Don't Blame Your Age For **Poor Hearing**

Chicago, III. - A free offer of special interest to those who hear but do understand words has been announced by Beltone. A non-operating model of one of the smallest Beltone aids of its kind will be given absolutely free to anyone requesting it.

Send for this model,

put it on and wear it in the privacy of your own home. While many people with a hearing loss will not receive any significant benefit from any hearing aid, this free model will show you how tiny hearing help can be. is not a real hearing aid, and it's yours to keep free. The actual aid weighs less than a fourth of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Department 32183 Beltone Electronics Corporation, 4201 West Victoria Street, Chicago,

I was going to have to buy stock in a lettuce company somewhere.

So, rather than invest in a fish bowl, I went to the basement Satur-

day to once again retrieve the jinxed aquarium. I spent a couple of

hours scrubbing and rinsing it, along with rinsing and rinsing the

bottom gravel and cleaning all the heating and filtering apparatus.

Finally, I got the thing cleaned to my satisfaction, and set it up in

Casey's bedroom. We got the water temperature just right, and put in the tiny goldfish. I had to agree with the kids, that the fish looked

awfully lonesome in that big aquarium by himself, so when we went

IT WAS MOVED by Councilman Schneider that the Supplement to the Pole Attachment Agreement with Consumers Power Company be approved, for cable service to Lowell Township, supported by Councilman Maatman.

Council then discussed the proposed audit contract for 1983.

Manager Quada recommended that the City again use the services of Biggs and Hauserman, who have performed the work for the City for the past several years. The firm has done excellent work for the city under the general accounting proceedures required by the State of Michigan.

IT WAS MOVED by Councilman Schneider that the auditing firm of Biggs and Hauserman be retained by the city for the 1982-83 audit of City funds, supported by Councilman Fonger

Manager Quada then stated that the State has issued new requirements for any construction within a flood plain, and suggested a suspension of construction until our ordinance can be changed to include the new requirements. No specific date or length of time was agreed upon for a moratorium, and no action was taken. Manager Quada was directed to ask for additional information before changing the existing ordinance, and the matter was tabled until the next meeting.

Next, Council considered setting a date for a Public Hearing before the Zoning Board of Appeals on a request by Mr. Dick Willard for a variance from the 1,400 square feet of living area in the R-1 Single Family Residential Zone to allow the con-

'OUTDOORS' with Jack Friesner

Some months ago, in this column, I proposed a Flat River clean up project. I have been contacted by the Masonic and Moose Lodges, Voluntering theirhelp. The date for the clean up has been set for June 11 at 9:00 A.M. The City of Lowell has volunteered equipment and I will contact City employees to get volunteer operators. Anyone wishing to assist with the project is urged to help out. We will need persons with waders or boots to retrieve debris from the River bed itself and of course several people to clean up and load litter along the banks.

This project will give us the chance to, "Clean up our own back yard", and make the River a little more attractive, We, at the shop will paint some litter barrels and place them at strategic locations along the river in the hope that some of our slobs will use them. For the life of me, I cannot see why individuals can carry full containers down to the old fishin hole but cannot seem to carrry them away empty. Just a little effort on everyone's part would preclude these clean up projects. Anyone who is intereested in assisting can stop by the shop; the Combination, 526 E. Main, Call 897-6111, or show up at the City Parking Lot, next to the East Dam, on 11th of June at 9:00 A.M. It is anticipated that the project can be completed in four hours. The program is being sponsored by the "Qua-ke-zik" Sportmans Club, located at 11400 Foreman Road Lowell and the Cub members will be out in force to assist.

I would like to express my appreciation to all our customers at our new location; The Combination, 526 E. Main, Lowell. Our policy is simple: we guarantee you the finest live bait and tackle available at the most reasonable prices.

DNR REPORTS. . .

FISHING INFORMATION: The walleye, pike and muskie outlook - Sunday opener The Grand River from Lyons,

Ionia area downstream to Grand River will be good for walleyes. Also good will be the Muskegon River from Croton Dam downstream to Muskegon Lake. Muskego Lake, Lake Macatawa in Holland should be good and Crystal Lake in Montcalm County and Big White Fish Lake in Montcalm County should be good also.

For muskies, Campau and Murray Lake in Kent County should be excellent and Lincoln and Dean Lakes in Kent County should be good.

For pike, most of the inland lakes should be producing catches. Muskegon Lake, Muskegon County should be good. High spots are Wabasis Lake in Kent County, Morrison and Long Lakes in Ionia County. Crystal and Dickerson Lakes in Montcalm County and the Flat and Grand Rivers should be

WILDDLIFE INFORMATION Spring population surveys are underway for woodcock and pheasants. We believe that the mild winter brought pheasants through in good shape and expect the hens will be in excellent

condition for the nesting season. Deer regulations plus anydeer permit quotas are being finalized for this fall. We have received many comments from hunters and farmers requesting a reduction in permit numbers to allow the deer herd to build back up. The antlerless kill will be reduced throughout the district.

Turkey hunting success in northern Michigan thus far this spring appears to be good, reflecting the good over-winter survial of turkeys and high hunter interest. MISCELLANEOUS:

The danger of out-of-control wildfires is high-to-extreme throughout Michigan right now. Local, state and federal firefighting agency members ask that everyone involved in outdoor recreational activities ad spring clean-up projects use extreme caution to avoid starting brush and grass fires and remember that permits are required for open burning. Ron Wilson, Department of Natural Resources Forest Management Protection leader, says more than 11,000 grass and brush fires were reported in Michigan last year.

Middle schoolers learn computers

Welcome to the world of computers! All of Mrs. Sandie Van Weelden's and Mr. Jim Hubbard's 6th grade students have been introduced to an amazing little machine with the body of a typewriter and the brain of a whiz kid!

A current social studies lesson on "States and Capitals" was transformed into a computer game. Sixth-grader, Mark VanderBilt is particularly interested in Computers, and his father. mr. Herb VanderBilt offered to lend the class his family's home computer, and to provide a computer game for this unit. Mr. VanderBilt asked his daughter Carrie, an LMS 8th grader, to program the game

As teachers hoped, the program quizzed students on the academic objectives of the unit. When the computer screen displays a U.S. map with a shaded the name of the capital. If the stu-

area representing a certain state. dent's answer is correct, the computer plays a few bars of the national anthem. If incorrect, the student hears the somber beginning of Beethoven's Fifth Symphony. Students were delighted to be learning and having fun at the same time.

Mrs. Van Weelden and Mr. Hubbard decided, at the beginning of the school year, that 78236.

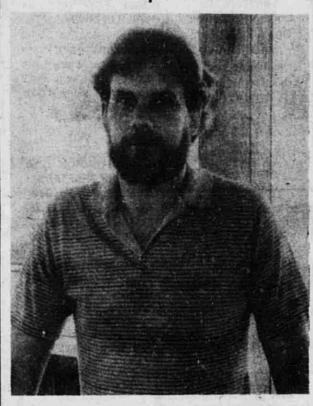

learning to use the computer would be a good enrichment ac-tivity for their students. They purchased their own Timex computer and an Atari game for their students' use. They divised a system whereby students accumulate points for achieving academic success and exhibiting good behavior. In this way students "earn" time with the computer. The enrichment activity is available to students several times a week during after-school hours.

These teachers and their students are very grateful to Mr. VanderBilt and his family for their generous contribution to the

Parents of the Lowell School District: The Jig is up.

The day is long over when your child could walk through eight years of public school and then return to the farm. This is not an agricultural school district; don't tell me it is. Now the day is over when your child could walk through twelve years of education and then land that high paying factory job: union scale, fringes, the whole box of cookies.

"Face the fact, the rainbow is starting to fade.

If the younger generation is to have the American Dream and all its earthly delights, it will have to supply more than a warm body, two strong hands and a head of oak. That worked in the post-war era, but it's a ticket to oblivion as this century closes. The decisions, however, are in the hands of older people who should be aware that the jig is up.
