Win Las Vegas At Las Vegas Night

A weekend for two in Las Vegas, Nevada, will have everyone playing for keeps at the Las Vegas Night on Saturday, November 3, 1979 sponsored by the Lowell Moose Lodge at Deer Run Golf Club, 13955 Cascade Road, Lowell.

The gala evening will begin at 7 p.m. sharp and five dollars will buy thousands of dollars in

play money to begin the games of black jack, roulette, craps and the big wheels. When the playing ends at 11 p.m. there will be dancing to the music of "Alive and Well" the former "Stillwater" band until 2:30 a.m.

The games will be on two floors this time, with extended parking and bar facilities.

There will be dancing, games, and prizes galore. Two thousand dollars in prizes can be won with a five hundred dollar prize limit per person. You must be eighteen (18) years or older to attend.

Tickets will be available at the door starting at 6 p.m. but can be purchased ahead of time at the Moose Lodge, That Special Place, Rosie Drive Inn or Western Auto.

All proceeds go to the Moose building fund.

CLOCK CONFUSION

Here we go again. Time to set your clocks BACK an hour on Sunday, October 28 at 2 a.m. (or whenever you go to bed Saturday night). The switch to Eastern Standard Time (EST) is confusing to some every year. It boils down to eating supper in the dark again. It also means kids will be walking home from school in the dusk and motorists should be watchful.

GOBLINS AFOOT

Halloween is next Wednesday, Oct. 31, and little goblins will be at the door with their "Trick Or Treat" message. It would be helpful if you left your porch light on and remember to drive extra carefully. Folks should be sure little ones can see through their ghoulish masks and accompany those who might forget what to say once they are at the door.

Members of the Moose will hold their annual Halloween Spooktacular on Tuesday, Oct. 30 from 6 to 8 p.m. The event is for kids, is free, has costumes, prizes and refreshments. All community youngsters and their parents are invited. It will be held upstairs at the Lowell Moose Lodge on Main St.

Then on Wednesday night, the VFW and Volunteer Firemen will cooperate on a big Halloween night party from 6 to 8 p.m. complete with prizes for everyone, refreshments, clown and fun. There will be five age groups vying for costume prizes including teens and adults. The shindig is free to all community folk.

Lowell Police Department will be doing out cider and doughnuts to all comers at City Hall. No charge, natch. They plan to man the goodie table from dusk to early evening on Halloween night. Y'all come.

ONE YEAR OLD

Larkin's Saloon has been in business one year this week. Stop in and yell "Happy Anniversary".

GREMLIN GOOF

Somehow the Ledger gremlin sneaked out of his hiding place and sabotaged the photo of the new band uniforms for the Lowell High School marching and concert bands. The front view of the jacket in the lower left corner was to have been deleted. It was a consideration at one point but was rejected in favor of the coat on the marching figure in the photo. Donations for the fund drive to put the snazzy new threads on the students can be sent to the Superintendent's office at the Middle School. Be sure to make a note if you would like a receipt for the charitable donation for tax purposes.

WE 'PRECIATE IT

October 25 has been acknowledged as "Business Appreciation Day". Lowell businesses offer quality goods at a reasonable price with the personal touch. Good reason to shop Lowell on Thursday... and every day. Salutations, Chamber of Commerce.

TOPSY-TURVY THERMOMETER

The annual address change rush at the Ledger signals the flight of thin-blooded Lowellites to the Southern sun and it began in earnest this week. No wonder. The thermometer read in the balmy 70's and 80's last week then plummeted on Tuesday morning. Michigan's rainy October is in full swing.

DRESS UP FOR FREEBIES

Larry Keiser is at it again. Keiser's restaurant will have free cider and donuts for customers in costumes on Saturday, Oct. 27. We really think the staff there loves to have a reason to wear Crazy Keiser Kostumes. Remember that old bent saying, "Kraziness Loves Kompany." The eatery is open 24 hours now so stop in anytime.

Keiser has also announced the promotion of Rhonda Dickerson to waitress supervisor. An employee for more than five years, she will supervise, schedule and train Keiser's staff of 12 waitresses. Dorothy Wubben is now kitchen supervisor and will train and schedule the litchen staff as well as cook. Mrs. Wubben has many years of past restaurant experience and said she feels like she's "bar" home" having worked at Keiser's before.

OFF THE BLOTTER

Involved in an injury accident on Wednesday afternoon, Oct. 17, at Main and Monroe Sts. was a 16-year-old juvenile who pulled out of Monroe St. into the path of Cindy Powers of Ionia who was eastbound on Main.

James Farwell sustained minor injuries when the pickup he was driving slammed into the rear of a tractor-trailer semi on Tuesday morning at Hudson and Bowes Rd. The driver of the semi, Percy Harron, an employee of Aero Liquid Transit Co., was not hurt.

Arrested early Tuesday morning for fleeing and eluding was Phillip Graham after being chased by Kent County Sheriff's Dept. from Cascade and Whitneyville Rds. to Segwun near 36th St. where Lowell officers succeeded in blocking the roadway. Graham pleaded guilty in 63rd District Court and was fined over \$100 and received 6 points on his driving record.

Warrants were sought Tuesday on several juveniles and adults for larceny and destruction of property in connection with the thefts and vandalism that took place at the Lowell bus garage on Friday, Oct. 12. Investigation by Lowell police officers led to the questioning of several suspects and confessions from those involved.

Zeigler Adds To Staff

Harold Zeigler Ford has announced the addition of two new salesmen to their staff. Terry Phelps and Don Hoffman are ready to serve you at the dealership, 11979 E. Fulton.

Terry Phelps

Phelps is from Ionia and has 15 years of auto sales experience. He and his wife, Darla, have two sons, Brian and Glen.

Don Hoffman

Hoffman is from Grand Rapids where he was born and raised. He joins Zeigler's with a year of experience in auto sales in Muskegon and Grand Rapids. Just married in August of this year, his wife's name is Betsy.

Hayward Sentenced For VFW Fraud

Don Hayward, who pled guilty to embezzlement from the Flat River Post, V.F.W., has been sentenced to 4 years probation.

He must also make restitution of \$8,245 at the rate of \$171.80 per month plus Court costs of \$300. He has been ordered not to do any book work, or be involved in the funds of any organization for a period of four years.

Youth March For UNICEF

During the week of October 28 to November 4, the Sunday School Classes at Lowell First United Methodist Church will be collecting for UNICEF.

Halloween, Oct. 31, is officially National UNICEF Day by Presidential Proclamation. For nearly 30 years, American children have shared this special day with their less fortunate brothers and sisters in the world by "trick or treating for UNICEF."

More than half of the aid which UNICEF sends to the children of the developing countries is in the form of health supplies, such as vaccines for immunization programs, medicines, doctors' and nurses' kits, hospital and health center equipment, wells, pipes and pumps for clean water and sanitation systems. UNICEF Halloween collections, benefits and greeting card sales contribute importantly to this life-saving assistance.

STANDING PRIME RIB — Cut to order, every Friday night at Paul's Showboat Restaurant. 4c50

Rocheleau Receives Mel Barr Award

Don Rocheleau, president of Attwood Corp., Lowell, was awarded the marine industry's prestigious Mel Barr Award by the National Marine Representatives Association (NMRA) in cooperation with "Boating Industry" magazine at the recent NMRA annual meeting in Chicago.

The engraved silver wine cooler, an award established in memory of the founder and first president of NMRA, is presented annually to an individual recognized for outstanding contributions to the marine industry.

In addition to his responsibilities at Attwood, Rocheleau is vice-chairman of the newly organized National Marine Manufacturers Association (NMMA). Rocheleau was instrumental in the recent merger of Boating Industry Association (BIA), of which he was Chairman, and National Association of Engine and Boat Manufacturers (NAEBM). The result: creation of the National Marine Manufacturers Association (NMMA)—a viable, effective, single voice for the marine industry.

Rocheleau joined Attwood in 1968 as Advertising Manager, and was soon promoted to Sales Manager of the Marine Division. In 1972, Don was appointed Vice President and General Manager of the company. The following year, he became President, the position he presently holds.

Don Rocheleau, president of Attwood Corp., Lowell, accepts the coveted Mel Barr Award from Charles Jones, right, editor and publisher of BOATING INDUSTRY magazine, New York, N.Y. The award is presented annually by the National Marine Representatives Association and BOATING INDUSTRY to an individual recognized for outstanding contributions to the marine industry.

Mulder: All Conference Dey: Tri-River Champ

Tri-River cross country action ended for Lowell last week with the conference meet at Grand Valley State Colleges.

The Red Arrows finished third behind conference champion Fremont and second place Cedar Springs. The Packers had 42 points, Cedar Springs 75 and Lowell 103. Finishing behind Lowell were Sparta (105), Belding (109), Lakewood (142), Greenville (155) and Coopersville (167).

The results of the meet also determined this year's members of the All-Conference team. Ten members were selected based on their performances in dual meets throughout the season and in the conference meet. This year's team consists of Jim Lanciuxu, Kevin Jewett and Ed Suppliee (Fremont); Dave and Tim Haintzieman (Belding); Todd Koepke and Dan Hoskins (Cedar Springs); Bill Hasty (Coopersville); Cliff Mulder (Lowell); and Bob Marohn (Sparta).

In the girl's race, Red Arrow Kathie Dey won the individual Tri-River Conference Championship with a time of 19:36. Bonnie Peters placed tenth.

The 1979 cross country season comes to a close this week on Tuesday. The Red Arrows travel to Ionia for a non-league double dual meet between the Ionia Bulldogs and Greenville Yellow Jackets. On Saturday, Lowell will travel to Big Rapids for the Regional meet.

When the dust settled at the Cross Country Conference meet at Grand Valley State Colleges last Saturday, The Red Arrows were in third place and Lowell Harriers Kathie Dey and Cliff Mulder were in the spotlight. Mulder made the All-conference list for his performances in dual meets throughout the season and in the conference. Dey won the individual Girls Tri-River Conference Championship with a time of 19:36.

cozy corner

By Roger Brown

When Terese and I were married, we didn't have, or have the money for, much in the way of furniture. In fact, our furniture possessions amounted to the stereo that I bought while in the army. Thank Heaven for furnished apartments.

One of our first moves after we were married, was to build our own house. Terese and I were both working, we lived on her check and spent time on drywall or bathtubs or 2 x 4's or other building materials. This worked out pretty well, except that about a year later the house was done, and we still didn't have, or have the money for, much in the way of furniture. At least, it was easy to move in.

We had begged, borrowed or bought enough furniture to get us by, when Angie was born shortly after we had moved in. We had a bedroom suite borrowed from my parents, baby furniture borrowed from Terese's parents, a cheap dinette purchased in an unclaimed freight store, my stereo and little else for living room furniture.

When Angie was born, she was the first grandchild on both sides of the family and bound to attract a lot of visitors. My mother was concerned about this, and didn't want everyone to have to sit around on the floor when they came to see the new baby. So, she loaned us "old ironides".

"Old ironides" is a couch that my folks had owned for years and years and was the most uncomfortable thing ever devised by the furniture industry. It has a solid oak frame with three seat cushions and three back cushions, wooden arms and wooden slats in the frame between each cushion. If you lie down on it, you've got a wooden slat grinding into your thigh, another one in your ribs and your head resting on a solid oak arm. I've always preferred the floor.

I remember a cousin of mine rolling in after a celebration that lasted from Friday night after work, until that Sunday morning. He laid down on "old ironides" and slept for eighteen straight hours. He couldn't walk right for a week, and probably still has indentations in his ribs and thighs from those slats.

I always remember an instance when a tax assessor was going through our house and started laughing at "old ironides". Now, "old ironides" is definitely an uncomfortable piece of furniture, but he doesn't look all that bad. At least he's not ugly to the point of being laughable. When the tax assessor got control of himself, he explained that he owned one just like it and didn't think that there was anyone else in the world that would put up with such a miserable piece of furniture.

Angie is going to have a birthday in about two weeks and that means that we've suffered with "old ironides" for almost six years. The crux of this whole matter is, Terese and I bought a new couch over the weekend and that old son-of-a-gun went to the basement. Now, I'm thinking of inviting over my father who put up with him longer than I did, my cousin with slat marks in his ribs, and the laughing tax assessor. We'll drink a couple of beers, reminisce about "old ironides", and then burn the darned thing out in the back yard.

Letters...

Dear Sir:
I am writing to call your attention to the absence of any mention of Lowell High Schools Homecoming celebration in your paper last week. Let me take this opportunity to congratulate Yolanda Miller and Kerry Kysar on being chosen Queen and King respectively, and to all the other candidates who came so close.

You fooled further in not taking the opportunity to print pictures of any of the clever floats constructed by the four high school classes and varsity mothers.

I think it would have been nice to recognize publicly those who were honored and those who worked hard to make homecoming special. You no doubt would have given them front page ink "Off the Blotter" had their activities been of another nature.

Sincerely,
Robert C. Kysar, D.D.S.
Editor's Note: We regret that pictures taken of the Homecoming floats and crowning ceremony, plus the football game were inadvertently exposed to light and became unprintable. Therefore, the cutlines for those pictures were not used. They contained the information on 1979 King and Queen and float winners. We add our congratulations to Queen Yolanda Miller, King Kerry Kysar and the Junior Class for their winning float.

Saranac Doin's...

Witter, Wright Wed Oct, 6

Sherril J. Wright and Arthur William Witter III, were united in marriage Oct. 6 at the First Baptist Church, Ionia, with the Rev. Roy Pitts officiating.

Sherril is the daughter of Mr. and Mrs. Harry Wright, 4724 Bluewater Highway, Saranac. Arthur is the son of Mrs. Doris Hopkins, Washington St., and Arthur Witter, of Mantion.

For her wedding, the bride chose a cathedral-length satin dress with lace overlay. The dress had long lace sleeves and cuffs with a stand-up collar of lace. Sherril also wore a waist-length train trimmed in flower lace.

The bride carried a bouquet of autumn mums and roses. A floral arrangement of glads and mums in autumn colors decorated the altar.

Maid of Honor was Cindy Bush. Bridal attendants were Roxanne Wright and Sandy Main. Flowergirl is Witty Wolcott.

Bank Donates For School Time Clock

First Security Bank presented the Saranac school board with a \$6,000 check for the purchase of a time clock for the elementary school gymnasium.

The old clock, more than 10 years old, became inoperable and has a repair cost of approximately \$500.

Jack Griffith, of First Security's Saranac branch, presented the check to school board president Jack Bauman at the board's meeting Thursday night.

Scouts Need Help On Or Will Fold

Ever since 1950, there has been a Cub Scout Pack in Saranac. This year, however, an ad placed in a local advertising newspaper tells the story:

Happy Halloween
From Mom's Club

The Saranac Mom's Club will sponsor the Halloween Party for the first 100 children, three to 12 years of age, to arrive at the Saranac Elementary School gym on Oct. 28 from 7 to 9 p.m.

Costume judging, games, prizes and goodies will be available.

Donations for the party come from the Saranac Area Merchants.

Riegle's Office To Meet

Sen. Donald Riegle's office will have a county-wide meeting on Oct. 26 at 7:30 p.m. at Mill Creek Meadows West, which all senior citizens are urged to attend.

Sen. Riegle's office will discuss the particular problems of the older citizen and welcome comments and discussion on the particular legislation needed to solve the problem.

Complete Facelift On Park

A \$90,000 recreational improvement project at Ionia County-owned Bertha Brock Park is now completed.

Williams and Works, Inc., did most of the engineering work on the project. The \$90,000 project was funded with \$45,000 in federal funds and \$45,000 in local funds.

Organizations involved in the project included the U.S. Department of Interior, Heritage Conservation and Recreation Service, Michigan Department of Natural Resources, Office of Budget and Federal Aid, Land and Water Conservation Fund Act.

The scope of the new facilities now ready to accommodate area residents includes the construction of natural trails and a cross country ski trail system (work done by county work crews); two tennis courts; a winter sports warming shelter building; a skating pond lighting system; and a new restroom building, work done by Rapid Construction, Inc., of Grand Rapids.

The new pair of fenced-in tennis courts are located near the entrance of the park in a wooded setting far away from the distractions of an inner-city court.

The winter sports warming shelter is located near the rear of the park by the Hunt and Fish Club lodge and provides a large fireplace and seating room for skaters, skiers, and all winter-time visitors to the park, located on M-21, east of Ionia.

A newly-enlarged skating pond is located adjacent to the warming house and a sodium-sensitized lighting system has been installed for night time skating activities.

The nature trails and cross country ski trail system should draw year-round visitors to the park wishing to enjoy the scenic routes that have been established.

The new restroom building, which includes a skylight lighting system, has been erected in a central park location near the baseball field and will be open during all park hours.

Vicki Timinskis Wed Last Saturday

Victoria K. Timinskis and Patrick S. Howitt were wed Saturday, October 24, in the First Congregational Church of Lowell.
Parents of the couple are Mr. and Mrs. Peter Timinskis of Lowell, and Mrs. Donalene Howitt of Hastings.
Pat Timinskis was Matron of Honor with Deb Timinskis and Carole Timinskis serving as Bridesmaids.
Steve Smith was Best Man and Groomsman were E. J. Connolly and Bill Timinskis.

Mrs. Patrick Stephen Howitt

The wedding reception was held at Fallsburg Pavilion with Mr. and Mrs. David Benjamin greeting guests as Master and Mistress of Ceremonies.
After a honeymoon trip to Toronto, Canada, the couple will reside in Richland, Michigan.

Hoping To Adopt? Here's Help

Representatives from local adoption agencies will discuss the current status of adoption at the Wyoming Public Library, 3350 Michael Street, S.W. at 7:30 p.m. Monday, November 5th. The public is invited. Hosts for the presentation are members of the Infertility Support Group of Planned Parenthood Association of Kent County.
If you have any questions about the presentation or the Infertility Support Group, please call Jan Langquist at Planned Parenthood, 774-7005.

New In Town

Jerry and Mary Ann Kellogg of Lowell have a new baby girl born Monday, October 22 at Butterworth Hospital, Victoria. Marian weighed 7 lbs., 8 oz. and was 21 1/2 in. long. Her grandparents and grandma are Dr. and Mrs. Roy Westcott of Lowell.
Rubber Stamps and Engraved Signs made to order, 897-9261.

OPEN LETTER

Dear friends,
Cemeteries can act as green belts in densely populated cities. The expanse of greenery cuts down on air pollution, releases life-giving oxygen into the air, absorbs noise and excessive heat of summer. Certainly the park-like green of a cemetery is a welcome relief from the asphalt and concrete of the crowded city.
Respectfully,
David C. Gerst
ROTH-GERST FUNERAL HOME

HOMESPUN DEVOTIONS

by Pauline E. Spray

"Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him (1 Cor. 13:2)."
One autumn evening we took our family to a quiet, secluded little lake nestled in the hills; and cooked our evening meal on a charcoal burner. The odor of the food cooking over the open fire and the warm, pleasant twilight made happy memories.
The scenery was beautiful. The maples were dressed in their gayest hues. The conservative oaks were slowly exchanging their cloaks of green for dark red finery. Only the evergreens retained their consistent color and added accent to the costumes of their gayer neighbors.
The sinking sun sent its pink and lavender rays sailing through the lowering sky, which in turn were reflected on the lake.
I thought: If heaven, where that mansion over the hilltop stands, is greater than this, I surely don't want to miss it. But then that love him (1 Cor. 13:2)."
Prayer: O Lord, my finite imagination cannot vision the wonders of that heavenly home Thou hast gone to prepare for those who watch and wait. Count me in that number, for I have every intention of making the mansion over the hilltop my own. Amen.
Near the cross I'll watch and wait.
Hoping, trusting ever, Till I reach the golden strand.
Just beyond the river,
Fanny J. Crosby

Lowell Tied With Belding For First In Conference

The Red Arrow varsity football team extended their winning streak to three games Friday by shutting out the Fremont Packers 20-0 in a Tri-River contest.
The win, coupled with Belding's loss to Coopersville, put the Red Arrows in a tie with Belding, 5-1.
The first half saw both teams move the ball with relative ease as Lowell tallied 180 total yards in the first two quarters and 384 overall. Both penalties and turnovers prevented either team from scoring.
Fremont threatened to score in the last minutes of the first quarter. Starting from their own 18, Fremont marched 54 yards to the Lowell 28. On third down, Fremont RB Mark Hanna coughed up the ball when he was hit by Lowell defensive guard Dave Christman. Jr. Mike Bergery recovered the loose ball on the Lowell 25. Following an exchange of hands, Lowell faced second and 15 on their own 32 yard line. QB Mike Kay, who rushed for 49 yards in 13 carries, handed off to RB Carl Kloosterman who ran off tackle and weaved his way to the end zone with 9:00 on the clock.
However, the play was called back because of a holding infraction.
Later in the second quarter, Lowell scored on a pass from Kay, who had six completions for 112 yards, to spill-end Jeff Quigley. Again a penalty erased the play and the score was still 0-0.
Fremont intercepted a pass with their backs against the wall on their own one yard line. But behind the running of RB Carl Kloosterman, who rushed for 13 yards in 13 carries, and FB Paul Brandt, who had 79 yards in 15 tries, Lowell consumed 7:00 off the clock. With 1:09 left in the third quarter Kloosterman ran in from seven yards out to put Lowell on top. Kloosterman ran the extra point and Lowell was ahead 6-0.
Fremont started on their 20 following the kick off. In four plays, they were at the 50 yard line. On the fifth play, Jr. Gary Ellison recovered a loose ball to give Lowell first and ten to end the third quarter.
In the fourth quarter, Lowell scored in six plays as Sr. Randy

Redskins Blank V'burg, 45-0

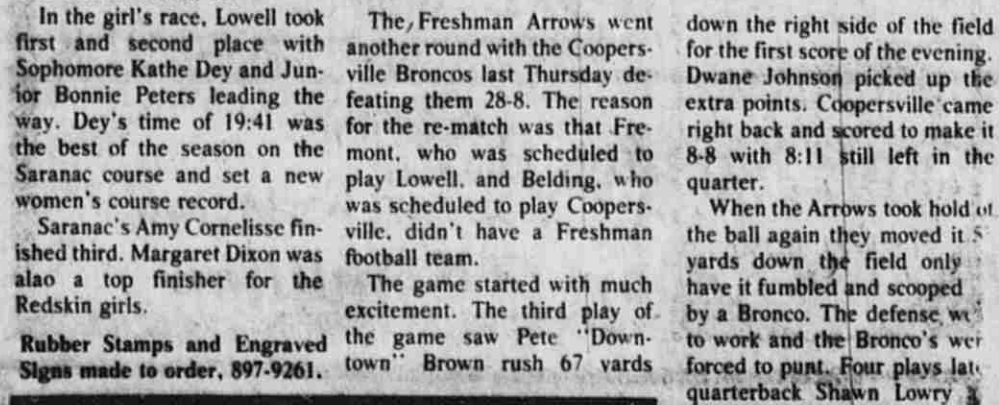

Everybody got to play in the Redskin line up in the Saturday afternoon romp over Vestaburg in a non-league contest and Lowell led 14-0.
Vestaburg: The Saranac team blanked their host school 45-0. Final statistics showed the Redskins totaled up 417 yards on offense with 18 first downs while Vestaburg could only muster 100 yards and four first downs.
Saranac took the opening kickoff and rumbled to the Vestaburg one yard line where Loren Denman plunged over for the score. Lionel Haskins ran in for the two-point conversion and the score was 8-0.
Vestaburg was forced to punt and the Redskins started another drive. On the second play, a 33-yard scoring pass from Craig Coulson to Ben Tower put the Redskins' mark at 14-0. The conversion attempt failed.
Saranac received another Vestaburg punt and pushed down field to score again on a halfback option pass from Haskins to Tower for 47 yards out. Midway in the second period the score stood 20-0.
Troubled V'burg fumbled and the Redskins recovered on the 33 yard line and mounted another drive scoring on a five-yard run by Haskins to make the score 27-0 at intermission.
Vestaburg's only threat came in the third period as they sustained a drive only to miss a field goal attempt from the Redskins 12 yard line.
Saranac began the fourth quarter in possession and drove the ball to score on a two-yard run by Tim Patrick. The score-board rolled up 33-0. Another Vestaburg punt brought another fourth quarter ending the game at 45-0.
Barb Sney led the Redskin attack with eight points. She was followed by Martha and Sarah Smith, six points each. Lisa Eddy and Diane Hubbard, four points each.

Lowell Tops Saranac Harriers

Senior Cliff Mulder led the Lowell High School Cross Country team to a 20-40 win over Saranac last week on Tuesday. Mulder traveled the three-mile Saranac course in 16:23, eight seconds ahead of the Redskin's Shane Wheelock. Mulder's time set a season-course record. Lowell took four of the first five places, with Roger Rollins, Steve DeNolf and Stephen Doyle joining Mulder in the top five. Saranac's finishers besides Wheelock were Wade Chipman, sixth; Ryan Simmons, ninth; Don Penock 13. Todd Chipman, 14; Mike Kroyles, 15; Art Hutchins, 16; Troy Stanton, 18; and Gordon Priest, 23.
In the girls' race, Lowell took first and second place with Sophomore Kathe Dey and Junior Bonnie Peters leading the way. Dey's time of 19:41 was the best of the season on the Saranac course and set a new women's course record.
Saranac's Amy Cornicelle finished third. Margaret Dixon was also a top finisher for the Redskin girls.

Freshmen Down C'ville. . . Again

The Freshman Arrows went another round with the Coopersville Broncos last Thursday defeating them 28-8. The reason for the re-match was that Fremont, who was scheduled to play Lowell, and Belding, who was scheduled to play Coopersville, didn't have a Freshman football team.
The game started with much excitement. The third play of the game saw Pete "Down town" Brown rush 67 yards down the right side of the field for the first score of the evening. Duane Johnson picked up the extra points. Coopersville came right back and scored to make it 8-8 with 8:11 still left in the quarter.
When the Arrows took hold of the ball again they moved it down the field only to have it fumbled and scooped by a Bronco. The defense was forced to punt. Four plays later quarterback Shawn Lowry's 22 yard touchdown pass, an extra point, just attempt was unsuccessful.
After much effort trying to go down the field in the second quarter, Lowry pushed 4 yards to the middle for our third touchdown. Once again the pass for extra points was incomplete.
After receiving the ball the Bronco's couldn't gain a first down and had to punt. A second and 20 Lowry made a spectacular pass to Rob Moore for an 80 yard touchdown. Phil Vroma picked up the extra points. The scoreboard at the end of the half read Lowell 28, Coopersville 8.
Outstanding defensive plays were made by Mike Fizer, Dennis Smith, Martin Canfield and Paul Whaley. Offensive leaders were Brown, Vroma, Lowry and Andy Vredenburg.
This Thursday the Freshman Arrows take on the Spartans at Sparta. Both teams are undefeated in League play.—S.S. & T.N.
DO YOU DOODLE? Ledger Scratch Pads, 40c a pound.

Andy Vredenburg, #34, carries the ball for good yardage in the non-conference Freshman meet against Coopersville last week.

Council Proceedings...

Official Proceedings of the City Council of the City of Lowell, Michigan.

Regular Meeting of Monday, October 1, 1979. The meeting was called to order at 8:00 p.m. by Mayor Collins. The Pledge of Allegiance was given.

City Manager - Clerk, Ray Quada, administered the Oath of Office to new Councilmember Leonard Jackson and welcomed him on behalf of the City.

The Roll was then called. Present: Councilmembers Christiansen, Jackson, Warning, Lessens and Collins. Absent: Councilmember Carter.

Present: Councilmembers Christiansen, Jackson, Warning, Lessens and Collins. Absent: Councilmember Carter. (Councilman Carter had called, stated he would be late.)

IT WAS MOVED by Councilman Warning that the Minutes of the September 18 meeting be approved as written, supported by Councilman Christiansen.

Carried. IT WAS MOVED by Councilman Christiansen that the Bills and Accounts Payable be allowed and warrants issued.

Yes: Councilmen Christiansen, Jackson, Warning and Collins. No: None. Absent: Councilman Carter.

BILLS AND ACCOUNTS PAYABLE TOTALS

General Fund	\$37,781.04
Major Street Fund	\$ 55.70
Local Street Fund	\$ 209.64
Sewer Fund	\$ 3,816.91
Water Fund	\$ 8,959.08
Equipment Fund	\$ 2,114.20
Mayor Collins then opened the Public Hearing regarding the E.P.A. Wastewater Treatment Plant Step 1 Facility Plan Amendment at 8:07 p.m.	

City Manager, Ray Quada gave a background on the City's sewage treatment program to date, and the reasons for the necessary expansion:

Public Hearing Step 1 Facility Plan #1. Changing requirements. In 1975, the City of Lowell was cited for pollutants being discharged into the Grand River.

Council then reviewed recommendations for Secondary Treatment in the original facility plan, a rotating bio-disc system, and felt that the City should be granted the right to the priority of number 1, then to #17, then back to #1.

However, all during that time, the City remained under a fundable status, in essence, being told that we must construct a Secondary Treatment Program.

Council then reviewed recommendations for Secondary Treatment in the original facility plan, a rotating bio-disc system, and felt that the City should be granted the right to review the Facility Plan, for this amendment, because of the changes in the requirements of the Environmental Protection Agency.

Because our grant had not received formal approval from the Department of Natural Resources, it meant that we were still able to look at other possibilities besides the rotating bio-disc system, that were not available in 1975.

(Councilman Carter entered at 8:12 p.m.) Update of costs: Also, because of the rising costs of construction from 1975 to 1977, there is a need to present realistic pictures of costs to the citizens of Lowell, for the construction and maintenance of an additional system.

63. Changing technology. In 1975, the rotating bio-disc system was considered the best type to handle the sewage problems of the City of Lowell.

In the interim of 1975 to 1979, the D.N.R. and the E.P.A. have put a great deal of emphasis on the land application system of sewage treatment discharge.

Since that time, two or three newer systems that were interesting enough to require investigation have been designed, and costs operation comparisons made.

The City has been granted the right to now review our original Step 1 Facility Plan by the D.N.R. and E.P.A., with the requirement to hold new public hearings.

Manager Quada then introduced Mr. Mike Peters, an engineer with the firm of Fishback, Thompson, Carr and Huber who have been hired to do the study and comparison of systems and their feasibility for the City of Lowell.

Mr. Peters passed out copies of a printed prepared study, (copy attached to minutes), and explained all three systems compared, #1, the Land Application, #2, The Rotating Bio-disc, and #3, the Oxidation Ditch.

He then compared the costs of construction and maintenance of each type of system, (according to the attached copy, verbatim.) He also explained the breakdown of cost-spread for plant use capacity percentages for the City of Lowell, Lowell Township and Vergennes Township.

The E.P.A. Report stated some existing problems with the City's existing collection system, leaking of rain/ground water which is being pumped into the system and treated unnecessarily. The S.S.E.S. Report recommended rehabilitation first of those areas, at a cost of \$277,295. His firm recommends instead the increase in capacity size of the plant, because it would offset the extra cost of treating the additional ground water, since the leaking in of ground water cannot be completely eliminated. This will be discussed further with the E.P.A. The user charges will not be any higher because the City is already committed to the S.S.E.S. program for a larger plant. Mr. Peters felt that the monies could be better spent for the increased plant size rather than the rehabilitation, which in the long run might not reduce significantly the amount of ground water infiltration any more, plus, not all the rehabilitation costs would be grant eligible either.

Operation and maintenance costs after the completion of the Secondary Treatment Plant will be paid for by all users. Collection systems outside the City will be the cost responsibility of the township in which they are located, and installation costs. System user costs will be the same for all parties. His firm recommends the Oxidation Ditch.

Also, the revenue generated will in part still be used to pay off the bonds for the existing plant, about \$400,000 annually. The total commodity rate would then be \$0.76 per thousand gallons for City users, and \$0.51 for each of the townships.

The City may also have to consider about eight additional acres for new sewage collection system additions, and may have to look elsewhere for additional financial aid, such as, Farmers Home Administration, since very few things of this type are grant eligible. If outside monies are not available, the City can still re-enter the program of Water Pollution Control grants.

Mayor Collins then asked if there were any formal statements to be entered or presented at that time. There were none. Questions from the floor and Councilmen were then requested.

Councilman Warning asked for a comparison of the present costs, compared with future costs after completion of a new system.

Presently, the users are charged at the rate of \$0.47 per thousand gallons of water used, plus a \$6.50 readiness-to-serve charge. Sewer charges are computed at 55% of the amount of water consumption.

Mr. Dick Huver of Lowell Township asked if some type of additional holding tanks would need to be constructed, which are an integral part of the system in itself.

A total charge then to City users would be \$20.80 per month (approximately, based on usage of 10,500 gallons of water used). No accurate figure could be given for township users, because of not knowing how much the construction of collection systems will cost at this time.

Mr. John Troy asked what will be the dollar difference between current City users costs and after the completion of the new system.

Approximately \$3.50. Mr. Roman Maloney asked what about the odor. Mr. Peters replied that it would, unfortunately, not be any more odor-free than present systems, but no worse, with less sludge than the present system, therefore would be less odor.

Manager Quada then stated that there are several problems with the collection system that must be corrected, directly relating to the cost of treatment. Approximately 450 homes, buildings, etc., are directly adding rainwater to the collection system that will have to be corrected.

There were no other questions forthcoming, and the hearing was officially closed by Mayor Collins at 9:30 p.m.

Appointment of Manager As Street Administrator. Council then discussed the appointment of Manager Quada as the Maintenance Superintendent for the sections of State Highway (M-21) maintained by the City.

The following resolution was offered by Councilman Christiansen, supported by Councilman Warning.

MUNICIPAL RESOLUTION. BE IT RESOLVED THAT the Municipal Trunkline Maintenance Contract between the Michigan State Transportation Commission and the City of Lowell for the period July 1, 1979 to Sept. 30, 1980, is hereby accepted and Ray E. Quada is designated as Maintenance Superintendent on sections of State Trunk Line Highways as shown on the Municipal Route Section Map and Budget Sheets.

The following City official Ray E. Quada, City Manager is authorized to sign the maintenance contract.

ADOPTED: Yes, 5. Nays, 0. Absent, 0.

I hereby certify that the foregoing is a true and correct copy of a resolution made and adopted at a regular meeting of the governing body of this municipality on the First day of October A.D., 1979.

Ray E. Quada, City Clerk.

Purchase of Cruiser Polley Truck From Agenda. The discussion on purchase policy for police cruisers was struck from the agenda. Manager Quada and Chief Emmons will meet with area dealers first, and report back.

Council then discussed the purchase of two foam filled tires for the front-end loader.

The following resolution was offered for adoption by Councilman Christiansen, supported by Councilman Carter.

Purchase of Tires/Front-end Loader. WHEREAS, the City of Lowell is interested in purchasing two tires for the front-end loader;

WHEREAS, it has been recommended that said tires be foam-filled to reduce maintenance cost; and

WHEREAS, it is expected that said reduction in maintenance cost may result in a net savings of approximately \$1,200 annually; and

WHEREAS, two quotes have been submitted and tabulated as follows:

General Tire	\$2,376.00
Brad Ragan Tires, Inc.	\$2,584.00

NOW, THEREFORE, BE IT RESOLVED, that the low quote of \$2,376 submitted by General Tire Service, be accepted.

Yes: Councilmen Carter, Christiansen, Jackson, Warning and Collins. No: None. Absent: None.

Manager's Report. Under the Manager's Report, Manager Quada stated that Fedeus Builders and Schneider Manor Board members were working together on a joint project of building the proposed new senior citizen housing on 4 1/2 acres of property just North of the present Schneider Manor buildings. If approved by Farmers Home Administration, the new facility would also house a food service center which would continue the practice now served by the Lowell Senior Citizens Center of providing hot meals ever, day to those residents, as well as many seniors still living in their own homes.

Citizen Input. Under Citizen suggestion and input, Mr. Roman Maloney asked that Manager Quada review a complaint of damage to a cemetery marker at St. Mary's Cemetery, allegedly done by a City truck when a burial was done during the winter.

Manager Quada will check out the complaint. Mayor Collins then proclaimed the week of October 21 to 27 as National Business Womens Week.

Council Remarks

Under Council Remarks, Mr. Leonard Jackson stated that he was told that as long as he would be a member of the City Council for only 90 days, he would have to replace the Division Street Bridge within the length of his term! He stated that he was honored to be asked to serve, and would do his best.

Councilman Warning headed a discussion on the survey of stumps needing to be removed in the City, the arrival of the new Fire Truck, hopefully by November 15 to 30, the construction of the D.P.W. Garage set for Spring, and the need to look at the street numbering system between City and County addresses.

With three sets of numbers from M-21 North and South on Alden Nash, there is confusion in finding correct homes, especially in emergencies. Manager Quada will contact the County to see if the problem can be corrected.

IT WAS MOVED by Councilman Carter to adjourn at 10:00 p.m. Approved: October 15, 1979. DEAN E. COLLINS, Mayor

RAY E. QUADA, City Clerk

We'll Buy License Plates On Birthdate

When you open your prepared license plate application form and notice that your fee is different from last year, be assured that your monthly rate has not increased or decreased.

It's just that you are likely paying for a different number of months.

Secretary of State Richard H. Austin said his office had been receiving a number of inquiries about varying fees, made necessary for the smooth conversion to the state's new "birthday" or year-round licensing cycle.

Quite simply, Austin said, fees for passenger vehicles are based on an owner's birthdate. These can range from seven months for persons born in November to 18 months for those whose birthday falls in October. Fees for individually owned pickup trucks and vans, also under the new "birthday" system, can vary from eight to 19 months.

Sticker tabs are being issued this year. But instead of the traditional one tab indicating the year, two tabs... the second for the month of expiration... will be issued.

Also, said Austin, it should mark the final year of the traditional rush at the end of March. As usual all tabs must be purchased by March 31 and Austin said he anticipated the "usual long, last-minute lines, but for the final time. "When we are completely converted to our new 'birthday' system, the long lines as we have known them through the year will disappear," he said.

Safety Classes For Snowmobilers Start Soon

The Flat River Snowmobile Club began its ninth year of activities with the gavel being presented to the new president

for the 1979-80 season by the outgoing President, Mike Fugitt. Bill Gardner presided at the meeting held at the club-

house on Covered Bridge Road on Sunday afternoon.

The membership extended their thanks to Fugitt for his work in the past year during which the club finally acquired a permanent home.

During the past month, a workbee has been held cleaning up the property and doing the necessary repairs. The Annual Picnic and Chicken Bar-B-Q under the direction of Jack and Julie Condon was also held. Judy Potter assisted with games for the children.

At the meeting on Sunday, Ginny Will was named Chairman of the Christmas Float Committee. Ed Marshall was designated to take care of any repairs needed on the club wagon. Brad Potter donated a crate full of Indian Corn to be used for decoration with the proceeds going to the club treasury.

Our West Michigan Snowmobile Council delegate reported that plans are being made for the MARS Sno-Fari to be held Jan. 26. This will be open to the public with a Steak Dinner and Dance being held at the Dorr American Legion Hall topping off the fun. The dinner and dance will be by reservation. Those not interested in dancing are having a moonlight ride planned for them on The West Michigan Snowmobile Trail. The Council has purchased a

groomer and hopes to have a nice, smooth trail for you this year. Canisters are being placed in area businesses near the trail and they would appreciate donations to help with the grooming expenses.

Snowmobile Safety Classes will be held again this year by members of the FRSC in cooperation with the Kent Co. Sheriff's Dept. and the Lowell Public Schools. The classes will be held on November 27, 28 and 29, so plan to keep those dates open if you have a child between the ages of twelve and sixteen who plans to snowmobile this year. If he leaves your property, according to the Law, he must have attended a Safety Class and received his certificate.

Winners of the drawings at Sunday's meeting were little Katie Olson, the children prize; Ed Marshall, Betty Fugitt, and Brad Potter, the adult drawing and Terry Banach the Special drawing.

When problems are caused by snowmobilers, it's usually the "MAVERICK" snowmobiler, the one who does not belong to a snowmobile club, who does not become informed of the consequences of his act, who is at fault. We, as organized snowmobilers, would like to find him. Involve him, and Educate him while having Fun With Him and His Family.

Anyone interested in joining our group, contact any club member.

Timely Reminder From Chief Emmons

Police Chief Barry Emmons has a special message to the kids and parents of Lowell for Halloween safety.

Wear light colored clothing so cars can see you. Walk on the sidewalk whenever possible. Always look both ways when crossing the street.

Don't go by yourself. Go with a parent or older person. Walk from place to place. Don't run and take a chance on getting hurt.

Always inspect your candy before eating. Especially look over any homemade cookies or popcorn. Check your apples and other fruits you may receive for metal objects. REPORT ANY TAMPERING OF CANDIES OR FRUITS TO YOUR POLICE DEPARTMENT. WE WANT TO PROTECT YOU AND ALL OTHER CHILDREN FROM HARM.

"Last, but not least," says Chief Emmons, stop in at the City Hall for Cider and Donuts before you go home. We will have plenty for all and Have a Good Time with Safety in Mind."

JV's Clinch First Place

Rainy weather and a sloppy field were the opponents as well as Fremont's undefeated JV football team last Thursday night. Lowell overcame both for a fine 20-6 victory and a guaranteed share of first place in the Tri-River conference.

Fremont received the opening kickoff and mounted a short drive which was stopped by the determined Lowell defense led by Scott Grim, Bob Schrenk and Joe Grummet. Lowell's fine offensive line took over the ripped holes in the Packer defense. Schrenk and "Four Wheel" Martinez alternated driving through the line and Martinez plunged the last two yards for the first and decisive Arrow score. Ed Lowry found Grummet in the corner of the end zone for the extra point and the first quarter ended Lowell 8, Fremont 0.

The young Arrows forced a Fremont punt early in the second quarter and started a second scoring drive at their own 40. Martinez once again carried the final two yards for the touchdown and a commanding 14-0 Lowell lead.

The sky opened up and an unseasonable thunder shower made the field very slick. Fremont scored their only touchdown of the evening when three Lowell defenders slipped and fell as a Packer back swept right end for 60 yards and the score. An aroused bunch of Arrows stuffed the extra point try and the halftime score stood at a precarious 14-6.

The second half saw strong defensive play and slippery conditions thwart any serious offensive threat. As the fourth quarter opened, Lowell buried Fremont deep in their own territory on a Joe Schoen punt and on their first play from scrimmage, Randy Loterman intercepted an errant Packer pass and set up the clinching score. Bob Schrenk shot into the endzone on an option play behind a fine block by Jim McCready for the touchdown. The extra point failed, but Lowell was in command with five minutes left to play.

Ed Albus stifled any further Fremont threat by recovering a fumble on Fremont's 23 yard line. The second offense led by Randy Roth, playing for the first time after a month on the injured list, ran the clock out.

Game leaders were Schrenk with 99 yards rushing, Martinez with 49 and Ed Lowry, who was 5 of 9 passing for 39 yards. Defensively Schrenk had six tackles and Joe Grummet had five. The Arrows close out league play on Thursday at Sparta.

YMCA Basketball Program Organizing

It's time to think basketball again! The Lowell YMCA is beginning its 5th season of Basketball fun.

This season our YMCA will be offering the National Youth Basketball Association Program. The emphasis of this program is to teach the participants values through a basketball program. One of the main objectives in YBA is to promote the participation of everyone who would like to play. The principle here is that it is more important that everyone on the team participates than keeping the same players in a game in order to win.

In YBA we play for fun! Too often children are led to believe that it is only fun when we win. After a YBA practice or game each team calls a Team Huddle and discusses strengths and weaknesses of that particular practice or game. No one takes all the blame or all the glory—YBA is a team effort.

Fitness is also a part of YBA. We all would like to feel good about ourselves and being involved in a fitness program does promote this. YBA helps us learn more about our own fitness.

A program such as this is only successful when we have energetic volunteers willing to give of their time and knowledge. You need not be a superstar to give us a hand, just the willingness to learn along with the rest of us. We need people as coaches, assistant coaches, referees and scorekeepers. Along with the YBA program there is a YBA Committee. This committee is responsible for making YBA decisions and organizing

the program itself. Anyone who wishes to be on the committee or take part as a

coach, etc., please call Peggy Murphy at the Lowell YMCA 897-8445.
