## L.H.S. Homecoming is this Friday

Homecoming Fever has hit Lowell this week. Everywhere you can see high school students scurrying to collect materials for the construction of what they hope will be a first place winner in the float competition. Spirit week has kicked off the week-long festivities for the students and faculty.

Festivities for the rest of us, however, will begin Friday night at 6:30 p.m. with the annual Homecoming Parade. It will start from Rich-

ards Park, go through Main Street, and end at Burch Field, where the Arrows will take on the Fremont Packers at 7:30.

Halftime activities will feature the Lowell High School Band in their new uniforms, the crowning of the 1980 Homecoming Queen and the presentation of the trophy to the float competition winner.

Members of the 1980 Homecoming Court are: Freshmen, Doreen Rickert and John Pursley; Sopho-

mores, Tenley Ysseldyke and Paul Whaley; Juniors, Fran Saboo and Jim McCready; Seniors, Diane Clark, Tammy Nagy, Kristy Marsteiner, Mary Jo Serne, Carl Kloosterman, Dan Phillips, Steve Thomet, and Paul Brandt. As the week progresses, the anticipation builds, especially for the senior representatives. It is the student body's responsibility to choose among two of them for the 1980 Homecoming King and Queen.

Homecoming Week will come to a close with the dance on Saturday night to be held at the Lowell Middle School.

Members of the 1980 Homecoming Court: L-R—Doreen Rickert, Freshman; Tenley Ysseldyke, Sophomore; Fran Saboo, Junior; Diane Clark, Senior; Tammy Nagy, Senior; Kristy Marsteiner, Senior; Mary Jo Serne, Senior. Back Row L-R—John Pursley, Freshman; Paul Whaley, Sophomore; Jim McCready, Junior; Carl Kloosterman, Senior; Dan Phillips, Senior; Steve Thomet, Senior; Paul Brandt, Senior.

### Jaycees are on the grow

Despite a successful recruiting effort by the Lowell Area Jaycees at their special membership night last Wednesday, they say they are still accepting membership applications from more young men between the ages of 18 and 35.

Four men from the Lowell area, Eric Miller, Steve Vroma, Mark Armstrong, and Dee Burnett, joined the club as part of a National Jaycees effort which netted several thousand new members.

Steve McGowan, Kentwood, a past state officer of the Jaycees was the guest speaker for the evening. The organization's goals and structure was explained by Regional Director Peter DeWitt and District Director Terry Raab. The Local Chapter's operations and activities were explained by Vice Presidents Curt Albrecht and Bill Green.

Although the Jaycees accept new members at all times during the year, last Wednesday's efforts mark the first time in the 60 year history of the leadership training organization that a concentrated effort had been made to extend the membership opportunity nationwide during a specific time period.

Chapter President Stan Williams said his next meeting would be held Wednesday, October 15, at 7:30 at the Jaycee Clubhouse on Burroughs Road. He urged all interested young men in the Lowell area to attend.

### FIRST PLACE RATING

The Lowell Senior High School Marching Band received a first place rating for their efforts in the Red Flannel Day Marching Band Festival. The event took place in Cedar Springs last Saturday during that community's Annual Red Flannel festivities. The Lowell Band must have felt right at home in their new red uniforms.

### WEST SIDE IMPROVEMENTS

The Lowell State Savings Bank's branch office at 1425 W. Main St. is undergoing some extensive renovation. Previously the branch housed two drive-up windows and one walk-up, with the drive-ups, being located one on either side. All new windows and mechanical transfer equipment is being added along with a new lane on either side to create four drive-up windows along with the original walk-up window. Awnings are being added to protect customers from inclement weather.

Right next door at the Eberhard Store, new wood trim is being applied to the front and a new paint job is being put on the entire building.

### COLUMBUS DAY SCHEDULES

Next Monday, October 13 is Columbus Day. In the not so distant past, this would have meant that half the businesses in town would be closing. Columbus Day 1980, the only business in Lowell that we know will be closing is the Post Office, but even they will leave the lobby open for lock box customers and stamps will be available from the vending machines. Lowell City Hall and both State Savings Bank and First Security Bank will also be open.

### OFF THE BLOTTER

Released to his parents, pending court action, after a confession was obtained in connection with a larceny of personal property was an Alto juvenile. It was reported to Lowell officers that the juvenile took a vest from another juvenile Friday evening, September 26.

Lowell officers investigated 24 accident complaints in September and responded to three rescue runs. Total accidents reported this year so far is 143 compared to 176 in 1979 and 170 in 1978.

Employees at Jims' Discount Store on West Main apprehended a female juvenile who had attempted to shoplift \$6.00 worth of merchandise Thursday afternoon, Oct. 2.

Pleading guilty in 63rd District Court Friday, October 3, 1980 to Destruction of Property under \$100 was Richard Simmonds of Lowell. He was ordered to pay \$550 Restitution and Court costs plus 80 hours of time donations to Showboat Committee or City of Lowell.

Involved in a property damage accident Friday afternoon were Richard Bonney of Grand Rapids who was struck in a rear end collision at Main and Hudson Street by Teddy Miller.

## Arts Council sponsors Mime Theatre

The Lowell Area Arts Council will sponsor a series of three performances in the community of Lowell in the next eight months.

On October 25, 1980 at 8 p.m. the Corporeal Mime Theatre from Grand Valley State Colleges will perform at the Lowell Middle School.

Director Thomas Leabhart choreographs this unique 13 member troupe into a symphony of movement with gymnastic precision. Based on the work of Etienne Decroux, Corporeal Mime Theatre offers the vitality of dance, the excitement of theatre and the fascination of a totally new approach to mime. Tickets for this performance are \$5 and can be

**Promoted at Alma College**

A restructuring of Alma College's institutional relations staff and the promotion of two of its members were announced today by Dr. Oscar E. Remick, president of the college.

Stuart M. Strait, a member of the Alma staff for 17 years and director of development since 1974, has been named director of deferred giving and estate planning. Stephen R. Kuhn, who came to Alma earlier this year as assistant director of development for annual giving, has been appointed director of annual giving.

"These changes will, without increasing the number of staff members, enable the college to expand its public relations and fund raising efforts under the leadership of Vice President Graham," Dr. Remick said.

Kuhn, 26, joined the Alma staff last January after working as an account executive for advertising firms in Grand Rapids and in Orlando, Fla. He holds a bachelor's degree in business administration from Central Michigan University where he served for two years as a student aide in the development office.

Kuhn is the son of Mrs. Mary Kuhn DeBoer, a former resident of Lowell now living in Lehigh Acres, Florida, and the late Mr. Stephen F. Kuhn. He graduated from Catholic Central High School in Grand Rapids in 1971 then attended Grand Rapids Junior College for one year.

Rev. Clyde B. Rodgers  
Evangelist - Singer  
Chalk Artist

Rev. Clyde B. Rodgers is widely known as a successful evangelist in the Church of the Nazarene. Having entered the field of evangelism in 1933, he has conducted revival campaigns, and held camp meetings across the nation and in Canada. His message is plain, logical and convincing. An ardent student of prophecy, he is well able to soundly present this very important teaching of the Scriptures. Before his call to the ministry Mr. Rodgers was a

commercial artist and is now devoting his talent very effectively to his ministry. Each night he draws a beautiful picture illustrating some gospel song. The effectiveness of his artwork is even more impressive because he sings the song himself as he draws the picture, completing both of them simultaneously. Because of his unusual speed, he has been called "America's Lightning Chalk Artist." The public is invited to attend any of these services.

## Reflections From Outer Space

By Rev. Jerry Bates

I guess that I might as well get my two cents in.

A lot has been said vocally and in print about the young people, who are on Main St. and in the parking lots at night. The problem is accentuated with squealing tires, Showboat breakins, and breaking and entering. Thus we tend to take an easy answer. Let's set a curfew—get the kids off of the streets and then none of these undesirable things will happen.

Someone needs to say something in defense of our youth. First, there are in our community, parents that tell their kids to get out of the house and not come back until specified time. I don't know their names, but every community has them. Second, many youth have problems at home and find it more comfortable to be on the street, than at home. The easy answer is to say, "Make them stay home."

Third, the vast majority of the youth on the street are not involved in delinquency, they are good kids. Most of them will not get into trouble, even though some adults see some of their activity as delinquent. Fourth, what is there in the city of Lowell for a young person to do after 9:00? Go home, and watch

the boob tube? Most of us adults get pretty tired of that too.

We can force the kids out of the parking lots and off Main St. by what we will only be doing is sending them some place else. Some place less visible, some place more difficult to control and know what they are doing. Thus we have not answered the problem, we have only moved it to another location.

Each person, I do not care what age, has several basic needs. They are: security, response, recognition and new adventures. Of course, these needs are outside of our basic physical needs that each of us have. What I am attempting to say is that the youth of our town that are on the streets need something to do.

Youth needs new adventures. That is they need to be able to do things that are different. And if they have to provide their own adventure, it will be in terms which we have been seeing. This to me, brings the problem down to the parents. Perhaps I should say those of us who are adults and are concerned about our community. What type of activities are we providing for our young people?

There are school activities, but they do not last very late. After a certain hour there is almost nothing for the youth to do, but to go some place and park with a girl, drive to Grand Rapids, or sit in a parking lot. What is our responsibility for the youth of our town? Not only my child and yours, but all of them? It is a community problem. We can't leave it to the school, nor the churches, nor the police. What are we providing the youth to do after 9:00? It is as simple as that.

When we are willing to approach the problem as a community, each organization and individual recognizing their responsibility and taking a part, we can come up with an answer. We don't have to entertain the youth, we only need to provide the youth with something to do and the majority will do it.

Shalom,  
Jerry Bates

### Bieri named to honors list

Dale Richard Bieri was named to the academic honors list for the recently completed summer quarter at Ferris State College.

To be eligible, a Ferris student must have completed a 3.25 grade point average in at least 14 quarter hours of graded work; a 4.0 is all A's.

### HOMESPUN DEVOTIONS

by Pauline E. Spray

... If God so loved us, we ought also to love one another (1 John 4:11).

"Love makes the world go 'round." Or so it has been observed.

"Love is a funny thing—shaped like a lizard. It winds all around you and tickles your gizzard." That's what the frivolous rhyme in my old autograph book says. True love costs something. It demands sacrifice. Unselfish concern for others exacts denial with its devotion.

God proved His love for mankind when He gave His

only Son a ransom for the sins of humanity. His love went beyond mere well-wishing. It was love in earnest. His love compelled Him to do something for the welfare of those He loved. It constrained Him to give, though the giving meant self-denial and loss. Consequently, down through the ages humanity has profited by God's supreme gift.

Christians, we can prove our love for others by living outgoing lives, by showing compassion for those in need, by doing what we can to alleviate their needs, and by manifesting the true spirit of unselfishness in all our attitudes. If we love God, we will also "love one another."

Prayer: O God, I know Thou lovest me. I am very glad. Enable me to pass Thy love on to others. Make me a blessing. Let me be Thy channel today. Amen. Blessed, mighty Holy Ghost! Fill me to the uttermost; For Thy love, Thy light, Thy power, Just a channel hour 'b hour.

### OPEN LETTER

Dear friends,  
To the bereaved, avoid saying, "You'll get over it soon; you will stop hurting." If they truly loved the deceased, they may never "get over it"—they may never "stop hurting". But, with God's grace and strength, they can adjust to their loss and go on living as their loved one would want them to.

Respectfully,

### Honored at Open House

Mr. and Mrs. John E. Brake

An open house honoring the 50th Wedding Anniversary of Mr. and Mrs. John E. Brake will be held in the Fellowship Hall of the Pleasant Valley United Brethren

Church, corner of M-50 and Bell Roads, west of Lake Odessa, Michigan, on Sunday, October 19th from 2-5 p.m.

Sometimes we perpetuate a myth. Like saying a laughing toothless baby looks like a little old man. When did you last see a toothless little old man? They're almost extinct, thanks to good dental care. There just aren't any toothless old men (or women) any more, and our laughing baby looks like a laughing baby.

That's good; and the reason for the lack of toothless old men these days is the emphasis on good dental care. We know that when baby's first teeth appear, they're important, because they maintain space for the permanent teeth and guide them into position. We know about topical fluoride clinics for youngsters and about fluoridated water to help reduce cavities in children's teeth.

We know, too, about brushing. Once we might have preferred a hard bristle brush, but now the recommended brush has soft bristles. It's less harmful to the gums, when we vibrate the bristles in tiny circles at the gumline and then sweep the bristles to the chewing surfaces and buff. A little flossing with dental floss once a day finishes the daily dental care by removing particles of food lodged between the teeth where the brush can't reach.

People who don't brush properly are in for some trouble, and while they won't necessarily lose all of their teeth, they could lose some. You see, bacteria in the dental plaque act upon the sugar in our food and create acid. If the plaque is not removed with frequent brushing or by the dentist, tartar forms, bringing on real problems. You know how hard the tartar is to remove by the dentist's scraping it off with a metal pick. If the tartar continues to accumulate without dental care, we can develop a condition known as pyorrhea, which causes inflammation and disintegration of the tissue and bone, and then our teeth become loose and do fall out. This is where the little old man used to come in.

Now, however, people are wiser. With good care that laughing baby could eventually become the old man with beautiful teeth—and that's a myth we'd like to perpetuate.

### Miller in MTCEP

Paul Miller, a senior majoring in civil engineering at Michigan Technological University, is spending his fall term working for the Michigan Department of Transportation.

Miller, a resident of Lowell, is participating in Michigan Tech's Cooperative Education Program. The program is designed to give MTU students the opportunity to supplement their academic education by gaining practical experience in their chosen field of interest.

### IN THE SERVICE

John E. Peterson, son of Mrs. Donna Wheaton, 296 Donna Drive, Lowell recently enrolled in the Army's Delayed Entry Program.

This program is designed to allow the individual to take up to one year before actually entering active duty. Additionally, this delay insures that the individual will be able to select the training and even the location of assignment upon entry.

Upon entering the active Army, the individual will undertake basic training learning skills such as drill

The Construction Division of the Michigan Department of Transportation is responsible for engineering supervision of construction contracts and providing engineering services to highway and bridge contractors. Co-op students assist in or perform construction survey and layout, inspection, record keeping, testing, and other field engineering duties on highway and bridge construction projects.

Paul is the son of Mr. and Mrs. David Miller of Lowell.

### To celebrate Golden

Mr. and Mrs. Richard Dilly

Mr. and Mrs. Richard B. Dilly will be the guests of honor this Sunday, October 12, at an open house given by their children in celebration of their 50th Wedding Anniversary.

Richard and Helen were married 50 years ago on October 11th. They have resided in Lowell for over 30 years and have six children: Robert Dilly of Newaygo, Marilynne Kelley, Grand Rapids, Richard Dilly, Jr., Grandville, Barbara Nelson

Jackson, Donald Dilly, Lowell, and Donna Laux, Lowell. They also have 28 grandchildren, and three great-grandchildren. Mrs. Dilly's sister, Mary Insley, and niece, Joanne Whisenand, from Dallas, Texas, will be flying here to celebrate with them. All family and friends, past and present, are invited to share this special occasion with them at St. Mary's School from 2 to 5 p.m. No gifts please.

## LHS Golfers tie for first

The LHS golf team finished up their regular season tied with Fremont for first place with a fine 6-1 record. Three of the Red Arrows team members were named all conference with most points won. Scott Abel finished first in all conference with 102 points, Andy Rogers took second with 100 points, and Jon Vezino took in fourth place with a total of 97 1/2 points.

In a conference match on Wednesday, Oct. 1 with Cedar Springs the Red Arrows came out with a 163-199 victory. The Arrows hosted Cedar at Lowell's home course Deer Run, on the par 36 front nine. Jon Vezino and Scott Abel led the Arrows with 40's, Andy Rogers had a 41 and Greg Caldwell carded a 42 for the Arrows to give Lowell a total of 163 and a 5-0

Three members of the Red Arrows golf team received this medal with top honors in the conference. Recipients were Scott Abel, Andy Rogers and Jon Vezino.

Red Arrow Andy Rogers makes his second shot on the par four #8 at Deer Run as teammate Jon Vezino looks on. The Arrows dropped their only conference match last Thursday to co-champion Fremont.

win over Cedar Springs. On Thursday, Oct. 2, a match with the Fremont Packers caught the Arrows by surprise as they gave up their only Conference loss of the season. The Arrows had trouble making the tough shots with just a few bad holes proving to be the difference between the two teams as Fremont outshot Lowell 169-174.

A Tri-River conference match was held on Saturday, Oct. 4 at Saskatoon golf course in which Belding, Cedar Springs, Fremont, Greenville, Lakewood, Lowell, and Sparta played 18 hole rounds to make their bid at improving their final standings. Scott Abel fired a one over par 74 to take first place out of 42 golfers. Abel came

out three over after 9 holes, and then fired a fine two under par 35 on the white nine to finish up with the one over 74. Arrow Andy Rogers finished up second overall with a nine over par 82, with John Anderson placing sixth with 85, and Jon Vezino was right behind with a seventh place 86 to give the Arrows an outstanding 17 stroke lead over its next closest competitor Fremont.

The Red Arrows placed first for the meet with a 327 total. Fremont took second with 344, Belding came in third with 346, Sparta took fourth with 357, Lakewood fifth with 361, Greenville sixth with 367, and Cedar Springs finished up seventh with 391.—J.V.

## Cross Country ends busy week

Lowell High School's boys and girls cross country teams were busy last week, compiling four wins and a third place finish at the Wayland Invitational.

After giving up first place to Sparta's Tom Shangle, the Red Arrow boys took the next five places in racing to a 20-41 win over the Spartans. Lowell's quintet was led by Junior Ken Blain's second place finish, followed closely by George Lang, Stephen Doyle, Matt Peters and Scott Foster.

In the girl's race, Sparta again captured first place, but Lowell's depth pulled out the victory, 27-30. Kathie Dey, Sue Schoenborn, and Bonnie Peters took second, third and fourth places respectively.

On Thursday, the Saranac Redskins came to Fallsburg Park and the Red Arrows had two more wins. Ken Blain (16:53) and George Lang (16:59) took the first two places, edging out Saranac's Shane Wheelock (17:00) who finished third. Doyle, Peters and Foster took the next

three places as Lowell wrapped up their eighth win of the season, 18-41.

The girls remained undefeated by downing Saranac 20-35. Dey, Schoenborn, Peters and Marilyn Flanagan captured the first four places in leading their team to victory.

The Red Arrows traveled to the Wayland Invitational on Saturday, finishing in third place behind Otsego and Delton. Blain finished fifth and Lang eleventh in the seventy-man field of runners. There was no girl's team championship, but Lowell's runners fared pretty well. Kathie Dey was second, Sue Schoenborn third, and Bonnie Peters eighth among the thirty runners.

This week Monday, twenty of West Michigan's finest teams invaded Fallsburg Park for the 19th annual Red Arrow Invitational. Results will be in next week's Ledger; along with the only dual meet action of the week. Lowell vs. the once-beaten Cedar Springs Redhaws.

## Frosh beat Creston

The Lowell Freshmen Football team hosted a fine Grand Rapids Creston Football team on Thursday, Oct. 3 and won 12-6.

Lowell scored on its first possession capping a 60 yard drive with a 12 yard TD pass from Steve Wernet to John Kloosterman.

The extra point attempt failed and the score remained 6-0 until 20 seconds remained in the game. Wernet carried the ball over from a yard out to make the score

## Girls lose two

The troubled LHS girls basketball team dropped two more games with the second game just two points late in the game which proved to be the difference. Last Tuesday, Sept. 3, the Arrows took on Fremont, but had foul trouble as five of the Arrows fouled out in the third quarter as Fremont edged out a 58-31 win over the Arrows.

Fremont dominated the first three periods scoring 16 points per quarter with Lowell outscoring Fremont only in the last quarter. Fremont took a 16-2 first period lead & built that lead to 32-11 by the end of the half. Fremont picked up another 16 points in the third stanza to add to their lead as they went into the final stanza 48-17. The Arrows outscored Fremont 14-10 in the final quarter as the game ended with Fremont on top 58-31. Beth Beachum led the Arrows with 5 field goals and one free throw for a total of 11 points.

## Redskin Girls Split

Lakeview's offense stalled Tuesday night and the slow-down was enough to offset the charging Saranac Redskins, 37-30.

The stall was actually intentional and the murky pace forced the Redskins to foul in the fourth quarter as Lakeview won it from the line, sinking the final two free throws with no time remaining.

Saranac, in fact, had cut Lakeview's lead to 32-29 with five minutes remaining in the fourth quarter before Lakeview implemented its stall.

"They (Lakeview) pressed us the entire game and we broke it every time," Saranac Coach Patrice deAguirre said. "We finally got our offense going in the second half."

"We took some very low percentage shots in the first half," deAguirre continued. "In the first quarter, we made three of 11 shots." Lakeview jumped out in front, 12-7, after the opening quarter and increased its lead to 20-11 by halftime.

Saranac—now 3-2 overall and 2-2 in the Tri-Central Athletic Association—gained scoring advantages of 10-9 and 9-8 in the final two periods but the comeback fell short. Martha Smith scored nine points and grabbed eight rebounds, and Barb Snay scored five points, grabbed eight rebounds and blocked seven shots.

Lakeview, now 6-0 overall and 3-0 in the TCAA, was led by Pat Doll's 16 points. As a team, Lakeview made 16 field goals and five of 14 free throw attempts.

Saranac hit on 12 field goals and six of 11 free throws. The Redskins also grabbed 29 rebounds and committed 19 turnovers.

Saranac slugged out a 54-47 girls' basketball win over Belding Thursday as part of the Tri-Central Athletic Association girls' basketball games.

In Belding, Saranac jumped out in front, 11-7, before Belding caught fire in the second period to outscore

## JV girls win two

The junior varsity girls basketball team defeated Fremont Tuesday night by a score of 52-28. Leading the Red Arrow attack was Kathleen Beachler with 16 points, Tami Kalkman with 9 points, and Kerry Cosgrove with 8 points.

On Thursday Lowell won a tight game defeating Grand Rapids Central 40-39. Tami Kalkman had 15 points and Kathleen Beachler had 12. It was the seventh consecutive victory for the junior varsity girls who now stand at 5 wins and 0 losses in the conference.

## Hartley Bags Trophy

Behind all that camouflage is Mark Hartley, a successful and proud bow hunter. Mark brought down this twelve point trophy with a single arrow from about twenty yards away on Friday, October 3 at 7:30 a.m. This is Mark's first deer with a bow after six years of hunting. He has bagged two with a gun in previous years. As with most hunters, Mark won't be any more specific about where he shot the deer, other than to say, "south of Lowell".

## Girls tennis win another

LHS girls tennis team chalked up another win last Thursday as they edged out a 5-2 victory over Caledonia. The Arrows had a tough time in singles matches as they edged out two wins with both going the full three sets. In doubles Lowell came out with three very strong walkaway victories in two easy sets each.

In singles matches, Tawlie Knotternerus came up with a win as she edged out her opponent 3-6/3/6-2. Arrow Mary Hosley found her match to be a bit tougher as she lost the first set 2-6 then won a close second set 7-6 to even up the match, but commanded the third set 6-2 to walk away with a win.

In doubles matches LHS girls put together three strong, by not allowing their opponents more than 3 points in any set. Mary Schreus and Fran Saboo won their match with scores of 6-1 and 6-2. Janet Merriman and Stacey Lippert came out on top with 6-1/6-3 sets, and Diane Rittenger and Kristine Schroeder picked up the Arrows third doubles win with sets of 6-1/6-0, to finish up the Arrows strong 5-2 win over Caledonia.—JV.

## Saranac Loses

Lakeview zoomed out to a 21-0 lead in the first half and never looked back as it posted a 43-13 Tri-Central Athletic Association win over Saranac Friday.

Lakeview opened the scoring in the first quarter when it recovered a Saranac fumble on the Lakeview 23-yard line and sipped 77 yards in three plays, capped by quarterback Dan Doll's 69-yard run with just over three minutes left in the period.

In the second stanza, Saranac attempted a fake punt on fourth down and failed, giving Lakeview the ball at the Saranac 44-yard line. Four plays later, Doll scored from the 1-yard line as Lakeview stretched its lead to 13-0. The extra point kick was blocked by Brian Simpson.

Ed Abbey broke a 20-yard run at the 2:18 mark of the second quarter to cap a 69-yard drive, and the PAT pass gave Lakeview its 21-0 lead.

Saranac (2-3, 2-2) came back with a 66-yard drive on five plays, topped off by Mark Haskins' 46-yard pass to Duane Butcher for the score.

Lakeview added touchdowns on two more long drives in the final two periods, the first on Doll's 1-yard plunge to cap a 12-play drive and the second on Mike Slentz' 1-yard run which finished a 73-yard drive at the 9:19 mark of the fourth quarter.

Saranac closed its scoring in the fourth quarter on Dan Denman's 1-yard run, and Haskins' kick was good.

Saranac closed its scoring in the fourth quarter on Dan Denman's 1-yard run, and Haskins' kick was good.

Lakeview, now 4-1 overall and 3-0 in the TCAA, scored its final seven on Satterlee's 1-yard run and PAT kick.

Saranac rolled up 15 first downs on 167 yards rushing and 66 yards passing (6-8), for 233 yards total offense, while Lakeview collected 413 yards total offense on 275 yards rushing and 138 passing, but only 10 first downs.

## Arrows come up short

The Red Arrows football team couldn't quite outscore the undefeated Lakewood Vikings last Friday night in the bitter cold game at Lakewood, as the Arrows dropped a 33-20 loss to the Vikings. Running back Carl Kloosterman accounted for all of Lowell's touchdowns as he made two as an offensive man and one as a defenseman.

Lakewood opened scoring in the first quarter as they ate up 39 yards in 10 plays to take a 7-0 lead over the Arrows. The Arrows came back in the second quarter as Carl Kloosterman picked a Lakewood fumble out of the air and ran back 54 yards for a touchdown to tie the score at 7-7 with 8:55 left in the half. Less than three minutes later the Vikings came back with some big yardage as they went 42 yards in five plays for a touchdown to take a 13-7 lead as the Arrows blocked the extra point.

Lowell couldn't gain yardage on the tough Viking defense and were forced to punt from deep in their own zone to give Lakewood on the Arrow's 32 yard line. The Vikings ran the distance in only six plays to take a 19-7 halftime lead.

In the second half the Arrows kicked off to the Vikings and managed to hold Lakewood and forced them to punt. The Arrows fumbled

## Woodpeckers can damage homes

Woodpeckers can do serious and costly damage to homes. The structures most often damaged are those with decorative plywood siding made to resemble rough sawn boards, though woodpeckers will sometimes work their way up and down the vertical corner boards on homes with overlapping clapboard siding.

Many people don't want to believe that their siding is full of insects, but inspecting the edge of a piece of plywood siding reveals how it can happen. The openings along the edge or a decorative groove offer insects a place to hide. Cluster flies, leaf cutter bees, box elder bugs, paper wasps, and other insects looking for overwintering or nesting sites may move in.

The problem with the woodpeckers occurs in the fall or spring, when cold weather is followed by a warm spell. The insects warm up and begin to move around. When a woodpecker hears them, it begins to seek them out.

## GR Mothers of Twins to hold sessions

Area twins and triplets will have an opportunity to advance medical knowledge when the Grand Rapids Mothers of Twins Club opens hand and foot printing sessions to the public October 9, 10, 13 and 14. Rogers Plaza and Eastbrook Mall will host the event.

The prints will be used by Tulane University geneticist Dr. H. Warner Kloepfer in research which will devise a highly accurate method of telling fraternal from identical twins. Fraternal twins develop from two different fertilized eggs. Identical result when a single fertilized egg splits and each half becomes a baby with the same genetic make-up. At present, techniques for determining twin types are costly, inconvenient and often unreliable.

In addition, the international project will study certain genes which are expressed in the ridges of palm, finger and foot prints. This information will lay a foundation for future research that will involve many types of medical and genetic studies.

Area twins or triplets who are two or older are invited to participate with their families by being printed between 6 and 9 on October 9, 10 on the mall at Rogers Plaza or 6 to 9 October 13, 14 at Eastbrook Mall. For information or appointments, call Kathy Rodenhouse at 245-4596.

Dr. Kloepfer's study aims at printing 4000 sets of twins and as many members of their families as possible. Over 2600 sets from around the world have been printed to date.

Participants are informed of their scores and the final results when the research is completed.

## Area accidents claim two

Two separate single car accidents in Kent County claimed the lives of a Saranac woman and a former Lake Odessa man early Sunday morning.

According to Kent County Sheriff's Deputies, Deborah Kay Gould, 22, of W. Riverside Drive, died when her husband Michael, lost control of the car he was driving

on Kenowa Road, hit a bank and rolled over. Deborah reportedly left the vehicle upon impact. The vehicle then rolled over on her. She was pronounced dead at the scene. Michael Gould, 25, was treated and released at Blodgett Memorial Hospital.

Larry Todd Mitchell, 26, of Grand Rapids, was killed when the vehicle he was

driving hit a tree head on on Snow Avenue near 76th Street. Mitchell is believed to have crossed the center line, and in trying to re-enter the right lane went off the right side of the road. The accident is believed to have happened around 2 a.m., but wasn't discovered until 7:24 a.m.

## Pumpkin season here

Although it's a few weeks until that fateful night of trick-or-treaters, Michigan pumpkins are another fall crop that's excellent for good eating, as well as for decoration. When you purchase this year's Halloween jack-o-lantern, stock up on several smaller pumpkins. The seeds are a tasty snack when roasted and the pumpkin flesh can be cut into pieces and cooked, then canned or frozen for future use.

Winter squash is traditionally baked and pumpkin is used in pies; however,

many recipes are available for preparing hot soups, jams, cakes and unique vegetable dishes. Squash and pumpkin are generally interchangeable in their uses.

Michigan's commercial crop of pumpkins and winter squash is primarily grown in Macomb and Wayne Counties, requiring a full growing season to mature.

Winter squash is easily kept for several months if stored whole in a dry, well-ventilated room. Many early settlers survived long winters with the help of nourishment from this food introduced to them by Indians.

When purchasing squash or pumpkin, look for mature hard shells and fruits heavy for their size. Avoid those with cracks or watery spots, which may indicate decay.

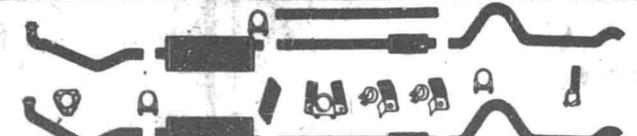

When selecting a wine, look at the label for information on what you are buying. If the word "Michigan" appears on the label, a minimum of 75 percent of the grapes used are grown in our state.

With coho and chinook spawning runs expected to be double 1979 totals in some areas, Michigan's \$200 million salmon fishing industry could be heading for its best year ever, according to Automobile Club of Michigan.

That has pumped \$1 billion into Michigan's economy over the last five years," stated Joseph Ratke, Auto Club Touring manager.

This year, charter boat captains trolling off the 36 lakes and rivers on Auto Club's 1980 Salmon Guide are reporting some of the best fishing in years. Fish in

all four of the Great Lakes ring the state appear larger than in the past due to a surplus population of alewives, the salmon's main prey.

From now until spawning runs shut off their appetites, more than two million silvery fish will gain two to four pounds per week until chin-

ook reach a husky 25 to 40 pounds and coho top 10 to 15 lbs.

#### "Catfish" supports ADA

Jim "Catfish" Hunter makes a strong pitch for the American Diabetes Association. The former Yankee star pitcher has just "signed on" to be the National Honorary Campaign Chairman for the American Diabetes Association. "Catfish", who is a diabetic, hits home the ADA's campaign theme "We Teach Diabetes Survival, come help us". He is announcing the "Diabetes Awareness Campaign" for the Greater Grand Rapids Area from October 10-November 10. During this time neighbors will call on neighbors informing that Diabetes is the 3rd leading killer and giving the warning signs. Volunteer to help by calling the American Diabetes Association 243-8477.

### "Making ends meet" series offered

One dollar may not purchase much these days but it can buy a wealth of information that can help your family cut down on expenses.

"Making Ends Meet: Volume 2," a newsletter series to help families survive the financial challenges caused by inflation and unemployment, will soon be available from Michigan State University Cooperative Extension Service offices throughout Michigan. These newsletters will contain practical ideas for easing the squeeze on family finances in the areas of clothing, foods, and energy for home heating and transportation. They will be mailed out monthly for six months beginning in October—all for only \$1.

To subscribe to "Making Ends Meet", call 616-527-1400, the Ionia County Cooperative Extension Office, by Sept. 30. The cost is only \$1 for all six issues.

## Community Funds are distributed

The Lowell Community Fund has been functioning in the Lowell area since 1953. Each year a certain percentage of money raised in Lowell for the Kent County United Way is returned to the Lowell Community Fund to be distributed locally. Since 1953, the Boy Scouts, Girl Scouts, Campfire Girls, YMCA and similar organizations have received funds from the Lowell Community Fund.

There are forms available from the United Way solicitors that will allow individual contributors to designate where they would like their gift of money to go.

It is, of course, necessary for Lowell to first reach the goal set by the Kent County United Way before funds can be returned to our community.

One of the specific projects funded by the Lowell Community Chest this year, was to send these three Lowell students to Blue Lake Fine Arts Camp. They are left to right Marc Angus, Mindy Walling and Kim Schneider. Dr. Robert Reagan is pictured with the students representing the Lowell Community Fund.

These scholarships are originally the idea of the Lowell Area Arts Council which funds two students per year to attend an arts camp of their choosing, with help from the Community Fund, a total of five were able to participate this year.

### Planetarium presents children's program

The Chaffee Planetarium is once again presenting its children's program "The Sky Tonight." Scheduled on Saturday afternoons during October and November at 1:30 p.m., this popular program is designed especially for children ages 3 through 8.

Normally children below the First Grade level are not admitted to the Planetarium's sky theater, therefore the Planetarium staff produced a program just for this younger set. During the show a narrator will explain, in simple terms, why we experience night and day. In addition some of the bright stars, planets and imaginary sky figures that are visible during autumn will be explained and shown.

Adults are urged to accompany small children. All ages will be admitted. Admission is \$1 for adults and 75c for children. Doors open at 1

Printed Napkins, Matches 897-9261

p.m. and visitors are urged to come early as seating is limited for this very popular show.

### Camp Fire begins new year

Five Blue Bird and five Adventurer groups in Lowell and Alto are ready to start a new year of activities in Camp Fire. As a "send-off" for the fall season, all groups on each of the two levels will meet together for a good time outdoors.

The Blue Birds are planning a wiener roast with "s'mores" as a special dessert treat. They will meet at the Lowell Scout cabin from 3:30 to 5:30 p.m. on Monday, October 6, to sing songs, play games, hike to collect leaves for print-making, to gather wood for the supper fires, and make wishes as pine cones are tossed into the embers. Their leaders are Terry Zandstra, Sue Horan, Debby Hendrick, Susan Kirsch, and Deb Vander-Wood.

Adventurers will meet at the Scout Cabin the following day, Tuesday, October 7, at 3:30 p.m. for two hours of hiking, building fires, preparing foil dinners and "walking salads", cooking over coals, and thinking about the Camp Fire watchword, "Who-oh—for Work, Health, and Love—as they too make their wishes around the ceremonial fire. Their leaders for the year will be Beth Kettner, Martha Roskamp and Marilyn Finney. Rexey Snyder and Kay Trowbridge, Marilyn Keim, and Gloria Ossewaarde.

Betty Coons is serving as Area Coordinator and Delores Dey will once more be in charge of the annual Keewano Council Product Sale in Lowell. Karen Casey, as Southeast District Director, acts as liaison between the local groups and the Council, which is headquartered in Grand Rapids.

Tomatoes are a true convenience food with very little waste. Just wash, trim and slice. Tomatoes can be broiled, fried, stuffed, baked. Add them to soups, sauces, stews and gravies or combine with other Michigan vegetables.

When preparing a summer brunch or luncheon—try stuffed tomatoes. They're attractive and easy. Simply cut a tomato's stem end and slice into quarters about three-fourths of the way down. Gently spread the section apart and fill with cottage cheese, chicken or egg salad, or shredded Michigan rosetta. Place this delicious treat on a bed of lettuce and garnish.

# Fire Prevention Week — clear chimney

On October 9, 1871, Mrs. O'Leary's cow kicked over a lantern which started the Great Chicago Fire and resulted in 250 deaths and property damage of 168 million dollars. While Mrs. O'Leary and her cow are now dead and few homeowners use lanterns, the threat of accidental fire is still a major community and personal threat 109 years later.

The Saint Mary's 5th and 6th grade current events classes recently visited the Riverside Fireplace Shoppe where owner Stan Johnson informed the class on different types of wood stoves and fire safety.

marks this year's observance of Fire Prevention Week which has been held nationally since 1922 to focus public attention on the importance of fire safety. The week's principal sponsor, The National Fire Protection Association, states that in 1978 there were 8,783 fire related

fatalities and losses of over 4 billion dollars.

One fire statistic that has risen dramatically in the last several years is the number of home chimney fires. A chimney fire is caused by the hazardous buildup of soot and creosote that collect in household flues and stovepipes. Chimney fires can be prevented. The first step is for the homeowner to understand that chimney's must be inspected periodically and, if necessary, cleaned.

Black Magic Chimney Sweeps of Stowe, Vermont has published a 12-page homeowners guide to chimney safety and maintenance entitled Is Your Chimney a Fire Hazard?

The booklet explains and demonstrates why chimneys should be cleaned; how to inspect a chimney or flue; how to clean a chimney; how to check a woodstove installation for safety; and how to recognize the early signs of a chimney fire. Also included is a checklist of safety steps to follow in case of a chimney fire.

Black Magic, one of America's largest chimney sweep organizations, provides professional training and equipment to sweeps nationwide and distributes chimney cleaning, maintenance, and safety products to homeowners.

To obtain a copy of the Homeowners Guide, send \$1 to cover postage and handling to Black Magic Chimney Sweeps, Box 250, Dept. HG8, Stowe, VT 05672.

A couple of months ago our little black and white portable TV died. The tuner went out of it and I was told that it would cost more to fix than to buy a new one, so I chucked it. It had been a good TV and I really hated to see it go. The thing survived many years of torture in the basement bedroom where my brothers and I grew up. Virtually everything else in that bedroom was destroyed in a pillow fight, wrestling match or was taken apart just to see what made it work. It went to college for one year with me and one year with each of my brothers, so it was close to having a degree. Its last years were pretty peaceful serving as a bedroom TV for us and only getting banged around once in a while when we took it camping.

With the old set gone, I began watching the sale ads in the paper looking for a cheap AC/DC black and white portable. I noticed one last week and I happened to have the money and a free evening to go after it, so I packed up and took off for the dreaded 28th Street. I can't remember what Terese was up to, but it was just the kids and I in the car when we left.

Now, I purely hate 28th Street, and only go there when absolutely necessary. This trip was planned to bring me out from a side street very near the store I was headed for, and I would only have to drive about two blocks on that five lane madhouse. Or so I thought.

Once in the store, I knew exactly what I wanted and the order was written up. They went out back and got my set and I was back in the car in less than five minutes. Now I'll never know what made me do this, but once in the car, I opened the box to check for damage and count parts. Sure enough, the cord that allows you to plug the thing into the cigarette lighter was missing.

I packed it back up and returned to the store confident that they would find a cord or give me another TV. They looked and looked and looked for a cord to no avail. I told them to just give me another TV, but they said they had checked, and none of them had cords packed with them. I had a simple solution for them. "Give me a refund". Well, they didn't like that idea and offered to give me a different AC/DC set that cost about ten dollars more. "Fine", I said. I could see them every once in a while, scrambling all over the back room looking for one of these replacement sets, and after about fifteen minutes, they announced that they didn't have one. Back to square one.

They were bound and determined to send me out of there with a TV set, rather than my money, so they finally offered to give me gas money and send me down to their other store located at the far end of 28th Street. I hesitantly agreed.

It was raining and the traffic was heavy. Also the kids hadn't eaten and were whining about that in between begging to go to "Toys R Us". All in all, it was a very enjoyable little trip down there and I had made up my mind that if there was any hassle at the other store, I was going to bust the nearest clerk right on the end of his nose. I think maybe they sensed this, and I was in and out of that store in less than two minutes.

Back in the car, I opened up this TV and checked it over for damage and missing parts. They tricked me this time. Everything was there.

**THANK YOU**

**CARD OF THANKS**  
We would like to express our sincere thanks to all our relatives, friends and neighbors for their many acts of kindness shown to us at the death of our dear mother and grandmother, Mrs. Esther Beimers.

We would especially wish to thank Rev. Gerald Bates for his words of comfort, Dr. Orval McKay and Donald Gerard, to those who visited and sent flowers, memorial contributions, cards, food and helped in any way. Their kindness will never be forgotten. God Bless you.

and Laura Beimers

**CARD OF THANKS**

Perhaps you sent a lovely card.  
Or sat quietly in a chair  
Perhaps you sent a funeral spray.  
If so we saw it there.  
Perhaps you spoke the kindest words.  
As any friend could say:  
Perhaps you were not there at all.  
Just thought of us that day.  
Whatever you did to console our hearts.  
We thank you so much whatever the part.  
The family of Frank Hersh, father of  
Fawn Shepard & Family

**CARD OF THANKS**

I wish to thank my dear friends and relatives for the flowers, cards and calls I received on my 89th birthday.  
May the Lord bless each one of you now and always.  
Harry Ford of  
Cherry Creek Care Center

**CARD OF THANKS**

We would like to say "Thank You" to all our friends and relatives for the many cards, gifts and best wishes helping us celebrate our 25th anniversary. A special thank you to our children for the party.

Are you a high school student (14-18) who always dreamed of spending a high school year in another country but were afraid to apply because of the language barrier?

Well, now's your chance to make your dream come true

Youth for Understanding International Exchange Program (YFU) is offering high school students in your community the chance to attend

school while living in a foreign country where English is the primary language! Australia—land of the Outback and Koala bear—can be your host country for the academic experience of your life.

YFU, one of the largest nonprofit exchange programs, has just a limited number of openings available for the upcoming cycle, so you better apply fast. Because of the different aca-

ademic year (from January to December) student applications must be received no later than November 1.

Interested in going to Australia but worried about the expense? Stop worrying—YFU has financial aid scholarships available to those who qualify, based on scholastic ability and need. But don't delay—financial aid applications must be received by YFU no later than October 15.

Accepted student applicants are matched with carefully selected host families in Australia, and are treated as family members, not guests.

Since its inception nearly 30 years ago, YFU has arranged the exchange of more than 70,000 students in 40 countries, supported by a dedicated professional and volunteer staff throughout the world. YFU receives an annual grant from the federal government's International

Communication Agency (formerly the Bureau of Education and Cultural Affairs) in addition to foundation and corporate donations. With an underlying philosophy based on improving cross-cultural relations through its unique host family program, YFU maintains program offices (in the U.S. and abroad) which offer guidance and support services to all involved, throughout the exchange experience.

YFU also sponsors other exchange programs (summer and academic year) in countries including the Far East, Europe and Latin America.

What are you waiting for? Get your pens out and write for an application: Director/U.S. Programs Youth for Understanding International Exchange, 350 Newark St. N.W., Washington, D.C. 20016. Of if you can't wait, call 1-(202) 966-6808. Do it NOW!
