## **LOWELL CITY ELECTRIC TRANSFORMING STATION**

Handsome New Cement Block Building, Permanent Home for the Municipal Transformers and Electrical Apparatus. Convenient Work Rooms and West Side Fire Department.

Lowell's New Transforming Station.

for the safety of the employees.

When the Chase Construction company placed the original apparatus in the old building just vacated, their experts were a week in doing the work. Superintendent F. J. McMahon and Clyde Foreman, assisted in the moving by I. A. Wood, got the new and larger plant in working order by laboring steadily without sleep from Saturday morning until 5:30 Monday morning; and they certainly deserve credit for their efforts to promote the public service. When everything is in readiness it is proposed to give a continuous service, including Sundays.

## NEW BUSINESS PLACES.

## Some Are Already Occupied and the Rest

Marks will cover that lonesome look of his with his handsomest smile; for the other occupants of the new Negonce block are getting settled and ready for business as fast as possible. It is hoped that within a week the entire block will be in working order. Edelman & Nerreter are here this week arranging their hardware store, which is to comprise the whole of the Bergin building. Norton Henry has his drug stock moved in and expects to open to the public Saturday. A. D. Giver's new store is not quite ready for him and be is waiting to move.

The four suites of offices in the block are finished; and the three doctors, O. C. McDanuell, M. C. Greene and F. E. White, are moving and settling. S. P. Hicks' furniture and

and F. E. White, are moving and settling. S. P. Hicks' furniture and office materials are already in the new apartments; and he is waiting for his new books, which have been delayed on the way.

The entire Negonce block is attractive within as without, all the apartments being arranged with regard to comfort and convenience, and finished modernly and beautifully.

The King block is not entirely ready for occupancy; but Klumpp & White are preparing their market for opening Saturday, Oct. 21, and W. B. Rickert expects to be in his new store on the same day. Dr. H. P. Snystore on the same day. Dr. H. P. Sny-der, who is to have the entire floor over the west store, hopes to be able to move in by the first of December. The Maccabees expect to take possession of their new lodge rooms over the east store of the block by the last of next week. Mr. King has not yet decisively rented the other two stores, but will probably be ready by next week to say who will occupy them. This block is of cement, and is finished in pretty and modern

## From Our Point of View

HERESY-HUNTING IS A CRIME.

The blackest pages in history are those which ATTEMPT to portray the damnable, blood-curdling atrocities committed by heresy-hunters upon the world's brightest and best men and women, the greatest benefactors of the human race in all the centuries. Rivers of innocent blood have been sked and the supposed terrors of Hades discounted by those who, while professing the name of Him who commanded "Love one another," tortured their brothers and sisters like fiends of Hell No. fessing the name of Him who commanded "Love one another," tortured their brothers and sisters like fiends of Hell. No brush can paint, no pen portray, no tongue can describe these innumerable crimes in adequate terms. In God's holy name, have we not had enough? Must it be true for all time that "The world always persecutes its prophets?" If not, let us

"The world always persecutes its prophets?" If not, let us as reasonable, justice-loving people, frown upon every man of whatever stripe or pretensions, who attempts in this Twentieth Century of the Christian era to shackle the hand or gag the tongue of his brother. We care not who is to the fore, or what his profession or pretensions of the fore, or what his profession or pretensions of the fore, or what his profession or pretensions of the fore, or what his profession or pretensions of the fore, or what his profession or pretensions of the fore, or what his profession or pretensions of the fore, or what his profession or pretensions of the fore, or the what his profession or pretensions, HERESY-HUNTING IS A crime! This world is wide; there is room enough in it for all: and the narrow bigot who would hound his wiser, better fellows out of their chosen fields of labor because of differences of their chosen fields of labor because of differences of the covers of stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y. opinion, should have a specially provided place where he can nurse his poor, shrivelled, little soul and conjure up ecstatic dreams of a 7x9 Heaven for himself and all the universe a Hell for the rest of mankind.

THE LEDGER congratulates Brother Link of the Cedar Springs Democrat on his happy choice in renaming his paper
"The Liberal." In these days of changing political conditions,
with the lines of demarcation between parties constantly shifting no man with a mind and conscience of his own cares to be ing, no man with a mind and conscience of his own, cares to be chained irrevocably to a party name. In independent newspaper work we have found great satisfaction. There is nothing like being able to free your mind, regardless of the selfish demands of corrupt political bosses; and the freedom at all times to square one's writings with his conscience, without waiting to learn what some party platform will declare, is a priceless privilege. "The Liberal" is good, in politics, religion or what not. It is the opposite of narrow partisanship and heresy-hunting bigotry. Long life to "The Liberal;" and may it have little Links enough to make a long chain.

WITH the declaration of Rev. Geo. H. Ferris, pastor o Calvary Baptist church, New Haven, Conn., in declining to be a delegate to the federation of churches in Philadelphia, because of the refusal to admit representatives of the Unitarian at the Ledger office. churches, that such action is "uncharitable and unChristian, many will concur. The Unitarian delegates named are Rev. Edward Everett Hale, chaplain of the U.S. Senate, Hon. John D. Long, former secretary of the Navy, and Rev. Dr. Samuel A. Elliott, son of President Elliott of Harvard University. In refusing to fellowship with such men, the Federation punishes and belittles itself, in the estimation of liberal spirited people.

An investigation of affairs at the county home is demanded by every consideration of humanity and common decency. If the charges against Mrs. Brownell are true, she is not a week's fit to control a dog pound. If they are untrue, she can not be Rapids. cleared a second too soon. But bear in mind, gentlemen of the Board of Supervisors, no whitewashing! Just get the facts; friends.

## How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance. Dr. Miles' Heart Cure rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

The people could save a lot of money by abolishing state and national elections and delegating the selection of officers to the life insurance companies. No doubt, President McCall would consent to act.

The nation-wide and almost universal carnival of political corruption is a tribute to the activity of the man who "Always votes it straight;" and explains the vast and growing army of independent voters.

The "Hats-off,-please,-ladies" move at the Methodist church, brings forth a fervent "Amen!" from long-suffering brethren. Rev. Bready has proven his courage.

quickly you will find relief.

"About January 1st, 1902, I took down with weakness and grows and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothing. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if the hadn't been for Dr. Miles' Heart Cure. I would now be in my grave."

# DRY GOODS and CLOTHING

News of interest from the Dry Goods and Clothing Center of Ionia County.

This Fall's display of Dress Goods, Ladies' Cloaks, Children's Cloaks and Men's and Boys Suits and Overceats demonstrate the unquestioned style in each and every garment shown in our different departments. The value-giving power of this store is the other important feature.

## ONCE A CUSTOMER, ALWAYS A CUSTOMER.

If you will make this store your shopping place you will never regret it as our combined efforts will be this: To give our customers a dollar's worth for their money each and every time. Give us a trial and we will convince you of the fact. Seeing is believing. Each and every price quoted below will be of interest to you all. Read them carefully and come to headquarters and note the results.

## Corsets.

## NATURE'S ESSENCE

Extracted from the Roots of Native, Forest Plants. often heard druggists inquire of customers who asked for a cough meditional forms. Go Straight Back to Nature for Your Health.

There is Your Strength. Consider your body as an engine which supplies you with all activity of mind and body. Keep the machinery to which supplies you with all activity of mind and body. Keep the machinery to which supplies you with all activity of mind and body. Keep the machinery to which supplies you with all activity of mind and body. Keep the machinery to which gives life to it and the vital does not groan in doing its work. But let the stomach, which is the fire-body to the human engine, get "out of kilter" and we soon meet with disaster. The products of undigested and decomposing food is poison to the system.

The "Discovery" cures all skin affections, blotches, pimples, eruptions and boils; heals old sores, or ulcers, "white swellings," scrofulous affections and kindred ailments.

The "Golden Medical Discovery" is just the tisue builder and tonic your require when recovering from a hard cold, grip, pneumonia or a long siege of fever or other prostrating disease. No matter how strong the constitution, our stomach and liver are apt to be "out of kilter" occasionally. In consequence our blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's stronger than his stomach. Dr. Pierce's at the supplies you with all activity of mind and body. Keep the machinery to the fire the stomach is that they know there is no danger from the and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is always cures. There is not the least danger in giving it, and for coughs, colds and croup it always cures. Notice of Commissioners on Claims

STATE OF MICHIGAN, The probate court for the county of Kent. At a session of said court, held at the probate office in the city of Grand Rapids, in said county on the 2th day of October A. D., 1905.

Present: HON. HARRY D. JEWELL, Judge

"What kind of a fellow is he?"

Feeding the Cow.

Just how much grain a cow in full flow should have can only be determined by experiment, but eight pounds is about the quantity the best dairymen, both East and West, are giving daily, varying according to the thrift of the cow and amount of milk.

A satisfactory flow cannot be maintained on grass alone. Regular rations of grain will increase the vield sufficiently to pay good profit.

Notice of Commissioners on Claims

STATE OF MICHIGAN, The Probate Court for the county of Kent.

In the matter of the estate George W. Parker, deceased.

Having been appointed commissioners to receive, examine and adjust all claims and the wad present their claims to us for examination and adjustment, and that we will meet at the office of C Guy Perry, in the Village of Lowell, in said county, on Thursday the 18th, day of January A. D. 1905, at ten o'clock in the forencon of each of said days, for the purpose of examining and adjusting said claims.

Dated Howell Michigan, Sept 15th, A. D.

There you have a complete Gas-

There you have a complete Gasplant for 25 cents.

Town a match to the Burner—and you'll get a beautiful White Gaslight.

Of course, this is only an experiment, but it shows the wonderful simplicity of Acetylene Lighting.

That very simplicity gave Acetylene

Light a setback, at first.

It seemed so simple to turn Calcium Carbide into Gas-light that over 600 different kinds of "tanks" and "Acetylene Machines" were invented, patented, and marketed for the purpose, by about as many different

Well, the thing to be expected certainly happened!

About 530 of these "Acetylene Machines" had been

invented and sold by people who knew more about Tinware than they did about Gas-making.

The "Calcium Carbide" was all right all the time,

but 530 of the machines for turning it into Gas were

all wrong all the time.

So Acetylene Gas "got a bad name," though it is clear enough now that it never deserved it at any time.

It was like selling Wood Stoves to burn Hard Coal in, and then blaming the Coal for not burning.

ranged with some friends to marry him to their daughter. The young people had never met, and the count never left the town in Germany where he lived until the wedding day, and as oon as the ceremony was over he saluted his bride with graceful respect, saying: "Madame, you and I have ehests. You have the prettiest figure in the world and the most admirable stature I have ever seen on woman. But I must leave you. I cannot conceal from you that for a long time my heart has been captured by a love which I do not know how to stifle." His post chaise awaited him at the church door, the count quickly stepped into it, and the countess never saw him again.

Doctor in the School The schools of the city of Brussels are divided into six groups, and each

A nervous, irritable mother, often on the verge of hysteries, is unfit to ear for children; it ruins a child's disposition and reacts upon hersel. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and sale is entirely unfit to bear the strain upon her nerves that governing children is workers it is impossible for her to do anything calady.

The ills of women octilize a fiedrand was recombed and proved to be the only mother than the strain the public appendix an excount of the feature of the terrous production, and all narrousness has dissputed that the mother than the strain than the strain than the strain that the mother than the strain than

Lots of things happened to grieve the Owners of these 530 makes of alleged "Acetylene Machines."

But very few accidents occurred from them even in the days of rank experiment and dense ignorance, among, "Generator" Makers.

Of course, a gun will go off unexpectedly, now and then, if the trigger be pulled by a person who "didn't know it was loaded."

But, that's no fault of the Ammunition—is it?

Well, finally the Insurance Companies got after these 530 odd makes of "Acetylene Machines" that wouldn't Acetylate, and the Insurance Board made an investigation of all Generators that were submitted to them. Then, out of the 600 odd "Machines" patented, only about 70 were "permitted" by the Insurance Board me how to find the sheriff's office?" "Yes, sir," was the reply. "Every Oh, what a howl was there!

By "permitted" I mean that the Insurance Board was willing that any building should be Insured, withtime you earn \$5 spend \$10." Saying this, the doctor walked on, leaving his

What Makes a Diamond Sparkle? A diamond is the most lustrous of all known substances because it reflects all light which falls on its poster or surface at an angle of incidence of more than 24 degrees. It is so hard that its power of refraction is immense, and the cutting is de-

To make Cheap Gas-light for Country Homes

> out extra charge, which used any one of these 70 Acetylene Generators it had found safe, and effective, just as it permitted houses to be piped for City Gas, or wired for Electricity, under proper conditions.
>
> Now, the Insurance Companies ought to know whether or not these 70 different makes of Acetylene Generators were absolutely Safe to use.
>
> Because, they have to pay the bills, if Fire or Explosion occurs, from any one of the Acetylene Generators.

ators they authorize,
And, here's a proof of their good judgment.
Though there are now Two Million people using
Acetylene Light in America, there have only been four Fires from it in one year, against 8865 Fires from Kerosene and Gasoline.

There have also been 4691 Fires from Electricity, 1707 Fires from City Gas, and 520 Fires from Candles.

Besides these there have been 26 Fires from the Sun's rays, But,—only four Fires from Acetylene.

That shows how careful the Insurance Board was in its examination of Acetylene Generators, and in "permitting" only the 70 makes that were above suspicion, out of the 600 experiments that were once on

Well,—the boom in Acetylene Lighting made lower prices possible on the material it is derived from, viz., Calcium Carbide, a material that looks like Granite but acts like Magic.

Today, Acetylene Light is a full third cheaper than Kerosene Light, or Gasoline Light, per Candle Power.

It is not more than half the price of Electric Light, nor three-fourths that of City Gas.

If I can't prove these statements to your full satisfaction my name is not "Acetylene Jones."

But Acetylene is more than the safest and cheapest Light of the year 1905.

It is also the Whitest Light—the nearest to natural Sunlight in health-giving Blue and Violet rays, and because of this, with its freedom from flicker, it is the easiest of all Artificial Light on the Eyes.

It is so much like real Sunlight that it has made plants grow 24 hours per day in dark cellars where no ray of Sunlight could reach them. It made them grow twice as fast as similar plants that had only the Sunlight of day-time, viz., half the time.

That was proven by Cornell University in a three-months' experiment made this very year.

Now, I've saved up for the last a point more important to you than all the others about Acetylene Light.

Light.

It consumes only one-fourth as much of the vital Oxygen from the Air of Living rooms or bed-rooms, as either Kerosene or City Gas-Light consumes.

That's a tremendous difference in a lifetime, mark you—three-fourths of a difference.

Because,—Oxygen is Life,
And every bit of Oxygen stolen from the lungs of Women, Children and Men, through Lighting, is a loss that can never be made good again.

A 24 Candle-Power Acetylene Light costs you only two-fiths of a cent per hour.

two-fifths of a cent per hour.

That's about \$5.85 per year, if burned every night in the year for four steady hours.

A Kerosene Lamp of equal capacity would cost you a third more, viz.: three-fifths of a cent per hour for a third more, viz.: three-hiths of a cent per nour for Kerosene alone, or \$8.75 per year.

That's exclusive of broken lamp chimneys, new wicks, and the everlasting drudgery and danger of cleaning, filling and trimming daily.

I want to prove these figures to you, Reader, if you

are a house-owner or storekeeper.

Tell me how many rooms you've got and I'll tell you what it will cost to light them with brilliant, beautiful, Sanitary, eye-saving Acetylene.

Continual constipation will inevitably result seriously for the sufferer. No one can let this affliction go unnoticed without losing his health. It brings on Blood-Poison, Skin Disease, Sores, Pimples, Stomach Trouble, Dyspepsia, Indigestion, Sudden Bowel Trouble, Diarrhea, Cholera, Etc., Nervousness, Insomnia, and Kindred Diseases.

MULL'S GRAPE TONIC cures by strengthening and restoring the tissues and muscles of all the digestive organs, and by putting the whole digestive system in a perfect, strong, healthy condition. It does not shock and weaken the organs as purgatives and physics do and thus aggravate the trouble and make a bad matter worse. Its effect is to build up and restore, and not tear down and destroy. It cures the disease by putting the digestive organs in a condition to overcome it. Such a cure You feel better and stronger all the time you use it—not weakened and run down as in the case of drugs and physics.
You feel the wonderful and beneficial effects of Mull's Grape Tonic at once. You will know that it will cure you soon as you begin its use. That is why we let you try it free.

A MARVELOUS HEATING STOVE

# DEMONSTRAT

Come and see the wonderful FLORENCE HOT BLAST in full operation, burning wet sawdust and rubbish with as great heat as coal in a base burner. This marvelous Heater will be burning paper without any smoke; will be fed with the cheapest kind of fuel and refuse and will produce heat of amazing intensity. It will burn its own smoke, comsume its own gas, and through other wonderful workings will convince every beholder that it is a MARVEL AMONG HEATERS.

No Smoke! No Dirt! No Soot! EVERYTHING CONSUMED.

> No Clinkers FROM HARD OR SOFT COAL.

## Ashes as Fine as Powder

As a Fire Keeper It Will be Just as Good 20 Years From Now. If the Fire Pot Cracks Inside of Five Years Wewill Give You One Free of Charge

The only Floor Heater on the market or that has ever been made

SPECIAL NOTICE Mr. J. J. Howard will be here to exhibit this wonderful Heating Stove on the sidewalk in front of our store, and will show you things which it does that no other stove on earth can do. Den't fail to Sec this Stove in Operation.

## The Hot Blast Air-Tight Florence

will burn anything combustible-hard or soft coal, coal siftings, coal dust, slack coal, coke, wood, sawdust and rubbish. The fire never goes out day or night, and a steady, even temperature may be maintained. All features are patented and any stove manufacturer, dealer or purchaser using same without proper authority will be rendering him-self liable for profits and damages. It is the zenith of stove perfection—the most important invention of modern times.

Come and See This Wonderful Stove Operate.

If the FLORENCE is operated according to directions

The No. 49 will heat 2 or 3 small rooms all winter with 234 tons of slack or lump coal.

The No. 51 will heat 3 or 4 rooms all winter with 3 tons. of slack or lump coal.

The No. 53 will heat 5 rooms all winter with 4 tons of slack or lump coal.

The No. 55 will heat a large store or school room with 6 tons of slack or lump coal.

Will burn a ton less of hard coal than a hard coal base burner of the same size, and heat twice the space.

OUR GUARANTEE

Scott & Winegar LOWELL, MICH.

If by operating this stove according to instructions you find at the end of the season any soot in your pipe WE WILL RETURN YOU ALL YOUR MONEY and make you a present of the Stove. No other dealer would dare to make such an offer
