Our Savings Pass Books

Are popular among all classes. We issue these books for as low as a dollar and up to any amount. When money remains six calendar months we allow interest thereon at rate of THREE PER CENT per annum; but when a deposit is made during the FIRST TEN DAYS of any month interest begins on the first of that same month. We credit and compound interest twice a year, June and December. If the depositor does not call on interest paying dates, his interest will be attended to just the same as though he were present. CONGRESSMAN SMITH SECURES EXTENSION OF RURAL MAIL SERVICE.

Every Citizen of Kent County to Be Reached.

P. H. Moore, special agent of the rural free-delivery, arrived yesterday and for the next few months, with this city as headquarters, will be busily engaged making the necessary maps and routings for the introduction of the county rural delivery service in Kent county. Under this system which as yet very few counties in the country have secured, practically every citizen in Kent county will receive his mail daily at his door, delivered by carriers. Mr. Moore has for several months been at Springfield, Ill., the home of Senator Cullom, routing Sangamon county for the county service, and after forwarding his maps, data and recommendations to Washington was detailed to do a similar work here.

"The department sends me here at the request of Congressman William Alden Smith," said Mr. Moore last evening. "That Mr. Smith should be able to have his request for the service given such early attention must be considered a high compliment to him, for very few counties have yet been able to secure this service. The introduction of the service will necessitate a great deal of preliminary work and I will begin on it at once. My first move will be to secure the best possible maps of the county, and then I will travel over every road outlined on the map to see if it is really there and on the map, which I will make for the department; will note every farm house on each road. I will be out in buggy or sleigh every pleasant day, and when the weather is inclement I will be preparing my map and arranging the data collected. The preparation of the map will be the first step and after that will come the arrangement of the routes. Under the department rules each route must be not less than 20 nor more than 25 miles in length, and to properly arrange the routes within these limitations and still cover every road is sometimes like solving a Chinese puzzle. This city will naturally be the principal center of the county system, and as many as possible of the routes will start from here. This is because of this city's superior mail facilities, with frequent trains in and out in all directions. While Grand Rapids will be the principal center, the larger towns in the county will each be a center in its particular district. Lowell, for instance, will be a distributing point in the eastern part of the county, with routes running into such territory as can be most easily reached from there. In all we will probably have between 40 and 45 routes in the county to cover it thoroughly, and they will be numbered consecutively, and not numbered from the distributing point. We won't have Lowell No. 1 or No. 2 for instance, but the Lowell routes will be given their numbers in the general scheme and may be 20 or 45.

"After the routing has been completed the final step will be the holding of a civil service examination and the recommendation for appointment of the carriers. The preliminaries will require five or six months to arrange, and until all the routes are laid out applications for appointment will not be even considered. When everything is satisfactorily arranged the order will come from Washington doing away

with the present rural delivery system, which covers about 25 routes, and in its place substituting the county service with 40 or 45 routes. This no doubt will be accomplished early next summer.—[Grand Rapids Herald, Jan. 7.]

TWO ARE MUTILATED.

By accidents with Shotguns in the Neighborhood of Alto.

Alto, Jan. 6.—Joseph Graham, the 14 year-old son of Seigel Graham, living two and one-half miles north of here has been accidentally shot while hunting rabbits. He stood on a stump while scanning the surrounding country and the gun slipped off and was discharged, the shot tearing away a part of his left shoulder. The bone was not touched.

Leonard Barton, a young man living in the same neighborhood, was standing on his own porch when his shotgun slipped and the lock caught on the edge of the porch. He lost three fingers.—[Grand Rapids Press.]

The Old Shakespear Club are invited to a reunion at the residence of Mrs. S. C. Bradfield in Grand Rapids Saturday.

Look's syrup of white pine and tar compound is better than other cough cures because it cures by removing the cause, and contains no ingredient that could possibly harm 25cets. at Look's drug store.

M. C. Griswold, Portland, Oregon; E. J. Hinderleider, Lake Odessa; H. Zeigler, Ionia; Ella Kopf, King's Bridge, N. Y., and J. H. Adams, Bella Vista, Cal., have our thanks for subscription remittances.

Congressman Landis' lecture, at the opera house, Tuesday evening, was well worthy of its large hearing. It was extremely optimistic. In fact, the speaker could apparently see nothing but rainbows and sunshine. He probably got his coal in early last Summer; and is not as much concerned about keeping faith with Cuba as was President McKinley and as is President Roosevelt. Neither did he mention the greedy trusts, about which the venerable Senators Hoar and Vest are so justly agitated. It is good to look always on the bright side; but we are not ready to trust the guidance of the Ship of State to a pilot who hears nothing but the ripple of wavelets when breakers are thundering in the distance.

Negroes Celebrate.

Boston, Jan. 2.—Negroes of Boston in Faneuil hall on Thursday observed the fortieth anniversary of the emancipation proclamation. Rev. W. H. Scott, of Woburn, presided over an audience which filled the historic structure. The principal speaker was ex-Gov. George S. Boutwell.

Died Suddenly.

Valparaiso, Ind., Dec. 31.—Judge William C. Talcott, the oldest newspaper man in the state, died suddenly Monday morning. He was 87 years of age. For 59 years he owned and edited the Porter County Vidette. He was one of the first judges elected in this county.

If you want a thoroughly reliable Stove, Steel or Cast Iron Range please look into the merits of

Garlands

before you buy.

GARLANDS are made of the best material that can be had, by workmen of long experience, possess every desirable feature to be found in other goods of their kind, (besides many features not to be found

in any others), and cost you no more than other high-grade Stoves and Ranges.

A good stove is THE HOUSEWIFE'S BEST FRIEND, and as it is purchased but seldom during a lifetime, care should be taken to secure a good one.

THE BEST IS ALWAYS CHEAPEST IN THE END.

A full line of GARLANDS, as well as all dependable goods in the Hardware line, can be found at our store, and we always give honest value for your money.

SCOTT & CAMPBELL.

SILVERWARE SPECIAL.

Having a large stock of

ROGERS BROS. 1847

brand of Silverware on hand, I will, for a limited time, to reduce the stock, sell the same at very low prices. If you need any of these staple goods, come and get them now and save money.

Stoves.

To make room for the increasing trade in steel ranges, will close out our Heaters at cost. We have a good assortment from \$2.75 to \$15.00. Come and get a good heater at factory price.

Yours Respectfully,

R. B. Boylan.

"BEAUTY IS ONLY SKIN DEEP"

is the old saying relative to woman, lovely woman, but how vastly more true is it when applied to

Silverware, Jewelry and Watches.

How many readers of this "ad." can tell the difference between a solid gold or silver article and one that is simply plated, or if the latter, how many layers, single, triple or quadruple? Probably not one; and the chances are if you rely on your own judgment and buy of peddlers or irresponsible parties, you will get a "gold brick," or in other words a very cheap article for a big price. What is the wise course for the prudent buyer to take? Simply to buy such goods of a reliable dealer. Such is yours truly,

Price 25 and 50 Cents.

For sale by D. G. Loken.

SCOTT'S EMULSION

When the butter won't come out a penny in the churn, it's an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the churn because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free.

Write for it to the nearest drug store or to the following:
