Programs "At Risk" are defined by school board

The Lowell School Board met Monday night and outlined to the community the programs that the school system is "at risk" of losing if both the renewal and the additional 3.9 mills were not

passed by the District voters.

The programs "at risk" are busing, activities, ancillary services (in school activities), and the six hour day, stated Roger Kropf, Board President.

Preceding Mr. Kropf's statement was a report by George Jacobs outlining the guidelines set down by state law regarding budget reductions. According to Jacobs, ancillary programs are to be focused upon first. These include busing and all in school nonaccredited programs, such as band, art, and non-essential physical education. All grade levels must be cut by equal amounts throughout the school system. The Board cannot run the school system without a balanced budget. It cannot run until it runs out of money. Busing cannot be cut in half measures. (you cannot, for instance, pick up a child in the morning and have the parents pick him up at night).

Mr. Kropf then concluded with the "at risk" statement and the announcement that typically, school systems are run with a 10% equity in case something goes awry. The 3.9 additional mills is not an issue of overspending, but merely the minimum amount necessary for quality education of the children of this district.

The Board issued the "at risk" statement at the request of Jim Lundquist following his report on the progress of the Citizens Millage Steering Committee, its subcommittee division and their respective leaders.

Additional informative items entertained by the Board were the announcements of Middle school Math contest winners Jeff Zilmer, advancing to the State finals in the Michigan Council of Middle & High School math contest, Ken Molder, 2nd of 275 in the Grand Valley State College Calculator contest, and Matt Newhouse, Mike Rivers, Adam Thaler, and Bill Johnson as the team that captured 1st in the region and 7th in the state in the Michigan Mathematics league competition.

A slide presentation, organized by Gordon Gould, and created by Lowell High School students outlining the facilities and activities offered by LHS was shown for Board approval. All photography was done by Kevin Baker, John Quant,

WEDDING PHOTOGRAPHY at its BEST! Beautiful portraits create beautiful memories. Trust Modern Photographics for memorable wedding pictures to cherish forever. We care! Mini-Wedding packages starting at \$150. 897-5606.

Jeremy Barber, and Paul Ritterger. Voices accompanying the slide presentation were provided by Shawn Lowry, Tenley Ysseldyke, Jill Johnson, and Paul Whaley.

The Boosters Club presented the Board with a check for \$7,122.77, concluding its commitment for \$40,000.

The curriculum report included recommendations by

Gwen Eskes on Health Education, math texts recommendations by Tom Harper, Physical and Practical Science reports by Robert Garcia, and Social Studies by Tom Stahr.

Male swan shot and killed

A rifle cracks, a head slumps and a motionless form joins the current, never again to defend the small round island off Riverside that he calls home. The swan is dead.

Saturday afternoon the cob, the real name for a male swan, is discovered by local resident Perry Beachum while driving to his residence at 924 Riverside. A canoe is launched and the work of the reaper is brought to rest on the bank of the Flat.

The death of the swan is a loss to more than the local residents who observe his daily activities. On the small round island in the middle of the Flat River, partially concealed in the reeds, is his pen, the cob's mate for life, and their four newly hatched offspring.

Over the past month, the male swan has become the focus of attention in the area as he assumed his spring role of guardian of the roost and defender of the water in a 200 yard area surrounding the island. With all the intentions of a doting father, he has driven the Canadian geese to another portion of the river and has been observed by local resident Ralph Townsend attacking a drake that had the nerve to build a nest over 150 yards from the swan's sanctuary. The only living things the cob didn't resent in his area were the people on the banks of the river that brought him food on a daily basis. This oversight on his part probably led to his death, because he was shot in the neck and the odds of hitting him while swimming would indeed be a long shot.

According to DNR sources mute swans mate for life, or until something happens to one of the partners. When this occurs, the swans will take another mate, if they can find one. This will be the major problem facing the pen because mute swans do not migrate.

Until she finds a mate, the pen will have to play the mutual role of both defender and provider for the chicks.

To aid the pen in her search help is being organized by Mrs. Teresa Beachum. A fund is being established to purchase **PRECISION & FASHION HAIRSTYLING** - For both men and women. Man's World Hairstyling. Phone 897-8102.

The widowed pen and her four young swim in the Flat River near their nest Tuesday morning.

another cob from Mr. Donald Mugett, Coopersville, who raises mute swans and comes with full recommendations from the DNR. The estimated cost of the cob will be \$250 - \$300. Donations will be taken by Mrs. Beachum and additional information is available by calling her, at 456-6588.

Meanwhile, local residents are still searching for clues to the identity of the killer and any and all information pertaining to the shooting. If you have knowledge of value, please call the DNR at 456-5071.

As we go to press, a male mute swan, suspected to be the former Fallsburg Dam resident, has moved to the waters near the island. It is unknown if the swan is the offspring of the deceased mute or an interloper. If the male is accepted by the female, funds

for the acquisition of a new male may be used as a reward for the capture of the person or persons responsible for the shooting.

Wildlife communications must be far better than we realize, because the new swan traveled 3 miles by air or 6 by river to reach the female.

Monday morning this anonymous poem was found under the door of the Ledger office:

Swan Song
What monster with bloody teeth
Who dwells beneath a log,
What mindless wretch
Who would bequeath
The father to the fog?

The white bird cries her lonesome song
and swoops to tend her young.

The river cries a lonesome song

To plead the deed undone.

HOMESPUN DEVOTIONS

by Pauline E. Spray

...grow up into him in all things... (Ephesians 4:15).

We find amusement in turning back the pages of our lives and recalling the activities of our youth. We talk about the foolish things we did, the chances we took, the daring fetes we attempted, and the immature ideas and attitudes we possessed. Then we thought we were wise. Today we realize how immature and childish we actually were. Maturity comes with time and experience.

We've been told that experience is the best teacher. Often, it is the most difficult. With experience come hard knocks, both in the natural and spiritual realms. Hard knocks make us appreciate. They often change our outlook and attitudes and help us grow up.

Prayer: O Lord, trials are unpleasant but needful; they help me to grow up in Thee. May I learn a lesson from each of them which will enable me to go deeper in Thy love. Amen. Deeper, deeper! tho' it cost hard trials. Rooted in the holy love of Jesus, Let me fruitful grow. C.P. Jones

After the Lord has allowed us to pass through spiritual experiences which try the mettle of our souls, we are able to look back and see the immaturity we possessed before the experiences. We could not evaluate our progress without the hard places. They are "measuring tapes" by which we ascertain the growth of the soul.

Prayer: O Lord, trials are unpleasant but needful; they help me to grow up in Thee. May I learn a lesson from each of them which will enable me to go deeper in Thy love. Amen. Deeper, deeper! tho' it cost hard trials. Rooted in the holy love of Jesus, Let me fruitful grow. C.P. Jones

State traffic deaths lowest in 24 years

Michigan's 1982 traffic fatalities dropped to their lowest total in 24 years and the state's preliminary death rate based on miles traveled was the lowest ever, according to the Automobile Club of Michigan.

"A total of 1,393 persons died on state roads last year," stated Robert Cullen, Auto Club Safety and Traffic Engineering manager. "That is 12 percent below 1981 and one-third fewer than the 2,076 fatalities in 1978, the last year the state recorded an increase."

Last years total was the lowest since 1,392 persons were killed

on state roads in 1958. Michigan's unofficial 1982 death rate of 2.3 per 100 million vehicle miles compares to a projected national death rate of 2.9. Last year was the fourth straight that the state had fewer than three fatalities per 100 million vehicle miles.

Through September, Michigan's death rate was the fifth lowest in the nation. The state ranked sixth nationally in 1981, fifth in 1980 and eighth in 1979.

The Michigan Department of Transportation estimates motorists drove 61.3 billion miles in Michigan in 1982, down 1 percent from the 1981 total of 62 billion miles.

"Besides reduced travel, the economy is one of the major reasons for the continuing drop in highway deaths," Cullen said.

National Highway Traffic Safety Administration figures show that in states severely affected by the recession, including those in the Northeast and Midwest, 1982 traffic deaths dropped between 12 and 22 percent.

"We have tracked that trend for nearly 30 years and found similar drops during other Michigan economic downturns," Cullen said. In 1974 and 1975, deaths in Michigan fell 15 and 18 percent, respectively, compared with 1973. In 1957 and 1958, deaths dropped 11 and 21 percent, compared with 1956.

"During recessionary periods, people tend to live -- and drive -- more conservatively, and we believe that conservative driving is synonymous with safer driving," he said.

The Auto Club also credits innovative police techniques with helping to reduce deaths. Among those in use of the State Police's Michigan Accident Location Index (MALI) computer program as well as county, township and municipal programs which pinpoint high-accident and violation areas.

"Those programs allow police to concentrate traffic enforcement efforts on roads where their presence does the most to help reduce accidents and deaths," Cullen said.

Many of Michigan's most traveled highways also have been made safer, in the last decade, the Auto Club pointed out. Safer median barriers which direct cars back onto the road, pavement grooving for better traction in wet weather and energy-absorbing bridge abutment cushions are highway improvements contributing to the death reduction.

Arrows 1-3 in league play

The Arrows softball team entered conference play and came up on the short end 3 of 4 games. On Tuesday Lakewood blasted Lowell 16-0, and 9-5, Friday Lowell split with Fremont losing the first 13-12 and winning the night cap 7-1.

Poor hitting and walks plagued the Arrows in the twin bill loss. In game one Lowell pitchers allowed only 4 hits but 14 walks and 3 errors helped put the Arrows away. Lakewood's Kerri Price struck out one Arrow but allowed no walks. The Arrows bats were silent, knocking out only 4 hits. Kerry Cosgrove collected 2 singles with Chris Ellison and Phyllis Beachler the only other Arrows to collect hits.

Lakewood held a 5-0 advantage after 3 but exploded with 11 runs in the fourth to walk away with the victory. Chris Ellison suffers the pitching defeat. Her record stands at 3-3.

In the nightcap the Arrows managed 5 hits, Kathleen Beachler collected 2 hits. Lowell scored 4 times in the fourth on Kerri Price's first walk of the double header, 3 hits and an error. Lakewood's hitting stars of the game were Kristi Seese, who slammed a home run and a single. Michelle Behrenwalk collected 2 singles. Price own her second victory of the day while Cosgrove suffered the loss. Cosgrove walked 12 and struck out 3.

On Friday Lowell hosted Fremont, and won a see-saw opener. Fremont came back to win the night cap. In game one Fremont started the scoring on a walk to Bonnie Clap and Val Bunc home's home run. Lowell tied the score thanks to Heidi Rottman's six walks and one Packer error. In the third Fremont scored twice more but with the bases loaded Chris Ellison got tough and struck out the side.

In Lowell's half of the fourth the Arrows exploded for seven runs to lead 9-4. Six Packer walks aided the cause. Fremont came right back in the fifth to score 6 runs of their own to take a 10-9 lead. Phyllis Beachler came in relief recorded the last two outs of the inning. In the Arrow fifth some poor Packer fielding gave Lowell a run to tie the game at 10-10. Phyllis set down the side in order in the sixth, while Lowell picked up the go ahead run. Kathleen Beachler singled, Kerry Cosgrove singled, Beachler then came home on a fielder's choice play at the plate. Beachler was called safe as the catcher dropped the throw.

Fremont knocked 2 runs across in the seventh to lead 11-10. Four Packer hits accounted for the two runs. Then came the deciding seventh. Danette Brown started with a drive to left that the fielder dropped. Tonya Strouse then doubled up the ally in right center, scoring Brown, and tying the score. Doreen Rickert bunted a single and pinch hitter Trisha Stencil struck out. Kathleen Beachler then dropped a perfect bunt down the first base line. The pitcher came up and

threw wild to third base, scoring Jenny Hoffman who had been sent in to run for Strouse. As the Arrow fans rejoiced the Packers lost their third league contest. Phyllis Beachler received her first pitching victory.

The night cap was a pitching dual between Lowell's Kerry Cosgrove and Fremont's Molly Essebuggers. Cosgrove allowed only 3 hits but Essebuggers allowed only two. The difference in the game was 8 walks and 4 Arrow errors, Fremont held a 2-1 edge until the 6th, then the roof caved in on the Arrows. Fremont pushed 5 runs across on two hits, 4 walks and one error.

Arrows grab four more wins, 4-0 in conference, 10-0 overall

Behind the strong pitching of Greg Malone and Jason Barber the Arrows swept two doubleheaders, beating Lakewood 4-2, and 5-4, and Fremont 2-1 and 9-0.

In the first game, with Lakewood, Greg Malone went the distance, striking out eight, walking six and giving up five hits. The Arrows staked Malone with two runs in the fourth, on two singles by Ralys, Moore and a walk. Then in the sixth, Malone, Moore walked and scored on a big double by Vroma. Arrows win 4-2.

The second game was a see-saw affair. After giving Lakewood two in the second the Arrows scored three in the third, a hit batsman, single by Lowry and some poor play by the Vikings. With the score 3-2, the Arrows made it 4-2 on a double by Vezino, and scoring on an infield out. After the Vikings scored two in the sixth, tying the score, the Arrows came right back. Vroma, doubled after two were out and scored on a clutch single by Carless. Arrows win 5-4.

Jason Barber pitched 5-2/3 innings, giving up 2 hits, striking out five and walking five. Malone relieved Barber and picked up the win.

The first game with the Packers became a pitchers battle with the Packers and Arrows each scoring a run in the sixth. In the seventh Ralys singled, was sacrificed to second and scored on a game winning hit by Moore. Malone started pitching four innings and came up with a sore shoulder. Barber relieved Malone and finished up with striking out five in the last innings.

In a close 3-0 score in the second game the Arrows came up with six runs in the sixth to bomb the Packers 9-0. Malone had three hits, Carless two, Moore, Vroma, Barber and Strouse one each. Barber started and pitched up the win, striking out seven and walking one giving up four hits. Vroma pitched the last inning. The Arrows play Sparta Tuesday away, and Cedar Springs Friday at Home.

Girls lose in EGR tourney

On Saturday Lowell played in the First E.G.R. Softball Tournament. Sixteen teams from the area played at the Christian Reformed Recreation Center. Eight games were played at eight different diamonds at the same time.

Lowell played their best ball of the year but still came up losing to Rockford 5-0 and East Kentwood 4-2. Chris Ellison threw a nifty 5 hitter, walking only 1 and striking out 4. Hitting

has plagued the Arrows all season long and again was the problem against Rockford. The Arrows managed only four hits off Rockford's Kim Hendricks.

In the second game Kerry Cosgrove pitched 5 strong innings before the game was called because of the tornado watch. Cosgrove scattered 7 hits in holding Class A East Kentwood to 4 runs. The Arrows scored one run in the third and fifth but it was not enough as the game was called.

By Roger Brown

In case you're wondering why the ridiculous photos of me have been appearing at the top of this column each week... read on, and I will try to offer an explanation. As you may have noticed, the picture of me that always used to appear above, was of a much younger, thinner and less gray Roger Brown. Needless to say, I have been taking some heat from friends, employees, customers, etc. who all think I should be honest with my readers and take a new photo of myself. Personally, I like the way I looked five years ago much better than I like my present appearance. So I have refused to change the photo. I offered the excuse of wanting to wait until spring, and the annual shaving of the beard. Now my excuse is wanting to wait until summer when I'll have a little tan on my face. Actually, I'm just waiting until I get younger.

Before I go any further, I have to explain about the "Buckwheat's". Jay and Jon Vezino, the notorious "Buckwheat Boys", are my back shop employees, and are pretty much in charge of what goes on in the Ledger print shop. The name "Buckwheat" unexplainably was hung on Jay shortly after he came to work here five years ago. When Jon graduated, and came to work here two years ago, it followed that he be named "Buckwheat #2".

As I mentioned, the "Buckwheat Boys" are in charge of back shop production, and since they shoot all the negatives, prepare them for the printers in Hastings, drive them down there, bring back the paper, and mail it... they of course have the final say about what goes in the Ledger. A little scraping with an Exacto Knife on a half-tone, can produce a magnificent mustache on the prettiest girl, or a couple drops of opaque can give that same girl Little Orphan Annie-like eyes. Both of these mutilations have been done to my photo, along with several others.

The "Buckwheat Boys" have been at the forefront of the drive to get me to change my photo, and are responsible for that hideous candid shot of me talking on the phone. I finally put my foot down, and told them not to use that photo again, promising to take a new photo for the next week. They went back to my old photo for one week, and when I didn't deliver, they started using the one with the phone in my face again.

Last week when at the photographers, getting the pictures for the Ledger, I also picked up prints from a roll of film I had taken at Christmas, and neglected to have processed until now. I made the mistake of leaving the prints lying around, and that's how the picture of me with my winter beard, wearing my Christmas present swim mask got into last week's Ledger.

Thinking that was hilarious, "Buckwheat #1" remembered an envelope in my desk that is full of goofy old photos of me. I rounded them up a couple of years ago when I was contemplating changing the photo above my column. Needless to say, that envelope is now in his possession and what picture of me appears above this column in the coming weeks will be a surprise for us all. There is one picture in that envelope from my army I.D. card. It was taken after about a week of near-zero sleep. That fact, along with the shaved head really makes for a pretty scary picture. You may not want to let your children see that one.

WARNING

A few months ago this column carried an article concerning communicable wildlife diseases and I explained that many of these were on the increase locally and predicted that some may reach epidemic proportions very soon.

I would like to warn all area residents that the most dangerous and dreaded of these diseases has now shown a marked increase in Michigan and due to an overpopulation of several wildlife species, may very well reach epidemic proportions this summer.

Rabies, or Hydro-Fobia is always fatal to humans if treatment is not initiated immediately. Entirely too many people are unaware of this disease and the means of transmittal. The common belief is that you must be bitten by an infected animal to become infected. This is not true. Rabies is a viral disease and may be contacted by simply being in a close proximity with an infected creature. Not all animals die with the disease. The skunk, for instance, can be infected, carry, and transmit the disease without dying. Greatest infestation of the disease in the United States is noted in horses and cattle. Nearly all wildlife are capable of contacting and transmitting the disease. Skunks are probably the worst carriers of the disease, the canines, including dogs, fox and coyotes locally are also at the top of the list. Raccoon and cats are also prime carriers. Bats are probably the worst carriers on a world wide basis.

I would like to caution all citizens to be aware of the disease and caution you children to approach no animal which appears docile, tame, sick or acts abnormally in any manner. Frothing at the mouth is of course a sign of the advanced stages and infected animals will shy away from water.

Any time any person is bitten by any animal or any time any animal shows signs of sickness they should be checked immediately. The department of Public Health should be contacted so they can have the animal tested for the Virus. It is necessary to kill the animal for testing due to the fact that the brain must be tested. If any person is bitten and the animal cannot be held for tests, it would be advisable to begin the series of anti-rabies shots immediately.

Further I would advise all pet owners to insure that your pets have current rabies vaccines. I fully realize that most of you will be very apathetic about this warning. I employ you to take it seriously. I don't want to say "I told you so", but I correctly predicted an increase of the disease and right here and now I will predict that persons within Michigan will die of this disease this summer.

Anytime any animal appears sick or is suspected of disease, I would advise you to contact the local Police or D.N.R.

Space of this column prevents delving much deeper into this and other wildlife diseases. During the next two issues of The Grand Valley Ledger, I will cover this and other diseases more thoroughly. JACK

NBC renews 'Cheers'; Danson isn't surprised

By Peter Meade
When Ted Danson was chosen to star as the ex-baseball pitcher and alcoholic turned barkeeper on NBC's "Cheers," his selection seemed more than slightly illogical. His roles in the heavy-duty movies "The Onion Field" and "Body Heat" hardly featured a comedic talent, plus Danson admits he rarely drinks and is a terrible baseball player.

IN FOCUS

NBC renews 'Cheers'; Danson isn't surprised

recently announced the half-hour has been renewed for a full order of 22 episodes for next season. "None of us were surprised," says Danson of the renewal. "NBC has been committed all along. They could have renewed us for six or 13 (shows), but they chose 22." Danson thinks that winning the recent People's Choice award as the favorite new comedy has helped the show's popularity.

If You Lost Your Hearing Tomorrow, Would You Do Something About It?

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of one of the smallest Beltone aids of its kind will be given absolutely free to anyone requesting it.
 It's yours for the asking, so send for it now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than a fourth of an ounce, and it's all at ear level, in one unit.
 These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. All hearing problems are not alike and some cannot be helped by a hearing aid but many can. Thousands have already been mailed, so write today to Dept. 32182 Beltone Electronics Corporation, 4201 W. Victoria St., Chicago, IL 60646.

COFFEECAKE: PERFECT ANYTIME

Because of its name, or with a glass of milk as most people think of coffee cake only as a breakfast food or as a morning snack to have during coffee break. While it suits both these occasions to a tee, coffee cake is right for other times, as well.
 Unlike coffee cakes which have a bread-like texture, Lemon Coffee cake topped with a drizzled lemon glaze has a deliciously sweet cake-like consistency that will tempt adults and children alike. Serve it for the next birthday celebration on your list, as dessert after dinner, a moist, delicious treat.
 Other places where Lemon Coffee cake fits are in a school lunchbox or a brown bag lunch. To minimize messiness when toting your snack, make this coffee cake without the topping. Lemon Coffee cake is moist and flavorful, even without the glaze. And it is much easier to pack and carry than a piece of frosted cake or a slice of pie.
 So don't just think of coffee cake as something to eat in the morning. Have a slice anytime you feel like it, as dessert after dinner, a moist, delicious treat.

LEMON COFFEECAKE (Makes 10-inch tube cake)
 1 1/2 cups graham cracker crumbs
 1/2 cup firmly packed light brown sugar
 1 teaspoon ground cinnamon
 2 1/2 cups all-purpose flour
 2 teaspoons baking soda
 1/4 teaspoon salt
 1 cup softened butter
 1 1/2 cups granulated sugar
 1 tablespoon grated lemon rind
 2 eggs
 1 1/2 cups liquid Carnation nonfat dry milk
 Lemon Glaze
 Combine 3/4 cup graham cracker crumbs, brown sugar, and cinnamon in small bowl. Mix together remaining 3/4 cup graham cracker crumbs, flour, soda, and salt. Cream butter, granulated sugar, and lemon rind in large mixer bowl. Add eggs; beat well. Add dry ingredients alternately with liquid nonfat milk, mixing lightly after each addition. Spread 1/3 batter in buttered 10-inch tube pan. Sprinkle 1/2 crumb mixture over batter. Repeat layers. Spread remaining batter over crumbs. Committee stresses separation from administration

The Lowell Area Citizens Millage Steering committee, headed by Mr. Jim Lindhout met Thursday night in the Lowell Senior High School to discuss strategy and delineate responsibilities. Approximately 25 concerned area residents attended. Stressed in the meeting was the desire of the group to disassociate itself from School leaders and Administrators, while maintaining an open door of communication to the Board of Education to relate the findings and activities of the citizen committee. School Administrator's in-

volvement is restricted to an advisory capacity.

Community education was also earmarked by Lindhout as one of the most vital goals. "Every parent in this community should be touched by the information this committee provides."

To accomplish the community education plans of the Citizens Millage Committee, funding is to be sought through the Michigan Education Association, the Lowell Education, and The Student Council. The funds will go towards the printing of flyers,

posters and advertising.

Nine committees are established to accomplish the goals of the Citizen Millage Group. The area residents responsible and the breakdown of the organization follows:

Finance: M. Wilcox, L. Biggs, Voter Registration: T. Stahr, J. Carmen, Civic Groups: C. Vredenberg, R. Greenwood, Publicity: C. Lippert, G. Wise, B. Amundson, K. Quada, R. Reagan, J. Kinnebrew, J. Quant, D. Bryant, and Gary Ayres. Community Education/Senior Citizens: L. Zayzak, M. Rehl.

Farmers: Dale Johnson. Phone callers: B. Johnson, Door to Door: P. Elzinga and Speaking Committee: P. Elzinga, Dr. Reagan.

Plans are being studied for

coffee meetings, flyer distribution and a Student Council march in the upcoming parade.

The Lowell Area Citizens Millage Steering Committee plans to meet every Thursday

night until the election in K. Quad, Lowell High School at 7:00. All area residents are invited to attend and participate.

More accurate flood predictions available

A number of communities along the Grand River, including Lowell, will benefit from more accurate and timely flood prediction thanks to a new cooperative effort by the National Weather Service, the Michigan Department of Natural Resources, and Amway Corporation of Ada.

Backed with a \$50,000 public service grant from Amway, the DNR is developing a technically advanced coordinated flood forecasting system for the Grand River from Ionia downstream to Grand Rapids. Also included are portions of the Flat River, as well as the Rogue and Thornapple Rivers.

The new system will have two main components.

First, highly sophisticated computer models will be developed and supplied to the National Weather Service for incorporation into its existing forecast system.

Secondly, a system of dam owners and operators along the rivers will be established to tie them into current flood fore-

casts. They will be supplied with up-to-the-minute information on how to operate the dams during periods of threats of high water.

The purpose of the new system is to help the National Weather Service generate even more accurate and timely flood forecasts to enable communities and industries to make the right move at the right time during floods or flood watch situations.

Softball, cont'd.

All proceeds from the tournaments will go to the Lowell Showboat Corporation.

Registration forms can be picked up at WCUZ, 1 McKay Tower, Larkins and Lowell City Hall, or call Kevin Reynolds at WCUZ and he will be happy to mail the forms to you.

The Classic has recently been expanded to include both a Men's and Women's competition.

As of last week, 20 teams had been signed up. Registration will continue through May 13th.
