## Macker Mania strikes Lowell this weekend

This Year's Gus Macker Tournament "The 11th Annual New and Improved 'Olympic Style' One and Only Original 'Yes We're Building an Empire' Gus Macker (for President '84) All-World Invitational Three-on-Three Outdoor Backyard 'Back to the Streets' Basketball Tournament" is going to be bigger and better than ever before. "What's new about that?", you say. Well consider that this year's tourney will feature 470 four person teams, up from last year's 391 and will be spread out over 30 courts, six more than last year, and you start to get a pic-

ture of just how fast this annual mania is growing.

Macker Week officially began here in Mackerville, U.S.A. (otherwise known as Lowell) Monday evening with a "Be Kind to the Neighbors" potluck dinner in the front yard of Gus' parents Dick and Bonnie McNeal. The dinner was a way of saying "thank you" to all the neighbors who are so understanding of the annual tourmanet. Tuesday had a "Hall of Fame Game" scheduled on the main court, (McNeal's driveway). Wednesday, tonight, is the Miss Macker competition

with 10 to 15 contestants expected to be in the running. Cary Berglund of WOTB, Jeanne Norcross of WOTV, Joe Conklin a sportswriter for the Grand Rapids Press, Lowell Mayor Jim Maatman, Steve Knight of WZZM, Randy Franklin from WKWM, Georgia Smith an experienced beauty pageant contestant and Gus Macker's No. 1 fan Mary Ann Gwatkins will serve as judges. The judging begins at 7:30 P.M. There will also be a special break dancing exhibition during the competition.

On Thursday there will be a party for all the division sponsors to be held at Larkin's Saloon at 7:30 P.M. Thursday is also "Media Day" during which time area media are invited to inspect the courts and conduct interviews.

On Friday the Tournament gets underway with registration beginning at 4:00 P.M. Opening ceremonies are to begin at 5:30 and the first play begins at 6:00.

On Saturday the tournament gets underway at 9:00 A.M. A special "Media Division" will begin play at about 1:00 P.M. and will include teams from WION, WCUZ, WLAV, WKWM, WGRD and WZZM-TV.

Final eliminations will be the highlight of Sunday's play which begins at 9:00 A.M. At 1:00 P.M. two or three teams from the Grand Rapids wheelchair basketball league will begin play.

Players in this year's tournament will still call their own fouls, but recreation students from Central Michigan University will serve as court monitors, or as Gus Macker (alias Scott McNeal) prefers to call them "Gusbusters". The coveted Macker trophies have sometimes been the cause of some pretty rough play, and McNeal is doing everything possible to keep the tournament "fun".

Food concessions at this year's tournament will be handled by the Lowell Athletic Boosters for the first time.

Something that Gus and the rest of the Macker Council is very excited about is the probable entry of a team from Sports Illustrated. Alexander Wolff, a writer for the magazine and the author of a book titled the In-Your-Face Basketball Book" is expected to play, and hopefully do a follow-up story in sports Illustrated.

Bigger and better? You bet. So stop by Mackerville this weekend for some great basketball, who knows, maybe you'll be watching the early stages of the next craze to sweep the nation.

Gus Macker council Members Mitch McNeal, Doug Benjamin and Stephen Doyle build new portable backboards for the Macker Tournament. This year's event will feature thirty courts and nearly 2,000 players.

### OVERNIGHT BIKE HIKE

The Lowell YMCA is sponsoring an "Overnight Bike Hike" on August 11 and 12. The two day event is for high school age boys and girls and will feature a bicycle tour from Lowell to Camp Manitoulin. The cyclists will leave the Lowell YMCA office at 8:00 on Saturday, August 11 and proceed to the camp where they will enjoy swimming, canoeing, kayaking, hiking and a bon fire. The camp will provide the Saturday evening meal, Sunday breakfast and a sack lunch for the ride home. Bikers are to meet at the Lowell YMCA office at 7:00 on Saturday for a bicycle safety class with Lowell Police Sergeant Al Eckman. Equipment needed includes a 10 speed bicycle, swim suit and change of clothes, towel, washcloth, soap, water bottle, sleeping gear, insect repellent and a sack lunch. All gear will be transported in the follow-up van. Cost for the excursion is \$20.00 and registration forms are available at the Lowell YMCA office.

### JAYCEE PAPER DRIVE

The Lowell Area Jaycees are having a paper drive on Saturday, July 14 from 7:00 A.M. until 1:00 P.M. Please bring your bundled newspapers to their trailer across from Keiser's Kitchen or call for pick-up service at 897-6533, ask for Don.

### CLASS OF '44 REUNION

The Lowell High School Class of '44 is planning a reunion on Saturday, July 28 at Deer Run Golf Club. Come and meet your old friends and classmates for dinner or just plan to stop by later. Call George Rogers at 897-7020 after 4:00 P.M. for further information.

### HELP! HELP! HELP!

The Lowell Area Schools Athletic Boosters are in charge of concessions at this year's Gus Macker Tournament, and help to work the booth is desperately needed. If you can work a shift please call Denise Dommer at 897-9678 or John Stencil at 897-7437. Workers are needed for Friday evening and all day Saturday and Sunday.

### FOURTH OF JULY WRAP-UP

The weatherman cooperated, and Lowell's Fourth of July Celebration was a whopping success again this year. An organizer of the event, Noreen Martin said that the crowd was down somewhat this year, largely because of many people having to work the next day. But all the events went off as scheduled and the day was a lot of fun for all who participated.

Winners of the Balloon Ride raffle was Charlie Thomas and the 50/50 raffles were won by Bruce Flanagan, Dennis Hawk, Roger Stranger and Mark Nyp. The Alto Fire Department won the men's division of the waterball contest, but the Lowell women came out on top in their competition. Heritage Meat Market won the volleyball tournament with Eberhard's the runner up. The team of Orin Commodore, Andy MacKintosh and Brian Roth finished first in the Puff, Peddle and Paddle with Dave Hinebaugh, Joe Mauric and Gary Ellison coming in second.

## Veterinary Clinic changes hands

A pair of young, enterprising veterinarians have purchased the Lowell Veterinary Clinic founded by Dr. James Main seven years ago. Bruce Langlois and Mark Teachman both 25 years old and June graduates of Michigan State University's school of veterinary medicine began practicing with Main on Monday, July 2. Main says he will stay on with the new doctors for six months before going back to school to pursue a specialty in veterinary medicine.

Langlois and Teachman are close to signing a deal on property just west of Lowell on M-21 and already have plans drawn for a new clinic. The new clinic will be a complete facility capable of treatment, surgery and hospitalization of large and small animals. The pair will operate out of the current clinic at 366 Lincoln Lake Ave. until their new facility is completed. The practice will continue to offer veterinary medicine to all types of animals including pets and livestock. The doctors will operate two fully equipped trucks for farm calls and offer a 24 hour emergency number. The emergency number is for after office hours only and is an answering service at 242-

Drs. Langlois and Teachman with a patient.

6820. The office number is 897-7660.

Teachman is single and now lives in Cascade, but is looking for a residence in Lowell. Langlois is married and he and his wife Stacy reside north of Lowell. Langlois is a native of Comstock Park while Teachman hails from Cascade. The new doctors have worked in veteri-

nary clinics prior to and during their seven years of schooling at M.S.U.

Lowell welcomes the new doctors and wishes Dr. Main the best of luck in his future endeavors.

## Barrus/Talcott wed May 19, 1984

Mr. and Mrs. David K. Talcott of Saranac and Mr. and Mrs. Edward Barrus of Lowell are pleased to announce the marriage of their children, Diane Elaine Barrus and Mark Keith Talcott on May 19, 1984 at Galilee Baptist Church in Saranac.

The bride wore a lace and beaded pearl gown with a matching headpiece and veil. She was attended by Ms. Shirley Card of Saranac, Ms. Brenda Thomas of Lowell, Ms. Chris Davis of Grand Rapids, and Ms. Tami Biggs of Saranac.

The groom was in long grey tails and was attended by Mr. David K. Talcott of Saranac, Mr. Troy Sprague of Grand Ledge, Mr. David M. Talcott of Saranac, and Mr. Greg Biggs of Lowell.

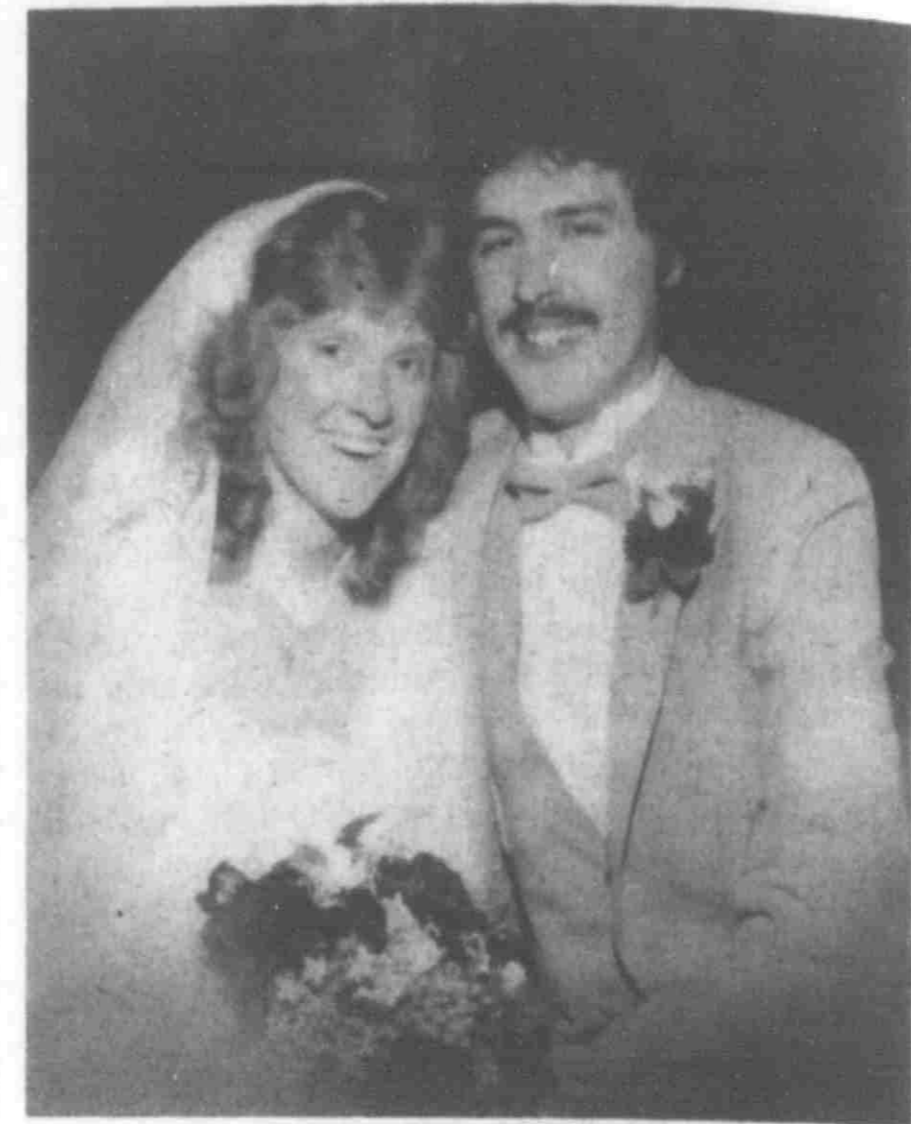

The ceremony was conducted by Rev. J. Franks and music was provided by Ms. Nancy & Linda VanLaan with soloist Lynn Seese. Mr. Steven Card & Mr. Duane Wittermore ushered and Darrell & Anne Walkington of Saranac were Master and Mistress of Ceremonies. Others who attended were Connie Biggs and Sherri Fahmi.

Altar flowers of ruby, pink and white decorated the platform and pews, with matching bouquets and flowers for the attendants. All of the flowers were from Betty Deans, Nicki Steenyk and Saranac Floral. Pictures were from Kelly Photo of Saranac.

A chinese style reception catered by Barb Johnson of Lowell was held at the middle school in Lowell following the ceremony,

and was followed by the traditional "cutting of the cake" made by Pattie Salka of Saranac.

The couple left for a honeymoon trip to Canada and returned to their home in Saranac.

## HOMESPUN DEVOTIONS

by Pauline E. Spray

... let us watch and be sober (1 Thessalonians 5:6).

The sight intrigued me. I called my family to come quickly and watch the drama out on our back lawn.

While preparing the salad for dinner, I walked to the kitchen sink and glanced out the window above it. I saw a robin on the lawn only a few feet from the house. He was working feverishly, tugging and pulling with all his might, using all the strength he could seemly muster. Finally, he succeeded in extracting an unusually large worm from the green carpeted earth.

Just then a blackbird further away on the lawn, espied him. Instantly, the enemy was there ruthlessly snatching away the evening meal of the red-breasted robin.

Poor robin! As we watched his defeat, our hearts warmed with sympathy. We expressed sorrow for him as we turned to our meal, and he went to seek another for himself.

But we thought: How like the enemy of our souls! He is constantly on the alert, roaming about seeking whom he can devour. We must be alert lest he snatch away our faith and peace of heart. Like the robin, we must "beware of the blackbird"

Prayer: Dear Jesus, stay Thou close beside me. Enable me to be alert and watchful. Keep me from growing careless, lest the enemy snatch away my faith and peace of heart. Help me always to "beware of the blackbird." Amen.

## Model airplane show slated for July 13-15

North Kent Mall will feature a display of "State of the Art" radio control; flying aircraft and specialty items built by the Aerobats of Michigan on July 13, 14, and 15. Flying demonstrations will be given hourly, in addition to the static display of models ranging from easy-to-build beginners projects to highly detailed replicas of World War II Aircrafts having wing spans of eight to ten feet.

The Aerobats are a non-profit air show team sanctioned by the academy of model Aeronautics in Washington, D.C. and one of only 35 sanctioned teams in the world. The team is organized to fly air shows for civic affairs, fund-raising events and charitable activities, and is made up of area aircraft enthusiasts who will be on hand to give information and answer questions about these fascinating miniatures.

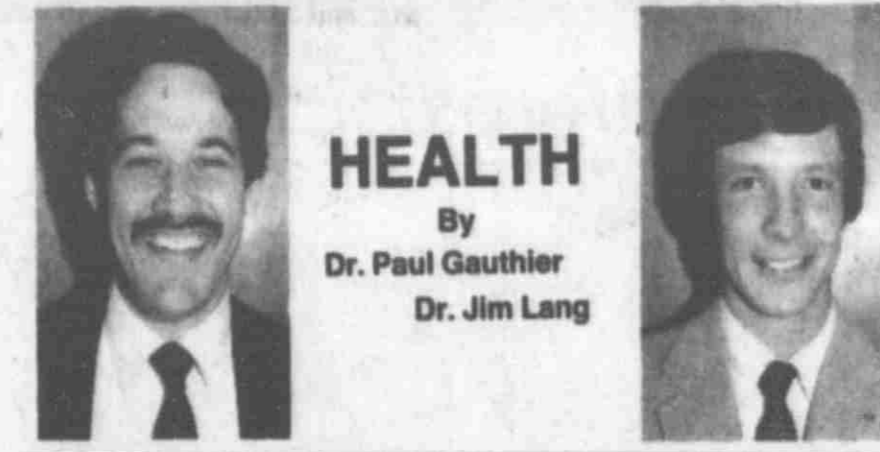

## Representative Krasue endorses Riley candidacy

State Representative Victor Krause today announced his support for the candidacy of Dorothy Comstock Riley to the Office of Justice of the Michigan Supreme Court.

Describing Justice Riley as a woman of exceptional drive and character and one of the State's leading experts on the Judiciary, Krause said, "Mrs. Riley symbolizes the kind of judicial inde-

pendence our Supreme Court must have. Her record speaks for itself, she has all of the credentials to be an excellent judge."

The Rockford Republican added, "I know of no one better qualified than Dorothy Comstock Riley to bring balance and a fresh awareness of the responsibilities of office to the State Supreme Court."

## HEALTH

By Dr. Paul Gauthier and Dr. Jim Lang

### Cholesterol, Triglycerides and Atherosclerosis

In our column the last couple of weeks, we stated that one of the benefits of exercise was a lowering of cholesterol, which seems to decrease the risk of coronary artery disease. Today we will discuss this sometimes confusing topic.

Cholesterol is a fat-like substance in the blood of all humans. Hyper-cholesterolemia simply means a high amount of cholesterol in one's bloodstream. The other major lipids that we are concerned with are the triglycerides. Both cholesterol and triglycerides are made by our bodies and both are contained in the food we eat. Because cholesterol and triglycerides are insoluble in blood, they must be carried by lipoproteins.

Lipoproteins have different functions and densities. Some carry lipids to our organs for storage or as an energy source. These proteins appear less dense and are called low-density lipoproteins (LDL's). Other lipoproteins have a higher density and are called HDL's or high density lipoproteins. Makes sense, right? HDL's seem to remove excess lipids from the organs so they can be excreted.

High cholesterol or triglycerides in our blood stream may be secondary to a large amount of fat in our daily diet, heredity, or other illnesses such as diabetes. When there is an imbalance between HDL's and LDL's problems can develop. When LDL's become too high in the blood stream the excess lipids (cholesterol and triglycerides) can not be properly excreted and they start to adhere to our arterial walls. This process is called atherosclerosis. Sometimes the arteries can become so narrowed that healthy blood flow is im-

peded. When this process occurs in the blood vessels of the heart, (coronary artery disease), the heart muscle itself cannot get enough blood which supplies oxygen for it's proper function. At times of exertion or physical stress this will lead to chest pain (angina).

The time for treatment of "high cholesterol" is before symptoms begin. The only way to find out what your cholesterol level is would be to have a blood test to measure these lipids and lipoproteins during your next physical exam. HDL's are considered protective because they help clear the blood stream of cholesterol and triglycerides. Therefore, the higher the ratio of HDL's to LDL's the less the risk of atherosclerosis or coronary artery disease.

Several things you can do to help maintain the balance of fats in your bloodstream are these:

1. Follow a low cholesterol diet - avoid egg yolks, fatty meats and dairy products such as butter.
2. Avoid saturated fats - switch from butter to polyunsaturated margarines.
3. Broiling meats rather than frying will allow fats to drip below; eat lean meats like chicken or fish.
4. Keep your weight in a normal range.
5. Exercise - as stated last week, it increases HDL's.
6. Quit smoking - blood levels of HDL's are lower in smokers.
7. Use alcohol in moderation. (One alcoholic beverage per day tends to increase HDL's).

In individuals with markedly elevated cholesterol or triglycerides, many times drugs are indicated. These drugs will help lower the levels of circulating lipids, but are used in only special cases and usually must be taken for life. More information on low cholesterol diets and the heart can be obtained by writing the Heart Information Center, American Heart Association of Michigan, 950 28th Street, S.E. Grand Rapids, MI 49508.

## Dawn Condon is rodeo queen

Dawn Condon, 21, a Lowell High School Graduate is the Queen of this year's Wyoming Rodeo. Condon, who has been riding since she was 9, grew up on the family dairy farm of William Condon at 13297 3 Mile Road, Lowell. She was very active in F.F.A. and 4-H during her school days in Lowell.

As Queen of the 22nd annual Wyoming Rodeo, part of Dawn's job is to help sell the rodeo, and that's right up her alley as she majored in marketing at Davenport College and is currently pursuing a degree in marketing and sales at Ferris State College.

Dawn was selected from several contestants for her horsemanship and personality. She is experienced in English, western and jumping and is considered an accomplished equestrian. She was selected as queen last July and has since appeared in parades such as the Holland Tulip Festival, Red Flannel Days in Cedar Springs, The Muskegon Seaway Festival and the Grand Rapids and Wyoming Christmas parades.

Dawn's duties as queen during the upcoming rodeo include an appearance at the opening banquet, riding in the rodeo parade, appearing each night before the rodeo and attending the closing ceremonies and dance.

Dawn Condon of Lowell is the 1983-84 Queen of the Wyoming Rodeo.

While at Lowell High School Dawn was president of the F.F.A., a photographer for the yearbook, a member of the Na-

tional Honor Society and played on the softball team. As she put it in an interview in the Wyoming

Advance, "I did all kinds of stuff and still found time to milk the cows."

## New bankruptcy laws will be a benefit to farmers

Congress has passed and sent to President Reagan a compromise bill reorganizing U.S. bankruptcy courts, with a provision protecting farmers who have grain stored in bankrupt elevators.

"The new law is just about everything we lobbied for," said Al Almy, director of public affairs for the Michigan Farm Bureau. "We are especially pleased with the provision allowing courts to establish a 120-day timetable for the disposition to receipt holders

of grain stored in bankrupt elevators."

When assets of an elevator are divided, the first \$2,000 of individual farmers' claims will be awarded before any other claim.

## Charlton Park to host Gas & Steam Engine Show

Tractors have always been magical; they bring out the child, even in adults. So if you want to have an enjoyable day, visit Historic Charlton Park Village & Museum's 13th Annual Antique Gas & Steam Engine Show being held July 13th thru 15th. Hundreds of antique tractors and stationary gas engines will be on exhibit each day from 10:00 AM - 5:00 P.M.

Activities include a 3-day Flea Market, a tractor parade at 2:00 P.M. (Saturday & Sunday), Slow Race, Quick Start, Tractor Pull, and, new this year, "Puff the Dragon" - a tractor pull for children aged 4-9. Primitive camping also is available for \$4.00 per night (up to 4 people, and 50¢ per person over 4), and a beer tent will be operated to help raise funds. Dedication of a new Gas & Steam Engine Building, funded thru past shows, is tentatively scheduled for Sunday, July 15.

So bring the whole family and spend the day. Admission is

\$2.00 per adult (16 and over), 50¢ for children (5-15), and free for those under 5. Historic Charlton Park is a non-profit educational institution located 3 miles east of Hastings just off M-79. Proceeds from the show are divided to help pay operational costs and to maintain and preserve the gas and steam related artifacts in the park's collection. For more information, call (616) 945-3775.

### COMMODITY PRICES SLIGHTLY LOWER

Prices received by farmers in June dropped .7% from the previous month but were up 7.5% from a year earlier. The U.S. Department of Agriculture said lower prices for cattle, soybeans, eggs, wheat and milk were partially offset by higher prices for oranges, hogs, lettuce, lemons and potatoes.

Prices paid by farmers in June were unchanged from May's input costs, but were up 3.1% from June, 1983.

## AGRICULTURE IN ACTION MICHIGAN FARM BUREAU EDITORIAL

### Good News/Bad News

That great consumer staple at the soda fountain, coca Cola, will soon be entirely sweetened with syrup made from corn. That's great news for corn growers who often produce more than the market demands and will now have a bigger market. The corn sweetener market is now expected to top four million tons in 1984.

But it's awful news for sugar producers whose demand will fall by 100,000 tons for the decreased use of sweetening by corn. How sweet it isn't for them!

All of which is a good news/bad news equation that points up the interrelationship of U.S. farm commodities. Up with margarine made from soybeans or cottonseed oil -- tough luck for butter made from dairy products. Higher prices for feed grain producers -- tougher going for livestock feeders who pay more for the grain.

But the message is not just good news/bad news -- or "tough luck, buddy" -- but an awareness by those who write farm program legislation that such crop relationships do exist, and that the best answer may be to leave the crops to their markets instead of responding to their special pleaders.

After years of reading markets, most farmers would likely agree that politics is the poorest market of all.

Abstain: Martin Buth - 1.  
Absent: Somerville, Kuhn - 2.

Commissioner Gainey read from a letter addressed to County Clerk Dejonge from Dick Bellows of the Michigan Consolidated Gas Company, regarding the Commissioners' support of the Natural Gas Consumer Relief Act, and reported his Company expects the cost of gas to increase only 3% this year due to this Act. This is an item brought to the County and to the State by the City of Wyoming a few months ago.

Commissioner Oppewal referred to information on the Commissioners' desks regarding the Neighbor Saver Program, a project supported by Davenport College. The goal of the program is to train Kent County Citizens in Cardiopulmonary Resuscitation (CPR) and to have at least one person in every block in urban areas and one person in every 5 to 10 homes in the rural areas trained in CPR.

Mr. Sommers asked the Commissioners planning to attend the Michigan Association of Counties' Summer Conference, August 20 to August 23rd, at Sugar Loaf to contact him in order that he may make reservations.

Commissioner DeVriendt reported he had addressed the Building Committee concerning an ongoing trash problem on Veterans Memorial Drive.

Commissioner Marsh moved to adjourn, subject to call of the Chairperson, and to Friday, July 27, 1984 at 9:00 a.m. for a Committee of the Whole Meeting, and to Wednesday, August 1, 1984 at 9:00 a.m. for an Official Meeting. Seconded by Commissioner Lamoreaux.  
Motion carried unanimously.

## Kent County residents honored during College Week at MSU

Nine Kent County residents were recognized for outstanding volunteer contributions to the Cooperative Extension Service during College Week, July 18-21 at MSU.

Mary Bradshaw, Rosemary Couturier, Gladys Harris and Armentha Smith, all of Grand Rapids; Kay Breen, of Sparta; Lois Danielson, of Wyoming; Rosemary McCaul of Lowell; and Norma Sidor, of Marne; were presented with certificates of recognition for their volunteer efforts on behalf of the Family Living Education program at a special ceremony that honored FLE volunteers.

College Week is an annual four-day event in informal learning held on the East Lansing campus. More than 1,200 Michigan residents participate in more than 70 classes, workshops and special events that deal with a wide variety of topics of everyday concern.

Pictured from left to right are: (seated) Lois Danielson, Wyoming; and Norma Sidor, Marne. (Standing) Doris Wetters, assistant Cooperative Extension director for Family Living Education; Kay Breen, Sparta; Rosemary McCaul, Lowell; Rosemary Couturier, Grand Rapids; and Armentha Smith, Grand Rapids.

## "Dignity of Life" run big success

Over 120 runners participated this year in the New Beginnings 5 mile run. The theme "Dignity of Life" was to draw public attention to the indignities people suffer and to promote the sacredness of all life. The themes basic came from the United States Catholic Bishops Pastoral Letter which stresses the respect and dignity for all persons.

The top runner of the 5 mile run was Clyde Harris, a member of St. Mary's Hospital team finishing with a time of 26:18. Following closely in second place was Larkins Saloon runner, Mike Persak who had a time of 26:35. In third place was Richard Havinga with a time of 27:54.

In the 1-5 mile run Bradley Bennett was the top runner finishing the race at 8:06. Behind Bennett was Doug Timmer with 8:44 and in third was Trudy Watson with a 9:45 time.

The start/finish was at Richards Park and the course ran along the Flat River, over Vergennes and along Lincoln Lake Road. The runners enjoyed the scenic countryside and felt welcomed by the community of Lowell.

Rubber Stamps & Engraved Signs made to order, 897-9261.

Mayor Protem Jack Fonger was provided by the Blue Max band of Grand Rapids.

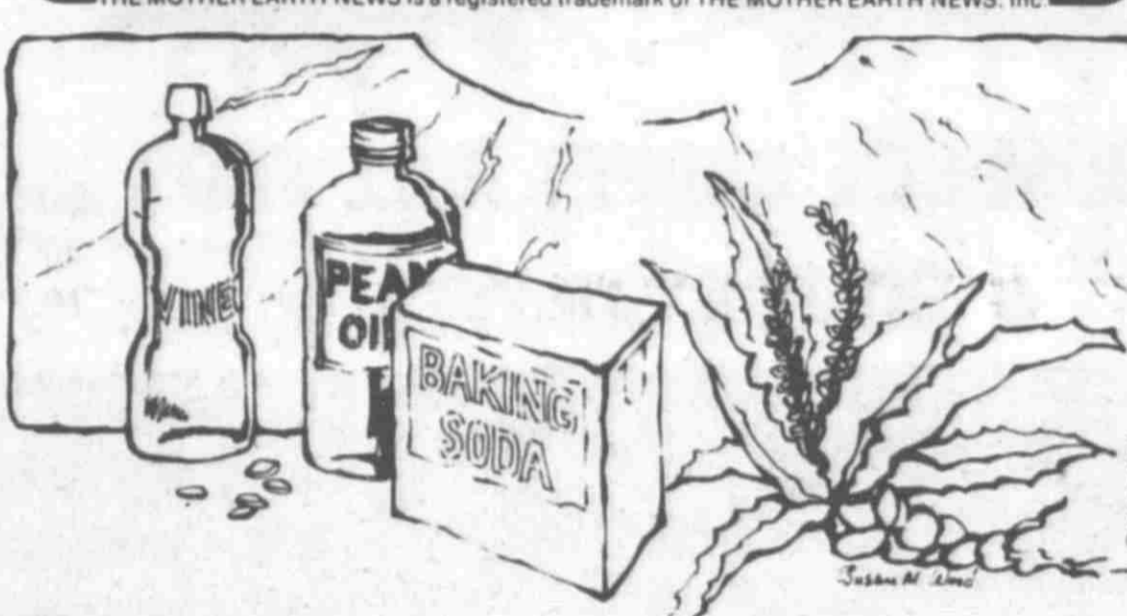

Clyde Harris was the top finisher in the New Beginnings 5 mile run.

### NATURE'S OWN SUNTAN PRODUCTS

Most of us are aware that overexposure to the sun's ultraviolet rays is potentially dangerous. . . and that a gradual tanning routine—as the summer season progresses—is the only commonsense approach to sunbathing.

It's less well-known, however, that you can augment your body's natural sunprotection systems if you increase your consumption of C and B vitamins, all of which are depleted when your body is regularly exposed to solar rays. Summer's delicious harvests of fresh cantaloupe, strawberries, tomatoes, green peppers, broccoli, and collard greens provide—as do citrus fruits and juices—excellent sources of vitamin C. Foods rich in B vitamins include eggs, liver, poultry, wheat germ, unrefined cereals, milk, bananas, tuna, salmon, spinach, peas, and dried brewer's yeast.

Other natural protective aids are readily (and economically) available from your kitchen, bathroom cupboard, pharmacy, or health food store. (NOTE: As with all sun-care products, it's best to avoid the area around the eyes when applying any of the following preparations.)

Sesame is the polyunsaturated nut oil "which most fully absorbs the ultraviolet rays of the sun", according to herbalist and natural beauty expert, Dian Dincin Buchman. In *The Complete Herbal Guide to Natural Beauty*, Dian suggests applying sesame seed oil as a tanning aid. (When swimming, you'll have to reapply the lotion each time you come out of the water. . . as it will wash off and leave you unprotected.)

Ms. Buchman also mentions that a combination of sesame oil, anhydrous lanolin, and water can be used as an effective tanning cream. Simply melt 1/4 cup of the lanolin in the top of a double boiler, then immediately blend in 1/4 cup of sesame oil and 3/4 cup of water. This mixture can be refrigerated in a clean, labeled container.

Another natural sun remedy consists of peeling and mashing one large cucumber. . . straining the liquid through cheesecloth. . . then adding 1 teaspoon each of inexpensive rose water and glycerin, both of which you can probably buy at your local pharmacy.

Virginia Castleton, in her *Calendar Book of Natural Beauty*, describes a minty sun-tan cream which can be soothing and helpful while soaking up ol' Sol's energy. First, drop a handful of fresh mint leaves in a blender containing a couple of tablespoons of water. . . add 1/2 cup of sesame or coconut oil. . . 1 egg yolk. . . and 1 tablespoon each of wheat germ oil and lemon juice. You might want to put in a drop of peppermint oil for extra fragrance before blending the ingredients. Once again, keep this sun-tan lotion refrigerated.

When all of your precautions fail and you get a whale of a sunburn, there are still many effective home remedies that can bring you relief. Some folks find that if they break open vitamin E capsules and apply the oil to the skin, the burn will often disappear overnight (the vitamin packaged in ointment form offers similar results). Or you might try applying sunflower, safflower, or cottonseed oil, all of which are rich in the healing nutrient.

### Local franchisees help fund McDonalds Olympic Swim Stadium

Al and Donna Symons

Al and Donna Symons, McDonald's owner/operators in Grand Rapids and Lowell recently visited the McDonald's Olympic Swim Stadium in Los Angeles, site of all swimming, diving and synchronized swimming events for the 1984 Summer Olympic Games. They stand before a wall at the \$4-million stadium site bearing the names of 1,700 McDonald's worldwide franchisees who funded the pool's construction.

The Symons' commitment to the achievement of America's youth in sports is felt by amateur athletes nationwide, from Grand Rapids to the Olympics. As part of the McDonald's owner/operator community, they sponsor a number of national youth sports federations, including Age-Group Swimming, U.S. Diving, U.S. Synchronized

Swimming and the U.S. Gymnastics Federation. The state-of-the-art McDonald's Swim Stadium is the only commercial pool to be awarded a gold medal in the National Spa and Pool Institute's 1984 international competition.

By Roger Brown

Those of you who have subjected yourselves to reading this column over the years know that I am a real stickler about my lawn. If I have to have it baled more than twice a summer I figure I've spent too much time on it. This year has been great so far. The near drought conditions around here have it burned to a beautiful shade of dead, and my lawn mower has been rusting away in a pile of parts in the garage. I hired the neighbor kid to mow it a couple of times, and I buzzed off the buckhorn once while he was off on a trip. As far as I'm concerned, that's about as near perfect as lawn care can get.

But, as I sit here at the typewriter we are getting a real soaker of a rain, which means only one thing... the grass will turn green and grow. Most people invest in sprinkling systems for their lawns. I'm thinking about investing in a ground cloth like they have at Tiger Stadium. Every time it threatens rain I can just roll that sucker out and keep my grass from getting wet. As soon as the weather clears I'll roll it back up and let her bake.

We have some friends who lived in Oklahoma for several years. They said that it was virtually impossible to grow a lawn there because it was so hot. Most people's lawns consisted of a tangled, tough plant that covered the ground like a giant Brillo pad. I've been meaning to ask them if there were any companies out there that export that stuff. I could roll it out like a carpet, and push my lawn mower over by the road for the trash collectors. The hoses, sprinklers, trimmers and rakes could all go too.

I have checked into such possibilities as Astro Turf, cement painted green and that green tinted pavement that they use on tennis courts, but they were all way too expensive. I have seen yards that have been covered completely with rocks and/or cypress mulch, but I'm sure that either of those remedies would be cost prohibitive too. I've thought about calling the army for a barrel or so of leftover Agent Orange, but I'm sure there'd be some environmentalist with something to say about that.

So, I figured I was doomed to an existence of having to deal with a lawn that needed cutting throughout every summer. But, a week or so ago I noticed an article in the Grand Rapids Press about a guy who was fighting his city hall for the right to let his lawn grow up in a natural state so as to provide a sort of wildlife refuge. It seems the guy had been doing just that until the neighbors complained, and the city cited him for an ordinance violation. This guy is a screaming environmentalist who belongs to the Sierra Club, Greenpeace and several other environmental groups, and has some pretty valid arguments for his theory of letting his grass grow to weeds. At least I thought they were valid.

So, I've been watching the papers and the nightly news closely, in an effort to find out how this guy does with his case. If he wins, then I'm likely to start letting my grass grow to become a haven for all sorts of wildlife. Who knows, maybe I'll end up with a few endangered species running around out back... tigers, eagles, grizzlies, maybe even an elephant or two. It'd sure beat pushing a lawn mower.

Honolulu, Hawaii, is often known as the "Crossroads of the Pacific," because it is often the stopping point for ships and planes crossing the Pacific Ocean.

## Views On Dental Health

### CHECKING DENTURES

Fortunately - or unfortunately - you no longer have any problems with your upper teeth. They were all removed some years ago and you now wear a full upper denture. Does this mean you can forget about visiting your dentist regularly? Not if you value your health and future comfort!

Regular appointments with the dentist are as important for denture wearers as for people with natural teeth. The mouth tissue, bony ridges and gums that support dentures are constantly undergoing changes and may impair the dentures' proper function. Even such general health ailments as vitamin deficiencies, extended illness, drug therapy, weight loss, diabetes or high blood pressure

can change the way dentures fit. Ill-fitting dentures can seriously damage the mouth, causing abrasions, bruises, inflammation and rapid destruction of the supporting bone. Prolonged irritation of this kind may result in the development of tumors.

It is important to have a dental checkup at least once a year to insure that your dentures are properly adjusted and that your mouth is in good health.

## "Highlights"

The Lowell Board of Education held its regular meeting on Monday, July 9, 1984 at 7:30 P.M. in the Board offices. Prior to the approval for the payment of bills, the Board elected Roger Kropf for President, Chris Van-Antwerp for Vice-President, Sandy Nagy for Secretary, and Wayne Dowling for Treasurer. It is at the July meeting each year that the Board holds an organizational meeting to establish various guidelines and procedures to follow for the coming year. A resolution was adopted to continue to hold regular Board of Education meetings on the second Monday of every month. The public is invited to attend these meetings which are held in the Board of Education office at 12685 Foreman Road at 7:30 P.M.

Under personnel items, the Board accepted the resignation of John Schneider from a supervisory position at the Bus Garage

and appointed him to Foreman's position over the bus mechanics. Dode Collins was appointed to the position of Transportation Supervisor, and a leave of absence requested by school nurse, Gwen Eskes, was accepted for the 1984-85 school year.

In other matters, the Board approved the establishment of a new position at the bus garage entitled "Automotive Mechanic Foreman". Approval was given to return a self-contained LD program for grades 2-5 to Lowell Schools from East Grand Rapids since it was in the best interest of the students and maximized the use of educational dollars available to the district. In the effort to comply with Title IX which deals with discrimination on the basis of race, color, religion, age, marital status, or sex and the compliance with Sec. 504 which deals with discrimination on the basis of handicap, a new Board policy entitled Grievance Proce-

dures" was adopted.

As part of the plan to save the district dollars in the area of copy/duplicating costs, the Board gave approval to purchase a XEROX 9200 at a special board meeting held on June 18, 1984. In conjunction with this proposal, was the understanding of needed convenience companion copiers at each building. Approval was given to purchase six XEROX 1020 Marathon copiers and to sell the district's current copy/duplicating equipment that is no longer needed.

In the last items of business, the Board awarded a bid to LAMCO, Corp. for rehabilitating bus No. 75H at an amount not to exceed \$16,450, and denied a request from teacher Curt Aldridge to extend his Career Exploration Leave for an additional one year period.

## Free Fari is a free fair in many ways

"What's free about the Ionia Free Fair?"

That's probably the most often asked question put to fair personnel when they are out promoting the huge 10-day exposition which runs July 27 - August 5.

The Free Fair concept began with the birth of the fair in 1915 when a fair committee, spearheaded by then Mayor Fred W. Green and his business partner, Fred Chapman, decided on a free gate admission that has prevailed throughout the 69-year old history of one of the nation's largest fairs.

It is possible for a fair goer to spend an enjoyable day at the fair without spending as much as a penny. Many do just that by taking a walking tour of the midway and visiting the hundreds of exhibits that are part of the fair's 16 departments and the commercially-sponsored booths in the Automobile and Merchants' buildings.

The Free Fair free fare also includes a myriad of special attractions, including shows at the Free Stage between the Merchants' Building and the cafeteria. It features top area talent continuously throughout the fair. Under the sponsorship of

Vernor's soft drinks, this year's line-up includes country music favorite Kenny Antcliff, Czechoslovakian dancers, break dancers, 1950's rock and western music. Ronald McDonald Magic Show, demonstrations, blue grass music, Indian singers and dancers, and a security dog handling show by the U.S. Air Force.

Perhaps the most breath-taking spectacle of the air, free or otherwise, will be the "Balloons Over Michigan" hot air balloon races at 7:00 P.M., July 28 and 29, featuring 40 or more hot air balloons each day. The balloons will be launched from the west parking lot.

A traditional free grandstand attraction, the Kiddie Grandstand Show, is set for 10:00 A.M., July 31 and is sponsored by Odell Restaurants. Featured will be the Dewey Puppet Show and the giving away of prizes.

Many of the country's top heavyweight horse pulling teams will be on hand at 9:00 A.M. Au-

gust 3, to pull in front of the free admission audience. Last year's winning team, piloted by Ward O'Boyle of St. Louis, included Roger, reputed by many knowledgeable horsemen to be the world's largest horse. Roger may be back this year to defend his title laurels.

The Ladies' Day Program, a popular free attraction placed on the fair's schedule only a few years ago, will attract a large grandstand crowd at 10:00 A.M., August 2. Entertainment, fashions, demonstrations, and the announcement of the Ionia County Homemaker of the Year winner are on the show's agenda.

Finally, there are the 36th Annual Opening Parade, August 28, and the daily Great Vernor's Doo Dah parades on the midway featuring a band, Disney-like characters, the Free Fair queen and horses.

Obviously, there is plenty to do at the Free Fair without putting a dent in the pocketbook.

People have been traveling the Sahara by camel caravan for as long as 4,000 years. Today, buses and trucks make regular trips across the arid wastes and filling stations are part of the oasis facilities.
