Death of an Ada Pioneer.

ADA, Mich., Oct. 2—John R. Bradfield, a pioneer of Ada, died yesterday after an illness of four and one-half years. Mr. Bradfield was born in England and came to America with his parents when two years old. He came here in 1860 and was in the milling business for 28 years. He settled on a farm in Ada in 1888 where he died.

Deceased leaves a widow, one son, two brothers and two sisters. The funeral was held from the late residence Tuesday afternoon, under the auspices of the Masonic fraternity of which he was a member. Rev. J. T. Husted of Wyandotte officiated.—[Grand Rapids Herald.]

Death of Mrs. Jonas Converse.

Belle Rodgers was born in Vergennes, Kent Co., Mich., Nov. 4, 1853. She was the youngest child of Alexander and Ann Rogers, unusually bright and attractive as a girl, she became more so as she blossomed into womanhood and in July of 1874 she was married to James Converse of Keene. After a few years spent in looking for a location they settled in Mackinaw City where she resided until her death. Her life for the past twenty years has been that of a consistent Christian, every ready for any good word or work, an acknowledged leader in the church to which she belonged and none of their social gatherings seemed complete without her presence. During the administration of President Harrison she was appointed postmistress and served six years in that capacity with entire satisfaction to the department and patrons of the office. The postal clerks on the railroad furnished some beautiful flowers for the funeral. She took a great interest in the half-breed Indians who were quite numerous in and around Mackinaw and was often called upon to write their letters for them. During her illness they frequently called to learn her condition. Some two years ago she was taken ill and much of the time since has been a great sufferer; but patiently awaited her Master's call to come up higher. She leaves a devoted husband, two brothers, Thomas A., of Philadelphia, and Fred S., of Vergennes, and one sister, Mrs. Jas. Wright, of Vergennes, sadly bereaved. The end came Sept. 28, at 7.30 p. m. Let those who mourn, mourn not for the dead but for the living.

Any nerve tonic is supposed to be a steady drink.

It is more blessed to forgive than to have to be forgiven.

It is a wise man who can always tell when he isn't certain.

Some novelists keep the prologue rolling a great deal too long.

Patience ceases to be a virtue when it is extended to a rattlesnake—human or reptilian.

When a man has one foot in the grave he naturally objects to "getting there with both feet."

Happiness may date on herbs, but tradition does not record that she often fed with Neobachneider.

A Connecticut doctor admits that he kills incurable patients. He's a wise doctor if that is the only kind he ever kills.

Carlists are renewing their activity in Spain. Their recent interval of quiet was probably due to the fact that they were too much absorbed in the Dreyfus trial to keep up their mild agitation about young Alfonso's fortune—or perhaps the latter is no longer regarded as the valuable piece of furniture it once seemed to be.

A woman tourist public in Colorado was recently married and sought legal advice as to what name she should use in the future officially. The attorney general of the state has finally given the gratifying opinion that she must sign all documents as before her marriage, for "it is not a law compelling or even authorizing a woman to drop her maiden name on the simple exercise of marriage. In fact, he says that there is no authority for a change of name."

Rosa Bonheur said: "I have no patience with women who demand the right to think. If I had got up a convention to discuss what might be the result of my painting The Horse Fair, do you suppose my own sex would have decided in my favor? No. I went ahead and did my thinking and then executed the work without asking to be 'reconciled,' and when the work was shown the picture was bought and sold for a fortune, and the sex of the artist was not asked."

Ninety thousand children were instructed in sewing in the public schools of New York city last year. The value of such teaching, in inculcating neatness, precision and economy, can be seen by a single contrast. "What is that shiny thing with a hole at one end?" recently inquired a girl at a reception school. She had never seen a needle before. "What does your mother do with your clothes when they have holes?" asked the patient teacher. "Throw 'em away," was the recourse. What else could she do with them?

The law's delay is a proverbial illustration of deferring a settlement, but a wheeler reports a prospective proclamation which man and woman carrying his bicycle in a battered condition at the end of a railway journey, the sarcastic baggage train that described the process of obtaining satisfaction for damages: "I will report it to the station agent, the station agent will report it to the general passenger agent, the general passenger agent will report it to the master of baggage, the master of baggage will report it to the claim department, then it will go before the directors and in a few years you will receive a call from the counsel of the company asking you what proof you have that the wheel was not in the same condition when you put aboard the train."

The income tax returns in Annual for 1923 show that there are 2,128 persons and 450 companies with a personal income of between \$23,800 and \$25,000. The highest income drawn by any person has been declared to be in the neighborhood of \$20,000. There is one company with an income of about \$20,000 year and another the income of which runs somewhat higher. The total taxable income in the kingdom in 1923 amounted to 6,774,337.565 marks (the mark equaling 23.3 cents)—an increase of 6.8 per cent over the preceding year. The average income in the cities is 2,692.21 marks; in the country, 1,175.80 marks. The highest average income in any city is to be found as in 1897, at Frankfurt-on-Main, with 4,937.87 marks, with Bonn and Wiesbaden closely following. The average in Berlin is 2,823.15 marks. The lowest average taxable income in the cities is to be found, as in 1897, at Linden, Spandau, Bochum and Koenigsberg, all below 1,800 marks. The number of persons drawing a salary of 5,000 marks or over has increased over 1897 by 6.07 per cent.

A wild man from Chicago has been captured in the woods near Bowling Green, Ohio. He has not yet been ascertained whether the man had been demented planning viaducts to connect the bowtie with the city, or trying to follow up the "big lead" leading to the hiding place of "Clay" Dan Coughlin.

There are innumerable ways for a man to lose his good name, but he never regrets it more than when it happens to be engraved on the handle of a \$10 umbrella.

WELCOMED AT WASHINGTON

Honors Heaped on Admiral Dewey at the National Capital.

NOISY GREETING GIVEN HIM.

In company with the President, the Great Sailor Reviews a Civic Parade—Thousands Stand in Line to Shake His Hand.

Washington, Oct. 3.—Elaborate preparations were made to give Admiral Dewey a glorious welcome when he returned to Washington this evening. His arrival in the city was signalled by an admiral's salute of seventeen guns and a pandemonium of noise from all the cannon, bells and steam whistles in or about the city.

The program carried out was as follows:

6:30 p. m.—Admiral's salute as special train arrived at Washington, Sixth street station. Reception at station to the admiral by the chairman of the reception committee. Party took cars.

7 p. m.—Third United States cavalry, guard of honor, escorted the admiral and party up Pennsylvania avenue to the executive mansion.

7:15 to 7:30 p. m.—Secretary of navy received the admiral at the executive mansion in the east room and then presented him to the president.

7:45 to 8 p. m.—Party consisting of the president, members of his cabinet, Admiral Dewey and aids, members of the reception committee and other guests from station left executive mansion, proceeding through the south grounds of the executive mansion to the southeast gate, and thence to reviewing stand.

8 to 8:15 p. m.—Head of parade arrived at reviewing stand. General illumination of Pennsylvania avenue with searchlights, red fire, arches of Roman, Greek, Egyptian, etc., etc. Illumination of the capital, monument, city postoffice and other public buildings.

8:30 p. m.—The people passed in review. Special illumination along line of escort. General illumination and demonstration. Admiral Dewey escorted to the residence of Mrs. Washington McLean, Connecticut avenue and K street.

The civil parade mentioned numbered about 12,000 men and included Grand Army, Spanish-American war and other military organizations, labor and society orders and other uniformed bodies. After this parade came a general march past the reviewing stand by as many people as could pass up the avenue in the hour that Admiral Dewey consented to add to the original program for this purpose.

Admiral Gets Keenest.

New York, Oct. 3.—Admiral Dewey early this morning and began preparations for his departure at 1 o'clock for Washington.

At a light breakfast, during which he chatted with the members of his family, the admiral expressed himself as being much refreshed after the fatiguing incidents of the past week. The admiral saw no visitors this morning, but kept to his rooms, attending to some personal business until about 10 o'clock, when, with the party escorting him, he started for a drive before proceeding to the railway station. Admiral Dewey has received so many notices of welcome and congratulations since his arrival in the United States that he finds it impossible to answer them as he would wish. He therefore asks the press to convey his acknowledgments of their receipt and his thanks for the kindness and good wishes of his many friends.

Egan to Meet Visitation.

New York, Oct. 3.—A special train to the Herald from Washington says: "Brigadier Charles P. Egan, who was suspended from rank and duty as a result of the language employed by him before the war investigating commission, hopes during the coming season to visit the admiral and settle matters connected with the furniture of the house he occupied before his departure for Hawaii. It is understood, however, that he is trying to enlist the sympathy of members of congress in order to obtain a congressional investigation of the beef scandal."

Will Protect American Interests.

New York, Oct. 3.—A special train to the Herald from Washington says that immediately upon the outbreak of hostilities between the Transvaal and Great Britain instructions will be sent to Commander John P. Morrell, commanding the cruiser Montgomery, directing him to proceed with his vessel to Delagoa bay and provide such protection for American citizens and their interests as is possible.

For the Trans-Pacific Cable.

New York, Oct. 3.—A special train to the Herald from Washington says that President McKinley has determined to urge again upon congress the authorization of a trans-Pacific cable, and will be able to announce that a naval survey shows that the route selected is practicable.

New Australian Cabinet Formed.

Vienna, Oct. 3.—Count Clary, who was intrusted by Emperor Francis Joseph with the task of forming a cabinet to succeed that of Count Thun-Hohenstein, has resigned last night. He will give his resignation to the emperor.

Anglo-Venezuelan Award Ready.

HAS CONFERENCE WITH OTIS.

Aguinaldo's Agent Talks with the Commander-in-Chief.

Manila, Oct. 3.—Gen. Alejandro, an insurgent officer of note, representing the Filipino government, held a conference with Gen. Otis Sunday in Manila. He came through the American lines at Angeles accompanied by four American prisoners liberated by Aguinaldo.

Gen. Otis declined to acknowledge the existence of a Filipino government, but expressed himself as willing to correspond with Aguinaldo or the general commanding the insurgent forces in regard to the surrender of the Filipino army. Aguinaldo sends word by his representative that he wants peace and desires to send a political committee representing the Filipino government to Gen. Otis to treat for terms of surrender. This, Gen. Otis assured Alejandro, was out of the question.

The Philippine commission visited the wounded prisoners in the hospitals of this city. He was received with enthusiastic demonstrations of welcome by the natives. The Boers met the crowds assembled about the hotel where he is stopping, and cheers and shouts arose as he drove out to the hospitals at the British forces. Gen. Wheaton has returned to Manila. He has been succeeded in the command of his brigade by Gen. Bates.

Dewey Cannot Come West.

New York, Oct. 3.—The Chicago delegation to the celebration of the laying of the cornerstone of the new federal building met the admiral Sunday. After the formal invitation had been presented Admiral Dewey declared that it would be impossible for him to visit Chicago at that time, owing to previous engagements. He accepted the invitation, however, and said that he would visit Chicago at a somewhat later date.

Irish Make a Loud Protest.

Dublin, Oct. 3.—A monster massing in protest against British aggression in South Africa was held in Dublin Sunday. Resolutions expressing sympathy with the Boers received the unanimous endorsement of the 10,000 persons present.

A number of public bodies throughout Ireland within the last few days have passed similar resolutions.

Metzeller to Welcome Dewey.

Montpelier, Va., Oct. 3.—A message received from Gov. Smith in this city is to the effect that Dewey day will be observed in this city.

Village Is Swept by Fire.

Pittsfield, Ill., Oct. 3.—Thirty-two business houses and residences, valued at \$40,000, here, were destroyed by fire Saturday evening, involving a loss of \$40,000. One business house, the Dutch hotel, remains standing. A fire caught from the explosion of a gasoline stove in a restaurant.

British Warships Sudden Move.

Gibraltar, Oct. 3.—The British destroyer Griffin has just received instructions to proceed forthwith to sea under sealed orders. This sudden move is the cause of much speculation in official circles here, in view of the activity of the war office in preparing for the imminent trouble in South Africa.

President McKinley's Plans.

Chicago, Oct. 3.—A special train to the Herald from Washington says: "President McKinley will arrive in Chicago next Saturday afternoon at 4 o'clock. It is also expected that the president will leave for Chicago for Evansville, Ind., at 11:30 Tuesday night, Oct. 10."

Pope Leo Declares His Views.

Rome, Oct. 3.—The pope on Sunday celebrated mass for peace in South Africa, all the cardinals being present. Speaking to them after the ceremony his holiness expressed profound sorrow at the coming conflict.

Canada's Big Wheat Surplus.

Toronto, Oct. 3.—The final crop estimates show Canada will have an apparent surplus of 50,000,000 bushels of wheat for export, as against 30,000,000 last year. But the actual surplus for export will be larger.

W. E. Shut Not a Candidate.

Springfield, Ill., Oct. 3.—The story published in Chicago to the effect that W. E. Shut of this city is a candidate for the democratic nomination for governor is unfounded. Mr. Shut declares he is not a candidate.

Peat Spreads in Portugal.

Lisbon, Oct. 3.—The bubonic plague is spreading in the country districts outside Oporto, and corresponding alarm is felt in Spain. The epidemic of typhoid fever in Madrid has been localized in this city.

Fire Causes Destruction.

Cracow, Oct. 3.—The town of Lubaczow, Galicia, a place of about 1,000 inhabitants, northwest of Lemberg, was destroyed by fire Sunday. Hundreds of families are suffering from extreme destitution as a result.

Transports Sail for Manila.

San Francisco, Cal., Oct. 3.—The remaining companies of the Thirty-second regiment sailed Sunday for Manila on the transporters Glengale and Charlie Nelson.

BOERS WILL NOT AVOID WAR.

It Is Believed They Are Fully Prepared for Hostilities.

BRITAIN IS HANGING BACK.

Indications Are That the Government Is Exceedingly Distant of Avoiding War—Remarkable Absence of News from the Transvaal.

London, Oct. 3.—The announced intention of the British cabinet to meet tomorrow has apparently been reconsidered. It is now said that the meeting depends largely on the developments in the Transvaal. The date for summoning parliament has not been definitely settled, though it is expected to be about the 15th instant. Victoria will hold a privy council at Balmoral at an early day, when the necessary proclamation will be signed.

The remarkable absence of news from South Africa this morning leads to the belief that there has been a widespread cutting of telegraph wires, which extra censorship has been established. There is no Transvaal news yet today, so there is nothing to soften the extreme bellicosity of the British cabinet. The British are waiting for the Boers to make the first move. RUMOR.

A JADED HORSE.

The Whip May Spur Him on For a Short Distance.

When a horse becomes worn and tired he may be urged on by the whip in the hands of a heartless driver, but reason would say, let him rest and feed and give him time to recuperate, then he will renew his journey with ease and without fatigue.

When the stomach becomes tired and weak from impure blood it can be taken that will stimulate it to do the work of digestion, but it is only a stimulant, and soon the stomach becomes dependent on this assistance. The proper and only way to have a healthy stomach is to make the blood pure and the liver healthy.

Knox Stomach Tablets are a new combination of remedies tried and tested. They purify the blood, make the liver healthy, cure nervousness, dyspepsia, biliousness, loss of appetite, catarrh, and constipation. A single box will restore the bloom of health to the cheek and send pure blood coursing through the veins. An immediate relief for indigestion and a positive cure for dyspepsia.

It is unable to secure them from your local druggist, and fifty cents to the Knox Chemical Co., Battle Creek, Mich., and a full sized box will be sent postpaid.

A Strong Statement

Regarding the Wonderful Merit of Dr. Chase's Ointment

AS AN ABSOLUTE CURE FOR ITCHING PILLS.

Dr. Chase's Ointment is an absolute cure for piles, and has never been known to fail to cure the worst forms of this torturing disease, which has bedeviled medical skill for ages.

This statement may sound rather strong to persons who do not know the superior merit of Dr. Chase's Ointment, but it is perfectly true, and endorsed by the best medical authorities of thousands of men and women who have been cured by it after years of suffering and after trying every preparation and consulting the best doctors in vain.

An honest druggist will always recommend Dr. W. Chase's Ointment as the best remedy for piles. He knows that the most powerful physicians cannot cure it, and knows from what his customers tell him that it is the only preparation which is a positive and absolute cure for this horrible disease.

Many remedies afford temporary relief, and cure false, but never cure. Sometimes a surgical operation will cure, but that is the old way—the cruel, expensive, dangerous way. Dr. Chase's Ointment cures by its magical soothing and healing influence. It is the only certain and guaranteed cure, 50 cents a box, at all dealers, or L. H. Hunt & Co.'s Drug Store, Buffalo, N. Y.
