M-21 two car crash hospitalizes Lowell woman

The typically heavy weekday morning traffic on M-21 was backed up for nearly an hour Monday because of a two car accident just after 8:00 A.M. west of Cumberland. Much of the traffic was able to detour the crash site by driving through the Eastgate in the Woods Subdivision.

Edward Fisher, 45, of 273 Donna, Lowell was eastbound when a vehicle driven by Cheryl McCary, 25, of 11345 Mary Jayne, Lowell, crossed the centerline as the two cars approached on a curve. A witness, who was forced off the roadway with no damage or injury, confirmed that the McCary vehicle

crossed the centerline. The two vehicles came together at their left fronts when Fisher was unable to avoid the collision.

Both drivers lost control following the impact, and the vehicles came to rest about 150 yards apart, both still in the roadway. McCary was pinned in her severely damaged sub-compact for about a half hour. Lowell Rescue personnel used several hydraulically operated tools to pry the wreckage apart and extract McCary. Lowell Medical personnel attended to her while she was pinned in the wreckage. When she was finally freed, McCary was treated for leg and neck injuries and transported to Butterworth Hospital via Life Ambulance. Butterworth officials listed her in fair condition Tuesday afternoon.

Neither Fisher or his wife Shirley were injured in the accident. All the drivers and passengers concerned were wearing seat restraints. McCary was cited by Kent County Sheriff's Deputies for driving left of center.

Rescue workers used assorted air driven tools to free Cheryl McCary from the wreckage of her sub-compact auto. McCary suffered leg and neck injuries. She was wearing a seat belt at the time of the crash.

LEDER DEER CONTEST

Yes . . . The Ledger is sponsoring another "First Buck Contest". The rules remain the same as in past years. The first hunter to arrive at our office with a legally tagged buck on opening day, November 15 will win a slate of prizes from area merchants. This year's donors include Gary's Country Meats, The Grand Valley Ledger, Modern Photographics, Pfaller's Clothing, Anderson Family Shoes and Zeigler Ford. If you are one of the lucky hunters to bag a buck early, hurry on in to the Ledger office at 105 N. Broadway for a shot at the prizes, or at least to get your picture in the paper. See a display ad in this issue for a list of the prizes.

DID YOU KNOW? . . .

. . . Joint department meetings between Middle School and High School are in the making with hopes of bringing about a more coordinated curriculum effort between both buildings? This was a recommendation found in the Educational Excellence report submitted to the September Board of Education meeting.

OFF THE BLOTTER

Alice Lambert, 79, of Lowell backed her car into a parked vehicle in Eberhards parking lot Friday afternoon, November 8.

A car owned by David Morris, of Lyons, Michigan was struck by a hit and run vehicle while it was parked on Riverside Drive just north of Main Street on Tuesday, November 5.

Patrick Murawa, 19, and Michael Gallimore, 17, both of Ionia, were arraigned in 63rd District Court Wednesday, November 6 on charges of breaking and entering motor vehicles at Vennen Chrysler Dodge and Zeigler Ford over the past two weeks. Both were released on personal bond pending court exam at a later date.

Richard Smith, Jr., 30, of Otsego, Michigan collided with a car driven by Deborah Smith, 19, of Lowell on Main at Amity, Saturday evening November 9. No one was injured.

Arrested and taken to the Kent County Jail Friday evening, November 8, on charges of Disorderly person, was Michael Colon, 18, of Lowell.

A 15 year old Juvenile was arrested by Kent County Sheriff's Deputies early Sunday morning, November 3 after running away from a home south of Lowell and stealing a bicycle from a residence in Lowell. He will be referred to Kent County Probate Court on the charges at a later date.

Jodi McCormack, 23, of Flint had the vehicle she was driving struck in the rear by a car driven by a 16 year old Lowell Juvenile Saturday evening, November 9. There were no injuries.

A 15 year old Juvenile will be referred to Probate court on charges of Breaking and Entering the Y.M.C.A. locker room on S. Broadway Street. The charges are in connection with an incident which occurred on October 26.

James Brown, Jr., 19, of Lowell will appear in Court this week on charges of false pretenses over \$100 in connection with passing over \$580 - in non-sufficient funds checks in Lowell earlier this year.

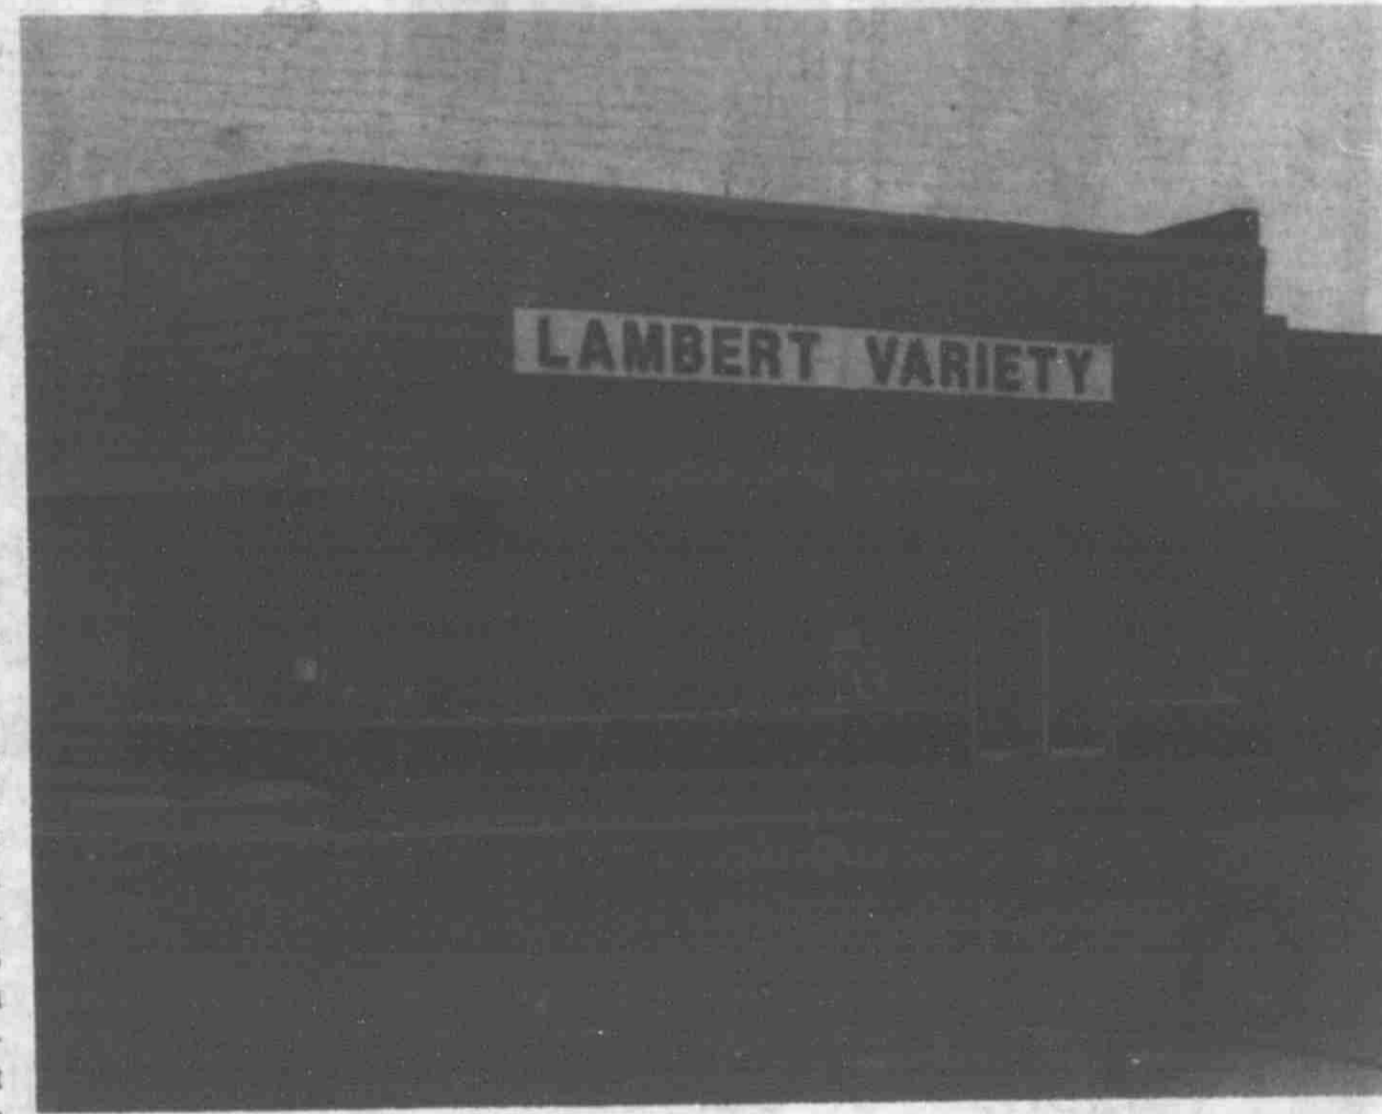

Wow! What a transformation.

It was only two years ago that the Ledger ran a front page article concerning the growing number of vacant buildings on Main Street, especially at the west end of the central business district. Now most of those stores have not only filled up, they and others have spruced up. Cousins' Card and Gift Shoppe, Curt's Home Sound and Arcade (Radio Shack) Straw Basket Collections, Nature's Pantry and Modern Mini-Lab & Camera have all moved into buildings that were vacant at the time of that article. Lambert Variety will soon expand into the vacant law office building next door and the Strand Theatre has re-opened. No less than ten businesses on Main Street have undertaken substantial facelift projects, and others have done some sprucing up to a lesser degree. The city has developed a new parking mall at Riverside and Main and has planted about forty large trees in containers along Main Street. The Police Department has begun enforcing the two hour parking limit in the central business district, freeing more space

for shoppers. The list of positive changes in the central business district seems to go on and on. There are even rumors that the huge Townsend building has been sold, and will soon become an active business again.

The changes up and down Main Street have not all been superficial. There is a fresh atmosphere of enthusiasm among merchants, new and old. Shop-

pers and visitors to the central business district will discover more activities during the upcoming holiday season than during any season in most people's memory. The Chamber of Commerce retail group is planning, to light all the new trees on Main Street and turn them on with a gala, lighting ceremony. Also planned is a bigger and better Santa Claus Parade, carriage

rides, Christmas carolers and church choirs, pictures with Santa, in-store visits from Santa on at least six nights, a home lighting contest, an extensively lit Christmas Tree atop Showboat and other activities, are some of the things planned to keep Christmas Shoppers in Lowell. The mail roads in early England were higher because earth was thrown from the side ditches toward the center. They were called "highways". Smaller private roads became known as "byways."

In the Service

Mr. Kurt W. Katt has entered the United States Air Force's Delayed Enlistment Program (DEP). According to SSGT. Tony Klbamka, the Air Force recruiter here, his entry into the DEP allows the Air Force to schedule an opening for him to attend basic training and be assigned to a job or skill area.

Mr. Katt is a 1985 graduate of Lowell High School and will enter the United States Air Force on April 11, 1986. Following graduation from the six-week basic training course at Lackland Air Force Base, Texas, he will receive technical training in the Mechanical Area and be assigned to a duty station.

Jerry C. Darby, son of Donald C. and Marion G. Darby of 142 Division Street, Saranac, Michigan has been specially identified for early promotion to senior air-

man in the U.S. Air Force. The airman was awarded the new rating ahead of other Air Force members by a "below-the-zone" promotion board which considered job performance, military knowledge, bearing and self-improvement efforts.

Darby is an information systems operations specialist with the 2130th Information Systems Squadron in England.

His wife, Polly, is the daughter of Richard and Sue Grieves of 6215 Grand River Ave., Saranac.

He is a 1981 graduate of Saranac High School.

Spec. 4 Rose A. Agema,

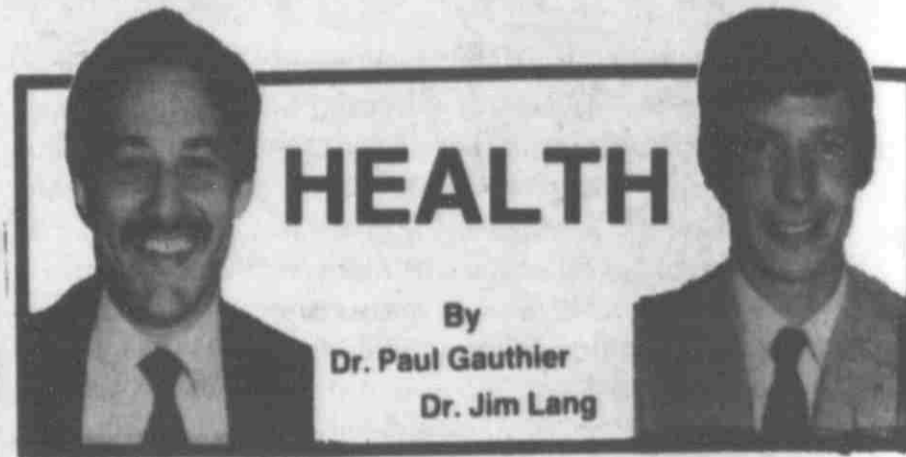

daughter of Mr. and Mrs. Robert Funderson of 3777 Buttrick Road, Ada, Michigan, has been decorated with the second award of the Army Achievement Medal at Fort Jackson, S.C.

The Achievement Medal is awarded to soldiers for meritorious service, acts of courage, or other accomplishments.

Agema is a chapel activities specialist with the U.S. Army Training Center.

Her husband, Steven, is the son of Kenneth and Alberta Agema of 2037 Wyoming Ave., Wyoming, Michigan.

She is a 1980 graduate of Rogers High School, Wyoming.

CURRENT FACTS ABOUT A.I.D.S.

We know that you have heard and read a lot about the Acquired Immune Deficiency Syndrome (AIDS) lately, but because so much attention has been paid to this devastating disease, we thought it might be beneficial to give you the latest information on it and, hopefully, dispel some of the hysteria it has caused. In this and our next 2 columns we will devote our attentions to detailed and hopefully understandable explanations of AIDS as a public health threat. Our information comes from the most recent publication of the U.S. Department of Health and Human Services fact sheet on AIDS.

What is AIDS? - AIDS is a serious condition characterized by a defect in natural immunity against disease. People who have AIDS are vulnerable to serious illnesses which would not be a threat to anyone whose immune system was functioning normally. These illnesses are referred to as "opportunistic" infections or diseases.

What causes AIDS? - Investigators have discovered the virus that causes AIDS. Different groups of investigators have given different names to the virus, but they all appear to be the same virus. The virus is called human T-Lymphotropic virus, type III (HTLV - III); lymphadenopathy associated virus (LAV); or AIDS related virus (ARV). Infection with this virus does not always lead to AIDS. Preliminary results of studies show that most infected persons remain in good health; others may develop illness varying in severity from mild to extremely serious.

What are its symptoms? - Most individuals infected with the AIDS virus have no symptoms and feel well. Some develop symptoms which may include tiredness, fever, loss of appetite and weight, diarrhea, night sweats, and swollen glands (lymph nodes) usually in the neck, armpits or groin. Anyone with these symptoms which continue for more than two weeks should see a doctor.

Who gets AIDS? - Ninety four percent of the AIDS cases have occurred in the following groups of people:

- Sexually active homosexual and bisexual men with multiple partners, 73%
- Present or past abusers of intravenous drugs, 17%
- Persons with hemophilia or other blood disorders, 1%
- Persons who have had transfusions with blood or blood products, 2%

Some 6% of patients do not fall into any of these groups, but researchers believe that transmission occurred in similar ways. Infants and children who have developed AIDS may have been exposed to HTLV-III before or during birth, or shortly thereafter, or may have a history of transfusions. Some patients died before complete histories could be taken. Special studies of risk factors are under way with each of these groups considered to be at increased risk for getting AIDS.

Volume 9, Issue 52. That may not mean much to you, but it marks a pretty major milestone in my life. This is the fifty-second issue of the ninth volume of the Ledger under my ownership. In other words, it's my tenth anniversary here. That's 520 editions. Probably 10,000 pages. Millions of words. Countless headaches. And, some fun.

I'll never forget the day I signed the papers on this place. I was home, sick with one of the worst cases of flu ever. Harold Jefferies, whose father had purchased the Ledger way back in 1930, came to my house, contract in hand. I met him dressed in a sweat suit, robe and blanket. I had a heating pad wrapped to the small of my back with an ace bandage. The cord trailed behind me like a mouse's tail. I wonder what he thought as he sat down across the kitchen table from this 25-year-old, long haired kid that looked like he was at death's door.

Jefferies had sold the paper twice, and got it back twice. He had a nice job buying right-of-way for the County Road Commission, and did not want to go back to work as a publisher. That's why he was willing to sell it to someone like me. In fact, he was quite eager to sell it to me. That should have told me something right there, but nothing clicked.

My qualifications for running a newspaper were questionable. I guess they still are. It was true that I had grown up in my father's old hot metal newspaper shop. Unfortunately, my brothers and I had only been associated with the bull work part of the business. We stereotyped mats, poured pigs, justified forms, locked up chases, did makeready, printed and folded the paper, killed forms and threw back type. I knew nothing about writing, reporting, editing, accounting, etc. All I knew was, that a newspaper is a helluva lot of work. I guess that's all I needed to know, because ten years later, I'm still here.

I'd like to finish up this column by thanking some of the people who have helped me get through these ten years.

First, I have to thank my wife, Terese. She and I worked shoulder to shoulder during those first five years. There aren't many women who would have endured the rigors of running a newspaper office while tending to a toddler and an infant in an adjoining office converted to a nursery. She did finally get smart, and take a position with a less demanding employer, but not before she helped me get this business off the ground.

I have to thank my father for teaching me the skills and work ethics that it took to keep this paper and print shop going over the years. Twenty years ago, when I didn't have much on my mind except football, girls, motorcycles and girls, I never thought I'd be thanking him for making me work four nights a week and Saturdays.

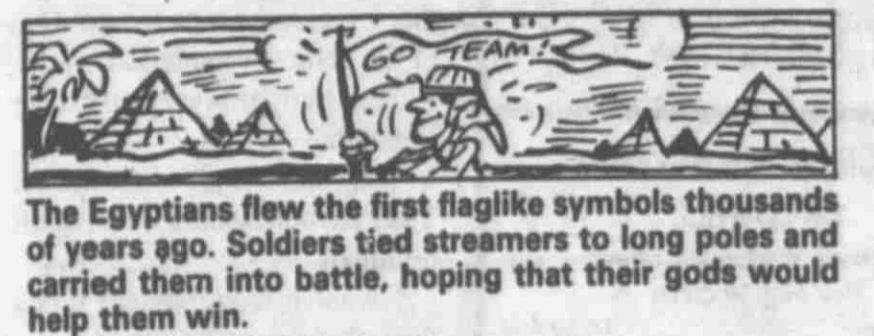

I have to thank Carol Sebastian, whose help and guidance during my first three years here was absolutely invaluable.

I want to posthumously thank Maggie MacNaughton and Kathie Quada, whose loyalty and dedication to the paper continued throughout their illnesses.

I have to thank the late Harold Jefferies for giving a young, long haired kid a shot at this business.

And last, but certainly not least, I have to thank my present employees. I don't know where this place would be without the help of Jay Vezino over the past eight years. He has kept the back shop presses running smoothly, and worked hundreds of hours of overtime meeting countless deadlines. I doff my cap to my "Gal Friday", Melinda D'Agostino, who does just about everything around here except cut the grass. She'd do that too, if I asked her to. And, a big thanks to Jon Vezino, who rivals his brother Jay in keeping the back shop equipment humming, and getting jobs out the door. If these three were to leave me, the last things I'd have them print would be my resume' and a "for sale" sign for the door.

And finally, I want to thank all you subscribers and customers who have made these first ten years, enjoyable and successful. Thanks to you, I am looking forward to another ten years here in Lowell.

Homespun Devotions
 By Pauline Spray

But they that wait upon the Lord shall renew their strength. (Isaiah 40:31).

Women's hats have borne the brunt of countless jokes. They have been called many things—mostly uncomplimentary words. But still it cannot be denied, a new hat gives a lady a lift. Often the renovation of an old one does the trick. New veiling, ribbon, or flowers add an entirely different appearance to a faithful bonnet or берет.

Everyone needs a lift at times. The monotony of the everyday tasks tax all alike. A change of scenery, a piece of new furniture, or a new hat often satisfies the need each woman feels occasionally.

Isaiah told us how to get a real lift-through prayer. Life is depleting. The cares, responsibilities, and daily challenges sap the Christian of his spiritual strength and resources. Like the reservoir in Grandma's old-fashioned range that had to be replenished. When we experience that "let down feeling," it is time for spiritual renewal. New courage and strength can be received by waiting in God's presence. We can receive "a lift-through prayer."

Prayer: I praise Thee, O God, because Thou hast promised to renew my strength if I wait on Thee. Revive my spirit. Increase my courage. Give me the lift I need. Amen.

My soul crieth out: "Restore me again."

And give me the strength to take

The narrow path of righteousness.

E'en for His own name's sake."

Letter to the Editor

To the readers of the Lowell Ledger.

I want to pay tribute to a man and his family that is long past due.

When I was employed at Universal Products in Saranac a man came into my office and said I just saw something in Lowell that I never expected to see, some men were actually running with wheelbarrows loaded with cement. I replied yes that's the Bieri boys, the project was the building of Molly Wepmans new store building after the big fire, the job at hand was the pouring of the cement foundation.

The Bieri family are an exceptional lot.

They have high work ethics. They are honest hard working individuals.

I want to congratulate Ozzie the father for such a brood.

Labor as such often strives to get fringe benefits—well Lowell and vicinity in this instance enjoys the fringe benefits of labor.

Sincerely,
 Bob Hahn

Korean choir concert at Methodist Church

The Korean choir from Korean United Methodist Church of Lansing, many who are college students, will be presenting a concert of gospel and ethnic music at the Lowell United Methodist Church on Sunday, November 24 at 3:30 P.M. Public is invited to attend this concert. A reception - coffee, punch and cookies will follow the concert in Lowell UMC fellowship hall, for you to get to meet the choir.

Athletic Boosters ask members for their help

The Booster membership rolls have climbed to 117 members, and we are still encouraging parents and friends, old and new, to join us in our efforts to support the Lowell Area Schools athletic programs. We still only had 20 members at our monthly meeting (8 of those were athletes and coaches) even when we planned a special program featuring sports nutrition. Remember, we meet the first Monday at 7:30 P.M. in the K-quad at the High School. We really appreciate all the volunteer workers, but don't anymore of you care enough to come to the meetings and help to establish priorities for spending the money we all raised?

The Boosters extend many thanks to all who helped in the concessions during the football season and also to those "hard-sell" raffle ticket sales personnel. Two Boosters who deserve special thanks for service above the call of duty are Nancy Zywicki and John Stencel who were the backbone concession organizers.

All sports program; if you are an advertiser and have not yet received a copy, please call Denise Dommer for a personal copy. Individual patrons can still sign up with a \$10 contribution right through the Winter Sports Night on Dec. 4, when the coaches will introduce the winter sports teams. You will have yet another opportunity to sign up as a Booster also! You might as well, because we call all the athletes parents for help anyway! Buy a Booster jacket while you are at it, for \$25.

The Middle School Walk-a-thon was attended by 87 students to help the Boosters in support of Middle School athletes. The student who won top honors for the most money raised was Toby Alderink. Thanks to all the students who walked and to the parents and friends who sponsored them!

And as long as we are thanking people, how about a big thanks to Roxanne De Weerd for a fine presentation on sports nutrition! The Boosters apologize to Roxanne for those 97 Boosters and students and parents who did not attend and who missed some good up-to-date information from Roxanne. Not only did we hear a good presentation, but we were given some very revealing hand-outs which every parent and athlete should have. The following notes are just a sample of what you missed if you weren't there, but still need to know.

Sports Nutrition and Athletes Training Diet.

CARBOHYDRATES

Eat a diet high in carbohydrates throughout the season for energy, to train and compete. Exercise draws energy stored in the muscles by carbohydrates, coming from the food we eat. A 2 hour work-out could easily drain all your stored-up carbohydrates, so a training diet should include grain products such as cereal, bread, pancakes and all sorts of fruits and vegetables. Avoid eating only sugary foods such as cakes, pies, and soft drinks.

PROTEIN

Protein is essential for body growth, but is not recognized as a fuel source during exercise. Carbohydrates pack in the staying power into muscles.

Stay away from dressings, butter, gravy, etc. for weight control.

VITAMINS

Historically, athletes have hoped to improve performance by taking excess doses of vitamins, but this is really only a myth which wastes money. Vitamin "C" is supplied in adequate amounts of daily orange juice; Vitamin "D" is supplied from milk and sunshine.

MINERALS

Minerals such as calcium develop bones, teeth, and muscle control. In general, women athletes are deficient in iron and iron supplementation is essential for these athletes.

WATER

After a vigorous work-out, an athlete will lose 2-4% of their body weight in the form of sweat. Thirst is not a good indicator of when water is needed because water is really a "cooler" for the body temperature. Fluid replacement in athletes ideally consists of frequent drinks of plain cold water. Cold water is absorbed by the body quicker than warm water. Soft drinks should be avoided during competition because they do not absorb into the body fast enough to replace body fluids. Salt tablets are taboo. They will only dehydrate the body of fluids even more than normal sweat.

PRE-COMPETITION MEALS

The purpose of the pre-game meal should not be to supply extra energy. It is only to keep an athlete from feeling hungry so he is physically comfortable and mentally alert. It should be eaten 3-4 hours before the game, and no foods, not even high carbohydrate foods should be eaten less than one hour prior to game time. High-sugar candy and soft-

drinks can produce low-blood sugar and can make an athlete actually feel tired and weak. The only thing an athlete should consume before a game is plain cold water so they don't overheat. Pre-game meals should avoid hamburger, sausage, peanut butter, lunch meats, fried foods, and salad dressings.

Athletes diets should follow guidelines for any student, except during training and competition, they should double their intake of grains, fruits, and vegetables, while limiting sugary fatty foods.

Now don't you absentee Boosters feel bad about not attending? All you have now, is one Booster's shakely quick notes. Thanks again Roxanne!

The Boosters really would like to hear from some of you who don't attend the meetings to know what can be done to encourage your participation. Don't leave all the decisions in the hands of the same small core group all the time! That's how the government works!

Cannonsburg Ski sale begins November 19

Grand Rapids area skiers by the thousands will be gathering at Cannonsburg Ski Area starting November 19th for the 14th Annual National Ski Patrol Used Equipment Sale.

In the five days of the sale, some 1,500 pairs of downhill and cross-country skis, more than 1,000 pairs of boots, along with poles and a wide selection of ski clothes will be sold for the benefit of seven local ski patrols.

The National Ski Patrol is a federally chartered, non-profit organization, supported by the dues of member patrollers, donations from the skiing public and contributions from the skiing industry. "Service and Safety" have been the creed of the N.S.P.S. since it was established in 1938. With the growth of skiing, N.S.P.S. has grown to over 30,000 registered members serving over 900 patrols nationally. West Michigan, Section II consists of seven patrols totaling nearly 300 qualified patrollers. This sale is held as a fund-raiser shared by all seven patrols.

Over the years, the Ski Patrol Sale has developed, not only a large following of eager buyers, but an ever-enlarging group of very happy sellers. Items for sale are brought into Cannonsburg Ski Area starting at 11:00 A.M. on Tues., November 19th. "It is usually best to get your equipment in early," says Claude Katt, this year's chairperson, "but we do accept items all through the sale." There will be patrollers at

Board pleased with improved student skill competencies

With one exception, the Lowell Area Schools fourth, seventh, and tenth grade classes demonstrated improved results on the 1985 Michigan Education Assessment Program test. The exception is that 2.1% of this year's 7th grade students tested did not achieve the same results in math as compared to the 1984 program. According to Dr. Fritz Esch, Superintendent this percentage represents 3 of the 163 seventh grade students tested. A year ago 204 tenth, 187 seventh,

The Bowling Corner

By Jay Michaels

Sooner or later one of your teammates is going to try to talk you into buying a wristband that's "guaranteed to improve your score 20 pins a game". HOGWASH! The only thing that will improve your game is PRACTICE! Granted, there are some bowlers aids on the market today that will help your game, but don't get caught buying the improper one just because Joe Bowler uses one on the Pro Bowlers Tour.

Let's take a look at aids for the wrist for a moment. There are several on the market that do in fact help in keeping your wrist in the proper position. The first is the Wristmaster, made by Master Industries for Hall-of-Famer Dick Weber. This wrist band is made of a fairly rigid material, with metal stays, and closes by using three velcro fasteners. The Wristmaster is the only model I personally recommend for my bowlers. The Robby's Positioner is also a good aid in some instances, especially if you want to "kill" or delay the ball from hooking. The Robby's actually locks the wrist into the "broken" position, which is the position that will kill the reaction of the ball.

There are plenty of others on the market too, but none that I would recommend for my bowlers to use. And, as far as I'm concerned, you're just wasting your money unless you purchase the proper equipment. I see too many of my women bowlers using the wristband that wraps just around the wrist, and that does nothing but make your wrist sore. A good wristband will lock your hand in one position as well.

Another bowlers aid is the thumb chum. A piece of cork or vinyl that you insert into the thumbhole of your ball. Supposedly it works like a miniature grip, and all it really does is tighten the hole. If your thumb hole is a little loose, use good old electrical tape in strips to tighten it. As you bowl throughout the night, you can remove a strip or two at a time and keep the same "feeling" of the ball. Okay, now I've got a few pro shop owners a little upset because these products are their bread and butter, but a good pro shop operator won't recommend these items either.

Just like in any sport, in bowling there are products that you can use as a crutch for bowling badly. This game is 75% mental, 20% skill, and 5% plain dumb luck. Don't get into the habit of depending on "crutches" that simply do not work. Ask your bowling proprietor or pro shop operator before purchasing a bowlers aid. And make sure it is going to help you to improve before plunking down your hard earned cash. Most of your bowling equipment is a lifetime investment, and buying that equipment is no different than buying a car or boat. Make sure that it is right for YOU the bowler.

Next week we'll take a look at the subject of soft versus hard in bowling balls. Until then GO BOWLING and take the family along.

MAY THE BOWLING GODS BE GENEROUS TO YOU THIS WEEK.

Between 1882 and 1887, Hugh L. Daly was a pitcher for several major league baseball teams. He won seventy four games, including a no-hitter. He had only one arm.

"The improved scores are due in part to the direct involvement of teachers and administrators in curriculum developing and the emphasis we place on teaching the basic skills," said Dr. Esch.

There is now an effort underway to produce tests for Social Studies, Science, Health, and Career Education. The Lowell Area Schools was a pilot district for Health tests this year. If successful in piloting accurate tests in these areas, the State Board of Education will be asked to take a giant step in the direction of measuring the achievement of minimal competencies in areas other than the "basic" of math and reading.

Chris VanAntwerp, Board President noted the Board's pleasure with the detailed report and especially the improved

scores. "I am pleased with the scores recently reported to the Lowell area Schools as the results of administering the MEAP Test to our 4th, 7th, and 10th graders. These scores show not only that our administrators, teachers, and students are doing a better job, but that they are doing a good job. I feel the students in the Lowell Area Schools are being prepared well, both for achievement and competition, whether they go on to a higher education, further training, or jobs after graduation. I speak for the entire Board of Education in extending congratulations to everyone involved in raising and maintaining the high standards of the Lowell Area Schools."

Biggs elected to College Board of Trustees

Virgil A. Biggs, president of Biggs, Hauserman & Abraham, certified public accountants, was elected to a four-year term on the Olivet College Board of Trustees at its September meeting.

Mr. Biggs is the treasurer of the Michigan Conference of the United Church of Christ where he is also a member of the board of Directors and the Executive Committee. He is a chairperson of the Saranac Community Church, Sacraments and visitation Commission; a senior high Sunday school teacher and youth

group leader; chairperson of the pastoral search committee; and a member of the church choir.

Born in Belding, Mr. Biggs received the bachelor's degree in 1968 from Ferris State College. He earned the Certified Public Accountant (CPA) certificate in 1971.

After graduation he joined the national CPA firm of Alexander Grant & Co., Grand Rapids, as a senior accountant. In 1971 he started his own firm and in 1973 and 1974 added partners.

Also active in many civic organizations, Mr. Biggs is treasurer of Lowell Showboat Corporation, his local Lions Club and Salvation Army unit. He is also a member of the Saranac Planning Commission; the Michigan Association of C.P.A.'s; the American Institute of Certified Public Accountants; and the Independent Accountant's Association.

Mr. Biggs, his wife Connie and their three daughters live in Saranac.

Olivet College is a four-year liberal arts college located in south-central Michigan.

Three way tie for Most Valuable Player

Founded in 1844, the college is associated with the United Church of Christ and the Congregational Christian churches. It awards the Bachelor of Arts, Bachelor of Music and Bachelor of Music Education degrees.

A successful fall salmon and steelhead run occurred in the Grand River this fall. An estimated 35,000 salmon passed over the Grand Rapids dam on their way to Lansing or a suitable spawning area between Grand Rapids and Lansing.

The Grand Rapids fish ladder was closed as of November 1 to allow some modifications to it which will allow Fisheries personnel to better control water flows in the ladder. This should increase fish runs upstream, especially in the spring during periods of high flow.

WILDLIFE INFORMATION

Good to excellent deer hunting in surrounding areas. Good ruffed grouse and woodcock hunting on State Game Areas and private woodlands. Excellent cottontail rabbit hunting on farmland and State Game Areas. Good hunting for Canadian geese mostly on farmlands.

Excellent opportunities to observe non-game birds and animals at game areas and local parks or nature areas.

Local pheasant populations now at all time low need serious effort at improvement.

Fish and game funding at critical low point and if not corrected will seriously harm programs. Local area support of private wildlife organizations is excellent and growing. Local area support of non-game wildlife program is excellent.

Firearm deer season will begin November 15, 1985 until November 30, 1985. Predictions are for a good season with a good to heavy kill on deer.

Commissioner Martin Buth introduced his mother Allie who celebrated her 90th birthday last week. She is a constituent of Marble Byington, has two sons who have served on the Board of Commissioners, and a nephew who is chairman.

Chairperson Buth introduced Brad Miller of Senator Riegle's office.

Mr. Miller indicated he had the opportunity to meet with the Legislative Committee last week and was looking forward to working with the committee in the future. He offered the services of their office if there was any way they could be of assistance.

Under a Special Order of Business, a Public Hearing was held on Variable Rate Demand Bonds for the Hans Butz Incinerator Project. As there were no questions from the general public, Chairperson Buth declared the hearing closed.

Civil Counsel Jon DeWitt gave an update on the status of the Hans Burn Unit. State approval of the Act 641 Plan has been received, and the official plan is in place. There are four important items in anticipation of the bond sale:

- 1) Steam market - Negotiations are underway with Consumers Power Company to acquire the steam plant and, although a contract has not been finalized, excellent progress has been made. He urged an Executive Session at the conclusion of this meeting to discuss the acquisition of the steam plant.
 - 2) Incinerator site acquisition - Satisfactory progress is being made on two of the three parcels involved. He would give a detailed report on site negotiations as part of the Executive Session. Owners of property at Site #4 have been notified that the site is no longer under consideration.
 - 3) Flow control - Signed contracts have been received from Grand Rapids, Grandville, Kentwood and Wyoming for Combustible Waste Disposal Amendments, and a resolution will be presented later in this meeting for approval of those flow control contracts.
 - 4) Electrical rate contract with Consumers Power - Intense negotiations have been held with Consumers Power Company and such remains to be done. He anticipated this matter will be resolved before the sale of bonds.
- The bond authorization resolution will be presented to the Board of Public Works, and they will present it to the Board of Commissioners for approval. He suggested a meeting next week for that purpose.
- The Commission will be requested to sell bonds not to exceed \$100 million for the project.

Nancy Winkler-Bryant of Public Financial Management, Inc., indicated that variable rate financing (VRF) of the bonds provides a substantial interest rate cost savings during construction. VRF bonds have been 2 to 4 percent less than fixed rate bonds. VRF bonds are currently running 4.5 to 5 percent with an additional letter of credit fees of .5 to .75 percent. Long term fixed rate bonds are currently 9 to 9.5 percent. In addition, VRF bonds can be sold prior to December 31, 1985, a critical date because of proposals in Congress affecting the exempt bond interest rates.

Proceeds of the bond issue less the cost of the letter of credit can be invested until such time as the project is ready for construction to begin. The risk to the County is that something could go wrong during the period prior to construction and the County would need to collapse the bond issue. Exposure would be in the range of \$2 to \$3 million; fixed rate exposure would be substantially more.

FFR suggests the size of the bond issue be increased to protect against unforeseen events. Based on a 33 month construction period, a bond issue of \$102,280,000 less interest earnings of \$12,280,000 would net at \$90 million. With an increased bond issue of \$119,950,000 less interest earnings of \$19,950,000 it would net at \$100 million. If interest rates stay in the range they have been in past years, there will be in excess of \$7 million in the capitalized interest account at the end of the construction period and monies in the debt service reserve which would not be needed once the County changes from variable to fixed rates. These reserves could reduce the amount to be amortized to \$91 million.

Charles Moon of Dickenson, McKean, Wright & Rudlip, Bond Counsel, stated this financial plan involves a new concept to Kent County and recently new to the industry. It means financing the project by issuing bonds prior to design and construction. In the past contractors would carry the cost until bonds were in place, but in recent years the owner has had to put money up front.

Commissioner DeKraaker asked how the interest earnings were determined. Nancy Winkler-Bryant stated the average weekly VRF interest over the past several years has been 6.1 percent which was used to calculate the interest cost. These bonds are industrial development bonds, and interest earnings in excess of the amount paid must be returned to the Federal Government.

Commissioner Lamoreaux asked the basis for the assumption on interest rates when bonds will be sold at the worst possible time, with the Federal Government trying to reduce the national debt, and many municipalities selling tax exempt bonds. Nancy Winkler-Bryant explained they are based on the expectations of economists. So many things are unknown, but interest rates could be at the level estimated. There is a flood of tax exempt bonds hitting the market now, and rates are staying down and in fact declining.

Steve Howard of Shearson Lehman Brothers pointed out that the estimates are annual averages. There might be some short term increases in VRF, but the benefits is that after year end interest rates will float back down. He felt the average rate estimated of 6.1 percent was reasonable.

Commissioner Lorch asked about the increase in the estimate cost. Nancy Winkler-Bryant stated it was related to utility development costs of \$400,000 the Department of Public Works will incur in developing the project.

Commissioner Marsh asked the realistic start up costs for the facility by the time they cannot be included in the bond issue. Nancy Winkler-Bryant indicated she does not have a figure but they could be as much as \$1.5 million per month for a maximum of four months. The debt service reserve fund is available for that.

Commissioner Lamoreaux asked about the average loop purchase price. Mr. DeWitt indicated that would be in addition to the bond issue.

Commissioner Wahlfeld noted that the bond issue matures in the year 2010. He asked how that translates in total interest, if it could reach \$100 to \$120 million. Charles Moon indicated that it could. Interest is not paying for the facility, but rather, is renting money.

Commissioner Bandstra moved the approval of the minutes of September 15 and 27 and October 2, 1985, as written and published. Seconded by Commissioner Wahlfeld.

Motion carried unanimously.

Resolution No. 11-85-174 for a grant application to conduct a training seminar on treating juvenile arsonists was presented: (All have received copies.)

RESOLUTION BY COMMISSIONER BYINGTON

WHEREAS, funding for training programs is available from the Michigan Justice Training Program, Office of Criminal Justice, and

WHEREAS, the Juvenile Court is requesting approval to submit a grant application for funding of a training seminar which would enable police, fire and Juvenile Court personnel to better recognize patterns of behavior and personality to indicate a juvenile arsonist would best be served by the Juvenile Court or by a mental health professional, and

WHEREAS, the amount of funding requested totals \$3,000.

NOW, THEREFORE, BE IT RESOLVED THAT the Kent County Board of Commissioners hereby authorize the submission of said application and directs the Chairman of the Board to sign on behalf of the County of Kent.

Commissioner Byington moved the adoption of the resolution. Seconded by Commissioner Thomas.

Commissioner Bandstra asked how many juveniles are involved and what can be expected from the training program.

Philip Verulus, Director of Juvenile Court, stated 15 to 20 juveniles are referred to the court each year for arson. A few years ago a probation officer learned of a probationer conducted by the Fire Department. A juvenile and his mother went to Houston for a condensed three week program. Since his return over a year ago he has not been involved in any fires. Houston reports a 90 to 95 percent success rate and an \$11 million in fire losses. The training program in Kent County will be conducted by a representative of the Houston program.

A resolution amending Section 5.01 of the Kent County Employee's Retirement System was presented: (All have received copies.)

RESOLUTION BY COMMISSIONER KEMPKER

WHEREAS, the Kent County Board of Commissioners wishes to amend the Kent County Employee Retirement System to add non-participatory service credit to the pension plan, such amendment would be in section 5.01 of the plan which is the section entitled, "Service Credit," and

WHEREAS, the Kent County Pension Board and Finance Committee recommends this change.

NOW, THEREFORE, BE IT RESOLVED THAT the Kent County Board of Commissioners approve the attached amendment to the Retirement System as well as the attached guidelines for administration of the amendment.

Commissioner Kemper moved the adoption of the resolution. Seconded by Commissioner Marsh.

Commissioner Kuhn presented substitute Resolution No. 11-85-183. (All have received copies and a copy is on file in the Office of the County Clerk.)

RESOLUTION BY COMMISSIONER KUHN

WHEREAS, it is alleged that a limited number of Kent County employees have not been credited with their proper participation in the Kent County Employee Retirement System because of errors, omissions or misinterpretations, and

WHEREAS, it is the desire of the Kent County Board of Commissioners to credit all employees with their proper participation in the terms and conditions of the Trust Agreement.

NOW, THEREFORE, BE IT RESOLVED, THAT the Kent County Board of Commissioners instruct the Kent County Pension Board to provide a hearing to those present County employees who can provide proof of errors, omissions or misinterpretations which would entitle them to additional service credit awarded under the terms and conditions of the Trust Agreement, and

BE IT FURTHER RESOLVED THAT the Pension Board be authorized to make the determination as to whether the evidence submitted warrants awarding additional service credit, and

BE IT FURTHER RESOLVED THAT the Kent County Board of Commissioners approve the attached amendment to the retirement system to provide for the administration of this additional service credit.

Commissioner Kuhn moved the adoption of the substitute resolution. Seconded by Commissioner Kuipers.

Commissioner Kuhn explained that following the discussion at the Committee of the Whole Meeting she requested staff to prepare this substitute resolution authorizing the Pension Board to make the determination in cases where there is a doubt, error, omission, or misinterpretation of the intent of the employee to become part of the pension plan. This resolution excludes those employees who chose not to join.

Commissioner Oppewal presented an amendment to the motion regarding Section 3 dealing with the issue of military service credit.

Chairperson Buth ruled the amendment to the substitute motion out of order since it deals with a different section of the pension plan. It was determined that the original resolution was the proper one and that the original resolution presented by Mr. Kemper was passed unanimously by the Pension Board and Finance Committee. The original resolution deals with the problem in a fair, defined manner, recognizing the service and value of long time employees. He urged defeat of the substitute resolution.

Commissioner DeVriendt pointed out that the substitute resolution allows the Pension Board the flexibility to determine whether an employee is entitled to additional service credit.

Commissioner Kemper urged defeat of the substitute resolution.

The call for the question to accept the substitute resolution was carried.

Vote on the motion to adopt substitute Resolution No. 11-85-183 was carried by the following vote:

Yeas: Bandstra, Boelema, M. Buth, Byington, DeKraaker, DeVriendt, Doyle, Kuhn, Kuipers, Laninga, Lorch, Marsh, Oppewal, Schwab, TerHorst, Thomas, Vaughn, Wahlfeld, Chairperson Buth - 16.

 Resolution No. 11-85-180 approving the health fitness program was presented: (All have received copies.)

RESOLUTION BY COMMISSIONERS KUHN AND BYINGTON

WHEREAS, behavioral or lifestyle factors contribute to approximately half of the deaths due to leading causes in the United States, and
 WHEREAS, smoking, poor dietary habits, lack of exercise, alcohol misuse, excess emotional stress and obesity are examples of risk factors which contribute to the incidence of chronic disease, and
 WHEREAS, the Personnel, Safety and Social Services Committee recommends approval of a Kent County Employee's Health Improvement Program, and
 WHEREAS, the benefits of an Employee's Health Improvement Program will be:

- Reduce Health Care Costs
- Reduce Absenteeism
- Reduce Turnover of Employees
- Increase Employee Productivity
- Increase Employee Fitness
- Increase Employee Coping Capability
- Demonstrate Company Interest in Greatest Asset - Employee

WHEREAS, the Health Department will conduct the Employee's Health Improvement Program for \$400.00 per employee, and
 WHEREAS, the \$400.00 fee includes a Health Risk Appraisal/Lifestyle Assessment Questionnaire, Blood Chemistry, Blood Pressure, Height/Weight and Skinfold, Lung Function, Flexibility, Strength/Endurance and Cardiovascular Fitness, and
 WHEREAS, the above tests take about one (1) hour and test results will be gone over with the employee in a counseling session which takes about 45 minutes, and
 WHEREAS, the County Controller's Office estimates that approximately 1/3 of the County employees would take advantage of a County-sponsored Employee's Health Improvement Program, and
 WHEREAS, if 650 employees participate at \$400.00 per participant, the County's direct cost is estimated to be \$260,000, and
 WHEREAS, the County will have indirect costs equal to the number of hours of work lost while employees participate in the program and if the average employee spends two hours in participation, the County could anticipate indirect costs of approximately \$16,250 (\$12.50/hr. x 650 participants x 2 hours), and
 WHEREAS, the Finance Committee recommends approval of the program and a 1986 Budget adjustment of \$26,000 to fund this program.

NOW, THEREFORE, BE IT RESOLVED that the Kent County Board of Commissioners approves the following:
 1. The Kent County Health Improvement Program for those interested employees.
 2. Kent County pay the \$40.00 for the appraisal/test/counseling for each employee.
 3. Allow up to (2) two hours of paid release time per employee for this appraisal/counseling.
 4. An employee could only take the appraisal/test once every 5 years.
 5. Once a year, new hires and others who have not participated in five years could participate in a program at the Health Department (the first offering would be at buildings/work sites).
 6. A 1986 Budget adjustment of \$26,000 to the Personnel Department's Health Services Account from the General Fund Contingent Account for this program.

Commissioner Kuhn moved the adoption of the resolution. Seconded by Commissioners Marsh and Byington.
 Motion carried by the following vote:
 Yeas: Bandstra, Boelens, M. Butch, Byington, DeKraker, DeVriendt, Doyle, Kempker, Kuhn, Kuipers, Lamoreaux, Laninga, Lorch, Marsh, Oppewal, Schwab, TerHorst, Thomas, Vaughn, Wahlfeld, Chairperson Butch - 21.
 Nays: None.

 Commissioner DeVriendt moved the appointment of Mrs. Pearl Boelens to the Kent County Board of Canvassers for the term November 1, 1985 to November 1, 1989. Seconded by Commissioner Kuhn.
 Motion carried unanimously.

Resolution No. 11-85-184 approving a consent order with the U.S. Environmental Protection Agency for a comprehensive remedial investigation and feasibility study of the Kentwood Landfill was presented: (All have received copies and a copy is on file in the Office of the County Clerk.)
RESOLUTION BY COMMISSIONER BANDSTRA
 WHEREAS, Kent County operated a state licensed sanitary landfill in the City of Kentwood from 1972 to 1976 known as the "Kentwood Landfill", and
 WHEREAS, the City of Kentwood, or its

predecessor, Paris Township operated a landfill at the same site from 1958 to 1972, and
 WHEREAS, the "Kentwood Landfill" was placed on the National Priority List under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 ("CERCLA"), and
 WHEREAS, under CERCLA and the pertinent Federal rules, regulations and policies, a landfill on the National Priority List can be removed from that list only upon completion of a comprehensive remedial investigation and feasibility study (RI/FS) to determine the extent of environmental contamination, if any, and the reasonable alternatives for remediation of such contamination, and
 WHEREAS, if Kent County and the City of Kentwood refuse to voluntarily perform the RI/FS, the U.S. EPA has indicated that it will perform the RI/FS using its contractors, and that it will seek reimbursement for all such costs from Kent County, the City of Kentwood, and other potentially responsible parties, and
 WHEREAS, Kent County through its Board of Public Works has voluntarily in the past taken steps to remediate any contamination problems at the site and has recommended that it is in the best interests of the public to continue that effort through agreement with the U.S. EPA.
 NOW, THEREFORE, BE IT RESOLVED, that Kent County hereby approves a consent order with the U.S. EPA in the form attached (a copy has not been made a part of the minutes but is on file in the Clerk's Office), for the RI/FS at the Kentwood Landfill, and the Chairman and Clerk of the Board are hereby authorized to execute the consent order on behalf of Kent County, and
 BE IT FURTHER RESOLVED, that in accordance with the terms of the consent order, Kent County hereby reserves to itself any and all remedies, rights, claims, or causes of action it has or may have ever had against any other potentially responsible party.
 Commissioner Bandstra moved the adoption of the resolution. Seconded by Commissioner Marsh.
 Civil Counsel explained that by approving this resolution, he is taking the steps required by the County to persuade the U.S. EPA to delete the Kentwood Landfill from the National Priority List. The County has the right to do this or the U.S. EPA will do it at County expense.
 Motion carried by the following vote:
 Yeas: Bandstra, Boelens, Byington, DeKraker, DeVriendt, Doyle, Kempker, Kuhn, Kuipers, Lamoreaux, Laninga, Lorch, Marsh, Oppewal, Schwab, TerHorst, Thomas, Vaughn, Wahlfeld, Chairperson Butch - 20.
 Absent: M. Butch - 1.
 Resolution No. 11-85-185 authorizing flow control contracts with the cities of Grand Rapids, Grandville, Kentwood and Wyoming for the mass burn incinerator was presented: (All have received copies.)

RESOLUTION BY COMMISSIONER LORCH
 WHEREAS, Kent County, through its Act 641 Plan, and on other occasions has expressed and affirmed its intent and desire to establish alternatives to sanitary landfills for the disposal of solid waste, and
 WHEREAS, a solid waste disposal system and project which maximizes reduction of volume of landfilled solid waste and encourages resource recovery, especially by the sale of energy in the form of steam and electricity, requires the use of a mass burn incinerator, and
 WHEREAS, various alternatives for the implementation of a mass burn incinerator have been duly considered by the Kent County Board of Commissioners with numerous steps in the implementation process having been previously approved, and
 WHEREAS, because the mass burn incinerator must rely on revenues from the disposal of waste and the sale of energy to be economically feasible, an adequate supply of combustible waste as fuel must be guaranteed for the mass burn incinerator, and
 WHEREAS, Kent County and the Cities of Grand Rapids, Kentwood, Wyoming and Grandville desire to enter into the respective 1985 Combustible Waste Disposal Amendments attached hereto in order to assure an adequate supply of combustible waste to the mass burn incinerator, and
 WHEREAS, the Cities of Grand Rapids, Kentwood, Wyoming and Grandville have each authorized and directed the execution of the respective 1985 Combustible Waste Disposal Amendments attached hereto.

NOW, THEREFORE, BE IT RESOLVED that the Kent County Board of Commissioners hereby authorizes and directs the execution of the attached 1985 Combustible Waste Disposal Amendments by the Chairperson and Secretary of the Board of Public Works acting on behalf of Kent County.
 BE IT FURTHER RESOLVED that the attached 1985 Combustible Waste Disposal Amendments need not be included in the minutes in that complete copies of such amendments are on file in the Office of the Clerk of the Kent County Board of Commissioners.
 Commissioner Lorch moved the adoption of the resolution. Seconded by Commissioner Bandstra.
 Motion carried by the following vote:
 Yeas: Bandstra, Boelens, Byington, DeKraker, DeVriendt, Doyle, Kempker, Kuhn, Kuipers, Lamoreaux, Laninga, Lorch, Marsh, Oppewal, Schwab, TerHorst, Thomas, Vaughn, Wahlfeld, Chairperson Butch - 20.
 Nays: None.
 Absent: M. Butch - 1.
 Commissioner Oppewal moved that Section 5.01, Sub-Section 3(a) of the pension plan dealing with military service credit be amended to read: "Service credited pursuant to this sub-section 3 shall be counted in determining a member's or his beneficiary's eligibility for benefits." Seconded by Commissioner Vaughn.
 Commissioner Oppewal explained that employees are permitted to purchase into the pension plan for military service. This amendment will permit them to also receive County service credit for the time served.
 Civil Counsel DeWitt indicated there is currently litigation underway on this specific issue.
 Commissioner Lamoreaux stated this involves the individual who had military service prior to coming to the County. The Pension Board did not feel they should be credited. They did not leave County employment to enter the military. He urged defeat of this amendment.
 Motion to amend Section 5.01 Sub-Section 3(a) failed by the following vote:
 Yeas: Kempker, Oppewal, Vaughn - 3.
 Nays: Bandstra, Boelens, Byington, DeKraker, DeVriendt, Doyle, Kuhn, Kuipers, Lamoreaux, Laninga, Lorch, Marsh, Schwab, TerHorst, Thomas, Wahlfeld, Chairperson Butch - 17.
 Absent: M. Butch - 1.
 Chairperson Butch clarified the intent of the amendment, made at the October 2, 1985 meeting to the Board of the Area Community Services Employment and Training Council (ACSETC). ACSETC is awaiting final approval from the Governor's office. The appointment of Mike DeVriendt and Kathy Kuhn was intended to cover their appointment to the Board of GRECT and RGR CAP until final approval of ACSETC by the Governor.
 Commissioner DeKraker thanked the Board of Commissioners for the flowers sent to him during his recent hospitalization.
 Commissioner Bandstra called attention to a National Issues Forum to be held at the Gerald R. Ford Museum for three consecutive Thursday evenings beginning November 7. Kathy Kuhn will be part of the first program on Public Health Issues. Subsequent sessions will deal with Social Security, what is the conflict? and Taxes, who should pay and why?
 The Board of Commissioners determined that a meeting would be scheduled for Tuesday, November 12, 1985 at 10:00 a.m. in the Board of Commissioners Chambers.
 At 11:18 a.m. Commissioner Thomas moved to go into Executive Session for the purpose of discussing negotiations on the steam loop and acquisition of

property. Seconded by Commissioner Doyle.
 Motion carried unanimously.

At 11:56 a.m. Commissioner Byington moved to return to Regular Session. Seconded by Commissioner Kuhn.
 Motion carried unanimously.
 At 11:57 a.m. Commissioner Vaughn moved to adjourn, subject to the call of the Chairperson and to Tuesday, November 12, 1985 at 10:00 a.m. for an Official Meeting and to Wednesday, November 27, 1985 at 9:00 a.m. for a Committee of the Whole Meeting and to Wednesday, December 4, 1985 at 9:00 a.m. for an Official Meeting. Seconded by Commissioner Bandstra.
 Motion carried unanimously.

Metropolitan Hospital will present "The Aging Myth"

"The Aging Myth" will address many of the long held "truths" about growing old. Our society has come to accept senility, arthritis, high blood pressure, and general grumpiness as part of the aging process. Yet many realities are now suggesting that it does not have to be that way. There are alternatives, and aging can be a very productive, full, and happy period of our lives. Tony Siciliano is one of those people with two jobs. Siciliano is the Director of Lowell's Public Works Department. He is also a Master Sergeant in Michigan National Guard. Siciliano has been in the National Guard since

his discharge from the U.S. Marine Corps following WWII. During a National Guard training exercise Camp Atterbury, Indiana on July 20, of this year, Siciliano was responsible for saving the life of two fellow

Guardsmen after they received a severe electrical shock while erecting a radio antenna. Descriptions of the incident on several citations and letters of commendation Siciliano received, indicate that he acted in an ex-

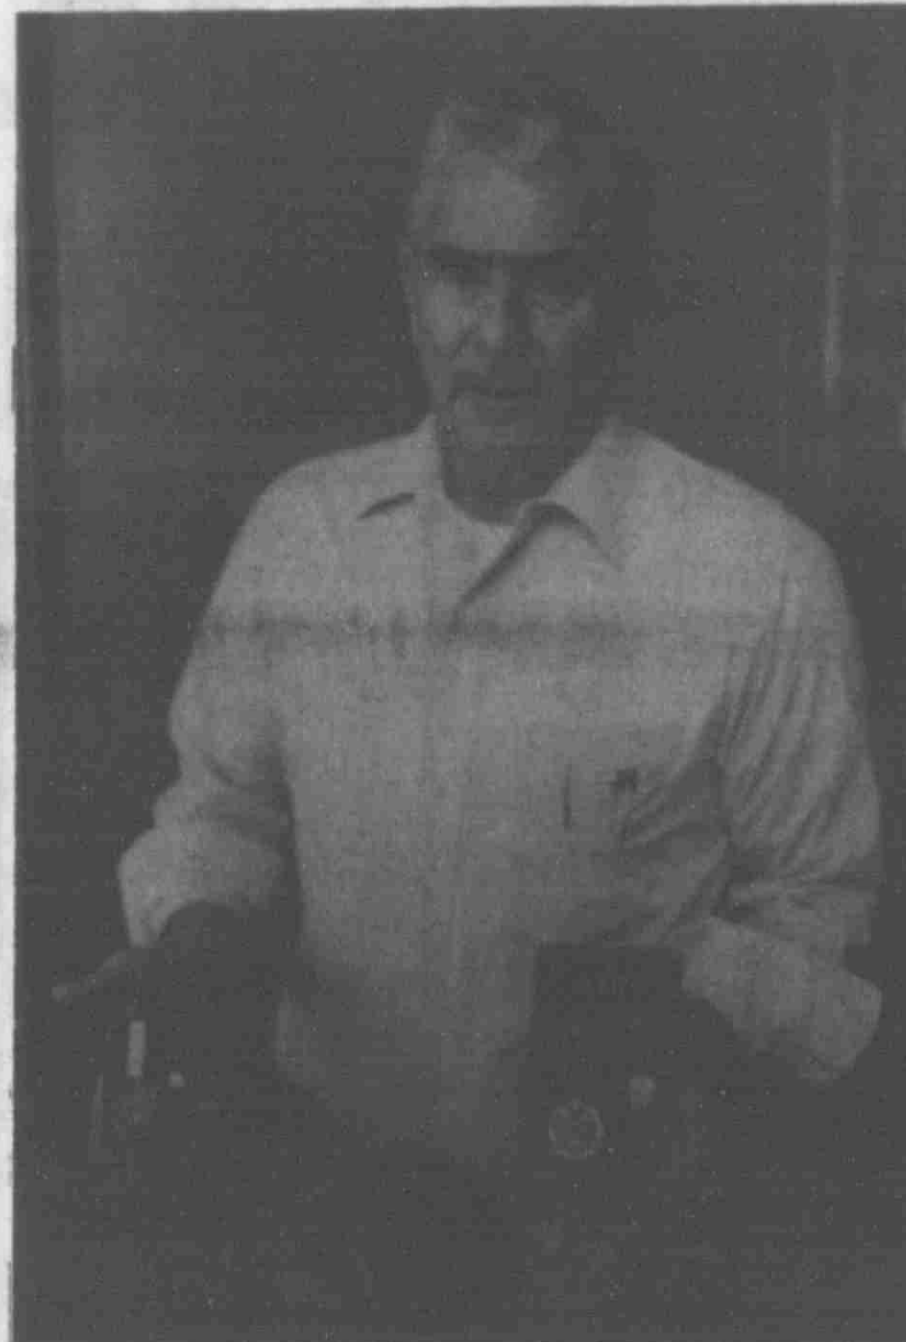

ceptionally meritorious manner. Siciliano took immediate control of the situation and applied proper first aid to the victims until medical personnel arrived on the scene.

For his actions, Siciliano was awarded an oak leaf cluster to his Army Achievement Medal, a Michigan National Guard Life Saving Medal and several letters of commendation from his superior officers.

Attend Seminar

Curtis Albrecht and April Albrecht of Curt's Sound, the Radio Shack dealer in Lowell, recently participated in a one day computer solutions seminar in Midland. The seminar was a part of the Radio Shack continuing education program which provides the dealer with the tools necessary to better serve their community. Topics covered included: Word Processing, Information Management, and Accounting Systems.

Curt's Sound has been serving the community as a Radio Shack Dealer for the past 2 years.

MSG. Tony Siciliano holds two of the medals awarded him for his successful efforts in saving the lives of two fellow National Guardsmen that had suffered severe electrical shock.

Lowell School Board Briefs:

The Lowell Board of Education held its regular Board meeting on Monday, November 11, 1985.

High School Principal, Dick Korb, recognized and congratulated high school student, Brett Kirby, for being selected as one of the regional delegates to the United States Senate Youth Program. During the recognition of the audience, Denise Dommer, President of the Lowell Booster's Club, presented the Board with their first \$2,000 check for the 1985-86 athletic program.

Following the payment of bills, the West Michigan Snowmobile Council requested approval from the Board to use part of the school district's 80 acres on 28th Street. An eastern segment of the property was needed to connect the public snowmobile trail system between Wabisis Lake Park and the Deer

Run Golf Course. Approval was given for a one year trail agreement with a report back to the Board to see whether a three year agreement could be reached.

Several personnel items were acted upon which included the approval of extra-duty contracts for Tom Harper as the Boys Assistant Wrestling Coach, and Tammie Fitzpatrick as the Girls Gymnastics Coach. The Board approved the employment of Mr. Kris Kropf as the new middle school math teacher to replace Ms. Gayle Lycos. Kris was previously employed with Forest Hills. The Board regretfully accepted the resignation from Mrs. Robin Burradell, Alto teacher, who has been on a Child Care Leave. Mrs. Burradell has accepted a part time gifted and talented teaching position with Jenison Public Schools.

In the next item of business, the Board approved the continuation of plans for a minimum of 12 foreign language students to take a trip to Paris and Madrid at their own expense during the Spring vacation. The group will be chaperoned by high school language instructors, Mrs. Ginny Weber and Mrs. Ingrid Baird.

In other matters, the Board awarded the bus bid for one 48 passenger bus at \$37,041 and three 65 passenger buses at \$34,087 each with a low bid to Ride Equipment. A new Energy Management System will be purchased with an Energy Depart-

ment grant. The low bid of \$93,128 was awarded to Johnson Controls.

In the last item of business, the Board adopted a resolution to collect summer property taxes in 1986.

Many of the store front renovations benefitted from matching Federal Block Grant Funding. Qualifying store owners were allowed up to \$2,500 in matching funds to be used for renovations. The process was slow and tedious, but it has now paid off for several owners. Duane Lambert, owner of Lambert's Variety was the first to apply for the funding, about two years ago. Lambert's project was just completed last week. His building was washed, the bricks pointed up, the trim was repainted and a flashy maroon awning was installed.

Other buildings that benefitted from the grant were Cousin Card & Gift Shoppe, Nature's Pantry, Great Lakes Savings & Loan, Straw Basket Collection, Village Party Shoppe, Dr. Robert Reagan's office, and Tummino & Tummino Law Offices.

It looks like Lowell's central business district is definitely on the upswing, and showing no signs of slowing down.

Election Results

A scant 127 voters went to the polls last Tuesday to decide three Lowell City Council seats. Four candidates were vying for the positions. Incumbents; Jack Fonger, Dean Collins and Phil Schneider were all attempting to retain their seats. Lowell Postmaster Charles Doyle was the single new name on the ballot, and captured the most votes.

The election results were as follows: Doyle 97 votes for a four year term, Fonger 94 votes for a four year term, Collins 77 votes for a 2 year term, and Schneider with 55 votes, losing his seat on the council after serving a two year term.

Collins will begin his eleventh year as a City councilman, and will have served fourteen years when he completes this term. Fonger will begin his second consecutive four year term. Fonger also served as a Councilman for a term several years ago. Collins, Fonger and Doyle will join James Maatman and Bill Thompson on the Council when they take office in January of 1986. Maatman and Thompson have two years remaining on their terms that come up for renewal in 1987. A mayor will be selected from among the five Councilmen during their first meeting in January. Maatman currently serves as mayor.
