MAIL GOES TO NUMBERS.

After considerable discussion as to whether boxes along a rural mail route could be numbered and mail addressed only to the box number and delivered, it has at last been decided by the postoffice department that it can be done. There was some trouble over the matter last fall when the Republican county committee addressed mail to box numbers and was shut out because a kick was made. —[Grand Rapids Herald.]

WAREHOUSES BURNED.

J. C. Train and King Milling Co. Lose by Fire.

J. C. Train's warehouse near the Grand Trunk station and one close by belonging to the King Milling Company were totally destroyed by fire Monday night between twelve and one o'clock. Train's building was valued at about \$2000 and was partially insured. It had lately been used by Vard Raymond as an evaporator, and contained about \$100 worth of dried apples, which were also insured.

The King building, worth about \$800, was insured for about \$400, and the contents, consisting mostly of feed and machinery, were insured for \$500.

The origin of the fire is unknown there having been no fire in the evaporator for a long time. The fire department was unable to do any good because of there being no hydrant near the scene of the fire, and the buildings, being old and dry, burned rapidly.
