### An Impartial Judge.

Grand Rapids Post July 21.

Dr. G. K. Johnson, one of the veteran Democrats of this city, says he hopes to see Harry D. Jewell renominated on the Republican ticket for the probate judgeship, and will lend his support to that end.

"I am satisfied," says the doctor, "that the judge has made an excellent officer and has administered his duties impartially. I do not consider a judicial position in the same light as any other public offices and especially that of the probate judge in regard to the number of terms they serve. Upon the fairness and sense of justice of this official rests the welfare of widows, children and other persons who must depend wholly upon the integrity of the court. Judge Jewell has been all that I have said, and I cannot see why he should not be renominated. He has not only administered his duties fairly, also intelligently and as a probate judge he ranks high in the esteem of all who have had dealings with him."

MICHIGAN NEWS

MAN IS CAUGHT BY A CAVE-IN

One Who Is Killed While Another Breathe Escapes With His Life. While at work laying tile in a deep ditch on their farm east of Pinesville, W. E. Carpenter, aged 35 years, lost his life, and his brother, Clarence, barely escaped death, by the caving in of the sides of the ditch. W. E. was completely entombed and Clarence was buried to his shoulders. He is once called for help and the railroad sections hands, who chanced to be near, hurried to the spot and dug the two buried men out. W. E. was standing upright when found, with a shovel in his hand, and no doubt was suffocated. The rescue saves a wife and two small children.

Man Works So Fast that Complainers Call Him "the Steam Shovel." Bronson has a strong man in the person of David Ribesberg, of Batavia township, who has the contract for unloading coal at the Ironmount and so on and so great are his lifting powers that his fellow workmen have dubbed him "the steam shovel." With his crew of five assistants he recently broke the record by unloading three cars of coal and eight cars of soft coal in one day, using merely hand shovels and human muscle.

Blind Man's Misfortunes. That misfortunes never come singly was demonstrated at Mason when the house of Frank Holcomb, an aged blind man, was burned to the ground, with all its contents. Mr. Holcomb's wife was rescued from the flames, but he has resided alone since. The loss on house and contents will reach between \$800 and \$1,000, with small insurance.

**E. R. COLLAR.**

The Ledger's Choice for Senator from the Seventeenth District.

Hon. A. W. Weekes of Lowell. Remember him at the Primaries September 13.

**From Our Point of View**

It seems necessary again to call the attention of all Kent county voters to the primary election September 13; and to the fact that the event is of an importance perhaps greater than that of the November election. The candidates for the county and legislative offices are to be elected by the people from among many aspirants next Tuesday; and not one voter in a hundred would be able to vote on that date, if possible, villages or townships should fall to vote on that date, if possible, to get to the polls. Remember that the wire pullers and ward heelers of the city will be out in force; and if you do not want a ticket of "plug uglies" under your party name, turn out and vote for clean and capable men. Don't let this warning go out the other ear!

How does a fellow feel sneaking about town like a whipped cur day after day, week after week and year after year, feeling that every one he meets recognizes him as a lying deceiver? There are individuals in this town who know. It's a pity all such could not be colonized and fenced in with "live" wire each a mile high. What a good time they could have skinning each other! As it is, they mix up with white folks and live off the community like fleas on a dog. Communities should organize to protect themselves from such vermin: there is no reason why decent people should submit to being pilfered from and preyed upon by these lazy, lying louts.

"The way of the transgressor is hard." Never were truer words spoken; and they are as true today as when they were first uttered in the long ago. One might as well thrust his hand into the fire and expect not to be burned as to violate the laws of his being and seek to avoid the consequences. Since the history of the race began, men have proven this in pain and remorse; and for thousands of years to come, as long as men refuse to profit by the costly experiences of the millions who have preceded them in the way of ruin and ruin, so long will they pay the penalty of broken health, ruined homes, degradation and doom.

"CONSTANT READER" is informed that THE LEDGER never promised to be neutral, in politics, religion or anything else. On our first page he will find the words: "Independent—NOT Neutral." If he will consult Webster, he will learn that the two words differ widely in meaning; and he will then understand the editor's purpose.

THE Philippines are said to have cost the United States \$700,000,000 to date; but if the truth be told there is "not a cent in it" for one of our readers. It is a hot potato proposition that can not be dropped a minute too soon: talk about the flag's "staying put," to the contrary notwithstanding.

THE LEDGER acknowledges receipt of an invitation to the National Conference in New York City "of editors favorable to the election of Parker & Davis;" but inasmuch as Secretary Daniels neglected to enclose a round-trip ticket, we shall deny ourself the pleasure of attending.

TAXPAYERS of Lowell and surrounding townships, Huntley Russell is attacking the candidacy of Senator Weekes because the latter sought to save you from an unjust tax; and Mr. Russell would like to be senator himself. Choose between them September 13.

PARENTS can give their children no better start in life than a good education. From the district schools to the Lowell High school is a good step. Another will take them to the University or any college in the State. Make no mistake.

FRIENDS of Senator Weekes and those having preferences for county candidates may regret too late if they do not vote at the primary election September 13. Far warning.

D. B. HILL'S announcement of his retirement from his fellow countrymen.

**FOR STATE SENATOR**

**BEST INTEREST OF DISTRICT DEMAND THE RETURN OF HON. A. W. WEEKES TO THE SENATE.**

From the Sparta Sentinel Leader. The time is fast approaching when the primary election will be held and it stands the people in hand to make a wise selection of candidates for its legislative positions on the county ticket. It was very much desired by a large number of reputable citizens of the county that the late session of legislature be served on the committee on the salary for the insane. The candidates for the office of school for the deaf and was chairman of the committee on taxation. In these positions he became familiar with what is needed in legislation, especially so on the question of taxation. Mr. Weekes does not believe in introducing bills for the simple reason that such a course brings fame, whether it amounts to anything or not. He believes that a representative of the people should look well to the interests of his constituents, and not be afraid to stand up for what he believes to be right, and to do his duty as best he can. Mr. Weekes is a gentleman whom it is a pleasure to know and his many friends hope to see him re-elected.

**NO WOMAN WEARS CORSETS**

For Fun. Certainly not, yet one might suppose so from the way some merchants try to sell corsets. A good corset means a good form and proper support, and incidentally a good figure on the street. We sell the Henderson Corsets because we believe them the best. If you examine one you will be struck by its general excellence and believe with us that it is the best.

**John C. Loucks,**

Attorney-at-Law. Republican Candidate for Circuit Court Commissioner.

The Republicans of this county have always been ready to honor a young man when he has proven worthy of their confidence. John C. Loucks, candidate for Circuit Court Commissioner, has never been sought an office, yet he has long since proven himself worthy of a public trust. Born in Grand Rapids, of poor parents, his efforts to obtain an education were handicapped, but for all that he was graduated from the Grand Rapids High School with honors. Determined to get the best education from the state, he went to work until he had earned enough to start him at the University of Michigan. While there he earned his way by waiting table, reading dishes and stoking furnaces. Dr. B. H. Curtis, Dean of the Law Department, became interested in his efforts and furnished him employment through the law office. He was graduated in 1901 and returned to his home city to practice where he has been actively engaged every since.

The Circuit Court Commissioners have generally been young men, and Mr. Loucks earnestly asks your support at the primaries September 13, which you will surely give after an investigation of his character and ability.

**OLD HOME WEEK.**

Lowell Approves the Idea of an Annual Home Coming.

Mr. Editor: In a recent issue of THE LEDGER you suggested the institution of the "Old Home Week" for Lowell. It is a well known fact that many towns and cities do hold such annual reunions, with marked success. Lowell has been successful in this respect, which would warrant the establishment of such an observance. We have but to note the enjoyment of our citizens and their guests in the annual reunions that have occurred during the past season, to be convinced of the pleasure to be derived from such a custom.

The occasional presence of a returned Lowellite at an old resident's meeting, or the reunion after many years of pupils and teachers in our newly established Alumni Association, adds to the conviction. With the renewing of old ties of friendship they will bring to us with us of their own homes, put us in touch with their old friends, and in our own homes, put us in touch with their old friends, and in our own homes, put us in touch with their old friends.

**Emergency Medicine.**

It is a great convenience to have at hand reliable remedies for use in cases of accident and for slight ailments. A good liniment is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or sore, it relieves the pain and causes the injury to heal in about one-third of the time usually required, and as it is an antiseptic it prevents any danger of local poisoning. When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by A. R. Strubins.

## Who Needs A Watch

In these days of cheap watches and shoddy manufacture, a timepiece should be selected with care. A good watch should last a lifetime, and longer. Such watches are the only kind worth having and in order to get them you must buy of a reliable dealer who is at hand to make the guarantee good. We have in stock complete lines of the best watches made. All sizes for both gentlemen and ladies. We sell watches for precisely what they are, and quality considered, our prices are always as low as can be had.

The repairs on the Lowell electric light and power plant were not completed as soon as expected; and we are obliged to mail papers without the story supplement. For the same reason the paper may be late in reaching readers. Armstrong power is not as convenient with our present outfit as it was in the days of the old Washington hand press.

Ionia Sentinel—"Two weeks" more have elapsed and the regulation word comes that in "two weeks" dirt will be turned on the Ionia-Grand Rapids interurban. Good! Great bodies move slowly, and there is no reason to despair. Like the Russians, we hold on with dogged determination, feeling that something is sure to happen, and it may be in less than "two weeks," who knows?

Red Riding Hood Caps.

A writer says that the story of "Little Red Riding Hood" took its name from a riding hood in vogue in the reign of Queen Anne as a protection for pillon riders against rain. It well suited a pretty face and made its wearer so attractive to the other sex that the Kensington Vestry Hall issued the following notice: "All ladies who come to church in the new fashioned riding hoods are desired to be here before divine service lest they divert the attention of the congregation."
