END OF THE LOVE-SAYLES DAMAGE TRIAL.

Jury Says There Was No Cause For Action.

The Love-Sayles case went to the jury at 11:25 o'clock yesterday morning and as predicted in the Democrat a verdict was speedily reached. Their verdict was "no cause for action," and it took the jurors just fifty-five minutes to arrive at it. Eleven members were for acquittal as soon as they went into the jury room, and the twelfth joined them as soon as a few important points became settled in his mind. It is said that Attorney Lombard gave up all hope of a favorable verdict when Attorney Walker's cross-examination brought out the past history of the plaintiff.

Judge Burlingame in charging the jury told them that the evidence concerning the past history of Mrs. Love had been introduced simply to bring into question the credibility of the plaintiff, and that it should be considered only in that relation. The fact that everything was not right in the woman's past would not excuse the defendant in the least, if the alleged assault had really been made.

The plaintiff and her husband are considerably cast down over the verdict and Mr. Sayles is correspondingly elated over his vindication although it was nothing more than he and his friends expected. As will be remembered, the case was brought to recover \$5,000 damages for an alleged assault by Sayles upon Mrs. Love. Mr. and Mrs. Love were the only ones to swear to the assault and Mr. Love was only present after it was alleged to have occurred. He swore that he had heard Mr. Sayles begging Mrs. Love's forgiveness after the assault. The question for the jury to decide was which side of the case to believe and they decided in favor of the defendant. The usual stay of twenty days was granted to the plaintiff, but it is not probable that she will take advantage of it.—[Grand Rapids Democrat, Oct. 13.]

LOOKED FOR HIS PIPE.

First Thing A Man Who Fell Seventy-Five Feet Did:

Grand Rapids, October 7.—Frank Patterson, aged 45, a painter, fell seventy-five feet from a church steeple to-day, and yet lives to tell of it. He not only lives, but apparently uninjured, his pipe being all that was broken. He was painting the steeple and was sitting in a rope sling when it suddenly gave way and he fell, turned over in the air and landed with an awful crash upon the ground, striking on his side. Fellow workmen rushed to the spot, expecting he was dead, but he coolly turned over, arose, rubbed his leg and picked up a broken pipe. He walked over to the side of the building and sat down for a few minutes but when the ambulance arrived he refused to get in, saying that he could walk home, and he did. An examination showed no broken bones at all and no serious injuries.

Since the above was written, Patterson has begun to feel the effects of his fall. One of his legs is badly swollen and he is suffering a great deal of pain.

Death of Mrs. Daniel Bennett.

Barbara Walter was born in Germany, August 31, 1834, and in 1852 came to America, and at Buffalo, N. Y., was married to John C. Raimier; with whom she came to Ottawa county, Michigan, in 1859 and in 1878 moved to Boston, Ionia county, and in 1882 from there to Lowell.

John C. Raimier died at the Soldiers home in 1887 and in 1889 she was married to Daniel Bennett, who died at Tuscola county, Michigan in 1893. Since then she has remained a widow. Ten children were born to her by her first union, eight of whom are still living, all being present at her funeral. She died at her home east of this village, Wednesday, September 22, and the funeral was from the Baptist church September 25, Rev. S. B. Dexter officiating. The interment being in Oakwood cemetery.

CARNIVAL OF FUN.

Grand Rapids Preparing for a "Hot Time in the Old Town"—Greatest Carnival Ever Known is to Take Place the Last Week in this Month.

Everybody in Michigan, and especially the people in this section of the state, will be interested in the preparations now making in Grand Rapids for the great Carnival of Fun to take place in that city the week of October 25-30. The preparations are in the hands of the leading business men of the city, and the list of committees includes several hundred of the most prominent citizens. A monster Midway show is to be given including a long list of first-class attractions, including many of a specially humorous character. Tight-rope performances, exhibitions of trained horses and other attractions will be given on the streets during the day. Each night there will be one or more parades of enormous proportions. These parades will include the military of the state, the wheelmen, the fraternal organizations of Grand Rapids and many other cities, organized labor societies of the state, an immense display of the products of factories, mills, etc., and the greatest carnival procession ever known in history. The city will be decorated in a most beautiful manner and the streets will be illuminated at night by immense searchlights, fireworks, etc. The whole week will be given up to fun and the spirit of good nature and enjoyment will pervade the whole affair.

President McKinley, Governor Pingree, Senators Burrows and McMillan and all of the leading ex-governors of the state have been invited to be the guests of the Carnival Committee. General Alger, Secretary of War, has been requested to send detachments of cavalry, artillery and infantry to participate in the military parade.

Low excursion rates will prevail during the week.

THE CENTRAL SCHOOL.

More Heat and More Room Badly Needed.

The schoolboard is facing the problem of heating the Central school-building comfortably this winter, without going to an expense for an extra furnace that might not be the thing wanted in case of adding another apartment to the building next year.

In extreme weather last winter, the furnaces now in use were found insufficient; and even in ordinary winter weather the furnaces had to be overcrowded.

It has been proposed to put in an extra furnace; but there is a probability that it will be necessary to add another apartment to the building next year, in which case the plan for heating might have to be materially changed.

The board has finally decided to put stoves into two of the rooms, when it is expected that the furnaces will be able to warm the rest of the building comfortably.

"The Midnight Fire Alarm."

Lowell people were aroused from their slumbers Monday morning at 2 o'clock by the clanging of the fire bells. The fire department turned out, accompanied by something less than 100 panting, breathless citizens in various stages of dishabille, all on account of a blaze in a rail pile at the rear of Dr. Elsworth's house. The flames were extinguished without loss to life or property; and the fire ladders retired to their downy beds and slept the sleep of the just.

The New M. E. Pastor.

Our Lowell Methodists seem to be fortunate in their pastors. Rev. L. N. Pattison, the new appointee, is a pleasant gentleman, and an interesting and effective preacher. His discourse on "The Prodigal Son" last Sunday evening was an able effort, listened to by a large and attentive congregation. We predict that Elder Pattison will prove a worthy successor to Rev. A. P. Moors, and hope that he will find Lowell a good field spiritually and financially.

Card of Thanks.

Mr. Editor: We desire in this public manner, to thank the members of the M. E. church and congregation for the hearty public reception given us at the residence of Mr. Chas. Quick, on last Friday evening, also to the members of Lowell Band for the excellent music they so kindly furnished upon that occasion. The remembrance of it is delightful to us.

Seven Months With Fever.

Wonderful Recovery of Health. Mr. Baird's rapid and marvelous recovery from a mere skeleton to his normal weight, 170 pounds, was surely the fullest test of the greatest strength-giving and building-up medicine ever produced, namely:

Dr. Miles' Restorative Nerve.

J. H. BAIRD.
"Gentlemen—I wish to express to you my gratitude for the great good that Dr. Miles' Nerve has done for me. I was taken sick with typhoid fever and I laid in bed for seven months. After getting over the fever I was thin, nervous and tired, and did not regain my lost strength. I tried several proprietary medicines, and finally, after having been reduced in weight to 150 pounds, I began trying your Nerve, and at once began to improve. Was finally entirely cured, and today I can say I never felt better in all my life, and weigh 270 pounds. This is my normal weight, as I measure 5 feet 5 1/2 inches in height."
South Bend, Ind. J. H. BAIRD.
Dr. Miles' Nerve is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 25c bottles for 60c, or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
