## YOUNG LIFE TAKEN.

ROY WHEDON, MAIL CARRIER ON ROUTE NO. 3

Passed Away Last Thursday Morning After a Short Illness.

Henry Le Roy Whedon, better known as Roy, died last Thursday morning at the home of his parents, Mr. and Mrs. Henry Whedon, in this village.

Funeral services were held briefly at the house and after at the Baptist church Sunday afternoon, Rev. G. L. Sprague officiating. The floral offerings were numerous and beautiful.

Deceased was born in Lowell, May 23, 1875. He received public school education here. Some years of his life were spent on a farm near the village.

In the year 1895 he received baptism into membership with the Baptist church of Lowell of which he remained a faithful member until his decease. He was active in the work of the B. Y. P. U., and Sunday school until lately when failing health prevented him.

During the past year he has been engaged as a mail carrier on one of the rural routes. In this occupation he won the friendship of many because of his good nature and willingness to oblige any who required his services.

On last Christmas eve he was united in marriage to Elizabeth Gregory, only child of Mr. and Mrs. Warren Gregory of Cascade. They spent their brief married life in Lowell. During the last few weeks before he was too ill to continue his work she accompanied him on his round.

Deceased passed away peacefully, to his reward surrounded by his loved ones, after being confined to his bed a week.

His young wife, two sisters, Mrs. Lettie Teeple and Miss Anna, and father and mother are left to mourn their loss.

A large number of friends were present to sympathize with the sorrowing relatives when he was buried beside his sister Grace in Oakwood cemetery.

CONGREGATIONAL.  
Rev. A. Frank Ferris of Grand Rapids will preach at the Congregational church next Sunday.

METHODIST.  
The Ladies Aid society of the M. E. church will hold its annual business meeting next Wednesday afternoon, Sept. 30, at 2 o'clock at the home of Mrs. Lasby. All members requested to be present.

SOCIETIES.  
The Clover Leaf club will meet with Mrs. McQueen Tuesday, Sept. 29. Respond to roll call with name and date of some noted discovery.

The Success Club will have their next party on Monday evening, Oct. 12. Any member wishing to withdraw will please notify Mrs. Chas. Doyle.

## FROM OUR POINT OF VIEW.

CONCERNING the special election called for Tuesday next, it seems to THE LEDGER there can be no doubt of the wisdom of disposing of the property in question, providing a right price can be obtained. It is not increasing in value, and any further holding will be at a risk of actual loss. Even if the money be simply turned into the general fund, it will be better than the present condition; while the proposition to use it to induce the locating here of a manufacturing and labor-employing industry must commend itself to all progressive citizens. The prospect of securing such an institution as will appeal to the judgment of our people as one best suited to advance the business interests of Lowell is good; and while we are not at liberty to write more at length at this time, the matter may safely be left with our Council and President, who have the interests of the community constantly in view. By all means, vote to sell the woolen mill.

## Johnson May Recover.

Wednesday morning Dr. Spencer of Grand Rapids was called in consultation with Drs. Eaton and McDannell of this place on the case of Earl Johnson, the man who was shot about three weeks ago. Together the physicians removed about a quart of fluid from the pleural cavity and it is thought that he may recover. A trained nurse was secured from Grand Rapids Monday and he is having the best care possible.

## A Narrow Escape.

Gottlieb Althaus, who lives about four miles west of town, had a narrow escape from being killed last Friday. He was jerked from a hay rake by the horses being frightened, and in falling, his foot caught in the tines of the rake and he was dragged about forty rods before the horses were stopped. He suffered a dislocation of the knee and several cuts and bruises but nothing of a dangerous character.

## Ernest-Burnett.

Leon Burnett and Miss Ida Ernest were married at the home of Mr. and Mrs. Chas. Barnes Monday afternoon at three o'clock, Rev. Chas. Nease officiating. They left on the afternoon train for a visit at Lansing, after which they will be at home at 121 Hollister St., Grand Rapids.

## Auction Sale.

A very valuable business corner, one door east of the State Bank, Lowell, Mich., known as Mrs. Hiller's millinery store will be sold to the highest bidder on Saturday, Sept. 26. Some household goods and other articles. Sale to commence at 2 p. m. MILO HILER, Prop.

## CARD OF THANKS.

We wish to express our thanks to the many friends and neighbors for the many acts of kindness shown us during our recent bereavement. Fred Clark and family Mrs. E. Delk.

Freeman Winters, sexton of the cemetery in Lowell, has commenced suit for divorce against Mary Winters in the circuit court, charging her with cruelty. The complainant is 67 years old and has been married to his present wife three years.—[Grand Rapids Herald.

During the past year the Spartan society has made between \$100 and \$170.

## CHURCHES AND SOCIETIES.

### BAPTIST.

Morning worship at 10:30. Sermon "Assurance" 2 Tim. 1:12. Evening worship at 7:30. Sermon, "Cast Out." John 6:37. Music by newly organized choir at church services. B. Y. P. U., at 8. Topic, "Comfort and Triumph." Malachi 4:2-3. These meetings have been well attended and interesting lately. The young people extend a cordial invitation to everyone to attend their meetings in the church parlors every Sunday evening at 6.

D. G. Look.

COAST IS SWIFT BY FEARFUL GALE

Worst Storm in Years Causes a Loss of Millions in Property on the Atlantic Seaboard.

Three Score Persons Known to Have Lost Their Lives—President Roosevelt and Party Have a Thrilling Experience on the Yacht Spinnaker on Long Island Sound.

New York, Sept. 31.—For hours yesterday New York, Long Island and the New Jersey coast opposite were swept by the fiercest wind and rainstorm experienced in many years. Two million dollars, at a rough estimate, will not cover the damage to property. The coast is strewn with wrecks of steamers, schooners, barges, tug boats, and pilot boats. As many as 300 persons were killed in the city or along the coast.

President in Danger. One of the notable features of the gale was the fact that for several hours the life of President Roosevelt was in extreme danger. He was on board the yacht Spinnaker with his wife and family on his way from Oyster Bay to Ellis Island, and the little yacht, not built to withstand the forces of an ocean gale, was saved only by the superior seamanship of its commander and crew. So furious was the storm that it struck a staunch ocean tug within sight of the president's yacht, but the little Spinnaker, although nearly capsized several times, rode out the gale and landed its passengers in safety in Brooklyn.

Inspectors Ellis Island. The president visited Ellis Island and after inspecting the Immigration station he told Commissioner of Immigration Sargent that no country in the world cared for its prospective citizens as did the United States officials and employees on Ellis Island. Incidentally he bought the baby of an alien immigrant \$5 and interested himself in the case of an exiled woman, who will probably be admitted to this country as a result of the president's inquiries.

Fourteen Drowned. Damocrotis Me. Fourteen men lost their lives in the violent gale which raged off the coast during last night. The Gloucester mackerel fishing schooner George F. Edmunds, in command of Capt. Willard G. Poole, the owner, struck on the eastern side of Nantuxet Island and was smashed to pieces, 11 of the crew of 16 men perishing in the wreck.

Steamer Lost. New York, Sept. 31.—The steamer Vidar, from Calhoun, which arrived last night, brought to port six members of the crew of the British steamer Mexicano, which foundered off the Florida coast. Another member of the crew, the Grand Rapids, was rescued by the British steamer Roxbury, after hanging to a piece of wreckage for several hours, and taken to Norfolk, Va. All the rest were drowned.

Found Guilty of Bigamy. Chicago, Sept. 31.—Harold C. Mills was found guilty of bigamy by a jury in Judge Brennan's court Thursday. His punishment was fixed at five years' imprisonment in the penitentiary and \$1,000 fine, the maximum penalty under the law. The jury was out six minutes. When his three wives who were in court heard the verdict their faces were white with unmistakable joy. It was their moment of triumph.

Old Fellows Meet. Baltimore, Sept. 31.—The annual convention of the sovereign grand lodge of old fellows began yesterday morning in this city. The total membership in the order is 1,232,365. The receipts in 1902 were \$11,553,995; expenditures, \$9,468,425.

Partly Scaled. St. Louis, Sept. 31.—Moses Hart, Louis Brooks and Charles Ross, employees of the Swift Packing company in East St. Louis, were fatally scalded Thursday by falling into a vat of boiling water. They were literally parboiled when taken from the water, pieces of flesh came away with the clothing as it was removed.

To Meet in Devonport. Quincy, Ill., Sept. 19.—Secretary Lewis B. Howell, of the Upper Mississippi River Improvement association, has issued a call for the second annual convention of the association, which is to be held in Devonport, Iowa, on October 21 and 22. The association is a commercial or trade organization is entitled to three delegates.

Look Out for Them. Washington, Sept. 31.—Chief William, of the secret service river and the discovery of two new national bank counterfeiters. One is a \$10 note on the People's National bank of Boston, Mass., and the other is a five dollar note on the Waltham National bank of Waltham, Mass.

Save Holders Free. Washington, Sept. 31.—President Roosevelt has ordered the release of George D. and Baranac F. Cosby, convicted at Montgomery, Ala., of holding negroes in involuntary servitude. The action was taken on recommendation of Judge Jones, who sentenced the prisoners.

Maryland Democrats. Baltimore, Md., Sept. 31.—Maryland democrats yesterday nominated Edwin Ward, of Howard county, for governor, and the platform declared that the political destinies of Maryland should be shaped and controlled by the white people of the state.

INVADDED BY BEES.

Thousands of the Buzzing Insects Attack Canning Factory at South Haven, and Cause Work to Cease.

South Haven, Sept. 31.—Operations temporarily suspended in the big Dunkley canning factory in this city for nearly two days by the invasion of thousands of "bumble" bees. The factory is running at its full capacity both night and day to take care of fast ripening fruit and the cost of the delay will be considerable. The bees arrived in a great number in the windows, through the doorways and into every nook and crevice in the building. Employees were unparalytically stung. Girls in the paring and preserving departments threw aprons over their heads and rushed from the building. Men attempted to drive the insects out with torches and brooms, but were mercilessly stung and obliged to give up the fight. During the afternoon several unsuccessful attempts were made to rid the factory of the pest. Towards evening they began to disappear and the factory was again running at its full capacity with little trouble. In the morning they again put in an appearance and seemed reformed. Their operations were centered primarily in the pickling department this time, where they worked with great effect, stinging employees and making it impossible for them to work. They again began to visit, although during the afternoon a sufficient number remained on guard to attend to any workers. The cause for the visitation of so many thousand bees at one time is not known, nor can their untold raid be accounted for. A large acreage of lowlands in the vicinity recently cultivated for growing celery and the large amount of fresh fruit, together with the smell of sirups radiating from the factory is believed to be partly responsible.

Will Not Discriminate. Grand Rapids, Sept. 31.—Strife to action by the strike of the upholsterers, and by the Grand Rapids fur, hat and mill manufacturers and allied trades have organized the Grand Rapids Fur and Mill Employers' association. The central principles of the new organization are no discrimination between union and nonunion men and the employment of all on an equal basis, a ten-hour working day and Saturday half holiday during the months of June, July and August.

Accents Noted. Lansing, Sept. 31.—A note which has just come into effect provides that notaries public shall hereafter append to all certificates on legal papers the date of the expiration of their commissions. The law is intended to prevent notaries from performing official duties after their commissions have expired, as sometimes occurs.

Warning for Trains. Lansing, Sept. 31.—Quartermaster General Kild is having the railroad companies make a search for 150 copies of the new Michigan law which was shipped from Washington September 5, and which are desired for the use of the Michigan National guard in Kentucky. The articles have not come to hand.

Senator Alger Dead. Kansas City, Mo., Sept. 31.—Suicide was committed in the circuit court against Gen. Russell A. Alger, senator from Michigan, by the city for \$5 assessed for failing to pay on his note. The city is trying to enforce the writ of habeas corpus against the senator, and Alger will be used to test the law.

A Strange Battle. Menominee, Sept. 31.—A farmer at Cedar River witnessed a strange battle between one of his bulls and a huge bear. Bruin had entered the pasture, and a "battle royal" took place. The farmer secured an axe and soon killed the bear.

Wants a Receiver. Detroit, Sept. 31.—William S. Shaw, of Boyne, Mich., has filed a bill in the circuit court here, asking that a receiver be appointed for the Nash Regulator company, of this city, which is represented to have a capital stock of \$500,000.

Dropped Dead. Flint, Sept. 31.—Frank Cro dropped dead in the barn of Luman Granger, at Flushing, while he was attempting to harness a horse. He was 77 years of age, was born in Canada, and had lived in Michigan 40 years. He leaves a brother living in Canada.

Boys Cool Leads. Detroit, Sept. 31.—An apparently well-founded report got abroad among a few cool men in Detroit that the Pere Marquette has closed a deal by which it has secured control of valuable bituminous coal property in the Saginaw valley.

Damage to Celery Crop. Kalamazoo, Sept. 31.—Rain in the west has swollen the Kalamazoo river so that the water has overflowed its banks onto the celery marshes. Loss to some growers will be complete and will reach into the thousands.

Doesn't Want Third Term. Saginaw, Sept. 31.—Gov. Bliss emphatically declares that he is not a third-term man. He has declined to be nominated for his second term with credit to himself and to the entire satisfaction of the people of the state.

Home for the Deaf. Durand, Sept. 31.—It is stated that the Grand trunk railway has paid the Wallace Bros. \$35,000 cash and provided them a new car as damages incurred during the fire wreck here August 7.

Cabbage Crop a Failure. Galien, Sept. 31.—Cabbage is only one-fourth of a crop in this city, the great cabbage-producing section in the west and the political destinies of Maryland should be shaped and controlled by the white people of the state.

HONORS MEMORY

President Roosevelt Attends Dedication of Monument on Battlefield of Antietam.

Accepts for the Nation the Shaft Erected by New Jersey Veterans—All Mankind Hang on Issue of the Service—Duty of the Present Generation.

Sharpsburg, Md., Sept. 31.—Under lowering skies the magnificent monument erected on the historic battlefield of Antietam by the grateful state of New Jersey to its men who fell in the great campaign, was dedicated today. The occasion was rendered particularly notable by the presence at and participation in the ceremonies of the president of the United States and of Gov. Murphy, chief executive of the state which was honoring its heroes.

President Roosevelt, accompanied by the president of the National War Veterans' association, arrived at Sharpsburg at 10 o'clock. He was met by the members of the Antietam veterans' association and the members of the Antietam veterans' association. He was met by the members of the Antietam veterans' association and the members of the Antietam veterans' association.

President Roosevelt, accompanied by the president of the National War Veterans' association, arrived at Sharpsburg at 10 o'clock. He was met by the members of the Antietam veterans' association and the members of the Antietam veterans' association.

FLOOD SITUATION WORSE.

Mississippi River Continues to Rise at La Crosse, Wis.—Heavy Crop Damage in Vicinity.

La Crosse, Wis., Sept. 31.—The flood situation was worse Saturday at this point, the river having risen six inches more during the night, the stage of water on Saturday being 13 feet. The Chicago, Milwaukee & St. Paul way tracks on the river front were under six inches of water and the flood had entered the basements of numerous white frame houses along Front street.

The big pontoon bridge connecting this city with La Crescent, Minn., was early Saturday morning tipped nearly over by the flood and only the prompt action of a large crew of bridge men prevented it from being washed away. The damage to this structure shuts off all communication with this city for thousands of Minnesota farmers who trade here.

In North La Crosse the water was three feet deep in some of the residences, and French Island, opposite the city, is almost entirely submerged. Hundreds of farmers there suffering total crop losses.

Receivers received here estimate the crop damage in this immediate vicinity at \$500,000. Townships in the near-by communities are heavy losers on account of innumerable bridges being washed away, and the branches are wet and tender.

A TERRIBLE FATE. Member of State Militia Decapitated by a Train—Cause is Fatally Injured.

Grand Rapids, Sept. 31.—John Delator had a head cut off by a train when he was fatally injured Sunday evening by an accident on the Bridge street bridge. Both were members of Company B, Second regiment, Michigan national guard, and were returning from rifle practice.

English Cabinet Broken. Three Members Resign Their Positions and King Edward Accepts Their Resignations.

London, Sept. 31.—The break in the British cabinet came last night by the resignation of Joseph Chamberlain.

What's the Use of Uncle Sam's Reaching the Pole? Grand Rapids, Sept. 31.—A note which has just come into effect provides that notaries public shall hereafter append to all certificates on legal papers the date of the expiration of their commissions.

THE CELERY CROP.

Kalamazoo All Past Season—Quantity, Quality and Price Combine to Make Growers Happy.

Kalamazoo, Sept. 31.—This is Kalamazoo's greatest celery year, biggest in quantity of product, best in quality of stalk and financial return to the growers. Six car loads are shipped daily, spreading out like a net to every corner of the United States, by three express companies. Refrigerator cars are loaded daily for the eastern and western markets. No approximate estimate of the value of the crop can be made, but the earlier figures of \$1,500,000 fair to be accepted. This is a year of large returns to the growers. The visible supply of superior stock does not equal the demand. Prices have stiffened, and celery growers are reaping a rich harvest. Kalamazoo celery has an established reputation the world over as being the best. Inferior, cut bunches, raised on lands not adapted to the cultivation of the plant, are everywhere for the tender plant. The wet season has not damaged the crop, and the branches are sweet and tender.

FINANCIAL DIFFICULTIES. Force Consolidated Lake Superior Company to Temporary Closure—Part of Operations.

Sault Ste. Marie, Sept. 31.—Pending the outcome of the financial difficulties in which the Consolidated Lake Superior company is now involved, President Shields has issued orders to close down all of the operations of the company, except the street railway system, on both sides of the river, the ferry system and the Tagona Light and Power company, of the Canadian. This step, it is taken, it is announced, because the funds of the company are exhausted, and Mr. Shields does not want to incur further liabilities until it is known where the money with which to meet them is coming from. Inasmuch as the company's operations on the American side are confined to the street railway, the power house force, the order will not materially affect the American side.

THE LOWELL LEDGER. PUBLISHED EVERY THURSDAY AT LOWELL, MICHIGAN.

BY FRANK M. JOHNSON. Entered at Lowell Postoffice as second class matter.

Subscription One Dollar Per Year. Space advertisements, 10 cents an inch per week. Real estate notices, 5 cents an inch. Business notices, 5 cents an inch. Classified advertising, 5 cents an inch.

A NATIONAL PROBLEM. Solution of the Road Question Should Engage the Attention of Our Best Men.

It is claimed by some that the building of roads is strictly a local matter, that the benefits are entirely local, and that the whole expense should be borne by the local communities. This is not the view taken by the most progressive countries of Europe. There the building and maintenance of roads is regarded as one of the most important functions of government.

Second Crop of Strawberries. Benton Harbor, Sept. 31.—Two cases of Benton Harbor strawberries were sold at retail on the Chicago market recently for 50 cents a quart. The quality was just as good as that of the June crop. The grower received 25 cents a quart net, or five times the price of June berries. An effort will be made to grow two crops of strawberries each year, and it is said that it can be done.

West New City Hall. Battle Creek, Sept. 31.—The common council has decided to submit to the people the question of a new city hall. The present hall, though a fine building, is crowded, having offices in the attic. The question will undoubtedly carry by a majority. It is proposed to spend \$50,000.

Fire at Benton Harbor. Benton Harbor, Sept. 31.—The warehouse of the Benton Springs Canning company was burned with a loss of \$35,000. There were in store 12 cases of canned peas ready for shipment to a New York firm, valued at \$15,000. The firemen worked all night and saved the main building of the plant, which is partly insured.

Lived with Broken Back. Charlotte, Sept. 31.—R. B. Rogers, a young man 25 years of age, who had his backbone broken by a falling barrel while at a barn raising in 1897, has died. His case has completely baffled the medical profession. For the past year or two he has been able to walk about in an invalid chair.

Went to Cornell. Grand Haven, Sept. 31.—Oran M. Leonard, of Grand Haven, has been appointed instructor of mathematics at Cornell university, and will take up that position at the opening of the school.

Two Much Rats. Brighton, Sept. 31.—It is hard work to do anything, without difficulty. The rats in four or five feet high, and the bin can be made from a piano box with a partition in the middle for two kinds of grain.—C. M. Fisher, in Farm and Home.

SUMMER DAIRY NOTES. Always keep the calves in a sappy, growing condition. Green corn and grass cut from fence corners should be fed during the day with the grain ration. The calves should be given the best of the best.

FINANCIAL DIFFICULTIES.

Force Consolidated Lake Superior Company to Temporary Closure—Part of Operations.

Sault Ste. Marie, Sept. 31.—Pending the outcome of the financial difficulties in which the Consolidated Lake Superior company is now involved, President Shields has issued orders to close down all of the operations of the company, except the street railway system, on both sides of the river, the ferry system and the Tagona Light and Power company, of the Canadian. This step, it is taken, it is announced, because the funds of the company are exhausted, and Mr. Shields does not want to incur further liabilities until it is known where the money with which to meet them is coming from.

THE LOWELL LEDGER. PUBLISHED EVERY THURSDAY AT LOWELL, MICHIGAN.

BY FRANK M. JOHNSON. Entered at Lowell Postoffice as second class matter.

Subscription One Dollar Per Year. Space advertisements, 10 cents an inch per week. Real estate notices, 5 cents an inch. Business notices, 5 cents an inch. Classified advertising, 5 cents an inch.

A NATIONAL PROBLEM. Solution of the Road Question Should Engage the Attention of Our Best Men.

It is claimed by some that the building of roads is strictly a local matter, that the benefits are entirely local, and that the whole expense should be borne by the local communities. This is not the view taken by the most progressive countries of Europe.

Second Crop of Strawberries. Benton Harbor, Sept. 31.—Two cases of Benton Harbor strawberries were sold at retail on the Chicago market recently for 50 cents a quart.

West New City Hall. Battle Creek, Sept. 31.—The common council has decided to submit to the people the question of a new city hall.

Fire at Benton Harbor. Benton Harbor, Sept. 31.—The warehouse of the Benton Springs Canning company was burned with a loss of \$35,000.

Lived with Broken Back. Charlotte, Sept. 31.—R. B. Rogers, a young man 25 years of age, who had his backbone broken by a falling barrel while at a barn raising in 1897, has died.

Went to Cornell. Grand Haven, Sept. 31.—Oran M. Leonard, of Grand Haven, has been appointed instructor of mathematics at Cornell university.

Two Much Rats. Brighton, Sept. 31.—It is hard work to do anything, without difficulty. The rats in four or five feet high, and the bin can be made from a piano box with a partition in the middle for two kinds of grain.

SUMMER DAIRY NOTES. Always keep the calves in a sappy, growing condition. Green corn and grass cut from fence corners should be fed during the day with the grain ration.

Ross, Miss Cora Shawl, Mrs. Adline Sears, Mrs. Nellie Taylor, Miss Maud Taylor, Mrs. A. M. White.

Frank M. Johnson has a winner in THE LOWELL LEDGER. The paper is well edited and printed, is strong in the local department, while the advertising columns indicate prosperity and, by the way, Brother Johnson is turning out some high-grade job work these days with good color work, late faces of type and up-to-date rules and borders. The qualities mentioned are the ones that count and bring success or keep it.—[Publisher's Auxiliary.

Miss Ethel Soules is quite sick.

Good cow for sale. W. F. HOWK.

Mrs. Milo Hart entertained the Spartan Ladies at a "unstable party" Wednesday afternoon.

Mrs. Amanda Dowman of Buffalo, N. Y., is spending a few days with Mr. and Mrs. W. M. Worden.

**Water for Dumb Animals.**

A man was driving a beautiful horse. At the roadside was a watering trough. The animal swerved from the road. Its delicate muzzle was quivering and a short whinny said as plain as a horse can talk, "I am very thirsty; please can I have a drink?"

The answer was a jerk on the reins a blow with the whip, and the rig disappeared in a cloud of dust.

That was cruelty—unthinking cruelty—and it brings up the whole question of hot-weather treatment of animals.

Is your horse given water frequently? Do you give your dog and your cat water as often as they desire it, or do you simply guess they will find all the water they need?

The owner of any animal, large or small, who does not think of these things is not fit to own a dumb brute. Not to provide for the wants of domestic animals and pets is cruelty that causes torture. It is not safe to trust to an animal's finding food or drink. In a wild state they were able to do this. Domesticated they have learned to rely on man, and in many instances have met with base betrayal. Water is as essential as food. In the hot days of July and August it really comes before food.

Kindness to animals is more than kindness; it is justice.

The man who beats a horse can be reached by the law, although too seldom does he meet with his just deserts.

The man who does not beat his horse and who forgets to water him for long periods can seldom be reached by the law, and yet this cruelty is far greater than temporary pain that follows the feel of the lash.

Think of these things. Remember how it feels when your own throat is dry and parched, and look after the needs of your four-footed friends.

—[Ex.

Combs

Combs

Combs

We are showing some new things in combs in our West window. Some of the new novelties as well as the staple styles.

Large swell Hairpins 25c.

Circle Combs, Fancy Back Combs 25c.
