FIVE REASONS WHY

THE CITY BANK OF HILL, WATTS & CO.
IS POPULAR WITH MONEY SAVERS.

- 1—It is a safe bank.
- 2—It is a Bank for all the people—rich and poor, men, women and children.
- 3—It is invariably courteous to depositors.
- 4—It pays liberal interest on money entrusted to its care.
- 5—It seeks new accounts with all who wish to save money.

THE CITY BANK

RESPONSIBILITY, \$100,000.00.

What is a Sanitary Refrigerator?

IT IS NOT one in which mould develops, germs breed and poisonous oxides form. How many refrigerators on the market will stand that on these lines? Dr. Geo. C. Perkins has succeeded in producing an article which fulfills the requirements. This we present to the public in full belief that it is without a single equal in the vast number of refrigerators made.

It is absolutely dry. This being a fact, not a mere claim, mould is impossible, germs cannot live, nor can oxides form.

This is accomplished in a manner which is simplicity itself, based on the physical law of expansion of gases, which in construction of the box creates a draught, taking in air on one side of the ice chamber and expelling it on the other, after having passed but once through the provision chamber.

In this way foul odors and all dampness are drawn off, making it possible to keep the most susceptible of foods, such as butter and cream, in the same chamber with vegetables and fruits of any kind whatever, without in any way becoming tainted. Meats, raw or cooked, may be preserved indefinitely in the hottest weather; and the ice evaporates instead of rots, less than two-thirds is used as compared with the best of old style refrigerators.

TENDER FEET.

How many people are there in this world who are not troubled with tender feet? Not many. To those who are we wish to say to you that we can make you comfortable no matter what kind of a Shoe you want, whether it is the cheapest kind of a Work Shoe or the finest kind of a Fine Shoe. Some Shoes, you know, are made to sell; others are made to fit, wear and be comfortable. The last named ones are the kind we keep. To those who have been wearing rubbers all winter and have tender feet in consequence of it, we can fit you out with Shoes so easy that you will never miss the rubbers. Why do you suffer all summer when you can be fitted with something so easy and comfortable that you will never know you have got any feet.

HORSES OUT OF A JOB.

Lowell Man Builds a Horseless Carriage.

Our popular and progressive electrician, Mr. Carl English, was out riding last evening with several friends in an elegant horseless carriage of his own manufacture.

About a year ago, Mr. English drew plans for this machine and although a very busy man in his capacity of Superintendent of the Lowell light and power plant, has in odd moments since that time completed this work of art and science with his own brain and dextrous hands.

We congratulate Mr. English upon the triumph of his skill and the village of Lowell upon having so enterprising and useful a citizen.

David V. Denick.

David V. Denick was born Aug. 14th 1833 in the vicinity of Albany, New York, and passed away in this village April 26th 1900, aged 66 years, 8 months and 6 days. Funeral services were held at the home Sunday afternoon conducted by Rev. Davidson.

Mr. Denick was married to Melissa Vanderhule in 1856. Three children were born to them Jared S., Willard C. and Nelson deceased.

His wife passed away Aug. 21st 1894 since that time he has made his home with his son Will.

During the seventeen years of his residence here he made many friends among the residents of the village and vicinity, having for the past twelve years been the village sexton, and was acting in that capacity at the Fox and Catholic cemeteries at the time of his demise. He always had a word of cheer and comfort for the sorrowing ones.

He was active in the promotion of order and good behavior; his position as night watch and constable bringing him prominently before the public.

He was a man of good moral principles with a kind word for everyone and he will be greatly missed by all.

A FRIEND.

Samuel M. Wallace.

Samuel M. Wallace was born in Guernsey county, Ohio, Feb. 10, 1820, and died in Lowell April 18, 1900.

Mr. Wallace was married to Ellen Barrett in December, 1844. They came to Michigan and settled in this township about 30 years ago. In early life they were identified with the Protestant Methodist church. Seven years ago, in October Mrs. Wallace died, since which time Mr. Wallace made his home with his daughter; Mrs. M. Ribble.

Of thirteen children born, four sons and three daughters survive. Funeral services were held at the house on Friday conducted by Rev. D. B. Davidson.

F. & A. M. Notes.

Railroad Building.

Grand Rapids Press: This year is to be a banner season for railroad building in Michigan. The Pere Marquette, it is stated, will lead off by extending the Grand Rapids, Belding & Saginaw road now a part of its Grand Rapids district. It is planned to build north from Belding to Stanton, a distance of 22 miles. This will make it possible for the road to send its trains over its own line, all the way from Grand Rapids to Saginaw without going by the roundabout way of Howard City to the northwest or Ionia to the southeast. The Pere Marquette is also credited with planning an extension of the Grand Rapids, Belding and Saginaw south as far as Battle Creek. It is said that the track to be put down this year will be from Hastings south to Battle Creek, a distance of 28 miles. W. H. Clark, who is the general manager of the G. R., B. & S., which is leased by the Pere Marquette, is given as the promoter of the extension.

Tom Barclay and Elizabeth Murray never understood each other very well, and yet they had been engaged for a long time. They had each other before the engagement, but at least through a man seldom quite understood a woman. Tom was even more dense in this respect than most men, and Elizabeth, more difficult than most women for any man to comprehend, understood the fact, wondered at Tom's many failures in this direction. They were very good friends, however, and thought they loved each other. He had loved her always in a way that she never understood. He had loved her always in a way that she never understood. He had loved her always in a way that she never understood.

No More Late Breakfasts.

The cook CAN'T sleep after this ALARM CLOCK gets down to business. When getting up time has arrived it signals to the cook, and stops to see if she turns over for another snooze. If she does, it calls to her again, and soon again and the cook MUST GET UP to "turn off" the terrible tyrant or go crazy. Never since early breakfasts were invented has civilization been blessed with a greater boon than is furnished by the INTERMITTENT ALARM CLOCK. It "murders sleep"—and postpones the wrath of the man who must have breakfast on time.

A Horrible Outbreak

"Of large sores on my little daughter's head developed into a case of scaldhead" writes: C. D. Isbill of Morgantown, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and piles. At 25 cents at L. H. Hunt & Co.

FANCY WORK DONT'S

Don't cut the edges of any piece of work until it is dampened and pressed. Don't go against nature in your shadings or designs. Blossoms and leaves should always be worked in tints like the natural ones.

Don't forget that pure white and green are, after all, the daintiest and prettiest for table pieces, no matter how brilliant the coloring.

Don't use an ironing board for pressing embroideries unless it is well and softly padded with thick flannel. This is necessary to raise the work and bring out the design.

Don't have large flowers or designs on small pieces. Effective results are obtained only by consistent treatment according to size, kind and the purpose for which the linen is intended.

Don't neglect your edges when working the scallops—the universal edge finish now. Unless they are close and firm they will look frayed and ragged and repeated washings will soon finish them altogether.

It's a Man's Duty To Dress Well

Every consideration, social, business, home, family and friends suggest that a man dress well as his means will allow.

"Costly thy habit as your purse will buy," was Shakespeare's advice.

And it was Good Advice.

The well dressed man has confidence in himself and so inspires confidence. The well dressed man looks successful and that often assures his success.
