HISTORICAL RESEARCH PROJECT

Anyone having any pictures or information about the building occupied by Dr. Reagan prior to 1930 would be greatly appreciated. The building was a bank until 1932 and is located on the corner of Main and Riverside Drive. Please send the information to Dr. R.E. Reagan, 207 W. Main, Lowell, Michigan 49331.

START BUCKLING UP NOW!

Don't wait until July 1 to buckle up--get in the habit now--it could save your life.

That's advice from Secretary of State Richard Austin who reminds all motorists that Michigan's new safety belt law goes into effect July 1.

Austin said that from his own personal observation on the highway, more motorists have begun wearing belts since the law was passed. "Wearing a belt is a no-cost, simple way of substantially cutting highway deaths and injuries--a good habit to get into," he said.

Six other states--New York, New Jersey, Illinois, Missouri, New Mexico and Indiana, in addition to Michigan's neighbor, Ontario, now have safety belt laws.

TEACHER DAY USA!

Today is TEACHER DAY USA! Our Lowell Area Schools are observing this day to recognize the fine work our teachers are doing in the educating of our youngsters. So be sure to thank those who work so hard and so well in giving us the knowledge to put to use later in life as we celebrate TEACHER DAY USA!!!

OFF THE BLOTTER

A 12 year old juvenile will be referred to Probate Court at a later date on charges of distraction of property in connection with the shooting out of windows at a residence in Lowell on Tuesday, April 30th.

Involved in a property damage accident was Ronald Blain, 30, of Lowell when he struck a car driven by Marilyn Thomet, 55, also of Lowell. The accident occurred at the intersection of Division & High Streets, Thursday, May 2nd.

Albert Ketchum, 44, of Lowell, struck a car driven by Priscilla Dipiazza, 54, of Ada on Monday, April 29th, at Bowes Road & S. Hudson. Ketchum was attempting to turn his tractor trailer and the trailer struck Dipiazza's car.

Injured in an accident Thursday afternoon, May 2, on M-21 and Valley Vista Drive was Patricia Madsen, 21 of Bellevue, MI. The accident occurred when the car she was a passenger in, driven by Todd Madson, 18, also of Bellevue, struck the rear of a car driven by Harold Harper, 67, of Ionia. Harper had stopped in traffic attempting to make a left turn.

Kelly May, 17, and a passenger in her car, Laurie May, 39, both of Ada, were injured in an accident Thursday afternoon, May 2, when her car was struck from behind by a car driven by Timothy Anderson, 26, of Lowell on M-21 near Valley Vista Drive. Anderson also sustained minor injuries.

Issued an appearance violation for shoplifting from The Lowell Beer Store, Tuesday, May 30, was David Stevens, 24, of Lowell.

David Clark, 30, of Lowell was slightly injured Friday afternoon, May 3, when the motorcycle he was riding was struck by a car driven by Susan Pankuch, 36, also of Lowell when she failed to yield right of way at a stop sign at N. Hudson & Elm Street.

Lowell officers investigated 21 accident complaints in the month of April, including 5 injuries and 1 fatal accident.

New Look For Main Street

At Monday night's City Council proceedings, Council approved the proposal of Gross and Associates. Gross will provide the City with 40 trees which will be placed in 60 inch planters along Main Street from Amity to Jefferson street. The trees will be a mix of Locust, Norway Maple, and Marshall Ash in the 3-1/2 to 4 inch trunk diameter and will be guaranteed and maintained during the 5 year lease period and guaranteed for one year thereafter when planted permanently in places to be determined by the City. Gross will do all fertilizing and maintenance during the lease period at a total cost of \$744 per month to the City. It is estimated that the trees should grow 1/2 inch each year and double their value in the 5 year period, besides the added beauty and overall improvement to the quality of the downtown area appearance.

The trees should be arriving within 30 to 45 days and be a part of the overall plan of a tree maintenance program being developed by the City. Future plans include trimming and removal of old, dead trees throughout the city and planting new trees in their place. Although this is not a part of this contract, it was the expressed interest of the total council to go ahead with this much needed effort.

In other Council business, the Macker Tournament will again take to the streets the second weekend of July. Mitch McNeal presented the annual request after conferring with the Macker neighbors and getting the go ahead unanimously. This year will be very similar to '84 with the addition of three courts but being contained in the same overall area. Efforts to curtail loud music and improve parking

are promised in 1985. The Zoning Board of Appeals heard a request of John Ingersol for a variance to locate a pre-constructed home of 896 square feet in a zoned area (W. Hunt Street) designating a minimum sized home of 1,000 square feet. The request was tabled until the June 3rd meeting in order that the Planning Commission could review the matter.

For legal purposes the Lowell Showboat Corporation was declared by the City Council to be a non-profit organization. That is, that the Lowell Showboat Corporation is a not-for-profit group which operates the Showboat within the City limits. This satisfies the legalities for several of the upcoming events which will take place Memorial Weekend.

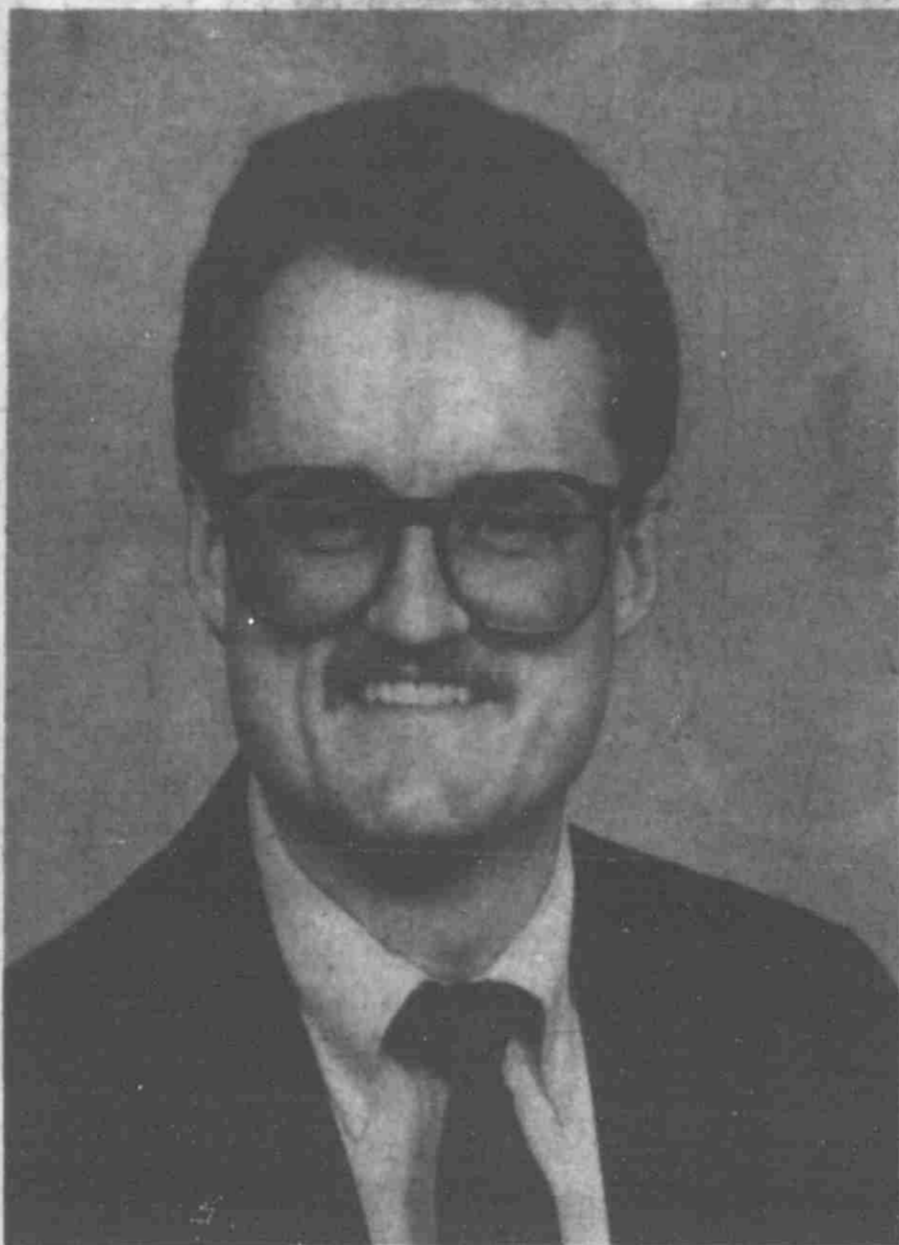

Council approved the bid of Interstate Pipe Maintenance for the purpose of repair and re-

placement of 10 manhole structures in the Monroe, Washington, Jefferson areas of the City. These manholes have been leaking up to 50,000 gallons of water per day due to their deteriorated condition. The work will repair the collars, piping and walls of the manholes and will be funded with Federal Revenue Sharing monies. Work will begin immediately.

Ray Quada presented the 1985-86 City budget to the Council. There will be a public hearing on the budget, on May 21 and June 3 at the Lowell City Hall, 8:00 p.m.

Quada indicated that the proposed budget calls for three-tenths (.3) of a mill increase in taxes and an increase of seven cents per 1000 gallons of water. Additionally, the budget establishes the sewer rate at 65% of the water bill; up from 55%.

Teacher Van Antwerp Honored

Chris Van Antwerp

Chris Van Antwerp, Saranac High School Art Teacher, has been named 1985 Art Educator of the Year by the Michigan Art Education Association. Van Antwerp will be honored in an awards ceremony at the opening Gala Concert of the Michigan Youth Arts Festival on May 10, along with teachers of music, dance and theatre and two out-

standing arts administrators. This award is granted each year to a visual arts educator who has displayed excellence in the classroom, involvement in bringing the arts to the community, and service to the association.

Van Antwerp has been the art instructor in Saranac since 1969. He holds a BFA and an MFA degree from Michigan State Uni-

versity. His students' works have consistently been chosen for regional and state exhibitions. Van Antwerp was the founding President of the Lowell Area Arts Council; has served on the Board of Directors of the Michigan Association of Community Arts Agencies; and is Vice President of the Board of Education for the Lowell Area

Schools. Van Antwerp's service to the Michigan Art Education Association has been as Regional Liaison Officer, Michigan Week Youth Arts Festival Visual Arts Chairperson, and 1983 Annual Fall Conference Chairperson.

Van Antwerp lives in Lowell with his wife, Jill and son, Jay.

Utility Conference Attended

Herb Haines and Ivan Blough recently attended the Michigan Public Power Agency annual meeting in Grand Rapids. Lowell is a member of MPPA and Haines serves on the Board of Commissioners. Presentations at the conference covered subjects that are important in planning and operating electrical systems.

Walter J. McCarthy, Jr., Chairman of the Board of Detroit Edison Company discussed some of the future concerns for the electrical industry. He particularly cited the need to shorten the time to develop new generating plants to less than five years. Now it takes about 12 years to plan, design and construct a new station. He pointed to progress in other countries. For example, a nuclear plant in Japan was recently put in operation after only five years.

In response to a question about the future of nuclear power, he predicted that within 100 years, all the generating plants in the

United States will be nuclear. He based the prediction on the problems with other fuel sources. For example, even though coal is plentiful, its use contributes to acid rain. Gas, oil and hydroelectric power also have limitations, and alternative technology is not advanced enough to meet the demand.

Michael K. Bergman, Director of Research for the American Public Power Association presented a status report on the causes of acid rain and measures being taken to correct the problem. He stated that while coal-fired electrical plants are one cause of acid rain, the burning of all fossil fuels contributes to the problem. For example, the millions of gallons of gasoline used every day in cars and trucks are a major factor.

Obituaries

The Ledger's criteria for running obituary notices is to glean from the Grand Rapids Press obituaries that contain deceased persons or relatives of the deceased from Lowell, Ada, Saranac and Alto. Should you know of an obituary that would be of interest to our readers, but is not listed in the Press, please give us a call at 897-9261. There is no charge for obituary notices in the Ledger.

SHERINGTON - Mr. Donald L. Sherington, aged 59, of Coopersville, passed away Monday morning at Metropolitan Hospital. He is survived by his wife, Vesta Alantha Sherington; his children, David and Lois Sherington of Dorr, Duane and Berta Sherington of Florida, Dawn Sherington of Grand Rapids, and Denise Sherington of Coopersville; 12 grandchildren, two great-grandchildren; two

brothers, Frank of Alto and Carl and Ann Sherington of Middleville; two sisters, Mrs. James (Shirley) Burd of Alto and Joyce Slater of Alto; a brother-in-law, Bob Heers of California; several nieces, nephews, and great-nieces and nephews. Funeral Services were held Thursday, Interment Garfield Park Cemetery.

OSMOLINSKI - John C. Osmolinski, aged 65, of Vergennes Township, passed away April 2, 1985. He is survived by his wife, Jean; mother, Frances of Ada; children, Pam, Jerry, Karen, and Bobbie; brothers, Frank & Stanley; sisters, Florence Har-tuniewicz, all of Ada; Helen & Martha Wisniewski both of Grand Rapids, Sophie Slater of Cascade; mother-in-law, Elizabeth LaFreniere of Beaver Island, MI, five Brothers-in-law, six sisters-in-law; several grandchildren and nieces and nephews. He was a life time member of the VFW Post

Should you ever hear faint creaking or light tapping noises on the bookshelves of your local library, don't be surprised to find "bugs" in your books, says National Wildlife's *Ranger Rick* magazine. The bugs, smaller than a grain of rice, are called booklice. They eat mold and mildew in old books and papers, and crawl on floors, bookshelves, windowsills and walls looking for dead insect bodies, bits of cereal and the glue used in hanging wallpaper.

many nieces and nephews. Funeral services were held Monday at the Roth-Gerst Funeral Home with Rev. Paul Price of the Big Rapids Free Methodist Church officiating. Interment Chapel Hill Memorial Gardens. Arrangements by Roth-Gerst Funeral Home, Lowell.

#8303, a member of the Moose Lodge #809. Funeral Services were held April 5, 1985 at Roth-Gerst Funeral Home with Msgr. James P. Moran officiating. Interment St. Mary's Cemetery.

Capitol Column

by
Senator Dick Posthumus

As part of an overall plan to persuade General Motors to build its new Saturn plant in Michigan, Senator Posthumus recently introduced legislation establishing automotive research and technology enterprise communities (ARTEC).

The two-bill package, Senate Bill 199-200, provides incentives for auto companies to locate within specific areas, or "bubbles." Under this legislation, incentives would be offered to car manufacturing plants generating at least 3,000 jobs. Those incentives would include allowing research and development deductions against the Single Business Tax; reforming the base against which the Single Business Tax is applied to remove those items which do not add value to the product—that is, taxes on workers' compensation and unemployment insurance rates; and a 25% credit for job training programs that would upgrade workers' skills toward high technology production.

While the original intent of the bills was to make the scope narrow enough to include only the Saturn plant, recent talk of Chrysler and Mitsubishi jointly building an auto plant in this country and Ford Motor Company's interest in building a new sub-compact car plant, encouraged sponsors to expand the legislation's eligibility criteria. There is also talk of eventually

Letters to the Editor

Over a period of 13 years a student is under the instruction of numerous teachers. On this day, May 8, I would like to salute the teacher, whom I feel, should receive the highest honor on TEACHER DAY U.S.A.

Although I graduated 14 years ago, I still have fond memories of my superb 4th grade teacher, Sandra VanWeelden, "Mrs. Van".

Mrs. Van had a way of making every day a fun and interesting learning experience. She had a warm, empathetic nature, which was expressed whenever a student needed a listening ear. She shared in our childish humor and laughed with us.

Mrs. Van made the students in her classroom feel equally important, regardless of their learning ability.

Last year, I was privileged to have a child of mine in Mrs. Van's 6th grade class. It was no surprise to me that my son experienced the same great qualities of this truly devoted teacher.

Mrs. Van, I thank you for being an important part of the education of my son and myself. Nancy Tudor-Richardson

Ehlers Appointed to Higher Education and Technology Committee

State Senator Vernon Ehlers (R-Grand Rapids) has been appointed Vice-Chairman of the newly-created Senate standing committee on Higher Education and Technology.

Ehlers, who was recently elected to the Senate in a special election, was earlier named chairman of the Senate Committee on Public and Mental Health, and as a member of the Committee on Education and the Committee on Economic Development, Trade and Tourism.

"This latest appointment presents another new challenge and closely parallels my interests as a lawmaker," Ehlers said. "I consider higher education, especially in research and development aspects, to be a major issue in state government. I will enjoy this new role in fostering innovative approaches to joining our state's intellectual resources with its industrial resources."

The Senator said the combination for higher education and technology is a foresighted one. "If Michigan is to enter the 21st century as a technological leader, it is our colleges and universities which will lead us there," said Ehlers, a physicist.

"High Tech" is more than a buzzword, it is the landscape of Michigan's future. The university research of today will provide the base for jobs 25 years from today. As a scientist myself, I know the importance of education, innovative thinking, and research, and this new committee will be addressing all of those.

The committee, created last week through Senate Resolution 100, will be charged with considering issues dealing with higher education facilities, R & D business incentives, technol-

HOT LUNCH MENU WEEK OF MAY 13, 1985

Cub Scout Pack 3188 Recognizes Award Winners

The April Pack meeting for Purpose Room. The meeting began with an opening ceremony Thursday, April 18, at the Run-ciman-Riverside School All-

duced as an assistant Cubmaster, working with Mr. Dennis McClure, who is also an assistant and Mr. Dave Rogers, Cubmaster for the pack.

Announcements were given by Dennis McClure, who reminded all parents and boys that the Memorial Day Parade and the July 4th Parade. A Fishing

Boys receiving the Arrow of Light Award are from L to R: Clay Pelon, Ryan Burns, Marc Briggs, Kevin Stremler, Jason VanderWarf, Rob Kenney and Aaron Breland.

Amundsen; Sportsman - Aaron Breland; Scientist - Scott Heukels; Artist - Scott Heukels; Craftsman - Scott Heukels; Engineer - Kevin Stremler; Forester - Jon Amundsen, Marc Briggs; Showman - Marc Briggs.

An arrow of Light ceremony was performed by Webelos Leaders Rick Briggs, Cindy Stremler, Terry VanderWarf and Al Hall. The following seven boys earned this award, which is the highest honor given to a Cub Scout: Clay Pelon, Marc Briggs, Rob Kenney, Ryan Burns, Aaron Breland, Kevin Stremler, Jason VanderWarf. Symbolic candles were lit, with a green candle, signifying the Boy Scout program, left unit. These candles remind the boys there are many scouting adventures ahead for them as they move to the Boy Scout Troop #102 and their learning has not ended with Webelos.

Each Arrow of Light recipient was presented with a plaque, on which a solid walnut arrow-head slide for their neckerchief was

CITY OF LOWELL ORDINANCE

At the Regular Meeting of the Lowell City Council held Monday, April 15, 1985, the Council voted to amend Section 18.45 of the City Code of Ordinances titled, "Dogs". Below, the original section is printed in its entirety, with the deleted sections intact. It is then printed again with the sections deleted, as specified by the Council, subsection (a) 2. delete "or within sight of and under the oral control of the owner or some other person with the permission of the owner"—sub-section (b) 1. delete "no dog shall be unconfined unless under reasonable control as herein defined." This amendment will take effect on the date of this publication.

Lowell Citizens, if they wish to do so, may petition the City of Lowell for a referendum to re-insert the words, within forty-five (45) days of the date of this publication.

Sec. 19-45. Dogs.

It is deemed by the City of Lowell that the ownership of a dog is a privilege which carries with it responsibilities to the city and its residents with regard to the care and custody of said dog. In interpretation and application, the provisions of subsections (a), (b) and (c) of this section shall be construed to impose a primary responsibility for compliance with the provisions of this section on the owner of said dog.

(a) Definitions. The following terms used in this section shall have the meanings set forth in this subsection:
 (1) The word "owner" shall include every person having a right of property in such dog, and every person who keeps or harbors such dog or has it in his care, and every person who permits such dog to remain in or about any premises occupied by him.
 (2) "Reasonable control" shall mean keeping a dog on suitable leash or within sight of and under the oral control of the owner or some other person with the permission of the owner in all cases other than while upon private property of the owner, or unless the dog is confined in a closed automobile or shipping receptacle.
 (3) A dog shall be deemed to be "unconfined" anytime it shall be outside of a building, fence or enclosure of its owner.
 (b) Running at large. The owner of any dog four (4) months of age or over shall be subject to the penalties provided by this Code any time the dog is in violation of any of the following restrictions:
 (1) No dog shall be unconfined at any time unless licensed as required by law and unless wearing its license tag and evidencing rabies immunization.
 (2) No female dog shall be beyond the premises of such owner when said dog is in heat.
 (3) No vicious dog shall be unconfined unless securely muzzled and led by a leash. Any dog shall be deemed vicious which has bitten a person or domestic animal without molestation, or, which by its actions, gives indications that it is liable to bite any person or domestic animal without molestation.
 (4) No dog shall at any time, by loud or frequent or habitual barking, yelping, or howling, cause annoyance to people in the neighborhood.
 (5) In addition to the penalties which may be imposed upon the owner as above provided, any person other than the owner who is seventeen (17) years of age or older and who knowingly or negligently permits any dog four (4)

shall be construed to impose a primary responsibility for compliance with the provisions of this section on the owner of said dog.

(c) Seizure and impounding. Any dog found at large in the city which is doing any of the acts enumerated in subsection (b) may be seized and impounded by the dog warden or any police officer of the city.
 (d) Rabies prevention. Any person who shall have in his possession a dog which has contracted rabies or which has been subjected to the same or which is suspected of having rabies or which has bitten any person, shall upon demand of the police department or the health officer, produce and surrender up such dog to be held for observation as hereinafter provided.
 (e) Exposure to rabies; notice. It shall be the duty of any person owning or harboring a dog which has been attacked or bitten by another dog or other animal showing the symptoms of rabies, immediately to notify the police department of his possession of such dog.
 (Ord. No. 55, & 23.1, 4-5-71)

months of age or over to be in violation of any of the restrictions herein set forth shall be subject to the penalties provided by this Code.

(c) Seizure and impounding. Any dog found at large in the city which is doing any of the acts enumerated in subsection (b) may be seized and impounded by the dog warden or any police officer of the city.
 (d) Rabies prevention. Any person who shall have in his possession a dog which has contracted rabies or which has been subjected to the same or which is suspected of having rabies or which has bitten any person, shall upon demand of the police department or the health officer, produce and surrender up such dog to be held for observation as hereinafter provided.
 (e) Exposure to rabies; notice. It shall be the duty of any person owning or harboring a dog which has been attacked or bitten by another dog or other animal showing the symptoms of rabies, immediately to notify the police department of his possession of such dog.
 (Ord. No. 55, & 23.1, 4-5-71)

Motorists beware of motorcycles

Secretary of State Richard Austin today reminded all motorists that springtime in Michigan means motorcycles on Michigan highways. "Many motorists who are involved in such crashes say they did not see the motorcyclist."
 Austin, Chairman of the Michigan State Safety Commission, asked all motorists to "watch for motorcyclists during the 1985 riding season."
 Michigan's winter is too severe to permit operation of motorcycles so motorcyclists usually wait out winter for the first days of spring to ride.
 The spring brings out-of-practice motorcyclists and motorists who have not shared the road with motorcyclists for several months, and this unfortunately leads to fatalities. State Police

STATISTICS show 18 motorcyclists died in highway crashes as of April 21 of this year. In 1984, 151 motorcyclists died on Michigan highways.

HOMESPUN DEVOTIONS
 by Pauline E. Spray

And there shall be no night there; and they need no candle, neither light of the sun; for the Lord God giveth them light. (Revelation 22:5)

When you're dead tired, the nights aren't long enough. It's morning before you know it. But there are times when it seems night will never end. Constantly watching and tending a sick baby throughout the long blackness makes the night seem an eternity. Or, if you've ever spent a night listening for tornado warnings, you know how long and interminable the hours seem to be.

Many Christians have passed through nights of disappointments when it seemed morning would never reappear. Some have passed through nights of doubt and skepticism. The inky blackness was dense and comfortless. Many have suffered through the night of illness and pain. The hours were an eternity. Others have lived in the misery of loneliness and heartbreak, waiting for the night to cease and the morning to break.

What a comfort it is to know there is coming a time when darkness will have passed away. The long night will have ended, and we shall bask in the illumination of the Lord's presence and revel in the reality of an "eternal morning."

Prayer: O Lord, Thou hast promised that morning will come. Night will flee away. The darkness will vanish and daylight will dawn. I delight in the prospect of that "eternal morning," when I shall ever be with Thee. Amen.

If life be long, I will be glad. That I may long obey: If short, yet why should I be sad

To welcome endless day?
 Richard Baxter

LAST DAY OF REGISTRATION SCHOOL ELECTION

NOTICE OF LAST DAY OF REGISTRATION OF THE ELECTORS OF LOWELL AREA SCHOOLS KENT AND IONIA COUNTIES, MICHIGAN TO THE ELECTORS OF THE SCHOOL DISTRICT:

Please Take Notice that the Annual School Election of the School District will be held on Monday, June 10, 1985.

THE LAST DAY ON WHICH PERSONS MAY REGISTER WITH THE APPROPRIATE CITY OR TOWNSHIP CLERKS, IN ORDER TO BE ELIGIBLE TO VOTE AT THE ANNUAL SCHOOL ELECTION CALLED TO BE HELD ON MONDAY, JUNE 10, 1985, IS MONDAY, MAY 13, 1985. PERSONS REGISTERING AFTER 5:00 O'CLOCK, P.M., ON MONDAY, MAY 13, 1985, ARE NOT ELIGIBLE TO VOTE AT THE ANNUAL SCHOOL ELECTION.

Persons planning to register with the respective city or township clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This notice is given by order of the Board of Education.

Sandra Nagy
 Secretary, Board of Education
 C23

REVISED

Sec. 19-45. Dogs.

It is deemed by the City of Lowell that the ownership of a dog is a privilege which carries with it responsibilities to the city and its residents with regard to the care and custody of said dog. In interpretation and application, the provisions of subsections (a), (b) and (c) of this section

Two wins, two losses for girls softball

Last week, Lowell Red Arrows softball team split four games, coming up on the short end at Northview 4-0 and 5-3 but defeating FHC 13-3 and Kenowa Hills 4-3.

On Monday, Lowell traveled to No. 2 state ranked Northview Wildcats and played them tough. All state pitcher, Kelley Drake, and Lowell's Phyllis Beachler locked up in a pitching dual in game one. Lowell managed two hits while Beachler allowed four hits. Both of Lowell's hits came off the bat of Chris Crawford. Lowell could not get a runner past second base while Northview left fourteen base runners stranded. Northview scored two runs in the first and third innings for the victory.

In the night cap, Northview scored three runs in the first and one each in the second and third to jump out to a 5-0 lead. Lowell rallied three runs in the sixth to cut the Wildcats lead but Drake came on in relief to strike out the next hitter with the bases loaded.

Chris Crawford continued her fine hitting with 2 more hits. Chris was 4-7 for the day.

On Wednesday, Lowell traveled to FHC and won 13-3 in a mercy rule shortened game. The Arrows scored in two innings but that was enough as seven runs crossed the plate in the first and six more in the third.

Phyllis Beachler threw just 75 pitches in striking out five and walking one. Ronnie Watrous collected two hits while Trisha Stencel smashed a three run homer in the first inning. She had four RBI's for the day. Darcie Rickett doubled in the fifth in a pinch hitting role.

On Friday, Lowell hosted Kenowa Hills, as the Arrows won a squeaker, 4-3. Poor Kenowa fielding and key hitting by Beachler and Trisha Stencel propelled the Arrows to victory. Beachler tripled in Michele McGee and scored herself on a throwing error in the third as Lowell jumped out to a 3-0 lead. In the fifth, Beachler was safe on an error, stole second and rode home on Stencel's RBI single. Kenowa mounted a fierce come back in the sixth, scoring three runs but it was not enough as the Arrows were victorious in the hard fought game. Lowell is now 3-2 in league play 10-3 overall. The next home game is on Friday, at 4:15 as we host Forest Hills Central.

Lowell State Savings Bank Consolidated Report of Condition

OM Team Competes At MSU

The participants in costumes for their long term problem solution of creating a presentation to accompany a classical collection of music are: L to R: Stacy Davis, Joe Malone, Debb Henderson. Top, L to R: Trevor Tyler, Julie Tarak, Heather Nauta, Amie Kanoza.

On Saturday, May 4, the Lowell Middle School OM team and their coach, Cheryl Blodgett, went to Michigan State University to attend the State finals competition of the "Olympics of the Mind."

Each year, this olympic event challenges students to find creative answers to difficult problems. The Lowell team placed among the finalists in the regional competition on March 30, which qualified them to go to State.

The second part of the competition included spontaneous problem-solving in which the more creative the response, the higher the score.

The team is awaiting the results of their performance in Saturday's competition. Who knows? Maybe next - The World!

Urban parks, many designed 50 to 100 years ago, are among the decade's big losers in the heated competition for city funds, reports *National Wildlife* magazine. But their prognosis for recovery is encouraging as cities develop a sense of pride in their parts and a feeling of shared ownership among its users.

The storm has passed, but danger lingers on...

While we understand the urgency of restoring electric power to all of our consumers after a severe storm, we consider hazardous conditions created by the storm to be our first priority. That means the detection and repair of downed overhead power lines, and we need your help.

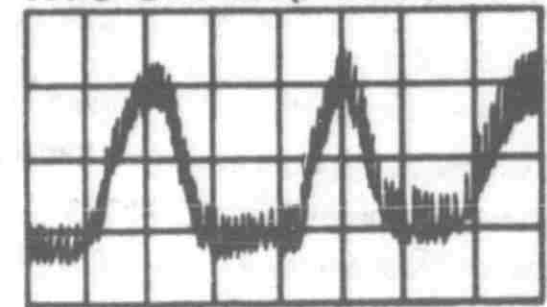

Power lines which have been snapped or pulled down as the result of a storm present a serious, even deadly danger. If you come across a downed wire, stay completely away from it. Don't touch the lines, the pole to which it is attached, or anything else in contact with the wire. Call us immediately - don't assume someone else will. We want to know about downed wires immediately so we can send our professionally trained linemen to make the needed repairs.

Take some time today to teach

your children about the dangers of downed electric wires. Instruct them to tell you or another adult as soon as possible about the problem, and to warn other children away.

Never, never assume a wire is harmless. Let us make the determinations and the repairs. Together we'll continue to keep our community safe from electric accidents.

Don't put your life on the line...

Lowell Light & Power

"Owned By The People Of Lowell"

NOTICE OF A PUBLIC HEARING ON INCREASING PROPERTY TAXES

PLEASE TAKE NOTICE that on May 20, 1985, at 7:30 o'clock p.m. at the Lowell Board of Education offices the Board of Education of Lowell will hold a public hearing on the levying in 1985 of an additional proposed millage rate of 2.2388 mills for operating purposes pursuant to Act 5, Public Acts of Michigan, 1982.

The Board of Education has the complete authority to establish that 32.3 mills be levied in 1985 from within its present authorized millage rate.

The maximum additional proposed millage rate would increase revenues for operating purposes from ad valorem property tax levies in 1982 otherwise permitted by Act 5, Public Acts of Michigan, 1982, by seven point zero three percent (7.03%).

The figure for increase in revenue for operating purposes is based on the latest estimate of state equalized valuation of property located within the school district. State equalized valuation will not be finalized until after the fourth Monday in May. In the event that state equalized valuation as finalized is for any reason higher than the estimate used for this hearing, the Board of Education must hold another public hearing before levying millage on any higher valuation.

The purpose of the hearing is to receive testimony and discuss the levy of an additional millage rate. Not less than seven (7) days following the public hearing, the Board of Education may approve all or any portion of the proposed additional millage rate.

This notice is given by order of the Board of Education.

Sandra Nagy, Secretary

SERVING THE HARD OF HEARING SINCE 1938

Krause at the House

VICTOR C. KRAUSE, STATE REPRESENTATIVE - NINETIETH DISTRICT

The Michigan House of Representatives has overwhelmingly approved legislation to increase the pension benefits of our state's 153,000 school employees.

The key to the new legislation is that the state's public school employees will contribute to the retirement system for the first time in 10 years. Since 1974, the state and local school districts have been the sole contributors to the pension system.

Under the new measure, any public school employee hired after 1988 will be required to contribute four percent of his or her income to the pension fund. This measure creates a self-supporting system that offers many added benefits to our public school employees.

One such benefit is the option of employees to purchase service credit for time off due to maternity or paternity child raising. This long overdue benefit alleviates the penalty many parents face for temporarily leaving work to raise families. Another provision allows them to retire after 30 years of service regardless of their age.

Current employees who opt for the package will obtain their choice of health insurance coverage and an annual three percent increase in pension benefits, which will be calculated on their three highest years' salaries.

This legislation is a sound way to improve the benefits of public school retirees at no additional cost to the state. A balanced budget resolution passed recently by the Michigan House was seriously flawed because it failed to call for a constitutional convention to deal with the issue.

The House version of the plan omitted a key provision of an earlier passed Senate version.

The Republican leadership made several attempts to add language calling for a convention, but our effort was narrowly defeated by a 51-55 vote. An attempt was also made to delay voting on the bill for a few days, so constituents could have additional time to express an opinion on the issue.

Polls indicate strong support for a balanced budget amendment. I'm sure we could have picked up more votes in the next few days.

Fortunately, the battle over a constitutional convention is far from over. The Senate must still take action on the resolution and it is expected to restore language calling for a convention.

If you, the public, begin to apply the pressure, maybe next time the outcome will be different. I know that citizens are outraged at budget deficits that are running out of control and I'm convinced your voice will be heard.

In 1965 it was discovered that without international scientific cooperation, the world's largest land-dwelling carnivore - the polar bear - would become extinct in less than 10 years, reports *International Wildlife* magazine. Thanks to a kind of detente between the United States, the Soviet Union, Greenland, Norway and Canada, today the polar bear is alive and well, with a growing population of around 25,000 bears.

Counselor of the year

Barbara Pierce

The second annual "Counselor of the Year" award issued by the West Michigan Association of Counseling and Development, has been granted to Barbara Pierce, Lowell High School counselor. The West Michigan Association has 250 members, primarily from Kent County area schools.

The purpose of the award is to honor a counselor for outstanding achievement in the field. The association stated several reasons for recognizing Barb Pierce. Barb played a large role in initiating the New Dawn program for pregnant young women; she is the guiding force of Teens Involved, a student group which explores alternatives to chemical abuse. Barb is also President-Elect of West Michigan Association of Counseling and Development, which sponsors frequent professional seminars for its members.

Her many community projects include sponsorship of the Lowell Women's Club, membership on the Child Care Skills Committee of Kent Skills Center, and treasurer of CHILC, a group which supports family members affected by divorce. Barb is also a member of the Kent County Council for Prevention of Child Abuse and Neglect.

Most important to the students of Lowell, Barb is widely appreciated for her caring attitude

and generous commitments of time for the betterment of the Lowell community. Mrs. Pierce will also be nominated for the Michigan School Counselors Association's "Counselor of the Year" award.

Council Proceedings

OFFICIAL PROCEEDINGS of the CITY COUNCIL of the CITY OF LOWELL, MICHIGAN

Regular Meeting of Monday, April 15, 1985.

The Meeting was called to order at 8:00 p.m. The pledge of Allegiance was given and the Roll called.

Present: Councilmen Collins, Fonger, Schneider, Thompson and Maatman.
Absent: None.

IT WAS MOVED by Councilman Collins that the minutes of the April 1 Meeting be approved as written, supported by Councilman Fonger.

Carried.

IT WAS THEN MOVED by Councilman Collins that the Bills and Accounts Payable be allowed and warrants issued, supported by Councilman Schneider.

Yes: Councilmen Collins, Fonger, Schneider, Thompson, and Maatman.
No: None.
Absent: None

BILLS AND ACCOUNTS PAYABLE TOTALS

General Fund	\$40,909.37
Major Street Fund	1.35
Sewer Fund	2,018.12
Water Fund	1,076.73
Equipment Fund	22,919.12
Trust and Agency Fund	377.50
Current Tax Fund	17,210.70
Sanitary and Storm Sewer Fund	53.00

Mayor Maatman turned the meeting over to Chairman of the Zoning Board of Appeals, Councilman Thompson, who reopened the Public Hearing on the Fonger request for a set back variance to allow a zero-lot-lint in a C-2 Commercial District.

Manager Quada stated that plans have been received from the architect for the 7-11 store, incorporating the Council's request to allow for some room between the building line and the rear property line.

He explained that the building would set eight feet from the property line, with a green belt, and that there would be an additional ten feet from the property line to the nearest out-building on the neighboring property, a garage.

The Manager also explained that an enclosed area on the east end of the building would be used to conceal a trash dumpster, and parking spaces for employees would be located to discourage loitering behind the building.

Council concurred that the variance of five parking spaces would not cause any problems.

IT WAS MOVED by Councilman Collins that a variance of five parking spaces from the required 27 be allowed, supported by Councilman Schneider.

Carried.

IT WAS THEN MOVED by Mayor Maatman that a variance of 16 feet from set-back requirements be allowed in a C-2 Commercial Zone to allow the construction of a building eight feet from the south property line, supported by Councilman Fonger.

Carried.

Chairman Thompson closed the hearing at 8:09 p.m. and turned the meeting back over to Mayor Maatman.

The Mayor then opened the Public Hearing on the City's Parks and Recreational Plan.

Manager Quada headed the discussion stating that the soccer fields could be developed over a period of time, however, not in the immediate future because of several problems. A cost of \$40,000 to \$60,000 for a railroad crossing, an additional \$65,000 for signals. He has asked the C. and O. Railroad to consider an opening under the trestle for easier crossing, with access from S. Jackson or Front Streets. Other problems include an Indian Burial Site on the property which can't be disturbed. A study will have to be done to determine the exact location before development of the land. Also, the area has been classified as "wet-land" and as a duck breeding area. It must be cleaned out of all debris and maintained in its natural state. It will be a number of years before all this can be accomplished.

He then explained that soccer fields had been included in the first drawings of the new West End Park, one adult field and

two children's, which could be developed instead. Additional parking will be developed, a play area, restrooms and an ice skating rink large enough for older children. Water and sewer are available on Carol Lynne Dr. This plan must be finalized and plans sent to the State to be registered.

He also explained some major changes proposed for Recreation Park, a midway area which would be grassy squares divided by a network of paved roadways which could be used for amusements during the 4-H Fair, a farmer's market, the Macker Tournament, or other activities such as the Lowell Area Arts Council Festival.

There were no comments from the audience.

Mr. Gerlad Kellogg, a member of the Parks Committee stated that the new park really needs to be named, rather than just referred to as the West End Park. Manager Quada suggested that perhaps each softball field could be named for the donors of monies over the years to be used for recreational purposes: Lee; Look-Daley, etc. Some Councilmembers felt that perhaps it should be named in honor of some local citizen who had contributed to the community by their activities.

Mayor Maatman suggested that they ask for suggestions from the community, a contest perhaps, to name the park. Council concurred that it was a good idea.

The Mayor then closed the hearing.

IT WAS MOVED by Councilman Thompson that the Parks and Recreation Plan submitted by the Parks Committee be approved, supported by Councilman Collins.

Carried.

Manager Quada reported that on March 11, the Fire Department had had trouble with the pumper truck. It was taken to be fixed, and cost for the repairs would run \$20,000 + for the frame-work. It is a 1970 model, and not worth the amount of repairs. Kent County technically owns the pumper, by a rotating system in which each community contributes funds and a new piece of equipment is replaced each year for one community that participates. Lowell's next turn will not come up until 1987-88. It really would not be fair to ask to go ahead of another community who may be desperately waiting also to replace a needed piece of equipment.

In the meantime, the problem remains that the City needs a pumper. Manager Quada stated that in 1977, a fund was set

May 8, 1985

Teacher Day USA, which is sponsored by the MEA (Michigan Education Association) and the NEA (National Education Association) is being celebrated Wednesday, May 8. Teacher Day was established to recognize the contributions to society made by public educators, as well as to emphasize the fundamental importance of America's schools.

Lowell Area Schools are observing this year's Teacher's Day in a number of ways. The recognition started with the School Board's adopting a proclamation naming May 8, 1985 as the official Teacher's Day. The proclamation was signed at the board's April meeting. As happened last year, each teacher in the district will receive an apple, compliments of Kropf Orchards.

The Lowell Education Association (LEA) gave each faculty member a button with such slogans as "We Teach the Children" and "Teacher Day USA." The LEA also sponsored a poster contest at the elementary schools and the Middle School. The top three posters from each building were displayed at the school district's central office until Wednesday when they were returned to their respective buildings.

The ancient Greeks awarded crowns made of laurel leaves to victorious athletes. The ancient Romans decorated their war heroes with crowns of oak leaves.

Dykema Named Resident Assistant

Trinity Christian College 1985-86 Resident Assistants: first row, l to r: Bob Huisman, Henry Hofman, Ed Wiener, Zantesah Ingalls; second row, l to r: Kim Dykema, Kris Kerkstra, Sherry Toppen, Jackie Valence, Deb Tjaarda.

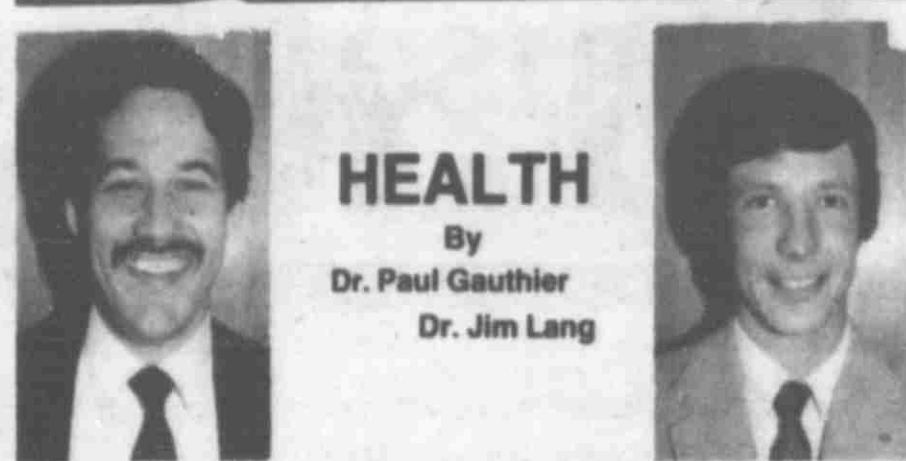

Kim Dykema, a resident of Lowell, Michigan, has been named a Resident Assistant at Trinity Christian College in Palos Heights, Illinois for the 1985-86 academic year. Ms. Dykema is a freshman majoring in English at Trinity.

Resident Assistants at Trinity are upper classmen who serve as peer resources, models, counselors, and friends to resident students while promoting positive, Christian student development and community life. Each resident assistant serves one floor of a residence hall, where approximately 26 students live.

Dave Larsen, dean of students at Trinity, said, "Ms. Dykema was chosen to be an R.A. for her spiritual maturity and leadership abilities. The college is pleased to have her as part of its residence hall staff."

Ms. Dykema looks forward to the work ahead: "I feel being an R.A. is a great opportunity to be vitally involved with the campus life at Trinity, to help students adjust to college life, and to be a good Christian example for the Lord."

Trinity is a four-year liberal arts, Christian college located approximately 25 miles southwest of Chicago. Half of its 350 students live in the residence hall.

Allergies Part II - Medications

Last week we discussed the symptoms caused by allergies and stated that besides avoidance of the offending agent and allergy shots, medication is often used to control symptoms. Today we will review the medication most often used and next week we will wrap up the series on allergies with an indepth discussion of allergy shots (hyposensitization).

Medication is usually considered as the first step after avoidance especially when the symptoms only occur at a particular time of year. They are also used to help control symptoms while waiting for allergy shots to become effective.

Antihistamines are drugs that block the release of histamine (the chemical that causes symptoms) from the cells. Antihistamines also cause some drying of the mucous secretions. Drowsiness is a common side effect of antihistamines but this generally decreases after a few days of taking the medication. Sometimes a different antihistamine has to be tried if this remains a problem.

Decongestants cause constriction of the small blood vessels of the nose which then reduces swelling of the nasal mucosa. Decongestants are available as oral medication or as nose drops/sprays. Unfortunately, nasal sprays can lead to "rebound" congestion after prolonged use so they are only recommended for a few days. Oral decongestants do not lead to this "rebound" congestion so they can be used indefinitely.

When antihistamines, decongestants or a combination of the two do not adequately relieve symptoms, steroids are sometimes prescribed. These act by stabilizing the cells lining the respiratory tree resulting in decreased swelling and discharge. Steroids can be given orally, by inhalation through the nose or mouth, or by injection. Topical treatment by inhalation is much safer than prolonged oral administration. Steroids can be very effective if used as directed, but serious side effects which can occur if taken for prolonged times limit their usefulness in patients with perennial symptoms.

Next week - allergy shots and allergy testing.

aside for purchase of firefighting equipment. It has not been used, and now has \$75,000. He suggested that the City purchase a pumper, and lease it to Kent County for two years, at which time Lowell's turn comes up, the County could buy it outright.

He continued that an FMC pumper truck, a demonstrator, is available at a cost of \$67,000, and could be delivered in two weeks time. Ordinarily, a chassis is ordered, then outfitted with equipment ordered separately, which can take anywhere from several months to a year.

Council directed the City Manager to contact Kent County with the proposal. If they do not agree to the proposal, the City would still make the purchase, keep the truck, and still be in turn for the next County funded purchase.

IT WAS MOVED by Councilman Fonger that the City purchase the FMC pumper truck at a cost of \$67,000 from funds earmarked for fire equipment purchases, supported by Councilman Thompson.

Carried.

Mayor Maatman tabled the discussion on the proposed tree-lease program until the next meeting, so that Mr. Ed Gross from the tree firm can be in attendance to answer questions.

Manager Quada then reported on a request by Mr. Phil Ryskamp of Grand Harbors, Inc. to reopen a gravel mining operation on property located on Bowes Road, on an information-only basis.

He explained that the Planning Commission had discussed the request at their last meeting. When the City adopted the new Zoning Update done in 1981, all zoning allowing mining operations was discontinued and deleted. None of the gravel companies had done any mining in at least a two year period. Stockpiles of gravel were maintained and periodically hauled out. They were contacted at the time of the zoning change, with no responses.

Now, the gravel industry business has picked up considerably, and the company is interested in reopening this site. There is approximately 160,000 cubic yards of gravel left there and they estimated that it could be cleared in about three to four years. Several concessions to the City were discussed, such as, definite dates by which they could start the operation and close the site, whether the City would allow sorting and dreading of the gravel or have the company haul it out for processing

elsewhere, (because of the noise level and dust, one of the major complaints before), reclamation of the property to a usable state, and possible donation to the City for use as park property.

In order to accomplish the request, if the City should choose to do so, would entail the following: 1. The Council would have to adopt a new ordinance to allow sand and gravel mining within the City; 2. Change the Zoning Ordinance to allow the mining operation in a Residential Zone; and 3. Rezone the property in question to Industrial.

The matter will again be discussed at the next Planning Commission meeting with recommendation forwarded to Council for consideration.

Manager Quada also reported that the Community Development Block Grant Program has been extended for another three-year period, and the City will again receive \$17,500 for each of the three years. He stated that the City must notify the State of our intended use of the funds as is required. We can continue the storefront rehabilitation program, or earmark funds for other programs related to downtown improvement, such as programs geared to senior citizens or handicapped.

IT WAS MOVED by Councilman Collins, supported by Councilman Fonger that the storefront rehabilitation project be continued and that acquisition of recreation equipment for low income and handicapped persons be added.

Carried.

There were no Citizen Suggestions.

Under Council Remarks and Reports, Councilman Collins stated that he had a conversation with a DNR representative who stated that the DNR has all kinds of docks already built, ready for use, and can be had for the asking. He suggested contacting them to get at least one for the Grand River boat launch and park area. Council concurred.

Councilman Schneider asked how soon the parking lot area at the corner of Main and Riverside Dr. would be started.

Manager Quada replied that measurements and plans are being finalized, and construction should begin in about two weeks.

Under the Manager's Report, Manager Quada stated that the building owned by Dr. McKay on E. Main Street, next to the

park, has been sold. The new owners are interested in constructing a side entrance facing the park for their two separate businesses. The owners will present a formal proposal at the next meeting.

He also reported that the City has had a problem recently regarding dogs. Two sections of the Dog Ordinance contradict each other. He suggested that Section 18.45, Subsection B-1 be recinded altogether, which reads, "No dog shall be unconfined unless under reasonable control as herein defined.", and that Section 18.45, Subsection A-2 delete the words, "or within sight of and under the oral control of the owner or some other person with the permission of the owner-". He suggested also that the ordinance be adopted on an emergency basis, published to take effect immediately. If Lowell citizens wish to, they may then petition for a referendum within 45 days to reinsert the words.

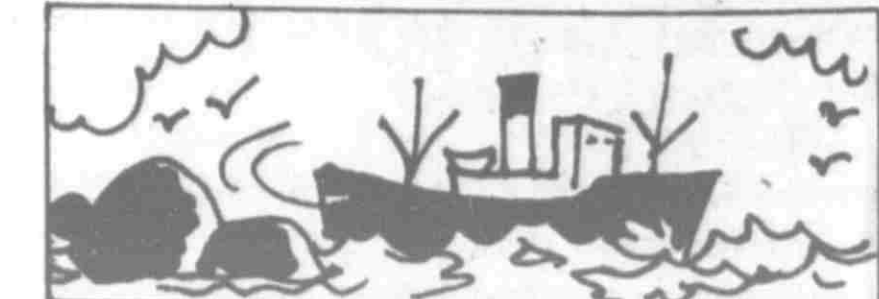

IT WAS MOVED by Councilman Schneider that Section 18.45 of the City Code of Ordinances, titled Dogs, be amended as follows: Sub-section B-1 be deleted in its entirety. Sub-section A-2, delete words "or within sight of and under the oral control of the owner or some other person with the permission of the owner-"., and that the amendment be published in the Grand Valley Ledger to take effect immediately, supported by Councilman Fonger.

Carried.

Councilman Fonger asked if something could also be published in the paper explaining the City's policy on garbage and trash pickup, stating that he had received several complaints from citizens on items not being picked up. Manager Quada stated that he too had discussions on the problem, and will write something for publication.

IT WAS THEN MOVED by Councilman Schneider to adjourn at 9:44 p.m.

Approved: Monday, May 6, 1985

Lowell teens donate microwave

The Lowell Teens United donated a microwave oven to the New Dawn alternative high school class for pregnant teens. The money was raised by the Teens United weekly dances every Saturday, at the Lowell Legion Roller Rink at 10:30 cost is \$1.50.

Pictured are Barb Wingard, Teacher of the New Dawn school, Mark DeJong a representative of Teens United, Trisha Uhen, Vice Chairperson of Teens United, Mary Schug, Secretary of Teens United and Beth Uhen, Advisor for Teens United, Beth is holding a baby belonging to one of the students in the New Dawn program.

Utility conference continued

Bergman discussed current research to develop methods of eliminating acid rain, and stated that APPA supports legislation pending in Congress that would strengthen emission standards throughout the nation. Michigan is ahead of some other states in environmental regulations.

William H. Chew, Vice President of Standard and Poor's Corporation, spoke about the criteria used to assign a bond rating to an agency project such as those MPPA undertakes. He stated the

primary emphasis is placed on the strength of the participating members, as well as the ability and willingness to fulfill contracts. The prior record of the agency, the expertise of the staff and the strength of the enabling legislation are also considered in the rating. He stressed that since the default on the Washington Public Power Supply System bonds, Standard and Poor's investigates each participating city more thoroughly than before.

Michigan Public Power

Agency was organized in 1978 to plan for and secure economical and reliable sources of electrical power for member communities. The 18 member cities have purchased an ownership interest in two coal-fired plants.

New officers were also elected at the meeting. Tim Morawski, of Holland, was elected Chairman, Frederick A. Weber, Chelsea, is the new Vice-Chairman and Joseph D. Wolfe of Lansing is Secretary-Treasurer.
