## ON A WINNING TRIP RESTS FROM LABOR THE LAST OF EARTH

### Lowell Boys Successful on a Basket Ball Trip.

Friday night the Lowell boys met the Olivet High school basket ball team and gave them the surprise of the season. The Olivet boys remembering their easy defeat of the Lowell boys early in the season, thought they had something easy, but they soon found they had all they could do to win the contest. For the first fifteen minutes Lowell led and then one Olivet man was allowed to get away for several baskets. At the end of the half the score stood 20 to 6 in Olivet's favor. After an intermission of ten minutes the Lowell boys went back and outplayed Olivet at every angle. The Olivet boys were unable to stand the pace and Lowell won the half by 7 to 5.

Several of the college basket ball players saw the game and said that Bergin and Chatterdon were a better pair of guards than most colleges could show. Too much cannot be said in favor of these two players in this game. They were everywhere breaking up plays. The whole team work was excellent. The boys received the best of treatment and hope to meet Olivet again.

Lowell won by the score of 26 to 17 but had to play hard all the time to win. The Vermontville team played their best game of the season and at one time had a good chance to win, but the Lowell team braced and soon had a comfortable lead.

Bergin went back to center in this game and Collar played the guard position. Ruben threw several pretty baskets and easily excelled in this respect.

Lowell was much pleased with their treatment at Vermontville and hope for future athletic contests with the Vermontville boys.

The following Lowell boys made the trip: Bergin, captain; Chatterdon, Ruben, Stocking, Collar, Behler and Howard.—Com.

In his last sickness he reiterated his confidence in God as a kind Father and in Jesus Christ as his Savior.

### The County Roads System.

Mr. Edrroog—As a reminder to all voting citizens of this jurisdiction, we admonish you to fail not to vote "Yes" on the good roads proposition at the township meeting, April 3rd. If this measure fails to carry, we will continue to patch up our roads at our own expense, while at the same time, we are contributing to highway improvements of other counties.

We may not get as large a bite of the apple as some other sections of the county, yet, as the other fellow makes the larger investment, we should be satisfied when getting all we are entitled to. And to say that we are in danger of not getting all that belongs to us in the distribution of good roads work, is simply baby-talk, and a reflection upon the intelligence of those whose business it is to look after our interests. And as we have no reason to presume but that our interest will be as well cared for in the future as in the past, we have nothing to fear. TAXPAYER.

### The County Road System

The county road system to be voted on next Monday in Kent is undoubtedly a good project for the county as a whole. Other counties are permitting Michigan and Arizona to statehood, by its superceding as it does the old antiquated, wasteful methods followed by the pioneers. Had Grand Rapids not taken this position to be decently honest and fair with Lowell in the bridge building, we would have advocated the county road system from the start. But it is a pity that it is being used by the politicians and press of Grand Rapids. They want roads and maddens stand still while they rub it in, and we guess we remember it some, yes?

Still, if we could be assured of decent treatment in the road system, we would consent to our interests by voting "Yes." We are paying state taxes for road improvements in other counties, the way and the larger share of the burden will fall upon the city in Kent county. It can be assured of fair play, let's vote "Yes."

Myron H. Walker for Circuit Judge.

In the election of Monday, April 3, the people of Lowell and eastern Kent will have an opportunity of voting for a former townisman for the non-partisan office of circuit judge, Myron H. Walker, an old friend, an able attorney and an independent, upright, citizen.

Mr. Walker needs no eulogizing. We have called upon him time and again since his removal from Lowell, for favors and services public and private and he has never failed to rejoice with us in our joys and to sympathize with us in our sorrow.

Mr. Walker is running on the Democratic ticket, but the office judge is non-political and it is hoped that this part of the county will give him a rousing majority, regardless of the political affiliations of the voters.

The Citizens Telephone Company has advanced residence rates from \$12 to \$14 per year, under the pretext of equalizing rates. Of course, the object is more money and the company is already a large dividend payer. The company could easily have kept its rate equalized by charging new patrons the old rate, the present rate being only a cover for its greed. Those to whom the company can and will pay for luxury, will doubtless submit to the extortion. To others it may be the last straw that breaks the patient back.

The advancing telephone rate is only one of a multitude of increasing living expenses that keep the nose of the family man on the grindstone of fate.

**The County Road System.**  
The county roads system to be voted on next Monday in Kent is undoubtedly a good project for the county as a whole. Other counties are permanently profiting by it, surpassing us in the old antiquated, wasteful methods followed by the pioneers.

Had Grand Rapids shown a disposition to discontinue the building of the roads, we would have advocated the county roads system from the start. But a burned child fears the fire. Lowell was shamefully and dishonestly used by the politicians and press of Grand Rapids. They spat upon us and made us stand still while they rubbed it in and we guess we remember it some, yes!

Still, it could be assumed of decent treatment in the good roads deal, we would consult our own interests by voting "Yes." We are paying state taxes for road improvements in other counties anyway and the larger share of the burden will fall upon the city in Kent county. I've can be assured of fair play, let's vote "Yes."

**Myron H. Walker for Circuit Judge.**  
In the election of Monday, April 3, the people of Lowell and eastern Kent will have an opportunity of voting for a former congressman for the non-partisan office of circuit judge. Myron H. Walker, an old friend, an able attorney and an independent, upright, citizen.

Mr. Walker needs no eulogizing. We have called upon him time and again since his removal from Lowell, for favors and services, public and private, and he has never failed to rejoice with us in our joys and to sympathize with us in our sorrows.

Mr. Walker is running on the Democratic ticket, but the office of judge is non-political and it is hoped that this part of the county will give him a respectful, respectful, and respectful political affiliations of the voters.
