Don't Forget That

"Vacation Time Is Kodak Time"

Nothing will give quite so much pleasure, when in the years to come you are recounting the incidents of your various summer outings, as to be able to show pictures of the different localities where those incidents occurred. If you take a Kodak with you on your outing you may make of your vacation an "illustrated story" and a joy forever. Come in and see us before you start.

A. D. Oliver, Optometrist

STACKS OF WHEAT

are necessary at the present time to furnish sufficient flour to supply the demand for good, wholesome bread. Wheat would not be popular nor profitable if it were not for the fact that the millers have discovered the means of producing from it an article of food like

PURE GOLD FLOUR

Try a sack. Once used always want it, and that means more stacks of wheat.

LOST TO MUSKEGON

Strollers Turned the Trick on Lowell Ball Tossers

The Muskegon Strollers defeated Lowell, Friday, 7 to 5. Lowell out-hit the visitors but added errors enough to win the game. In practice before the game McMahon was hit on the wrist by a thrown ball and working under this handicap was taken out for the first time in over two years. This is a record that will be hard to beat either in amateur or professional base ball. Collar relieved him with the score 4 to 1 and a man on third. He pitched a splendid up-hill game and with perfect support would have pulled out winner.

Shuter was there with the stick in this game showing some of the form that in 1910 made him the leading batter on the team. Shiver caught the best game he has this year having every man that tried to steal out,

without a question, if the ball had been hit on second.

McQueen was out of the game because of lameness, until the last inning when he got in in time to make one of the hits.

Batteries, McMahon, Collar, Shiver, Achenbach and Achenbach.

CARD OF THANKS.

We desire to extend our heartfelt thanks to all our friends for their many kindnesses at the time of our recent bereavement. Mrs. John Simpson and Family.

Please Take Notice

All owing me for subscriptions, advertising, printing or on private account are requested to settle at once as I need every dollar of it. Save me the trouble and expense of personal visit or notice and oblige

F. M. JOHNSON, PUBLISHER LOWELL LEDGER

OLD PIONEER GONE

Mrs. Harriet Day Died at Age of Nearly 91.

Mrs. Harriet Day died Tuesday morning at the home of Mrs. Hoysadt on south side Lowell, after an illness of but a few hours.

Funeral services were held at the house today at nine o'clock, a. m., Rev. J. R. Wootton officiating. Burial at the Pinckney cemetery in Keene.

Mrs. Day had been in her usual health until the night before her death, when she complained of pain and was unable to sleep. A doctor was summoned; but the end of her long life had come; and when the aged woman attempted to rise from her bed next morning, she fell over and after a few breaths was at rest.

A daughter was here from California recently and desired to take her mother home with her; but Mrs. Day, knowing that her days were few and wishing to be buried beside her departed, declined to go.

In January last Stephen B. Knapp, brother of Mrs. Day, gave the following information to a press reporter:

Stephen B. Knapp of Muskegon and his sister, Mrs. Harriet Day of Lowell, Mich., are believed to be the oldest pioneers in Michigan. Since 1826 they have been residents of this state, coming here with their parents on the steamer Henry Clay, the second passenger boat to run on Lake Erie.

In those days it took three days to make the trip from Buffalo to Detroit the fuel used at that time being wood. At certain distances stops were made for the wood blocks.

Abner Knapp, father of the family, came to Michigan early in 1823, buying his land from the government for \$1.25 an acre in the district of Detroit. To him and his wife ten children were born seven of whom are still living, the baby of the family now being sixty-five years of age. The children and their places of residence: Mrs. Harriet Day of Lowell, S. B. Knapp of Muskegon, Mrs. Mary Carr of Lowell, Mrs. I. I. Whitfield of Grand Rapids, Austin Knapp of Hastings, Minn., Leonard Knapp of Minneapolis, Minn., and Mrs. C. T. Wooding of Grand Rapids. Mrs. Day is ninety years of age. Knapp was eighty-eight July 26, 1910.

When the Knapps first located in Michigan in what was then known as the Detroit district the country was a wilderness. They tell of experiences with Indians, for years their only neighbors. Both Mrs. Day and Knapp lived in Michigan under every governor since Lewis Cass.

Knapp has been a Mason fifty-nine years. In 1825 he joined Pine Grove lodge at Port Huron. In 1871 he became a member of Hooker chapter at Lowell, and twenty-five years later he joined the Eastern Star of the same town.

Both Mrs. Day and Knapp were born at Clifford Springs, Ontario county, N. Y. Knapp lived many years in Port Huron, and about forty years in Lowell and some time in White Lake, where he was engaged in the lumber business. In recent years he has lived in Lowell.

Mr. Knapp is now bedridden and helpless at the home of his son Homer in Grand Rapids.

GONE TO HIS REST

John Simpson, an Old Resident, Died Monday

John Simpson of West Lowell passed from earth Monday morning, July 3 at 2 o'clock.

He was born in Brantford, Canada, June 5, 1832. In 1855 he was united in marriage to Diana Erb. Ten years later they came to Michigan and located in the township of Bowne where he purchased a new farm and with a yoke of oxen and a determination to win, began the tedious task of clearing away the timber. In 1882 after seventeen years of successful farming, he moved to the village of Lowell that he might give his family the advantage of a better school. Eight years later he purchased what was known as the Rolf farm, five miles west of Lowell, where he lived until his death. He was a kind husband and indulgent father looking always to the comforts and welfare of his family. He leaves to mourn his loss, a wife, seven sons and one daughter, all living in Michigan except one son, M. E. Simpson who is located at Palisade, Colo. Funeral services were held at the home Wednesday afternoon, Rev. J. T. Hustad of Grand Rapids officiating; burial at Oakwood.

—[Com.

BUILD NEW FACTORY

Lowell Specialty Company Still Branching Out.

The Lowell Specialty Company has bought of L. P. Thomas the corner lot adjoining its factory on the west, 66 frontage on Main street and running back to the railroad, about 132 feet. The consideration was \$1500.

The Specialty Company contemplates erecting a new factory building 32x105 feet and two or three stories high, of brick or cement. Plans are not fully matured and it is too early to give out definite information. However, Manager J. S. Bergin says the company's growing business has been handicapped for lack of room and that probably \$10,000 worth of business has been turned away on account of it during the past year. This condition it is proposed to remedy.

TWENTY VOTERS OUT

To Annual School Meeting Monday Evening.

Twenty votes were cast at the annual school meeting of District No. 1 at the Central building Monday evening, rather better than an average attendance for this district.

Trustees W. S. Winegar and F. E. White were re-elected. The recommendation of the Board that \$5500 be raised for school purposes was approved.

There being \$335.22 in the library fund, but \$100 was voted for purchase of new books.

The director's salary was voted \$100 as for the past forty years. The matter of librarian's salary was referred to the Board with power to act.

The Director's report is published in full elsewhere in this paper.

There was some discussion of the proposition to keep the library open on all week days but no action was taken, the officers stating their belief that there was no public demand for more open days.

The librarian's report shows a marked increase in the patronage of the library since its establishment in its new quarters in the City hall.

Just received a car load of American wire fence, Scott Hardware Co.

Watch this Space A Different Corset Each Week

A Corset so good for the price that the makers called it "PREMIUM." The price is one dollar and we confirm the J. J. C. people's estimate of its value. It is really a premium corset at the price.

It is long as today's fashions dictate; it has an even, all-the-way-round, unboned skirt extension. The joining of this extension to the body is made a feature for it is done in a manner that adds strength and prevents stretching and tearing when the wearer seats herself.

Developed in good coutil, filled with substantial boning and complete with two pairs of hose supporters, good strong ones.

\$1.00, Remember--All Sizes

CASOLINE HORROR

Mrs. Douglas Hill Fatally Burned in Accident.

Mrs. Douglas Hill, aged 43 years, died last Saturday morning as a result of burns received in a gasoline fire about twelve hours before.

The unfortunate woman had taken some bed springs into her back yard and thrown gasoline over them. Then touching a match to the springs had been shocked by the outburst of flames into stumbling and the can of gasoline which she had been using exploded, instantly enveloping her in flames. She screamed and stood a living torch. Her stepson heard her cries and threw a pail of water over her, putting out the fire which had consumed most of her clothing.

Mrs. Hill had retained consciousness and called for a doctor. While the boy went for medical aid, neighbors helped the sufferer into the house and gave what aid they could. Doctors Greene, McDaniel and Merrill responded to call and did all in their power to alleviate her sufferings. Other near neighbors rendered kindly offices until the end.

Funeral services were conducted at the home Sunday afternoon, Rev. W. D. Ogg officiating; burial at Oakwood.

Mary Eleanor English was born December 15, 1867. She married William Ballard in Canada and moved to Midland, where seven children were born: Charles, James, Walter, Arthur, Clara, Norman and Bertha. Mr. Ballard died at Midland ten years ago. Mrs. Ballard married Douglas Hill in Lowell September 21, 1909. By her tragic death several small children are deprived of a mother's care.

GOOD ROADS NOW

Definite Action Toward Improvement of County's Roads.

In order to begin the work of securing good roads for Kent county in the near future, a meeting of the good roads commissioners, elected at the last meeting of the county board of supervisors, was called yesterday by County Clerk Ralph Mosher for Saturday afternoon at 2 o'clock. The board will organize at this time and discuss plans for improvements in different parts of the county.

Since their election, the good road commissioner, Alvah W. Brown, of Grand Rapids; C. A. Bloomer, of Sparta, and Dexter G. Look, of Lowell, have been busy going over the county and inspecting the condition of the highways and planning improvements in the different townships. Each commissioner will have many recommendations to make at the meeting Saturday and some definite action will be taken in having blue-print plans and specifications drawn up to be submitted with an estimate of cost, at the next meeting of the board of supervisors.

The temporary allowance of \$3,500 appropriated by the supervisors before they adjourned two weeks ago, will be turned over to the commissioners at the meeting Saturday and they will make appropriations from it, to proceed with the drawing of plans for the improvements.

The commissioners in recommending their first improvements will follow the suggestion made by the good roads committee which submitted its report to the supervisors recently. The roads to be first improved are: Division street, 13 miles; Kalamazoo avenue, 14 miles; 20 miles in Cascade; Knapp avenue, 14 miles; Plainfield, 18 miles; 13 miles from Blacksmith shop to Lowell; 6 miles to Bowne Center; 12 miles to Grattan and Oakfield and 10 miles to Nelson and Spencer.—[Herald.]

Former Parnell Resident Died in Chicago.

Hugh Downes aged 36 years, a former resident of Parnell, died at the C. C. hospital in Chicago July 3 and the body was brought to Parnell for burial.

He was born in Ireland and came from there to Parnell about 19 years ago and made his home with his uncle Michael Downes and other relatives there. He left Parnell about nine years ago and little has been heard of him until his death, the cause of which was given as "heart failure." Relatives will go to Chicago to investigate as none were with him during his sickness.

Mr. Downes is believed to have followed railroading. He leaves a mother in Ireland and many friends and relatives here.—[Com.]

Lace curtain ends 1 1/2 yds long, samples of curtains worth up to \$10 per pair. Payne's.

Summer Toilet Necessities

What is not worth asking for is not worth having. However, we are positive that the course recommended by this paper is right and that it will eventually win.

THE SNEERS, Sward and Sluck patrons should reflect on this: "No man ever helped this town very much by sending away money away from it. And no body he ever sent it to ever helped this town very much either. The money you spend helps to make some town bigger and better; the only question is whether it is to be this town or some other."

LOWELL SCHOOL DISTRICT NO. 1, expends some \$150,000 annually. One would imagine the taxpayers would think it worth looking after. Still, but twenty of them showed sufficient interest to attend the annual school meeting.

THIRTY-FIVE women voted at Holland city school meeting in support of the tax increase.

WORTH THINKING ABOUT: A large employer of labor has this notice posted over his factory entrance: "When you pass in this door leave all your personal affairs at home."

WONDERFULLY trained gymnasts and smart dogs are the dearest companions of almost every German student who has the money to afford one more. These can be seen in the university towns fantastically outfitted with the student corps color, in ribbons or wearing the tiny monkey student cap on dog's head. Often dogs are sent on all sorts of chores, carrying a basket of eggs, bread or chicken, etc. Outside of too many long-armed, often erroneous drooping arms, the dog's true German is Germany in the dog's true behavior.

\$65 to \$75

HEATS AN

8 or 10-Room House

WITH THE GREAT

"Little Giant" One-Register Furnace

How Can We Do It So Cheaply

By placing one large register directly over the furnace for heating the entire house we save the cost of piping, registers and 75c per cent of the labor cost. With this system there is no loss of heat in the basement, and warmer living rooms, for you get every bit of heat the furnace produces, there being no possible chance for any waste, as heat must rise, and in this case there is nothing to obstruct or cause any friction whatever. Besides this, heat will travel straight up at a velocity of 500 feet per minute, three times as fast as when retarded by the furnace pipes, which in many cases are nearly on a level. This heat rises quickly to the ceiling and goes to every room in the house before dropping down to the floor to be taken in by cold air registers and again heated and put in circulation. The system is great, it gives satisfaction and it saves from 1-3 to 1-2 in fuel bills. Come and see us and we will describe this great system to you and show you one of the furnaces. The fire-pot alone weighs 200 lbs and is 1 1/2 inches thick. It therefore must be durable.

R. T. FORD AT THE OLD HARDWARE CORNER

SOUTH BOSTON.
