Higher Wages.

Washburn-Crosby Co., the largest millers in the world, voluntarily grant a substantial increase in the wages of the men working in their big flour mills.

This company has for years endeavored to man its mills with the highest class of labor obtainable and to recognize long service and efficiency in a substantial manner. The present wage increase, which is based on the principle of individual merit, will run about 8 per cent, and speaks well for the work of the men in the mills as well as the splendid relations existing between employer and employe in the Washburn-Crosby Co. The voluntary advance at this time is all the more appreciated by the men in that the milling industry is at present passing through a very dull period. The Washburn-Crosby mills manufacture Gold Medal Flour, have a capacity of 40,000 barrels per day and employ between 1,500 and 2,000 men.

Carl D. Baeler who has been superintendent of the Wolverine public schools for the past two years declines re-election in order to attend the university.

VOTED FRANCHISE

D. L. & G. H. Gets Right of Way Through East Lansing.

The franchise for the Detroit, Lansing & Grand Rapids electric line submitted to the voters of East Lansing Tuesday, was passed after a campaign in which neither side had been idle for a minute. A total of 144 votes were cast and the franchise received a majority of 61. Quite a number of women taxpayers availed themselves of their voting privilege.

The franchise is exactly the same as had been granted by the various cities and towns along the route proposed for the road and contains every feature that they do and no more.

In spite of the fact that the other places had been satisfied with the conditions of the franchise there was a considerable and very active party in East Lansing which put forth every effort to oppose its passage.

They claimed that the city would be left without any redress in case the company did not live up to its agreement and that the things that it agreed to do did not amount to much anything.

Those favoring the passage of the franchise measure insisted that the city would have recourse to the state railway commission if it thought it was getting unfair treatment. This view of the matter evidently appealed to the majority of the citizens of the college town.

Home Team Continues Winning Streak Beating Commercial.

Lowell defeated the Grand Rapids Commercial in yesterday's game four to two.

McMahon continued his good work and should have had another shut out to his credit.

Both pitchers however were good each team getting five hits. McQueen starred in the field for Lowell. This team will be played again in the near future.

The Grand Rapids Reserves who lost to us 4 to 3 last week will be here next Thursday for the second game of the series and as the teams are so evenly matched they should draw a good crowd.

Batteries—Grand Rapids, Lardie and Steil. Lowell—McMahon and Shivel.
Umpire—McQueen.

A Mock Wedding

As weddings nearly always occur in June, we will narrate the following.

On Thursday evening June 9, a very pretty double wedding took place at the home of Mr. and Mrs. Frank Gould.

The brides were very becomingly dressed and it goes without saying, looked beautiful beyond description. Not in the least were the grooms in the darkness for amid flowers and loving thoughts who could look otherwise than handsome?

The ring ceremony was used and after dainty refreshments were served, the "honey-moon" was forgotten.

This was a "mock wedding" and after an enjoyable evening, the company departed but not before they had wished the "Sophomores" as happy a year as the "Freshmen" had had.

STRONG'S BIG FEED.

Pickle Bachelor Club and Bachelor Maids Hold Companion Events.

The Pickle Bachelor club was royally entertained last evening by Herman Strong, the latter thus doing penance for his recent matrimonial venture.

Twenty-seven of the gentry sat down to an elegant spread at the home of Mrs. A. C. Stone and served by that lady. "They say" she even out-did her own splendid record in the event.

After the "feed," the party adjourned to the Strong home where the evening was spent in smoke, stories and cards, closing after midnight with the club yell which doubtless caused some of the neighbors to wake up with a dream of fire or a collision with the comet.

The Bachelor Maids also at the same time enjoyed a companion event. Mrs. John Lally and Mrs. Frank McMahon entertained the Bachelor Maids at the home of the former in honor of Mrs. Strong. About eighteen were present. Cards and an elaborate supper were the features of the evening.

GOT SECOND ONE TOO

Lowell Won Second Game. Shivel Stars at the Bat.

Lowell won the second game of the season from the Grand Rapids Reserves Friday by the score of four to three. The grounds were wet and slow but the game was fast and exciting from start to finish. It was no one's game until the last half of the ninth when a three base hit by Shivel and a single by Holliday gave Lowell the winning run. The Reserves did not score in the first. In Lowell's half Jackson walked and was sacrificed to second McQueen walked. Holliday singled to center who threw over third letting Jackson and McQueen in. Lowell did not score again until the fifth when McMahon led off with a single, went to second on an error, to third on Shivel's second hit and scored on a passed ball. None of the Reserves runs were earned but the errors were excusable on account of the wet grounds. Another game has been arranged with the Reserves for June 16. Good crowds are turning out but there are enough seats for a few more. Come out and see one of the fastest teams Lowell has had for several seasons.

TO RURAL MAIL PATRONS

Requested to Paint Mail Boxes and Erect Cross Road Signs.

The Post Office Department has sent out the following to the postmasters of the country.

It is the desire of the Department that you earnestly request patrons of rural delivery out of your office to paint their boxes and the posts to which they are attached a pure white color.

This course, if pursued, will not only result in benefit to the patron in serving to protect his box and post from damage by the weather, but will give all boxes a uniform color and serve to fix their identity in all parts of the country as United States mail boxes, and will give them a much neater and sightlier appearance than they now possess. It is also desired that patrons be induced to imprint their names and box numbers on boxes in black block letters about two inches high.

It is also desired that you endeavor to induce road officials to paint upon the posts of boxes which are located at crossroads (but not attach signs thereto) the names of towns or villages to which the crossroads lead, with an indicator showing the direction.

Posts to which boxes should be attached shall be set in an easily accessible position at the side of the road and boxes securely fastened to a projecting arm of wood, or to a bracket of band iron about three-sixteenths of an inch thick, or, if preferred an automatic extension arm may be used.

Respectfully,
P. V. DeGraw,
Fourth Assistant Postmaster General.

Messrs. and Mesdames Forest Durkee and Ernest Gillett of Grand Rapids spent Sunday at the homes of F. W. Braisted and Homer Lee. The two couples left Grand Rapids Saturday evening in their launch. On arriving in Lowell, the company looked as though they had been in, instead of on the water. After recruiting, the party started Monday on their pleasure trip down the Grand.—[Com.]

THE NATIONAL MUSEUM OF MEXICO

By GEORGE VEST GUYER

has, Dr. Rafael Olaguibel, and Ignacio Mas, although the president was empowered to remove the museum, from May 29, 1881, to the building formed by the new exhibit building, continued its existence at the university without being able to make the slightest development. For many years afterwards it was neglected.

The National Museum of Mexico may be said to have just emerged from its infancy, as it is only within the last decade that any real attention has been given to it. It has become a wonderfully wide scope, and a most brilliant future, as the republic is probably the richest in the world today. It is the birthplace of the arch-episcopate, and the seat of the government, and the center of the nation's life. It is the seat of the government, and the center of the nation's life. It is the seat of the government, and the center of the nation's life.

How to Wash an All-Work Skirt Blue-colored—Boop Powder Will Fade Colored Materials—Pellucida Corned Beef

Boop powder of any sort will fade the best of colored materials. They should be washed in a soda made in white soap jelly and dissolved in water. Soaking colored garments in a strong solution of ammonia and water for washing will sometimes set an unstable color. The wires were kept hot for a few days and the governor did everything in his power to carry out his duty. It was all over Roosevelt wrote him a letter commending him for his conduct.

A Monroe street hen hatched a
small brood of chicks at the
same time her owner bought and
placed in a brooder 100 baby
chicks; and now the motherly old

EQUIP YOURSELF
FOR BUSINESS

Advantages of a Course in a Good
Commercial College.

In this business age, the young man
or woman who has not received a
business training is badly handi-
capped. The demand for skilled ac-
countants and stenographers is con-
stant and increasing. Good positions
await expert young people. In this con-
nection we may allude to the special
advantages offered by the Melachlan
Business University, Grand Rapids,
Mich. Located in one of the most
active and progressive cities of the
country, the student has the best prac-
tical examples of business to aid his
instruction. Young men and women
will do well to investigate the merits
of this school of business, the scope
of which includes every branch neces-
sary to fit one for a business career.
The Summer School offers special
rates, special classes and other in-
ducements. The College issues a ver-
y handsome paper, "The Clarion," which
contains full information in letter
press and fine photographs. It is a
call to ambitious young men and
women, and the response will no
doubt be general. The hundreds of
graduates of the Melachlan Business
University who occupy high position
in the business world are the best
proofs of its excellence. We advise
all interested to send for a copy of
"The Clarion," and list of students
recently placed in positions, which
will be mailed free.
