"FROM SHORE

TO SHORE." CLASS OF BEGIN

LIFE'S VOYAGE.

Between 700 and 800 People Attend
the Commencement.

"Hotter than Tophet," was the general comment of the 800 people packed into Music hall last Friday evening to hear the Lowell high school graduates of 1896 speak their little pieces and say their little say.

The stage was beautifully decorated with flowers and potted plants and the "sweet girl graduates," with members of school board forming a sombre and strongly contrasting background, looked their very prettiest.

The class is composed of the following members: Della M. James, Edith M. Mangle, Elsie V. Godfrey, Lottie L. Fletcher, Effie L. McDiarmid, Donna E. Wisner, Frank F. Coone—six girls to one boy.

The program, as published two weeks ago, was followed and the graduates acquitted themselves nobly. Comparisons are odious and we will make none.

Success and long life to the class of '96.

SERIOUS ROW BETWEEN CEDAR SPRINGS YOUNG MEN.

Henry Curtis Seriously Struck by Harry C. Morrill.

Cedar Springs, Mich., June 29.—Late yesterday afternoon a bloody encounter took place on the banks of Sand Lake over a small affair. Harry C. Morrill was giving his sweetheart a sail boat ride when he passed another boat containing several young men including Clifford Curtis, who shouted and asked Morrill if he was going to get married. Morrill did not reply but immediately pulled for shore and took the lady home.

He returned to the lake and asked Curtis what he meant by saying what he did. He answered that he meant what he said and pulled his boat and started for Morrill, who pulled out his knife and made a pass at Curtis, who ran away. Morrill threw stones and also hurled his knife at him. He threw it back, and Henry Curtis, brother of Clifford, arrived and took his brother's part. Then Morrill slashed right and left, stabbing Henry Curtis three times, once on the upper lip, slashing clear across the front of his face, once behind the right ear and on his arm. Curtis was a pit-sight last night and to-day lies in bed in a precarious condition.

KILLED.

BALLOONIST COLE MEETS DEATH

AT NORTH PARK.

Ascended in a Gale and Blown
Against Switchback.

HUNDREDS SAW THE UNFORTUNATE
MAN PLUNGE TO THE
EARTH.

Hiram H. Cole, the aeronaut who has been giving exhibitions at North Park, Grand Rapids, for some weeks past, was killed last Sunday evening at the park while trying to make an ascension in a strong wind.

His balloon blew against the roof of the switchback, severing the trapeze ropes and throwing Cole to the ground, thirty feet below. He landed squarely on his head and shoulders and did not recover consciousness before he died at 8:45, an hour and a half after the fall. Cole had expressed fear of going up during the afternoon. Once he made up his mind not to try, but later said he thought it best to fulfill his contract.

A large crowd witnessed the accident. The balloon was released by the helpers and shot up with great force. Suddenly a gust of wind caught it and hurled it against the switchback. Cole made a desperate effort to ward off the collision with his feet. The attempt was futile.

The balloon lugged the edge of the roof, sawing the trapeze cords and tearing off the shingles. Cole fell headlong and was at once surrounded by a crowd. Dr. Rehl, the Soldiers' Home surgeon, was first to reach him but no effective aid could be tendered.

Cole and a helper named Fred Randall had boarded at the pavilion since coming to this city. Cole has been in the business about eight years and was considered thoroughly capable. He has a wife and child at Big Rapids.

Grand Rapids Republicans on the
State Convention.

Grand Rapids, Mich., June 29.—

The matter of the place of holding the next state Republican convention is causing a great deal of trouble as far as local members of the party are concerned. Maj. C. W. Watkins is the local member of the committee and he has been pretty certain of bringing the convention to this city until now. It has been argued in favor of this city that there are no gubernatorial candidates here and therefore it is the best place for holding the convention, but it now develops that the other candidates are afraid of the Bliss sentiment in Kent county and are therefore fighting this

The arc lights were turned on, Wednesday evening, and the city band which was in waiting played "The Cheers" and "Hail Columbia" to greet them. The streets were thronged and a little Fourth of July celebration indulged in. Everybody was jubilant.

A Double Runaway.

Wm. Gott's dray team ran away partly loaded with fruit baskets, Monday afternoon. In starting they ran so close to McCarty's delivery horse as to lose a whole bundle of baskets covers on his thill. McCarty's horse evidently wanted to deliver his share of the load and so turned carefully about and dashed after Gott's horse. The trio narrowly escaped a collision on Main street with the sprinkling wagon and went on distributing baskets and covers right and left, but fortunately doing no damage beyond smashing a few baskets. McCarty's horse having distributed his covers turned off after running about three blocks and Gott's horse went to their own stable. In loading one of the baskets fell upon the horses and started them, one of the wheels passing over Mr. Gott's foot. A lucky runaway; it might have been much worse.

Death of Daniel
Died, at his home, on July 29, 1896, Daniel E. Eggleston, aged 62 years. Funeral services were held at the residence on the morning of July 30th, conducted by Rev. James Provan.

Mr. Ranney was born in Jefferson county, New York, Jan. 28, 1834. He enlisted in Company I, 10th Regt., N. Y. Heavy Artillery, as a private, and September 11, '62, was promoted to second lieutenant. Again, August 20, 1863, he was promoted to first lieutenant, and on June 23, 1865, was honorably discharged.

At Cleveland, Ohio, Nov. 12, 1865, Mr. Ranney was married to Jane Ranney, who survives him, with six children: Mrs. H. H. Lake, Miss Daisy G. Ranney, Mrs. B. E. Quick, Miss Mary Ranney, Miss Stella Ranney and Mr. Belt Ranney.

Mr. Ranney was a genial gentleman and a good citizen and during his ten years' residence in Lowell, made a host of friends, who will ever retain of him most kindly memories.

Death of Mrs. Eggleston.
Esther Ann, wife of John S. Eggleston, died at the residence of her mother, Mrs. Wm. Burnett, in this village, Saturday evening, June 27. Mrs. Eggleston's health had been poorly for a number of years; six years ago the grippe attacked her, leaving a complication of troubles, and for the past year she had been confined to her bed. Though a great sufferer, she was very patient, and never once was heard to murmur at her lot. At Christmas time last year, she gave up housekeeping and went to spend her remaining days with her mother, where she could have her constant care and attention.

Esther Burnett was born in Galt, Ont., December 1, 1857. When a child of 4 or 5 years, her parents removed to this place, where she has since resided. January 1, 1885, she was married to John Eggleston of Wilson, N. Y., and in the following October a child was born to them, Mina, who is now left motherless. Besides this little daughter, she leaves a widowed mother, one sister, Mrs. F. W. Eggleston of Laramie, Wyoming, one brother, A. W. Burnett of this place and other relatives, her father having gone on before, a year ago last November.

Funeral services were held at the house at 2 p. m. Tuesday, Rev. A. P. Moors officiating, and a large number of friends were in attendance to pay their respects to one whom they had known and loved from childhood. Mrs. Eggleston was very well known in this community and had hosts of friends and the sorrowing friends remaining have the sympathy of them all.

SLAVE RAIDS IN AFRICA.

More Than a Hundred Villages Destroyed in One Campaign.

As we approached the falls we saw that the river banks had been depopulated and the villages were in ashes. We passed dead bodies floating in the river. Canoes were standing on end like hollowed columns; crowds of fugitives were afloat and hiding among the reedy islands. These were all signs of a general terror, but we could get no information of its character. Vague ideas of an invasion from some savage tribe came to our minds, and now and then we had a misgiving that there must be Arab slavers in the neighborhood.

Continuing our ascent, on the third day we came in sight of a huge Arab camp on the right bank, and before long we discovered that the Arabs of Nyangwe (Livingstone's farthest point), living board the most exaggerated reports of our successful descent of the Congo in 1877, had hastened after us to reap a harvest of ivory and slaves. They had been too successful. Over 118 villages had been destroyed below Stanley falls alone, a rich plunder of ivory was in their camp, and several hundred slaves, old and young, were herded like goats and heavily fettered in the slave pen. It then appeared that while we had been negotiating with the negro chiefs along the river, making roads, building stations and hauling steamers overland, the Arabs of Nyangwe had been coming down the river, laying the country waste. We had at last met, about 50 miles below the falls. A glance at the scenes of the camp was sufficient to reveal what a future awaited the Congo valley had we not conceived the project of opening the river to civilizing influences. There was not a moment to lose. We had no authority to open fire on the miscreants. They were subjects of the Prince of Zanzibar, and the King of England, and to shoot them would have been to shoot ourselves.
