RESIDENCE OF MR. AND MRS. H. J. COONS.

Recently completed on the site of the old E. R. Craw house and now occupied by its owners.

A PIONEER HAS GONE.

Death of Mrs. Emerette White Who Lived Here Many Years.

Mrs. Emerette P. White, one of Lowell's few remaining pioneers, died Friday morning, Nov. 8, 1907, at her home in this village, aged nearly eighty-two years. Funeral services were held at the house Monday afternoon at two o'clock, Rev. Russell H. Bready officiating, and burial was made in Oakwood cemetery.

Emerette P. Townsend was born Dec. 5, 1825, in Mt. Peller, Vermont, and at the age of fifteen years came to Kalamazoo county, Michigan, with her parents and brothers and sisters. After living for a few years in and near Kalamazoo the family moved to Berlin township, Ionia county, but Emerette soon went to Saranac to make her home with Mr. and Mrs. Cyprian Hooker parents of J. S. Hooker and came to Lowell with them within a short time. She was married to Isaac N. White, formerly of Ohio, Dec. 22, 1849. Mr. and Mrs. White lived for two or three years on a farm in Keene and then moved to this village, which was their home during the remainder of their lives. Mr. White preceded his wife to the better land Oct. 19, 1880, and she continued to live in the old home. Six years ago her son Frank N. White with his family came to live with and care for her during her declining years. Though she has been in feeble health for three years, she remembered her early life distinctly and was able to recall many interesting incidents of the early days and of the Indians, who were then their neighbors. She was confined to her bed but two weeks before her death.

Decensed leaves one son, Frank N. White of Lowell, one daughter, Mrs. Hattie E. Grabach of Clyde, O., one sister, Mrs. Laura Card of Six Lakes, and one brother, Dr. Geo. S. Townsend, also of Six Lakes. The brother and the daughter were here to attend the funeral, and Miss Winale has been called home from Ypsilanti by her grandmother's death.

CITY STATE BANK ELECTS NEW DIRECTORS.

R. J. Flanagan, the well known president of the Lowell Cutter company, and William T. Condon, the popular stock buyer, have been elected members of the board of directors of the City State bank, in place of E. W. Bowman and R. S. Wilson resigned, thus transferring interests held by outsiders to local stockholders.

The other members of the board of directors are: J. S. Bergin, W. F. Condon, R. J. Flanagan, Orton Hill, F. W. Hnyan, D. G. Look, T. A. Murphy, H. A. Peckham, R. VanDyke, W. A. Watts, A. W. Weekes.

ENZ-KINYON.

Miss Belle Kinyon, daughter of Mr. and Mrs. Wm. Kinyon, and George Enz of Lake Odessa, were married at the home of the bride's parents in West Lowell Oct. 30, Rev. Braund of Alto performing the ceremony in the presence of about twenty immediate relatives. Mr. and Mrs. Enz will make their home at Woodland.

C. M. FINDLAY WEDS.

Marriage of Former Lowell Resident in Grand Rapids.

Friends of Clare M. Findlay, a former resident of Lowell and well known here, and now in the mail service in Grand Rapids, will be interested to hear of his marriage to Miss Gertrude Abell of that city. Sunday's Herald has the following: About forty relatives and immediate friends gathered at the home of Mr. and Mrs. George W. Abell, 40 James street, Tuesday evening to witness the marriage of their daughter, Gertrude May, to Clare M. Findlay. Mendelssohn's wedding march was played by Miss Lynette White, who rendered several selections during the evening.

The ring ceremony was used, being performed by Rev. A. W. Wishart, who stood before a bank of palms and ferns.

The bride wore a dainty gown of white silk lawn with real lace trimmings and carried white chrysanthemums.

Six girl friends of the bride, the Misses Grace Cutler, Ann Hull, Lucy White, Adah Pugh, Anetta Foster and Pessie Walkshaw of Battle Creek, zoned in white with pink sashes and carrying ropes of smilax tied with pink ribbons, formed an aisle for the bride.

George H. Abell of Battle Creek, brother of the bride, and Miss Maud Halladay were master and mistress of ceremonies.

White chrysanthemums and pink carnations were used in the parlor and living room, and the dining room which was in charge of the Misses Elsie Stebbins, assisted by the Misses Lettie Hydorn and Maude Haynes, was decorated with yellow chrysanthemums and candles with yellow shades. This color scheme was carried out in the refreshments also.

The gift room on the second floor was in charge of the Misses Florence Rowson and Belle Downie, who also served punch. A large number of beautiful and useful gifts were received from the many friends of the bride and groom. The guest book was in charge of Miss Ina Findlay, sister of Mr. Findlay.

Among the out of town guests were George H. Abell and Miss Bessie Walkshaw of Battle Creek, Mrs. Charles Curtis and Mrs. A. Junod of Sturgis, Mrs. Floyd Phelps of Sand Lake and Miss Elsie Stebbins of Cadillac.

Mr. and Mrs. Findlay will be at home to their friends after December 1 at 11 Clinton street.

DEATH OF R. H. MCCAUL

A Resident of Lowell Township Aged 43 Was Buried Today.

Riley H. McCaul died at the home of D. O. Shear Tuesday night Nov. 12, 1907, at five o'clock, after an illness of nearly four weeks. Funeral services are held at the house this afternoon at two o'clock conducted by Rev. A. H. Sturgis of Cannonsburg, and burial takes place in Wright cemetery.

Decensed was born in Ada township near the village Nov. 21, 1858, and spent his early life in that vicinity. He married Anna J. Shear of Lowell, daughter of Mr. and Mrs. D. O. Shear, June 23, 1884, and they lived at different times in Grand Rapids, Lowell and South Boston. Since the spring of 1891 their home has been in Lowell township two and one-half miles west of the village.

Mr. McCaul was a member of Lowell Lodge Odd Fellows. He is survived by his wife, his mother Mrs. Maria McCaul and one sister, Mrs. Matey Whitney both of Lane, S. D., two brothers James and Herbert McCaul of Buffalo, N. D., and an uncle, Harmon Nash of Lowell.

GUESTS POISONED BY CHEESE.

ALTO, Mich., Nov. 12.—Guests at the home of Wesley Johnson, where a dinner party was given in honor of Mr. Johnson's sixtieth birthday anniversary, were the victims of ptomaine poisoning and several of them were violently ill. The cause of the trouble was cheese which was purchased at a local store. Mr. and Mrs. W. J. Foster and three of their children and Miss Nellie Johnson were violently ill. The life of little Edith Foster was saved only by hard work.—[Grand Rapids Herald.]

SECOND NUMBER A GOOD ONE.

An interesting entertainment was given Monday evening by Arthur MacMurray as the second number of the lecture course, and he was greeted by a large audience. Mr. MacMurray gave a dramatic story of an eastern village, and his impersonations of the various characters as they appeared in the little drama were vivid and natural, though he used no costumes, relying upon the rapidly changing expressions of

his features and his wonderful imitative powers. The entertainment was filled with pathos as well as with humor and presented a good lesson in kindness to humanity.

From Our Point of View

FORCED by the exorbitant demands of the print paper trust newspaper publishers on all sides are raising their subscription rates. While THE LEDGER contemplates no such action in the near future, it is not too much to expect that while the present low rate is maintained subscribers will at least pay up arrearsages and a year in advance. Some of our well-to-do people allow their subscriptions to run several years behind. Take your pencil and see what it means to be carrying hundreds of people for from \$1.00 to \$5.00. Don't ask the publisher to carry all of the white man's burden. Help a little yourself.

MILLIONS of newspaper readers were disgusted a few days ago by the report sent out from Ann Arbor that a University professor had before his class advocated making President Roosevelt King; and the verdict: "Another educated fool." was general. Now comes a denial of the report; the instructor claiming to have been misquoted. For the credit of the University we help in circulating the refutation. As for the lying student who gave out the first report, he should be "fired" in disgrace.

The Postmaster General is determined to push his parcels post scheme; and if country merchants do not want it to become a law, they should get busy. The official says that under his plan rural trade will be helped rather than hurt; and that opposition to his plan is dying out. There are arguments on both sides of the question; but of this there is no doubt: now is the time to investigate and act.

A doctor writing in the American magazine criticizes sharply the custom of awaking children at an early hour, saying that babies and children need all the sleep they can be induced to take. Doubtless the point is well taken, particularly when early rising is combined with late retiring. Burning at both ends makes quick work of the candle.

That "The laborer is worthy of his hire" seems to be the opinion of the Methodist board in giving Rev. Russell H. Bready a well deserved and handsome increase of salary. Mr. Bready has done much for his church; and has not been unmindful of the interests of the community at large.

DISCONTENTED people who object to press, platform or pulpit utterances, because they express opinions at variance with their own, should reflect upon what a miserably unprogressive and unsatisfactory world this would be if everybody thought alike. Bless their poor little souls, thinking outside of the ruts has been one of the world's greatest blessings.

Not alone in this country is the temperance reform making great progress, but in Europe as well. In Finland, Belgium, and France laws are being modified, and even in Germany employers are for bidding the drinking of beer during working hours.

Ten thousand men are hunting deer in Northern Michigan and no living creature is safe, not even the hunter himself. One man has already been shot for a deer and other cases will probably be reported daily. How dearly the old sportsman loves his fall hunt is shown by his willingness to risk his life in an army of fools.

Two hundred and fifty feet in the air ought to be high enough for any one to live or do business; but since the completion of a 43-story skyscraper in New York, officials of that city have declared against anything higher. Well, there's plenty of room in God's country without stacking up fire traps in the great cities.

Two dollars will not pay the freight on a ton of rails from Pittsburgh to Japan; and the Carnegie Steel company, which is selling rails for \$30 in Yokohama, is letting Japan have rails a good deal cheaper than it will sell to any American railroad company.

The above item clipped from Sunday's Grand Rapids Herald illustrates one of the ineptitudes of the present protective tariff schedule. An industry that can sell steel rails to people over 8,000 miles away cheaper than to its own neighbors is in no crying need of protection.

The Detroit News editorially predicts that within six months this country will witness a business boom unprecedented in its history. There's optimism for you, a better dose to take than a pessimistic howl.

TILLMAN says that Cannon and Bryan will be the next presidential candidates. In such case, there'll be something doing.

The President has agreed to recommend that print paper and wood pulp for its manufacture be placed on the free list. That's a pretty good tariff-trust-buster argument all right. "Sauce for the goose is sauce for the gander."

INSTEAD of blaming that Saginaw hunter who shot a cow for a deer, his companions should rejoice that the victim was not one of themselves. With practice he may be able to hit a man next time.

SAYS Dr. Vaughan, dean of the University of Michigan: "Athletism among educated people do not exist." No, nor among the uneducated either—that is, none worth mentioning.

THOSE three hundred Massachusetts factory hands on a strike because of the hiring of two non-union hands, may before very long be glad to work without looking for trouble.

IF ORGANIZED labor acts upon Gompers' suggestion to resist to the utmost every attempt to reduce wages, it does not require a prophet to see trouble ahead.

WHO USES HYOMEL?

The Best People in Lowell, Says M. N. Henry. Guaranteed in Catarrhal Troubles.

No other remedy or treatment for catarrh has ever been as popular or made so many remarkable cures in Lowell as Hyomel.

The best people attest its curative virtues, says M. N. Henry, who is the local agent. The fair way in which Hyomel was sold, to refund the money unless it gave satisfaction, was the best proof when it was introduced that it possessed unusual curative powers. M. N. Henry took all the risk of the treatment giving satisfaction, and left it to the purchasers to be the judge.

Later, when Hyomel was used and recommended by our well known physicians and business men and their wives as a treatment that absolutely cured catarrh, no matter how serious or long standing, the sales rapidly grew and today there is no other remedy in M. N. Henry's stock that has such a large and staple sale.

The first breath of Hyomel's healing air kills all catarrhal poison. Try Hyomel to day on M. N. Henry's offer to refund the money if the treatment does not give you satisfaction.

Keyhold Tenure in England.
The curious custom of keyhold tenure still prevails at Crowland, the famous abbey town in the Lincolnshire fens, where there are a number of cottages which are neither copyhold, freehold nor leasehold. They were originally built on waste land, and in each case the possessor of the key holds an undisputed tenancy. Although some of the occupiers have replaced the mud and thatched dwellings of antiquity with brick and slated buildings, they have no power to sell or will them away, for they have no deeds. On a tenant dying the first person to cross the threshold takes his place, if he so desires. Many devices have been resorted to to obtain the keys. The properties carry a county vote, but the poor law guardians always refuse it.

When in Need of

The Badge of Honesty
Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Barlow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all wasting diseases where there is loss of flesh and gradual running down of the strength and system.
"The Golden Medical Discovery" makes rich pure blood and so invigorates and regulates the stomach, liver and bowels, and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing by applying to them Dr. Pierce's All-Healing Salve. If your drug-gist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.
You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.
Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

THE YOUTH'S COMPANION CALENDAR FOR 1908.
The publishers of the Youth's Companion will, as always at this season, present to every subscriber whose subscription (\$1.75) is paid for 1908 a beautiful Calendar for the new year. Four paintings by artists of distinction are reproduced in the four panels of the calendar by a process of color-printing which has been recently brought to remarkable excellence. The first of the panels is an inspiring sea scene, full of the beauty of the wide ocean and sky, and the joyous rush of the homeward-bound ship. The second is a fine cattle piece. The third pictures an old mill at Zaandam—typically Dutch in treatment. The fourth panel depicts a "Girl with Roses"—a charming face, exquisite in color and expression. All the pictures are worthy of preservation long after 1908 has passed into the good old times.
Subscriptions to the companion will be received and forwarded by THE LEDGER.

... to the physician's work, as a resource when a physician cannot be had, as an educator in the art of living, the Home Library of Medicine has received the most enthusiastic reception ever accorded a special encyclopedia.

4,000 SETS WERE SOLD BEFORE PUBLICATION

Before this physicians have discouraged such works, and rightly. Now that a really standard household medical library is at hand to aid in the work of showing intelligent people how to live vigorously and happily, the best physicians are welcoming it with the highest praise. It is written so that any man, any woman and any household can understand and use it. Associated with Dr. Kenelm Winslow, a former Harvard Professor, in this work, is a notable board of 23 eminent specialists—landmarks in the medical profession.

EVERYBODY CAN UNDERSTAND and USE IT

Every important illness, small and great, is described as clearly and concisely as possible, and under each disease the reader is instructed what to do, whether to consult a physician, what to do until the physician comes, and what to do if a physician cannot be had. The remedies and treatment resulting from the very latest scientific knowledge are given; all data concerning prescriptions, etc., have been rigorously revised and safeguarded by the most famous specialists.

We are not book publishers and we do not have to make a profit out of this set other than the widened recognition of the REVIEW OF REVIEWS as the magazine most closely up to the times, a magazine that consistently helps in living and thinking. The six handsome volumes would be cheap at ten dollars, and this will be their price when they are put on sale at the book stores.

OUR SPECIAL INTRODUCTORY OFFER

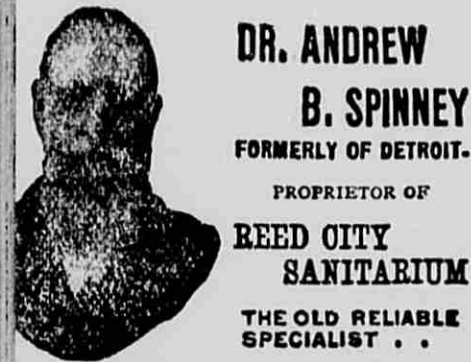

This first edition we are going to ship to responsible persons who send 50 cents, engaging to pay \$1 a month for only seven months—and each purchaser will receive the REVIEW OF REVIEWS for two full years—or \$2 pays for the books and the two years' subscription.

As this proposition is to deliver to you the full standard \$10 set of the new Home Medical Library, express prepaid, for \$1 over the regular subscription price of the magazine, it is obvious the first edition will not last long.

The clubbing arrangement involves a great deal of labor and expense and is purely a matter of accommodation to our subscribers, paying postage and expense of remittances out of our own pocket. Our only revenue is from our regular subscription price and we must insist that

all persons taking advantage of these offers shall pay all arrearages and a year in advance for THE LEDGER. Save this list it may not appear again.

THE MICHIGAN FARMER'S MAGAZINE SECTION.

With the same spirit of advancement, the publishers of the Michigan Farmer, Detroit, have shown in the past, they are now furnishing with the regular issue of their farm paper, a very interesting Magazine Section. Although the average of 8 pages a week additional of high priced matter on good paper will be a heavy additional expense, the publishers believe that the increased satisfaction and popularity will more than make up in new subscribers the required outlay without advancing their price for the Magazine Section.

The Magazine Section will be made up of Literature, Stories, Poetry, History and Information. The farm boy and girl, Scientific and Mechanical matter that will be interesting to all members of the farmer's family. We congratulate the publishers of the Farmer in being the leaders of the agricultural press in supplying the farmers and their families practical quantities of a variety of reading to meet all their wants.

The publishers will send a sample copy of their paper, including this Magazine Section, free on request. Subscriptions to the Michigan Farmer 75 cents a year, \$1.20 for 2 years, for \$1.50 for 3 years, accepted at this office, or in combination with this paper a year each for only \$1.50

HOUSE AND TWO LOTS for sale Mrs. Charles Parks.

Keyhold Tenure in England.
The curious custom of keyhold tenure still prevails at Crowland, the famous abbey town in the Lincolnshire fens, where there are a number of cottages which are neither copyhold, freehold nor leasehold. They were originally built on waste land, and in each case the possessor of the key holds an undisputed tenancy. Although some of the occupiers have replaced the mud and thatched dwellings of antiquity with brick and slated buildings, they have no power to sell or will them away, for they have no deeds. On a tenant dying the first person to cross the threshold takes his place, if he so desires. Many devices have been resorted to to obtain the keys. The properties carry a county vote, but the poor law guardians always refuse to grant relief to the tenants.—London Globe.

The Final Household Encyclopedia of Medicine, Disease, Sanitation, Hygiene, Physical Culture and Long Life

THE GREATEST THING IN LIFE

Health being the greatest thing in life, it is astonishing that the one necessary reference work has not long ago been written, especially since the last generation has seen such revolutions in medicine, surgery and sanitation that no layman, and scarcely any one physician, can keep up with them. As a supplement to the physician's work, as a resource when a physician cannot be had, as an educator in the art of living, the Home Library of Medicine has received the most enthusiastic reception ever accorded a special encyclopedia.
