WCUZ/Budweiser Showboat Softball Classic is ready to kick off this holiday weekend!

The WCUZ/Budweiser Showboat Softball Classic is a big name for a weekend event, but then this weekend event is "big". the whole thing will get started at 8:00 Saturday morning when the softball tournament gets underway. As of Tuesday morning, Kevin Reynolds, public relations manager at WCUZ and promoter of this event, said that 22 teams were signed up, and many more are interested in playing. The tournament will be played on five fields around the city, Recreation Park (REC): Middle School East (MSE); Middle School West (MSW); the High School (H-S) and the new city diamond on Gee Drive (GEE). The intials in brackets indicate how the fields will be designated on the schedules.

The numerous other events scheduled for the weekend kick off with a grand parade down Main Street at 11:00 A.M. on wishing to get in a late entry Saturday. The parade will form should call 897-8102. beginning at 10:00 on Hudson St. near Richards Park, anyone interested in getting in an entry activities near the old Showboat should contact Bonnie Grooters dock on Lafayette Street, and in at 897-7451. The last entries in the parade will be the outhouses The Lowell Volunteer Fire Dethat will compete in the outhouse race. The parade will turn north up Monroe Street and end in the Riverside School grounds. While Main Street is still blocked off to traffic, the outhouses will line up and race back through the business district. A reviewing stand will be locatednear the Showboat ticket office with WCUZ radio personality Andy Rent doing a live broadcast. WCUZ will have live remote units broadcasting the weekend activities.

The outhouse races are organized by Fred Reuhs at Man's World Hairstyling, and anyone

Immediately following the parade will begin a large slate of the Showboat Amphitheatre. partment in cooperation with Budweiser Beer will operate a beer booth in the amphitheatre, alongside a food booth manned by the Alto Lions Club. Free music by four bands can be heard in the amphitheatre all afternoon beginning at 1:00. The bands scheduled to appear are, Shades of Time from 1-2; Cross Country from 2-3; Bust-N-Loose from 3-4 and Northern Nights from 4-5.

Ten carnival game booths will be operated near the old Showboat Dock by members of the St. Mary's Church. The games will include, Tip the Cat; Ring Toss; Dart Throw, and other favorites. along with some exciting new games. There will also be Budweiser Clydesdale Horseshoe Pitching competition at the vacant lot on the corner of Avery and Monroe Streets. For a small entry fee, contestants will get four chances at making a ringer and winning a prize.

Bruce Cornelius, the Michigan regional chili-cook-off champion will offer a demonstration of his talents beginning at about noon near the old showboat dock. Area chili cooks have been invited to bring along samples of their best efforts, and the public will be able to taste test the wares for a nominal fee, which of course will go to the Showboat cause.

The afternoon events will wind down around 5:00, but the amphitheatre will come alive

again when the doors open for the Bobby Bare Show scheduled to begin at 9:00 with the Fabulous Rockabillys starting things off. Tickets for the Bobby Bare Show are available at Lowell City Hall and all Believe In Music Locations for \$7.50.

Immediately following the Bobby Bare Show will be a fireworks display sponsored by the Lowell State Savings Bank and Lippert Pharmacy. The fireworks will be launched from the west bank of the Flat River opposite the amphitheatre and will be best viewed from the am-

On Sunday the softball tournament will continue, with the winner expected to be presented the trophy by early evening. During the day on Sunday there will be a free polo game at the Kentree Polo Field, at which a hat will be passed among the spectators with all proceeds going to Show-

Throughout the weekend. Lowell merchants will be sponsoring a coupon promotion. There will be several thousand copies of a flyer with 24 containing coupons that can be used to save money on everything from coca-cola to carpeting. The coupon flyers will be available at participaing merchants and at the softball fields. The unique twist to this promotion is that each coupon provides for some type of kick back to the Lowell Show-

That's the way the weekend shapes up, and don't forget that this is a benefit for the Lowell Showboat, and all proceeds go to help save the Lowell Showboat. Let's see the community really get beind this promotion!

'OUTDOORS'

The Bass fishing prospects for the opener locally are outstanding for small mouth in the Flat River but only fair on local lakes for largemouth. The Smallmouth are now on the beds and large numbers of good fish are being taken below the dam, in Lowell, and also through the River system. For these small mouth, Minnows, Helgramites, or leeches will be the top baits. However small plugs and spinner baits will account for some also.

Due to cold water conditions the largemouth have not started to spawn in local lakes. Few fish will be taken on surface type lures. By far the most productive bait will be minnows, fished along the drop offs in from 6 - 10 feet of water. Although not spawning the fish will be in relatively shallow water due to warming of the surface. The State record largemouth was taken from Big Pine Island Lake and this should be a good prospect. Morrison, Big and Little Wabasis, and a multitude of smaller lakes should all be good. Remember, the waters are cold for this time of year and the fish are going to the more lethargic than usual. Fish them accordingly, extra slow is the word. A few walleyes are being taken from the Greand. Mostly on crawlers with a spinner or harness. The water is high and very roily and the Grand River fishery remains only fair at best.

Last weeks northern Pike and Walley opener was generally poor with only a scattering of fish reported. Once again, the weather and water temperatures were the contributing factors. Medium sized pike, minnows or large bass minnow should be the top bait, some will be taken on lures but they are reluctant to move very fast or far when the water temperatures are low. We will be holding a largemouth and smallmouth contest each day. May 28, 29 and 30. Stop by The Shop and sign up. The Combination, 526 E. Main,

NOTICE OF A **PUBLIC HEARING** ON INCREASING PROPERTY TAXES

PLEASE TAKE NOTICE that on June 2, 1983, at 7:30 o'clock p.m. at the Board offices the Board of Education of Lowell will hold a public hearing on the levying in 1983 of an additional proposed millage rate of 5.9957 mills for operating purposes pursuant to Act 5, Public Acts of Michigan, 1982.

The Board of Education has the complete authority to establish that 31.9 mills be levied in 1983 if an election proposal of 28 mills renewal plus 3.9 additional receives a favorable vote.

The maximum additional proposed millage rate would increase revenues for operating purposes from ad valorem property tax levies in 1983 otherwise permitted by Act 5, Public Acts of Michigan, 1982, by 25.08 percent.

The Lowell Area School District is an "in-formula" school system which means it receives a basic per pupil state aid allowance. If the Lowell School District passes the renewal of 28 mills plus the 3.9 mill addition in the forth-coming school election, it will have the authority to levy 31.9 mills for operations. This millage will provide an estimated \$2210 per student. If the Lowell Schools reduced the millage rate to 25.9043 mills the per pupil state aid allowance would be reduced to \$1856.35 per student for a loss of \$353.65 per pupil. With an estimated 2781 pupil enrollment next year this 5.9957 reduction in millage would cost the school district \$983,500 in lost revenues.

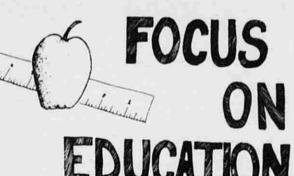

The above projections are based upon the Governor's proposed state aid formula which is subject to legislative change.

The purpose of the hearing is to receive testimony and discuss the levy of an additional millage rate. Not less than seven (7) days following the public hearing, the Board of Education may approve all or any portion of the proposed additional millage rate.

This notice is given by order of the Board of Education.

Education begins in the classroom, with books and discussions but real learning requires involvement and experiencing. Recently one fifth-grade class was treated to an experience which made their book-learning of the year come alive. These articles are usually written by the teachers, but this one is compiled from the reports of

On May 5, 1983, we went to the P.J. Hoffmaster State Park with my fifth grade class. We were excited about going. It was a long trip. Hoffmaster Park is a place where you can see many things. where people both learn and have fun

Upon arriving we went directly to the Gillett Nature Center and met out naturalist. Tom Wallis. The first thing we did was in the big room where owls, frogs, stuffed badgers and a wolf's head were dis-

The naturalist talked about what environment was and he told us what kind of animals we would see. We each got a little pan and a scooper, a net for the wood pond, which is much bigger than a spring pond. We also had a magnifying glass and last but not least a clipboard to write down what we caught

We walked down to the spring pond, which is there only in the spring because of melting snow and rain in the spring. We went to work collecting specimens. We caught all kinds of frogs, bugs and larva. Then we got together and shared what we found. Then we dumped the creatures back in the water.

Next we went to Little Black Lake and caught more bugs than before as well as minnows, polliwogs and little snails. We caught one stick bug that looked like a praying mantis. Tom wanted to take it to the Nature Center, so we let him take it

We saw two hognose snakes. They had puffy cheeks. I screamed like crazy. It scared me. The snake turned around and hissed at me. The snake's tail had been injured by a car, so Tom put it in a sna cage and took it back to the Nature Center

I was amazed at the size of the park. My legs ached so much! After lunch provided by Mr. and Mrs. Harwood, we climbed the Dune Stair Climb. It had over 300 steps! I'm scared of heights so I didn't dare look down. Every step I went I grabbed the next step. But it was worth it when I reached the top. What I beautiful sightthe trees, the flowers, and the sand dunes in the background. I saw a big ship go by it was an adventure!

The funnest part was climbing the sand dune. At the top you could see Lake Michigan and the other sand dunes. It was chilly up

When we got back it was 3 00, but we had fun. We want to thank you. Mr. and Mrs. Harwood for taking us.

Moderation is key to fitness

Individuals who rush to be- ning and brisk walking are the come physically fit as soon as warm weather arrives usually get discouraged and quit exercising. reports the Automobile Club of Michigan.

"Persons who have been inactive during winter, weekendonly exercisers and individuals seeking overnight fitness often attmept to do too much too quickly and soon develop sore muscles and joints or even injuries," stated Walter Zeiler, Auto Club's Life manager.

Adults starting an exercise program should work up gradually to at least 20 minutes of cardiovascular exercise three to five days per week to improve heart and lung capacity." Zeiler said.

Cardiovascular exercises such as bicycling, swimming, runbest summer activities for improving the body's ability to transport and use oxygen. These aerobic exercises are rhythmic. continuous and involve the large muscles of the body, such as the

"Cycling five miles in less than 20 minutes has the same conditioning value as swimming 600 yards in under 15 minutes or running one mile in less than eight minutes." Zeiler added.

The Auto Club's "Guide to Summer Fitness" lists moderate and vigorous activities for improving the cardiovascular system and burning calories.

For weight loss, the length of the speed. For example, running one mile will burn nearly the

Moderate-paced exercises can be continued longer and performed wth less fatigue, so more distance can be covered and more calories burned.

People should choose exercises they enjoy and make time for that activity just like they arrange time for lunch." Zeiler

Before beginning any exercises program, individuals over age 35 or those with medical problems should seek the guidance of a physician or other health professional

under a physician's care is the 🕻 ideal guideline, individiuals can subtract their age from 220 and multiply the resulting figure by .6 and .9 for the minimum and maximum training heart rate. 897-7049 For example, a 30-year-old person would multiply 190 by .6 for a 114 beats-per-minute mini-1400 W. Main mum and by .9 for a 171 beatsper-minute maximum.

To determine your exercise heart rate, place two fingers at the wrist or neck within five seconds of stopping the exercise. Count the pulse beat for 10 seconds and multiply by six for the heart beat per minute.

Individuals who have been inactive should exercise at the minimum level and gradually work up to the middle of the heart rate training range.

The Auto Club advises warming up and cooling down with 10-minute stretching exercises that use large muscle groups to avoid cramping, injury, and to gradually increase the body temperature and heart rate to a level that will fit into the exercise activity without strain.

Always exercise in light, loose-fitting clothes at a level at which you can talk comfortably and stop at the first sign of pain.

Avoid dehydration and nausea by drinking plenty of fluids. especially water, before and during exercise and by not eating for several hours before the activity. Protect against heat stress with early morning or evening workouts when the sun's intensity is less and humidity is lower. Otherwise, reduce the exercise duration and rest frequently.

Memorial weekend is planting time

Long rows of flats of both flowers and vegetable starts are filling the shopping areas for those that have faith in the weather, confidence in the strength of their backs, and a handy supply of liniment for sore muscles.

Although at press time the last frost was less than a week old and barely melted, the rush is on. Local wooly worms, seasoned gardeners, and weekend roto-tiller renters all seem in agreement that spring has finally arrived and this time it won't depart.

But just in case your garden is large enough that all your planting can't be done in one afternoon, it might be in your best interest to get a little insurance by planting seeds and heartier types of vegetables and flowers first

This plan of attack also gives your sore muscles time to repair themselves for the nextonslaught, the delicate little sets and starts which the rabbits love to munch. If the weather holds, the cow doesn't run dry and the yard varmits don't get too fat. you may just have the makin's for a beautiful and nutritions summer and fall.
