ALUMNI ASSOCIATION ALLEN BANCROFT

HIGH SCHOOL GRADUATES MET LAST EVENING.

It was an enthusiastic meeting and the sentiment was unanimously in favor of a permanent organization with annual reunions to be held at commencement time.

Dexter G. Look was elected president; Otice Post, secretary; Della Winegar, corresponding secretary, and T. A. Murphy, treasurer.

WM. ALDEN SMITH

Receives His Fifth Nomination for Congress.

Hon. William Alden Smith, the efficient, faithful and honest representative in Congress of the Michigan Fifth district received his fifth nomination yesterday at the hands of a unanimous and enthusiastic convention.

THE LEDGER believes Mr. Smith to be in every way worthy of the honor conferred upon him by his party; and it congratulates the man who has risen to deserved national renown from the ranks of the newsboys.

William Alden, here's to you.

A Big Little Machine.

The City Bank has added a Burroughs registering accountant to its conveniences. It is a marvelous little machine weighing but 100 pounds and could be carried in a half bushel. But it has brains, can add, subtract, multiply and divide with unerring accuracy. It will add a lot of figures as long as Art Husted quicker than a stenographer can write them, and Tom is figuring on saving a lot of wear on his think tank.

Like most other good things, it "comes high"; but there's nothing too good for Cashier Watts.

We are informed that inventor Burroughs attended school in Lowell during the sixties when Milton M. Perry was principal, and is a brother of the late Mrs. Anna Burroughs Knight, music teacher.

Will Robertson, formerly of this place, but now of Ravenna, lost his stock of goods in the destructive fire at that place. His loss is estimated at \$3,000 with no insurance. Only a short time ago, Mrs. Robertson was terribly burned with gasoline. Will is playing in bad luck.

DIED SUNDAY, MAY 25TH, AGED 68.

Resident of Lowell Nearly a Quarter of a Century.

Allen Bancroft, an old resident of Lowell, died at his home near the D. G. H. & M. depot, Sunday, May 25, of blood poisoning resulting from a carbuncle on his head and neck.

Funeral services were held at the Baptist church, Tuesday afternoon, conducted by Rev. D. B. Davidson, assisted by Rev. Charles Nease and the body was laid to rest in Oak wood.

Mr. Bancroft was born at Chautauque, N. Y., Feb. 4, 1834; married Eliza D. Lee March 28, 1857. They came to Lowell 24 years ago.

Of four children born, three survive: Hattie L., Charles H. and R. D. Bancroft.

Mr. Bancroft was an active member of the Baptist church, a man of sterling integrity, respected by all who knew him.

For 19 years he had been a member of Lowell Lodge, A. O. O. W. and carried \$2,000 insurance in the same, his widow being the beneficiary. The order was largely represented at the funeral.

R. D. Bancroft and wife, who moved to Wallowa, Oregon, several months ago were unable to be present.

NEW ELECTRIC ROAD.

It Looks as if Jerry Boynton Had a Winner This Time.

The irrepressible Jerry Boynton is now busy with the plans for another road, and this time with a fair prospect of success, if the visit of a representative of the New York financiers and his favorable report on the project can be taken as an indication. The latest plan is for an electric road to run from Greenville through Rockford to Grand Rapids and thence to Cascade, Lowell and Ionia with an extension to Lansing ultimately in view. This road would make almost a loop around Grand Rapids, with Greenville and Ionia at the two extremities, with a good number of populous villages and towns along the route.

Part of the roadbed of the Michigan Central railway already constructed and its right of way on which no construction has been done would be available for the new road, the name of which has been tentatively fixed as the Grand Rapids Electric Railway company and deeds conveying part of the property of the old Central Michigan road to the new company have already been filed with the register of deeds.

The New York parties who think seriously of financing the project have been here on a visit of inspection and have returned well satisfied. The power for the road would be a new system, a magnetic one, of which great things are claimed.—[Grand Rapids Press.

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes S. Marsh, well known citizen of Nocona, Tex. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs a straw I grabbed a Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. L. H.
