Your Eyes

Are worth more to you than almost any other organ. And yet you give them very little if any attention and are not at all careful about overworking them.

Eye "trouble" comes on so gradually as to be almost unnoticeable. A slight pain at times, smarting of the eyes when reading by artificial light, spots apparently floating in the air in front of the eyes are some of the symptoms of approaching eye trouble and should not be treated as of no consequence.

My years of experience in testing eyes is at your service. If you need glasses, or if those you have do not fit you, I can help you. At least call and see if your eyes need attention.

WEDDING RINGS

There has been little change of design in wedding rings in many years. The custom of giving a wedding ring is symbolic of the linking of a life companionship, and the ring likewise should last through life. So is it not fitting that you should use more than ordinary care in its selection? What slight changes of style and design have taken place are displayed at our store, in a quality that enables you to feel absolutely secure.

U. B. Williams THE JEWELER

"Williams' prices make it expensive for you to buy elsewhere."

Portrait Ring is Novelty.

One of the novelties of the season is the portrait ring. To all appearance the diamond is an ordinary signet ring, with the gem masterfully set. At one side, however, is a spring, which, when pressed, causes the top of the set to flip back, the signet in reality forming a miniature face. A tiny portrait on copper or monochrome is then disclosed to view.

First Meal of the Day.

Breakfast is before all things, a respectable meal. One cannot imagine a man or woman who is always down to the ground to breakfast, being other than a highly respectable member of society. A dinner may be frivolous, a supper may be hilarious, but a breakfast is always staid and solemn and conducive to the building up of a sound and respectable character.

HOME TALENT PLAY

Golden Gulch, City Hall, Lowell Friday, Oct., 13.

Golden Gulch, a romance of the West, will be presented at the City Hall Friday, October 13, by home talent under direction of Bruce Chesterman, writer of the play, and for the benefit of Lowell Rebekah lodge.

The scene is a mining camp near Deadwood and the characters are of the picturesque mountain type of the old gold digging days.

The story centers around a girl of the west, rendered among the rough miners and who knows only of the life of the mountains. She meets an Eastern man of culture and refinement and the resulting romance forms one of the prettiest scenes written in any play and holds the audience spell-bound until the curtain falls.

The following cast of characters is announced: Chip Gordon, a girl of the west Mrs. Lyla Armstrong, Henrietta Wells, a school ma'am from Boston, Mrs. Pansy Gillis.

Patches, a mountain kid, Miss Oneda Godfrey, Bedelia O'Rafferty, the Judge's cook, Mrs. Hooker, Jim Gordon, an old Forty-Niner miner, Dale Morgan, Julius Gray, a tenderfoot from New York, Leon Hammer, Jake Dalton, a man with a past, Orko McCall, Hank Williams, proprietor of the Palace hotel, F. B. Rhodes, Snowball, black as night, Arthur Armstrong, Tal Davis, stage driver, H. L. Godfrey, Dennis O'Brien of the Emerald Isle, John Crawford, Crimps, a mountain terror, Otto Andrews, Judge Thompson, ex-sheriff, postmaster, Judge, etc., Randal Miller.

The members of the cast have been photographed in costume and the picture will be on exhibition soon.

CLUB YEAR OPENED

Clover Leaf Ladies Enjoy Auspicious Initial Event.

Tuesday afternoon, September 26, the Clover Leaf club commenced the new club year with a reception at the home of Mrs. F. E. Coons.

After two piano solos by Miss Lotta Ruben, the president, Mrs. H. J. Taylor, called the president of the program committee, Mrs. R. VanDyke to take charge and the following program was rendered.

Reading, "The Housepet Saint," Mrs. Myrtle Koon Cherryman of Grand Rapids; Vocal solo, "Resignation," Mrs. R. T. Ford; Piano solo, Miss Ruben; Reading, "Story of Patsy," Mrs. Cherryman; Quartette, Miss Maynard, Mrs. McQueen, Mrs. McMahon, Mrs. E. A. Anderson.

Reading Story of Jacob and Annette from "Doctor Rast," by James Oppenheim, Mrs. Cherryman; Vocal solo, Mrs. L. Rutherford; Piano duet, Mrs. C. H. Hodges and Mrs. C. H. Anderson; Reading, "A Story of the War," Mrs. Cherryman; Vocal solo, Mrs. E. A. Anderson.

While cake and ice cream were served in the dining room, Mrs. C. Hodges and Mrs. C. H. Anderson entertained with piano duets. After the refreshments a short business meeting was held and the club adjourned to meet October 10 with Miss Katherine Mason.

This opening day will certainly be remembered as one of the most delightful in the history of the club. The music was of the best and Lowell may well be proud of her musicians and also congratulate herself on being so near Grand Rapids that she may claim a little of Mrs. Cherryman's time and talents, for a more enjoyable reciter would be difficult to find. The first selection was in the negro dialect of the old Southern mammy giving her ideas of religion to the young school teacher from the North.

The story of little Patsy with his faith in Miss Ann and his sad death brought tears to the eyes. The selection from Dr. Rast was also full of pathos but the one of the old man who was trying to tell a war story and how he blundered was so full of fine humor and so thoroughly enjoyed by all that Mrs. Cherryman gave a short encore equally amusing and particularly entertaining to auto enthusiasts. Mrs. Cherryman has endeared herself to the members of the club and we hope to have her with us many times in the future.

The program committee deserve much praise for the fine entertainment given and we urge the members to show their appreciation all through the year by being present on club day and cheerfully doing the work assigned to them.

May this be a helpful year to each one. Press Rep.

STANDING OF CONTESTANTS

In the Dixie Flyer Motorcycle Contest at A. L. Coons October 4, 1911.

The Dixie Flyer Motorcycle contest on at A. L. Coons' is creating considerable interest since last week.

We published the standings for the first time last Thursday and since that time we are issuing Trading Cards which makes the contest much more interesting.

By selling the Trading Cards they secure large bonuses of votes so the contestants are hustling among their friends placing the cards.

If you have a friend in the contest secure a Trading Card of him as it will greatly help him and the card will be as good as cash for you at their store.

Below are the standings for this week:

TAX MUCH HIGHER

Kent County's Share of State Assessment Swelled.

Based on a statement which Alex Krakowski, bookkeeper in the county clerk's office, has received from Lansing, Kent county's portion of the state tax to be raised this year will be large. The figures indicate that this county will be asked to pay toward the state tax the sum of \$113,415.10 more than was expected last year. A year ago the county's portion of the state tax was \$2,976,93, while this year the assessors figure out that Kent must raise by tax the sum of \$113,392.03. This is the natural result which follows the excess of the entire state tax over that raised a year ago. Last year the total state tax amounted to \$4,729,000.07 as against \$6,523,041.10 to be raised this year.

There are several items in the statement which show where the big boost comes in. For instance, the tax raised here for general state purposes this year is \$130,550.70 while last year Kent had an assessment for general purposes amounting to \$63,433. The work which is planned for the improvement of the roads in the state has resulted in a raise in the amount of money required in this connection. The state highway tax last year was \$9,515 and this year it is \$15,526.

Then there is the money with which to pay the legislators to be raised this year. This item did not appear in the money needed last year for running the state, but this year there will be raised for this purpose the sum of \$6,692. The item of \$2,000 appears in this year's list to be used by the board of investigating mining properties. For the state prison this year the sum of \$2,137 is needed as against \$111 a year ago and the Iowa state hospital wants \$633 while last year nothing was asked for this purpose. For 1911 the sum of \$2,438 is desired for conducting the Michigan home for feeble minded and last year \$63 was asked. There are a number of other items which tend to swell the tax this year over that of last, but the largest boosts are mentioned above.

DIES IN BARBER SHOP

Frank Ladner is Victim of Heart Disease.

Frank Ladner of Cannonsburg, who was stricken with heart failure in this city yesterday afternoon, was one of the best known farmers of the county, was prominent in fraternal circles and represented his district in the state legislature one term. Mr. Ladner came to the city in his automobile yesterday afternoon and at 2:30 entered the barber shop at 143 Canal street. He had just removed his coat and sat down, when without a word his head fell backward. He probably died instantly.

Coroner Lefloy decided heart disease was the cause of death and no inquest will be held. The body was taken to Metcalf's morgue where it was prepared for burial.

Mr. Ladner was sixty-six years of age and had lived most of his life in Cannonsburg, being known as a prosperous farmer. He was a member of Grattan Center lodge, F. & A. M. He is survived by a widow, three sons, Charles, Monroe and Ernest all of Cannonsburg, one daughter, Mrs. Jean Waite of New York City, and three brothers, James, of Grattan, Herbert of Big Rapids and Thomas who lives in Florida. Funeral services will be held Sunday at 2 o'clock p. m., at the Cannonsburg Congregational church.

POINTERS ON PAVING

Lowell Delegates Learn of Ann Arbor's Dollar Way.

At the Council meeting Monday evening, Clerk Murphy and Trustee Winegar presented a lengthy report of the convention of the League of Michigan municipalities held at Saginaw Sept. 29-31, to which they were delegates.

H. A. Savage, city assessor of Saginaw urged importance of considering location of property as well as physical value and in assessing manufacturing establishments considering earnings as well as value of property. Also advocated separation of state and local taxes.

Geo. Houston, water commissioner of Kalamazoo, showed conclusively the advantage of use of water meters to sellers and consumers. Discussion demonstrated that cities owning their water works system are supplying their people with water at a price averaging nearly one sixth less than Lowell people pay, furnishing water for fire protection for nothing or at a very nominal sum and say that their plants pay."

A topic of especial interest to Lowell people was presented by E. W. Grooves city engineer of Ann Arbor who spoke of "Ann Arbor's Dollar Way Pavements" and gave a very good description of and full instructions for making the kind of pavement that Ann Arbor is putting in in large quantities at a cost of about \$1.05 per square yard including excavating and putting in curbs. The manner of putting in this pavement is to excavate where necessary to a depth of six or seven feet below the grade required for the completed street. Gutters of a width of two feet and curb, both of concrete are next put in, the curb being of the proportions of six to one and the gutter and base of the street being four to one. Forms are set up reaching to the middle of the street and the space between the center of the street and the gutter is filled with concrete to a depth of six inches, put in very wet and not tamped, with an expansion joint between the main filling and the curb of one-half to three quarters of an inch. The length of the blocks put in is governed by the capacity of the machines used for mixing the concrete. After the concrete has set on one side the forms are removed and the other side of the street is treated in the same manner, having the expansion joint the same on each side.

After the concrete has hardened it is treated to a top dressing of bitumen and sand. A sand which they get from Chelsea, Michigan, called No. 4 torpedo sand being recommended. The bitumen, which is a tar product, is heated to a temperature of 200 degrees and spread over the surface and the sand sprinkled on at once, the whole mixture to cover the street to a depth of about three-eighths of an inch. The expansion joints are filled with bitumen and sand. The advantages claimed for this pavement is its low cost and its good wearing qualities and the ease with which it can be repaired.

Prof. Friday of the University of Michigan recommended separation of state and local taxes and distribution of primary money according to amounts expended for school purposes instead of according to number of pupils as present.

This was Lowell's first attendance at one of these conventions but Mr. Winegar was named upon the nominating committee.

From Our Point of View

Our delegates to the convention of Michigan manufacturers came home with some valuable information as to street paving, a burning question in Lowell. The attention of our citizens is called to the matter of Ann Arbor's dollar wage paving plan, as presented by our extract from the committee's report. A paved main street that can be flushed and kept clean will add immensely to the appearance and value of our city as a place of residence. Our present method of pavement expense, involving the paving of gravel on the street in the fall and scraping it down in the spring, is a wasteful and unnecessary expense. It is also unsatisfactory in results and appearance—sure in wet weather and clouds of dust in dry. The use of a concrete paving main and bridge streets can be presented to our people with the expense fairly proportioned and proved to be far from unwise. It can be no question as to its economy. It will not break her record in a matter so vital as the paving of our main business streets.

Governor Gregory says he will see another thing if he people want him and says we but that we won't run after the job. You won't chase after it, Governor. You expect to run it, in your Legislature and the voters will do the rest.

"What are you saying for the Legislature to have every Tom, Dick and Harry run it," said a good farmer Saturday. "We expect you to run it, in your own way. That's what we say for." Right yours, brother, ed 50.

The Legislature has been requested to have a bill passed in the Legislature for the road and inland people who like to attend entertainments there. The upper half of the flight has no aid of that sort and the lower on one side only. The expense would be small and the convenience would be appreciated by a worthy class of people. All in favor say "Aye."

Union suits ranging from \$1.00 to \$4.00 per suit, and two-piece suits from 50c to \$2.00 per garment. All different styles prices and colors in Flannel Shirts--blues, grays and browns; big, full, well made Shirts, in both dress and every-day. Dress Shirts in light-weight flannel with detached collar; dressy grays and browns with attached military collar, double breasted and plain, prices from 50c to \$2.50. An elegant line of winter caps in both boys' and men's. Sweater Coats, all styles, all colors all sizes, all prices, from 50c to \$7.00.

We lay extra stress on our Work Clothing--Duck Coats, Corduroy Coats, Sheep Lined Coats, Pontiac Jackets, Mackinacs, Work Pants, Overalls and Jackets. Did we ask you once to come in and see the line of Fur Coats we have on display? Perhaps it doesn't matter; we will ask you again.

We want the man who knows a "square deal" when he gets one to come in here this Fall and buy a Suit or Overcoat, or anything he needs in Furnishings, and if, by any accident of dyestuff, wear or workmanship, it should prove unsatisfactory, and he doesn't get his money back AT ONCE, we want him to call us fakers.

AUTUMN COLOR

Both Fashion and Nature ordain that with the approach of Autumn comes the need heavier clothes. We have an assortment as numberless as the colors of the leaves, at specially attractive prices. For the season changes quickly and we must move the goods rapidly

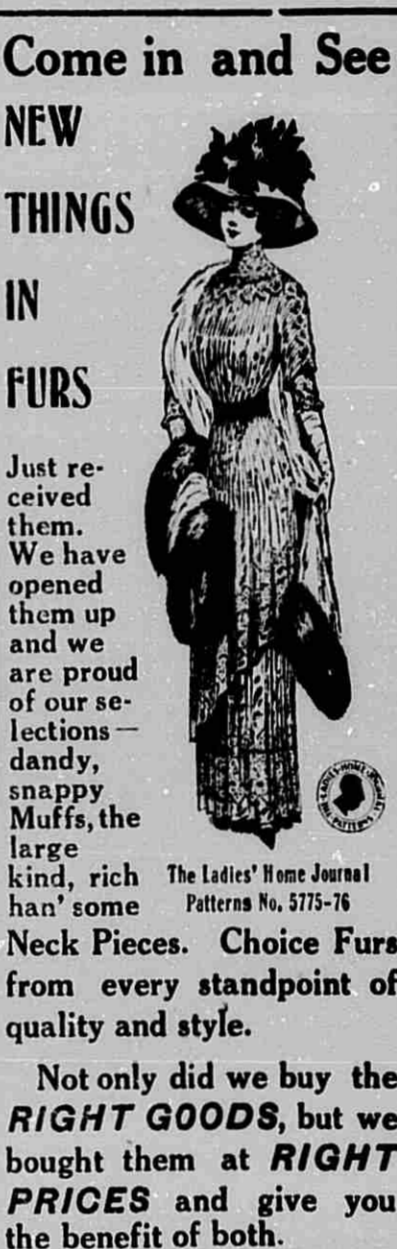

COATS

No matter where this coat appears, its air of good style will be noticed and commented upon. In the crowd or alone, it stamps the wearer as "well dressed"—she's approved of.

It's not an expensive model nor an elaborate one. Both materials and design are described by the word "smart."

You'll understand exactly what we mean when you try it on before the mirror.

Wherever you see these garments with the Wooltex label, note particularly the refinement of the design, the becoming lines, the custom-made look, and remember that Wooltex garments are guaranteed to RETAIN that appearance through at least 2 seasons. Let us show you.

Beauty and Economy in Wooltex Skirts

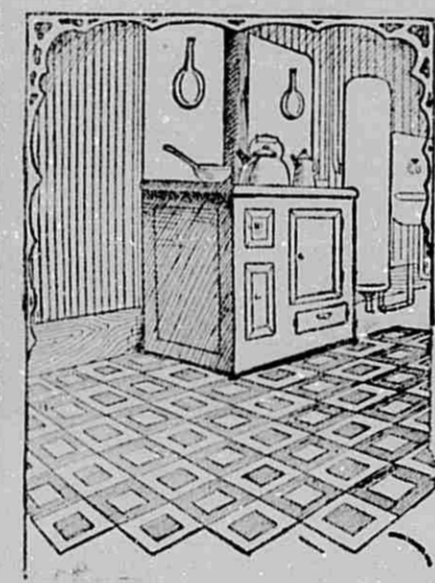

BUY A WOOLTEX SKIRT If it does not keep its shape through two seasons' wear and prove to be pure wool, you have but to return it and it will be replaced without question.

BUY A WOOLTEX SKIRT and you practice true economy, for you get good style, good materials, good workmanship and a guarantee of good service at a reasonable price.

One well made skirt for two seasons, is better economy than two poorly made made skirts for one season. Our \$5 skirts are wonders. See those made of wide wail diagonal serge. \$5

Satisfaction Guaranteed

Is a very easy thing to say; we don't find much trouble in doing it—we have the goods and we have the spirit. You'll get as much satisfaction in wearing one of these garments we're selling as we'll get in selling it to you. They are very satisfying.

LINOLEUMS

No where in this county will you find a larger stock or more varied lines of the articles you would expect to find in an up-to-date drug store. Moreover, we do not carry cheap goods—which are dear at any price—but we carry the best grades at prices which, considering their quality, make them very much cheaper than the so-called "cheap" goods.

So, come here with your drug-store wants. You will get what you want, at prices that will be a material saving to you, and you will be treated with the courtesy which is your due.
