Many Notes of Interest About People and Places You Know.

The following people were here last week to attend the funeral of Riley H. McCaul, Mr. and Mrs. O. T. Hogan and sons Dewey and Floyd, Mr. and Mrs. U. B. Shear, Mr. and Mrs. Orson Bowen, Mr. and Mrs. Amos McCaul and Mrs. Carrie Westover all of Grand Rapids; Mr. and Mrs. Fred Smith and Mrs. A. D. Wright of Belding; Mr. and Mrs. Lynn McCaul of Clarksville; Mr. and Mrs. Wm. Glasgow of Logan.

We are in receipt of a copy of the first number of The Iconoclast, a publication designed by its editors to make people think. It hails from Coopersville, Mich.; and the price is \$1.00 per year. Among other articles this number contains one by F. M. Johnson on "Free Moral Agents" which appeared in THE LEDGER some months ago as an original editorial.

SCHOOL NOTES.

Lowell teachers entertained Miss Ethel Wells at a spread last Tuesday evening at the High school, the occasion being in the nature of a farewell reception.

Miss Belle Young, a former student of the Lowell schools and at present teacher in the North Bell district, was a visitor at the high school last Friday afternoon.

Thanksgiving exercises will be held at all the schools on Wednesday afternoon of next week beginning at 2:30. The object is to acquaint the pupils with Thanksgiving spirit and knowledge of the day; and, also, to afford an easy and interesting means of giving pupils an opportunity of taking part in rhetorical work.

High school pupils are committing to memory that grand poem by Phoebe Cary entitled "Nobility."

Members of the chemistry class posed for a class picture last week Friday. It was taken in the laboratory and shows the pupils at work.

On account of poor health Miss Ethel Wells has resigned her position in the Lowell school and will close her work here Friday afternoon of this week.

Miss Loreno V. Greene of Detroit has been engaged by the Board to fill the position made vacant by the resignation of Miss Wells. Miss Greene is a graduate of the Detroit High school, of the Normal college at Ypsilanti and of the University of Michigan. At the Normal college she received her life certificate and general professional training as a teacher; while at the University she pursued the Classical course and made a specialty of Latin and kindred subjects, doing more along that line of work than the average classical student. Her training in German has also been quite extensive as Miss Greene has had practical experience as a teacher, there is every reason to expect that her services will be highly satisfactory.

Frequent visits to the ward schools assure us that everything is passing off pleasantly and profitably. Rooms are kept neat and tidy by janitors, teachers and pupils. Lessons are well recited and work going along as nicely as one could wish.

At the south ward school the pupils responded to roll call by giving quotations, one little boy in the second grade reciting a generous selection from Longfellow's Hiawatha.

At the east ward, we noticed many beautiful houseplants had been brought to the building which added much to its homelike appearance. While the handwork from the kindergarten and first grade pupils added to the attractiveness of the room.

At the west ward pupils were going through with morning exercises and excellent recitations.

A recent letter from president Angell of the University informs us that the Lowell schools have been continued on the accredited list for a period of two years more. That is gratifying news as it places the Lowell High school in rank with the best schools of its kind, and allows our graduates to enter the University without taking the usual entrance examination, providing they have pursued a course of study in our high school which satisfies the University requirements. Five courses of study are offered at our high school, two of the five prepare students to continue the work at the University.

At Train's Opera House Three Nights Opening Monday, Nov. 25.

The Detroit Display company, under the management of Israel Davis who has been in Lowell several times in the show business, will give a refined vaudeville and moving picture show at Train's opera house three nights commencing Monday evening, Nov. 25. See advertisement about merchants tickets.

The North Adams Advocate has this:

The moving picture and vaudeville show given by the Detroit Display Co., at the opera house Monday, Tuesday and Wednesday evenings was largely patronized. The show is first-class in every respect and well deserved the patronage of the public, as it is the best show for the price that has visited this village in a long time. The singing by Irene Smith and Tommy Clark aged 10 and 12 years respectively, is worthy of special mention.

DORTHY VERNON OF HADDON HALL.

In "Dorthy Vernon of Haddon Hall" their majesties the Queens Mary Stuart of Scotland and Elizabeth, the Virgin queen of England, appear. All the scenery, silks, velvets, swords, plumes, jewels and appointments of royal state do not win the attention of the audience from the wooing of Lord John Manners, whose heart momentarily appeal to the eye of the beholder.

Miss Blanca West will play "Dorthy Vernon of Haddon Hall" at the Majestic, Grand Rapids, the first half of next week beginning Sunday matinee.

MUSICAL ANNOUNCEMENT EXTRAORDINARY.

Mrs. Gertrude Charles Metzger, who will appear at the opera house in Lowell on Dec. 11, under the auspices of the Methodist Ladies Aid society, is known to the musical world as Lia Carl, a name she chose during her experience as a grand opera singer in Italy. Although an American, Lia Carl's long period of study abroad—two years in London and five in Italy—has given her much of the musical and dramatic feeling which is fostered by the atmosphere of the foreign musical centers.

AMPLE CASH IF RELEASED

Cartelou Says If Hoarding Stopped Conditions Would Be Normal in a Day.

"I believe," said Secretary Cartelou to the Merchants' association in New York, "that if the money of the country, wherever hoarded, were at once put back to fill its functions in the channels of trade, there would be within 24 hours an almost complete resumption of business operations."

It is upon the situation thus referred to that attention converged in the financial world during all of the past week.

The premium on currency is increasingly understood to be, in reality, a discount on bank checks, caused by the dislocation of exchange operations growing out of the widening effects of the shock of the upset in banking affairs following the runs on trust companies in New York. It is merely observed, however, that the payments for the currency and for the premiums in these transactions have been made in certified checks on banks and that the proceeds of the transactions have found their way into bank deposits, notwithstanding that the holders of the checks were supposed to involve a debit to the banks.

Interest in Circulation.

The monthly statement of the Federal Reserve bank showed the amount of all checks or notes in circulation on Nov. 10, 1918, at \$2,875,883,914, which was an increase compared with October 1, of upward of \$1,000,000,000.

MICHIGAN BREVITIES.

A regular normal training school for Southern county will be established at Grand Haven, Mich., as authorized by the board of supervisors.

George Roberts, of Kalamazoo, aged 12, was shot by the heart by Carl Johnson, aged 12, who "blat" made the gun was loaded, the day of the shooting.

The field bond of a man which apparently had been taken from the arm of a man, was found in the pocket of a man who was sitting on the bench.

Anna Kinnear, of Kalamazoo, who crossed the bridge in coming for her groceries, Frank Semmens, will be awarded a fine in the Circuit court at Grand Haven.

WOODCHUCK CLIMBED TREE.

I have had ocular evidence that at least one woodchuck is a tree climber.

Scared by a dog that attached himself to me as a skirmisher and soon during a recent drive across the hills, a young woodchuck somehow achieved the crotch, 12 feet high, of a tree some six inches in diameter of hole which stood by the roadside.—Letter to Editor N. Y. Sun.

An English Survival.

A poor laboring man was recently fined and bound over to make his wife, a very garrulous and quarrelsome woman, keep the peace for six months. It would be curious to trace how the unfortunate husband accomplished such a feat, but it was doubtless achieved through the pressure which magisterial authority had placed on his shoulders.—Westminster Review.

Keeping Off Trespassers.

How to ward off trespassers without firing guns has been discovered by a young peasant in the south of France. His wood was frequently cut by other people. He asked a botanist friend the Latin name for the hazel nut and put up the following sign: "Beware. All persons entering this wood shall be liable to the same penalty as the hazel nut." The result was that no more trespassers were seen.

Not to Be Thought Of.

"You should stop at your right side, madam," I softly said to a doctor. My husband talks in his sleep, and I don't know a thing with my left ear!—Sissy Stork.

HARVEY J. TAYLOR

Lowell, Mich.

From Our Point of View

To rescue the homeless child and the childless home together is the great and noble work undertaken by the publishers of the *Delinquent* magazine. Beginning with the startling statement that there are 2,000,000 American homes without children and in New York City alone 25,000 homeless walls, a child-rescue campaign is begun in the November number and continued in the December issue. The editor of *Delinquent* mainly speaks to his brother publishers for help in this magnificent undertaking and *The Liberator* is glad to press the word on to all its benevolent and philanthropic readers, and particularly to those whose homes have no children. See the November and December numbers for details of the child-rescue campaign.

The Saginaw Evening News was recently obliged to reprint its entire outside edition on account of a notice in the first issue held to be a violation of the postal regulations regarding lotteries. Show that Grand Rapids papers have been cited to account for printing the winning number of the pony and cart contest at Ramona park. Our advertisers and contributors should make note of this and avoid sending notices or advertisements of raffles, drawings or lotteries to this paper for publication. We wish to comply with the postal laws in letter and in spirit, and we can not afford to do otherwise.

We are in receipt of a marked copy of the New York Herald calling our attention to an editorial attack by that paper upon President Roosevelt for his promised move against the cut-throat paper trust. The Herald evidently has stock in the paper trust or is under pay for its services. We have heard of the dog that bit the hand of its benefactor, but here is a dog that bites the helping hand and licks the one that smites. Mr. Herald, *The Liberator* has no use for that sort of a cur.

CONCERNING the attempt of E. M. Hopkins to revive the Grand Rapids & Ionia scheme, it is painfully evident to most people by this time that railroads can not be built on wind.

NOTICE TO DELINQUENT SUBSCRIBERS

The time has come when we are obliged to remind you that we are not in business for fun, glory or health. It is absolutely necessary that all accounts from \$1.00 up be paid before January 1, 1908. We have accommodated many of you for years and tried to look sweet and call it good. Now show your goodwill and appreciation by walking up to the captain's office and "digging up the dough." Then, as an additional testimonial of good will, will pay a year in advance and trust us awhile.

Those who respond promptly will save us the trouble and expense of serving personal notices through the mails and greatly oblige.

Your friend and servant,
The Editor.

The American Economist insinuates that Senator William Alden Smith may rue his determination to take no part in the beet sugar crusade against the administration for its attitude on the tariff, and threatens him with the wrath of the few thousand people who are concerned in the beet sugar industry. This life-bound protection organ should know that there are several millions of people who have to buy sugar and pay the tariff. Perhaps Senator Smith shows good sense in standing with the vast majority. Anyhow, farmers in this section have found that there is little in the beet business for them unless they can employ some of the pauper labor of Europe.

The Detroit Journal (Republican), predicts that Bryan and Roosevelt will be the opposing candidates in the coming national campaign and prophesies "the greatest and bitterest campaign that this country has ever known." It is to be hoped that the bitterness may be eliminated, even in a hotly contested election. Certainly there is nothing in the character of either of these men to justify personal abuse.

The Burlington Hawk-Eye is fearful that removal of the tariff from wood-pulp would transfer the paper-making industry to Canada. Let it transfer. With the fact staring us in the face that twenty years more at present rate of consumption will use up the country's timber supply, it is high time to quit straining at gnats and swallowing camels.

A LOCOMOTIVE that runs 89.4 miles an hour is announced. Who wants to ride after it?

Reason for the financial stringency is in sight. The Treasury department has issued interest-bearing bonds and certificates for popular subscriptions to the sum of \$150,000,000, which are being called for all over the country and the proceeds will go into immediate circulation. The President appeals to the people to stop hoarding, to go about their business in a normal way, assuring them that the government is with them and that all trouble will vanish if they do their share.

Words come from Wall street that in event of Roosevelt up! Bryan down! the nomines in the next presidential campaign the "Conservatives" will nominate a candidate of their own. It is not surprising. Surely, the frenzied financiers have little to hope for from either of the great leaders.

Striking "In God We Trust" from the new gold coins will not greatly affect the common people who seldom or never see them. At the same time, it is one of the things that might as well have been left undone. The President's popularity will gain nothing from this act.

In Diarrhoea union Thanksgiving services will be participated in by pastors of Baptist, Jewish, Catholic, Congregational, Unitarian, Methodist, German Evangelical, Universalist, Presbyterian and Episcopal churches. Surely, the world moves, and in the right direction too.

Now that a Columbus, Indiana, boy has had his neck broken in a foot ball game, the school and city officials will have no more foot ball. And after the horse was stolen, the man locked his barn door. But, there are other boys.

AS YET the announcement of a Wall street presidential ticket, the Detroit Journal cartoonist pictures Morgan & Rockefeller as "The people's choice," and the elephant and donkey are laughing to split their sides. Yes, it is to laugh.

The first drowning accident of the skating season is reported from Portland where a boy risked his life on half-inch-thick ice—and lost it. Let Lowell boys be warned. Wait a while; there will be plenty of ice before Spring.

EX-INDIAN Territory, enter Oklahoma. The new state with its vast natural resources, mild climate and energetic people, has before it a great future. She has waited long and patiently. May her benefits be commensurate.

The New York Sun styles Bryan a "Roosevelt Democrat." Not so far wrong; but why not call Roosevelt a Bryan Republican?

Farmers Attention!

Any Lambertville or Ball Band Rubber, sold by us, that is not as represented will be made right by us on return to our store.

Could anything be fairer? This is not just talk as our reputation depends on our living up to our advertising and we are too justly proud to claim to do anything we could not do.

Try us and make us keep our word.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a simple bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, the Dr. Kilmer's Swamp-Root, and address Binghamton, N. Y., on every bottle.

In the evening she took her daughter to the city, returned home and retired in the best of health and spirits. Her husband on going in from the barn where he had been caring for his stock found her breathing heavily, and before he could summon assistance she had crossed the dark deep river. The passing of Mrs. Aten leaves a void not easily filled, and the neighborhood mourns the loss of a capable manager with a sunny disposition ever ready to respond to the call of those less fortunate than herself. The Mite society of which she was a valued member met with Mrs. Bert Davis on the day of her burial and passed resolutions of regret for the removal of a much valued sister. She leaves a sorrowing husband and an only daughter.

Of Interest To Women.

To such women as are not seriously out of health but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The Favorite Prescription has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection, it may not be out of place to state that the Favorite Prescription of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which Favorite Prescription is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

WHO USES HYOMEI?

The Best People in Lowell, Says M. N. Henry. Guaranteed in Catarrhal Troubles.

No other remedy or treatment for catarrh has ever been as popular or made so many remarkable cures in Lowell as Hyomei.

The best people attest its curative virtues, says M. N. Henry, who is the local agent. The fair way in which Hyomei was sold, to refund the money unless it gave satisfaction, was the best proof when it was introduced that it possessed unusual curative powers. M. N. Henry took all the risk of the treatment giving satisfaction, and let it to the purchasers to be the judge.

Later, when Hyomei was used and recommended by our well-known physicians and business men and their wives as a treatment that absolutely cured catarrh, no matter

Destroys Hair Germs

Recent discoveries have shown that falling hair is caused by germs at the roots of the hair. Therefore, to stop falling hair, you must first completely destroy these germs. Ayer's Hair Vigor, new improved formula, will certainly do this. Then leave the rest to nature. Does not change the color of the hair.

Formula with each bottle Show it to your doctor Ask him about it, then do as he says

Recent discoveries have also proved that dandruff is caused by germs on the scalp. Therefore, to cure dandruff, the first thing to do is to completely destroy these dandruff germs. Here, the same Ayer's Hair Vigor will give the same splendid results.

Made by the J. C. Ayer Co., Lowell, Mass.

how serious or long standing, the sales rapidly grew and today there is no other remedy in M. N. Henry's stock that has such a large and stable sale.

The first breath of Hyomei's healing air kills all catarrhal poison. Try Hyomei to day on M. N. Henry's offer to refund the money if the treatment does not give you satisfaction.

MADE HIS RECORD CLEAN.

Driver Had Missed One Rock and Had to Go Back.

Some years ago Gen. Miles started to drive from Red Lodge, Mont., to Cody, Wyo., to see his friend, Buffalo Bill. The road was rough, and the reckless driving of the man holding the lines made seem rougher, but the Indian driver compressed his lips and clung to the seat without complaint. When a near Cody the general suddenly prodded the driver in the back with his walking stick and said curtly: "Driver, turn around." "What?" exclaimed the astonished driver. "Do as I tell you," commanded Miles. So the man turned the horses about and started back to Red Lodge. "Now turn here," ordered Miles, after they had driven a few yards. Convinced that his distinguished passenger had suddenly lost his mind, the driver turned about once more and started for Cody. "There!" exclaimed Miles, in a tone of satisfaction, as the side wheels struck a stone and he bounded into the air. "You hit it! Now, driver, you can go back to Red Lodge and tell them that you drove 75 miles and never missed a rock. You've hit them, every one."

"Pilgrim's Progress" on Stage. A dramatic version of Bunyan's "Pilgrim's Progress" has been presented at the Imperial theater, London. The ten scenes, which are said to have been finely staged, were accompanied by old English music, and the whole production was a great success.

Source of Beauty. Whatever is in any way beautiful hath its source of beauty in itself, and is complete in itself; praise forms no part of it. So it is none the worse nor the better for being praised—Marcus Aurelius.

Bullets Swallowed as "Sinkers." Dr. Paul Lewonicki, a medical officer of the Russian army, states in the Press Medicale that there prevails among the Cossacks of that army a popular belief that those who swallow bullets will not be killed by a bullet in battle.

Woman's Way. It is a rare woman who can have a headache from eating cake at an afternoon party, without giving the impression that she acquired it in slaving for her husband.—Acheson Globe.

First Pair of Spectacles. The first pair of spectacles was made by an Italian in 1299.

Bombshells a Dutch Invention. Bombshells were first made in Holland in 1495.

A Growler. "Many a man," said Brother Williams, "growls 'kaze he ain't got nuttin' ter growl 'bout. I once knowed a man what growled 'kaze de spots on de an wuzn't big enough ter be a shady umbrella fer him while he wuz plowin' in July."

KILL THE GERMS.

That's the Only Way to Cure Dandruff and Parslan Sage is the Only Killer.

"Parslan Sage," said a New York barber "will kill the destructive and persistent germs of dandruff and abolish the disease. There may be other remedies that will do the same but I never heard of one."

And just read what one of the foremost barbers of Springfield, Mass., says of Parslan Sage.

"Dear Sirs: I used your Parslan Sage and found it better than any other. It is the best Hair Restorer I ever used, and I have used them all. I find it a great dandruff remover also. You should get it into all the Barber Shops and get the Barbers to use it as it is great. I remain, Yours truly, Geo. A. Sultz, 73 1/2 Main Street Springfield, Mass."

Parslan Sage soaks into the scalp and when it reaches the roots of the hair it not only kills every dandruff germ, but it supplies the hair with just the right kind of nourishment to put vigor and strength into it and make it grow.

Parslan Sage is the most delightful hair dressing in the world: use it one week and you will never give it up.

Parslan Sage is guaranteed by M. N. Henry to stop falling hair, to cure dandruff, to darken gray and faded hair; to cure itching of the scalp or money back. Price 50 cents a bottle at M. N. Henry's or by mail, charges prepaid from Groux Mfg. Co., Buffalo, N. Y.

AN EDITOR'S OPINION ON THE CHICAGO STOCK SHOW.

The International Live Stock Ex-
position is the clearing house of all
the live stock shows of the continent.
If a prize-winner at other shows be
of sufficient merit to have the inter-
national prospect of winning an inter-
national premium, it is sure to be
there. The international show is,
therefore, a contest of champions,
and the ribbons won are held in the
highest esteem. The students' con-
test originated by President J. A.
Spoor of the Union Stock Yards and
embraced upon by the generosity of
J. Oden Armour, are alone sufficient
to place the Chicago International at
the head and front of live stock edu-
cational institutions. The fat hog,
sheep and cattle exhibits surpass
anything else of the kind on the face
of the earth. The Chicago Inter-
national is the one show which no
self-respecting stockman can afford
to miss. The international show in
1907 opens on November 30th, and
continues to December 7th.

AN EVENT IN SUNDAY JOURNALISM.

The people of the middle West are
rapidly discovering that the Sunday
Magazine of the Chicago Record-
Herald is not only a real magazine
but also one of the greatest in this
age of magazines. Its recent display
of enterprise in paying \$25,000 for
the exclusive serial rights of Conan Do-
yle's new romance, "Sir Nigel," com-
pelled even the editors of the famous
monthlies to acknowledge the pres-
ence of a new and powerful rival.

When this was followed by An-
thony Hope's new Zenda romance,
"Sophy of Kravonia," the reading
world needed no further proof that
the Sunday Magazine of the Record-
Herald is not only the finest and
most costly new fiction
offered in England and America. Its
illustrations and cover designs in
color have from the beginning been
of unsurpassed beauty and artistic
grace. Its short stories, descriptive
articles, humor, poetry and sketches
of all kinds are the choicest that the
literary market affords, many of
them being written by the most pop-
ular authors and magazine contri-
butors in the United States. In short
it is an entertaining, high-class mag-
azine that will bear comparison with
the best independent weeklies or
monthlies, whatever the price.

There is nothing else like it in
American journalism.

matism Ever Discovered

Write For it Today

We want every man or woman
who suffers from Rheumatism and
has lost all faith in remedies to write
us today for an absolutely free trial
of the famous Smith Prescription,
Uric-O, for Rheumatism. Uric-O will
cure it and cure it to stay cured. No
faith is required while taking this
superb remedy. You take it accord-
ing to directions, and you will be
cured in spite of yourself and any
doubts you may have as to its effi-
cacy. We don't ask you to buy Uric-O
on faith. We'll buy a large bottle
for you and make you a present of it
if you will agree to take it according
to directions.

We could not afford to do this if
we didn't have all the confidence in
the world in Uric-O, and know that
after you are cured you would have
no hesitancy about recommending
the remedy to all your friends and
acquaintances who are suffering from
Rheumatism. This is the method
that has made Uric-O famous where-
ever introduced. The cure of several
so-called Rheumatic Incurables in a
community means a steady sale of
Uric-O in that vicinity. Uric-O is
good for Rheumatism and Rheuma-
tism only. It acts upon the blood
by driving the uric and poisonous
rheumatic acid from the system.
This is the only way Rheumatism
can ever be cured and it is the Uric-O
way. Most druggists sell Uric-O,
but if you want to test it, cut out
this notice and mail it today with
your name and address and the name
of your druggist to The Smith Drug
Co., 324 Smith Bldg., Syracuse, N. Y.,
and they will send you a full sized
75c bottle free.

Uric-O is sold and personally recom-
mended in Lowell by D. G. Look.

WHAT THE BELL MEANT.

Musician's Novel Method of Signaling
for Refreshments.

At the end of the ballroom floor in
Riley's Tonopah saloon was a stage,
upon which the orchestra sat. On one
side were tiers of curtained boxes
and along the other ran a raised gal-
lery with drinking tables and chairs.
A railing held the crowd back from
the dancers, but there were no hur-
dles between the onlookers and the
bar. In fact, from the way they gravitated
thither I judged the floor to be
on a slant. The place was thronged
and very noisy. In the midst of a
swinging two-step one of the musi-
cians picked up a cow bell from be-
tween his feet and jangled it loudly.
"What does that mean?" I asked. "A
fight?" "Oh, no," said a man at my
side, "the orchestra wants a drink,"
and I saw a white-aproned attendant
scudding toward the stage to take
their orders. At regular intervals the
wild clamor of this bovine neck-arm
broke out and it never failed to gain
attention.—Rex Beach in Every-

CHURN FOR A HEAD PIECE.

Piece of Mischief That Might Have
Had Fatal Results.

Nearly everyone has heard of the
man whose dog got his head caught
in a pitcher into which he had thrust
it after a taste of the milk at the
bottom. The man cut the dog's head
off to save the pitcher and then broke
the pitcher to get the dog's head out.
An incident with almost similar fea-
tures occurred in the little village of
Stanton, N. C., the other day. The
children of Mr. Uriah Bungamer
were playing on the porch of their
home when a small daughter picked
up a churn, one of the old-fashioned
kind with a large bottom and a small
opening, and in a spirit of mischief
placed it upside down over the head
of her two-year-old brother, who was
sitting on the floor. The little girl ac-
cidentally dropped the churn and
down it went over the head of the
child, who began to yell. The father
and several neighbors ran up and
found that the boy had turned his chin
upward and the churn could not be
removed. The churn had to be sawed
off before the child could be released,
and the little chap emerged from his
unique head covering almost dead
from fright.

Wearry of Abstractions.

"There is some satisfaction in know-
ing you are right, even if the world
does not recognize it," remarked the
Idealist. "Not much," answered young
Mrs. Torkins. "I can't help wishing
Charley would bet on the horse that
does win instead of the one that
ought to."

Significant Epigram.

"When I was at Harvard," said Dr.
William F. Anderson, of New York, in
concluding a brief address, "the boys
had a little epigram with which they
used to warn speakers not to be too
prolix. It compared a speech to a
wheel. 'You know, professor, they
would say, "the longer the spoke, the
greater the tire.'" Christian Regis-
ter.

Shaft from Oscar Wilde.

One of Oscar Wilde's bright say-
ings was this, with which he trans-
gressed a literary contemporary: "He has no
enemies, but he is intensely disliked
by his friends."

FIFTY OLD NEWSPAPERS 5c
for shelves, carpets, etc., LEADER

DR. ANDREW B. SPINNEY
FORMERLY OF DETROIT.
PROPRIETOR OF
REED CITY SANITARIUM
THE OLD RELIABLE SPECIALIST.

DO YOU WANT FREE CONSULTATION AND CORRECT OPINION OF YOUR CASE.

If you are poor your treatment is free. If you are discouraged and we can cure you, we will wait for our pay until you are well.

Come and see us; this is your last chance.

We live to do good, are honest with all. Forty-five years' experience free. This trip and to-day only.

The above is the picture of the only Dr. A. B. Spinney in this state. His history is as follows: Fifteen years in private practice, twelve of these in East Saginaw, Mich., with a large practice as any physician then had. He was professor of Detroit Homoeopathic College and twenty-two years in Detroit. Had charge of Alma Sanitarium eighteen months; followed one year, and for the past seven years has acted as sanitarium at Reed City. On December 13, 1902, his sanitarium was burned, loss fifteen thousand dollars; but in thirty-eight hours he had bought another and in good shape for business again. He will rebuild in the spring.

There is a firm in Detroit calling themselves *Spiny & Co.*, but the founder of the same has been dead for over two years, and they are no right to the name of Spinney. We are coming to your town on date and at place mentioned and are willing to give you the time and the benefit of our forty-four years' experience, free.

If matters not how long you have been sick, what your ailment, our consultation and advice is free, and our opinions are always the most careful examination and a life long experience. The patient is always told the truth and upon just what he can rely. To all who are poor we give treatment absolutely free, only charging cost of medicines. Operations at hospital free, only charging exact cost of board while patient is recovering.

Any person suffering from PILES or any other ailment, we will wait for our pay until cured, if you will secure us.

Have you been sick for years and are you discouraged? Come to us and we will cure you. Our prices are the lowest of any chronic case specialists in the state. Charges at our sanitarium only actual cost. We treat all cases of chronic diseases, but special attention given to the treatment of the following: standard diseases, viz: Nasal Catarrh, Hay Fever, Mucous and Tubercular Diseases of Throat, Bronchitis, Growth in the Larynx, Cystitis, Bronchitis, Bronchial Consumption, Spitting of Blood, Loss of Voice, Enlarged Tonsils, Insistent Consumption, Asthma, Disease of the Heart, General Debility, Diseases Peculiar to Women, Neuritis and all other chronic diseases. THE MICHIGAN FARMER'S MAGAZINE SECTION.

With the same spirit of advancement, the publishers of the Michigan Farmer, Detroit, have shown in the past, they are now furnishing with the regular issue of their farm paper, a very interesting Magazine Section. Although the average of 8 pages a week additional of high priced matter on good paper will be a heavy additional expense, the publishers believe that the increased satisfaction and popularity will more than make up in new subscribers the required outlay without advancing their price for the Magazine Section.

The Magazine Section will be made up of Literature, Stories, Poetry, History and Information. The farm boy and girl, Scientific and Mechanical matter that will be interesting to all members of the farmer's family. We congratulate the publishers of The Farmer in being the leaders of the agricultural press in supplying the farmers and their families practical quantities of a variety of reading to meet all their wants.

We have secured another Tracy story for our readers

The King of Diamonds

BY LOUIS TRACY

Author of "The Wings of the Morning," "The Pillar of Light," etc.

ILLUSTRATED BY BERGER

This, like many of the best stories you have ever read, begins with a boy. Philip Anson's mother, to whom he is devoted, dies in poverty leaving her boy of fifteen alone in the world.

Just when he has determined to commit suicide he comes into the possession of diamonds of fabulous value in such a strange manner that they seem to be sent from heaven the gift of his mother.

To secure his vast wealth in spite of enemies and the persecution of the law is a problem that would tax older and wiser heads.

But the stars in their courses fought for Philip. His adventures in his new position make a story of extreme fascination—even if a high born little lady had not appeared to him in his poverty to fill his soul with a vision which he carried until it became a reality.

We will not ask you to read this story. We are going to publish the first chapter in a few days. If you can refrain from reading it or stop when you have begun you will be a greater wonder than Philip's fortune

The HOME LIBRARY of MEDICINE

6 VOLUMES ILLUSTRATED
Half Leather Style Binding

The Final Household Encyclopedia of Medicine, Disease, Sanitation, Hygiene, Physical Culture and Long Life

THE GREATEST THING IN LIFE

Health being the greatest thing in life, it is astonishing that the one necessary reference work has not long ago been written, especially since the last generation has seen such revolutions in medicine, surgery and sanitation that no layman, and scarcely any one physician, can keep up with them.

As a supplement to the physician's work, as a resource when a physician cannot be had, as an educator in the art of living, the Home Library of Medicine has received the most enthusiastic reception ever accorded a special encyclopedia.

4,000 SETS WERE SOLD BEFORE PUBLICATION

Before this physicians have discouraged such works, and rightly. Now that a really standard household medical library is at hand to aid in the work of showing intelligent people how to live vigorously and happily, the best physicians are welcoming it with the highest praise. It is written so that any man, any woman and any household can understand and use it. Associated with Dr. Kenneth Winslow, a former Harvard Professor, in this work, is a notable board of 23 eminent specialists—leaders in the medical profession.

EVERYBODY CAN UNDERSTAND and USE IT

Every important illness, small and great, is described as clearly and concisely as possible, and under each disease the reader is instructed what to do, whether to consult a physician, what to do until the physician comes, and what to do if a physician cannot be had. The remedies and treatment resulting from the very latest scientific knowledge are given; all data concerning prescriptions, etc., have been rigorously revised and safeguarded by the most famous specialists.

We are not book publishers and we do not have to make a profit out of this set other than the widened recognition of the REVIEW OF REVIEWS as the magazine most closely up to the times, a magazine that consistently helps in living and thinking. The six handsome volumes would be cheap at ten dollars, and this will be their price when they are put on sale at the book stores.

OUR SPECIAL INTRODUCTORY OFFER

This first edition we are going to ship to responsible persons who send 50 cents, engaging to pay \$1 a month for only seven months—and each purchaser will receive the REVIEW OF REVIEWS for two full years—or \$2 pays for the books and the two years' subscription.

As this proposition is to deliver to you the full standard \$10 set of the Home Medical Library, express prepaid, for \$1 over the regular subscription price of the magazine, it is obvious the first edition will not last long.

Wooltex Styles

FASHION FAULTLESS COATS SUITS-SKIRTS FOR WELL DRESSED WOMEN

All WOOLTEX cloths are proved pure wool by acid test. Only pure wool will hold its color; keep its fresh, smooth appearance and provide permanent comfort.

The WOOLTEX linings are superior quality silk and satin, absolutely reliable and guaranteed for two seasons' satisfactory wear.

The WOOLTEX MARCHIONESS (loose) coats are made to afford perfect protection to chest and back, as the interlinings are extra warm, while the garment is light in weight and does not drag down the wearer.

The pattern is cut extra full, giving that graceful hang and swing so essential to style. There's no skimping in the WOOLTEX cut as you can see by stretching out the garment.

The ripple back, as seen on the WOOLTEX MARCHIONESS (loose) coat, is the latest style, supplanting the stiff ungraceful box effect.

Each coat has perfect balance. Note how the front falls in an exact straight line—how close and true the collar sets—how well the shoulders shape up. WOOLTEX cut is the work of experts, and shows its effects in shapely appearance, without any of that wearing dragging—which tires the wearer so much in ordinary garments.

The arm-holes are cut with extraordinary care, so as to give the fullest freedom, yet permit a trim, snug fit, wherever the garment touches the figure.

While 50 inches is the standard for length, these garments will measure up to 51 or 52. You will also note the extra fullness over the chest. Thus you see the WOOLTEX way of giving full measure.

Each loose—or MARCHIONESS—coat has a neat, yet capacious inside pocket, where handkerchief, glove or purse may be carried.

All WOOLTEX coats have shields at the arm-holes to protect the linings and to improve the fit.

The vent at the side of the WOOLTEX MARCHIONESS coat makes it easy and graceful to lift the skirt and is a special WOOLTEX feature.

All WOOLTEX coats are fitted with improved shoulder pads, moulded by hand to conform exactly to the figure and to retain their shape to the last and prevent that sagging at the shoulder which makes the ordinary coat so unsightly. These shoulder pads cannot be found in other makes.

The stitching in all WOOLTEX garments is pure-dye silk which will never fade or rust.

The WOOLTEX Lining is really a separate garment—cut by itself as accurately as the outside materials, thus preventing unsightly wrinkling or puckering.

All WOOLTEX styles are new and absolutely correct. Many are adaptations or actual copies from the very latest French designs. The best style-ideas are represented in the WOOLTEX MARCHIONESS which is undoubtedly the style of the season, and as such is winning the commendation of well-dressed women in America's leading cities.

WOOLTEX styles are made in such variety that there is no type of face or figure which may not be exactly suited.
