MEMORIAL WEEKEND MEETING TONIGHT!

Lowell Showboat board members and representatives from radio station WCUZ and West Side Distributing (Budweiser) will meet at Lowell City Hall at 8:00 tonight, Wednesday, February 22. Anyone . and everyone interested in helping make this weekend fund raiser bigger and better than last year is heartily urged to attend.

1st GRADERS ENJOY CIRCUS

This week Bushnell Elementary School's First Grade Students wrote a long-g-g-g (54-inch) letter to members of Lowell's Masonic order to thank them for their "special seats" at the recent

The four classes and their teachers, Dolores Gabrion, Marj Korpf, Jean Seman and Gail Vidro, attended the yearly event as the culmination of their reading unit on the circus. Although all students paid for their own tickets, the local Masons added to the fund so that each had a reserved seat.

HUFF & PUFF PREGNANCY FITNESS

Huff & Puff Pregnancy Fitness, sponsored by Blodgett Memorial Medical Center will be offered in Lowell

The exercise class for pregnant women will be starting March 5th and will meet on Mondays and Wednesdays from 5:30 - 6:30 P.M. at the Congregational Church, 404 N. Hudson. 4 week sessions are \$20.00. For more information call the Lowell YMCA - 897-8445 or Blodgett Wellness 774-7418.

BABY GYM

Instructor will be Mary Wernet. Class will meet at Bushnell Gym on Tuesdays starting February 28 for 7 weeks from 3:15 - 4:00 P.M. Fee: \$12.00 Y-member, \$18.00 non-member. Please contact the YMCA to register, 897-8445.

OFF THE BLOTTER

Jeffery Jantzen, 28, of Lowell was issued a citation by Lowell Officers to appear in 63rd District Court on a charge of having an open container of alcohol in a motor vehicle. The incident occurred on Friday, February 10.

Lowell Police Officers cited Ricky Lee Gould, 21, of Clarksville on a charge of larceny uner \$100. Gould reportedly failed to pay for gasoline at the Lowell Crystal Flash on Wednesday, February 1. Gould is to appear in 63rd District Court at a later date.

David Riggs, 39, of Lowell was cited for violation of the city's junk ordinance on Monday, February 13.

Phillip Oosterwal, 20, of Grand Rapids was issued two citations to appear in 63rd District Court. Oosterwal was cited for transporting an open container of alcohol and possession of marijuana on Fri-

day, February 17. David Swearingen, 18, of Lowell was issued a citation for transporting an open container of alcohol in a motor vehicle on Monday, February 13. Swearingen is to appear at a later date in 63rd District

Tamara Lichte, 22, of Saranac was slightly injured early Sunday, February 19 in an accident that occurred on Lowell's East Main Street near Horatio. Lichte was a passenger in a vehicle driven by George Stone, 23, of Ionia. Stone reported to Lowell Officers that his car was struck from behind by a vehicle driven by Jospeh Leson, 22, of Caledonia. Leson then allegedly led Lowell Police on a 2 mile chase south of the city. When Leson was finally stopped he was arrested for fleeing and elluding police officers, driving while under the influence of alcohol and driving while visually impaired (second offense). Leson was jailed at the Kent County Jail until his arraignment on Tuesday, February 21.

Merrill of Chicago was recognized by the American Institute of Architects as a small, but significant building design in 1983. The powerhouse was also covered in the January edition of "Architecture", a slick magazine published by the AIA. The powerhouse warranted two color photos along with a "before" black and white shot. The article covered two pages in the pres-

tigious periodical.

To complete the project, the powerhouse walls were patched, re-stuccoed and painted to include delicate stenciling above the interior wainscoat. When the tar paper was removed prior to the application of a new slate roof, workers discovered that there had once been a cupola on the building. Using old documents, a new one was designed and built. Doors and windows were redesigned and rebuilt using scraps and fragments found in the building. Documents of the period were searched for the design of the sign on the power house. The extensive landscaping was designed to not only beautify the site, but to stop erosion of the steep bank near the powerhouse.

The dam and powerhouse were built in 1903 and were in continuous use as a hydroelectric plant until the 1960's, Besides the renovation of the powerhouse, area residents benefit from the flooding of the reservoir which serves as a fish and game haven for sportsmen as well as a scenic improvement to the Fallasburg area.

They also hosted the children in their camp on Christmas Day, providing traditional Christmas dinner Festivities included games, sing. ing, and Christmas skits presented by the children.

'OUTDOORS' Girls Scouts celebrate Thinking Day

with Jack Friesner

Regardless of how much flack I may receive from this article, I would like very much to devote it to the Hunters, Trappers and Fishermen of this State.

Like the cigarette ad states, "You've Come A Long Way, Baby" Through funding provided almost solely by license monies, donations and hard work on the part of the sports people of this state, we have some of the finest wildlife and outdoor facilities within this na-

We continually are bombarded and degraded by an ever increasing faction of our society who wish to depict themselves as saviors of that which we are saving and protectors of that which we are protecting. Certainly we have lost some species of fish and wildlife to extinction and several others are endangered. We have also introduced more adaptable species to propogate our waters and coun-

The grayling was lost due to wholesale slaughter of our virgin timber which allowed the waters to warm and silted the streams through erosion. We then procured and introduced the brown trout from Europe and Great Britain, and the Rainbow Trout (steelhead) from the Western United States. These fish readily adapted to the areas voided by the Grayling and have provided an outstanding fisheries resource ever since.

The passenger pigeon mysteriously passed on to extinction and the wild turkey nearly disappeared with the clearing of the lands for agriculture and settlement. These we replaced by the introduction of the Ring Necked Pheasant from China and Asia and the Hungarian Partridge and several other Grouse Species from Europe. We have now re-introduced the Turkey and the Flocks throught the state are

The Elk, Moose and Bison all had to move over due to the clearing of land and the steady relentless encroachment of civilization. Re-introduction of these species has met with only varying success. Our Elk herds are well re-established and have virtually no more room for expansion. The Moose are presently being re-established and have virtually no more room for expansion. The Moose are presently being re-established in the Upper Peninsula. Sadly the Buffalo and Bison will never come back except in domesticated form. doubt that our Agricultural community could stand vast herds of Bison charging about through the corn fields and orchards.

The White Tail Deer herds are flousishing and are now many times more plentiful than at any time in history. Our monies have also cleaned up, (somewhat), the Great Lakes and introduced the Salmon Species and the Carp. We have re-introduced the wolf, the martin, the fisher and many bird species. Improved water foul habitat and in general maintained all species in a well balanced con-

We have procured and maintain many thousands of acres of public lands and thousands of recreational areas and launch sites.

All fish and wildlife species which could survive the encroachment of civilization and the stench of manking are now flourishing Those who could not have moved over for more adaptable species. Your monies and your efforts as dedicated sports people have provided for all this. We have two major problems facing us through the remainder of this century. One is pollution and the other is coexistence with those who wish to outlaw hunting, fishing, and trap-

The next time you are approached by the latter. Please explain to them the problems facing us and ask them to buy a hunting, fishing or trapping license to help out in our efforts to provide plentiful healthy populations of fish and wildlife for posterity. After all we have proven our managment methods with, up until now, very little

Mayor Maatman presented Former Mayor Dean Collins with a Certificate of Appreciation from the Council on behalf of the Citizens of Lowell.

The first order of business was the continued discussion on the variance request of Agnes Kent for a curb-cut and driveway at 411 W. Main Street.

Manager Quada stated that he had talked with the contractor and they had agreed that the entire front yard would have to be paved to allow an area large enough for a turn around. Also, a sign would have to be installed on the property for a "Right Turn Only" so that turns across traffic will not cause problems when heading out of the property. The pavement will also be graded and sloped so that surface water will be funneled out to Main Street at the curb to the storm drain, and not be allowed to drain off to the west side which is lower. Manager Quada recommended approval with those stipulations in writing.

IT WAS MOVED by Councilman Fonger that the variance for a curbcut and driveway with a turn-around area be allowed at 411 West Main Street, supported by Councilman Collins.

Mayor Maatman opened the Public Hearing on the request of St. Mary's Church to vacate portions of Smith and Spring

Manager Quada stated that in checking records, it had been determined that a prior request by Newell Mfg. to vacate the man Collins, supported by Councilman Schneider.

would allow the Church all the vacated portions of Smith Street Project consists of the acquisition and installation of industrial between the vacated portion of Elm, north to Spring, and machinery and equipment; and Spring Street, west of Amity to the end, in exchange for Newell's receiving all that portion of the previously vacated WHEREAS, the City Council has been advised that the Com-Elm Street from Amity, west to the end. He added that such an agreement would not cause any problems to the City.

should also be done at this time.

The following resolution was offered by Councilman

WHEREAS, St. Mary's Church of Lowell and Newell Manufacturing have jointly requested vacation of the following streets:

- 1. Smith Street north of vacated Elm Street right-of-way 2. Spring Street west of Amity Street: and
- WHEREAS, both parties desire to have all of the Smith Street right-of-way and all the Spring Street right-of-way deeded to the St. Mary's Church of Lowell.

NOW, THEREFORE, BE IT RESOLVED, that the Lowell City Council after conducting a public hearing does hereby vacate the above named streets and deeds same rights-of-ways to the St. Mary's Church of Lowell.

Manager Quada then stated that at the time the Public Act 198 2. This City Council further requests the Authority to assist the Certificate of Exemption was granted to the Metric Manufac- Company under the provisions of the Act. turing Co. the resolution did not include a section stating that the granting would not "financially impair" the City, and which must now be corrected.

The following resolution was then offered by Councilman Collins, supported by Councilman Fonger for adoption.

WHEREAS, the State of Michigan requires assurance that granting tax abatement under P.A. 198 will not financially impair the City of Lowell; and

WHEREAS, on the tax abatement previously granted to Metric Manufacturing Company, Inc. such a finding was not included.

NOW, THEREFORE, BE IT RESOLVED, that the Lowell City Council hereby states that granting tax abatement to Metric Carried. Manufacturing Company, Inc. application #83-501 does not financially impair the City of Lowell.

Manager Quada explained that Mr. Thomas was really present for another matter, that the Council approval for an application to the Michigan Job Development Authority to finance the addition to Metric Mfg. by issuing bonds. Such a request must be approved by the local municipality consenting to the permitting. Total cost for the operation would be \$7,350.00. location of the project.

Mr. Thomas introduced Mr. Mark Gilbert, Metric's accountant who explained briefly the procedure to acquire the funding to go ahead with 700,000 sq. foot addition, stating that it would increase employees by 6, and later by 18, possibly having to go to three shifts if business increases as predicted.

The following resolution was offered for adoption by Council-

Council then discussed the appointment of a Street Administrator for 1984.

IT WAS MOVED by Councilman Schneider that the City Manager be appointed as the Street Administrator for the City of Lowell for 1984, supported by Councilman Fonger.

.Manager Quada then recommended the approval of a maintenance contract with Mr. Bruce Fritsma of B & B Landscape Maintenance, for upkeep of Oakwood Cemetery for the period of April 1, to October 31, 1984. The contract would call for the grass at the cemetery to be cut, and trimming around all markers to be done on a weekly basis. Special attention would be given the week preceding Memorial Day. In the Fall, leaves would be blown off the cemetery, bagged or burned, weather

He continued that in the past, several high school and college students have been hired during summer months to mow the cemetery and help keep up various other City owned property. They will still need to be hired in the future with the addition of the new park property and development of it and other areas, they will be kept busy. He recommended trying the firm for one season, and if at any time the work was found to be unsatisfactory, it can be terminated: If the program does prove satisfactory, a bid process would be begun for the second year.

Councilman Thompson asked why the bid process couldn't be used for this first year.

Manager Quada replied that since the City has not had any experience with such a commercial business, he would rather work out any problems and set standards this first year, so that the City would know what to expect in the future. He added that Mr. Fritsma was very highly recommended by Ada Township.

Mayor Maatman then invited the Lowell Cable Board to sit at the Council Table for the discussion on the annual audit of the Cable T.V. System.

Mr. King Doyle, Chairman of the Cable Board gave a short history of the inception of the System, stating that in bidding for the franchise, with a limited knowledge, the Board has since earned the intricate workings of running a Cable T.V. System. He feels that the City made a wise decision in having a municipally owned system, run the same as our other utilities, which is of better quality than a privately owned company. Often, a private company may use cheaper grades of materials, equipment, towers, etc. but still charge as much, often more to customers than is being charged in the City of Lowell. Also, many private companies will own a system for a very few years, sell out and move on. When equipment needs replaceing or upgrading, the cost is passed directly on the customers, usually with a big increase in rates.

He continued that even though the system cost almost double the original cost estimate, it has been worth it, because better quality materials have been used, which will last longer, and new items have been included as they became available, to make Lowell's Cable System the best it can be.

Mr. Ivan Blough, also a member of the Cable Board continued the presentation, stating that he was pleased to serve on the Board, citing the logo on the head end station, "owned by the people of Lowell" as the best possible program. He explained some of the materials used and the reasoning behind the installation of equipment that can be added to and expanded in the future, rather than torn down, torn out and replaced altogether, and that even though it is more expensive at first, it will in the long run be more of a savings.

Mr. Virgil Biggs, City Auditor, explained the actual figures and losses for the first year, citing the higher cost for the installation of the system than expected, but that all indications are that the system will show a profit in its second year. Mr. Doyle stated that they might have to ask for a slight increase of 50¢ per month in July, and perhaps another 50¢ per month later in

with Mr. Herb Haines, Superintendent of Lowell Light and Power Company on some of the more technical aspects of running the cable system.

Mayor Maatman thanked the Cable Board members for their attendance and participation in the discussion.

Under the Manager's Report, Manager Quada stated that he had made an announcement to the Planning Commission at their last meeting, that he had been contacted by McDonald's Restaurants, Inc. about locating in Lowell. In the long run they will be beneficial to the City.

> Manager Quada then requested an Executive Session at the close of the Regular Meeting to discuss Airport litigation.

> Under Remarks from the Audience, Dr. Robert Reagan stated that it is too bad that the Chamber of Commerce cannot be kept active in Lowell. There are only one or two strong business people who are interested enough to be active, but they cannot carry it alone. He addressed the problem of negative comments made by local businessman Art Warning about Michigan Wire Processing. He stated that it could be an excellent business, and he is glad that it is here. It has provided additional jobs and a good tax base for the City, and the City needs its industry. It's too bad that they need to expand into the ball diamond, but it woud be really too bad if we should lose the industry to somewhere outside the City.

Manager Quada reiterated that the Council has kept the lines of communication open for all sides. The only alternative the City has is by a vote of the people first, in any event.

Under Council Remarks, Councilman Thompson asked if there is a list of telephone numbers for City employees that can be reached in case of emergency, such as frozen water pipes at night.

Manager Quada replies no, there is no list of individual numbers. Residents are to contact the Police Department and they will notify the proper personnel to handle the situation. He also stated that perhaps that method should be looked at and changes made. He will check on it and report back at the next

Councilman Collins headed a discussion on the status of appointments to the Parks and Recreation Commission. It was noted that three letters have been received from persons volunteering to serve on that committee, from Margaret Hoats, Nancy Anderson and Nola Bryan.

At the last meeting, Council made the decision to increase the Commission's membership by two, but wanted input from present board members as to who they would recommend.

Councilman Fonger stated that Bob Elzinga would accept the Mayor position if appointed.

Councilman Thompson stated that all the other members are

Input from the present board was to have George Watson, presently serving as an advisor, appointed as a voting member, and then appoint one other new member.

It was also noted that Bruce Walter and Kevin Smith had both expressed interest in serving on the committee.

IT WAS MOVED by Councilman Schneider that George Watson be appointed as a full member of the Parks and Recre-

Councilman Thompson suggested that the other volunteers be given some consideration before making a decision, find

Manager Quada suggested that two Councilmen be appointed to interview all the volunteers, then make a recommendation to the Council for appointment. Perhaps the others would be willing to serve on other boards or commissions if not appointed to the Parks Commission.

Councilman Collins stated that he thought appointments were made by the Mayor and confirmed by the Council only. If there was ever a big disagreement, would it be necessary to nominate someone else over the appointment.

Manager Quada read the Charter concerning appointments. The only section referring to them is by the Mayor to the Planning Commission, with confirmation by Council. Other appointments have been handled in the same manner, but, it should be made a part of the enabling ordinance. It could be done by resolution, to amend the duties of the Mayor and

Mayor Maatman deferred any decision on the second appointment to the Parks Commission until the next meeting.

Councilman Schneider than asked about Council representation on the Helen Look-Daley Committe, if it was to be the Mayor by reason of his office, or was Dean appointed "at large" while he was serving as Mayor.

Manager Quada read the March 1982 Minutes which state in part, "the mayor to serve on the Helen Look-Daley Committee for the length of term of this elective office".

Councilman Colins stated that it would be a mistake to change to a new member now, when the Committee is in the middle of several projects in which he is involved, and knows the details To make a transition now, would entail having to apprise the new Mayor of all the information and problems, etc., which would slow the Committee down, and cause more hard feel-

A short discussion followed with no action being taken at this

IT WAS THEN MOVED by Councilman Fonger to adjourn into an Executive Session to discuss the Airport case, supported by Councilman Schneider at 10:11 P.M.

PROPERTY TAX ASSESSMENT RATIOS AND ASSESSMENT MULTIPLIERS

Kent County, Michigan

Act 165 of the Michigan Public Acts of 1971 requires that I publish tentative ratios and estimated multipliers for each class, by the third Monday in February each year. I expect assessors will make the necessary adjustments so that assessments will represent 50% of True Cash Value thereby eliminating the need for factoring assessments after the March Board of Review for the 1984 tax year. State of Michigan action could change this.

Allow 10 Weeks For Refund Checks

Taxpayers filing their 1983 federal income tax returns and claiming refunds should wait at least 10 weeks to contact the Internal Revenue Service about their refunds, the IRS says.

Generally, taxpayers who file returns early in the year may receive refunds in less than 10 weeks, unless the return was incorrect in some manner, according to the IRS.

Those taxpayers filing returns after April 1 should wait until after June 15 to contact the IRS about refunds.

Check your W-2, Wage and Tax statement, to see if any federal income tax was withheld. If any was withheld and you have no tax liability, filing a return is the only way to recover the money.

If you expect to have no tax liabil-

ity again in 1984 and your income such subjects as setting up a tax will be below the amount required to withheld by giving your employer a new form W-4, Employee's Withholding Allowance Certificate, claiming exemption from withholding. You may claim exemption from withholding only if you had no income tax liability in 1983 and you expect to have no income tax liability in 1984.

However, if you are eligible for the Earned Income Credit, you must still Preparation file a tax return to receive your credit. You must file a return if your are: single, under age 65, and have

Some Must Pay **Estimated Tax**

Individuals who have income that is not subject to withholding, or from which not enough tax is being withheld, may have to pay estimated taxes, according to the Internal Revenue Service.

In general, you are not required to pay estimated tax for 1984 if you expect that your 1984 Form 1040, or, 1040A or 1040EZ will show (1) a tax refund, or (2) a tax balance due of

IRS Explains Collection **Process**

When a taxpayer, for one reason or another, fails to pay the full amount of federal tax owed, the Internal Revenue Service will collect the delinquent tax in one of several ways. To answer questions about its collection process, the IRS has prepared the following:

O. I thought I had paid my taxe and now I've received a notice from the IRS saying I owe more. How can that be?

A. There may be several reasons. You may not have had enough tax withheld from each paycheck, or perhaps an error was made in the preparation of your tax return. If you are self-employed or had other income not subject to withholding you may have missed making the required quarterly estimated tax

payments. The IRS says I owe more tax, but

I don't agree. What can I do? A. If you think that the bill is wrong. notify the IRS immediately by writing to the office that sent the bill. Be sure to have available any records which support your claim, such as cancelled checks

or tax returns. Do I have to pay the entire amount of delinquent tax imme-

A. If possible. The employee hange dling your collection case will review financial information which you provide to the IRS and determine whether the full amount can be paid at once, or if you qualify for an installment

payment plan. What if I don't pay the IRS after they notify me that I owe delinquent taxes?

A. When an individual owes more tax, a bill is sent with payment due within 10 days. Several more bills and a telephone call may also follow. If a taxpayer neglects or refuses to pay taxes or to make satisfactory arrangements for payment, a levy may be issued against the taxpayer's salary, wages, bank accounts, or commissions. During the levy process, if the tax bill is paid in full or an acceptable installment agreement is reached, ordinarily

the levy will be released. Q. What rights do I have during the collection proceedings? A. You, as a taxpayer, have severa

basic rights during all collection-related activities. They include representation, the transfer of a tax case to another office when your residence changes, receipts from the IRS for any payment, copies of all contractual arrangements, confidentiality of tax matters, and the elimination of a penalty with reasonable cause.

Q. Where can I get more detailed information about the collection process? More information is available in

IRS Publication 586A. The Collection Process (Income Tax Accounts) available free by using the mail-order form in your tax package. I received a bill from IRS for

that I owe less tax. What can I If your records now show that you overpaid your tax you should file an amended return.

some additional tax and paid the amount in full. However, after going over my records I found some documents to verify

Form 1040X, Amended U.S. Individual Income Tax Return.
