things for Him.

Miller To Wed

Mr. and Mrs. Daniel D. Miller, of 762 Lincoln Lake Ave., Lowell, announce the engagement of their daughter, Sharon Kay, to Daniel Deane Ryan, son of Mrs. Edna Hallett of Mancelona, Michigan.

The couple has selected an August 18 wedding date.

Fonger in Seattle

Coast Guard Ensign Gilbert W. Fonger, son of M. Jack and Virginia C. Fonger of 611 N. Washington, Lowell, has reported for duty aboard the Coast Guard cutter Boutwell, homeported in Seattle.

He is a 1975 graduate of Lowell Senior High School, and a 1979 graduate of the U.S. Coast Guard Academy, New London, Conn.

WOTM To Meet

The Women of the Moose will hold their Chapter night meeting on Monday, Aug. 6, at 8 p.m. Judy Merklinger is the Membership chairman for the month of August. All members on the membership committee are urged to attend.

On Friday, Aug. 3, at 2 p.m. and Saturday, Aug. 4, at 10 a.m. at the Moose Lodge, the WOTM will be preparing lunch for the Moose picnic. Anyone willing to help at the Lodge or at the picnic on Sunday, Aug. 5, will be appreciated.

LUNGS COSTS RAISED

The value of the funds of the U.S. Department of Agriculture donated for use in school lunch and child care-food programs was increased from 13.75 cents to 15.75 cents per meal on July 1.

OPEN LETTER

Dear Friends,

The visitation serves the friends of the deceased by providing a proper setting for them to express their feelings of loss and offer sympathy and support to the grieving family. This is important, as it is not just the family that has the need to grieve and to say goodbye.

Respectfully,

David Gerst

ROTH-GERST FUNERAL HOME

SUN STROKES ARE DANGEROUS
Winter is the favorite time for colds and flu and sneezes, but there are some health and accident hazards that do their worst in hot weather.

Sun strokes and heat strokes are more likely to occur in July and August than in January. Too much exposure and too much exercise in hot sun may produce sun stroke. Prolonged excessive heat, either in or out of doors, can cause heat stroke.

"Man by nature is fond of novelty," Piny The Elder

MSU Outdoor Program
Better and safer outdoor recreation programs for Michigan youth and their seniors is the aim of a July 28-August 11 workshop at Michigan State University.

The workshop, designed for school, club, camp, marina, country club, or resort recreation directors, will be headquartered on the MSU campus, but utilize nearby lake, camping and wilderness areas.

Contact: Dr. Roy Niemeyer, 517-355-5187

Bible School Ends Friday
The Daily Vacation Bible School will be held at the Galilee Baptist Church, Orchard and Pleasant Streets, Saranac, next Friday, Aug. 3, from 7:30 p.m.

All children ages four through 10 may attend the program of Bible stories, games, puppets and teaching. The story theme is "Moses".

Contests with prize awards for those inviting the most visitors and for scripture memorization will be awarded.

Pastor of the church is James Frank. DVB's missionary is "Uncle" Glenn Perry of Rural Bible Missions.

Summer Fest
Visitors to Greenfield Village know that there is no business like early American show business during Old Time Summer Fest—a daily event in which minstrels stroll, actors entertain and all the Village is a stage.

The Greenfield Village Players present variety shows in Town Hall reciting the songs and entertainment of 1879 and 1929, commemorating, respectively, Thomas Edison's epoch-making invention of the incandescent lamp 100 years ago and the founding of the Edison Institute (popularly known as Greenfield Village and Henry Ford Museum) 50 years ago.

Old methods of transportation, whether they are signalled by the clipp of horses or the whirr of early machinery are popular attractions. Century-old antique locomotives carry visitors around the Village perimeter. Model Trains recall the era of the horseless carriage, and the sternwheeler Swanee captures the atmosphere of Mississippi Riverboats.

There is an additional 50 cent charge for the Town Hall variety show, but no charge for other Old Time Summer Festival offerings beyond the regular Village admission of \$3.75 for adults, and \$1.75 for children, ages 6-through-12. Children under six are admitted free.

Mel Tillis Returns To Ionia Fair

Mel Tillis will be making his third Ionia Free Fair appearance when he headlines the Ionia Free Fair's grandstand show at 9 p.m. on August 8.

The versatile country music performer first appeared at the Fair in 1971 in a Saturday evening country show and returned last summer to perform with Barbara Mandrell, T.G. (the "Good") Sheppard, a popular new country star will share the spotlight with Tillis this year.

The Free Fair runs August 1-12 and will also feature Kenny Rogers, August 6; Ronnie Milap and Ray Stevens, August 7; The Charlie Daniels Band, August 9; Charley Pride, August 10; and Shaun Cassidy, August 11.

Angels-Tigers Win Tourney

The Saranac Minor League Angels-Tigers were triumphant in their second of three Little League All-Star games, winning the championship Thursday, July 26, at the Saranac Little League field.

Tuesday evening a tornado siren called the first game of the tournament off in the fourth inning with a score of 8-7 in favor of the White Sox-Yankees.

On Wednesday, the Angels-Tigers won the game 12-9, making it a playoff for the championship.

The championship game was held Thursday evening, with the Angels-Tigers taking the game, and the championship, with a score of 10-8.

Off The Botler

A chainsaw was reportedly stolen from Herbruck's Poultry Farm.

Charles Benedict paid \$24 for failure to yield right of way while making a left turn. Thomas Bowers paid \$19 for speeding. Doreen Cowling paid \$20 for speeding. James Essington paid \$30 for speeding.

State Fair Entries Roll In

Entries have begun rolling in for the 1979 Michigan State Fair's thousands of contests. The deadline for entry forms in all categories except the Horse Show is August 1. The Horse Show cutoff date is July 25. Anyone interested can obtain a premium list and entry forms by writing the Michigan State Fairgrounds, Detroit 48203, or by calling (313) 368-1000. Specify which of six premium books is wanted. The six premium books cover the Horse Show; Livestock; Community Arts; Fine Arts; Youth Division; and Poultry, Rabbits, Pigeons and Caviars. The last also covers Agriculture, Horticulture, Floriculture and the Wine Show. The 1979 Michigan State Fair will run 11 days, from Aug. 24 to Sept. 3. Admission prices are the same as last year—adults \$3; children under 12, accompanied by an adult are free. SEND THE LEDGER TO COLLEGE! 9 months of HomeTown news—only \$3.75 in Kent & Ionia Counties. Only \$4.75 to the rest of the U.S. Call 897-9261 today.

By Congressman Hal Sawyer

"Letter From Washington"

President Carter has unveiled his proposals for dealing with the nation's energy problems. Unfortunately they lack the overall sense of purpose and directions which I feel we desperately need to restore a secure energy supply for the near future and a long range program for total independence. The recent political problems in Iran have once again underscored this nation's vulnerability in the area of energy supply. The cutoff of oil from Iran produced almost immediate shortages of fuel in some areas of the country and prices rose dramatically. It has been said that control of our energy supplies today—rests not with President Carter, but with the Department of Energy, or the presidents of our major oil companies, but with a 78-year-old bearded man who wears a turban and presides over one of the shakiest governments in the Middle East.

Farrow Gets Promoted

Search For An Outstanding Senior

The State Office of Services to the Aging (OSA) is conducting a statewide search for two outstanding senior citizens to receive Senior Citizen of the Year awards. The awards, one for service and one for leadership, will be presented at the Michigan State Fair on Senior Citizens Day, August 27. Applications for the awards have been distributed to senior organizations and agencies throughout the State. The deadline for submitting applications is Friday, August 17. Anyone 60 or older is eligible for the award. They must be nominated by a organization, and the nominator must be a Senior Citizen of the Year. The award is a stipend for or as part of their job. The Senior Citizen of the Year Awards are sponsored by the Michigan Commission and Office of Services to the Aging and the Michigan State Fair. For more information or an application, contact your local Area Agency on Aging or the Office of Services to the Aging, P.O. Box 30026, Lansing, 48909, (517) 373-9360. EBS DIVISION. Ladies usually need dividing every two to three years. They get crowded and flower production falls off. To divide established iris, cut the foliage to one-third of its full height and dig carefully under each clump of rhizomes. Lift out the whole clump, wash away the soil and use a sharp knife to cut the rhizomes apart. Each division needs a fan of leaves, a few inches of healthy rhizome and a number of well-developed roots. Those with at least two fans of leaves will produce many flowers next year.

Reconstruction Of Civilian War: Second Marriage

Ed. Note: This third article of a four part series on the unique problems that a second marriage can create discusses the "Stepmother". Currently, over 90% of all divorce cases that involve children, result in the natural mother maintaining custody. Recently there have been some highlighted divorce cases where the natural father has won custody; however, the legal system tends to over-zealously endorse the mother as the best suited natural parent to rear children when a divorce divides a family. Resultantly, when a second marriage occurs and the husband has had children by a former marriage, the husband's children usually continue living with their natural mother. The new wife does become a stepmother, but in most cases does not have daily contact with her stepchildren. Direct contact with the children is most often confined to weekends, alternate holidays, and a designated segment of summer vacations. The new wife, who happens to be a new stepmother, is placed in a very difficult position. She must magically be-

BOWNE TOWNSHIP RESIDENTS PUBLIC NOTICE

To the qualified electors of the Township of Bowne, County of Kent. Notice is hereby given that a Special Election will be held in the Township of Bowne in the County of Kent and state of Michigan, on Monday,

August 6, 1979 from 7:00 o'clock in the forenoon until 8:00 o'clock in the afternoon, eastern standard time, for the purpose of voting on the following proposition:

Shall the limitation on the total amount of taxes which may be assessed against the property in the Township of Bowne, Kent County, Michigan for all purposes be increased as provided by Article IX, Section 6, of the Michigan Constitution of 1963 by not to exceed one and one-half mills (\$1.50 per \$1,000.00 of state equalized valuation) for not to exceed ten years from 1979 to 1988, both years inclusive, on the equalized assessed valuation of all property for the purpose of using the proceeds of any taxes levied hereunder to provide funds for the maintenance, equipment, and operation of the Township of Bowne Fire Department?

Sandra L. Kowalczyk, Bowne Township Clerk

The Back Page...

All Stars Place 3rd In Tourney

Members of the Lowell Major Little League All Stars are, L-R: Back row, Coaches Bill Thompson, Dale Fegel, Cecil Gochenour; Middle, David Bowden, Jon-Kipp Horstmannhof, Jaime Watrous, Dale Fegel Jr., Chris Wissman, Dan Reagan, Tim Gochenour; Front, Carl Lawrence, Steve Snyder, Tom Haver, Mike Keller, Tim Pfaff, Scott Bilski. Not pictured, Joe Droog.

Lowell's All Star team from the six teams in the Lowell the Major Little League (11-12 league made up the All Stars year olds) placed third in a with coaches Dale Fegel, Bill double elimination tournament Thompson and Cecil Gochenour held last week in Ionia. A total from the champion Arrows of eight teams participated. Lowell All Stars came Representatives from five of the following teams: Ar-

rows, Dodgers, Blue Jays, Moose and Alto Indians. The team won two games and lost two facing Belding, Portland and the Ionia All Star teams.

KC Parks Gain 150 Acre Tract

Thanks to the generosity of L. William Seidman, a Grand Rapids civic leader many years, the Kent County park system is richer by 150 acres. Seidman's gift is a memorial to his mother Esther, who died last October.

Transfer of the deed to the tract took place officially at a ceremony Wednesday, July 25, under a huge tent on the grounds of the new acquisition, northeast corner of Honey Creek Avenue and Conservation Road, Ada Township.

L. William Seidman, donor of land for park purposes and recipient of the Kent County Distinguished Service Award.

Accepting the deed was Elmer E. Smith of Lowell, chairman of the Kent County Road and Park Commission. Seidman was honored by being presented the Kent County Distinguished Service Award.

The 150 acres is adjacent on the south to the 272 acres Seidman donated to the road and park commission in 1973. The entire tract is known as Seidman Park. In turning over the deed to Smith, Seidman said he was happy he could help the park department in its expansion program by donating the land.

On the rostrum besides Seidman, his wife, Sally, a grandson, Jed, and Smith were John S. Edison, a friend of Seidman's for many years and a member of the road and park commission, Vernon Ehlers, chairman of the Kent County Board of Commissioners, and William Wight, park superintendent.

Other guests included James Porritt, manager of the KCRPC; Homer Preston, business manager and director of purchasing for the commission; Don Palmer, assistant superintendent of parks, and David Groenleer, director of engineering for the KCRPC.

About 40 persons attended the ceremony. The 150 acres appraised at \$300,000 are wooded and Honey Creek runs through a small part of the tract, part of which will be used in a year or two for picnic tables and playground equipment, Wight states.

Long range plans call for the construction of a one-room school on the foundation of such

a school that existed there many years ago and was near the site of the ceremony, he adds.

Edison was master of ceremonies.

Grand Valley State College band members provided music for the occasion.—Dave Barnes.

TICKETS ARE NEW
State Police say motorists receiving traffic tickets beginning August 1, 1979, will be issued a new citation that conforms to the decriminalization of the Michigan Motor Vehicle Code which takes effect that day.

McNeal Is Vice-President

Richard W. McNeal has been promoted to Vice President/Director of Production Services at the j.l.scott.co.

McNeal, a long-time Lowell resident, has spearheaded the agency's production services for five years. He is currently piloting efforts to fully computerize the agency's production flow. Previously a print production manager and estimator at Amway Corporation, McNeal holds a bachelors degree in Industrial Arts from Central Michigan University. He also served in the U.S. Marine Corps.

Along with broad production and financial experience, McNeal has had a long involvement in community service. He served as director and principal of the Lowell Showboat over the past eighteen years. He is a past member of the Lowell YMCA Board of Directors, and is currently secretary of the Grand Rapids Craftsmen Club. He also hosted the "Gus Macker 3 on 3" outdoor basketball tourney at his home. From its inception three years ago, it has become the largest 3 on 3 outdoor basketball tourney in the United States.

McNeal and wife Bonnie have two sons, Scott and Mitch. His mother resides in Cedar Lake, McNeal's hometown.

Richard W. McNeal has been promoted to Vice President/Director of Production Services for the j.l.scott.co.

HEIGHTS CAUSE ILLS

Planning a trip to the mountains to get away from the heat for a week or so? So are several million other American families at this time of year.

If you're headed for high mountains, above 7,000 feet, it would be wise to make the change gradually to avoid "high altitude sickness."

Symptoms of high-altitude sickness are drowsiness, headache, blueness of the nails, lips, nose and ears, a feeling of warmth and flushing of the face soon after arrival, troubled sleep, irritability and shortness of breath.

Social Security Credits Are Earned

Before any social security benefits can be paid on a person's record, he or she must have a certain amount of credit for work covered by social security.

The exact amount needed depends on the persons date of birth or age at the time he or she becomes disabled or dies. The amount of credit needed ranges from a minimum of 1 1/2 years to a maximum of 10 years. In 1979, the maximum amount of credit needed is seven years.

For retirement and survivor benefits, this credit could have been earned at any time since 1936. But, for disability benefits, a certain amount of work credit must be earned in the period just before the person becomes disabled. People disabled by blindness don't have to

meet the recent work requirement.

Since 1978, credits are based on a person's annual covered earnings. This amount will increase automatically each year to keep pace with increases in average wage levels.

Free copies of "Social Security Credits—How You Earn Them," can be obtained at the Grand Rapids Social Security office, 110 Michigan N.W., or phone 456-2241.

Passes \$2 Million

Toward its target of \$2.3 million, the Grand Rapids Art Museum has announced that \$2 million has been committed to the downtown renovation project which will transform the former post office and courthouse into a regional art museum for Western Michigan.

State funding of 51 million which would allow the Museum to complete renovation of the entire building in one cost-effective operation, is pending legislative approval.

Anthony Dollars Available

Five hundred million of the new Susan B. Anthony dollars were available for release July 2. Production and distribution of the coin will continue after release at a rate needed to meet the demand.

Providing that consumer acceptance meets expectations, the new dollar should generate significant savings. The Treasury Department is already saving 60% of the cost of minting AN APPEAL TO MOTORISTS

Speeding in highway work zones is a continuing problem. Thirty-one motorists were killed in construction-zone accidents in Michigan last year and several hundred workers were injured.

dollar coins when comparing production costs of the large Eisenhower dollar to the Anthony dollar. As the coin displaces the need for the dollar note, the Federal Reserve System could achieve dollar savings as high as \$50 million a year through reduction of printing, processing and destruction costs for dollar bills.

In expressing her enthusiasm for the new dollar, Director of the Mint Stella B. Hackel added that the widespread acceptance of the new coin will improve the nation's cash system for the benefit of the nation's retail and financial communities as well as the American public.

Kero-Sun introduces the new miracle heating fuel—good of kerosene.

Radiant 10
If you still think of kerosene as a smelly, smoky fuel, you haven't heard what's going on!

"What's going on" is this: Kero-Sun has come up with a portable heater that makes kerosene socially acceptable. Kero-Sun heaters come in Radiant models like the 10, above, that deliver quick-action warmth — and Omni models with extra-big space heating capacity. Use either type to get rid of nasty cold spots anywhere: basement, workshop, garage, barn, greenhouse, store, office, construction site. Kero-Sun heaters work with no odor and no smoke — imagine! The secret: space-age technology and quality construction. Example: pushbutton built-in battery powered igniter. And for complete peace of mind, all Kero-Sun heaters are equipped with a tip-over shutoff device. Burning time for the Radiant 10: an amazing 30 hours on less than two gallons of kerosene, with a 9,400 BTU/hour output. Kero-Sun: the super heaters with the super fuel!
