## The Time To Think of Stoves

When you thing of stoves, think of economy too, and look at the new line we are carrying this year. We have the

New Gold Coin Base Burner which we are recommending highly because it has more radiating surface than any other stove made.

Sometimes circumstances makes it advisable to get a Second Hand Stove—we have some choice bargains in these and we invite you to inspect them. Yours,

The Building, Its Purpose and Projectors of the Enterprise.

The above shows the new home of the Parks Manufacturing company of Lowell, on the corner of Main and Hudson streets. It is a two story frame building 30 x 100 feet in dimensions covered with steel and presents a neat appearance.

Cement walks run the entire length of the lot on both streets; and the factory is near the Pere Marquette sidetracks.

The first floor has pleasant business offices in front and a bench room with accommodations for twenty-four men in the rear. The second floor is used for storage, paint-The above shows the new home of

#### ANNOUNCEMENT.

### Increase in Interest Rates by the

Seven years ago, when this bank opened its doors for business, its officers believed that a banking business conducted along conservative and safe lines and with an attitude of helpful encouragement to its deserving customers, would be a help to the commercial development and credit of the community.

Our continued and rapid increase, in business and number of deposi tors, is taken by us as an indication that we are pleasing the public with our business methods.

This bank has been highly favored: its earnings have been satisfactory to its stockholders; the depositors have had a fair division of the profits, and otherwise enjoyed the pros-perity of the bank.

We recognize however the fact that our customers are entitled to all the advantages offered by the large savings banks of Grand Rapids, and mindful of the changing con-ditions that effect every line of business, we feel warranted in making these liberal concessions to our de positors.

Begining with Dec. 1st. our rates of interest on deposits will be as fol-lows: On savings accounts 3 per cent on all sums left constantly on deposit three full months or more. On certificates of deposit 3 per cent if left six months, 3½ per cent if left

Winthrop colony, in 1630, also observed a Thanksgiving, apparently entirely without any inspiration from the pilgrims, but in accordance with their former custom in England, the motive in this case having been gratitude for the safe arrival of their fleet at Charlestown, where purely religlons services were held beneath a tree, for it was in hot weather, July 8.

The Winthrop colony's second Thanksgiving here, which is commonty spoken of by historians as their first, was about eight months later, Feb. 22, when having moved over to the peninsula of Shawmut and taken up their abode in log houses, huts, hovels and even holes in the side of Beacon hill, their number sadly depleted by diseases caused by putrified food, and even absolute starvation, the arrival of their fellow townsman, Capt. William Peirce, with a shipload of provisions from Ireland, and, best of all, "good store of lemon fuice" to arrest the ravages of the scurvy, furnished them with good cause for devout thanksgiving and gastronomic dissipation as well.

"I have suffered for 25 years with severe pains in my head, heart and back, and have tried everything I could get and could not find any relief until I got a box of Dr. Miles' Anti-Pain Pills. I suffered as long as 12 hours at a time with such severe pains that I feared I would lose my mind. The Anti-Pain Pills gave me relief in from 10 to 20 minutes. I do not have to use Morphine any more. I wish you would publish this so that other sufferers may find relief."
