City Council hears report on three major issues

Lowell City Manager Ray Quada briefed the City Council on several major issues at Monday's regular meeting.

Quada first explained the status of a major street construction and repair project that the city engineers estimate will cost \$177,000. Quada said that the bids were let, but because nearly all road construction contractors are months behind due to the summer's unfavorable weather, only one bid was received. Quada said, "One bid is not an acceptable situation. We'll have to re-bid the project and look toward an early spring start-up date."

The project includes the extension of Sibley St. west to a city right-of-way and then a connect-

ing street south to Main (M-21). Major repairs or replacement of streets include Hudson St. from Chatham to Spring where numerous cuts made by Consumers Power and Michigan Bell have left the heavily traveled street in a state of disrepair. "You can never get proper compaction when holes are filled, so we now have a rolling effect in that portion of Hudson," Quada explained. The bid specifications include levelling the street and re-surfacing.

Gez Dr. from Foreman to a point west of the curve in that street is also included in the project. Quada says the area near the curve never has drained properly, and that's why the city has so many problems with the street

breaking up there. The project specifications call for regrading and resurfacing of the portion of the street to be repaired.

Also included for resurfacing are Valley Vista and Church Streets from Main to Sibley. In each case extensive improvements in the road surface, curbing, drains, etc. are included in the specifications.

In a report on the West Main Street traffic problem, Quada indicated that a review of police records shows the Main and West Street intersection to be more of a problem than Valley Vista and Main. Quada theorized that the West St. problem is caused by the funneling of four lanes of traffic down to two lanes because of parked cars at Cheyne's Pub. Quada also noted the reduced speed limit at that point, and the curve in the road, as other contributors to the numerous accidents in that area. In regard to parking in front of the tavern Quada said, "The city is obligated to protecting the owner's right to parking in that area because of the grandfather clause. I suspect the tavern is one of the oldest businesses in that part of town."

Quada also pointed out that the city's worst intersection for accidents is Hudson and Main where there is a traffic signal. "This is an indication that a traffic signal on West Main St. may not necessarily be the solution to the problem," Quada said.

Quada said he has asked the State to begin conducting studies in the area. He also said the city will begin their own studies, including traffic counts, the length of time drivers have to wait to get onto Main from certain intersections, etc.

Quada also updated the Councilmen on the City's status with the secondary waste water treatment plant and the Environmental Protection Agency lawsuit against the city regarding the plant. There was little new information for Quada to pass along. The city is still 38th on the state Department of Natural Resources list for funding. Quada said the city's engineering firm is still working on scaling down the plant in the event the city is forced to build a plant without state or federal funding. Quada is hopeful that a less expensive plant may ultimately be built which would still qualify for funding.

Quada noted that Wayne County is nearing a deadline to begin construction of a huge \$85 million waste water treatment plant. If Wayne County should lose their funding, Quada speculates that the \$85 million earmarked for that project may become available for some of the other plants on the list like Lowell. Quada seemed less than enthusiastic about the chances of that happening, but listed it as a possibility.

In the meantime, the city has been vigorously conducting a survey of the commercial operations in the city that may be send-

ing harmful chemicals into the system. Quada told the Council that eliminating as many harmful chemicals as possible will help

the current system as well as an ultimate secondary plant.

Quada passed out copies of the audits for both the Lowell Light

and Power and Lowell Cable Television Department. The audits will be reviewed at the next meeting of the Council.

Crash here claims Lyons man

This 1980 GMC pickup was driven Dale Leiter, of Lowell in an early morning, October 16 crash that resulted in the death of his passenger James Murawa of Lyons. Leiter was attempting to elude State Police troopers when the accident occurred.

A Lyons man was killed early Thursday morning when a vehicle in which he was riding crashed while attempting to elude a pursuing Michigan State Police patrol car.

State Police Troopers Dennis Steendam and Patrick Herblet observed a 1980 GMC pickup being driven erratically on Lowell's Main St. shortly after 3:00 a.m. last Thursday. The troopers wheeled their cruiser around to follow the eastbound pickup. When it became apparent to the troopers that the truck was weaving noticeably, they turned on their overhead red light.

The driver of the pickup speeded up, skidded around a corner and headed down a side street. The troopers gave chase as the truck sped south across the Division St. bridge and turned left at Riverside Drive. The pickup fled eastward at speeds up to 80 miles per hour. The troopers followed closely enough to get the truck's license plate number.

The troopers were familiar with the road, and slowed as the vehicles approached the curves at the railroad tracks and the intersection of Montcalm Ave. The pickup maintained a high rate of speed, and lost control. The truck rolled several times into a field. Both occupants were thrown from the vehicle.

James Vincent Murawa, Jr., 29, of Lyons was pinned under the vehicle. Murawa's body remained under the wreckage until a wrecker from Thomet Chevrolet and Buick arrived on the scene. Murawa was pronounced dead at the scene by Ionia County Medical Examiner Darrel Opicka D.O.

The driver of the vehicle, Dale Ira Leiter, 22, of West Riverside Dr., Lowell, was transported to Metropolitan Hospital via Life Ambulance. Leiter was treated for cuts and bruises, and kept overnight for observation.

The State Police say the occupants were not wearing seat belts. Alcohol is suspected as a factor in the accident. Blood samples were taken, and laboratory results are forthcoming. The accident remains under investigation by the State Police. The case is currently being reviewed by the prosecutor's office, and charges against Leiter are pending the outcome of his blood test.

The vehicle was owned by Vennen, Chrysler Dodge and Plymouth, Inc. Murawa had been an employee there for about a year, and was using the pickup while his vehicle was being repaired.

Also responding to the scene were units from the Lowell Fire Department, Lowell Rescue and Kent County Sheriff's Department.

State Sesquicentennial meeting slated for Lowell

Michigan 150 years old in 1987! Just as Lowell's Centennial and Sesquicentennial were reasons to celebrate, so will the state's Big Birthday. Three Saturday's, June 20 and 27, and the 4th of July are being planned; a Firemen's Muster on the 20th, an Old-Fashioned Picnic and games on the 27th, and a parade with fireworks afterward on the 4th. The response has been good from many of Lowell's organizations, and imaginative ways to celebrate have been suggested.

Sponsors and volunteers can have flea market and food booths, create floats for the parade, sponsor races, an antique farm equipment show. Brothers of the Brush contest. Costume ball, etc. etc.

If any organizations have been missed in the mailings, or if you individually have a suggestion, please call 897-8545 afternoons, or 897-6430. Next meeting (it's an open meeting, dear readers) will be Thursday, November 6, 7:30 p.m. at City Hall.

ATTENTION CLASS OF 1977

Anyone interested in planning a ten year reunion, a meeting will be held Sunday, October 26, at 4:00 p.m. at Sue Thompson Wilterink's home at 651 Birchwood, Lowell.

"DUCKTAILS & BOBBYSOX"

The Lowell Middle School drama class will present "Ducktails & Bobbysox," a journey back into the '50s on Monday, October 27 at 7:30 p.m. The public is invited and admission is free.

"Capitol Column"

By State Senator Dick Posthumus

Michigan has always recognized the vital economic importance of our agriculture industry, historically enacting legislation helping farmers make their living and provide for state residents. Our commitment to Michigan farmers' needs is becoming even stronger, especially in light of the farm crisis gripping our state and nation.

In addition to Republican initiatives already offered that would provide important assistance to our troubled farmers, we are now considering a two-part plan to further help those faced with critical financial problems. Called Farm Aid for Rural Michigan (FARM), our efforts would provide some immediate relief to those whose crops have been ravaged by recent flooding, as well as develop a long range program to assist financially strapped farm families.

Flood waters recently ravaged 22 counties in central Michigan, damaging 13,000 homes, 269 businesses, and causing more than \$323 million in damages, one-third of which was agricultural. These families require immediate attention. There are many farmers whose fall crops have been ruined and, as a result, have no money, no jobs, and because of their non-cash assets do not qualify for state assistance.

Senate Republicans are spearheading a bipartisan effort with our House counterparts directing Michigan's Agriculture Department to study the possibility of creating a Farm Work Force Project. We want to determine what options are available to hire farmers to work on state projects as a means of providing them with jobs during the winter months. We expect the Agriculture Department to report its recommendations to the Legislature when we return November 12.

The second part of our FARM program would establish an Agriculture Credit Task Force to determine long term legislative recommendations to assist the farm community. The task force would be comprised of production farmers and representatives from farm cooperatives, financial institutions, and the Federal Production Credit Association. Members to the task force will be appointed soon and recommendations should be ready when the Legislature convenes on January 14, 1987.

Most of the problems faced by Michigan farmers cannot be solved by the Michigan Legislature because solutions involve federal farm policy, international trade, and the strength of the American dollar. But because Michigan farmers have been especially hard hit by recent flooding, we need to do all we can to provide them with help as quickly as possible. There is no quick fix to the lingering farm financing problem but FARM should be an important first step.

Homespun Devotions

By Pauline Spray

... It is the Lord: let him do what seemeth him good (I Samuel 3:18).

A lovely young lady exclaimed, "I'm through with men!" That was after a teen-age heartbreak. But within a short time she met Wayne, her true Prince Charming. They were married soon after.

Disappointments are difficult to bear, whether they be broken friendships or blighted hopes of other sorts. A healthy person is stricken with illness and prohibited from continuing his chosen profession. Another is forced to move, to become re-established elsewhere.

But God never allows anything to be taken from His trusting children without giving them something better in its place. To the young lady, disappointed and discouraged, He gave a companion who surpassed her fondest dreams. God gives the privilege of relying upon infinite strength to the person who hitherto has trusted in his own finite strength.

To the one who must forfeit old acquaintances, He gives new friends, new opportunities, and an enlarged field of service.

God is all-wise. "Let him do what seemeth him good" and "don't question His leadings!" Prayer: O God, my understanding is limited. My wisdom is faulty. Thou art all-loving and all-wise. Choose what is best for me. Lead me where Thou wilt and I shall follow without questioning. Amen.

I dare not choose my lot; I would not if I might; Choose Thou for me, my God. So shall I walk aright. HORATIUS BONAR

Varsity loses tough one to East

By Denny Blough

Friday may have been the Lowell Red Arrows' hardest loss of the season. The Arrows were upset 15-7 by East Grand Rapids and eliminated from any post season play-off hopes.

The Arrows dominated the first half and played their best defensive game of the tough season.

The Arrows were forced to punt on their first drive, but just four plays later they had the ball back and drove 70 yards. Mike Dumas went in from 15 yards out for the touchdown. Bennett's kick was good.

The rest of the first and most of the second quarters were played to a stalemate. With less than a minute left, an East back broke loose for a 70 yard run. He was finally brought down on the five yard line by Mike Dumas and Kyle Gildea. The Lowell defense held the charged up offense of East for 3 downs. As time ran out in the half the Arrows led 7-0.

As Lowell did in the first half, East dominated the second half with their running game, and took their second drive in for a score. They scored a two point conversion and took the lead 8-7.

After an interception late in the third quarter the Pioneers had

obtained good field position. The East offense drove 40 yards for the T.D. early in the fourth quarter. The extra point kick was good and East went up 15-7.

The Arrows in a desperate attempt went to their passing game and Mike Lillie threw for 125 yards on five completions. The Arrows were stalled by an interception and as time ran out East was up 15-7. Dumas led the running game with 125 yards for the Arrows. Kyle Gildea led the defense with 11 tackles and Dumas was second with 9.

The Arrows travel to Northview on Friday. Gametime is 7:30 p.m.

Cross Country hits streak of bad luck

By Amie Kanoza

On Monday, October 13, the Lowell Cross Country teams ran against Greenville, at Fallasburg Park, on their home course. But the "Home Course advantage" wasn't such an advantage for our teams. The boys lost the meet by a score of 26-33 and the girls team also fell to Greenville by a score of 19-40.

Wednesday, October 15th, wasn't a fast paced day for Lowell, either. Both the boys and girls teams lost to Northviews at Sparta. The final score for the boys was 26-33 and final score for the girls 23-34.

Saturday, October 18th marked the day of the big O.K. White Conference Meet, also held at Sparta. The boys finished exceptionally well, taking fifth out of eight teams. Andrew Mil-

ley led the boys team with a finishing time of 17:28, followed by Mike Harding, 17:44; Chris Kloosterman, 18:01; Chris DeGrote, 19:33; Mike Cichon, 19:42; Paul Wilcox, 20:10; and Mike Grooters finishing up with a time of 21:22.

The girls team finished sixth out of seven schools. Betsy Dommer led the girls team with a finishing time of 22:25, followed by Amie Kanoza, 22:53; Stacy Beute, 23:50; Dina DeCator, 24:38; Tricia Wittenbach, 25:01; Tera Raab, 25:06 and Rachel Taber finishing up with a time of 26:56.

Also running for the boys are: Trevor Tyler, Ben Peters, Jeff Schmidt, Bob Rice, John Pratt and Jon Kinsey. Let's not forget our hard-working super coach, Mr. Harper.

Golf team ends a good season

By Denny Blough

The Lowell golf team completed its season finishing fourth in the tough O.K. White Conference. The Arrows came in behind Forest Hills Central, East Grand Rapids and Wyoming Rogers. The Arrows were led by their top shooters, Darl DeCator, Jay Messner and Paul Stroosnyder who traded off and on all season as the number one varsity man. One of Lowell's highlights of the season was on September 25 when the Arrows defeated two of the three teams who came in ahead of them in conference. The

match was at Deer Run Golf Club when the Arrows defeated Forest Hills Central and East Grand Rapids with scores of Forest Hills Central, 181; East Grand Rapids, 182 and Lowell 166. Darl DeCator was medalist with a score of 39.

Lowell then defeated Sparta and Northview at Deer Run on October 2. Medalist in this match was Jay Messner.

The Arrows traveled to Hastings for Regionals on October 10 and 11 to take on 18 other teams. The Arrows finished a very good fifth place.

Soccer concludes its season

By Denny Blough

The Lowell Soccer team concluded its 1986 season this last week with wins over Calvin Christian and Northview. They also played a district game October 15 against Grand Rapids Christian in which they lost 3-0 which eliminated them from post season play.

On October 14, Lowell played Calvin Christian away and defeated them 3-2. Scoring for Lowell were Mike Korte, Joe

Driedger, and Todd Lyon. Brian Hayward did a great job for Lowell at goalie holding the Calvin attack to only two goals.

On Wednesday, October 15, Lowell lost its district game to G.R. Christian, with a score of 3-0. Then Thursday, October 16, Lowell finished its season with a 2-0 win over Northview. Scoring for Lowell were Joe Driedger and Tim Thompson. The Arrows final record was 4-8-2.

Girls Varsity basketball defeats East but loses to Wyoming

By Denny Blough

The Lowell Girls Varsity basketball team lost to Wyoming Park last Tuesday, 29-31, but beat East Grand Rapids on Thursday, 56-42.

In their loss on Tuesday, Julie VanKampen scored two free throws with no time on the clock for the win. Sheila Kazemier and Ronnie Watrous had 10 points each for Lowell. Tammy Lindhout had 3; with Leigh Ranburger, Sandy Shelby and Diane Stencil adding 2. Michelle McGee had 5 rebounds.

JV wins both conference games

The Lowell JV girls basketball team won both of their conference games last week.

In a home game against Wyoming Park, the Red Arrows came out on top by a score of 42-19. Julie Tank led the scoring with 16 points. Leann Iteen had 13 points and 5 assists and Becky Parcher led the rebounding with 8.

On Thursday night the team met East Grand Rapids and came away with a 57-30 victory. Iteen had 20 points and 9 rebounds to lead the way. Kerry Zywicki

scored 8 points and grabbed 10 rebounds, Michelle Toussignat pulled down 12 rebounds and had 5 steals, and Megan Kirby added 8 points.

The team's record in the conference now stands at 5-1, with an overall mark of 10-2.

cozy corner

by Roger Brown

We all have our weaknesses. I probably have more than the average person. It's obvious from my appearance that I have a weakness for food. I have a weakness for the evening paper and the six o'clock news rather than jogging, aerobics, or other forms of exercise. I'd much rather play than work. The list goes on and on. One weakness of mine which isn't quite so obvious, or common, is my attraction to electronic gadgetry. Even though I don't know much about them, I still get a big bang out of radios, tape players, VCRs, TVs, video games, etc.

My problem with this affliction is the fact that I need a full time repairman to keep up with me. I don't even know what product I'm pushing, but there is a commercial running on TV now that hits my dilemma right on the money. It shows a person inserting a VCR tape, and the tape boils back out of the machine like spaghetti. It shows a cassette tape being inserted, then immediately popping back out and dangling by the tape. It shows a washing machine having a seizure. It shows a toy robot performing a couple of functions, then keeling over backwards. There must be close to a dozen scenes of modern marvels going on the fritz, and I can sympathize with every one of them. I can't remember who the sponsor is because I'm always laughing like crazy by the time the robot conks out.

Here are a few examples of what I mean. I bought a dubbing cassette deck expressly for copying other tapes and recording favorite record albums. I had the thing for about three months before it freaked out on me. It does everything it's supposed to, except record in stereo. It's just what I always wanted, a deck that can take stereo recordings and copy them in monaural.

I've got a VCR that does everything it's supposed to do, except record off the TV. It plays tapes. It will record when hooked to another VCR for dubbing purposes. It just won't record off the TV, which is the primary reason for owning a VCR. It's also just what I always wanted.

I bought a big ghetto-blaster to take to the beach this summer. It made it through the summer alright... barely. The week after Labor Day weekend the cassette player in the thing gagged and the tuner for the radio froze up. It works just fine if you want to listen to the same radio station all the time. Which is, again, just what I always wanted.

I bought my boy a radio controlled race car last spring for his birthday. The first run went just fine, until the car got about ten feet from the controller. Then it took off on its own, running wildly across streets and lawns until it crashed into a tree. We got a new one from the retailer. Shortly thereafter the forward and reverse servo went out on that one. It went to the factory under the warranty. It ran okay for a week, then the steering servo went out on it. Just what we always wanted, a twenty m.p.h. race car that can't be steered.

I've got a refrigerator with an in-the-door ice cube and chilled water dispenser. The chilled water spigot is always frozen, and simply will not work. The ice cube dispenser almost always jams, and when you open the door to clear the chute, about two dozen ice cubes scatter across the floor. Just what I always wanted... ice in my shoes.

I bought my kid a new program for his computer the other day. He told me that he couldn't use it because two function keys on his cassette player were broken. Just what we always wanted, a computer that can't be programmed.

I've had a microwave that would micro but not wave, a blender that would leak but not blend, a washer that would do calisthenics but not wash, a dryer that would squeal but not dry and a garbage disposal that only disposed of itself.

And, on top of all that, I've got another whole set of electronic marvels here at the shop to deal with. Just a couple of weeks ago the computerized timer on our repro camera totally fried itself. The speed controller on our big press and a control switch on the folder have been recent casualties. And, to top it all off, there is a quirk in the computer I'm writing this on. It sometimes shuts itself down for no apparent reason.

Jr. High helps UNICEF toward immunization

The Jr. High United Methodist Youth Fellowship has joined UNICEF, the United Nations Children's Fund, in an effort to immunize all the world's children by 1990.

Fifteen million children die and many more are disabled by the effects of six childhood diseases which are easily preventable through immunization.

UNICEF now needs funds to provide the supplies and technical assistance to developing countries. Five dollars will completely protect a child from the six diseases, but UNICEF is appealing for donations of all sizes to help with this worldwide effort.

In response to President Reagan's call to "help bring about a health revolution for children during the coming decade by supporting UNICEF's humanitarian program," the Lowell Jr. High UMYF will be collecting for UNICEF door-to-door before their Halloween party Sunday, October 26th. If you see these young people, please give them your support and help them make this a healthier, happier world for all the world's children. Donations will also be accepted at Lowell First United Methodist Church by phoning the office at 897-5936.

Make Halloween safe this year

There is an evening in October when bright lights won't frighten hosts and gobblins. The night is Halloween, and lighting will instead serve as a guidepost for eager youngsters going door-to-door in search of "tricks or treats."

Fred D. McDonald, community services representative of Consumers Power Company in Alma, suggests that a well-lit home will help youngsters avoid obstacles like uneven sidewalks and driveways, low-hanging tree limbs, dark steps and passing vehicles.

"Dusk is perhaps the most difficult time for drivers to see pedestrians. So it's helpful if the lights are on during that 'transition' from daylight to dark," McDonald said. McDonald says there is an additional advantage if residents turn their lights on earlier than usual.

"The extra illumination is worth the extra few cents that it might cost and it increases the safety factor for children and adults who want to make Halloween an evening of fun and excitement," McDonald says.

Consumers Power Company is Michigan's largest utility, serving almost six of the state's nine million residents in 67 of the 68 Lower Peninsula counties.

Freshman lose to Pioneers

By Denny Blough
The Freshman football team traveled to East Grand Rapids last Thursday to play the Pioneers. The Arrows were upset by a close score of 14-8. The Arrows, led by quarterback Ryan Holtz and running backs Dave Organek, Kevin Goggins and Bob Adams, played some of the best football that coach Kampfschulte has ever seen at the freshman level, he said. Lowell scored its first and only touchdown of the game in the first quarter when Kevin Goggins scooted around the end

Lowell JV's get shutout by East G.R.

By Denny Blough

The Lowell J.V. football team suffered its second loss of the season the East Grand Rapids Pioneers by a score of 24-0. The Pioneers scored a touchdown each quarter but all four of the two point conversion attempts were fouled by the Arrow defense. The Arrows had a tremendous goal line stand late in the second quarter while holding the Pioneers for four downs after a first and goal situation. The loss drops Lowell to 5-1 in league play with an overall record of 5-2. The Arrows host Northview this Thursday at Burch Field. Kick-off is at 7:00. This will be the freshman and J.V. football squad's last home games.

Lowell JV's fell to East in last Thursday night's action.

The Public Hearing held by the Zoning Board of Appeals to consider a request by Misty Valley Canoe Rentals for a square foot variance, to convert the office to a single family dwelling of 1,100 sq. ft. was opened at 8:02 p.m. by Councilman Thompson. Manager Quada reviewed the history of the parcel, stating the building meets all residential codes and was built with the intention to expand as a residence. Members of the Planning Commission who were polled, favor the conversion. The City had received no written or oral objections. With no further response, Councilman Thompson closed the hearing at 8:07 p.m.

IT WAS MOVED to approve the square footage variance for Misty Valley Canoe Rental by Mayor Maatman and supported by Councilman Collins.

Yea: Councilman Doyle, Collins, Thompson and Mayor Maatman.

The consideration of a request from the D.N.R. to conduct a hydrogeological study at the city owned landfill (Ware Rd.). Manager Quada stated according to P.A. 641 we are required to formally close the landfill. Part of the closing procedure is to conduct a hydrogeological study and to implant monitor wells to determine if we are leaching into the ground water. The State of Michigan is volunteering to do the study and install the wells at their expense of \$17,000 to \$18,000. If at the completion of the study it is found we are not leaching into the ground water and the system is working, we may be able to reopen the landfill, according to requirements of P.A. 641 (clay liner & cap) for non-garbage type refuse.

IT WAS MOVED by Councilman Doyle to accept the offer of the D.N.R., supported by Councilman Fonger.

Consideration of the 1986 Salt Bids was next addressed. Bids received are as follows:
MORTON SALT, \$21.24;
INTERNATIONAL SALT, \$30.92;
DOMTAR SALT, \$28.00.

Manager Quada stated that this year the City will be monitoring the amount of salt being used because it is in disfavor with environmentalists and the possibility of it being banned within 2 or 3 years.

IT WAS MOVED by Councilman Fonger to accept the low bid of \$21.24 from Morton Salt, supported by Councilman Thompson.

The discussion of the Police Computer Co-operative Program was opened by Manager Quada. He explained the system, which could be operational in 2-3 years, would enable the area police departments to cross-reference material. Our cost in the project would be approximately \$4,800.00 plus the cost of the telephone line, which Councilman Collins noted could be very expensive, and a monitor (CRT). The Council will be kept informed as new information develops.

On the update of street construction and repair projects, Manager Quada informed the Council the City has received prints from WBDC engineers for the proposed road from M-21 to Sibley and Sibley extended. Also, areas slated for reconstruction are Hudson from Chatham north to Spring and Valley Vista to Sibley. He indicated costs would be available at the next meeting.

Bids received and opened on September 17, 1986 for a 2-wheel drive Backhoe/Loader/Tractor are as follows:	
Keizer Equipment	\$32,900
Grandville Tractor	\$30,360
Granville Tractor	\$25,956
AIS Construction Equip.	\$28,766
Vos Equipment	27,865
Snyder Farm Supply Inc.	\$24,993

It was found the equipment bid from AIS did not meet the specifications. Money to purchase the backhoe will come

from the Equipment Fund.
IT WAS MOVED by Councilman Doyle to accept the low bid of \$24,993 from Snyder Farm Supply Inc., supported by Councilman Collins.
Yea: 5.

CITIZEN SUGGESTIONS: Vera Sherman, Margaret Gardner, and Dorothy Haney presented to the Council a petition of approx. 350 signatures from citizens in the Valley Vista area for the installation of a traffic light at the intersection of M-21 and Valley Vista. They wanted to express their concern over the increase in traffic flow and accidents at and near that site. Manager Quada stated that the State Highway Department must approve and install any and all lights along the route. Cost would be assumed by the City. He has instructed Chief Emmons to do a survey of the accidents that have occurred there in the last year. Discussion continued on the speed limits, cost, advantages and disadvantages of the light.

IT WAS MOVED by Councilman Fonger to direct Manager Quada to contact the State of Michigan regarding the installation of a traffic signal at Valley Vista and M-21, supported by Councilman Thompson.
Yea: 5.
Nay: 0.
MOTION CARRIED.

CITIZEN SUGGESTIONS: Gordon Hill expressed concern over the cracked sidewalk in front of his business and a street light that needs to be replaced in the rear of the building.

COUNCIL COMMENTS: Councilman Collins inquired on the progress of the Community Building. Manager Quada replied that a committee, headed by Mayor Maatman, has been developed and should meet with other organizations in the near future. Councilman Fonger questioned the progress of the tree program and the unsightliness of Sam's Factory Outlet on W. Main. Manager Quada replied Chief Emmons would look into the latter. Councilman Doyle questioned the proposed road from M-21 to Gee Drive. Manager Quada answered the matter will be addresses with the connector street project. Mayor Maatman informed the Council he had been contacted by Cong. Henry, and his support for us (City of Lowell) with the D.N.R. issue. Interest was expressed to meet with Cong. Henry before the election. Manager Quada noted interest from the Lions and Rotary for a letter writing campaign via the residents and taxpayers to Cong. Henry in regard to this matter.

MANAGERS REPORT: Mr. Quada reported on a meeting with the City Attorney, reviewing the EPA/DNR issue. He continued by asking the Council's consensus to pursue the letter campaign with the Lions to: 1. inform the public, 2. solicit help from the Congressman.

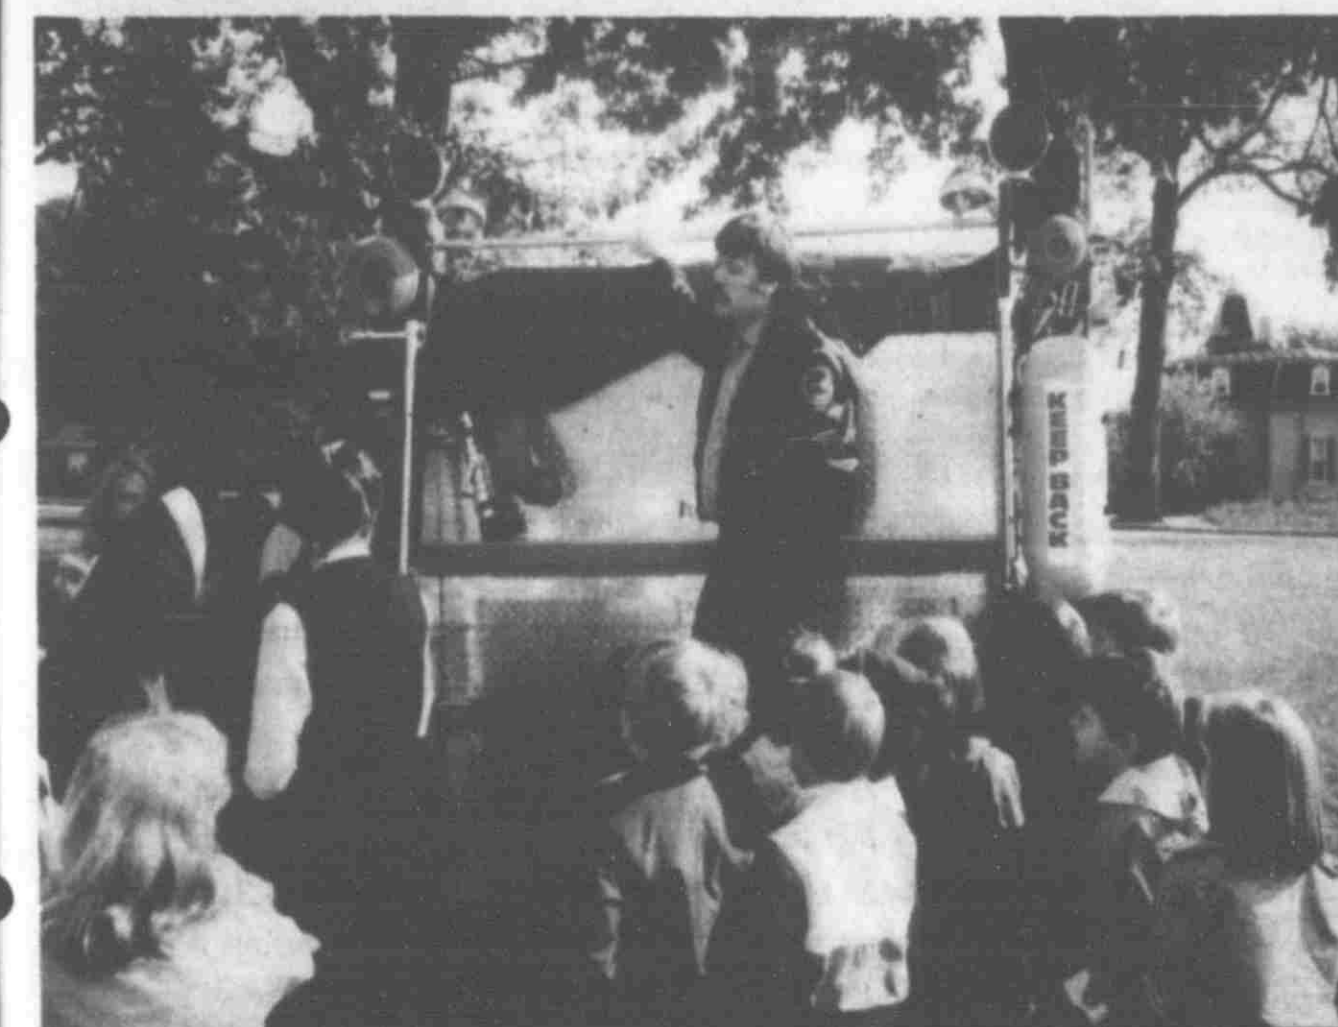

IT WAS MOVED by Councilman Thompson to adjourn at 9:20 p.m.

Date: Approved: October 22, 1986
James D. Maatman, Mayor Ray E. Quada, City Clerk

Wednesdays are special days at St. Mary's School

Each Wednesday, local businessman (Anderson's Shoes), Jim Pfaller conducts a Project Business class at St. Mary's School. The seventh and eighth graders enjoy learning about a business from someone actually involved in the process.

October 8, 1986, the Wednesday of Fire Prevention Week, was very special at St. Mary's School this year. Lowell's Fire Chief, Frank Leasure, and Fire-fighter, Bryan Kimble, brought the fire truck right to the school's parking lot! After an actual fire drill and an assembly, the students were permitted to view the fire truck and hear its siren. Firefighter Brian Kimble discusses fire department operations with staff and students.

Fastest woman water skier was Sally Younger who, at age 17, sped 105.14 mph in 1970.

Hunter Safety Rules

With the onset of small game and archery deer seasons, the observance of hunter safety rules could mean the difference between sport and tragedy, say Department of Natural Resources law enforcement officials. "Hunter accidents most often involve members of the same hunting party," says Herb Buns, Law Enforcement Division Chief, "usually family and friends." To prevent accidents, people should 1) keep track of everyone in the hunting party; 2) wear hunter orange hat and jacket or vest; and, 3) be sure of their target at all times.

The archery deer season began October 1. Burns reports that most archery deer hunting accidents are self-inflicted wounds that occur when a hunter falls out of a tree stand. Wearing a safety harness at all times will prevent such an accident. "Archery hunters should yell, not move, when they see a small game hunter." Last year DNR estimates 1,300,000 hunting licenses were issued for the small and big game seasons. There were two fatalities and 46 injuries to small game hunters.

Pew named Director of the Steelcase Foundation

Kate Pew has been named executive director of the Steelcase Foundation. The Steelcase Foundation is an expression of concern and commitment to the community by Steelcase Inc., the world's leading designer and manufacturer of office environments. Established in 1961, the Steelcase Foundation makes grants to charitable, educational, environmental, health and cultural programs, projects or organizations. Cliff Boyce, Vice President of community relations, made the announcement today, noting that expanding responsibilities and increased funding requests necessitated the newly created position. In 1985, the Steelcase Foundation made grants of nearly \$1.4 million to more than 90 programs, projects or organizations primarily in Western Michigan. The Steelcase Foundation particularly addresses the needs of people who are disadvantaged, disabled, young or elderly - especially in communities where Steelcase Inc. has manufacturing operations. Pew, appointed by the Governor to the State Planning Council on Developmental Disabilities in 1984, served as the Director of the Grand Rapids Center for Independent Living for two years before assuming her present position. A registered social worker in the state of Michigan, Pew served as a staff social worker in the Steelcase Inc. Counseling and Referral Center from 1982 to 1984. Prior to that, she worked as a therapist in the Family Counseling Unit of Catholic Social Services in Grand Rapids in 1981. In 1980, Pew worked as medical social worker at Mary Free Bed Hospital and Rehabilitation Center in Grand Rapids (1980). And from 1978 to 1980, she served as a crisis intervention treatment therapist at the Steelcase Inc. Counseling and Referral Center. Pew earned a masters degree in social work from Michigan State University and a bachelor of arts degree in sociology at Aquinas College in Grand Rapids.

NOTICE OF APPLICATION TO THE FEDERAL RESERVE BOARD FOR CONSOLIDATION OF NEW LOWELL STATE BANK AND STATE SAVINGS BANK AND FOR NEW LOWELL STATE BANK TO BECOME A MEMBER BANK

New Lowell State Bank, Lowell, Michigan, intends to apply to the Federal Reserve Board for permission to consolidate with State Savings Bank, Lowell, Michigan, and to become a member bank. This application is being made in connection with the proposed affiliation of State Savings Bank with First Michigan Bank Corporation. It is proposed that the consolidated bank will operate under the name "FMB-State Savings Bank." The Federal Reserve considers a number of factors in deciding whether to approve the application including the record of performance of banks in helping to meet local credit needs.

You are invited to submit in writing on this application to the Federal Reserve Bank of Chicago, P.O. Box 834, Chicago, Illinois 60690. The comment period will not end before October 31, 1986 and may be somewhat longer. The Board's procedures for processing applications may be found at 12 C.F.R. Part 262 (as revised, Press Release (January 31, 1984), 49 Federal Register 5803 (February 14, 1984)). Procedures for processing protested applications may be found at 12 C.F.R. Sec. 262.25 (1984). To obtain a copy of the Board's procedures or if you need more information about how to submit your comments on the application, contact Alicia Williams, Community Affairs Officer, (312) 322-5910. The Federal Reserve will consider your comments and any requests for a public meeting or a formal hearing on the application if they are received by the Federal Reserve Bank on or before the last date of the comment period.

WILL the person(s) who painted my daddys headlights and wrote on his windshield Saturday night the eleventh of October please come forward. Did you ever stop to think that if I were to need medical attention that I would need my daddy to take me, but if its in the middle of the night, how can he take me with no headlights? And if something were to have happened to my daddy due to his headlights being painted, would you want his responsibilities for me? I didn't think so. You knew who my daddy would blame. He blames my mommy, but my mommy didn't do it and you know that, because you did it. Well, thanks to you my daddy won't come see me now. Is that what you were hoping for? Will you please tell my daddy who you are so he'll come see me again?

Section of I-96 is slated for repair

Interstate Highway Construction Inc. of Englewood, Colo., was the apparent low bidder at \$8,663,314 on a project to rehabilitate 8.2 miles of I-96 Freeway in Ionia and Kent counties, the Michigan Department of Transportation (MDOT) said today.

The company was the lowest of six bidders on the project which calls for concrete recycling, asphalt shoulders, ramp resurfacing and safety upgrading.

Interstate is also the contractor on a similar I-96 recycling project which connects to the east.

The new project extends from one mile west of the Kent county line east to the Jordan Lake rest area in Ionia County. Completion is scheduled for November 1987.

Milbocker & Sons, Inc. of Allegan was the apparent low bidder at \$1,363,685 on a project to replace the M-82 bridge over Penoyer Creek in Newaygo. The

firm was one of six bidders on the project, which also includes road relocation, construction of grading and drainage structures and asphalt surfacing.

The new concrete box-beam bridge is expected to be open to traffic by November 1987.

All the contracts must be approved by the State Transportation Commission and State Administrative Board before they can be awarded.
