SURVEYORS TRY TO GIVE BELDING THAT NEW ROAD.

In the Meantime Secretary Andy Fyfe is Booming the Scheme at Greenville.

Greenville, Mich., Nov. 30.—At a meeting of citizens last night to consider the matter of extending a new railroad here from Lowell, Andrew Fyfe, of Grand Rapids, secretary of the company, said:

"The attempt has been made about ten times, and several thousand dollars have been expended trying to get a road over this route without success. But we are now assured by Boston capitalists who have looked the ground over, that if the road could be built for a certain maximum price per mile, they would accept it. Consequently a survey was made of about two-thirds the distance from Lowell to Belding. The survey and apportionate cost of the road were submitted to them, but they returned it saying that the road would not justify that expenditure.

"Now another survey is being made, and the surveyor thinks that almost a surface grade can be established. The right of way has nearly all been secured, and the survey will reach Belding by Christmas. The present road will be called the Grand Rapids, Belding & Saginaw, and will be a direct line to Kalamazoo and Chicago, and we think it will be a saving of freight rates, as the distance saved from Greenville to Chicago is from twenty-five to thirty miles."

A committee of five citizens was chosen to secure a right of way through this city as soon as the surveyor reaches here.

A man might as well try to put a quart of water into a pint measure as to make a better harness than our famous Oak Tanned hand made harness. Before purchasing it is for your interest to call and look at our goods.

REV. E. H. SHANKS, OF FLUSHING, CAUSED A SENSATION.

He left His Pastorate Without Giving any Reasons Therefor.

Flushing, Mich., Nov. 23.—Rev. E. H. Shanks has suddenly and mysteriously disappeared from his home in this village. He left here to attend the Sunday school convention in Saginaw on Tuesday of last week. He was seen at one of the sessions but has not been seen since. The day after his disappearance he wrote to one of the deacons of the Baptist church saying he would resign his pastorate and whatever debts he had left would be settled. He wrote to his wife on the same day that he would not return. Mr. Shanks came here from St. Louis, Mich., June 1, 1897. He was at that time secretary of the state B. Y. P. U., and prominent in the Young People's work. He is a genial and sociable young man and soon won the friendship and confidence of the entire community. He is a good singer and general musician and became leader of the choir which grew and prospered under his management. He made extensive improvements to the pipe organ and built with his own hands an addition to the choir platform. In the Sunday school he led a young people's Bible class which drew a large number from outside the congregation. In fact his exuberant and indomitable energy was felt in all departments of the church, which prospered as it had never done before.

Mrs. Shanks who, with their two boys, aged 2 and 4 years, was visiting a sister in Valparaiso, Ind., was completely surprised and almost prostrated with grief at the news. No cause whatever can be found for Mr. Shanks' actions, though his sudden departure has started many rumors, yet nothing which reflects on his moral character or his purity as a Christian gentleman can be confirmed—Detroit Free Press.

JUST ONE LEFT.

The men who have been controlling the destinies of the Democrat party in Kent county for the past few years have now to thank themselves for being left with but one Democrat paper in the county. That one is of course the Grand Rapids Democrat, upon which their undivided patronage has been bestowed, for accepting which we bear no ill will to the Grand Rapids Democrat. The Cedar Spring Democrat has followed THE LEDGER into the independent class. If the county committees for the past six years had been bending their entire energies to compass this end, they could not have done so. It is a sure job of it. Besides this, there are a selfish lot of office seekers in the county, who never know or recognize their friends of the grand press, except when they have an axe to grind. We have stood it a good while, gentlemen; but we have not stood at last; and now you can turn your own grinders.

This is what the Cedar Spring Democrat has to say of the situation: "THE LOWELL LEDGER has got tired of working free of charge to secure some other fellow a fat office, and will go it hereafter as an independent sheet. THE LEDGER is wise. The Democrat is of the same mind. Hereafter no politicians need apply for favors. In addition no self-respecting Democrat can endorse the blunders made in Kent county in the past four or five county campaigns."

ETERNAL PROGRESSION. The Nineteenth century is the greatest in the world's history, but we mistake the signs of the times if the Twentieth century does not prove even greater. The progress of the human race in the day in every field of human thought and endeavor. The procession is moving on and the man who does not keep moving must inevitably be left behind. The lawyer, doctor, preacher, editor or merchant who follows the practice of his predecessors of the previous century, without regard to changed conditions, new discoveries, new thoughts and better light, will find himself a "black number," and that without the excuse that can be made for the good man of fifty or one hundred years ago. Increased advantages, better knowledge and the lessons of experience of those who have preceded us, bring greater responsibility upon us of to-day. The fallow candle of our grandfathers was a good thing for them in its day, but it is utterly out of date in this dawn of the Twentieth century. This is true in one branch of human thought and activity as in another; and the person or organization who cannot learn and profit by this self-evident fact must learn it by sad experience. Let "Upward and onward" be your watchword, or prepare to go down under the crushing wheels of the juggernaut of public opinion.

THE sermon delivered by Rev. L. N. Pattison on "Things that are shaken" last Sunday morning, was listened to by a large and intelligent congregation; and the discourse was worthy of its hearers. Mr. Pattison is a progressive, sincere and earnest preacher and dispenser of truth. His work here is bearing good fruit and is deserving of the cordial and substantial support it receives.

WE NEVER had any part for Altgeld, or for that part of the Chicago platform that denounced Grover Cleveland for his part in the Pullman strike as president, that of putting down a riot in Chicago by the use of United States troops, when neither the governor of the state or the mayor of the city would act in the matter. Mr. Cleveland was right and the Chicago platform was wrong in this regard. Will the party rectify the error in the future? Or will it continue to read good Democrats out of the party for refusing to endorse Altgeld?

ONE of Lowell's most respected daughters, in the employ of several of our business establishments, who has been residing in the residence of the town was rudely treated by one who doubtless considered herself a lady, probably means to one. While those who visit our doors, conduct themselves as ladies and gentlemen, they have a right to be so treated. We need to remember that even those who find it necessary to work for a living were not beneath the kindly consideration of the great Scottish bard and his "A man's man for a' that and a' that."

A Clever Trick.

It certainly looks like it, but there is really nothing to it. A story can be told of a man who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the liver and kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at L. H. Hunt & Co's drug store.
